subject index

Ability/Abilities
achievement stratification, elementary schools; ability grouping systems, differential peers vs differential instruction hypotheses; observation; fourth graders; N4761
children's physical attractiveness perceptions; A. E. Gross's-C. Crofton's ability perceptions hypothesis tested, comment; M8403
concurrent/subsequent school achievement test scores, using ability measures as controls, Karl L. Alexander et al critiqued, rejoinder; M8872
contextual effects/classroom; ability groups impact, student attention; N3094
self-appraisal, performance/ability, George H. Mead's reflected appraisal process hypothesis; questionnaires; football players/their coaches; N2408
social decision models tested; group size, task difficulty, ability level; experiment; Swedish boys/girls; M9100
status attainment, Wisconsin model, national replication, improved ability/aspirations measures; M9588
white protest to affirmative action, helping behavior, blacks/whites; race, status, ability effects; experiment, questionnaire; white, male university students; N2397

Abnormal/Abnormality/Abnormalities
'abnormal' behavior classification/mental health care perceptions; social class, cross-cultural comparison; interviews; western Texas communities/Durango, Mexico; N5181
cryptoscience of anomalies, scientific approaches; comments on Ron Westrum's position, part 2; N1637
cryptoscience of anomalies; Ron Westrum's position, critical commentaries, part 1; N1638
cryptoscience of anomalies; UFOlogy, other examples, scientific approach need; N1635
fetal abnormality, abortion, medical ethics; interviews; French doctors; N0131

Abolition/Abolitionist/Abolitionists
prison abolishment attempt, juvenile reform schools abolition, Massachusetts, January 1972/subsequent developments, relevancy for West German legislation; N4908

Aborigine/Aborigines/Aboriginal
aboriginal expression, Maurice Merleau-Ponty's/Jacques Derrida's semiotics, central Australia; N0904
alternative ways of life viability, aborigines/Torres Straits islanders, Australia; N0835
Australian Aboriginals personality, Arthur E. Hippler's cultural distortion, response; M7546
creole/English, instruction languages, bilingual education, aboriginal Australians; N3064
cultural structures/political activity relationship, Pintupi aborigines, Gibson Desert, Australia; M9250
cultural transformations, social change, Yolngu aborigines/Australia, farming communities/Jura Mountains, France; M9395
discrimination against aborigines, Australian law courts, 1976-1978; observation; M8272
interpretation processes reconstruction problem, conversation fragments case, aboriginal Australians, Wakooka outstation; N3055
Kriol (creole English), decreolization question, aborigines, northern Australia; N3066
land rights granting issues, Aborigines/Torres Strait Islanders, Queensland, Australia; N0860
multilingualism extent/directions, influencing social factors, Maningrida case; interviews; Australian aborigines; N3049
multilingualism role, personal identity determination, Australian aborigines; N3041
speech events nature, aboriginal classroom, Australia; N3061
urban Aborigines, Australia, social scientists' theoretical assumptions critiqued; N0851
voodoo death/dispatch of dying mechanism, aborigines, East Arnhem, Australia; orthodox medical diagnosis; M9265
women's love rituals, Australian aborigines; M9258

Abortion/Abortions
abortion attitude determinants, US; sex differences; General Social Surveys data, 1974/1977; ideological issues; M7721
abortion attitudes correlates; sex differences; questionnaires; college students; 1978/79; M7388
abortion attitudes, South African coloreds, 1977/1979 comparison; surveys; N1077
abortion decision; human life beliefs/religion relationship; interviews; pregnant women; N3155
abortion law liberalization, France, events chronology, positions, 1970-1980; N1804
abortion opinion formation process; General Social Survey; S15754
abortion policy, social change/deviance, normative boundaries, morality; M8374
abortion recidivists, sexual life choices uncertainty; N1837
abortion, ethical context, Akan people, Ghana, shame avoidance; fieldwork; N4198
abortion, ethical problem, theoretical/concrete perspective; N4980
abortion, infant mortality, before/after US Supreme Court abortion decision, 1971/72, 1974/75; National Center for Health Statistics data; N3280
abortion, medical-social aspects; outpatient clinic, Free University, Brussels, Belgium; N1816
abortion, medicalization/social control, 1975 Veil law, France; N1808
abortion, men's role since US Supreme Court 1973 decriminalization decision, neglected ethical aspects; survey; male abortion experiences; N4894
abortion/maternal morality, 1968/1978 study comparison; interviews; French women; N1814
accidental pregnancy/abortion demand, psychological factors; interviews; French women; N0160
Canadian abortion law, evacuation/destruction issues, legal aspects; N3187
counselor role, interview prior to abortion, France, institutionalizing process, dissuasion/assistance/normalization; interviews; N1803
demand function, New York City abortion market; N2807
differentiating abortion activists; family size preferences, sexual permissiveness; questionnaires; Missouri organization members; N2345
fetal abnormality, abortion, medical ethics; interviews; French doctors; N0131
legal abortion, 1970s public health record; N1799
married women starting family, age structure, illegitimacy/abortion; statistical data; Aberdeen, Scotland, 1961-1979; N3279
medicalization refusal/social control, abortion issue-French medical profession case; N0138
morality/religion/political action relationships, abortion debate, France; N1824
power/morality, abortion, changing public opinion, Norway, causal personal values/group identifications; N4385
pro-/antiabortion activists comparison; survey; N3263
social control mechanisms mutation, abortion question history, post-19th-century France; N1813
sociology of abortion, conceptual difficulties; N1818
women having abortions, Manhattan, socioeconomic status, ecological analysis; N1659

Absenteeism
absenteeism as instability behavior, multicausal problem; N2688
absenteeism, Finnish research reviewed, 1954-1978; M9286
flexible work hours introduction, Austria, 1970s; effects on productivity, absenteeism, work satisfaction, motivation; N4239
worker absenteeism, Italy, B. Maggi's studies reviewed; M7565

Absolutes/Absolutism
rationality, cognitive relativism vs weak absolutism as anthropological tool; N3623

Abstention/Abstentionism/Abstinence
A Voz do Operário foundation, "political abstentionism" to 1889 "Possibilistic Congress" participation; N2906
electoral abstention, Rome, Italy, social class/age relation; N4440

Abstract/Abstracts/Abstraction/Abstracting
abstracted vs concrete sociological theory, efficacy; M7237
conceptual/abstracted/concrete systems, relationships/taxonomy; N3752
concrete operational rule acquisition via observational learning, abstraction processes; experiment; children aged 3-6; M7447

Absurd/Absurdity
sociology of absurd, Stanford M. Lyman's & Marvin B. Scott's approach; N2317

Abuse/Abuses/Abusing/Abusive
abuse of elderly, US; prevalence, problem's scope; S15663
abused children's troubles formulation, organizational intervention justification; M8405
abused children/their siblings, family perceptions, comparison with nonabused group; semistructured interviews; N5025

animal abuses, Bengali Indians, cross-sexual semantic study, evidence of homeostatic control of sociocultural system; N4199
battered wives, male abusers' socialization/social resources; questionnaires; women's shelter residents; N1985
batterers, alcohol abusers/nonusers, discriminant analysis; interviews; female battering victims; N3490
child abuse reporting, medical confidentiality, Belgium; N3317
child abuse, small city, social psychological/ecological correlates; interviews; families; N0058
child abuse/neglect studies, causative factors investigation, research methodology criticized; N5032
child abuse/neglect, better research development, definitional issues as explicit methodological concern; N5015
child abuse/neglect, patterns/determinants, European-/Hawaiian-American families, Hawaii; N5084
child abuse/neglect, selected types, familial correlates; case records; N1678
child abuse/neglect/violence, cultural/economic factors; group discussions, interviews; Sri Lanka; N5033
child sexual abuse, adult sequels, controlled study, lower-class girls, disorganized families, London, England; S15931
courting couples, abuse/aggression/violence; conflict theory framework, choice/exchange theory propositions; questionnaire; college students, 1980; N0105
courtship abuse/aggression, contextual aspects; questionnaires; unmarried university students; N1988
elder abuse, current knowledge status; N3449
family interaction, abusive/neglectful/normal families; observation, questionnaire; N5075
life course events; Vietnam combat, abusive violence exposure/participation; Legacies of Vietnam sample; S15816
marital abuse, cross-cultural comparison; questionnaire; students; N0119
nonphysical personal abuse, defensive strategies, dismissal processes; M7466
physicians policing, practitioner fraud/abuse, government medical program; interviews; California Medi-Cal program officials; N0163
robbery behavior, heroin abusers; interviews; East Harlem, New York City; S15523
sexual abuse/children, contemporary social change impact, sociological perspective; N5020
spouse abuse; partners' status inconsistency/incompatibility as risk factors; telephone survey; Kentucky women; M8705
state, drug/alcohol abuse, history of contradiction/accommodation, California case study examples; S15834
welfare structure, benefits abuse, public skepticism; Gallup opinion poll data, 1973; N4384
wife abuse cases, legal system's role; Illinois Domestic Violence Act; S15678
wife abuse; wife's marital dependency; interviews; adults; N1747
wife beating as social problem, definition process; S15333
women abuse, media images; slide presentation; S15672

Academic/Academics/Academy/Academia

academia, promotion/salary decisions; achievement activities; questionnaire; tenured faculty, large state university; M8180
academic achievement process, Canada, ethnic differences, panel study; German-/French-speaking male high school students; N2967
academic achievement, Third World; social class; questionnaire; school children, Sri Lanka; M9809
academic achievement; primary school quality; pupils aged 13-14; Third World vs capitalist countries; N3096
academic achievements/family environments, sex/social group differences; Anglo/Greek/southern Italian children, Australia; N2477
academic attainment, black collegians; racial identification; S15864
academic deans, descriptive study; questionnaires; general/social science deans, colleges/universities; M8911
academic environmental thought change, transition from paradigms to ideology, Marxism/Christianity examples; N4001
academic ethics, radical left; N1452
academic freedom, scholars' objectivity methodology, radicals' challenge; N4725
academic gerontology program maintenance; N1882
academic ideologies, sociology/psychology/political science/education researchers; research styles; questionnaire data; university faculty; M8964
academic interdisciplinary research performance, theoretical model, contingency/path analysis; questionnaire, interview data; M8907
academic Marxists, US leftist politics, current status, potential role, contradictions; N2069
academic performance/salaries/advancement, agricultural economics; gender; University of Georgia graduates; S15199
academic performance; social class; survey; school children, Cameroon; M9779
academic salaries; research productivity effects, departmental prestige, economics professors; M9613
academic salary structure; sex composition, attainment levels; major research university; N1256
academic scientists, 19th-century France, professionalization, status; N1619
academic status attainment patterns; scientific consensus; probability samples; US graduate physics/chemistry/biology/mathematics/political science faculty; M9622
academic stratification, graduate management programs; departmental prestige, faculty hiring patterns; N4716
"academic" scientist's experiences, West Germany; N2206
academics, age, midcareer crisis, professional issues, attitudes; questionnaire; Australian university teachers; N4576
achievement/aspiration relationship, meaning/mediation factors, male/female patterns; survey; academic-career aspirants; N1255
artist/schooling, France, academic classification, artistic vocation; M9655
black academic achievement; desegregation, research methodology effects/problems; N2597
career patterns/goal values/power, elitism indicators; questionnaires; US academic administrators; M7971
causal explanation, male/female academic performance; sex-role biases; stories, Attitudes toward Women Scale; undergraduates; M8188
children's indirect socialization, academic behaviors; effects of mothers' jobs; questionnaires; predominantly black, lower-class employed women/their children; N5031
children's social competence/academic achievement measures relationship; sociometric instruments, observation; third graders; N5024
electronic journal publication, advantages/attitudes toward; questionnaire; academic administrators; N2255
government/academic social research, secondary analysis, interdisciplinary/-professional cooperation, GB; N2098
higher education/federal government relationship, recent shift, autonomy; M8183
identity dilemma, newly established academic medical discipline, general practitioner, "marginal men" perspective; N2590
information bank INION, Soviet Academy of Sciences, sociologists' utilization; M8947
male-female domination forms, scientific/academic fields, Switzerland; statistics; N2013
mentors' most successful protégés, academic careers likeness; questionnaire; mentor professors; M9772
merit/need assessment, salary attainment, academic, distributive justice theory; questionnaire; faculty, higher education institutions; N1259
modeling black student academic performance, higher education; S15748
personality types, motivational characteristics, academics vs industrial professionals, same occupational discipline; questionnaires; engineers, managers; N2970
professional job markets, advertisements, applications, academic *vitae* construction/interpretation; N0546
publication process, academic journals, editor's perspective; M7111
salary negotiations, success rate, academic pay differentials by sex; questionnaire; assistant professors; M9614
scientific scholarship quality; academic profession "graying," skeptical view; M9637
self-reports, college students' academic performance, response errors, exploratory data analysis; M8875
sociology, academia, women's studies, disadvantaged/marginal position; interviews; postgraduate students/academic supervisors, GB; N2253
sociology, teaching concerns, other academic disciplines' approach/consequences for sociology; M7119
university graduates, academization/deprofessionalization, changing labor market; N1263
women academics, ratio/status/limitations, Australian universities; N0365

Acceptance

artistic preference; perceived parental acceptance-rejection, earlier findings contradiction; questionnaire; US middle-class sample; N2512
autonomy-control variation, childrearing/self-acceptance level, early adult life, relationship; E. Berger's Expressed Acceptance of Self Scale; young adults; N2474

child care forms, Sweden, experiences/acceptance; questionnnaire; women aged 20-59; N3304
female career roles, male acceptance; videotape experiment; N2443
formerly hospitalized mentally ill, acceptance as tenant; shared ethnicity; experiment; N1868
Kubler-Ross, Elisabeth, symbolism of death "acceptance" concept, private sphere tradition; M8641
marriage termination, its acceptance, social exchange theory; interviews; separated persons; N1788
parental acceptance-rejection/control, cross-cultural codes; N3312
research idea acceptance probability, technologically oriented social structure; four-tier research hierarchy case; M9344
returned prisoners acceptance; race vs shared belief; questionnaire; university students; N2605
"unacceptable" families, Netherlands ca 1900; social maladjustment origins; N5122
welfare acceptance, poor; positive vs negative self-concept; questionnaire survey; S15473
women pastors, acceptance degree after obtaining parish position; church records data; N2999

Access
fieldwork information access, exchange theory perspective, Ghanaian labor unions case; M7061
job opportunities access; social network characteristics; survey; men/women, various ethnic groups, Toronto, Ontario; S15763
networks, restricted access/power models, James S. Coleman's model, Richard M. Emerson's dependency notion; N1018
ramblers' (hikers') rights struggle, GB, public access, private land, legislation; N1101

Accident/Accidents
accident departments, children's treatment, R. Jeffery's categorization analysis, 'good' vs 'bad' patients; observation, interviews; health/social services staff, England; N5153
accident mortality; gender roles, 1960/1977 US data comparison; S15781
automobiles/traffic accidents, relative increases, Moscow, USSR; N3031
industrial accidents, unsafe working practices; piecework contribution; case studies, firms; Birmingham, England; N2738
minor health disorders management, patient decision-making processes comparison, hospital accident/emergency department; interview schedule; hospital patients, southeastern England; N5150
nuclear accident, Three Mile Island, 1979, "normal" accident perspective; N2719
social class/violent child death, fatal nonaccidental injury/murder/fatal child neglect analysis, Queensland, Australia, 1968-1979; N5331
Three Mile Island nuclear accident, government policy implications; M7882

Accommodation/Accommodations
accommodative/exploitative behavior, males vs females, managers vs nonmanagers; W. Edgar Vinacke's strategy test; business firms employees, New York City; M8716
politics, social accommodation; interviews; Hong Kong workers/residents; N4499
state, drug/alcohol abuse, history of contradiction/accommodation, California case study examples; S15834

Accountant/Accountants
certified public accounting profession, deprofessionalization, Quebec; M9607
work motivation/job values comparison, professional men/women; questionnaire; accountants; N2986

Accounting
accounting theory, modern capitalism ascendancy, religion/Catholicism role, Max Weber-Werner Sombart controversy; M8201
actors' accounts of actions; structural-functional, Marxian, ethnomethodological interpretations; N2325
women's job opportunities, sex discrimination, accounting profession, New Zealand; job application letters, questionnaires; employers; N3688

Acculturation/Acculturated/Acculturative
acculturated societies, anthropological work's nature/purpose, French Polynesia; M8805
Amish, selective acculturation, social change; visits, mailed questionnaire sample; Indiana, Iowa, Ohio communities; S15735
drug use; acculturation process, traditional attitudes; interviews, observation; Cuban youth, treatment program directors, Miami, Florida; M8438
ethnic relations, shame, acculturation, highland Chiapas, Mexico, psychological domination process; M9188
ethnicity transformation, acculturation via language classes, Israel; participant observation; N4155
human migration/minorities acculturation, socioanalytic model; N4170
Paraguayan/Brazilian immigrants' assimilation/acculturation, Argentinian frontier; interview data; N2859
school achievement; unidirectional vs nativist acculturation; questionnaire; Chicano high school students; M7527

Accumulation/Accumulations
accumulation prospects, small-scale industries, Third World towns, metalwork shops case, Maradi, Niger; M9268
accumulation/diversification, Chinese rural development, post-mid-1940s, Wugong "model unit" collective focus; N1043
division of labor, capital accumulation, commodity exchange, Puerto Rican sugar cane hacienda; Marxist perspective; M9694

Accuracy
informant accuracy, social network data, actual communication from recall data predicting, experimental attempt; N2090

Achieve/Achiever/Achieved/Achievement/Achievements
academic achievement process, Canada, ethnic differences, panel study; German-/French-speaking male high school students; N2967
academic achievement, Third World; social class; questionnaire; school children, Sri Lanka; M9809
academic achievement; primary school quality; pupils aged 13-14; Third World vs capitalist countries; N3096
academic achievements/family environments, sex/social group differences; Anglo/Greek/southern Italian children, Australia; N2477
achievement stratification, elementary schools; ability grouping systems, differential peers vs differential instruction hypotheses; observation; fourth graders; N4761
achievement/aspiration relationship, meaning/mediation factors, male/female patterns; survey; academic-career aspirants; N1255
adolescent orientations toward life/work/achievement, 1964-1975; social/sex-role change; questionnaires; Wisconsin high school seniors; M8436
aptitude vs achievement assessment, Scholastic Aptitude Test validity; M9797
aspirations, achievements, US; Wisconsin Longitudinal Study of Social & Psychological Factors, complex procedures described; M7450
attitudes/behaviors; father's occupation, educational attainment, respondent's occupation; National Opinion Research Center's General Social Survey data, 1972-1980; "class cultures" concept; M7910
black academic achievement; desegregation, research methodology effects/problems; N2597
children's educational achievement/increased opportunities, China; social background; N2945
children's social competence/academic achievement measures relationship; sociometric instruments, observation; third graders; N5024
comparative validity test, Likert/projective/forced-choice indices, achievement motivation; Australian males; N2114
"competency" tests controversy, achievement assessment, racial/cultural problems focus, South; N1447
concurrent/subsequent school achievement test scores, using ability measures as controls, Karl L. Alexander et al critiqued, rejoinder; M8872
continuous athletic achievement, prediction model; personality scales; male South African university athletes; N4426
educational achievement, Zaire; family social status/residential disruption; tests, survey; first-year university students; M9803
educational achievement; gender-role/sex differences; grade 12 students; 1973 interview survey, 6-year follow up; Ontario; status attainment model; N4769
educational attainment; ascription/achievement socializing, school organization; "Explorations in Equality of Opportunity" survey; US high school sophomores, 1955-1970; M7904
English working class, school underachievement problem, "community school" approach, Liverpool project example; N4727
fishery cooperatives, Chesapeake Bay, socioeconomic goal achievement; N4665
given names/social class/professional achievement; N4119
health/stress/achievement, 19th-century professional women, life course/birth cohort analysis; N4601
high school curriculum assignments, tracking; achievement orientation, grades vs prior curriculum content; survey samples, highly urbanized US districts; M8140
identity, sociological theory conditions, identity achievement means; typology; N2516

Mexican Americans' achievement levels; discrimination; M7526
middle-class childhood, pressure to achieve, building competitive advantage vs early burnout; S15909
occupational achievement orientation, construct reliability/validity; sample; US Southern-reared adults aged approximately 29; S15375
occupational achievement sex differences; adult roles patterning sex differences; survey; Project TALENT 1963 high school class; N2539
primary education, school types/class specific learning achievement; N4748
reading/mathematics achievement gains; classroom composition; longitudinal study; third-grade students; N4740
school achievement, differing ecological/social-structural contexts, social determinants, empirical-sociological analysis; questionnaires; fourth-grade primary students, their mothers/teachers, West-Germany; N1460
school achievement; Barbara Heyns's summer learning hypothesis; fifth/sixth graders; M9778
school achievement; unidirectional vs nativist acculturation; questionnaire; Chicano high school students; M7527
school effects research/achievement prediction, standardized test performance, alternative school environment measures; longitudinal data; grades 3-5; M8142
science achievement/ascriptive processes, scientific article citations; N4959
scientific achievement; risk concept, Nobel laureate scientists/writers compared; N3237
spatial/verbal tasks, success expectancies/performance evaluation/achievement-related attributions; sex differences; cognitive tests; adolescents; N3334
survey research response, achievement value; gender wording effects; questionnaire; college students; N2107
upwardly mobile black women, marginal status, social isolation; two ideal types; interview data; N0338
women's career aspirations/achievements, college/seven years after; questionnaire; N1231
women's employment status; achievement orientation, attainment values; mailed questionnaire; university continuing education center's female clients, 1963-1974; N5342

Acquisition/Acquisitions/Acquisitive/Acquisitiveness
concrete operational rule acquisition via observational learning, abstraction processes; experiment; children aged 3-6; M7447
gender identity acquisition, sociological theory; participant observation; young children, preschool; S15762
helping thoughts, attraction, information acquisition; moods; experiment; N2389
sex-role acquisition, social-interactionist approach; N4044
social sex roles acquisition research, children of lesbian mothers, theoretical bases; N4089
socioecological conditions, language acquisition; interviews; Turkish/Italian migrant workers, Köln, West Germany; N1368
transsexuals, gender identity (mis)acquisition, theoretical explanations; N4101

Act/Acts/Action/Actionalism
action groups, constant redefinition, Jalari (fishing caste), coastal Andhra Pradesh, India; N4180
action research, social experimentation, participatory/educative project; M7039
action research, theoretical/methodological foundation contribution, research worker's position; N5402
action theory, autopoietic systems, communicative system, meaning; N0716
action theory, linguistics; transformational-generative models use; M7265
actors' accounts of actions; structural-functional, Marxian, ethnomethodological interpretations; N2325
antibusing protest, individual action; efficacy-trust vs relative deprivation attitudes; survey, interviews; South Bostonians, Massachusetts; N2375
arson, community action, fiscal crisis, incentives, Boston, Massachusetts; N5215
automobile offenses as crime, social/action research priorities; Australia; M8591
churches/contemporary voluntary action research, intellectual cross-fertilization lack, causes/consequences, response, comments; N3146
cognitive consistency, environmental action, lead-free gasoline case; questionnaires; gas station dealers/purchasers, Wisconsin; N0309
collective action logics, organizational form, social class, labor vs capital, interest groups; M7935
collective identities/social change, collective cultures as action dynamic; M9456
combining structure/action, Anthony Giddens's structuration vs Walter Buckley's morphogenetic approaches; M9029
communicative acts, shared knowledge, speech; tape recordings, British working-class family; N1388
consulting, public sector, research to legislative action; N0531
Custody of Infants Act, GB, 1925, parental rights, child welfare, feminists' strategy; N1998
development without communities, social fields/networks/action concepts, Mambila grasslands, Nigeria; M8661
economic competition organization, capitalist collective action; N2056
economic theory's rationality, collective action; N3966
economic/social theory, rational action, misunderstandings; M9043
epistemological status, human action sciences, Ludwig von Mises's contribution; N2264
Federal Youth Corrections Act, legal aim, discretion, social control, rehabilitation; random sample, young offenders; N1567
Finnis, John, *Natural Law and Natural Rights*, action coordination toward common good of any group, unanimity vs authority; N2919
French banking sector conflicts, 1974-1978, organization demands, disputive action; participant observation; N0957
Giddens, Anthony, *Central Problems in Social Theory: Action, Structure & Contradiction in Social Analysis*, human agency theory; M9039
gun control issue, attitude/action comparison; survey; permit law proponents/opponents; M8278
Habermas, Jürgen, communicative action theory critique, "system"/"life-world" distinction; N0685
Habermas, Jürgen, *Theory of Communicative Action*, rationality concept establishment, social rationalization importance; N4008
health policy, action-research relationship; N1811
health promotion program, South Carolina, voluntary action, perceived social problems response; S15557
heroin addiction, US; cultural action system concept; M7256
Hill-Burton Hospital Survey & Construction Act, political legislative history; S15313
history, individual's role, Marxist theory, determinism, contingency, political action; M8790
identity appeal as individual/collective action motivation, "metasocial" act; M7309
interpersonal perception; roles/actions/situations effects; questionnaires; college students; M7373
judiciary action, extant social inequalities reinforcement, Netherlands; N3191
legal mystification, legal form contribution, case law form, 1980 Scottish Criminal Justice Act/English Royal Commission on Criminal Procedure examples, law & order politics; N1168
leisure/culture/action research, Sweden; M7807
limited resource farmers, Texas; 1981 Economic Recovery Act; S15223
Marxism, unified class action theory, system/social integration link; M8788
Mead, George Herbert, time/action connection, sociality; M9032
Merton, Robert K., theoretical program, individual action, structural selection; N0713
morality/religion/political action relationships, abortion debate, France; N1824
National Socialism theory, Talcott Parsons, action theory, fascism; M7240
need dynamics, community action, state regulations barrier, West Germany; N0273
new working class militancy; cultural/technological determinism, action approaches; M7932
New York State Environmental Quality Review Act, Cornell University's research design evaluated; S15919
Occupation Safety & Health Act, 1970, origins; M9615
organizational action contextuality/indexicality, system-environment distinction; M7643
organizations as action generators, justification, ineffectiveness; N1013
Parsons, Talcott, action system/Heinz Hartmann, ego psychology, socialization/conflict resolution means; N3916
Parsons, Talcott, action theory, Kantian critical subjectivity perspective; N0632
Parsons, Talcott, action theory, religion importance, cybernetic concepts; N1511
Parsons, Talcott, action theory; *Sociological Inquiry* editorial introduction; M7177
Parsons, Talcott, life/work, human action theory development; N2266
"*passage à l'acte*" (acting-out impulse) term use, problems,

reference to pathological psychology/forensic psychiatry/deviance sociology; N4099
Political Action Committees, corporate geography; 1980 US Congressional elections; Federal Election Committee data; S15741
political action theory, decision-making aspect, US vs German perspective; M9496
political discontent-action relationship; college undergraduate survey; M7835
political speech as action form concept, analysis, A. J. Greimas's-J. Courtés's semiotic model followed; N4474
privatism/political action orientations relationship; questionnaire; university students; M7890
qualitative vs quantitative research, case study; action research, Project INISS, GB; information services emphasis; M8867
religious/voluntary action research, compartmentalization/parochialism; N3137
social change theories, invalidation via single condition change, individual action as proper study object; N2274
social class/political action relationship, 19th-century England, theoretical/comparative perspectives; N2890
social science methodology, value-relevance, action theory, Max Weber/Talcott Parsons; M7279
social scientists'/others' actions analysis, Jesuit casuistic moral judgment methods; N2237
social security, reform act failure; S15640
social-class formation/action, rural India; technological innovations; M7678
socialization, personality development, action theory perspective, Emile Durkheim; M7287
"Third World action groups," commitment motive, charitable assistance vs development politics; interviews; Austrian volunteers; N4279
unintentional effects, human actions, classic sociological problem; N0710

fertility differential, Samoan population/migrants; adaptation, selection; questionnaire interviews; Oahu, Hawaii; M8363
human adaptation, brain's role, social behaviors' conditioning function; N0051
human soul/laws/customs/adaptation; physical climate; M8695
illness behavior paradigm, situational-adaptational perspective, conceptual exploration; S15749
immigrant political adaptation, Canada, voter turnout; 1972/1974 election data; N4142
institutions/changing environments, adaptation structures/processes; M8801
life-threatening illness adaptation; social environment, interpersonal relationships, cancer case; S15499
management dilemma, promoting stability/adaptability; case study, change response contingency model; M9342
Melanesian cargo cults reexamination, adaptation/resistance interpretations; M9259
occupational adaptation, Vietnamese refugees, community influences; Santa Clara, Calif, case; N4146
occupational danger adaptation, underground mine, protective social structure formation; participant observation; N1254
old age adaptation/crisis, sex differences, role continuity; interviews, Life Satisfaction Index; rural Corsica; M8562
personality, social adaptation, labor collective; M7612
psychological adaptation; questionnaire; older homosexual males, southern Florida; N4125

psychological androgyny, self-image aspects, interpersonal/situational adaptability; Bem Sex-Role Inventory; college men/women; N4073
stigma coping, lifelong adaptation, deaf elderly; interviewing, participant observation; N0770
taboos/rituals as psychocultural adaptation; southern New England fishermen; N4336
technology as adaptive strategy, worldview/beliefs, Canadian Indian hunting society; M9251
transplanted institutions, adaption, indigenous banking system; interviews, questionnaires; black Caribbean migrants, Brooklyn, New York; M9194
urban adaptation, socioeconomic modes, *kodro* districts, Bangui, Central African Republic; M9254
young migrant households, Oaxaca, Mexico, adaptation/characteristics, poverty continuation; interviews; household heads; N0317
young scholars, USSR, professional adaptation features; survey; N4595
young teachers, rural conditions adaptation, USSR; M8005
young workers, adaptation levels, production process; N2725

Addict/Addicts/Addicted/Addictive/Addiction
heroin addiction, GB; Glasgow, Scotland, drug clinics, 1981; N3534
heroin addiction, US; cultural action system concept; M7256
heroin addicts violence rate association; S15807
snowball/chain referral sampling problems/techniques, application to former opiate addicts study; M8871

Adequacy
personal inadequacy feeling, social construction, social control aspect; S15524
Schütz, Alfred, "postulate of adequacy," phenomenological sociology component, science/sociality paradox illumination; N2301

Adjustment/Adjustments
adjustment to technological change; interviews; unemployed automobile workers, Detroit, Michigan; S15630
adjustment/maladjustment, chronically ill/disabled children; illness severity effects, inconclusive results; M8410
affective self-disclosure/marital adjustment relations, equity theory; questionnaires; couples; N1720
chronic disability adjustment/psychological distress, hearing-impaired case; social support, disruption; questionnaires; adults; London, Ontario; N5155
community development, policy adjustments/renewal, South Africa; N1949
exploratory fieldwork case, Vietnamese refugees adjustment understanding, Washington, DC; N4151
general adjustment; work satisfaction; survey, interview questionnaire; Canadian/US migrants, Israel; N0924
Greek immigrant family, Canada, continuity/change/adjustment process; N3406
highrise adjustment variables, interviews; West Germans; M9740
marital adjustment, mothers vs childless women; Graham B. Spanier's Dyadic Adjustment Scale; northern Nigeria women; N1721
marital adjustment, relationship to career salience, attitudes toward women, demographic/family characteristics; questionnaire; dual-career couples; N3413
marital adjustment/conventionalization, measurement contamination; questionnaire; married individuals; M8470
marital adjustment; marital decision-making satisfaction; questionnaire; Pennsylvania couples; N3469
marital adjustment; wives' employment, family life cycle, births; N0100
marital/dyadic adjustment scale critically evaluated, new test sample; N1781
marital/dyadic adjustment; Graham B. Spanier's scale evaluated; N1778
migration management; settlement/adjustment concepts; interviews; male family heads, Milan, Italy; M8380
organizational adjustment to population change, retail trade case; US Census data, 1954-1972; nonmetropolitan counties; M7642
personal/family adjustment, elderly; parent-child interactions, qualitative dimensions; interviews, questionnaires; N1772
personality adjustment; psychological androgyny; Bem Sex-Role Inventory; undergraduates, psychiatric inmates; N2384
posttechnological age, society's adjustment; man model; undergraduates tested; M8646
premarital cohabitation vs traditional courtship, effects on subsequent marital adjustment; questionnaire, Graham B. Spanier's Dyadic Adjustment Scale; couples; N3476
professional women's marital adjustment/career relationship; spouse/family support; G. B. Spanier's Dyadic Adjustment Scale, questionnaires; M8731
role adjustment; personality variables' direct/indirect/trace effects; questionnaires; master of business administration students; N2492
school adjustment, black/white adolescents; alienation; Adolescent Alienation Index, Dean's alienation scale, questionnaire; N3345
sociodemographic correlates, adjustment; survey; American migrants, Australia; N3251
technological possibilities, strategic adjustment to social priorities; N4937
tours of duty/marital adjustment factors; questionnaire; warrant officers; N3395
visible stigma adjustment, severely burned case; questionnaire; expatients; N0795

Adler, A./Adlerian
Mexican-American family research, Adlerian theory application lack; N5143
social interest, Alfred Adler's birth order/sex impact theory tested; J. W. Crandall's Social Interest Scale; college students; N4105

Administration/Administrations/Administrative/Administrator/Administrators
administration functioning, peasant state, general model, examples; N4501
administrative authorities' detention, special power relationships, legality, Austria; M7648
administrative district reorganization, hamlets' correspondence, Japan, Tsubono-mura case, Niigata prefecture; N5286
administrative innovation diffusion, large industrial firms; M9362
administrative intensity; systems size, studies findings reconciliation; N1001
anthropology, African colonial administration, GB; M7184
Australian school administrators, observational studies, methodological issues; M9650
career patterns/goal values/power, elitism indicators; questionnaires; US academic administrators; M7971
coordination as administrative problem, public policy-making organizations; N4324
criminal careers, administrative control, sociopath typology methodology, resultant risks, longitudinal study; Ohio Penitentiary; M9915
demographic/social structure, administrative cities, Spanish plateau, Segovia example, 1950-1975; N1340
educational preparation/value orientation/role transition/satisfaction; questionnaire survey; social work administrators, Los Angeles County, California; M7998
electronic journal publication, advantages/attitudes toward; questionnaire; academic administrators; N2255
France's regional administration; post-1974 law implementation, subsequent evolution; N5280
organizational structure/administrative expansion, public schools; institutional environment; 1930-1970 California data; M7659
problem group, agency rejection, counterclaims/unfounding activities, DMSO/Federal Drug Administration case; S15503
public facilities/services, administrative organizations, social classes' spatial/social distance, Ile-de-France, Paris, France; N1339
Reagan administration; social science use/funding cuts, private-sector funding, reorganization; M8970
science policy/research administration, Hungarian/Finnish comparison, autonomy, research groups climate; M8310
social class/local state conflict, working class's historical autonomy, political administration case, post-1835 Gateshead, England; M8777
social politics administration reform, Norwegian planning/research division, Department Health & Social Affairs; N5236
social science funding, Reagan administration; N2270
social services implementation failure, administrative language; empirical studies; N4224
sociology, institutional change, minorities/women comparison, administrative concern; N0846
strain, social system perspective, social agency administrator case; M7296
university changes, technological age; administration's power; N1440
women's issues, Kennedy administration's public policy; N0353
women, social service management entry, administrative strategies; M8739
word processing introduction, administration rationalization value, West German project findings; interviews; key personnel; N0991

Admission/Admissions
familism, hospital admission, rural Nigeria, case study; interviews; male household heads; N1794

mental hospital admission status correlates; interviews; patients; N0176
perceived problem drinking, repeat admissions, social resources perspective; household survey; people receiving/not receiving treatment; N5221

Adolescence/Adolescent/Adolescents
adolescence-adulthood transition, sequence/timing, Asian families; sample surveys, Korea, Malaysia, Taiwan, Thailand; M8471
adolescent drug behavior predictors, longitudinal study; questionnaires; public/private high schools, Puerto Rico; 1974-1976; M8633
adolescent drug use, qualitative/quantitative aspects; personality/family/peer correlates interplay; questionnaire; black/white high school freshmen/sophomores; N5174
adolescent drug use/self-derogation; deviant behavior general theory application; panel survey questionnaires; Houston, Texas, junior high school students; N2585
adolescent drug use; psychological antecedents; longitudinal questionnaire study; white, middle-class students; 1969-1973; M8444
adolescent drug/alcohol involvement, developmental stages, cross-cultural comparison; interviews; Israel, France, US; N5239
adolescent feedback to mass media, elite-/masses-related circulations hypothesis; N4409
adolescent functioning; family climate, female adolescent's role; interviews, psycho-/sociometric testing; adolescents, their families; N3323
adolescent identity; labeling, divergent findings reconciliation; M9138
adolescent Indian substance abuse, ecological/sociocultural factors; US; M8628
adolescent orientations toward life/work/achievement, 1964-1975; social/sex-role change; questionnaires; Wisconsin high school seniors; M8436
adolescent parenthood, biological fathers' vs other males' role; interviews; primiparous mothers; N5087
adolescent perceptions, parental persuasive message strategies, attribution theory; questionnaires; students; N5137
adolescent pregnancy, status convergence, well-socialized adolescent female fulfullment; M8447
adolescent reactions, attempted parental control/influence techniques; interviews; white mother/fathers of sixth-/eighth-/tenth-grade students; N5132
adolescent self-esteem/emotional learning disabilities, significant others; definition problems, literature review; M8439
adolescent sexual experiences/attitudes, coital experience/frequency; questionnaire; tenth graders, Uppsala, Sweden; N3356
adolescent suicide attempts, epidemiological approach, environmental factors; N5042
adolescent suicide, correctional facilities; justice system, interdisciplinary intervention strategies; M9919
adolescents' feelings of mattering to parents, inferred significance/mental health; M8441
adolescents' gender/status attainment value acquisition relation, family interaction; game simulation; families; N2942
adolescents/religion, personal problems solution; M8424
age/sex differences, recreational activities participation; questionnaire; adolescents, Bendel State, Nigeria; N2844
agreement levels, parents/adolescents; subject variation; survey; N1745
alienation from school/society, sex differences; black lower-class matriarchy; questionnaire; black adolescents; M8449
antisocial behavior, adolescent students; peer group regulation; observation, interviews; M8415
authoritarianism/dogmatism attitudes, West German/US adolescents; questionnaire; N2579
autonomy as self-esteem source, male adolescents; S15835
autonomy-control variation, childrearing/self-acceptance level, early adult life, relationship; E. Berger's Expressed Acceptance of Self Scale; young adults; N2474
behaviors rescission, inconsistent responses, adolescent sexuality data, longitudinal study; questionnaires; N2167
career development, occupational knowledge role; questionnaire; older adolescents; N3335
changing preadulthood living conditions, Norway, materially-based/other problems; interviews; adults; N5295
cigarette smoking, young adolescents' external locus of control; questionnaire; rural Vermont seventh graders; N3326
cognitive style, social-class/sex variations; questionnaire; US/Australian adolescents; N4094
completed suicide, adolescents aged 15-19, increasing rates; M8425
contributing variables, self-concept, young Nigerian adolescents; N2448
conversational interaction organization; socialization defined, adolescent therapy session; N1409
delinquency factors, adolescents; interviews; teachers, parents, Belorussia, USSR; N0241
delinquency, revised strain theory tested; national sample, adolescent boys; S15745
deviance, adolescent smoking, self-report validity, bogus pipeline condition; questionnaire, biochemical measure, randomized response instrument; Ohio seventh-twelfth graders; N3772
deviance/delinquency; social class status, school context; questionnaires; adolescents; M9182
drug use initiation/stabilization/decline, risk periods, adolescence-early adulthood; S15550
drug use, complementary social deviance theories, cross-cultural examination; questionnaire; rural students, grades 6-12, Rocky Mountain state; M8043
drug use; mainstream religious social controls; questionnaire; adolescents, rural Texas; M8437
early adolescent self-esteem; social class, Morris Rosenberg's, Leonard I. Pearlin's study replication/extension; self-esteem instruments, interviews; fifth-/eight-graders; N0776
educational goals; parental characteristics/attitudes; interviews, questionnaires; adolescents/their parents, Chicago, Illinois/Orange County, California; M8414
ethnic status/adolescent self-evaluations, minority self-esteem research extension; N0794
family decision making/autonomy, adolescents' perceptions; questionnaire; small towns, India/Australia/US; N3451
family perceptions, Australian adolescents; essay competition data; N3425
family, parents' differential roles; questionnaire; Iranian adolescents; N1785
family-life reproduction attitudes; interviews; male/female adolescents; N3405
feminine/masculine stereotyping, French-language comic strips, child/adolescent audience; N0780
fertility-related behavior, immigrant Mexican adolescent females; indigenous US-Mexican culture; M8434
group membership, late adolescents; sex differences; diagram-constructing exercises, interviews; S15708
heroes/heroines, type preference assessment; questionnaire; US adolescents; N3321
identity formation, late adolescence; M7363
identity management, adolescent male prostitution, West Germany; N2589
inhalant abuse, Mexican-American adolescents, proposed model; M8622
interest measurement, sex differences; Brook Reaction Test of Interests; Israeli adolescents/adults; N5045
interpersonal relationships; residential mobility; survey; adolescents, Wellington, New Zealand; N0078
Israeli adolescents' future family aspirations, comparison with parents' views; questionnaire; Tel-Aviv high school students; N3417
Jewish identification, adolescents; Jewish education; questionnaire; parents, students; M9819
juvenile delinquency, adolescents' socialization; M8637
legal reasoning, relationships to social class/closeness to parents/exposure to high level of reasoning; interviews; adolescents varying in delinquency seriousness; N5249
life-history data, Swiss adolescents cases; N3324
LISREL use, maximum-likelihood estimation technique, higher-order factor problem, adolescent self-images case; surveys; British schoolboys; N0498
male/female delinquency, sex differences, sex differences in family bonds; interviews; adolescents; N1909
marijuana use correlates/predictors; interviews, questionnaire; French/US adolescents; N3541
marital attitudes; family structure; questionnaire; adolescents, intact/reconstituted/single-parent families, Kansas; M8423
mobility aspirations, males vs females; national longitudinal study; black adolescents; M8421
normal adolescence concept, cultural specificity/clinical usage; N5046
occupational socialization; early work experiences; questionnaires; tenth-/eleventh-grade adolescents, Orange County, California; M8446
premarital coitus/contraceptive behavior model, female adolescents; N3361
presidential idealization decline; Watergate crisis; questionnaire; adolescents, Hampton, Virginia; M8420

problem behavior, Chinese adolescents, classificatory-factorial study; questionnaire; Taipei, Taiwan; N3602
productive labor, adolescents, skills acquisition in school, USSR; N2713
public crisis/private families, adolescent pregnancy problem construction; S15643
racial discrimination explanations, intergroup attribution; group discussion; experiment; black/white working-class male adolescents, GB; M9136
religion; practice/internal religiousness relationship; interviews; adolescents; M8235
religious orientation; geographical mobility; questionnaires; Australian adolescents; N3117
salient self-conceptions, normal/deviant adolescents; questionnaire; M8619
school adjustment, black/white adolescents; alienation; Adolescent Alienation Index, Dean's alienation scale, questionnaire; N3345
self-/body-image satisfaction; physical development, longitudinal study; interviews; early adolescent males; M8419
self-concept stability, late adolescence/adulthood transition; questionnaire; male college graduates; M7425
self-concept/-esteem, late adolescents, sex differences, historical change; self-ratings; university students; M8432
self-esteem determinants, deviant-labeled adolescents; educable mentally retarded students; N2538
sexual experience/knowledge, contraception use; questionnaires; French adolescent females; N3349
social self-conception development, impressions/misimpressions perceptions; questionnaire; adolescents; M7403
socialization into sports involvement; family members, peers; interviews; adolescents, Göteborg, Sweden; N1686
spatial/verbal tasks, success expectancies/performance evaluation/achievement-related attributions; sex differences; cognitive tests; adolescents; N3334
sports involvement; sports idols/ideals; questionnaires; adolescents aged 12-16, Oslo, Norway; M7806
substance use antecedents, sex differences; questionnaire; adolescents; N3330
systemic rejection; psychological sources; questionnaire; New Haven, Connecticut, adolescents; M8435
teenagers' values development; social status, parents' values; questionnaires, interviews; Hamilton, Ontario, residents; N4535
white adolescent's drug odyssey, narrative; M8627

Adopt/Adoption/Adopted/Adoptive
adoption practice, postpacification, Kamano, eastern highlands, New Guinea; N2643
adoption practice, solidarity/sterility factors, Kosrae, Micronesian; N2647
adoption, older children, new family integration problems; S15690
agricultural innovation adoption, Amish society; S15428
agriculture innovation adoption, rural Indian village; energetics; census, observation, interview data; S15462
biological/step-/adopted children, characteristics, family comparisons, National Survey of Family Growth interviews; ever-married/single mothers; N1706
Canadian adoption systems, improved data collection/analysis need, research improvement recommendations; N3415
collective adoption achievement, natural resource practices, developing countries, sociological barriers; N1979
farmers' conservation practices adoption; programs, educational strategies; national survey data; S15364
forest management innovation adoption, noninduistrial private landowners; interviews; Wisconsin; 1982; S15394
fosterage/adoption, child care mechanisms, etic variations; N5119
innovation adoption behavior, social class concept's utility; Cancian thesis reconceptualization; S15472
innovation adoption/decision process, electrical load management case, east Tennessee communities; sociodemographic characteristics; S15470
innovation adoption/rejection, knowledge-attitude-practice studies; S15457
National Flood Insurance program, community adoption; structural determinants; probability sample; US communities; S15386
nonchemical pest control adoption, Iowa farmers; sociodemographic factors; increasing pesticide use tendency; S15356
public policy adoption, city level, structural context, War on Poverty/National Flood Insurance programs; N1963
recommended agricultural practices, Uganda farmers' cognition/slow adoption; extension service exposure; S15928
reduced tillage practices adoption, Iowa; ten explanatory variables; S15355
selected agricultural practices adoption, advisory group perceptions validity, beef producers case, Florida; S15230
soil conservation practices adoption, small farmers, Dominican Republic; interviews, 1983; S15377
solar energy purchasers, future adoption rates implications; M9400
technological change adoption, Peruvian goat herders; social factors; S15437
technology adoption; Extension Service media; interviews; Louisiana residents; S15211

contemporary relationships; female emancipation, syndicated advice column/"singles" publications, Netherlands; N0774
job trends/sociology majors, advisor's view; questionnaire; graduates; N2203
selected agricultural practices adoption, advisory group perceptions validity, beef producers case, Florida; S15230
sociologist as consultant, advisory/participatory role; S15239

Advocacy
capital punishment abolition, advocacy vs scientific argumentation distinction; N1571
management science research, advocacy strategy, objectivity problem; M9932
rights protection, advocacy services, mental health developments/future directions; S15516

Aesthetic/Aesthetics (see also Esthetics)
Adorno, Theodor W., aesthetics/culture industry theory; N3945
aesthetic innovation, Ashanti carving community, West Africa; socioeconomic foundations; N3081
aesthetic theory, sociology of art, classicism/romanticism, social foundations; M8136
cooking students, aesthetic cooking standards socialization, trade schools; participant observation; S15778
Goldmann, Lucien, sociocritique, "aesthetic value," coherence criterion; N0637
Marcuse, Herbert, art/aesthetics issues, revolutionary elements, Marxist vs Frankfurt school aesthetic theories; N3887
Marxism, Max Weber's aesthetic interpretation, relationship with Georg Lukács context, 1912-1914; N2254
politics, aesthetic debate, Brazilian carnival case; N2625
"rustic aesthetic," US, social perspective, accumulated ceremony/cultural meaning of style; N4191

Affair/Affairs
social affairs, social anthropology application; M8607

Affect/Affects/Affected
meeting deviant person, affective reactions, subjective norms; stereotype test, experiment; M9134

Affectivity/Affective
downtown behaviors; cognitive/affective factors; questionnaire; undergraduates, Atlanta, Georgia; M9733

Affiliate/Affiliates/Affiliated/Affiliation/Affiliative
affiliation, social organizations' competition for members; ecological model tested, questionnaire data; Omaha, Nebraska, residents; N4333
Japanese religious affiliations; motives, obligations, phenomenological analysis; N4795
marriage, affiliation/independence issues; Locke-Wallace Marital Adjustment Scale, Edwards Personal Preference Schedule; distressed/nondistressed couples; N5085
multiattributional causality, social affiliation, cross-national samples; Likert-type questionnaire; university students, India/Japan/South Africa/US/Yugoslavia; N2387

Affinity/Affinal
affines, Hokkien kin terms ambiguity/meaning; interviews; Taiwanese villagers; N2621
"liking" probability; gender, sex differences; sociometric test; secondary school students, Paris, France; N4065

Affirmative Action
affirmative action attitudes, whites' views; self-interest, racial effect, stratification beliefs; survey; national sample; N0848
attitudes toward affirmative action in women's employment, determinants, cross-national comparison; interviews; adults, US/England; S15527
college faculty salaries, sex difference analysis procedures, affirmative action investigation; personnel records; N4556
equal opportunity awareness, affirmative action programs, new social understandings rise; N2901
organizations, recruitment/reward equity, US universities pre-affirmative action; questionnaire; faculty; N4325
white colleges, minority faculty, affirmative action, institutionalized values barriers, supply/demand problems; N2598
white protest to affirmative action, helping behavior, blacks/whites; race, status, ability effects; experiment, questionnaire; white, male university students; N2397

Affluent/Affluence
anomia; socioeconomic status, perceived affluence; interviews, adults, Cincinnati, Ohio; M7437
development/affluence, Switzerland, social/demographic effects; N1050

Afghan/Afghanistan/Afghanistani/Afghanistanis
détente/the Left after Afghanistan controversies, Michael Harrington vs Social Democrats-USA representative; M7899

Africa/African/Africans
aesthetic innovation, Ashanti carving community, West Africa; socioeconomic foundations; N3081
African agriculture; sexual division of labor, network autocorrelation analysis; M7535
African childhood socialization patterns, sex differences; cross-cultural survey; N3319
African ethnic diversity, military organizations' accommodations; sub-Saharan societies; M7620
African ideas, psychopathology, anthropological perspective; N2658
African resistance, historiography debate, Jakob Marengo/Namibian history example; M9494
African rural youth organizations, goal assessment via photographic survey technique; N5058
agricultural research/development, Africa; farming systems model; S15432
anthropological approach suitability, African urban milieu; M9267
anthropology, African colonial administration, GB; M7184
Botswana Brigades, education, socialist principles application attempt; M9382

Bourdieu, Pierre, African practical reasoning criticism; M9273
British colonial rule, Central Africa, Max Weber's/Karl Marx's concepts, witchcraft; N2062
class consciousness formation, African urban workers, Marxist analysis validity; M9269
colonial African armies, military legacy; martial races concept, British colonial officers' ethnic ranking; M7506
conflict structure/sexual regulation relationship, African utopia, Ilaje, western Nigeria; N3373
control over own lives; survey, interviews; African workers, Cape Town, South Africa, 1975/76; M9317
cultural change, selected aspects, Africans, Brazil; N0850
development anthropologists' work, Francophone Africa, Gérard Ciparisse's/I. De Garine's contributions; N4346
diet/nutrition/fertility studies, Kalahari bushmen, Botswana; N0917
ethnic geography/ethnogeographic regions, Africa; N0902
Evans-Pritchard, E. E., Nuer society/sociology of colonial rule, space/time analysis; Antonio Colajanni's assessment critiqued; M7548
feelings toward Euro-African mixed marriage; interviews; Senegalese secondary school students; N3474
healing systems in time, cultural transformation, Tswana case, southern Africa; N3485
identity, value conflicts; questionnaire; French/North African (Maghreb) adolescents, France; N5051
illness, traditional African medicine, social functions, retribution/stigmatization; N3530
individuals' perspectives, incorporation into role/social networks analysis, "local role analysis" methodology, East African clothing factory example; observation; N2774
intellectual performance; birth order; questionnaires; male secondary school students, East Africa; N3276
Islamic brotherhood, Sheik Hamallah, French West African colonies; N4801
locus of control/anomie relationship, Western/African cultures; J. B. Rotter's Internality-Externality Scale; college students; N2508
marginality/social status, African urban proletariat, marginality concept/critical evaluation approach; N0392
marriage prestations, Zambezi Goba, Gwembe Valley, Sub-Saharan Africa, Elizabeth Colson's/Thayer Scudder's criticism of Chet S. Lancaster's account, comment; M7545
nation concept, black African definition, European experience; N1204
negative/positive stereotypes; clothing, ethnic appearance; experiment; French/North African children, France; N4047
nomadic pastoralism, pre- vs post-1970s studies, romantic stereotyping, east Africa, ecology, spatial mobility, group differentiation; N4184
Nuer, southern Sudan, Africa, E. E. Evans-Pritchard's "segmentary lineage system" depiction, Ladislav Holy's descent reinterpretation contested, definition around cattle; N4219
nutritional status; social ties; questionnaire, interviews; !Kung San adults/children, Botswana; N0888
political power, Budja theory, traditional African conception; N1121
schooling, social uses, African peasants; M8144
struggle dilemma via international order, Namibia's independence struggle/UN involvement; N2911
Tallensi ethnography, Africa, social organization, "segmentary lineage" theory; M7550
traditional African/Western ways of life, Senegalese secondary school students' attitudes; questionnaire; N3327
trans-/intercultural psychiatry, Western psychiatrists, African patients, language/law/ideology/beliefs issues; N5189
urban adaptation, socioeconomic modes, *kodro* districts, Bangui, Central African Republic; M9254

Afrikaner/Afrikaners

Afrikaner intellectuals' predicament, legitimation crisis, Afrikaner nationalism/apartheid state, personal reflections; N4504
national identity; questionnaire; Afrikaans university students, South Africa; M9091

After-care

chronic psychiatric patients, aftercare proposal; N1851
chronic psychiatric patients, Nancy Scheper-Hughes's aftercare proposal; N1826

Age/Ageism

academics, age, midcareer crisis, professional issues, attitudes; questionnaire; Australian university teachers; N4576
age at first birth, social determinants; national probability sample, ever-married women aged under 45; N5126
age at first marriage, socioeconomic determinants; analytic causal model; 1974 World Fertility Survey data; Peninsular Malaysian females; N1755
age bias, Japan, implications for normative conflict; Facts on Aging quiz; married Japanese/US adults; N3573
age consciousness/American dream relationship; interviews; middle-aged/elderly people; N4051
age differences in marriage; age; census data; England, Wales, 1976; M8460
age differences, job satisfaction, work values/job rewards explanation; Quality of Employment Survey; N0951
age-/period-based dependent variables measurement, discrete archival data, cohort analysis model, white male educational attainment example; N2186
age/gender disproportionality, USSR labor collectives, related problems; N4314
age/period/cohort effects, estimable functions, American National Election Studies data examples, comment, reply; M8885
age/period/cohort effects, parameterization approach, application to US delinquency rates, 1964-1973; N2165
age/sex differences, recreational activities participation; questionnaire; adolescents, Bendel State, Nigeria; N2844
ages, social construction, ideology of stages; M9064
aggressor/his victim perception; age, retaliation; fictional incident; undergraduates, India; N2451
Allport, Gordon W., J. M. Ross, intrinsic/extrinsic religious orientation scale, age universal form developed/tested; evangelical school students, adults; N3785
alumni values one decade after college, period/specific age effects, longitudinal study; S15799
completed family size; age at first birth, ethnic group, education work experience, number of marriages; interviews; married women, West Malaysia; N3248
decision making/age differences, homosexual male couples; questionnaire; Chicago, Illinois; N4129
drug overdose/abuse patterns age-/sex-related differences; hospital data; Toronto, Ontario; N3482
female suicide, British Columbia; marital status, age, employment, Elaine Cumming's-Charles Lazar's-Lynne Chisholm's study reanalyzed; N0808
food consumption; age; S15228
friendship; age-related dimensions; M7368
high status males, city-suburb competition, 1955-1969; age, size; N0275
inbreeding/migration/age at marriage, rural Toledo, Spain, 1900-1979; N3252
intelligence quotient performance; number of older/younger siblings, sex differences; national survey; children; N2541
ischaemic heart disease/lung cancer mortality variation analysis, population groups, South Australia; age; N0023
Janson, Philip/Jack K. Martin, job satisfaction increase with age, models' specificity contested, response; N4266
job satisfaction/age relationship; education, value system generational differences vs life-cycle explanations; 1973 US national probability sample; M7580
job/life satisfaction relationship; occupation/age/urbanization effects; questionnaires; households; N2661
Kooy, Gerrit A., marriage age decline, Netherlands, 1958-1968, conceptualizations critiqued; N3288
labor force participation/unemployment, age/sex/race categories, changing patterns; S15255
leisure time structure, socioprofessional/age differentiation; survey, Lenkoran region inhabitants, USSR; N2855
liberty, effective capacity; means of existence access/socialization, age/poverty factors; N0748
marital intercourse frequency; male/female age, US/Thailand/Belgium/Japan comparison; interviews, questionnaire; N3299
married women starting family, age structure, illegitimacy/abortion; statistical data; Aberdeen, Scotland, 1961-1979; N3279
menarcheal age; skeletal growth/fatness hypotheses; longitudinal growth data; middle-class white girls; M8387
moral majority support; age; interviews; aged residents, Muncie, Indiana; S15284
obesity beliefs; age, ethnicity, sex, weight; nursery school children, first/fifth graders, adults; N4062
personality traits variation, age/sex/intellectual level; personality/other tests; French men/women; N4046
residential age segregation process, US cities; M8065
satisfying love relationships; age/sex differences; Q-sort statement; married couples; M7443
sex trait stereotypes knowledge; age/sex/social class effects; Sex Stereotype Measure II; Brazilian children; N2548
similarity among associates; social structuring of activity, age case, large factory workers sample; M9123

"social clock" phenomenon, age-related life events, Kansas pioneers example, biographical correlates prediction; N4079
suicide rates, traditional/industrial societies; age composition; N2537
urban arrest rates; age/gender/race changes, 1960-1980 data, Boston, Massachusetts; S15766
voting behavior; candidate-voter similarity, sexism/racism, ageism; simultated election experiment; N2530

Aged (see also Aging, Geriatric)
aged Asian Indians' status, US; S15679
aged males' labor force participation; economic development, pension policies; cross-national/longitudinal approach; N4275
aged's acceptance of age-appropriate behavioral expectations; family's/friends' expectations perceptions, age-related shortcomings acknowledgement, reference group approach; questionnaire; utility company retirees; N0186
aged, family supports, US/Japan compared; questionnaires; married couple samples; N3574
aged, stereotyping factors; questionnaire; medical students; N1872
aging, contemporary family relations; N0091
contamination via cold vs spirits, choice/ambiguity, Moroccan pluralistic medical system; N3496
coping behavior, aged; personal/social resources correlation; questionnaire; British elderly; N5202
ecology of aging, neighborhood significance, aged; S15297
moral majority support; age; interviews; aged residents, Muncie, Indiana; S15284
sexual interest/attitudes/knowledge/history, relation to sexual behavior; interviews; institutionalized aged; N3364
sexuality, aged, attitudes/knowledge assessment scale; N3363
stratum identification/consciousness determinants, effect on collective orientations; national sample data; working-/middle-class people, blacks, women, aged; M7919
time remaining perceptions/distance from death correlations; interviews; nonhospitalized aged, small midwestern towns; M8569

Agency/Agencies
applied anthropology experiences; agency settings, personal account; M8604
Area Agencies on Aging, goal planning model/inadequacies; issues for resolution; M8575
career advancement; sex differences in geographic mobility, federal agency case; interviews, questionnaire; managers, employees, supervisors; N4534
caseload management, decision-making discretion, suitable clients selection, community health clinic agency; interviews, observation; staff; N2076
community mental health agencies, New Haven, Connecticut; referrals, client demographics, service provision patterns; M8549
decision-making systems crisis, decentralization agencies' effective functioning, Italy; M7889
Giddens, Anthony, *Central Problems in Social Theory: Action, Structure & Contradiction in Social Analysis,* human agency theory; M9039
ideological consensus, regional health planning agency; S15514
illegal business conduct, government agencies' social conduct; autonomy, interdependence; S15881
indirect social control agencies, organizational deviance, ideology; N0214
interagency networks, informal communication/coordination, effectiveness dilemma, Harrisburg, Pennsylvania, case history; N1017
juvenile offenders, social control agency discrimination; GB/US/Israel comparison; M8626
Occupational Safety & Health Administration, symbolic gesture, deregulation, Reagan administration attacks, incremental labor gains; N2753
organization/its environment relationship, goal selection case, health-planning agency boards; S15337
perceived job satisfaction, volunteer personnel, other occupational groups comparison; questionnaire; social service agency managers; M7996
poverty populations; social stability, community institutional agencies critiqued; nonrandom questionnaire sample; mothers; N0316
problem group, agency rejection, counterclaims/unfounding activities, DMSO/Federal Drug Administration case; S15503
sociology, agency setting, forest service experience; S15208
sociology, human agency problem, alternative conception, Michel Foucault's work; N2257

Agent/Agents
Popper, Karl R., psychologism, social-scientific doctrine/agent intentionality, Terence Ball's view critiqued; M8828

Aggregate/Aggregation/Aggregative
aggregate analysis methodology, errors in traditional procedures/improvement suggestions, Australian Federal Electorates data analysis; N3808
ordinal assessments aggregation method, majority decision rule; Japanese quality of life opinion survey application; M8887
social role structure, aggregate changes, technological development; S15318

Aggression/Aggressive/Aggressiveness
aggression regulation, daily life, aggressive relationships, Moroccan immigrants, Israel; participant observation; N2611
aggression, gender differences, situational analysis; frustration-scenario vignette evaluation; undergraduates; N2555
aggression/violence escalation, impression management theory; interviews; general population, ex-mental patients, ex-criminal offenders; N2407
aggression; conservatism, birth order, leadership; Conservatism Scale; Canadian ice hockey players; M7448
aggressiveness; traditional martial arts training; interviews; karate students; N2858
aggressor/his victim perception; age, retaliation; fictional incident; undergraduates, India; N2451
authoritarianism syndrome, aggression factor; F Scale, questionnaire; undergraduates; M9163
corpse abuse, ritual trance, Bali, aggression, cultural mediation; M9116
courting couples, abuse/aggression/violence; conflict theory framework, choice/exchange theory propositions; questionnaire; college students, 1980; N0105
courtship abuse/aggression, contextual aspects; questionnaires; unmarried university students; N1988
Elias, Norbert, *On the Process of Civilization: Sociogenetic and Psychogenetic Research,* counterevidence, knightly courage/chivalric honor, aggressiveness transformation, late Middle Ages; N4188
family violence, situational analysis, interpersonal aggression; N5335
motivated intermale aggression; erotica, excitation, hedonic valence; experiment; undergraduates; M9177
physical aggression, escalation/felt responsibility; experiment; Russian immigrants to Israel, Israeli natives; N2353
sex differences, sociopolitical ideology, aggressiveness, biological model test; questionnaire; Swedish high school students; N2311
spectators' hostility; viewing aggressive sports; response scales; undergraduates; M8702
susto ("folk illness"), Latin America, severe hypoglycemia vs hostility/aggressiveness relationship hypothesis; glucose tolerance test, questionnaire; males, Peru; N3481
verbal aggressiveness, hostility levels; violence tolerance, amount of hockey exposure; interviews; spectators, professional hockey games; N3663
warrior complex analysis, Masai, Kenya, aggression/bravery/endurance/drugs; N2640

Aging (see also Aged, Geriatric)
aging as deviance, negative stereotypes directed toward elderly, purposive relocation to adult communities; S15705
aging men/women, changing behavior/outlook, individual/marital harmony; middle/later years; N3577
aging process/old age, sociological problems; N3566
aging, local government policy, US; N1883
aging, social dimensions, better quality of life search, problems involved; survey/census data; Italy/France/Denmark/UK/US; N5205
aging, social/behavioral sciences research; M8560
Area Agencies on Aging, goal planning model/inadequacies; issues for resolution; M8575
attitudes toward aging; parental health status perceptions; questionnaire; young adults; N3571
ecology of aging, neighborhood significance, aged; S15297
elderly, Japanese American, first-generation immigrants, aging/social participation relationship; interviews; N5209
old age, aging, recent cross-cultural anthropological research review; N5208
Palmore's Facts on Aging Quiz, elderly's/college students' response comparison; S15286
psychology of aging, J. R. Kantor's *A Survey of the Science of Psychology* reviewed, reactional biography concept; M8564
sexuality, aging, cross-cultural study; N3365
sociology of aging, recent literature review; M8577

Agitation/Agitator/Agitators
"reservation" politics, tribal/*harijan* (outcaste) groups, India, case study, political agitation, Bihar/Gujarat states; N1221

Agnostic/Agnostics/Agnosticism
Durkheim, Emile, family background/childhood/education/agnosticism; N3893

Agrarian/Agrarianism
agrarian development, 'Prussian road', reconsideration; N3023
agrarian modernization, peasant differentiation, Paraguay, 1970s; M7693
agrarian policy influence, postcoup Chile; N1028
agrarian radicalism, midwestern US, 1978-1983; corporate bourgeoisie, world economic market trends; S15407
agrarian reform, Chile, 1964-1973; women's role; N0350
agrarian relations changes, southeastern India vs northern Vietnam; fieldwork; N4650
agrarian structure, peasant mobilization, Bataidari struggle, Madhubani, India, 1967-1975; M9676
agrarian structure, proletarianization, social mobilization, India; M9681
dispute processing, Philippine agrarian court; clients' resources; M8279
internal agrarian colonization, Nazi Germany; N4672
large-scale farming, rural income, Goldschmidt's agrarian thesis; M8028
minifundism, agrarian process, Paraguay, new rural development project; M8021
monopoly capitalism, agrarian bourgeoisie, rural proletariat, Michael Winter/Phil Raikes critiqued; N2061
rural unionism, Poland; late 1970s agrarian crisis; M9567
sociology of Middle Eastern agrarian relations, household production persistence; N4649
structural inequality legitimation, small farmers' agrarian/political attitudes; North Carolina; S15419

Agreement/Agreements
agreement index, dot-product base, requirement of scalability coefficients; N0512
agreement levels, parents/adolescents; subject variation; survey; N1745
"content" vs "methods" agreements, guaranteed employment, 1969 French national interprofessional agreement; N0958
help request responsiveness; rhetorical agreement transformations; experiments; undergraduates; N3050
top-management agreement, organizational performance; environmental complexity mediating effect; questionnaire; executives; N5419

Agriculture/Agricultural
academic performance/salaries/advancement, agricultural economics; gender; University of Georgia graduates; S15199
African agriculture; sexual division of labor, network autocorrelation analysis; M7535
agricultural capitalist development, labor/production time, Susan A. Mann's/James M. Dickinson's thesis critiqued; US census data; N1316
agricultural chemicals/pharmaceuticals, government regulation, farm operators' opposition; sociodemographic, attitudinal, situational variables; S15390
agricultural class structure, farm land ownership, income determination relationship; US Department of Agriculture survey data, 1978; class analysis vs status attainment approach; S15389
agricultural commodities demand; demographic structure; S15206
agricultural cooperation, Chicano exfarmworkers/sharecroppers, strawberry farms, California; political mediation; M9693
agricultural dependence, hired farmworkers; demographic/employment characteristics; S15236
agricultural development, capitalist/peasant/socialist paradigms; M9696
agricultural development, Ghana, credit financing integration; S15385
agricultural development, Tunisia; women's role; interviews; women's movement leaders; S15458
agricultural development, United Republic of Cameroon; S15435
agricultural economics, rural sociology; contemporary/future trends; M9683
agricultural innovation adoption, Amish society; S15428
agricultural innovation adoption, Sierra Leone farmers; significant others' role; S15348
agricultural organization/social dynamics, developing countries, explanatory failure of economic dualism theories; N4671
agricultural patterns/female labor participation-seclusion, rural India; N0363
agricultural policy development, United Republic of Cameroon; S15342
agricultural policy, Uganda; historical analysis; S15440
agricultural productivity, USSR; Twenty-Fifth Soviet Communist Party Congress stimulation efforts; M8045
agricultural products, consumer demand models/cultural components; Nationwide Food Consumption surveys, 1965/1977; S15398
agricultural research conditions, Sudanese sorghum scientists; S15422
agricultural research decision making, South Korea, interest-group politics; rice production; in-depth interviews; S15357
agricultural research/development, Africa; farming systems model; S15432
agricultural science professional journals, research role/publication criteria; questionnaires; scientists, editors; M8316
agricultural workers' contribution, industrial society; M9685
agriculture dynamics, Mexican farm workers, US southwest; Edna Bonacich's split-labor-market theory; M9208
agriculture innovation adoption, rural Indian village; energetics; census, observation, interview data; S15462
agriculture origins hypothesized; population/environment relationship, sexual division of labor; N4011
agriculture problems, science & technology vs everyday life in defining problems; Third World technology transfer implications; S15358
agriculture structure; ecological factors, Great Plains region; S15194
agriculture's political economy, advanced industrial societies; N2783
agriculture, low-income nonmetropolitan southern US counties; purposive sample; S15463
agriculture, post-1973 Chile, capitalist expansion/countryside pauperization; N1027
agriculture, sexual division of labor, Peru; 1976 survey; peasant households; M9373
agriculture, women's contribution, Latin America; farming system, capital penetration; S15261
agriculture/ecology debate, 19th century-present; M9662
agriculture/rural milieu, changing representations, Quebec, Canada, mid-19th century-present; N1310
Cameroon Development Corporation, agroindustrial complex, impact on/adaptation to regional development; S15926
comparative agricultural policy, new discipline, issues, critical Marxist perspective; M9663
contemporary agrarian policy, Soviet Communist Party; M8007
developing countries, export-oriented horticulture problems, international market competitiveness; M9691
directed political socialization, developmental context, Soviet agricultural collectivization case; questionnaire survey; peasant youth; M7897
farmers' part-time activities, France; agricultural structures, family organization; M8032
first agricultural trade union emergence, socialist Poland; N1323
government-financed agricultural betterment schemes' failure, trust, rural Ciskei village, South Africa; interviews; household heads; M9695
health conditions, Italian agrarian laborers, Agostino Bertani's 1890 investigation, comment; M7034
infant mortality, rural agricultural state; socioeconomic status, 1950/1960/1970 births/deaths statistics, Kansas; N0004
interfarm cooperation, agroindustrial integration, social results, USSR; M8041
Japanese-American agriculture structure, World War II-present; government policy-producers interplay; S15430
labor force professionalizing via agroindustrial school, Romania, sociohuman implications; N4721
land size, agricultural modernization, soil treatment; US-Latin America comparison; sample, southern Brazil farms; S15379
latent agricultural population surplus, Kosovo, Yugoslavia; M8040
manpower resources, agricultural production intensification, Pobeda *kholoz*, USSR; N3018
Marx, Karl, Friedrich Engels, Ireland knowledge accuracy, Marx's agrarian capitalism theory examined; N3737
Marx, Karl, rent theory, origins/forms, relevance to agricultural owner-cultivators (advanced capitalist countries); S15907
mass media coverage, Yugoslav agricultural/rural life problems; M8033
"middleman minority" vs petite bourgeoisie concepts, Japanese-American agriculturists; M9061
modern agriculture, Saudi Arabia; training needs; S15447
modern industrialized agriculture, desertification, new techniques need; France; M9668
mortality, agricultural workers, underdeveloped countries; socioeconomic/working conditions; M8370
natural/social catastrophe; Comacchio, Italy, agricultural reforms, tentative geographical situation, physical isolation; M8696
"organic" agriculture; sociological research applications; S15370

part-time agriculture, modern industrial societies, peasant societies residual vs urban-industrial integration; M8020
petit commodity production, agriculture, Okanagan Valley, British Columbia; capitalization, land speculation, government reaction; N4340
petty commodity production decomposition, Iowa agriculture; 1958-1978 census data; S15459
Polish agriculture, socialist transformation implementation, 1944-present; M9672
popular mobilization/social change; production mode, Indian agriculture, Orissa class structure, capitalism/feudalism; M9593
quality of life experience/farming commitment; agriculture structure changes; random sample; S15431
recommended agricultural practices, Uganda farmers' cognition/slow adoption; extension service exposure; S15928
reduced tillage practices adoption, Iowa; ten explanatory variables; S15355
research problem choice, agricultural sciences, perceived criteria; questionnaire; scientists; N4643
rural development, US/Europe; agribusiness impact; N3014
rural sociology, identity crisis, rural society vs agriculture analysis; M9671
selected agricultural practices adoption, advisory group perceptions validity, beef producers case, Florida; S15230
short-handled hoe abolition case study, social conflict/state policy, California agriculture; M9320
small agricultural farm, Chile; national socioeconomic transformation; M9692
social class/sex inequalities, urban/rural Latin America; multinational corporations, agricultural development; N4317
social involvement/characteristics, beef vs broiler producers, rural Louisiana; S15207
socialist agricultural development model, Dazhai community, China, 1964-1976; M8025
socialist agriculture, social class analysis, Bulgaria, 1970s; M9690
socialist rural life, agricultural work collectives, German Democratic Republic; M9677
technological change/social organization of agricultural production, research & development assumption revision need, interdisciplinary research assistance, comments, reply; N4675
technology adoption; Extension Service media; interviews; Louisiana residents; S15211
US food security; agriculture research's role; interviews, questionnaires; scientists; S15410
village social development, agricultural-industrial cooperation; Moldavia, USSR; M8042
wage-earning agricultural workers, social structuring/inferiority; statistical data; France; N0723
youth employment, agriculture, southern Italy; industrial development level; interviews; M9666

Agriculturists
work organization, social change, agriculturists, rural Andhra Pradesh, Uttar Pradesh; new technology, market economy; interviews, observation; N1320

Aid
elderly, subjective well-being; intergenerational aid exchange; questionnaires; Washington residents; N1877
Irish elderly living alone, contact/aid patterns; 1977 European survey; N3564
mutual aid, justice/moral community, social basis; N1942

Air force
marital relationships, stress/lifestyle relation, missile launch officers; questionnaire; junior US Air Force officers' wives; N3393

Aircraft
air disasters, college athletic teams; aviation safety's unequal social distribution; 1960-1980 data; S15677

Airline traffic
tomorrow's technical/communications labor force, problems/prospects, air traffic controllers' strike, 1981; interviews, surveys; labor leaders/followers; S15862

Alabama/Alabaman/Alabamans
Alabama business enterprise/society, historical study; industrialism, race; M7501
government services utilization, rural low-income residents, Alabama; S15222
part-time farming characteristics/consequences; mail survey; Alabama farmers; S15214
population changes, Alabama's Black Belt counties, 1960-1980; N0008

Alaska/Alaskan/Alaskans
fishermen characteristics, hard work/competition, Bristol Bay salmon fishery, Alaska; M7986
public policy, anthropology, Alaska; recent policy, legal systems/native subsistence/commercial fisheries; M8606
recreational specialization, Alaska boaters; 1979 survey data; S15444
resource allocation issues, subsistence hunters, Alaska; survey data, 1979; S15471
suicidal behavior, Native American, Canadian/Alaskan Natives, annotated bibliography; N0812

Albania/Albanian/Albanians
Albania, recent historical outline, integral Stalinism; M9376
women, traditional role, northern Albanian society, contradictory features; N5367

Alcohol
adolescent drug/alcohol involvement, developmental stages, cross-cultural comparison; interviews; Israel, France, US; N5239
alcohol availability/consumption, alcoholism; tourism role; all states/Washington, DC, examination, R. G. Smart's variables used; N4422
alcohol consumption research/state regulation, Finland; N0179
alcohol dependency genesis/homeless, living situation consideration, marginal group status; questionnaire; children aged 11-15; Munich, West Germany; N3538
alcohol dependency, West Germany, definitions/theories/treatment; N3549
alcohol problems; stressful events/conditions, Robert Bales's alcoholism theory tested; S15571
alcohol use, homosexual men; S15647
alcohol use, sex differences, women's roles; national data; N3698
alcohol use; boredom, different types contrasted; S15595
alcohol uses/cultural regulation, Europe; N2624
alcohol, drinking episodes, Finnish films, men/women relationship portrayal; M9436
alcohol-related mortality, Tasmania, Australia, 1971-1978, social correlates; N0027
alcohol-related problems study, California, sociocultural/distribution-of-consumption models, Patrick G. Donnelly's study replicated; N5192
alcohol/other beverages, television portrayal; N4397
alcohol/social control, alcoholism, disease model, critical analysis; S15309
alienation/alcohol, drinking behavior; work, mastery, community; interviews; employed males; N1870
batterers, alcohol abusers/nonusers, discriminant analysis; interviews; female battering victims; N3490
beverage alcohol advertising, magazine data, content analysis; N4408
communitas, wine/identity relation, Swiss Alpine village; N4648
drinking practices, alcohol consumption; stress/boredom, job characteristics; interviews; jobholders, Boston, Massachusetts; N5159
drinking/alcohol, Finnish literature, 1911/12, 1972, cultural continuity examined; N5191
drug/alcohol abuse activities, residents vs inmigrant teenagers, rural Georgia; S15195
ethnicity/alcohol consumption/mortality relationship; county-level statistical data; Pennsylvania; N4993
life events/drinking patterns/depressive symptomatology, alcohol consumption, stress-buffering role; interviews; residents aged 18-60, rural Tennessee; N5190
state, drug/alcohol abuse, history of contradiction/accommodation, California case study examples; S15834
Vandervelde alcohol law, Belgium, working class's emancipation struggle, historical/ideological perspective; N3533
women's drug/alcohol use, new perspectives; N3706
women/alcohol dependency origins, family/society situation focus; N3722

Alcoholic/Alcoholics/Alcoholism
alcohol availability/consumption, alcoholism; tourism role; all states/Washington, DC, examination, R. G. Smart's variables used; N4422
alcohol problems; stressful events/conditions, Robert Bales's alcoholism theory tested; S15571
alcohol/social control, alcoholism, disease model, critical analysis; S15309
alcoholic patients' posttreatment functioning, family/occupational resources, E. Bromet's/R. H. Moos's study critiqued; t-tests, interviews, questionnaire; N3556
alcoholic personality search, multicausal factors; N4114
alcoholic's "loss of control" as sociological category; N3544
alcoholics; social network size/richness; questionnaire; male patients, treatment/detoxification facilities, Seattle, Washington; N4413

alcoholism as disease concept, welfare state aid entitlements; M7711
alcoholism as folk disease, prealcoholic personality type, therapy choice; treatment outcome examination; detoxification patients, urban psychiatric hospital; N5165
alcoholism problem, symbolic-interaction theory perspective, application to alcoholic; N3539
alcoholism therapy, counselor's/ethnographer's cooperative roles; case study; Papago Indians, Arizona; N4116
alcoholism, Israeli Jews, research rationale/ethnic factor, pilot study; N5197
alcoholism, mothers/fathers, effects on children; M8526
alcoholism, P. Watzlawick's communication theory approach; N3500
alcoholism, South African sociological research analysis, conclusions, treatment implications; N1843
alcoholism, US sociological research themes/methods; N5178
alcoholism/criminality relationship, confounding/differentiating factors; 1975 follow-up data, 1942 youth treatment program; Massachusetts; N5223
double alcoholic marriage, characteristics; N5096
eroticism/sexual performance problems, chronic alcoholic men, social interactionist perspective; interviews; wives of alcoholics/nonalcoholics; S15658
family support/social functioning perception, panel model; questionnaires; community groups/alcoholic patients; N5148
female alcoholism; traditional sex role, social pressure; N5193
functioning of married persons with impaired partners, conceptual model, spouses of alcoholic patients case, longitudinal study; questionnaires; N1725
homosexuality-alcoholism relationship; biological/genetic, learning theory, psychoanalytic perspective, sociological models analyzed; N4133
male alcoholics, partner/marriage choice problems; N3545
preventive medicine, new focuses, application to alcoholism case; N1869
scientific ideologies, drinking behavior/alcoholism conceptions; N1820
semantic differential data, factor analysis, application to teenage alcoholism research; N0499
social/psychological functioning; family relationships; longitudinal study; interviews, questionnaires; alcoholics, treatment unit, Winnipeg, Manitoba; M7468
specific alcoholism treatment programs need, elderly, nationwide examination; N5207
youthful alcoholism genesis, family sociology aspects; interviews; male alcoholics/nonalcoholics; N3467

Algebra/Algebraic
blockmodeling, algebraic techniques; N2133
Boolean algebra use, overlapping membership analysis; N2134

Algeria/Algerian/Algerians
feminism/feminist movements, Middle East, women's rights conception, Turkey/Egypt/Algeria/People's Democratic Republic of Yemen; N3674
liberal-inspired constitutions adoption, power concentration in chief of state, Maghreb countries, Algeria/Morocco/Tunisia; N2920
Muslim judge crisis, colonial Algeria/Senegal; settler-dominated municipal politics; M8251
ruined tribe, Oudjana, Aurès foothills, Algeria; N0903
social trajectories/careers; survey; Algerian businessmen; M9638

Algorithm/Algorithms
social networks, k-plexes preservation, graph theoretic blocking procedure, algorithm; N0520

Alienation/Alienated
alienation from school/society, sex differences; black lower-class matriarchy; questionnaire; black adolescents; M8449
alienation theory/research/methodology; trends, issues, priorities; M7303
alienation, general theory formulated; human association/disassociation typology; M9050
alienation, normlessness dimension; religiosity, multivariate analysis; General Social Surveys; M9154
alienation, nursing home residents; family emotional support; interviews; N5210
alienation, positive aspects; N4002
alienation, reification as primary subjective moment; social institution attitudes scale; West Coast radicals, Nevada businessmen; M7263
alienation, Vietnamese refugees, US; questionnaire; high school/college students; N4042
alienation/alcohol, drinking behavior; work, mastery, community; interviews; employed males; N1870
alienation/work-related organizations membership/status perceptions relationship, teachers' organizations test; S15307
alienation; disability, impact hypothesis contradicted; interviews; unimpaired individuals/Workers' Compensation recipients; N2514
alienation; social class, life satisfaction; questionnaire, General Social Science surveys; elderly, adults; N5206
definitive alienation scale development; N2115
employee-union members' powerlessness/alienation; work/union organization; survey; Norwegian union members; N4254
job characteristics/alienation/work-related behavior relationships; interviews; professional technical/managerial employees; N4567
Marx, Karl, alienation concept, interpretations development; N0400
negative voting, school bond election; alienation; questionnaire; households; N4450
prestige, work satisfaction, alienation, garbagemen/professors/other work groups; N1305
school adjustment, black/white adolescents; alienation; Adolescent Alienation Index, Dean's alienation scale, questionnaire; N3345
social alienation, specificity; interviews; residents, New Haven, Connecticut/London, England; M9160
social problems, Karl Marx's alienation theory/dialectical materialism methodology, application to US problems; S15943
sport-preference/personality relationship, social alienation/self-esteem cases; questionnaire; university students; M7794
student alienation reduction, high schools, theory implications; N4751
work alienation/involvement components definition, break between psychological/sociological approaches; N4253
work alienation/labor expropriation under capitalism, Karl Marx's concept reviewed, criticized; N0679
worker alienation as control problem, industrial brewery bottling industry, ethnographic study; S15833
young West Indian blacks, white social values alienation; survey; blacks/whites, England; M9127

Alignment/Alignments
motive presentation/construction, social interaction; alignment metaphor criticized, criterion indexing/counter indexing concept applied; M8810

Alimony
alimony payments practice assessment, efficiency, legal/social norms; observation, survey, interviews; divorced husbands/wives, Belgium; N1597

Alinsky, Saul
Alinsky, Saul D., community theory elements, community of limited liability approach; M9066

Alliance/Alliances
environmental movement/Left, antagonist vs alliance role; N5310
Kaningou myth, inverted alliance misfortunes, Bamiléké districts, Cameroon; N0880

Allocation
distributive justice norms, allocation decisions, need consideration; experiment; West German high school students; M7413
labor market future, malfunctioning allocation principle deficiencies; N0686
marital power/task allocation, wives-husbands reports discrepancies; random measurement error; interviews; married couples; M8486
medical care planning, geographical allocation model, facilities/population density, South Tama district, Tokyo, Japan; N1859
open/closed positions, allocation processes, social structure; N4006
resource allocation issues, subsistence hunters, Alaska; survey data, 1979; S15471
reward allocators evaluations; task inputs, situational context, sex; semantic differential scales; undergraduates; N2567
"the commons" game, sociology class exercise, resource allocation factors; M8926
time allocation among individuals, partial-/general-equilibrium points; N2200

Allport, G. W.
Allport, Gordon W., J. M. Ross, intrinsic/extrinsic religious orientation scale, age universal form developed/tested; evangelical school students, adults; N3785
Allport, Gordon W., religious orientation/thought complexity, existential concerns; C. Daniel Batson's religious quest concept; questionnaires, testing; University of Kansas undergraduates; N1476

Alpine
communitas, wine/identity relation, Swiss Alpine village; N4648
structure, development cycle, Alpine shepherd families, Piedmont, Italy; N0110

Alsace, France
linguistic change, social dynamics, French/Alsatian dialect; interview questionnaire; rural Alsace, France; N1419

Alternative/Alternatives
alternative funerals attitudes; questionnaire; congregation members, small midwestern Protestant church; M8206
alternative medical education/treatment, clients' motives; participant observation; Bologna, Italy; N5161
alternative therapeutic systems, illness episodes analysis, Belize, semiotic framework; fieldwork; N3523
alternative ways of life viability, aborigines/Torres Straits islanders, Australia; N0835
"alternative" lifestyles, Argyle Street cooperative, Norwich City, England; participant-observer interviews; residents; N1344
capitalist technology critique, Germany/abroad; environmental problems, future trends; annotated bibliography; N5311
Cleveland Alternative Education Program, Ohio, serious delinquents, new conventional attachments; S15591
dispute settlement, adversarial vs alternative procedures; law school role; S15684
group choice process, three or more alternatives; N0820
housing consumption analysis, alternative approaches to family life cycle; N5110
land use policies, local economic development; land banks/trusts; effects on employment; S15372
marital disruption predictor, marital alternatives concept, longitudinal study; interviews; married, white, urban couples; M8502
marital happiness/disruption relationship, marital alternatives level; interviews; white urban couples; N1792
religious education process, alternative approaches/pedagogy choice; questionnaire; religious teachers, parents, various denominations; M8233
school effects research/achievement prediction, standardized test performance, alternative school environment measures; longitudinal data; grades 3-5; M8142

Althusser, Louis
Althusser, Louis, contribution to Marxism, metaphilosophical positions, "epistemological break" thesis; N3742
Althusser, Louis, epistemology, relation to French Marxism; N5382
science/ideology relationship, Jürgen Habermas's/Louis Althusser's analyses; Antonio Gramsci; M8302
social formations logic, Louis Althusser's/Michel Foucault's/Claus Offe's/Jürgen Habermas's work synthesized; M7261
structuralism, France, positivism, Marxism, Louis Althusser, Roland Barthes, Michel Foucault, Claude Lévi-Strauss; N2278

Altitude/Altitudes
human fecundity/fertility; high altitude hypoxia, culture, Himalayas/Andes populations comparison; N4985

Altruism/Altruistic
altruism vs self-interest expectations development; behavior predictions; boys/girls; N2379
exemplary entrepreneurship/altruism motivation, US immigrants to Israel case; N4363
human altruism, sociobiological explanation, social scientist's perspective; M7315
human altruism, sociobiology, love/tenderness motives disavowal; M7316
police professionalization, job satisfaction/public altruism; questionnaire; midwestern sheriff's department; N2988
self-perceived altruism; helping under normative pressure; experiment, questionnaire; N2552

Alumnus/Alumnae
alumni values one decade after college, period/specific age effects, longitudinal study; S15799
athletic success; alumni contributions; major US universities; M9459

Amazon
socioeconomic/ideological characteristics, Amazon urban healer's clientele; interview, questionnaire; Pucallpa, Peru; N0909

Ambiguity/Ambiguities
resettlement process, Vietnamese refugees, US residency; 1975 "New Life" operation, political ambiguity, improvisation success; M8610
role conflict/ambiguity, literature integration, future research directions; N2559

Ambition/Ambitions
sex roles, political ambition; interviews; Cook County, Illinois, municipal officeholders; N2481

Amend/Amends/Amended/Amending/Amendment/Amendments
Equal Rights Amendment defeat, patriarchal state; N1136
Equal Rights Amendment defeat, right-wing mobilization of women; N2006
Equal Rights Amendment opinion; anticipated consequences, background, spouse's opinion; interviews; national sample, married couples; M9429
political ideology, religiosity, attitudes toward women; interviews; pro-/anti-Equal Rights Amendment women; N2003
pro-/anti-Equal Rights Amendment activists, comparison; questionnaire; N4377
women's movements, women's opposition, antisuffrage/anti-Equal Rights Amendment ideology comparison; S15303

America/American/Americans
age consciousness/American dream relationship; interviews; middle-aged/elderly people; N4051
American Association for the Advancement of Science 1981 meeting, international affairs/education/industry/development; M9939
American Red Cross Donor 17 blood drive program; high school student blood donor recruitment/retention program effectiveness; S15712
American Society of Criminology meetings, 1977-1979, criminology/criminal justice graduate departments' participation, institutional prestige; N1247
American Society of Criminology, future; M9643
anthropologists/social scientists, wartime camps, Japanese Americans, historical role, documentary study; M9224
child abuse/neglect, patterns/determinants, European-/Hawaiian-American families, Hawaii; N5084
Chinese-American family, strategies, resultant family forms, split household/small producer/dual wage earner; N1729
communication/ideology/American Dream/class struggle, Marxian analysis; 1960s protest, Martin Luther King's "I have a dream. . ." speech, Dan White's murder trial, San Francisco, 1970; M7745
democracy transition, South America; N1031
desired residential mobility, low-income ethnic community, Chinatown (San Francisco) case study; interviews; Chinese-American adults; N3275
elderly Americans, current economic/residential/familial status; S15805
elderly, Japanese American, first-generation immigrants, aging/social participation relationship; interviews; N5209
ethnic concentration/community involvement, Japanese Americans; two-generation sample survey; California; S15439
ethnic idenity/ethnic boundaries/marriage preferences relationship, Greek-American case; Tucson, Arizona; N3461
ethnic identity as community esteem source, elderly, Corsicans, France/Portuguese-Americans, California comparison; N5204
ethnic survival under Anglo-American hegemony, Louisiana Cajuns; N4171
exemplary entrepreneurship/altruism motivation, US immigrants to Israel case; N4363
exogamy/biosocial structure change, modern urban population; interviews, marriage data; Japanese Americans, Seattle-King County, Washington; M9237
farm land value; migration, production intensification; US Census data; S15354
fertility levels, first-/second-generation Mexican-American vs US women; generation, female education; N0006
folk health sector nature, network formation techniques/logistical problems, fieldwork situation, Palestinian Americans, metropolitan Washington, DC; N4207
Greek-American assimilation; socioeconomic status; Cincinnati, Ohio; N4164
health/crime trends, Chinese Americans; M9195
Hungarian Americans, Washington, DC, community development, food habits role, ethnicity expression; N4166
Japanese-American agriculture structure, World War II-present; government policy-producers interplay; S15430
language shift to English, Chinese Americans, causal explanation; N3057
Lee, Alfred McClung, *Social Problems in America*, William D. Maslow's classist charge refuted, response; N0672
life satisfaction, older Americans; social interaction quality/quantity; General Social Survey, interviews; adults aged 60+; N0184
literature, Paraguayan narrative, contemporary Hispanoamerican context; N4706
"middleman minority" vs petite bourgeoisie concepts, Japanese-American agriculturists; M9061
movidas (coping/interaction strategies), Mexican Americans' uses; ethnographic/dramaturgical vs ethnomethodological approaches; M7441

public opinion polls, newspaper reporting, American Association for Public Opinion Research standards conformity factors; M9440
small farming destabilization, Central America/Andes; capitalist transformation of agriculture; M9689
sociodemographic correlates, adjustment; survey; American migrants, Australia; N3251
South American parish registries, social/intellectual history sources; N0463
success image validity, Asian Americans, Korean immigrants case study; interviews; Los Angeles, California; S15811
territorial personalization, group identity/social interaction indicator; interviews; Slavic-American neighborhood residents, Kansas City, Kansas; M9205
women's status, Southern Sociological Society vs American Sociological Association; N0589

American Sociological Society/American Sociological Association
American Sociological Association's Teaching Services Program, available resources; M8927
gay & lesbian sociologists, American Sociological Association's Task Group on Homosexuality report; survey results, stigmatization problem; M8920

Americanization
elderly Asian immigrants, US; Americanization/assimilation; experimental approach; S15685

Amish
agricultural innovation adoption, Amish society; S15428
Amish, selective acculturation, social change; visits, mailed questionnaire sample; Indiana, Iowa, Ohio communities; S15735
Pennsylvanian German language; maintenance/shift; interviews; Old Order Amish/Mennonites; M8109

Amsterdam, Holland
artistic experiments, counterculture center, Paradiso, Amsterdam, Netherlands, attempt to bridge modern art/society gap; N4708
urban crisis management/police force, Amsterdam squatter-activists case; M8283

Anabaptist/Anabaptists
French Anabaptist Mennonite Assemblies, history, present status; N1536
religion ritualization/economic rationality coexistence, Canadian Hutterite Anabaptists, Weberian perspective; N3140

Analogue/Analogy/Analogies
secular rituals, theoretical approaches outlined, religious analogy drawn; N3996
sociological theory, analogical models; M7298

Analysis/Analyses/Analyzing
age-/period-based dependent variables measurement, discrete archival data, cohort analysis model, white male educational attainment example; N2186
aggregate analysis methodology, errors in traditional procedures/improvement suggestions, Australian Federal Electorates data analysis; N3808
causal analysis, contingency tables, predictive power methodology; N0496
causal analysis, standardization; M8880
causal analysis, statistical relations, multivariate percentage tables; N3822
causal analysis, US sociology; historical development; N3754
child abuse, institutions; problem analysis, multicausal models; role-playing techniques; M8900
class analysis, classical tradition; N3883
cluster analysis, classification; sociological uses; N3799
cognitive systems as concept applied at organizational/individual level of analysis; N3997
cohort analysis utility/logic; M8873
cohort analysis, events capable of "producing" cohorts, related fundamental problems, birth cohort focus; N3783
college faculty salaries, sex difference analysis procedures, affirmative action investigation; personnel records; N4556
communication/ideology/American Dream/class struggle, Marxian analysis; 1960s protest, Martin Luther King's "I have a dream. . ." speech, Dan White's murder trial, San Francisco, 1970; M7745
communication/social structure relationship; content analysis, symbolic-interactionist approach; Martin Luther King's 1963 March on Washington speech, James Michener's novel *Centennial*; M7266
computer-aided content analysis, measurement models; N0491
conservative Protestantism, sociologicl analysis; N4792
content analysis development, social reality recording, temporal sequences; N0464
content analysis method, social history; sociology of knowledge perspective; structuralism's impact; M8642
cultural indicators generation, content analysis origin, secondary analysis, Pitirim A. Sorokin's systems of truth fluctuations data; N1924
data collection/analysis/research strategies, fieldnote file organization framework; N0453
dimensional analysis, social science research, white flight from urban school application; M7088
discrete data analysis, structural models reviewed; case study, college attendance decisions; high school seniors; N2161
dyadic systems analysis; structural balance theory, formal model conceptualized; marital interaction case example; N4037
empirical social research, structural equations, path analysis, discrete data; N3814
exploratory data analysis, selected methods/pedagogical applications; N2158
Falter, Jürgen W., multilevel analysis issues critiqued, rejoinder; N0488
Gallino, Luciano, *Society: Why It Changes, How It Functions: A Systematic Introduction to Sociology*, from organicism to systems analysis; N3902
General Household Survey as secondary analysis source, GB; N3784
gross vs net migration rates; formal analysis, probabilistic concepts; N2159
history/sociology rapport, historical change/sociological structure synthesis proposed, Jacques Le Goff's Marxist structural analysis presented; N3863
income analysis procedures, residents holding two jobs, Turin, Italy; M7987
inequality measures, application to interval scales, regression analysis; N0495
interaction analysis schemes validation, observation modes; M7037
loglinear analysis, Leo A. Goodman's goodness-of-fit measure; variation explanation; N3820
loglinear analysis, skeptical note, application to racial prejudice data, 1946-1963; S15847
Marradi, A., two-stage factor analysis criticized, component analysis suggested; N0452
Marxist social analysis, functional explanations reliance, methodological individualism/game theory principles utility advocated, comments; N3731
mining, nature exploitation, cultural-sociological analysis; N4245
movement behavior, semantic analysis; meaning conveyance devices; N0704
multivariate data, structural analysis, past decade's advances; N2155
multiway contingency analysis, scaled-response dependent/scaled-factor explanatory variables; N2140
network analysis development, flowering/mature phases; M7669
network analysis use, sociology/anthropology, reappraisal; N4330
network, graph data analysis; statistical models/methods reviewed; N2146
organizational analysis, sociological/social psychological perspectives, Welsh colleges case; tests; final-year students; N4309
overdevelopment/dependent development, contemporary process, conceptual/analytical approaches; N4345
panel analysis; comparative cross-sectional analysis/time-lagged association parallels; election data case, 1956/1960; N2142
panel analysis; data asymmetries, other problems; N2141
panel data analysis, nonstationary Markov chain models; time homogeneity assumption; N2170
panel studies with missing data, maximum likelihood estimation methods; N2162
path analysis structural equation models, indirect effects, asymptotic confidence intervals; N2172
policy analysis profession establishment, performance standards, training; M7985
policy analysis studies, US development/"export" to Europe, implementation strategies, sociological perspective; N4449
policy analysis, science indicators; alternative decision-making strategies, policy check; N0291
psychocultural analysis, Korean sociopolitical reference frame; Associative Group Analysis tests; US/South Korean samples; N0824
psychosocial behavior analysis, beliefs system; Melvin J. Lerner's hypotheses/experiments; M9120
qualitative content analysis, standardization possibility; M8861
qualitative content analysis, subjectivity, ideology; psychoanalysis vs deep-hermeneutic approach, Klaus Mann's *Mephisto*; N4075
qualitative data analysis, LISPQUAL computer program; M7057
qualitative vs quantitative research techniques, library research as fieldwork; adaptations for content analysis; M7060

science/politics/analysis relationships, significance for policy process; N0426
scientific-technical revolution, origin/structure/orientation, environmental-ecological issues; Soviet analyses; N4935
secondary analysis usage, quasi-experimental research; M7078
simultaneous latent structure analysis, several groups; S15768
social change analysis, frequency distribution, persons/sociodemographic categories; transition matrices; N2189
social groups theory/sociological analysis, proposals of contemporary sociology; N3940
social network analysis, multivariate categorical data; linear models; US business organizations; N2144
social networks, dynamic analysis; stochastic/binary digraph model; N2180
social security spending, methodological issues, qualitative vs quantitative analysis, data use; N2095
systems analysis, anthropological application, Mississippi black migrant/midwestern urban groups; N2310
text analysis, Roland Barthes's semiological/structuralist method; Martin Luther King's "I have a dream. . ." speech application; M7067
theatrical perspective, organizational analysis; N2767
theoretical perspectives, historical analyses, application to juvenile justice literature; M9905
transitions, population analysis; multidimensional tables, matrix notation; N2154
variables relations strength, loglinear analysis, interpretation; N2129
work processes, machines' functions, linguistic analysis; N4282

Analytic/Analytical
analytical hermeneutics, interpretative social inquiry post-Ludwig Wittgenstein; N0435
contemporary analytical theory of science, synthesis of Western philosophers' theories; N4962
Parsons, Talcott, Max Weber's analytical-functional rationality model interpretation; M8988
personae/social roles, personality types, small groups, network structure; self-analytic university groups; M7340
sociology's major orientations, empirical-analytical vs Marxist theories, origins; M9004
Znaniecki, Florian, social action/analytical method work; M7193

Anarchy/Anarchism/Anarchist/Anarchists/Anarchic/Anarchistic
anarchism, social theory, cooperative order vs coercive control; N3963
crime/punishment, literary works, Spanish anarchist movement, individual/society conflict; N1393
fascism/organized crime/foreign policy link inquiry, anarchist Carlo Tresca's assassination examined; N2864
military bureaucracy, 1980s, "organized anarchy" production; institutional/interpersonal politics interplay; M9340
Portuguese journal *A Sementeira*/"arsenalist" Hilário Marques, anarchist doctrine/propaganda; N2831
Terra Livre, anarchist weekly newspaper, first Afonso Costa government; N2894
working class's social influence, autocratic/anarchist continuum outlined, Yugoslav self-management examined; N4533

Ancestor/Ancestors/Ancestral
Boule, Marcellin, Neanderthals as human ancestry rejection, social context of scientific research; N3217
Indian-ancestry population, justice issues/provincial correctional system, Saskatchewan; M7505
Japanese new religious sect, Kishin-kai, ancestor worship role; survey data; N1537
reincarnation beliefs, naming/guardian ancestors, Serer Ndout, Thies region, Senegal; participant observation, interviews; divinators; N0896

Ancient times
identity, ancient Greece, definition by exclusions; M9119

Andes/Andean
developing urban centers/indigenous rural communities relationship, Peruvian Andes, peasants; N4658
human fecundity/fertility; high altitude hypoxia, culture, Himalayas/Andes populations comparison; N4985
peasant production/proletarianization/sexual division of labor, Andes; material conditions; N0342
peasantry integration, state expansionism, Mesoamerica/Andes; M9378
regional economic nationalism success/failure, Andean countries, 1969-1977; M9546
small farming destabilization, Central America/Andes; capitalist transformation of agriculture; M9689

Andhra Pradesh, India
work organization, social change, agriculturists, rural Andhra Pradesh, Uttar Pradesh; new technology, market economy; interviews, observation; N1320

Andrei, P.
Andrei, Petre, sociological conception, culture/politics; N3926

Androgyny/Androgynous
androgynous children, tomboys/sissies, social behaviors, personality characteristics; peer-rating test, questionnaires; elementary school children; N2432
androgyny levels, sex-gender differences; questionnaire self-descriptions, laboratory interaction; college males/females; 1958-1978; N2428
androgyny, conceptual critique; N0805
androgyny/sex-role orientation/homosexism relationship; questionnaires; college students; N2425
"gender polarity" beliefs; sex differences; Bem Sex-Role Inventory; androgynous/sex-stereotyped students; N4083
male/female interpersonal attraction; psychological androgyny/sex typing/sex-role ideology as predictors; Bem Sex Role Inventory; college students; N2493
personality adjustment; psychological androgyny; Bem Sex-Role Inventory; undergraduates, psychiatric inmates; N2384
psychological androgyny, self-image aspects, interpersonal/situational adaptability; Bem Sex-Role Inventory; college men/women; N4073
sex-role orientation, androgyny, US/Israel compared; Bem Sex Role Inventory; undergraduates; N2473

Anglican/Anglicans
anglicization/US, language practice, children from Spanish- vs other minority-speaking households; parental nativity; census data; N1423

Anglo
auto-/heterostereotypes, uniformity/intensity/direction/quality; questionnaire; US Navy Hispanic/Anglo recruits; N2556
Brodetsky, Selig, Anglo-Jewish Zionism; N0840
ethnic survival under Anglo-American hegemony, Louisiana Cajuns; N4171
overweight; Mexican/Anglo comparison, social/cultural factors, methodological issues; interviews; N5166
rationalization, Anglo-legal culture, English testimonial oath study; N3193
stressors/personal coping resources interactions, various psychiatric symptoms, fatalism/inflexibility characteristics examined, Anglo adult residents, El Paso, Texas; N5199
traditional Mexican family's sex roles, Chicano vs Anglo students' attitudes; questionnaire; undergraduates; N2602

Anglophone/Anglophones
work approaches, cultural differences perceptions; interview questionnaire; Anglophone/Francophone managers, large corporation, Quebec/Ontario; M9334

Animal/Animals
animal abuses, Bengali Indians, cross-sexual semantic study, evidence of homeostatic control of sociocultural system; N4199
animal feed, antibiotics use, nearly invisible social issue; interviews; policymakers/scientists/producers; S15935
animal/human behavior models construction, observation procedures problems; M8388
bowhead whales conflict, Eskimo harvest vs conservation attempts, history, present status; N0907
jealousy, innate response vs cultural creation, animals'/humans' jealousy patterns; questionnaire; psychology student pet owners; N4078
scientific information publication, communication efficacy, animal science field; M9977
value/morality dimensions, animal/human subjects experiments; questionnaire; undergraduates; N0619

Anomia
anomia level, longitudinal comparison; interviews; Kansas rural women; N2501
anomia measures; item contiguity, probing; split-ballot experiment; Detroit, Michigan; M7069
anomia; socioeconomic status, perceived affluence; interviews, adults, Cincinnati, Ohio; M7437
employed wives/housewives, anomia; interviews, 1974 General Social Survey; N3704
future time orientation/social class/anomia relationships, time perception test, anomia scale; metropolitan residents; M9146
happiness/life satisfaction/anomia, self-perceptions; survey intelligence scores; N2529

Anomie/Anomic
anomie, Emile Durkheim's concept reviewed; industrialization's effects on social solidarity/cohesiveness; M9078
Durkheim, Emile, intellectual biography "break," concurrence with anomie concept development; N2223

industrial anomie, actual production setting; Mertonian model, Marxian aspects; interview data, San Francisco, California workers, 1979/80; N2287
locus of control/anomie relationship, Western/African cultures; J. B. Rotter's Internality-Externality Scale; college students; N2508
marital status, happiness, anomie; M8496
narcissism/anomie, postindustrial society specificity; M9115
scientific communities' social disorganization, anomie/dissensus; high vs low paradigmatic concensus disciplines; N3962
sexual anomie, Emile Durkheim, Edward A. Tiryakian critiqued; rejoinder; M7142

Anonymity/Anonymous
choice shifts, anonymous conditions, pervasive arguments; social comparison hypothesis; undergraduates; M7377
deviance, anonymous sanctioning, small groups; S15903

Antagonism/Antagonize/Antagonizes/Antagonist/Antagonists
division of labor, class antagonism/ideology functions, bourgeois sociology's/Marxist theory's poor distinctions criticized; N3876
environmental movement/Left, antagonist vs alliance role; N5310
modern marketing techniques use, Belgian theaters, antagonism reconciliation question; N3072
racial antagonism explanations, Ralf Dahrendorf, social class position; M9219

Antecedent/Antecedents
child abuse/neglect, economic antecedents, aggregate longitudinal approach; official data, Los Angeles/Orange Counties, California; N5036
substance use antecedents, sex differences; questionnaire; adolescents; N3330

Anthropologist/Anthropologists
anthropologists/social scientists, wartime camps, Japanese Americans, historical role, documentary study; M9224
Bateson, Gregory, life's work reviewed; bibliography; M8979
Berreman, Gerald D., "Scale and Social Relations," scale, anthropologists' lack of systematic exploration claim, refutation; N3990
Christian missionary activities, anthropologists' increasing attention; N4819
conceptual diversity, social basis, 'race' concept case; questionnaire; physical anthropologists; M8644
Davis, John, *People of the Mediterranean: An Essay in Comparative Social Anthropology*, anthropologists' failures, comments, reply; N4019
development anthropologists' work, Francophone Africa, Gérard Ciparisse's/I. De Garine's contributions; N4346
race concept orientation, social factors, ideology; questionnaire; physical anthropology instructors; N0267

Anthropology/Anthropological
acculturated societies, anthropological work's nature/purpose, French Polynesia; M8805
anthropological approach suitability, African urban milieu; M9267
anthropological culture ranking, cultural relativism vs ideological bias; Arthur Hippler's responses to Joseph P. Reser's comments criticized; M9067
anthropological fieldwork, ethics; M7131
anthropological population theory, Bonnie Anna Nardi's review criticized; N0020
anthropology methodology, observation concept, A. R. Radcliffe-Brown/Claude Lévi-Strauss vs E. E. Evans-Pritchard/Clifford Geertz; M8823
anthropology of everyday work, ethnosociological perspective; technological change; N4234
anthropology of fishing; N4193
anthropology of health as scientific representation, Quebec, Canada, research, 1960-1981; N1860
anthropology of industry, major writings, critical reappraisal; N4250
anthropology of knowledge, research review since mid-1970s; N5256
anthropology of symbolic healing; successful healing via psychosocial mobilization of patient's biochemical response system, comments, reply; N5163
anthropology of women, recent developments; N0595
anthropology, African colonial administration, GB; M7184
anthropology, cultural evolution, mechanical materialism factor, protein myth fiasco; M9244
anthropology, ethnographic fieldwork observation, epistemological principles, positivism/subjectivism combined; M8827
anthropology, ethnographic film, reflexivity methodology; N1436
anthropology, ethnographic observation, Claude Lévi-Strauss's inconsistencies; M8819
anthropology, life history writing, methodological review; M8863
anthropology, policy studies; professional problems, assets; M8611
anthropology, recent gender studies, symbolism/asymmetry, sociology of knowledge; N0368
anthropology, transcultural psychiatry; psychological reductionism, Durkheimian vs Freudian approaches, Claude Lévi-Strauss's impact; N5186
anthropology/policy studies, divergence from traditional research assumptions, comments, reply; N5298
anthropology/sociology, common problems; participant observation, interviews; officials/activists, associations/academic departments; N3904
applied anthropology experiences; agency settings, personal account; M8604
art behavior, anthropology; Denis Dutton's views criticized, reply; N3859
Cochrane, Glynn, "Policy Studies and Anthropology," comments, reply; N5304
cognitive performance, anthropological study, evolutionary structuralism theory vs formal-analytical model; N2308
computer simulation models use, anthropology, post-1972 literature review; N3819
conceptual diversity, social basis, 'race' concept case; questionnaire; physical anthropologists; M8644
cultural anthropology epistemology, ethnoscience/-centrism, depicting all folk systems as conventional; N0423
cultural anthropology, biographical monograph's scope/role, cultural ambience profile; N0884
Davis, John, *People of the Mediterranean: An Essay in Comparative Social Anthropology*, anthropologists' failures, comments, reply; N4019
Dumont, Fernand, *Anthropology in the Absence of Man* discussion, relevance epistemology, existence question, reply; N2332
ecological anthropology, development overview bibliography; N5313
economic anthropology, methodological polemics, synthesis possibilities; N2306
ethnicity study, South African anthropology, critique, field experience perspective; M9223
ethnographic interpretation, anthropology; fallacious inferences criticized; N0655
everyday life, sociological/anthropological concept, nature-culture interface; N3976
field anthropology, ethical issues, epistemological disjunctions; M9017
forensic anthropology, military setting; M7227
Frazer, Sir James, *The Golden Bough*, primitive mind theories context, anthropological value; M9883
Gehlen, Arnold, philosophical anthropology, "rationalized" culture contradictions; M8975
health, political economy, medical anthropological literature trends, Middle East, Egyptian village case; participant observation; N1834
health, state; medical anthropologists' policy recommendations, Sudan case study; M8519
ideology, anthropological community's aims, theory proliferation; M7017
Indian anthropology, dead/dying status; comments; N3847
indigenous anthropology, non-Western countries, 1978 conference proceedings; N4222
industrial relations, epistemological-logical/structural historical/anthropological-ontological analyses; M7042
interactional psychology, implications for psychological anthropology; M9052
knowledge/culture theories, US anthropology; N0707
la Société des observateurs de l'homme, anthropological society, post-French Revolution establishment, ideas/achievements; N0253
Lévi-Strauss, Claude, structural anthropology, philosophy/science/presuppositions thinking inconsistencies; N2273
life history writing, anthropology, individual life understanding vs explanation; M9152
literature, abstract world conceptualization models articulation, anthropology case, Marcel Proust's *Remembrances of Things Past* examined; N1415
media effects, research results integration, productive dialogue, anthropological framework, television viewer case; M9438
medical anthropology, development, theoretical perspective; N0133
medical anthropology, illness/sickness, paradigms; N5173
microcomputers, anthropological research effectiveness/productivity improvement; N0459
migration patterns/familial structure/inheritance system, Hurds, Spain, anthropological analysis; N1654
natural sciences, future reliance on social science-like theories, Denis Dutton's proposal for anthropology; N3891

network analysis use, sociology/anthropology, reappraisal; N4330
old age, aging, recent cross-cultural anthropological research review; N5208
"patron-client" relations, sociological/anthropological literature, Da Ponte-Mozart operatic works, content analysis; N3083
philosophical anthropology, Arnold Gehlen, spiritualist/biological perspectives; N0697
popular/official religions dichotomy, anthropological/historical perspective; M9857
Prague functionalism, influence on US linguistic anthropology; M8971
psychoanalysis/psychology/psychiatry, potential contributions, social/cultural anthropology; N2627
public policy, anthropological involvement; brief overview; M8612
public policy, anthropology, Alaska; recent policy, legal systems/native subsistence/commercial fisheries; M8606
rationality, cognitive relativism vs weak absolutism as anthropological tool; N3623
scientific communication, unambiguous terminology need, recommendation for journal *Current Anthropology*; N4948
social affairs, social anthropology application; M8607
social class structure perpetuation/ideology relationship, anthropology of education, "reproductionist" theory; Washington, DC, inner-city preschool case; N4760
sociolinguistic theory, anthropology, 1960-1980 focus; N1354
Sturzo, Luigi, social anthropology, individual's/social group's organic interdependence; M7197
Sturzo, Luigi, social anthropology; seminar proceedings; N0664
subject-object duality, modern anthropology; positivism ideology; M9070
symbolic anthropology, structural vs psychoanalytic unconscious factors; mathematical set-theory applied; N0893
systems analysis, anthropological application, Mississippi black migrant/midwestern urban groups; N2310
theatrical anthropology, universal principles; M9760
universality/specificity motivations, cultural anthropology, contradictions mediation; N1160
urban ethology, wildlife in city, anthropological approach; M7319
Vacher de Lapouge, Georges, social Darwinist, anthroposociology founder; M8955
Wojtyła, Karol, anthropology, phenomenological foundation; M7027

Anti-Semitism/Anti-Semitic
anti-Semitism decrease, US; M9217
anti-Semitism, middleman minority theory, US Jews' occupational structure; M9229
Racism—Myths and Sciences, scientific disciplines, manipulation by racist/anti-Semitic ideologies; N1933
US Jews, World War II vs Cold War perspectives, anti-Semitic rhetoric response, upward mobility/high status attainment; M9204

Antilles
black Carib domestic organization, historical perspective, traditional origins/contemporary patterns; N2637

Antinuclear
antinuclear movement, ideological consensus/diversity; questionnaire; demonstrators; N4373
antinuclear reactions, France, hindrance to antinuclear movement development; N1066
US antinuclear power movement evolution, elite quarrel-mass movement transition; N2814

Antique/Antiquity
premechanical technology, antiquity/European Middle Ages, economic concept, historical/ideological study; N3225
rationalization process, antique collecting; questionnaire; collectors; N4420

Antisocial
antisocial behavior, adolescent students; peer group regulation; observation, interviews; M8415
antisocial behavior, US children; television violence; major laboratory/fieldwork studies summarized; N5029
antisocial/delinquent child behavior, stability, review; N5245
Barrett, Michèle/Mary McIntosh, *The Antisocial Family*, alternatives to Right's "ideal nuclear family" image; N5066
crime, antisocial behavior; biochemical stress factors; N0203
personality/antisocial behavior relationship, delinquent vs nondelinquent boys; questionnaires; New Zealand; N3600

Antwerp, Belgium
unemployment, expected/desired labor market reentrance; married residents, Antwerp, Belgium; N2734

Anxiety
anxiety response, different situation, Western-developed scale utility; interviews; South African Indians; N0819
anxiety/sex differences, self-descriptions; maternal employment; questionnaire; college students; N4070
anxiety; television viewing, G. Gerbner's-L. Gross's "cultivation hypothesis"; experiment; undergraduates; M7736
horoscope reading/anxiety/fatalism relationship, "uses & gratifications" approach; anxiety scales; undergraduates, University of Haifa, Israel; M9488
psychological distress; income, education, occupational status; epidemiological surveys, US; M9140
test anxiety, learning retention; question-pool study guides; undergraduates; M8943

Apartheid
Afrikaner intellectuals' predicament, legitimation crisis, Afrikaner nationalism/apartheid state, personal reflections; N4504
apartheid formation, social development, South Africa; N1146
journal *Plural Societies*, claim of functioning to justify apartheid, publishing ethics, comments; N3853
South African racial inequality, apartheid, economic structures' modernization, 18th-/19th-century English religious tolerance comparison; M7335

Apartment/Apartments
domestic space, Swiss rented flats, 1860-1960, lodging typology; M8068

Apathy/Apathetic
religiosity/conservatism/political apathy, Portuguese peasants; N3141

Apocalypse/Apocalyptic
mass suicide, Jonestown, Guyana, 1978, apocalypse-related explanation; M8214
Weber, Max, "emotional community" concept, charisma functioning, utopia/communal life, French neorural apocalyptic communes case; N1510

Appalachia/Appalachian/Appalachians
Appalachian environmental concerns, political economy; Yellow Creek community water supply case; S15378
community services satisfaction research, conceptualization/measurement issues; Appalachian community data; S15468
contemporary fertility patterns, rural Appalachian community; social survey/community studies methods; S15400
ethnographers in their own culture, Appalachian cases; M7081
labor force participation patterns, nonmetropolitan women; survey; Appalachian/non-Appalachian areas, Kentucky; S15759
low income; wife's labor force absence; interviews; Appalachian migrants, Cincinnati, Ohio; N0320
social/psychological attributes; interviews; rural Appalachian families, West Virginia; S15225

Appearance/Appearances
adult disciplinary action; child's looks/speech; experiments; female undergraduates; M7362
appearance/role-taking/deviance reactions, experimental findings; M7382
negative/positive stereotypes; clothing, ethnic appearance; experiment; French/North African children, France; N4047
personality; physical appearance, stereotyping process; N0825
social reality vs appearances; N0684

Application/Applications
stress of college application; student, parent, school; experiment, cardiovascular changes; high school students, affluent private school; M7398

Applied
applied social research underpublishing; M7108
applied social science development, barriers; N0412
applied social science, logical structure; M8959
applied sociology data, follow-up investigations, USSR; N3780
applied sociology graduate programs outlined; community-based sociologists; M8910
applied sociology Master of Arts graduates, Kent State University (Ohio) program, training/work experiences/professional identity; questionnaire survey; N5403
applied sociology, USSR; 26th Communist Party Congress development program; N0421
applied vs basic social research, tasks, working situations, professional roles; N0634
basic/applied sociology, linkages/barriers; N0411
curriculum design development, undergraduate applied sociology, Viterbo College experience, La Crosse, Wisconsin; N0567
ethical problems, applied sociology; N3590
microcomputers use diffusion, applied settings, urban planning example; N0470
political conflict, applied scholarship, expert witnesses, school desegregation litigation; interviews; N0618
research for informed decisions, evolving applied research model, family projects examples; N3591

social planning/technological forecasting, positivist methods criticized; N0417
sociologists working in nonacademic applied settings, Pacific Sociological Association region; questionnaire; N5406
sociology of sport, applied perspective development; M7796
teaching applied sociology, liberal arts setting, issues/problems; interviews; students, faculty; S15855
technology, irony application, qualitative technique, applied social science; M9999

Appraisal/Appraisals
husbands'/wives' self/other appraisals; shared marital power/roles/solidarity; mail questionnaire survey; Cincinnati, Ohio, 1977; couples; N0108
reflected appraisal process; communication barriers; questionnaire; students, grades 4-8, Monroe County, Indiana; M7386
self-appraisal, performance/ability, George H. Mead's reflected appraisal process hypothesis; questionnaires; football players/their coaches; N2408

Apprehension
experimental procedures, subjects' prior knowledge honesty; evaluation apprehension/commitment; N2122

Apprentice/Apprentices/Apprenticeship
apprenticeship reevaluation, recent youth employment policies/condition, Italy; M9656
farming skills, family apprenticeship value, France; M9687
skilled work apprenticeships; blacks' underrepresentation; interviews; employers, trade unionists, teachers, government officials, Birmingham, GB; M9628

Approach/Approaches
body, bodily practices, society; sociological approach, methodological problems; N3933
mental disorders, psychiatric vs sociocultural approaches controversy, integration attempt; N5198

Appropriation/Appropriations
property/stratification relationship, wage-form of appropriation mediation; M7927
technical knowledge transmission/appropriation, social relationships, Nahuas Indians, Huauchinango region, Puebla, Mexico; N0443
workers' knowledge appropriation, quality control circle program, General Motors plant; interviews; workers, participants; S15609

Aptitude/Aptitudes
aptitude vs achievement assessment, Scholastic Aptitude Test validity; M9797
scholastic aptitude; number of older/younger siblings, sex differences; Scholastic Aptitude Test scores, socioeconomic/family data; college freshmen; N2495

Arab/Arabs/Arabia/Arabian/Arabic
Arab speech, Jews, Maghreb, historical/sociolinguistic observations; N1360
Arabian sociology, current status; M8972
evaluation of physically disabled persons; disability-related variables; videotapes, semantic differential scale; Arab/Jewish youth, Israel; N3522
institutionalized male transvestism, implications for male/female roles, Oman, Arabian peninsula; fieldwork; N4118
Israeli settlements, occupied Arab lands; M7818
mutual perceptions, Israeli Arabs/Jews; semantic differential questionnaire; N2378
politeness usage, second language; control group comparison; role plays; Arab-/native English-speaking males, University Southern California; M8119
scientific-technological revolution achievements utilization, developing countries, Arabic philosophical/sociological literature's discussion; M9971
social identity/relations, Israeli Jews/Arabs, intergroup contact readiness examined; N4153
traditional Arab-Muslim communities; modernization effects, sacred concepts, daily life, Jordan; N1497
trust enhancement experiment, Israeli Jews/Arabs, Ben-Gurion University, existential writings reading, Buberian learning groups' method; N3095
women's role, Arab societies, tyrant vs pet canary; field studies; Cairo, Egypt/Sohar, Oman; N5368

Arbitration/Arbitrator
Delphi forecasting, grievance arbitration, future issues; questionnaires; experts; M9285
small claims litigation, court arbitration statistics, 1880-1973, Italy; M8247

Archaeologist/Archaeologists (see also **Archeology**)
dispositions toward the past, scaling, historical resource planning implications; questionnaires; general population, archaeologists, historians; Toronto, Ontario; M8864

Archaeology/Archaeological (see also **Archeologist**)
ancient Mayan civilization, population growth, social structural consequences; archaeological data; Mexico; N3247
social organization/development, Chinese coastal neolithic cemeteries, archeological evidence; M9277

Archaism/Archaic
archaic trade, primitive societies; N2650
primitive order, archaic trade; N2649

Architecture/Architectural (see also **Architect**)
architectural/urban forms diversity, spiritual/natural environments sources; S15246
modern architecture, design philosophy, clients' actual preferences; M8662
Renaissance utopian architecture, urbanism, social problems perception, bourgeois influence; N5277
structural mapping as methodological technique, architectural sociology; S15295

Archive/Archives/Archival
age-/period-based dependent variables measurement, discrete archival data, cohort analysis model, white male educational attainment example; N2186
historical archive, data processing, information flow/structuration/validation, 1560-1870 parish registries, Cuenca, Spain; N0475

Arctic
Elias, Norbert, *On the Process of Civilization: Sociogenetic and Psychogenetic Research*, counterevidence, conflict management, nomadic Inuit society, central Canadian Arctic; N4213
Eskimo cooperative movement, Canadian Arctic, emergence/decline; post-World War II state intervention, corporate structure development; N4352
interpersonal conflict; seasonal variation, central Canadian Arctic case; N2392
Inuit natality rhythms, seasonal variation, central Canadian Arctic; fieldwork, interviews; N3257

Area/Areas
Area Agencies on Aging, goal planning model/inadequacies; issues for resolution; M8575
social welfare programs, UK, area policy/strategies, origins, lessons; N1964

Argentina/Argentinean/Argentine
Argentine Church history; M9835
Italian migration to Argentina, chain patterns, Agnonesi/Sirolesi case studies; N1641
organizational mortality, ecological approach, Argentinian/Irish newspaper industries case; M7630
Paraguayan/Brazilian immigrants' assimilation/acculturation, Argentinian frontier; interview data; N2859
temporary migrations, social articulation, Santa Maria Valley, Catamarca, Argentina; M8366
trade union activity context/limitations, Argentina, working class rationalization/response; M7924

Argument/Arguments/Argumentation
choice shifts, anonymous conditions, pervasive arguments; social comparison hypothesis; undergraduates; M7377

Aristocracy/Aristocratic/Aristocrat/Aristocrats
labor politics, labor aristocracy vs rank & file thesis; S15517
notables, aristocrats/landowners/graduates, local power struggle, La Manche, Normandy, France, 1830-1875; M9384

Aristotle/Aristotelian
ethos/pathos/logos, original Aristotelian formulation, interpretive distortion, operation in mass persuasive communication; N4398

Arizona
alcoholism therapy, counselor's/ethnographer's cooperative roles; case study; Papago Indians, Arizona; N4116
juvenile justice system reform, status offender diversion, Pima County project, Arizona; interviews; N1586
licensed lay midwifery, childbirth, medical model compliance, Arizona case; S15650
resource leakage, rural areas; household expenditure patterns; Lake Powell area (Utah/Arizona) communities; boom-town vs more stable places; S15409

Arkansas
government social service programs delivery systems, client satisfaction; questionnaire; Arkansas, 9 other contiguous southern states; S15392
quality of life estimates, Arkansas counties; community resource development efforts; S15429
schools, teaching creationism vs evolution, *McLean* v. *Arkansas Board of Education*, US District Court judgment text; N1458
small farm characterization study, Logan/Yell counties, Arkansas; S15233

Armament/Armaments
advertising campaigns as arms races, mathematical model test; N4365
armament races, conflict, nation-state rivalries, 1816-1980; S15505
modern armaments use, ecological/social consequences; N2907
nuclear rearmament development, US/USSR/Western Europe, socioeconomic roots; M9547
Armed forces
armed forces, US inferiority to USSR; US Foreign Legion mercenaries suggestion; N1195
armed forces/military government, Chile, military corporatism/politicization; N1196
educative role, Soviet armed forces; N2743
Armenia/Armenian/Armenians
Armenian immigrant adaptation components, shared meaning/choice, Washington, DC; N4160
Army/Armies
colonial African armies, military legacy; martial races concept, British colonial officers' ethnic ranking; M7506
condottiero (mercenary captain), historical-sociological annotation, mercenary army, 14th-/15th-century Italy; N2745
Italian military, professionalization/bureaucratization, Army Officer Corps, social structure transformation; N4303
leadership/subordinate satisfaction relationship, US Army; organizational type, hi-hi paradigm; M7623
organizational effectiveness, US Army; living systems theory/process analysis; interviews, questionnaires; US/West German battalions; N4304
US volunteer army, draft reinstatement; numerous viewpoints; N2751
women, US Army involvement/role; M8770
women, US Army, J. C. Woelfel's investigation critiqued; N5371
Aron, R.
Aron, Raymond, liberal sociologist, his sociology/its philosophical foundations; N2225
Arouse/Arousal/Aroused
Schachter, Stanley, emotion theory/arousal misattribution paradigm, research review; M9118
sexual arousal, social psychology, symbolic-interactionist interpretation; M7465
Arrest/Arrests
index arrests prevalence/recidivism, feedback model; N1601
police arrest decisions, female offenders' preferential treatment, chivalry notions; N1598
socioeconomic status, personal arrest probabilities perceptions; survey data; adults, New Jersey, Iowa, Oregon; N1224
urban arrest rates; age/gender/race changes, 1960-1980 data, Boston, Massachusetts; S15766
urban crime data analysis, deterrence hypothesis, arrests per offense ratios limitations; N1892
Arson/Arsonist/Arsonists
arson, community action, fiscal crisis, incentives, Boston, Massachusetts; N5215
Art/Arts/Artistic
aesthetic theory, sociology of art, classicism/romanticism, social foundations; M8136
art awareness experience, preschoolers/their parents, touching significance, photographic analysis/elicitation/interpretation methods; participant observation, interviews; S15905
art behavior, anthropology; Denis Dutton's views criticized, reply; N3859
art history, methodological currents, provisional balance sheet; N4712
art theater, US, 1910-present, artistic/cultural shifts; generation unit, youth role; M8433
art work/its recipients relationship, theater example; N1433
art works valuation variation; observation, interviews; community art museum; M8139
art, market relations/collective patronage, capitalist state; N3084
artistic consumption, modern Sweden; M9765
artistic enterprise, differing social organizations, social evolution; M8135
artistic preference; perceived parental acceptance-rejection, earlier findings contradiction; questionnaire; US middle-class sample; N2512
artistic style, French Impressionism, Russian Critical Realism; social factors impact; M8134
arts, audience social composition, US; cultural democracy expansion/elite vs broad public expansion; unpublished studies; M9763
arts/artistic activities, social/economic conditions influence, assumptions examination, John Updike case; S15758
attitudes toward women, French bourgeoisie, 1789-1848, embodiment in art/virtuous mothers/participation in politics; N3726
contemporary urban artists, Lusaka, Zambia, symbolic expression, ideology, work environment, techniques; N1432
dilettantism, turn-of-the-century meanings; professional connoisseurs of fine arts & science; N4634
economic constraints/capital formation, performing arts, French-language theater emphasis, Belgium; N1431
folk/popular/elite arts, general sociology formulation; M8138
Italian art history, symbolic domination, center/periphery notions; M9762
Marcuse, Herbert, art/aesthetics issues, revolutionary elements, Marxist vs Frankfurt school aesthetic theories; N3887
sociology of art/history interrelation, Marxist approach; M8133
sociology of perception, 15th-century Italian art; M9761
teaching applied sociology, liberal arts setting, issues/problems; interviews; students, faculty; S15855
university arts management as emerging role; interviews; M7982
Arthritis
chronic illness as biographical disruption, resources availability, pain/suffering explanation; interviews; rheumatoid arthritis patients, GB; M7372
depression; social supports; interview questionnaire; arthritis patients; S15526
severity perception, chronic/life-threatening disease groups, differential manifestations model; survey; persons with arthritis/heart disease; S15593
Article/Articles
psychologists' articles' inclusion in introductory psychology anthologies; scientific eminence, readability; N3207
science achievement/ascriptive processes, scientific article citations; N4959
Articulate/Articulateness/Articulation
institutional pluralism as interest-articulating system, public agencies; N4453
multiple identities, articulation process, medical students' private lives; interviews; M7367
social articulation concept, social segments relationships, holistic approach; M7671
temporary migrations, social articulation, Santa Maria Valley, Catamarca, Argentina; M8366
Artificial insemination
artificial insemination via donor semen, familial/social implications; N5114
procreation via artificial insemination, social dynamic analysis; N3643
Artist/Artists
artist/schooling, France, academic classification, artistic vocation; M9655
artistic experiments, counterculture center, Paradiso, Amsterdam, Netherlands, attempt to bridge modern art/society gap; N4708
Christo, artist, Central Park project, New York City; N0303
female artists, artistic status determinants; interviews; faculty, nonfaculty, mothers; M8137
plastic artists' professional role, environment quality, Netherlands; government subsidies; N4714
variety artist, neglected type, entertainment entrepreneur; S15874
Ascetic/Asceticism
Merton, Robert K., science, Protestant ascetic ethic path; M8308
prayer, ascetical sociology; participant observation; N3147
world orientation, asceticism/mysticism combination, Transcendental Meditation; interviews; meditators; M9870
Ascription
ascription/intergroup relations, untouchables, India/US blacks; legal/political changes; M7880
discrediting via emotion ascriptions, picturing emotions, print-news accounts; S15804
educational attainment; ascription/achievement socializing, school organization; "Explorations in Equality of Opportunity" survey; US high school sophomores, 1955-1970; M7904
gender ascription, deviants stereotyping; N0831
science achievement/ascriptive processes, scientific article citations; N4959
Asia/Asian/Asians/Asiatic
adolescence-adulthood transition, sequence/timing, Asian families; sample surveys, Korea, Malaysia, Taiwan, Thailand; M8471
aged Asian Indians' status, US; S15679
Asian Indians assimilation, US, race relations paradigm; S15215
Asian-Americans, diversity, assimilation, stereotyping; demographic data; M7507
elderly Asian immigrants, US; Americanization/assimilation; experimental approach; S15685
emigration patterns from Southeast Asia, post-early 1970s; N1655

exiled Ugandan Asians' household/kinship patterns, resettlement crisis; interviews; household heads expelled by Idi Amin, Canada, India, GB; N4139
Marx, Karl, colonial rule/colonialism views, relation to Asian/Indian society; N2060
Morgan, Lewis Henry, influence on Karl Marx, Asiatic society question; N0390
potential years of life lost measure, death causes comparison, Southeast Asian countries, epidemiological transition positions; N0031
science-technology/society interaction, European development, impact on Asia, Marxist/humanist views; M8330
sons manis, South Asia, social values analysis; N0115
South Asia, recent French studies review; M7158
South Asian ethnic exogamy/endogamy, GB, social distancing; 1977 survey; married couples; M7521
southeast Asian refugees, US, kinship/public policy interaction; N4150
success image validity, Asian Americans, Korean immigrants case study; interviews; Los Angeles, California; S15811
Weber, Max, sociological studies, Hinduism, Buddhism, southern Asia; bibliography; M9851

Aspiration/Aspirational/Aspirations
achievement/aspiration relationship, meaning/mediation factors, male/female patterns; survey; academic-career aspirants; N1255
aspiration level; social norms; hand-dynamometer task; fourth graders; N4110
aspirations, achievements, US; Wisconsin Longitudinal Study of Social & Psychological Factors, complex procedures described; M7450
aspirations, Francophone families, Quebec, Canada, 1959/1977 comparison; surveys; N1753
career aspiration/gender role development; prenatal hormone administration; young middle-class girls; M8724
children's occupational aspirations, influences; interviews; children/parents, white-collar Anglos, blacks, Mexican-Americans; M7962
educational aspirations, race-gender subgroups, intergenerational transfer; southern youth four-wave panel study, 1966/1968/1972/1979; S15425
educational aspirations/expectations, social inequality, objective social reality interiorization; survey; middle-grade/university students/their parents, Murcia, Spain; N4086
educational expectations/life goal aspirations change, 1968-1979 study; university students; M9816
financial aspirations factors; questionnaire; Polish textile/electronics workers; N0926
high school students' aspirations, sex differences; questionnaire, school records/tests; boys, girls; N5047
Israeli adolescents' future family aspirations, comparison with parents' views; questionnaire; Tel-Aviv high school students; N3417
life planning/school career, educational aspirations; socially typical/individually chosen orientations; questionnaire; tenth-year gymnasium students, Nordrhein-Westfalan, West Germany; N1456
living conditions, aspirations, French population's perceptions; questionnaire; representative sample aged 18+; M7720
mobility aspirations, males vs females; national longitudinal study; black adolescents; M8421
personality, job aspirations, traditional vs nontraditional women bank tellers; Vocational Preference Inventory Investigative & Enterprising scales; N4630
restricted/gender-typed occupational aspirations, young women; longitudinal study, questionnaire, interviews; low-income youths/their mothers; N2987
rural youths' educational/occupational aspirations; sex differences; questionnaire; boys/girls, grades 10/11/12; N5048
status attainment, Wisconsin model, national replication, improved ability/aspirations measures; M9588
undergraduates' career/lifestyle aspirations; questionnaire; S15796
women's career aspirations/achievements, college/seven years after; questionnaire; N1231
young Italian workers aspirations/cultural preferences/lifestyle; interviews; Turin factory workers; M9298
youths' professional aspirations, Kirov region, USSR; survey data; working youths vs secondary school students; N0080

Assassin/Assassins/Assassinate/Assassination/Assassinations
fascism/organized crime/foreign policy link inquiry, anarchist Carlo Tresca's assassination examined; N2864
scientific research, Belgian/French/German political assassinations, 1789-1914, new dimension; N3660

Assault/Assaults/Assaulting/Assaultive
attracting criminal assault; victims' nonverbal cues, prisoners's perceptions; videotapes; M8261
prison, sexual assualt; federal correction institution records; inmate assaulters/victims; N3199
rape victim's crisis/immediate reaction; assault type; S15266
rape/sexual assault cases processing; investigator perceptions of victim legitimacy; fieldwork; M7445
sexual assault against delinquent youths, incidence/situational factors; interviews; N5242
sexual assault trauma, acute phase, exploratory model, multivariate analysis; interviews; victims; N5195
sexual assault victims, causal responsibility beliefs; observer characteristics; questionnaires; undergraduates; N5231
sexual assault, analysis factors; questionnaire; victims; N0332
sexual assault/harassment, campus community case study; questionnaire; university-affiliated persons, University of Rhode Island; N2028
wifebeating, legal-protection, domestic assaults processing, Scottish prosecutors/criminal courts; interviews, participant observation; N1599

Assess/Assesses/Assessment/Assessments/Assessing
housing needs assessment/forecasting, household composition indexing method; N1325
males/females as prospective employees, differential assessment; nonworking women; M8767
manager assessment, scientific institutions, USSR; productivity issue; M9625
ordinal assessments aggregation method, majority decision rule; Japanese quality of life opinion survey application; M8887
prisoners, response to institutional assessment for release, approach derived from Erving Goffman's *The Presentation of Self in Everyday Life*; N3201
prosecutors' screening decisions; victim assessment, New York County District Attorney's office case; N1592
role satisfaction, social situation assessment, scapegoating; interviews, questionnaires; Naval Reservists; N2575
social impact assessments; energy development proposals, corporations' interests, social scientists' responsibility; M8609
suicide/youth, equivocal death, official assessment; case studies review; N4885

Assignment/Assignments
field placement assignments use, social gerontology/human services course; S15823
self-assignment to social class; sex, marital status, 1975 General Social Survey; N3394

Assimilation
Asian Indians assimilation, US, race relations paradigm; S15215
assimilation perceptions, US Chinese; M7412
assimilation/nationalism level, 19th-century German Jews, genocide inevitability, general theory, historian's questions to sociologists; S15304
Black English trial, Ann Arbor, Michigan, 1975, pluralism/assimilationist policy; politics, sociolinguistics as policy science; M8124
Boas, Franz, assimilation writings, German-Jewish identity influence; N4149
dissimilation, differential assimilation, social identity; experiment; university students; M9150
ethnic assimilation processes, modern world; N4977
ethnic communality/insularity/return migration, Milton M. Gordon's assimilation paradigm, reformulated; M7503
ethnic fertility differentials, assimilation; survey data; women, Edmonton, Alberta; M7488
Frazier, Franklin, sociology, race relations, assimilationist/nonassimilationist perspectives; M9007
Greek-American assimilation; socioeconomic status; Cincinnati, Ohio; N4164
immigrant groups assimilation theories, US historical perspective; N0856
Paraguayan/Brazilian immigrants' assimilation/acculturation, Argentinian frontier; interview data; N2859
postmigration employment difficulty; cultural determinants, European immigrants, Philadelphia, Pennsylvania, 1900-1935, assimilationist theory test; work histories; M9214
rural-urban migration process/assimilation, Seoul, Korea; census data; N3274
US Catholics, European descent, ethnicity, assimilation; 1973-1978 National Opinion Research Center's General Social Surveys data; M7486

Assistance/Assistant/Assistants/Assistantship
counselor role, interview prior to abortion, France,

institutionalizing process, dissuasion/assistance/normalization; interviews; N1803
crime rates, poor families' economic assistance; statistical data; N1893
disaster assistance, unintended consequences, 1974 Hurricane Fifi case, Honduras; S15327
graduate teaching assistants, training program, sociology department experiences; N3833
handicapped, state assistance, recent Italian laws, reform guidelines; M8523
Italo-American community assimilation, Catholic Church's Prelate for Italian Emigration, religious assistance, 1920-1949; N0870
physician assistants' job characteristics; personal background/work setting variables; questionnaire survey; N4612
physician assistants/medicine, power balance shift, dominance principle; S15317
physicians' assistants as health care delivery mechanism, state authorization; M8511
problem employees, managerial ideologies, Employee Assistance Programs, qualitative study; interviews; managers, large national corporation; S15641
social assistance, neighborhood help associations formation, West Germany; N0277
unemployment, primary group assistance determinants; interviews; laid-off municipal/state employees, eastern US city; N0790

Association/Associations/Associational
American Association for the Advancement of Science 1981 meeting, international affairs/education/industry/development; M9939
association measures, multiple regression models with ordinal predictor variables, application to natural gas consumption-home construction/climate satisfaction data; N2192
association models, sociological research, ordinal variables factor; M7101
association/dissociation, highly differentiated society, Italian case; M7254
conjugal association, prison, issues/perspectives; N4904
cooperative parish development as voluntary association functionalist perspective, United Methodist Church examination; S15925
criminal behavior, Edwin Sutherland's differential association theory, operant conditioning principles, application/verification; N0213
French employers' associations, attitudes toward labor laws/their application, legal ideology/juridical policy; interviews; association spokesmen; N4226
International Air Transport Association cartel decline; network process analysis; M9491
Italian Sociological Association founding; M9021
local aasociations resurgence, France, local community interest, middle classes; N3630
political mobilization process, voluntary associations; interviews; members/leaders, Indianapolis, Indiana; N1156
privatizing, city service responsibilities transfer to neighborhood associations; N1332
probability matching behavior, association, rational choice; N3812
professional associations' contributions/power/self-interests; counterbalancing organizations; M7952
professional associations/medical ethics/discipline, Yoruba traditional healers, Nigeria, discussion, reply; interviews, questionnaire; N1282
professional ethics; organizational constraints, medical associations, sociological organization theory corrective; N1234
professionals/amateurs relationship, US astronomy, 1899-1918, associations organization/control; M8332
public opinion polls, newspaper reporting, American Association for Public Opinion Research standards conformity factors; M9440
social assistance, neighborhood help associations formation, West Germany; N0277
social identities, voluntary associations, structural analysis, Limoux, France; N3628
social influence associations, organization sponsorship/influence reputation, Indianapolis organizations case; questionnaire; N4312
sociology development, postwar Italy, association problem; M7225
"special research areas" system, vehicle for German Research Association to support research, sociological studies relevance; N2210
special-interest associations, French local political system, integration modalities; M9543
women's status, Southern Sociological Society vs American Sociological Association; N0589

Astrology/Astrologers
Gauquelin, Michel/Françoise, "Mars effect," champion athletes/paranormal explanation, critical writings review; N1622
"Mars effect"; criticisms of Michel & Françoise Gauquelin's findings reviewed, critical commentary; N1617
personality; astrological factors; Eysenck Personality Questionnaire; New Zealand university students; N2520

Asylum/Asylums
Goffman, Erving, *Asylums,* mental patients, social situation portrayal critiqued; attitude surveys, experiments; patients; S15649

Atheism/Atheist/Atheists/Atheistic
religion, atheist propaganda, USSR; daily newspaper analysis; M9884

Athlete/Athletic/Athletics
aggression; conservatism, birth order, leadership; Conservatism Scale; Canadian ice hockey players; M7448
air disasters, college athletic teams; aviation safety's unequal social distribution; 1960-1980 data; S15677
athletes/juvenile delinquents similarities, risk taking; M8621
athletes/sportsmen, USSR, moral qualities; survey; N4429
athletic participation/educational attainment/race relationship; national longitudinal survey; high school seniors; M8152
athletic success; alumni contributions; major US universities; M9459
attitudes toward sports careers, Canadian comparison; questionnaire; Japanese amateur/professional athletes; N2990
continuous athletic achievement, prediction model; personality scales; male South African university athletes; N4426
Gauquelin, Michel/Françoise, "Mars effect," champion athletes/paranormal explanation, critical writings review; N1622
involvement relationships, family/religion/education/work/politics; questionnaire; retired professional baseball players; N0094
professional athletes, future occupational mobility problem, UK soccer players; interviews; N2983
qualitative research methods, identity analysis, top-class women athletes, West Germany; N2103
US intercollegiate athletics; boosterism/scarce resources/institutional control, future problems; N2848

Atlanta, Ga.
death rates; Richard Nixon's resignation, individual/systems interaction; Atlanta, Georgia/Wisconsin; M7419
downtown behaviors; cognitive/affective factors; questionnaire; undergraduates, Atlanta, Georgia; M9733
value-orientations, religious poor; survey, questionnaire interviews; residents, low-income neighborhood, Atlanta, Georgia; M9859

Atlantic
fishermen's cooperative, New York Bight region, mid-Atlantic coast, indigenous resource management, complex society; N4659
North Atlantic inshore fisheries, familial crews recruitment; demographic/fieldwork data; M9623

Atomic/Atomicism
mysticism, insights source for social sciences, analogy approach, worldview derived from atomic physics; N0736

Attach/Attachment/Attachments
attachment to space, divorce process, longitudinal study; interviews; N1751
Cleveland Alternative Education Program, Ohio, serious delinquents, new conventional attachments; S15591
community attachment models, physical design effects inclusion; household survey; residents, federally assisted housing developments; N5281
community of residence satisfaction/attachment; rural-urban/size of place vs length of residence effects; Wisconsin; 1974; S15424
father-infant interaction/infant-father attachment, longitudinal study; M8399
residential attachment, residential/community satisfaction sources; interviews; SMSAs; N3026

Attack
cognitive integration mediating reactions, attack patterns; experiments; male Japanese university students; N2367
health beliefs, cognitive development; focus groups, heart attacks case; S15587
lethal attacks against police; capital punishment, deterrence hypotheses; N1553
social network response, heart attack, buffering effect, social support; S15564

Attain/Attainment/Attained
academic attainment, black collegians; racial identification; S15864
academic status attainment patterns; scientific consensus; probability samples; US graduate physics/chemistry/biology/mathematics/political science faculty; M9622

adolescents' gender/status attainment value acquisition relation, family interaction; game simulation; families; N2942
athletic participation/educational attainment/race relationship; national longitudinal survey; high school seniors; M8152
childhood gender deviance/homosexual orientation, males, educational attainment association; S15793
comparative status attainment research, GB, US; problems, prospects; M9590
educational attainment inequalities, Hungary, 1923-1973; M9597
educational attainment, high school classes, 1960-1963; Project TALENT data; M8198
educational attainment, US, 1950-1978; US Census data, longitudinal studies outcomes described; M8195
educational attainment; ascription/achievement socializing, school organization; "Explorations in Equality of Opportunity" survey; US high school sophomores, 1955-1970; M7904
educational attainment; longitudinal studies; M8174
educational attainment; National Longitudinal Surveys of Labor Market Behavior, US; M8184
ethnicity/status attainment process, Israel; survey; Jewish immigrants of Euro-American/Afro-Asian origin; N2930
industrialization/status attainment process, industrialism thesis reconsidered; N4529
inequality research, dual economy/status attainment/labor force integration concepts; N2781
occupational attainment process; sex differences; questionnaire; employed, native Canadians; M7955
occupational attainments; race, education type; national longitudinal survey; young men; M7978
occupational mobility/attainment; interviews; migrants entering Upper Great Lakes region, Minnesota/Wisconsin/Michigan; M8377
social status attainment patterns; professional/business-managerial occupations; college origins; longitudinal data; male graduates; N1300
status attainment paradigm, historical development, Kuhnian perspective; N1616
status attainment, urban/rural labor markets, Norway; N1274
status attainment, Wisconsin model, national replication, improved ability/aspirations measures; M9588
teenagers' social-status attainment; social-psychological variables; interviews, questionnaires; students aged 17-18, their parents; Ontario; N2468
tournament model assessment, young men's educational attainment; S15846
Wisconsin status attainment model research, Robert M. Hauser's/Shu-Ling Tsai's/William H. Sewell's estimation procedures explicated; M9581
women's employment status; achievement orientation, attainment values; mailed questionnaire; university continuing education center's female clients, 1963-1974; N5342
working women's socioeconomic attainment, family life-cycle approach; longitudinal data set, interviews; N3695

Attendance
church attendance, women, sex-related differences; children's impact; M8242
movie attendance, USSR; social factors; M7782

Attention
contextual effects/classroom; ability groups impact, student attention; N3094
television, attention structure/gender stereotype, empirical analysis; N4375

Attitude/Attitudes/Attitudinal
abortion attitude determinants, US; sex differences; General Social Surveys data, 1974/1977; ideological issues; M7721
abortion attitudes correlates; sex differences; questionnaires; college students; 1978/79; M7388
abortion attitudes, South African coloreds, 1977/1979 comparison; surveys; N1077
accuracy of wife's perception of husband's attitudes toward her employment; interviews; couples; N1783
Advancement of a Generation, Polish rural youth, moral authority problem/attitudes/values, post-World War II life histories; N1683
affirmative action attitudes, whites' views; self-interest, racial effect, stratification beliefs; survey; national sample; N0848
alternative funerals attitudes; questionnaire; congregation members, small midwestern Protestant church; M8206
Americans' attitudes toward other nations, hypotheses tested; 1976 Gallup Poll national data; M7451
antibusing protest, individual action; efficacy-trust vs relative deprivation attitudes; survey, interviews; South Bostonians, Massachusetts; N2375
attitude change as self-presentation tactic, attitude-consistent behavior, choice/role effects; questionnaire, experiment; college students; N2524
attitude change trends, Indian university students, 1970-1978 longitudinal study; questionnaire; N3106
attitude change, college classes; M8950
attitude change; court-ordered therapy; questionnaire; incest offenders; N0211
attitude change; role playing, issue importance; experiment; university students; M9166
attitude following counterattitudinal behavior; consensus, justification; experiment; undergraduates; M7471
attitude toward death; intrinsic vs extrinsic religious motivation/orientation; questionnaire; Protestant church group members; N4836
attitude toward mental illness; educational background; survey; adult Yoruba, Nigeria; N2402
attitude/opinion stability, US public; Philip Converse's black & white model; voter panel studies, survey data; N4391
attitude; behavior performed under public vs private conditions, religious attitude case; questionnaires; undergraduates; M7462
attitudes toward affirmative action in women's employment, determinants, cross-national comparison; interviews; adults, US/England; S15527
attitudes toward aging; parental health status perceptions; questionnaire; young adults; N3571
attitudes toward children's sex roles; interview schedule, Bem Sex-Role Inventory; black/white middle-class fathers; N4097
attitudes toward cohabitation, quasi-longitudinal study; college students; N3338
attitudes toward cultural heritage, France; 1979 survey, citizens aged 15+; M7732
attitudes toward handicapped; film *Handicapped Love*; survey, questionnaire; Austrian student nurses; N4561
attitudes toward institutional violence, sex-role orientation hypothesis tested/reconceptualized; questionnaire survey; university students; N5332
attitudes toward labor; survey; Bulgarian industrial workers; N2728
attitudes toward law, Japanese society, underlying unofficial jural postulates; N4858
attitudes toward life/death; marital status, family, activity; interviews; older males; N3421
attitudes toward literacy programs; interviews; Kunibidji speakers, Northern Territory, Australia; N3063
attitudes toward marriage/masculinity-femininity degree relation; survey; unmarried young Yugoslavians; M8478
attitudes toward masturbation/virginity; photograph selection experiment; college students; N4053
attitudes toward mental illness; mental hospital vs classroom experience; questionnaire; nursing students; N5182
attitudes toward nonmarital sex; questionnaire; fundamentalists/nonfundamentalists; N4813
attitudes toward parenthood education; social class, gender; attitude scale; high school/college students; N4518
attitudes toward professional values; survey; Scandinavian journalists; N4590
attitudes toward self/one another; questionnaire; boys, public/comprehensive schools, UK; M9793
attitudes toward sports careers, Canadian comparison; questionnaire; Japanese amateur/professional athletes; N2990
attitudes toward US Jews surveys, polls; N1073
attitudes toward violence; questionnaire, Bardis Violence Scale; Indian university students; N3087
attitudes toward women, French bourgeoisie, 1789-1848, embodiment in art/virtuous mothers/participation in politics; N3726
attitudes toward work analysis, models; N4098
attitudes toward work, identification problems, test; questionnaire; factory workers, Łódź, Poland; N0967
attitudes toward working wives, longitudinal study; questionnaire; low-income youth; N5050
attitudes toward/expectations of childbearing; interviews; newlyweds; N5109
attitudes/behaviors; father's occupation, educational attainment, respondent's occupation; National Opinion Research Center's General Social Survey data, 1972-1980; "class cultures" concept; M7910
attitudes/driving behavior, A. W. Clark's social-role approach, Australian males, replication study, US males; N2487
authoritarianism/dogmatism attitudes, West German/US adolescents; questionnaire; N2579
behavior prediction model, high/low visibility political

participation; attitude, social class, 1976 US Presidential election case; interviews; national sample; M7096
black attitudes, prison, different regions, sociological analysis; S15561
black students' desegregation attitudes; school racial composition; questionnaire, official data; elementary schools; M9211
blacks; attitudes toward southerners, 1964-1972; M7722
British attitudes toward poor, resentment; interviews; N1981
cancer, community attitudes; questionnaire; Canberra, Australia; N3489
causes/consequences, sex-role attitudes/attitude change; N2553
child-raising attitudes, family size, value of children; survey, questionnaire; adults; N3439
childrearing practices/attitudes, working/nonworking mothers, New Zealand; interview schedule; N3453
childrearing values; parental sex-role attitudes; parents of preschool children; M7357
children's attitudes toward elderly, cross-cultural study, Paraguay/US; semantic differential test; N5227
city police/police services, attitudes determinants; interviews, questionnaire; citizens, Pittsburgh, Pennsylvania; M9909
cohabitation attitudes correlations, new US ethic theory supported; survey; national sample, college students; M8417
cohort analysis/survey data, possible influencing factors identification, political behavior/attitudes, West German population; N0472
collective bargaining attitudes; professional socialization; questionnaire; law students; N1297
college dropouts, various educational groups, psychological well-being/attitudes; General Social Surveys; N2534
college student friendship pairs, attitude/activity similarity, Werner-Parmalee study replication; S15896
community attitudes; voluntary organizations; questionnaires; household heads; M9348
continuing medical education, attitudes; interviews; physicians, Boston, Massachusetts, community hospitals; N3001
correctional policy, determinate sentencing, inmate attitudes; questionnaires; federal/state prisoners, Kentucky; M8294
correlation coefficient, attitude/satisfaction questionnaires; categorization; N0510
criminal justice system components, attitudes; interviews, questionnaire; prison guards; M9612
cultural attitudes/practices, France; Ministry of Culture's long-term study; M7816
cultural/linguistic pluralism attitudes, humanistic sociological approach; survey, parents of secondary school students, South Australia; M9822
daughters' sex-role attitudes/self-concepts; mothers' attitudes, three family types; questionnaire; mothers/daughters; N2513
death fear, fertility attitudes; questionnaire; undergraduates; N2437
decision-making sharing, attitudes development, medical/surgical residents' comparison, longitudinal study; questionnaire; N3491
dispositions toward the past, scaling, historical resource planning implications; questionnaires; general population, archaeologists, historians; Toronto, Ontario; M8864
dowry system, Indian marriages, attitudes/expectations/practices; N3452
drug prescribing habits/attitudes; interviews; rural/small town physicians, Texas; S15235
drug use intentions; attitudes, current friends; interviews; males aged 20-30; N2462
educational goals; parental characteristics/attitudes; interviews, questionnaires; adolescents/their parents, Chicago, Illinois/Orange County, California; M8414
educational plans as motivation/attitude, dual conceptualization supported; longitudinal study; students, southern US; N2445
employment-related attitudinal/cognitive backgrounds, youth program participants, comparative analysis; interviews; black/white youths, upstate New York locales; S15902
energy conservation attitudes, sex differences/social implications; Ohio; S15260
ethnic/language attitudes development, sex differences; questionnaire; bilingual Franco-Ontarian children, Welland, Canada; N3067
ethnocultural identity/self-esteem; self-attitude formation theories; N2609
event-history analysis, non-/partially parametric approaches; N2177
everyday life, death/dying management/attitudes; US studies; N4007
faculty work attitudes, physical/social sciences; professional orientation; questionnaire; university professors; N4604
family background, sex-role attitudes, life goals; questionnaires; technical college/university students; N2574
family policy, USSR, Soviet attitudes; S15646
family services attitudes; 1976 statewide survey, questionnaire; Idaho residents; N3592
federal government policies, liberalism attribution; respondents' attitude, contrast effect supported; M7724
female crime; labor force participation, sex-role attitudes; survey; adults; S15787
female role, contemporary society, college women's/their mothers'/maternal grandmothers' attitudes; Attitudes toward Women Scale; N5364
freedom of press; public attitudes; interviews, questionnaire; journalists, US general public; M9420
friendship, US attitudes, historical/current perspectives, constraints; M7416
"gender gap" emergence explanation, sex/family income/political attitudes, 1980s; survey; S15783
gun control issue, attitude/action comparison; survey; permit law proponents/opponents; M8278
interviews, attitudes/distortions importance, methodological investigation; General Population Survey 1980; West German adults; N3786
Italian youths' family attitudes/behavior profile, social class homogeneity; questionnaire; secondary school students, Emilia-Romagna region; N5072
Jewish community, contemporary US, demographics, attitudes, assimilation; M8666
job attitudes; social information processing model; M7596
labeling theory, mental patients' attitudes studies, review; N2593
labor effectiveness/attitudes toward work correlation, Soviet workers, new indices; N4292
labor patterns/attitudes; younger/older worker comparison; interviews; textile workers, Prato, Italy; M9316
land use, comparative attitudes, elites/farmers/urbanites; Iowa; S15401
language attitudes/behaviors, rural vs urban groups; questionnaire; Barbadians, Guyanese; N1378
law students' attitudes regarding homosexuals' right to be teachers, concurrence with judges' stereotypes; questionnaire; N4052
leader behavior, police organization; subordinate job satisfaction, attitudes toward citizenry; questionnaire; perceived skills impact; N2577
left-/right-wing attitude measurement; question design/interview schedules/response sets effects; Canadian national election surveys; N3790
Life Attitude Profile, multidimensional instrument, attitudes toward life assessment; undergraduates; M8860
life satisfaction; sex-role attitudes; 1972-1978 General Social Surveys; women; M9108
life/death, public attitudes; generic life orientations; General Social Survey; N1074
lifestyle correlates, personality, role concept, attitudes, influences, choices; questionnaires; middle-class college-educated married women, New York metropolitan area; M7429
littering as unobtrusive attitude measure; experiments; N2388

sexuality, aged, attitudes/knowledge assessment scale; N3363
shift supervisors' attitudes, USSR; work content, labor discipline, organizational efficiency; surveys, Leningrad factories; M9626
small-scale fishermen/farmers, attitudes toward cooperation, Azores (Portugal); N4669
social actors' attitudes/behaviors, Italian economic policy; interviews; parliamentarians, union representatives, entrepreneurs; N4507
social welfare services/program development, rural attitudes; needs assessment questionnaire, Pennsylvania; S15359
sons'/daughters' attitudes toward women in labor force, maternal effects; 1977 General Social Survey interview data; N0813
specification errors detection, linear structural equation models, Netherlands survey example progressive/conservative attitudes; N2193
sports events, social role, attitudes influences; survey; pupils, parents, Poland/Hungary; N1106
structural inequality legitimation, small farmers' agrarian/political attitudes; North Carolina; S15419
tolerance evolution; cohorts; education, radical attitude test, 1958-1978 surveys; S15863
traditional African/Western ways of life, Senegalese secondary school students' attitudes; questionnaire; N3327
unidimensional attitude change; discrepant information, dynamic model; experiment; university students; N3823
white-collar crime seriousness, public attitudes; questionnaire; Macomb, Illinois, residents; N1069
women entering military craft skills, attitudes measurement, constructing/validating variables, role stereotypes, socialization problems; N2960
women students' sex-role attitudes, women's vs coeducational college; Likert-type instrument; 1974, 1976, 1982; S15724
women workers; work attitudes, social consciousness; National Opinion Research Center survey; M8756
women's income; egalitarian sex-role attitudes; interviews, John Scanzoni's female status attainment model revised; N1991
women's nonfamily roles, changing attitudes; demographic factors, aggregate behavior changes; public opinion poll data; N2048
women's sex-role attitude prediction; questionnaire; stratified national probability sample, adult women; N2488
women, birth-related attitudes/events; childbirth preparation impact, differing social classes; questionnaires; obstetric patients; N3277
women, male-dominated vs female-dominated jobs, attitudes/background factors comparison; questionnaire; N2980
women/politics, public attitudes changes; General Social Surveys; M9570
work attitudes, early Victorian England; religious influences; S15693
work attitudes, Italian youth; questionnaire, nationwide study; N0070
work, attitudes, societal value, France; M9313
work-related attitudes convergence, male Japanese/US workers; interviews; N0960
work/marriage, changing attitudes; questionnaire; Turkish university students; N2001
worker ownership/control, work attitude/behavior relationship; questionnaire sample; N2720
workers' attitudes toward plant management, USSR; socialist economic management/planning issues; M7554
working class people, authoritarian vs conservative attitude/personality, international data; questionnaires, scales; M9323
youth employment/work attitudes, Italy; sociological perspective, Agnes Heller's *Theory, Practice, and Needs*, existential/alienated/radical needs distinction; M9299
youth's work attitudes, human ideals; G. W. F. Hegel's thoughts reviewed, *Encyclopedia of Philosophical Sciences*; N0069

Attract/Attractive/Attractiveness/Attraction/Attractions

children's physical attractiveness perceptions; A. E. Gross's-C. Crofton's ability perceptions hypothesis tested, comment; M8403
"halo effect" strength, physical attractiveness research; experiment; undergraduates; N2470
helping thoughts, attraction, information acquisition; moods; experiment; N2389
interpersonal attraction reciprocity hypothesis tested, dyads, living group; M7427
interpersonal attraction reciprocity over time, individual-/dyadic-level correlations, physical proximity; N2455

interpersonal attraction varieties/interrelationships, natural groups; questionnaires; state police force/college football teams; M7347
interpersonal attraction; unit relation tendencies; experiment; undergraduates; M7352
male/female interpersonal attraction; psychological androgyny/sex typing/sex-role ideology as predictors; Bem Sex Role Inventory; college students; N2493
physical attraction; sex-role stereotyping, individual differences; Macho Scale; undergraduates; M8456
physical attractiveness research, idiographic approach; experiment; undergraduates; N2469
professions, prestige/attractiveness; survey; children, workers, USSR; M7994

Attribution/Attributions
actors'/observers' attribution, self-serving/positivity bias; experiment, questionnaire; N0489
attribution of poverty causes; right-/left-wing political ideologies; questionnaires; northern India college students; N0809
attributional reports, behavior; self-presentation goals; experiment, questionnaires; undergraduates; N2550
attributions functions, importance, cause/reason distinction; M7390
causal attributions for success/failure, sex differences, real/hypothetical sport settings; experiments; men's/women's varsity basketball teams, undergraduates; N2394
causal attributions, situational determinants; interviews; working mothers; N2444
criminal responsibility attributions; social contexts; case file, victim interviews; Indianapolis, Indiana; M8274
criminal violence accounts/sanctions, attributional approach; offenders; N3659
decoding visual dominance, power attributions, looking while speaking/listening, relative percentages; experiments; undergraduates; N2396
female leaders, evaluation/description; group performance, attributional effects; quasi-experimental design test, questionnaire; male/female undergraduates; N2580
health care, US, failure, attribution theory, medical profession's ideology, political activities; N2966
human traits attribution to nonhumans, associated factors; questionnaire; N2442
jobless graduating students, unemployment causes attributions, external/internal locus; questionnaires; N4059
leadership/sex, attributions research review; N4123
marital conflict/satisfaction; control/blame attributions; interviews; wives; Amherst, Massachusetts; M8479
multiattributional causality, social affiliation, cross-national samples; Likert-type questionnaire; university students, India/Japan/South Africa/US/Yugoslavia; N2387
personal successes/failures attribution perceptions, previous actor's performance, sex differences; experiment; M9176
personality attributes, nominal scale; M9143
racial discrimination explanations, intergroup attribution; group discussion; experiment; black/white working-class male adolescents, GB; M9136
rape cases, responsibility attribution; norm violation, gender, sex-role attitude; questionnaire; college students; N4039
responsibility, irrational attributions, blaming victim; M9164
self-disclosure/attribution/social interaction relationships; videotaped social encounter observation; undergraduates; N2554
sex differences, success-failure attributions, theoretical models assessment; N2411
social perceptions, rape victim's culpability, influence of respondents' personal-environmental causal attribution tendencies; Attitudes toward Rape Questionnaire; N3718
social representations, intergroup causal attributions, positive social identity search; questionnaire; "public"/"comprehensive" schoolboys, GB; N1684
social/psychological attributes; interviews; rural Appalachian families, West Virginia; S15225
spatial/verbal tasks, success expectancies/performance evaluation/achievement-related attributions; sex differences; cognitive tests; adolescents; N3334
sports victories/defeats, causal attribution, covariation hypothesis; players'/coaches' quotations; M7434
teaching labeling theory, illness attribution; N0557
victimization attributions, societal influences; S15803

Audience/Audiences
contemporary "politics of interpretation" issues, information/knowledge production, audience conception, humanist intellectuals' special political role; N2839
data presentation/audience, responses, ethics, effects; M7084
Derrida, Jacques/Roland Barthes, authors/audiences/texts, putative human initiative/agency significance challenged; N3604
filmed violence reactions; audience; experiment; preschool boys; N1089
music, teaching methods/audience behavior, specific codes; N4713
singer-poet/his audience, ancient Greece, socioeconomic relationship; N3079

Audiovisual
audiovisual data collection/analysis, prior ethnography importance; N0446
interaction, audiovisual records as primary data source, microethnographic approach; N0779
teaching sociology, audiovisual materials, innovative funding, "Images of Women in Film" course; audience/faculty/student reactions; N0538

Australia/Australian/Australians
aboriginal expression, Maurice Merleau-Ponty's/Jacques Derrida's semiotics, central Australia; N0904
academic achievements/family environments, sex/social group differences; Anglo/Greek/southern Italian children, Australia; N2477
academics, age, midcareer crisis, professional issues, attitudes; questionnaire; Australian university teachers; N4576

household headship loss; old age status; national Irish study; M8566
innovation resistance, professional science; authority structure/organized skepticism/peer review; S15736
legal-rational authority, Weberian model, social class power, Italian sociology debate; N3866
legitimate authority noncompliance; group benefits, distribution rule type; experiment; N4106
Oneida Community breakup explanation, utopian socialist experiment, charismatic authority instability; N0278
small group coleaders perceptions; gender, authority; inventories; mental health professional students; M7480
women's authority/empowerment, spiritualist groups; participant observation; N4806

Autistic
new religious movements' public rituals/autistic children's private rituals, symbolism; Scientology, est; M9882

Autobiography/Autobiographies
Abélard/Héloïse, *History of Misfortune*, autobiographical documents; M9764
autobiographical data organization, interpretation; retired Swiss workers' cases; N3568
autobiographies, merchants/industrialists/financiers, 19th-century France, social history reflection; M9757
autobiographies, sociological research, potential uses; M7054
autobiography, 14th-17th century Italy; M9754
autobiography/autoanalysis/autoprospective, literary text matrices; M9750
Chateaubriand, François, autobiography, personal life/world history events synthesis; N0263

contemporary self-portrait theory/practice, Edgar Morin/Roland Barthes cases; M9746
de Torres Villarroel, Diego, 1694-1770, Spanish writer, autobiographical writings; M9767
doing own fieldwork/personal interviews advantages, autobiographical note; M8849
everyday life studies, autobiographical data; elderly Swiss life-history data; N2104
Ferrarotti, Franco, *Shantytown Lives/Suburban Lives*, autobiographical testimony as sociological method; N2108
German college professors, early 20th century, autobiographical content analysis, group consciousness, subcultural elements; N1923
Goethe, Johann, autobiographical writings; M9756
groups' normative functioning, interactive autobiographical data utilization; N2101
Herzen, Alexander Ivanovitch, autobiography, European history involvement; N0262
hypochondriac, fantasy world life, autobiography; M9745
intellectuals, society, public life examination, Latin American autobiographical literature review; N1262
Lukács, Georg, *Lived Thought*, autobiography, relation to whole opus; N3732
psychoanalysis/autobiography processes comparison; M9748
St. Augustine, *Confessions*, autobiographical work interpretation challenged, revelation of God; M9863

Autocracy/Autocratic/Autocrat/Autocrats
working class's social influence, autocratic/anarchist continuum outlined, Yugoslav self-management examined; N4533

Automation/Automator/Automated
automation, workers' hopes/misgivings, international study results; N0976
Lojkine, Jean, Japanese automation format, French adoption, critique; N0920
Marx, Karl, labor's real subsumption under capital, current automation tendencies; N5380
monopolization, automation, postmodern industrial capitalist production machinery; N5377
technology/automation, capitalist societies, social critique; N4958
workers' qualification levels; automation's effects; Austria; N4274

Automobile/Automobiles
adjustment to technological change; interviews; unemployed automobile workers, Detroit, Michigan; S15630
automobile industry, global transition; S15798
automobile offenses as crime, social/action research priorities; Australia; M8591
automobiles, US technological plateau concept, nontechnological improvements, environment, leisure; M9992
automobiles/traffic accidents, relative increases, Moscow, USSR; N3031
automobilization tendencies/contradictions, USSR situation; N2804
corporate power, Japan, social conflict, vehicle safety, automobile manufacturers; M7654
entrepreneurship/social environment change, Japanese auto industry, high productivity/innovation as key elements; N0981
"new" environmentalist organizations, equity ideology vs response to displaced US automobile industry workers; S15617
prescribed automotive terminology knowledge/use; technical school; interviews, questionnaires; students, Quebec; N3038
professions combining proposal, automobile transport enterprises, Leningrad, USSR; N2991
sexual harassment frequency/severity/response/effect; interviews, questionnaire; blue-collar women autoworkers; N2016
Sioux Indians/everyday production of oppression, illumination via talk about old cars; interviews; S15865
situated corporatist legitimacy, 1980 Chrysler loan guarantee; N2770
technological change, labor-management conflict/cooperation, automotive industry; S15638
troubled/reckless youth problems, Belfast, Northern Ireland, automobile stealing/"joy riding"; N1917
"women's work" redefinition, sexual division of labor, auto industry, World War II; N2033
work organization; technological change, auto industry case; interviews; S15570
workers' knowledge appropriation, quality control circle program, General Motors plant; interviews; workers, participants; S15609

Autonomous/Autonomy
autonomous work group projects, worker motivation, productivity; workers' basic interests; N4247
autonomous work groups as social systems, sociotechnics; N4267
autonomous work groups experience, Yugoslavian self-management system; N4289
autonomy as self-esteem source, male adolescents; S15835
autonomy-control variation, childrearing/self-acceptance level, early adult life, relationship; E. Berger's Expressed Acceptance of Self Scale; young adults; N2474
Basque Autonomy Statute negotiation/ratification, 1936, Spain; N1119
capitalist production relations, state relative antonomy, Nicos Poulantzas/other Marxists critiqued, state managers; M9291
capitalist state, "relative autonomy" notion reexamination; M9498
editorial autonomy/publishing house, control/conflict; M7756
family decision making/autonomy, adolescents' perceptions; questionnaire; small towns, India/Australia/US; N3451
health behavior; personal autonomy, control sense in illness; longitudinal study, interviews; metropolitan sample; N5168
higher education/federal government relationship, recent shift, autonomy; M8183
human autonomy; technology impact, labor, intelligence changes; N1612
illegal business conduct, government agencies' social conduct; autonomy, interdependence; S15881
knowledge/autonomy via education, contrast with Jean-Claude Passeron's-Pierre Bourdieu's sociological pessimism (*Reproduction*); N4755
nursing, increasing managerial control, professional autonomy increase strategies; M9619
Poulantzas, Nicos, political autonomy, materialist analysis value; M8980
power/autonomy, sociology of education; N3099
science policy/research administration, Hungarian/Finnish comparison, autonomy, research groups climate; M8310
scientific development; competition, division of labor, autonomy; N4967
sexual autonomy, women's status, female sexuality models, US sex manuals, 1950-1980; N2052
social welfare/product distribution, local community autonomy, political significance; N4436
values/society relations, autonomy problem; M7247
vulnerability, waitresses; job autonomy; N1241
work autonomy, sex differences, resources vs vested interests explanation; survey; men, women; N1286

Aversion/Aversions/Aversiveness
aversive greeting behavior; naturalistic study, numerous encounters; N0787
ethical considerations, aversive stimuli use, behavior control; N1563
supportive vs aversive behavior following spousal complaints; marital adjustment; videotape; couples; N5082

Aviation
air disasters, college athletic teams; aviation safety's unequal social distribution; 1960-1980 data; S15677

Avoidance
sexually transmitted disease, herpes threat focus, avoidance strategies; interviews; formerly married men/women; S15488

Award/Awards
Inkeles, Alex, sociologist, presentation of 1982 Cooley-Mead award; N2215
Newcomb, Theodore, social psychologist, presentation of 1981 Cooley-Mead Award; N2214

Awareness
art awareness experience, preschoolers/their parents, touching significance, photographic analysis/elicitation/interpretation methods; participant observation, interviews; S15905
cooperative tasks, self-awareness, information utilization, social influence; experiment; female undergraduates; N2361
deaf women, social awareness; invisible isolation; participant observation, interviews; deaf adults; N0337
family planning, fertility awareness methods, use effectiveness; clinic clients, San Diego, California; N3289
labor productivity; general social awareness/activity; survey; upper-level industrial workers, USSR; M7610
news, developing critical awareness, pedagogical experience/cognitive change; experiment; S15888
perceived fairness, overcoming egocentric bias, self-awareness; experiment, questionnaire; undergraduates; N2420
political interest/awareness acquisition, mid-1970s; college; questionnaire; college students; N2903
social interaction/human awareness, quantitative methods inadequacy recognition; N0429

Axiology
values/axiological sociology, Marxist vs bourgeois treatments; M7292

Baccalaureate/Baccalaureates
job market survey, Bachelor of Arts degree, sociology; M8925
Background/Backgrounds
background-education relationship; social-psychological orientation; national sample; tenth-grade boys; S15734
divorce, preadult background variables, explained variance overreliance; General Social Surveys, multiple regression data; ever-married US white males/females; N3407
drinking behavior; sex, parental background; questionnaire; black college students; N3348
education/earning/wealth, white vs black males; family background; interviews; fathers/sons, national sample; N1225
family background, sex-role attitudes, life goals; questionnaires; technical college/university students; N2574
inmates, Japanese public shelter for troubled women, background analysis; interviews; N4905
parental backgrounds comparison, cross-national replication; questionnaires; homosexual/heterosexual British males; M8455
physician assistants' job characteristics; personal background/work setting variables; questionnaire survey; N4612
preference, atypical family/educational backgrounds; 1971/72 questionnaire; women university teachers, natural science, England/Wales; N3205
scientists' perceived importance of work characteristics; cultural/national background, cross-cultural examination; questionnaire; USSR/Western nations immigrants, Israel; N3238
women, male-dominated vs female-dominated jobs, attitudes/background factors comparison; questionnaire; N2980
work satisfaction; background, personality, job characteristics; interview survey; national sample, Canadians; N4594
working class background, sociological research, youth; N3340
Backlash
backlash ideology, antifeminist literature, US; M8720
Bail/Bailbond/Bailbondsman/Bailbondsmen
pretrial release, bail decisions; legal/community/personal variables; court documentation, observation; M9917
Balance
balance theory, extrabalance properties, fairy tale literature application; N3039
balance, formal theory, conceptual clarity, tool for structural balance dynamics insights; N0721
local exchange imbalance explanation, social matching over multiple reinforcement domains; M7258
Bales, R.
prime-time commercial television, gender-role behavior, R. F. Bales's Interaction Process Analysis; N0550
Bali
corpse abuse, ritual trance, Bali, aggression, cultural mediation; M9116
Balkan/Balkans
political organization, oligarchic parliamentarism demise; interwar Balkans/Latin America comparison; N2895
Baltimore, Md.
children's self-esteem; religious/racial group identity, group rejection; questionnaires; Baltimore, Maryland, students, grades 3-12; M7446
coexisting needs, elderly, assessment method; Jews case, Baltimore, Maryland; interviews; S15535
Bandit/Bandits/Banditism/Banditry
banditry/local communities, 19th-century Andalusia, Spain, old nobility/new elite struggle; N3579
Bangladesh
fertility, Bangladesh; socioeconomic factors, intermediate variables; survey statistics; N3272
monthly fertility rates, seasonal patterns; statistical data; Matlab, Bangladesh; N3296
Bank/Banks/Banking
French banking sector conflicts, 1974-1978, organization demands, disputive action; participant observation; N0957
information bank INION, Soviet Academy of Sciences, sociologists' utilization; M8947
job dissatisfaction, large-scale Greek organization service sector, bank case; structural/personal factors questionnaire; employees; N4272
sociological information data bank creation, USSR; N3773
transplanted institutions, adaption, indigenous banking system; interviews, questionnaires; black Caribbean migrants, Brooklyn, New York; M9194
work-leisure relationship; job involvement; questionnaire; South African bank clerks/police officers; N4419
Bantu
Bantustan strategy, South Africa, historical significance, color/caste system, working-class disorganization; M9538
Baptist/Baptists/Baptism
Baptist church study, Erving Goffman's organization underlife concept application; N3127
church growth/decline; urban environment, Southern Baptist churches case, Memphis, Tennessee; N3124
conservative church growth/decline, Southern Baptist association growth; S15244
Bar/Bars
public sociability, college-aged male homosexuals, gay bar/cruise block; M9186
Barbados
Barbados outmigration, 1951-1970; statistical/survey data; N0015
language attitudes/behaviors, rural vs urban groups; questionnaire; Barbadians, Guyanese; N1378
metropolis dependency, Third World, exemplification, white female quests/black male prostitutes, Barbados; N2452
Bargain/Bargains/Bargaining
bargaining, economic exchange, civilization; exchange theory's limitations; M7249
collective bargaining attitudes; professional socialization; questionnaire; law students; N1297
collective bargaining, metamodels typology; M7105
court process, bureaucratic characteristics, plea bargaining, social order; N4880
industrial democracy demands; collective bargaining, postwar trade unions, GB; N2714
industrial democracy/collective bargaining, evolution, Sweden, major phases; M9287
industrial relations, conflict vs bargaining; French data; N0931
labor strike, Norway, 1920s, farmer-workers' bargaining processes; symbolic-interactionist analysis; N4251
plea bargaining process, significant actors' roles; Illinois court data, 1971-1981; S15676
politics, Belgium, ethnic conflict, consociational elite accommodation vs bargaining processes; M9198
retail merchandising bargain "sales"; vendors'/shoppers' perspectives; S15319
voluntariness question, plea bargaining controversy, philosophical clarification; N1581
Battered
battered wives, male abusers' socialization/social resources; questionnaires; women's shelter residents; N1985
battered women's refuges, feminist cooperatives vs social service institutions; M8712
battered women's shelters, new "families" creation; interviews, participant observation; shelter staff/clients; S15887
battered women, victimization process; interviews; residents/staff, shelters; N1987
batterers, alcohol abusers/nonusers, discriminant analysis; interviews; female battering victims; N3490
physical punishment of children/wife battering relationship, cross-cultural perspective, small-scale/folk societies; N5330
sexual equality/battered wives relationship; interviews; US adults; N3672
wife-battering incidence, male psychiatric hospital patients, special treatment programs consideration; interviews; Veterans Administration Medical Center; N5334
wifebeating, legal protection, domestic assaults processing, Scottish prosecutors/criminal courts; interviews, participant observation; N1599
Beauty
individual's status; physical beauty; questionnaire; young white respondents; N4117
Beggar/Beggars/Begging
beggary prevention laws administration, India, legal aid viewpoint; N4884
begging/beggars, Israel, personal characteristics/career development/attitudes; interviews; N0242
Behavior/Behavioral
'abnormal' behavior classification/mental health care perceptions; social class, cross-cultural comparison; interviews; western Texas communities/Durango, Mexico; N5181
abortion decision; human life beliefs/religion relationship; interviews; pregnant women; N3155
absenteeism as instability behavior, multicausal problem; N2688
accommodative/exploitative behavior, males vs females, managers vs nonmanagers; W. Edgar Vinacke's strategy test; business firms employees, New York City; M8716
aged's acceptance of age-appropriate behavioral expectations; family's/friends' expectations perceptions, age-related shortcomings acknowledgement, reference group approach; questionnaire; utility company retirees; N0186

aging men/women, changing behavior/outlook, individual/marital harmony; middle/later years; N3577
animal/human behavior models construction, observation procedures problems; M8388
antisocial behavior, US children; television violence; major laboratory/fieldwork studies summarized; N5029
antisocial/delinquent child behavior, stability, review; N5245
art behavior, anthropology; Denis Dutton's views criticized, reply; N3859
attitude change as self-presentation tactic, attitude-consistent behavior, choice/role effects; questionnaire, experiment; college students; N2524
attitude following counterattitudinal behavior; consensus, justification; experiment; undergraduates; M7471
attitude; behavior performed under public vs private conditions, religious attitude case; questionnaires; undergraduates; M7462
attitudes/driving behavior, A. W. Clark's social-role approach, Australian males, replication study, US males; N2487
attracting criminal assault; victims' nonverbal cues, prisoners's perceptions; videotapes; M8261
attributional reports, behavior; self-presentation goals; experiment, questionnaires; undergraduates; N2550
battle as collective behavior, theory, research problems; S15298
behavior description/control, B. F. Skinner's psychology/modern factory workplace compared; M7608
behavior modification, classroom, intervention techniques purpose, education vs social control; M9786
behavior prediction model, high/low visibility political participation; attitude, social class, 1976 US Presidential election case; interviews; national sample; M7096
behavior, middle-/working-class mothers, their infants; observer's presence effect, inhibitions; laboratory playroom observations, questionnaire, interviews; N2113
behavior/temperament/perceived temperament/idealization comparison, married couples who had/had not cohabited; questionnaire, Taylor-Johnson Temperament Analysis; N3434
behavioral psychology, stimulus/response definition, current procedures examination; N3768
behavioral stereotypes, interpretation, roles' normative-institutional character, value assimilation; M9110
behavioral/philosophical systems integration, problem-solving, unified theory; M7285
behavioral/program monitoring method, residential center, juvenile delinquents, Wisconsin; M9912
behaviors rescission, inconsistent responses, adolescent sexuality data, longitudinal study; questionnaires; N2167
career exploration behavior, dimensions; interviews; graduate business students; N2547
careers, organizational labor markets, demographic models, organizational behavior; N1298
children's behavior toward custodial mothers/fathers; interviews; N1702
children's behavior/mental health over time factors, Columbia University Family Research Project overview; longitudinal study; questionnaires; mothers, welfare recipients, New York City; M8559
children's indirect socialization, academic behaviors; effects of mothers' jobs; questionnaires; predominantly black, lower-class employed women/their children; N5031
children's play/motoric behavior; sociospatial conditions, everyday environment, West German findings review; N1676
cohort analysis/survey data, possible influencing factors identification, political behavior/attitudes, West German population; N0472
commitment measurement via community surveys, behavior intentions technique; questionnaire; Florida adults; M7064
considerate behavior, children with Middle Eastern/Western backgrounds, Israel, normative expectations differences/their implications; N2447
consumer behavior indicators; University of Michigan Surveys of Consumers; N1052
consumer behavior, USSR; surveys; agriculture workers, shipbuilders, midlevel technicians; different regions; M7707
consumer complaining behavior, empirical results; surveys; N4369
context-sensitive choice behavior, prominence theory; N0818
cooperative/competitive behavior, children, Papua New Guinea; experiments; N2471
coping behavior, aged; personal/social resources correlation; questionnaire; British elderly; N5202
crime, decisions to commit; labeling, economic rationality, social control/deterrence theories analyzed; questionnaires; southern US high school students; N0192
criminal behavior, Edwin Sutherland's differential association theory, operant conditioning principles, application/verification; N0213
criminal processing decisions; behavioral/extrabehavioral influences; stratified random sample data; juveniles, Illinois; M8293
defense mechanisms, behavioral economic approach, Sigmund Freud's motivational conflict theory reanalyzed; N0769
deviant behavior, interpersonal reactions; status/excuse effects; experiment; female subway users, Toronto, Ontario; N2557
deviant sexual behavior modification, comprehensive approach need; N5061
differentiation among groups, Margaret T. Lee's-Richard Ofshe's behavior style theory challenged, reply, comments; N2339
downtown behaviors; cognitive/affective factors; questionnaire; undergraduates, Atlanta, Georgia; M9733
dramaturgical model, behavior, strengths/weaknesses; N2329
drinking behavior patterns; normative structures; structured-questionnaire survey; college students; N5057
economics, need to develop as empirical service, behavioral approach, theory of the firm; N5257
electoral behavior, Galicia, Spain, reflection of movement to political autonomy; N4488
electoral behavior; candidates' friends/neighbors, geographical proximity; Granada, Spain; N1123
embarrassment displays, restitution behavior, social implications; videotape; N0816
energy conservation behavior; social class; interviews; households, North Carolina community; N5316
ethical considerations, aversive stimuli use, behavior control; N1563
ethical principles formulation attempts, sociological/behavioral research; N0566
failure, causal attribution/behavioral response; M7378
family behavior/intergenerational interaction patterns, public places; observation; Saint Paul/Minneapolis, Minnesota; M8494
foreign policy rhetoric/behavior correspondence, role/exchange theory insights; M7314
genetics/criminal behavior relationship, research review through end 1970s; N1669
health behavior, rural Ghana; disease classification; interviews; village households; N3492
health behavior; personal autonomy, control sense in illness; longitudinal study, interviews; metropolitan sample; N5168
helping behavior motivation, dispositional attributions, compassion vs compliance; experiment; female undergraduates; M7358
helping behavior; future dependence, liking, repeated help requests; experiment; female university students; N2341
helping behavior; prosocial labels; experiment, bogus personality inventory; undergraduate psychology students; N2546
household living levels, plantation society; fertility behavior; interviews; households, rural Jamaica; N3398
human behavior, sociopsychological/biopsychological determination relationship; M9162
human subjects protection, biomedical/behavioral research, unethical questionnaires; M7180
hyperactive school children processing, historical construction, mental health laws; S15554
illegal behavior, regional socioeconomic development, socialism; N0210
illness behavior paradigm, situational-adaptational perspective, conceptual exploration; S15749
illness behavior, racial differences; interviews; blacks, whites; N5172
insanity defense trials, defendant behavior vs psychiatric labeling, influencing jurors; experiment questionnaire; undergraduates; N3531
intergroup behavior imagery; fieldwork; Chipewyan/Cree Indian hunters, Patuanak, Saskatchewan; N2639
interpersonal behavior perception, dimensionality, social environment importance; M9107
interracial interaction, adverse conditions; positively structured contact; observation; middle school; M7523
Israeli Jewish/Druze prison guards, prisoners' rehabilitation potential/prison's rehabilitative potential/own supportive role beliefs, comparative analysis; N4909
Italian youths' family attitudes/behavior profile, social class homogeneity; questionnaire; secondary school students, Emilia-Romagna region; N5072
job characteristics/alienation/work-related behavior relationships; interviews; professional technical/managerial employees; N4567
judicial research/sociology of law, social background/attitudes, linkage with professional behavior stressed; interviews; judges, Berlin/Darmstadt, West Germany; N4890

Kern, Horst/Michael Schumann, "Rationalization and the Behavior of Workers: Thoughts on a Follow-Up Study to 'Industrial Work and Worker Consciousness'," theory/findings overview; N0952
language attitudes/behaviors, rural vs urban groups; questionnaire; Barbadians, Guyanese; N1378
mail survey, response characteristics, test, job attitudes/behavior survey; workers placed by employment services/their employers; N2124
managerial behavior; typology, strategies; Hungary; M7553
marital attitudes/behavior; social-class indices; national survey, interviews; adults; N1759
maternal behavior, infant development; breast feeding/culture reciprocal impact, Japan/US comparison; N3298
maternal-child behaviors, dependency producing task; children's locus of control orientation; experiment, Nowicki-Strickland locus of control scale; second-graders, Atlanta, Georgia; M8406
meaning-behavior relationship, sexual domain, sociolinguistics; questionnaires; college students; M8118
medicine, US, obsessive-compulsive behavior, high standards, overtreatment; N3002
mental illness, disordered behavior, therapy suggestions; social class differences, tricultural comparison; interviews; lower-/middle-class females, West Texan towns/Juiz de Fora, Brazil/Durango, Mexico; N5180
music, teaching methods/audience behavior, specific codes; N4713
noncooperative behavior, decentralized decision making, recent results survey; M9156
nonverbal behavior meaning, analysis level as determinant; experiment; undergraduates; M7353
nonverbal behavior, dominance cues; male/female figure drawing observations; undergraduates; N2526
nonverbal behavior, verbal aspects, interpersonal situation ratings; elimination of visible behavior from social interactions; experiment; male undergraduates; N1406
nonverbal behavior; status differentiation effects; experiment; college students; N3056
nurse practitioners, patient care interactions, professional behavior determinants; S15574
nurses' organizational status/behavior; professional problems; Alberta, Canada, Sweden; N4599
obesity beliefs; age, ethnicity, sex, weight; nursery school children, first/fifth graders, adults; N4062
organizational behavior, decision making; decision tree methodology; nuclear power plant development case; S15738
parent behavior patterns, cross-cultural study; observation, interviews; Mexican/US/Italian families; M8397
parental behavior perceptions, youthful criminal offenders differences; personal data; New Jersey counseling center; M8635
patients, health beliefs, illness interpretation, illnesses/health-related behavior relationship; questionnaire, interviews; N1821
pedestrian behavior analysis, film utilization; M8856
personal norm-behavior relationship; responsibility denial, moderating effect; questionnaire; Israeli undergraduates; M7449
personality/antisocial behavior relationship, delinquent vs nondelinquent boys; questionnaires; New Zealand; N3600
personality/task moderators, subordinate response, perceived leader behavior; questionnaire; managers, manufacturing firm; N2576
physically intimate/sexual behavior, 1978/79 prime-time television comparison; social implications; M7763
playground design/gender behavior relationship; S15316
political behavior prognostication, dynamic model; N0287
political behavior/values; intellectual achievement; survey; faculty elite; M9631
political consciousness formation, social policy, deviant behavior, dialectical interpretation; M8187
polling behavior; attitude polls; experiment; M9417
premarital sexual behavior/attitudes, college students, 1965-1980; questionnaire; N1699
prime-time commercial television, gender-role behavior, R. F. Bales's Interaction Process Analysis; N0550
prisoner misconduct, prisonization behavioral measures, northwestern state maximum security prison; N3195
probability matching behavior, association, rational choice; N3812
problem behavior, Chinese adolescents, classificatory-factorial study; questionnaire; Taipei, Taiwan; N3602
psychosocial behavior analysis, beliefs system; Melvin J. Lerner's hypotheses/experiments; M9120
ranked structure, Tlaxcalan (Mexico) religious office-holding hierarchy, concept/behavior match; N2613
reincarnation beliefs, naming/guardian ancestors, Serer Ndout, Thies region, Senegal; participant observation, interviews; divinators; N0896
religious behavior/persistence, USSR, sociological analysis; M8222
Science for the People, opposition to human behavioral genetics/sociobiology criticized; N5013
scientific beliefs, scientists; accountability/justification methods; interviews; biochemists; N3214
scientific ideologies, drinking behavior/alcoholism conceptions; N1820
second *Five-Year Outlook on Science and Technology* report, social/behavioral sciences perspectives inclusion; M8982
selection via consequences, individual behavior/cultures evolution shaping; N0055
self-described/ideal sex-role behavior, children; Bem Sex Role Inventory questionnaires; hetero-/homosexual mothers; N2461
self-presentation behaviors; self-perceptions certainty, self-enhancement motives strength tested; experiment; female college students; M7463
self-reported delinquent behavior, sibling structure, neglected family variable, contrast/imitation processes; questionnaire; high school students; N1918
self-reported delinquent behavior; social class, new test; questionnaire; high school students; N0229
sex differences, stereotypes vs behavioral judgments; rating young children's behaviors; parents, child care workers; N2404
sex-biased occupational beliefs, role/trait components analysis; undergraduates; N2993
sex-role attitudes/behavior, gender differences, homosexuality; Attitudes toward Women Scale, Sexual Attitude and Behavior Survey; undergraduates; N2531
sex-stereotyping, adult/child behavior, toy sales; experiment; N2558
sexual behavior, contraceptive use, socioeconomic status; interviews; young women; N3352
sexual behavior, Spanish university students; questionnaire; N5060
sexual behavior, USSR, demographic policies; N5063
sexual behavior/sex-role adaptation; alcohol consumption; questionnaire; young unmarried women; N5252
sexual interest/attitudes/knowledge/history, relation to sexual behavior; interviews; institutionalized aged; N3364
sexual life, married couples, earlier societies, church doctrine/behavior reality; N1694
sharing/proprietary behaviors; possession, ownership; experiment; preschool children; M8402
small groups competence/participation beliefs; task structure; experiment, postmeeting questionnaire; fifth-/sixth-grade males; M9104
sociability/public behavior/egalitarianism, middle-class US tavern; ethnographic approach; M7376
social actors' attitudes/behaviors, Italian economic policy; interviews; parliamentarians, union representatives, entrepreneurs; N4507
social comparison behavior, two dimensions; experimental data; Dutch secondary school pupils; M9173
social influence; behavioral style, status characteristics, competing theories tested; mock jury deliberation videotapes, questionnaire; N2359
social situations, behavioral elements' structure; experiments; N0788
social/behavioral sciences research, National Science Foundation Board's statement of commitment, 1981 meeting; N2256
sociology, collective behavior, physics approach, industrial plants' strike processes; N1098
spousal support during unemployment, behavioral-observational study; S15568
supportive vs aversive behavior following spousal complaints; marital adjustment; videotape; couples; N5082
symptom reports/illness behavior; women's' roles; interviews; married women; N5370
teleonomic entropy (disorder/purposeful behavior link), biopsychosocial systems; N3969
television program "Candid Camera," spontaneous behavior, social science value; M7750
television research, implicit assumptions, National Institute of Mental Health's 1982 *Television & Behavior* report; N4399
traditional food beliefs, critical life events, Peninsular Malaysia; interviews; women; N0906
unethical behavior, organizations; role-set configuration/opportunity as predictors; ad agency/corporate clients case; N4329
US voting behavior, changing patterns, 1914-1980; N4505
violence, mass media, behavioral impact, laboratory/nonlaboratory investigations evidence review; M9441
violent behavior prediction, psychiatric vs statistical accuracy; official court, mental hospital records, New York State; N0334
visual behavior, conversational interaction; intimacy; N0811

sports journalism, Flemish community, Belgium, history; N1110
study/school commitment; traditional vs comprehensive Belgian high school system types; questionnaire; seniors; M8153
unemployment crisis, Belgium; sociological policy, governmental ad hoc decisions vs sociocultural change; N2686
Vandervelde alcohol law, Belgium, working class's emancipation struggle, historical/ideological perspective; N3533
voluntary surgical sterilization, longitudinal study, social characteristics, motivation, sexual history, outcome; interviews; males/females, Flanders, Belgium; N3256

Belief/Beliefs
belief in just world, explanations adequacy; S15755
belief patterns, religious/psychic/other paranormal phenomena; survey; adults; N1538
beliefs, generation differences, religious beliefs stability/change, cohort study; national longitudinal interviews; Britishers; N4844
crime, public beliefs accuracy; interview survey, questionnaire; adult residents, students, Tucson, Arizona; N1078
evil eye beliefs, folk models' inconsistency, Sicilian immigrants, Ontario, Canada; N1830
feminist/sympathetic feminist consciousness, outgroup belief similarity; male/female samples; N0355
"gender polarity" beliefs; sex differences; Bem Sex-Role Inventory; androgynous/sex-stereotyped students; N4083
gender-identity rituals; Siberian Khanty ethnicity, status, belief; USSR; M7540
healers, religious belief, southeastern France; interviews; N3130
health beliefs, cognitive development; focus groups, heart attacks case; S15587
mass belief systems structure, US voters; racial issues; national election survey; M7248
natural differences between men/women beliefs, sex differences; S15794
nonconventional religious beliefs structure/measurement; H. G. Law's Inventory of Personal Beliefs, C. Morris's Ways to Live; M8207
physician services use, disadvantaged; symptoms/beliefs combination; interviews; N5169
poe divination, Taiwan, statistical awareness, religious belief; M8219
psychosocial behavior analysis, beliefs system; Melvin J. Lerner's hypotheses/experiments; M9120
returned prisoners acceptance; race vs shared belief; questionnaire; university students; N2605
Rotter, J., locus of control scale, measurements verification, "external control" pattern/"belief in luck" convergence; N2506
scientists' accounting for "correct belief" vs "error," social world construction; N3229
sexual assault victims, causal responsibility beliefs; observer characteristics; questionnaires; undergraduates; N5231
social/environmental beliefs, cognitive integration; questionnaire; Washington state residents; N5318
sociology of belief, Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*, cognitive claims critiqued; N0251
stress beliefs/conventional knowledge reproductions beliefs relationship; N0171
success beliefs, science, case study, questionnaires; US university students; M9788
weakening ideologies/beliefs/environmental concerns, increased material growth, economic expansion, 1970s; M8670

Bell, D.
Bell, Daniel, ideology demise concept, invalidity, distinction between ideology role for masses/elite; S15861
Bell, Daniel, postindustrial society theory critiqued, ideological framework; M8974

Benefits
cost-benefit issues, US national health legislation, end-stage renal disease program case; N0145
crime/recidivism, exoffenders, California; unemployment benefits extension, quasi-experimental evidence; N3581
disabled women; disability benefits, fairness; N0359

environmentalism/economic shift, development cost:/benefits distribution, rents alterations; S15583
legitimate authority noncompliance; group benefits, distribution rule type; experiment; N4106
noncomparability of benefits given/received, friendship existence cue; experiments; college students; N2390
welfare structure, benefits abuse, public skepticism; Gallup opinion poll data, 1973; N4384

Bengal/Bengali/Bengalese
animal abuses, Bengali Indians, cross-sexual semantic study, evidence of homeostatic control of sociocultural system; N4199
widow remarriage/polygamy debate, 19th-century Bengal/Yorubaland (Nigeria), moral change aspects; N4341

Berkeley, Calif.
economic depression, US, 1928/29; effects on men's lives; longitudinal study, Berkeley, California, cohort; M7384

Berlin, East
historical-political event coping, generational differences, 1961 frontier closing case, Berlin, Germany; interviews; former border crossers/traders; S15540

Berlin, West
historical-political event coping, generational differences, 1961 frontier closing case, Berlin, Germany; interviews; former border crossers/traders; S15540
law mobilization, suing probability/success chance/resultant justice functions; survey; Berlin households, West Germany; N4855

Bias/Biases/Biased
age bias, Japan, implications for normative conflict; Facts on Aging quiz; married Japanese/US adults; N3573
anthropological culture ranking, cultural relativism vs ideological bias; Arthur Hippler's responses to Joseph P. Reser's comments criticized; M9067
deviance studies, social-class bias; sociology of knowledge perspective; N4127
energy supply/demand forecasting inaccuracy, embedded methodological/institutional biases, Canadian gas case; N0312
fieldwork, training quality improvement; observational bias sensitivity; experimental program; apprentice fieldworkers; N3796
introductory psychology textbooks, homosexuality sources, misrepresentation/liberalism/heterosexual bias, content analysis; N4747
involuntary hospitalization, race bias, psychiatric vs labeling perspectives; S15853
jury system's social composition, bias problems, race/class, Trinidad; M9891
perceived fairness, overcoming egocentric bias, self-awareness; experiment, questionnaire; undergraduates; N2420
psychiatric symptom scales, physiogenic bias; structured interviews; adults, Saint Louis, Missouri; N3558
research project-based text construction; personal biases; interview, documentary evidence; radio station, 1972/73; M7065
sample selection bias, sociological data; N2089
sampling bias, written parental consent requirement; questionnaires; children; N0458
sex bias, language, gender neutrality; questionnaire; college students; N3075
sex-biased language, sex-role related effects; experiment; male/female undergraduates; N4694
sick role, lay concepts, Talcott Parsons's model, professionalist bias; interviews; women, Israel; N3502
social class-based bias, registered juvenile delinquency, Belgium; N3595
survey research results; interviewer variance effects, bias; interviews; N3758

Bible/Biblical
Bible, first chapters; political theory interpretation; N1417
contemporary authority crisis, technological societies, father devaluation framework, additional perspective, mythic to patriarchal time transition (Old Testment); N3958
humiliation of Job, biblical story analysis, structural features; N3132
myth/history as complementary concepts, Hebrew Bible application; M7235
politics-religion relationship, Biblical tests, Kingdom of Judah example, Guy E. Swanson's hypothesis; N4849

Bibliography/Bibliographies/Bibliographic
Bateson, Gregory, life's work reviewed; bibliography; M8979
bibliographic information management, research process, microcomputers utilization; M8931
Chicanas, English-language bibliography through 1980; N0361
Falardeau, Jean-Charles, Canadian sociologist, bibliography; N0671
homosexuality, historical aspects, annotated bibliography; N4134
Italian youth employment; research bibliography, 1970s; N0075
Kaupen, Wolfgang, life/work, bibliography, sociology of law, West Germany; N4859
knowledge & opinion about law research, annotated bibliography; N4382
microcomputer database management, bibliographic information, social science literature; N0457
new religious movements, Canada, US, Western Europe, post-1969 bibliography; N4787
Parsons, Talcott, religion writings, bibliography; N1530
popular/folk medicine, contemporary rural France, thematic bibliography; N3504
Portuguese workers' movement origins/orientation, inception-25 April 1974, bibliography; N2718
sociology of male homosexuality/lesbianism, introductory bibliography; N4132
sociology of religions, 1981 international bibliography; N1552
teaching sociology, 1981 annotated bibliography; M8923
teaching sociology, annotated bibliography, 1980 publications; M8922
theoretical/empirical sociology; bibliography, discipline's conceptual stability; M9071

Bihar, India
"reservation" politics, tribal/*harijan* (outcaste) groups, India, case study, political agitation, Bihar/Gujarat states; N1221

Bilingual/Bilingualism
analysis levels/sociolinguistic explanation, bilingual code switching, social relations/domain roles; comments, rebuttal; N3042
bilingualism, diglossia, language shift, Brittany, France; M8125
bilingualism, Paraguayan educational system, sociolinguistic characteristics; M8095
bilingualism, USSR; M9753
bilingualism, USSR; mathematical model; M8104
communicative strategy, dialect code-switching; social/situational factors; interviews; bilingual Chinese-Thai fourth graders; N1350
creole/English, instruction languages, bilingual education, aboriginal Australians; N3064
ethnic/language attitudes development, sex differences; questionnaire; bilingual Franco-Ontarian children, Welland, Canada; N3067
minority languages survival, subcultural factors; interviews; bilingual Friulan, Romansh, Gaelic speakers; M8128
mutual language group accommodation, bilingualism; economic incentives, Montreal, Quebec case; M8088
pluralism, new immigrants, bilingual education debate; N2600
requesting behavior/deference variation; setting, conversation topic, participant variables; puppets experiment; Puerto Rican bilingual children; M8127

Bimodal
stratification structure, revised bimodal approach, example; questionnaire; adult Israelis; N1207

Biography/Biographies/Biographic
biography as social science research method, science of the subject; N3789
chronic illness as biographical disruption, resources availability, pain/suffering explanation; interviews; rheumatoid arthritis patients, GB; M7372
cultural anthropology, biographical monograph's scope/role, cultural ambience profile; N0884
diabetic experience, time/biography; N4076
Durkheim, Emile, intellectual biography "break," concurrence with anomie concept development; N2223
psychology of aging, J. R. Kantor's *A Survey of the Science of Psychology* reviewed, reactional biography concept; M8564
residence concept, rural-urban migration, geographical/social content, biographies, Lomé, Togo/Accra, Ghana; M9272
"social clock" phenomenon, age-related life events, Kansas pioneers example, biographical correlates prediction; N4079
social science research, US, personal/biographical documentation, methodology, historical context, scientific evolution; M7140
social/biographical time structures mediation; N0692
Who's Who in America, biographical data source, coverage comprehensiveness, business elite populations; N0473
women/business management success, biographical profile creation; questionnaire; female managers, New Zealand businesses/government departments; N4613

Biology/Biological
academic status attainment patterns; scientific consensus; probability samples; US graduate physics/chemistry/biology/mathematics/political science faculty; M9622
biologists, 18th/19th centuries, quantitative study, professional organization forms; M9993

biology/psychology research, functional localization/various functional analyses errors; N0424
children's biological/sexual development perceptions; interviews; Australia/England/Sweden/North America; N3301
folk biological classification, utilitarian factor; N4187
genetic engineering, philosophical/ethical consequences, sociologism vs biologism; M8812
human population biology, transdisciplinary science practitioners' affiliations, methods; M8385
intelligence, sex differences, biological model, variability hypothesis development; N2047
learning theory, modern psychobiology, Keith Halbasch's differential reinforcement theory reexamination critiqued; reply; N0052
molecular biology, "warped zipper" DNA model genesis/reception, prior "exemplary" status of double-helix model; N3613
mortality/disease, racial differential, social/biological mechanisms; M8353
philosophical anthropology, Arnold Gehlen, spiritualist/biological perspectives; N0697
physical power/biological knowledge, 1930s, Rockefeller Foundation's molecular biology policy reappraisal; N3202
physics theories applied to biology/sociology critiqued; M8659
reductionism role, molecular biology development; N3209
religious experience, biological/biochemical mechanisms, endorphin; M9848
sex differences, sociopolitical ideology, aggressiveness, biological model test; questionnaire; Swedish high school students; N2311
sexual evolution conditions, biological perspective; N1696
social/biological relationship, sociological aspects; N4005
sociology of science, biometric school vs Mendelians, early 20th-century controversy, origins of modern genetics; N4938

Biosocial
exogamy/biosocial structure change, modern urban population; interviews, marriage data; Japanese Americans, Seattle-King County, Washington; M9237

Bio-
biomedical innovation, critical decision-making period, press coverage; M7753
biomedical research, ethical issues; household interview strategy, comprehension index; interview data; cross-section sample; M7071
crime, antisocial behavior; biochemical stress factors; N0203
human behavior, sociopsychological/biopsychological determination relationship; M9162
human subjects protection, biomedical/behavioral research, unethical questionnaires; M7180
publication rate, biomedical research institutions; laboratory size; M9947
religious experience, biological/biochemical mechanisms, endorphin; M9848
scientific beliefs, scientists; accountability/justification methods; interviews; biochemists; N3214
teleonomic entropy (disorder/purposeful behavior link), biopsychosocial systems; N3969

Birth control
contraceptive intentions; sex-role preferences, male birth control pill adoption case; survey; husbands, Columbus, Ohio; S15301

Birth order
aggression; conservatism, birth order, leadership; Conservatism Scale; Canadian ice hockey players; M7448
birth order effects, continued research inconsistencies; questionnaire; undergraduates; N2476
intellectual performance; birth order; questionnaires; male secondary school students, East Africa; N3276
intelligence quotient performance, black/white children; family size, birth order; National Health Examination Survey; N2340
juvenile delinquency; birth order; Israel's Youth Probation Service statistical data; M8632
self-esteem; middleborns vs first-/lastborns; interviews, questionnaires; tenth-grade boys; N1750
social interest, Alfred Adler's birth order/sex impact theory tested; J. W. Crandall's Social Interest Scale; college students; N4105

Birth/Births
age at first birth, social determinants; national probability sample, ever-married women aged under 45; N5126
birth rate decline, USSR, 19th century to present; Soviet states compared; M8354
birth rate stimulation, Scandinavian countries; N3268
birth/death date relation, Belgium; statistics; N2496
birth/death rates, US/Canada, seasonal variations; N0142
birthrate decline, USSR; 1960s generation's decreasing labor force, high divorce rate, increased proportion of one-child families; N5000
birthrate stimulation, German Democratic Republic, living standards, child care, families' material support; N0017
births, seasonal distribution, geographical/secular changes, Osaka, Japan/Massachusetts/Missouri/Görlitz, East Germany; N1662
completed family size; age at first birth, ethnic group, education work experience, number of marriages; interviews; married women, West Malaysia; N3248
doctors' social/economic status, US medicine professionalization, contributions of birth/birthing women, historial view; S15652
female labor-force participation surrounding first birth, differential patterns; longitudinal study, interviews; women aged 14-24; N1761
health/stress/achievement, 19th-century professional women, life course/birth cohort analysis; N4601
humoral medical tradition, birth, Malay society, confinement focus, cross-cultural perspective; Asian/Latin American fieldwork, questionnaire, interviews; women; N2642
illegitimate children birth/rearing, foster child cases analysis, child guidance clinic, Japan; N5040
perinatal mortality, current health policy debate, UK, J. Lewis's perspective; N1848
personal efficacy; timing of first birth, life course perspective; longitudinal survey, interviews; national probability sample, women aged 14-24; N1762
pregnancy/birth/postpartum period, traditional concepts/customs, rural Korea; interviews, participant observation; families, neighbors, health services personnel; N0911
race-/parity-specific birth probabilities, US women, 1917-1976, period effects, fertility measurement method; N3264

Black Muslim/Black Muslims
Black Muslim movement evolution; socioeconomic changes; M7715

Black power
black power movement, US, ideology, sociopolitical consequences, legal/public policy context; M7861

Black/Blacks
academic attainment, black collegians; racial identification; S15864
Afro-American religion, critical sociology, black radical consciousness/Christian experience; M8232
alienation from school/society, sex differences; black lower-class matriarchy; questionnaire; black adolescents; M8449
ascription/intergroup relations, untouchables, India/US blacks; legal/political changes; M7880
attitudes toward children's sex roles; interview schedule, Bem Sex-Role Inventory; black/white middle-class fathers; N4097
biculturality, US black emigrants' social integration problems, Liberia; N1132
black academic achievement; desegregation, research methodology effects/problems; N2597
black attitudes, prison, different regions, sociological analysis; S15561
black Brazilians' marginality, social mobility; N4148
black Carib domestic organization, historical perspective, traditional origins/contemporary patterns; N2637
black community, US, poverty-reducing public programs' failure; employment/income/demographic statistical data; M8667
black concentration/lynching, South, Blalock's power-threat hypothesis tested; N0841
Black English trial, Ann Arbor, Michigan, 1975, pluralism/assimilationist policy; politics, sociolinguistics as policy science; M8124
black farmers' position/prospects, South; S15229
black females' lethal violence; social change, women's rights movement; secondary survey data, interviews; offenders, victims' next of kin/spouses; M8708
black lynching, theoretical-historical approach; M9455
black middle class, job opportunity structure, racial discrimination, fragile market position; N2596
black mobility, actual achievement, "new orthodoxy" analysis; census data; black males; M7937
black policemen, "double marginality" concept reassessed; questionnaire; M9611
black political participation; organizational activity; presidential election year surveys; M9454
black population removal/displacement/divestment, South Africa; N4468
black prisoners, GB jails, rising proportions; N1604
black radicalization, civil rights funding, 1957-1970, radical flank effect; S15534
black representation, city councils; electoral structure; M9528
black residential mobility trends/characteristics; N3261
black sectarianism typology as racial stratification response; N4783

black self-esteem explanations, empirical tests; interviews, questionnaires; manual/clerical/semiprofessional employees; M7457
black self-esteem; interracial contact; statistical data, stratified cluster sample; black students, grades 3-12, Baltimore, Maryland; N2459
black social scientist, foundation support between World Wars, status-quo-oriented response, socioeconomic/geopolitical status changes; N0656
black social scientist, reflections, struggles/doubts/hopes; N3837
black spiritual churches, US, syncretistic nature, magico-religious rituals; M9828
black students' desegregation attitudes; school racial composition; questionnaire, official data; elementary schools; M9211
black suicide; social relation system, communal/familial ties; M7380
black US science doctorates, social origins, demography; questionnaire; M7992
black women, marital status, household structure, life satisfaction; Cantril Self-Anchoring Striving Scale; Florida sample; N3675
black youth's drug abuse, social competency/developmental needs theory; M8616
black-white earnings differences, sources; census data; N2940
black-white relations, US, 1865-1920, Edna Bonacich's split labor market thesis; M9212
black/Jewish relations, US, intergroup tension, racism, anti-Semitism, economic competition/exploitation; M7522
blacks' dilemmas, white-dominated society; S15326
blacks' sports excellence, GB, youths' emulation; M9460
blacks, Quebec; interviews; French-/English-speaking West Indian high school students; M7508
blacks, US; welfare system impact, history, future; M8672
blacks; attitudes toward southerners, 1964-1972; M7722
career development, young black females; M8443
causal model, early drug involvement; questionnaire; innercity black/Puerto Rican junior high school students; N3328
central-city housing, black-to-white successions, urban revitalization evidence; national census data; M8082
collective consciousness development, women/blacks/elderly; mass media; S15553
community participation, poor urban blacks; semistructured interviews, participant observation; low-income housing development residents; N0323
cults, US blacks' special vulnerability; M8229
curriculum choice antecedents, traditional/nontraditional college majors, black/white women comparison; questionnaire, southern US colleges/universities; N1454
drinking behavior; sex, parental background; questionnaire; black college students; N3348
education/earning/wealth, white vs black males; family background; interviews; fathers/sons, national sample; N1225
employment-related attitudinal/cognitive backgrounds, youth program participants, comparative analysis; interviews; black/white youths, upstate New York locales; S15902
ethnic enclaves; economic structure, Cuban/black businesses comparison, Miami, Florida; M7529
ethnocentrism test, young black/white children, Canada; M9106
family life coping, sociological perspective; interviews; black female single parents; N0118
family life cycle, empty-nest syndrome, cohort analysis approach, white/black/Mexican-American women; N1997
father role/nurturing, black males' attitudes; questionnaire, purposive sample; S15718
female/black hiring/promotion patterns; organizational characteristics; literature review; M7662
first black pledge, white fraternity, US college campus, interracial event as transformative event; interviews; pledges, sociology students; N0863
first/second marriages stability; husbands' marriage order; interview; white/black women; N1701
full employment goal, working-class blacks, community organizing group effort, Oakland, California, 1980s; S15507
groups' racial composition, members' preferences; test, black/white male undergraduates; N2343
history of sociology, black perspective; S15742
housing prices, black/white submarkets; racial differences; housing surveys; large SMSAs; M7496
illness behavior, racial differences; interviews; blacks, whites; N5172
intelligence quotient performance, black/white children; family size, birth order; National Health Examination Survey; N2540
interracial friendliness, black/white primary school students; classroom racial composition; S15789
jury duty, black exclusion process; questionnaire survey; legal personnel, southern states; M9886
kinship system interaction/knowledge; socioeconomic factors; interviews, participant observation; black adults, northwest Atlanta, Georgia; M9234
labor market experiences/expectancies; interviews; national sample, men/women, blacks/whites; N2422
low-income US black families, family/friends supportive social network; interviews; women, Alachua County, Florida; N3371
marital disruption, black families; family life cycle/economic well-being; Michigan Panel Study of Income Dynamics data; N0103
marital quality, power processes, black married couples; interviews; urban North Carolina; N1732
middle-class black family portrayal, 1930s-1970s literature; S15866
mobility aspirations, males vs females; national longitudinal study; black adolescents; M8421
modeling black student academic performance, higher education; S15748
mother-teenage daughter relationship; mother's marital history; interviews; black/white mothers/daughters; N1726
Myrdal, Gunnar, *An American Dilemma*, black culture portrayal, prejudice, Arnold Rose; M9226
nation concept, black African definition, European experience; N1204
north-south black intelligence quotient differential, Joseph L. Wolff's selective migration hypothesis, E. S. Lee's data reinterpretation, comment; M7409
occupational inheritance, mothers/daughters; national questionnaire surveys, interviews; whites/blacks; N0034
political attitudes, South African urban blacks, Soweto, political culture/incipient revolution reflection; M7850
political orientation, participation rates; race differences, competing theories, empirical test; national sample survey; blacks, whites; N4463
population changes, Alabama's Black Belt counties, 1960-1980; N0008
producing equal-status interracial interaction, Elizabeth G. Cohen's-Susan S. Roper's experiment replicated; black/white junior high school boys; M7520
race relations, liberal/black/Marxist perspectives; M7497
race riot aftermath, emergent norm process; interviews; black/white community leaders, Detroit, Michigan; N1100
racial differences, job satisfaction; questionnaires; white/black mental health employees; N2977
residential environment quality as social problem, poor housing/neighborhood, mental health consequences, black/Hispanic women study, Waterbury, Connecticut; S15654
riots, US cities, 1960s, personal uncertainty role; survey; black males; N0837
rural black leadership potentials, Louisiana communities; interview/questionnaire data; 1979-1981; community development training programs; S15403
school adjustment, black/white adolescents; alienation; Adolescent Alienation Index, Dean's alienation scale, questionnaire; N3345
self-esteem; locus of control; questionnaire; black/white youth; N2433
skilled work apprenticeships; blacks' underrepresentation; interviews; employers, trade unionists, teachers, government officials, Birmingham, GB; M9628
sociological theory's practicality, cultural deviant/variant theories, violence involving blacks, US; M7267
solid waste sites, proximity to black community, Houston, Texas; interviews, site visits; city officials; N5306
South African gold mine, black migrant labor; organizational structure, social control; M7651
standard vs Black English use; situational variables; conversational, linguistic analysis, taped conversations; freshmen college students; M8123
stratum identification/consciousness determinants, effect on collective orientations; national sample data; working-/middle-class people, blacks, women, aged; M7919
street vernacular, survival with dignity/ingenuity function; interviews, tape recordings; black teenagers, Los Angeles, California; M8101
suburban racial segregation, black public resource access; SMSA data, 1970; M9222
suburban selection, black vs white upper-middle-class males; M9727
teenage vs older mothers, family structure long-term evolution; interviews; black/urban mothers, Chicago, Illinois; N1748
transplanted institutions, adaption, indigenous banking system; interviews, questionnaires; black Caribbean migrants, Brooklyn, New York; M9194

unemployment/underemployment, disparities among blacks/Hispanics/women/white males; population surveys; S15942
upwardly mobile black women, marginal status, social isolation; two ideal types; interview data; N0338
US blacks, current status, trends; N0869
US Naval criminal justice system, racial incarceration differentials, black vs white enlisted men; M8265
violent crime, race differential hypotheses, social status vs other variables; black/white enlisted-grade male military prisoners, US Marine Corps; N2497
wage differences, Indian/white/black males; personal resources, minority group status; census data; N2610
wealth accumulation, black vs white men, housing equity case, national sample; N1041
welfare reform, possible effects, Mississippi, Nebraska, New York; white paternalism, black flight; N0324
white protest to affirmative action, helping behavior, blacks/whites; race, status, ability effects; experiment, questionnaire; white, male university students; N2397
wives' labor supply behavior, white/black couples; divorce risk; N0101
women's employment activity, 1890-1977, blacks vs whites; US census data; N1994
young West Indian blacks, white social values alienation; survey; blacks/whites, England; M9127

Blau, Peter
Blau, Judith R./Peter M. Blau, metropolitan structure/violent crime relationship, crime rates measures' reliability; N3580
Blau, Peter M., occupational differentiation theory, testing problems, comment; N1007
parameters salience/heterogeneity/consolidation, microsocial structure deduction, Peter M. Blau's macrosocial structure properties use theory, Thomas J. Fararo's extension continued; N2171

Blind/Blindness
personal space preferences, blind, sighted persons comparison; interviews, experiment; institutionalized/noninstitutionalized blind; Ontario, Canada; M7401

Block/Blocks
block variables, multiequation models, subjective social class identification causes study; General Social Survey; men; N2191
blockmodeling, algebraic techniques; N2133
educational funding; federal block grant advantages/disadvantages; N4326
interaction effects estimation problem, unmeasured block variables, application; N0507
social networks, k-plexes preservation, graph theoretic blocking procedure, algorithm; N0520

Blood
American Red Cross Donor 17 blood drive program; high school student blood donor recruitment/retention program effectiveness; S15712
employed women, high blood pressure; multifactor discriminant analysis; questionnaire, blood pressure measurement; N3728

Blood groups
social status attainment patterns; professional/business-managerial occupations; college origins; longitudinal data; male graduates; N1300

Blue-collar
college-educated blue-collar workers; National Opinion Research Center's General Social Surveys data; M7920
job stress/strain relationship; questionnaires; white-/blue-collar managerial personnel; N2752
nontraditional blue-collar occupations; women's survival; interviews, questionnaires; N0362
sexual harassment frequency/severity/response/effect; interviews, questionnaire; blue-collar women autoworkers; N2016
sexual harassment, blue-collar workers; mailed questionnaires; males/females; N0964
wage referents awareness, determinants; interviews, observation; blue-collar workers, municipal public works department; M7573
white-/blue-collar worker distinction, Germany, collective interests awareness; N0950
women's prospects, nontraditional blue-collar jobs, pre-/postpioneer periods, organizational changes effects; interviews, questionnaires; employees, union officials, large industrial firm; N2017

Blumer, Herbert
Blumer, Herbert/Everett Hughes talk, 1959; M7191
social behaviorism vs symbolic interactionism controversy, objective-subjective sociology dichotomy, criticisms of Herbert Blumer's interpretation of George Herbert Mead; S15339

Board/Boards
corporate network interlocks extensions, university/hospital boards, Canada, 1946-1977; S15842
Institutional Review Boards system, potential abuses fear; M7212
interorganizational exchanges stability; environmental uncertainty; Chicago Board of Trade's rulemaking processes, longitudinal study; M7644
recruitment, policy orientations; sex, race; questionnaire survey; black/white school board members, national sample; M8193

Boas, Franz
Boas, Franz, assimilation writings, German-Jewish identity influence; N4149

Bodin, J.
witchcraft crisis, 16th-century Western Europe; Jean Bodin's influence, French humanist; M9871

Body/Bodies
body role, rituals; motive-oriented/external models limitations; N3992
body size/skeletal maturation/cognitive status, Guatemala City (Guatemala) schoolchildren; socioeconomic status, sex differences; longitudinal study, grades 1-6; N5011
body, bodily practices, society; sociological approach, methodological problems; N3933
body, social symbolism, handicapped persons' dilemma; M9149
demography, physical bodies/social identities distinction; M8371
overweight body image/negative personality characteristics association, study replication; personality scale, experiment; college students; N2434
self-/body-image satisfaction; physical development; longitudinal study; interviews; early adolescent males; M8419

Bolivia/Bolivian/Bolivians
child mortality; fertility; demographic data; rural Bolivia; M8392
economic exploitation, peasant communities, San Juan de Uchucuanicu, Peru/Mojsa-Huma, Bolivia; M9674
intestinal parasite infestation; colonization impact; interviews; Bolivian subtropical lowland households; N1858

Japanese women, male-dominant careers, cultural barriers/sex-role transcendence accommodations; interviews; N2465
juvenile delinquency, career escalation model tested; offense history data; N1915
life planning/school career, educational aspirations; socially typical/individually chosen orientations; questionnaire; tenth-year gymnasium students, Nordrhein-Westfalan, West Germany; N1456
managerial career success; personal orientation/organizational climate fit; questionnaire; middle/top managers, GB, US; N5416
managerial careers, mobility limitations at upper levels, executive control strategies; N2769
marital adjustment, relationship to career salience, attitudes toward women, demographic/family characteristics; questionnaire; dual-career couples; N3413
marriage/career plans, related factors; Personality Research Form; unmarried female undergraduates; N3693
mature US women's career patterns; familial investments-resources, human capital investments; national probability sample; N1243
McGill University/Pulp & Paper Research Institute of Canada scientific research relationship, graduate students' thesis research/career patterns; M9632
medical students' career choices; longitudinal questionnaire study; State University of New York class of 1978; N4607

men's/women's career salience, dual-career families, high self-esteem/-confidence, job involvement correlations; educational preparation, premarriage family lifestyle planning; questionnaire; St. Louis, Missouri, couples; N4618
mental disorders/careers interrelationship, women inmates, Japanese public shelter; N5185
mentors' most successful protégés, academic careers likeness; questionnaire; mentor professors; M9772
mother's career; number of children; Wisconsin Longitudinal Study of Social & Psychological Factors in Aspiration & Achievement; N3315
Norwegian seamen's career/family patterns; shipping industry structural/global social changes, teaching profession comparison; N5422
occupational careers, Norwegian older men; mitigating factors quantitatively analyzed; N4623
occupational expectations/attitudes toward careers for married females; discrimination against females in religious denomination; national sample, college freshmen; N4827
organizational environments, dying as status passage/corporate career relationship; naturalistic strategy; executives; M7660
performance/job satisfaction/role ambiguity-conflict; career stage effects; questionnaire; university faculty; N4629
postgraduate career/marriage/fertility synchronization; N5337
predicting marital/career success, dual-worker couples, gender identities; N1739
professional women's marital adjustment/career relationship; spouse/family support; G. B. Spanier's Dyadic Adjustment Scale, questionnaires; M8731
Protestant clergymen's careers, wives' role, expectations, lifestyle; M7999
quality of life, dual-career families, influencing factors; questionnaire; couples; N5128
role structure, dual career families; interviews; families of primary school teachers, Sapporo, Hokkaido, Japan; N3404
scientific careers structures/female scientists, marriage/family/research productivity compatibility; interviews; S15769
sex-stratification process, undergraduate studies/subsequent career paths; mailed questionnaire survey; university graduate cohorts, midwestern US; M7970
social trajectories/careers; survey; Algerian businessmen; M9638
social workers training, vocational colleges, West Germany, career opportunities possibility for sociology graduates; N2252
sociologist's career, academic autobiography; M7136
sociologists, grey zone, university studies/career situation/unemployment/evasion strategies; questionnaire; sociology graduates, Free University of Berlin, West Germany; N2201
undergraduate sociology curriculum, mathematics/statistics additions, career consequences for majors; survey; sociology graduates, U of Iowa; N3843
undergraduates' career/lifestyle aspirations; questionnaire; S15796
vocational behavior/career development field, 1979 literature review; N2976
women inmates who have engaged in prostitution, careers, Japanese public shelter; N5359
women who experienced marital stress, career characteristics, Japanese public shelter; N5098
women's access, elite careers; religion; 1930-1970 US/1961 Canadian census data; N1475
women's career aspirations/achievements, college/seven years after; questionnaire; N1231
women's career decisions/development; need fulfillment, homemakers vs employees; need importance scores; 1968 college graduates; N4562
women's career education, Simmons College (Boston, Massachusetts) case; panel discussion, Simmons Project for Liberalizing & Integrating Career Education; N4757
women's career orientation dimensionality; factor analytic studies; N3707
women's career orientation, enabling/facilitating/precipitating factors, longitudinal study; questionnaire; N3719
women, dual-career families, needs/effective counseling, quantifying approach, longitudinal study; wives; N5120
women/science/career success, female vs male ratio, astronomy doctoral students, mail survey; GB; M8743
work careers, occupational choices significance, empirical/theoretical review; N2998
youth careers, family decisions; sex-role influences; game simulation; parents, adolescent offspring; N1769

Cargo cults
Melanesian cargo cults reexamination, adaptation/resistance interpretations; M9259

Caribbean
educational system inadequacies, improvement planning, Latin America/Caribbean; N3109
time sense/social construction of reality/nationhood foundations, Dominica/Faroe Islands; N2626
transplanted institutions, adaption, indigenous banking system; interviews, questionnaires; black Caribbean migrants, Brooklyn, New York; M9194
union patterns, family structure, Guadeloupe/Martinique, Caribbean; questionnaire; N3388

Carnival/Carnivals
politics, aesthetic debate, Brazilian carnival case; N2625

Carter, James Earl
wage-price guidelines, President Carter; inflation accelerated, effects; N0944

Cartoon/Cartoons/Cartoonist
television, shared symbolic environment enhancement, editorial cartoon labeling trends, 1948-1980; N1081

Case
Adorno, Theodor W./E. Frenkel-Brunswick/D. J. Levinson/R. N. Sanford, *The Authoritarian Personality*, critical theory, historicotheoretical tenets/advanced empirical methods integration, clinical case use; N4072
caseload management, decision-making discretion, suitable clients selection, community health clinic agency; interviews, observation; staff; N2076
civil/rape cases, federal/state court choice; survey; trial lawyers, Baltimore, Maryland/Houston, Texas/New Orleans,Louisiana; N4867
homicide cases classification, race/prosecutorial discretion, Florida; S15851
juvenile cases, public prosecutor's decision making, Belgian study; N3165
limiting ideal-case models, behavioral sciences, perfect competition/benevolence/malevolence model examples; N3817
mock juror case judgments; prior experience; male undergraduates; M8275
precedent-setting case, shaping legislation via private initiative in legal proceedings; N4868
rising caseloads, courts, West Germany; legal insurance, litigant decisions; N1557

Case study/Case studies
old age security/family life course, 19th-century Mennonite immigrants, case study; S15850

Casework/Caseworker/Caseworkers
life stress/resistance resources/physical illness relationships; questionnaires, inventories; social caseworkers, Arkansas; N1281

Caste/Castes
anti-Brahminist movement, anticaste ideology, desacralization, Tamil Nadu, India; N1522
caste, family stratification, traditional rural India, structural-functional analysis; N4541
fertility, mortality; socioeconomic condition, demography; questionnaires, schedules; Mahishya caste households, Chakpota village, Howrah district, West Bengal, India; N2628
festivals, Hindu calendar, pertinence to different castes/social functions, East Goadavari region, India; N0900
job preferences, castes/communities, industrial/urban sector, Fort Gloster New Jute Mill, Bauria, India; field observations; N4270
medicine/chiropractic antagonism, caste theory, cultural differentiation concept; participant observation; N5144
occupational change, unscheduled castes, India, comparative analysis; survey; Mahyavanshis/Bhangis, Surat city; N1248
scheduled castes, India, recent legislated privileges, popular attitudes; questionnaire; Punjab residents; N4552
women's festivals, high caste Indo-Nepalese, lives/roles presentation; N0892

Catalan/Catalonia, Spain
Catalonian health care system failures, sociological perspective need; N1831
national identity, Spaniards from Catalonia; social influence; N4041
social interiorization processes analysis, nationalist phenomena, Catalonia, Spain, methodological contribution; N1151
social organization, corporate household/ecocentric kinship group, Catalonia, Spain, participant observation; N2616
sociolinguistic research, Catalan language status, Spain, overview; N3068

Catastrophe/Catastrophes
natural/social catastrophe; Comacchio, Italy, agricultural reforms, tentative geographical situation, physical isolation; M8696

Category/Categories/Categorical/Categorization
accident departments, children's treatment, R. Jeffery's

categorization analysis, 'good' vs 'bad' patients; observation, interviews; health/social services staff, England; N5153
alcoholic's "loss of control" as sociological category; N3544
Bollen, Kenneth A./Kenney H. Barb, continuous variables, rank order/category measures distinction failure, reply; N2164
categorical data modeling, Mark Evers's & N. Krishnan Namboodiri's hypothesis expanded, loglinear parameters fitting/interpreting; N2185
category-rating/magnitude estimation scaling techniques, empirical comparison; geometric evaluation experiment, occupational prestige interviews; social science students; N3813
correlation coefficient, attitude/satisfaction questionnaires; categorization; N0510
design matrix strategy, categorical data analysis, self-esteem examples, religion/paternal education issues; N2184
Marxist sociology, categorization system; N0386
Monjardet, Dominique/Georges Benguigui, *The Managerial Utopia: The Middle Strata between the State and Class Relations*, professions/socioprofessional categories, new nomenclature/definition, France; N4548
multiple regression, categorical interval-level control variable, between-group components; N2173
ordered categories use, disagreements; N0502
ordinal measures, multiple indicator models, categorization error problems, simulation study; N2153
social categorization, paradoxical nature, Henri Tajfel's theories; M9045
social network analysis, multivariate categorical data; linear models; US business organizations; N2144
social property as economic/legal/sociological category, Yugoslavian self-management, various interpretations, critical survey; N3953
social relations, category/network interplay, application to regional elite; M7673

Catholic/Catholics/Catholicism (see also **Roman Catholic**)
accounting theory, modern capitalism ascendancy, religion/Catholicism role, Max Weber-Werner Sombart controversy; M8201
Catholic Church, Brazil, structural/policy changes, evolving social role, 1945-1970; M9833
Catholic Church, US, American Catholic Bicentennial Movement as social change source; N4843
Catholic colleges, Jesuit institutions focus, former students' contributions to US culture/education; N4758
Catholic mysticism, Saint Thérèse de Lisieux, psychoanalytic interpretation; N4812
Catholic Opus Dei organization role, Spain's modernization, 1960s, technocrats' mediation; N2785
Catholic press, journalistic norms, institutional stress; questionnaire survey; editors, bishop-publishers; N4840
Catholic theology, sociology utilization; N3135
communal Catholicism; Andrew Greeley's thesis critiqued; Catholic identity types; US; M8241
control structures, religious organizations, organizational patterns/individual perceptions explanations; national survey, questionnaires; US Catholic priests/bishops; N1542
defensiveness/social structure relationship, Catholic school trustees' ideology case; questionnaire survey; Canada; N1015
desired religious communalism changes, Prostestants/Catholics; 1958/1971 Detroit Area Studies; N1516
discrimination against Catholics, Northern Ireland, Christopher Hewitt's/Richard Rose's works criticized; N4825
dissident sectarian movements/Catholic Church/social class, Mexico, spiritualist sect study; participant observation, interviews, questionnaire; N3121
forcible rape; religion, Catholicism focus; US Federal Bureau of Investigation data; N1540
heresy, politics, suppression of heretics; Roman Catholicism's modernist controversy; N3133
Ireland, new political/economic difficulties; social class, religious, moral beliefs; N2336
Italo-American community assimilation, Catholic Church's Prelate for Italian Emigration, religious assistance, 1920-1949; N0870
Latin American Catholic Church, ideological trajectory, Medellin/Puebla episcopate plenary meetings; M9836
mass media, GB, 1970s, Catholic viewpoint; M9434
miners' unions, Upper Silesia; Catholic Church, German-Polish nationality conflict, 1865-1914; M7607
national/Catholic religion attitudes; universities; survey, questionnaire; Polish students/workers; M8429
Polish Catholicism, history, comprehensive anthology reviewed; N4818
religion, Catholicism, France; François Isembert's & Jean-Paul Terrenoire's *Atlas de la pratique religieuse en France* reviewed; N3136
religious contrasts, family role definitions/performance; questionnaire survey; Utah Mormons/Catholics/Protestants/others; N1472
social structure, Netherlands, social/political groups' vertical "pillarization," Catholics/Protestants/socialists; N4476
suicide rate/religion relationship, US Catholics study; N2549
Terrenoire, Jean-Paul/F.-A. Isambert, *Atlas of Catholic Religious Practice in France*, social/historical context issues; N3149
US Catholic diocesan organizations' structural innovation; executive/professional membership values; questionnaire; N1299
US Catholics, European descent, ethnicity, assimilation; 1973-1978 National Opinion Research Center's General Social Surveys data; M7486
Weil, Simone, life/thought, Catholic Church objections; N1494

Cattle/Cattlebreeding
beef cattle producers, Texas gulf coast, characteristics/production practices; S15205
economics, Nuer identity, southern Sudan, women/bridewealth cattle exchange; N2622
Nuer, southern Sudan, Africa, E. E. Evans-Pritchard's "segmentary lineage system" depiction, Ladislav Holy's descent reinterpretation contested, definition around cattle; N4219

Causality
causality, social-scientific models, structural variability concept; N3770
causality, sociological research criticized; N3769
illness causality perception, Senoufo, Ivory Coast; N2084

Cause/Causes/Causal/Causation
causal analysis, contingency tables, predictive power methodology; N0496
causal analysis, standardization; M8880
causal analysis, statistical relations, multivariate percentage tables; N3822
causal analysis, US sociology; historical development; N3754
causal attributions, situational determinants; interviews; working mothers; N2444
causal dependencies/their statistical treatment; N2166
causal explanation, male/female academic performance; sex-role biases; stories, Attitudes toward Women Scale; undergraduates; M8188
causal impact calculation, nonlinear/nonadditive models; N2175
causal inference, loglinear models use, example; N3829
causal model, early drug involvement; questionnaire; innercity black/Puerto Rican junior high school students; N3328
causal modeling, international migration research, Herman Wold's methodology; N0525
causal modeling, path analysis, causation definition specified; N2079
causation as explanation critiqued; M8820
child abuse/neglect studies, causative factors investigation, research methodology criticized; N5032
crime punishment, causal attribution; respondents' sociodemographic characteristics; questionnaire; university students, North Carolina; M9895
divorce causes, Uzbekistan, USSR; court records, sociological surveys, 1970-1978; ethnically homogeneous families; N0121
failure, causal attribution/behavioral response; M7378
political participation data analysis, multiple-indicator multiple-cause model, test; N2195
self-controlled systems degeneration, causal model factors' interrelationship problems; Boolean algebraic approach; N3827
sexual assault victims, causal responsibility beliefs; observer characteristics; questionnaires; undergraduates; N5231
social perceptions, rape victim's culpability, influence of respondents' personal-environmental causal attribution tendencies; Attitudes toward Rape Questionnaire; N3718
strikes causation, theoretical approaches review/social-psychology contribution; N2692
theoretical distinctions, causal/interaction effects, social support, Peggy A. Thoits's study reviewed, reply; N2464
variables ordering, causal models, empirical aids; N0500

Celibate/Celibates/Celibacy
sexuality/imprisonment, forced celibacy, prison, psychological/social problems; N3200

Cemetery/Cemeteries
social organization/development, Chinese coastal neolithic cemeteries, archeological evidence; M9277

Censor/Censors/Censored/Censorship
censoring problem approaches, event-history analysis, A. B. Sørenson's preliminary formulation reviewed; N2176

human subjects, social research, Institutional Review Boards censorship; M7222
pornography vs censorship; legal definitions, social solidarity issue; N1596
sadomasochistic pornography, censorship forms/attitudes, feminist protest; M8451
social science curriculum projects censorship, political education, Queensland, Australia; M8192
social science teaching, political censorship, Queensland, Australia; M8940

Census/Censuses
Austrian census plans, 1981, electronic data processing, job differentiation; M8362
crime rates, Los Angeles, California, 1970; census tracts, different social/physical composition measurements, social rank, ethnicity; N3578
demography politics, 1980 US Census controversy; N3269
families/households, Detroit, Michigan, census analyses provision, nonacademic audiences; S15250
farm operators, occupational entry/exit; Canadian census data, 1966-1976; M9665
farmworkers; US Decennial Census data limitations; labor market structures; Department of Agriculture survey, 1981; S15474
federal statistical system continuities/discontinuities, nativity/ethnic origin census data, case study; S15498
integrated social data systems, GB; household censuses/surveys as data sources; M8847
population miscount, US Census Bureau, implications for revenue sharing/congressional reapportionment issues; N3278
social ecological analyses, Australia; census units' internal heterogeneity assumption; M8351
social goals setting, 1980 US Census, inaccuracy-related problems; N3290
statistics, 1980 US Census reporting, courts' adjustment order; N3267

Center/Centers
artistic experiments, counterculture center, Paradiso, Amsterdam, Netherlands, attempt to bridge modern art/society gap; N4708
caregiver behavior evaluation; observation; child-care center, Dunedin, New Zealand; N0064
decentering process, intergroup context, neo-Piagetian model; M7343
health services utilization; stress; interviews, daily diaries; female users, neighborhood health center, Boston, Massachusetts; M8518
illegitimate children birth/rearing, foster child cases analysis, child guidance clinic, Japan; N5040
institutionalization defense, rape crisis center case, organizational stability, resource management; N1064
Italian Center for the Study of Social Investments, research strategy assumptions; N2088
juvenile delinquency, South Philadelphia, Pennsylvania; Youth Service Center; N0226
neighborhood as public sphere refuge, service center planning, support to women's changing roles; S15651
neighborhood health centers, US, doctors' power limitation, West German relevance; interviews; US health care experts, West Virginia/Kentucky; M7969
organizational growth/change, life cycle model, application to community mental health center; M7649
Playful Museum, student union, University of Toledo, Ohio, leisure health training center/research; observation; S15901
policy research centers proliferation, post-World War II US, role expansion, information quality; M8685
professional degree differences, performance remuneration strategy, mental health center case; M7958
regular course offerings, shopping centers, exchange theory application, student audience expansion; M8946
social structure dynamics, scientific debate, organized by Romanian Center of Sociological Research, 27 May 1981; N3854
urban periphery, center-periphery conflict; M8051
Walt Disney World, bounded ritual space, playful pilgrimage center; N4425

Central/Centralism/Centralization/Centralized
central city fiscal strains; industrial growth, housing construction; traditional theory criticized; M8055
central city, business, needs assessment/climate determination; survey; firms, major US cities; N3029
cooperative movement, centralization development problem, Israeli kibbutz regional organizations study; N0279
local governments' services policy, Paris, France; central government control vs decentralization; M7871
small farming destabilization, Central America/Andes; capitalist transformation of agriculture; M9689

Centrality
central tendency measurement, quantitative coefficients; population data, US cities; N2147
pluralistic system/industrial centrality, Confindustria (Italian general industrial union) under Carli presidency, political role/internal organizational issues; N4227

Ceremony/Ceremonies/Ceremonial/Ceremonialism
"rustic aesthetic," US, social perspective, accumulated ceremony/cultural meaning of style; N4191

Certainty
deterrence theory, punishment certainty; actual vs perceived information; interviews; adults; M9904
social security benefits, receipt certainty, uncertain world; S15559

Certification/Certificatons
"certification" as stage of exiting criminal careers; life history interviews; male prison inmates; N0209

Chance/Chances
research grant peer review, chance/consensus, National Science Foundation proposals experiment; M9948
scientific eminence; chance; M8339
sociohistorical processes, capitalist vs socialist conditions; necessity vs chance; M8794

Change/Changes
anthropology of everyday work, ethnosociological perspective; technological change; N4234
attitude change as self-presentation tactic, attitude-consistent behavior, choice/role effects; questionnaire, experiment; college students; N2524
births, seasonal distribution, geographical/secular changes, Osaka, Japan/Massachusetts/Missouri/Görlitz, East Germany; N1662
change scores role, change models; S15820
change/development situations, cultural/structural continuities, patron-client relations persistence/transformation; M7682
change/stability, young men; Youth in Transition longitudinal study; policy implications; M7354
changing rural norms; structural urbanization, US; questionnaires; high school students, Pennsylvania; M7680
economic/social structure changes; productive/nonproductive activities, Yugoslavia; M9387
equality limits, Fred Hirsch's *Social Limits to Growth*, political change, power, inequality; N0745
festivals/change/unity, ethnic identity celebration, Louisiana Cajuns; N4185
Herriott, Robert E., educational change promotion, organization images, experimental schools findings; M8164
human interest change/stability, 1961/1975; surveys, open-ended questionnaire; Israelis; N4381
illegitimacy rates change determinants, developed populations, 1950-1970; N3260
industrial conflict, urban change, tannery closing/reopening, diverse economic interests joining forces, Annonay, France; N2682
labor force participation, aid to women to undergo change; N5360
life changes, leisure activities, well-being; interviews; elderly aged 72+; N1875
local government, urban crisis, political change; M7829
marital satisfaction, change desires; Locke-Wallace Marital Adjustment Test, Areas of Change Questionnaire; married/cohabiting couples; N1790
marriage stability/change, transition to parenthood period; joint interviews, questionnaires, observation; couples; N5070
name changes, social psychology, exchange theory approach; questionnaires; US students attending University of Copenhagen, Denmark; M7383
scientific change conceptualization, modern philosophy/sociology of science, dichotomies, methodological analysis; N4963
social policy, change implementation, local community level; psychosocial model; N5300
social sciences, change-oriented movements vs scholarly teaching/research; M7033
social structure, historical changes, USSR; bibliography; M7333
social work; ideological advocacy, professional knowledge changes; *Social Work* articles, 1956-1973; N0252
socialist education system role, social structure reproduction/changes; N3098
societal change theories' geometrical forms, time-scale factor; longitudinal data, computer simulation; N2293
solar energy purchasers, future adoption rates implications; M9400
traditional family, Japan; unilineal continuity changes, continuities; N5115

unconscious mental structures/cultural change, psychoanalytic theory, superego concept, Sigmund Freud, later theorists; N0886
women's health; economic change; historical influences, 1930s-1970s; M8513
women's nonfamily roles, changing attitudes; demographic factors, aggregate behavior changes; public opinion poll data; N2048
work content changes as sociological research topic; German Democratic Republic empirical data; M9331
youth employment, Italy; industrial structure changes, technology, service economy transition, decentralization; M9303

Character/Characters/Characterization
Dutch national character, sociologists' traits identification attempt, 1930s/1940s; N3921
obesity salience, personality characterization, test; N2435
representative (typical) literary character concept, realist writers' use, realist-dialectic criticism; modern literature's pluralistic reality; N3999
Riesman, David/N. Glazer/R. Denney, *The Lonely Crowd: A Study of the Changing American Character*, inner-/other-directedness character shift, historical thesis, US film titles analysis; N2334

Characteristic/Characteristics
Australian immigrants, refugees' changing characteristics, motives/needs identified; N4172
child maltreatment rates prediction; community socioeconomic/demographic characteristics, ethnicity; central registry data; Texas counties; N5034
client characteristics selection, human service organizations functioning; S15305
drinking practices, alcohol consumption; stress/boredom, job characteristics; interviews; jobholders, Boston, Massachusetts; N5159
mail survey, response characteristics, test, job attitudes/behavior survey; workers placed by employment services/their employers; N2124
migrant characteristics, current US migration direction framework, microdata analysis; N1649
performance expectations formation; personal characteristics; experiment; female undergraduates; N2398
professional characteristics, occupational taxonomy, implications for research; N4573
revisiting the doctor; client characteristics, practice type, care experiences; interviews; clients/pediatricians; New Haven, Connecticut; M8534
scientists' perceived importance of work characteristics; cultural/national background, cross-cultural examination; questionnaire; USSR/Western nations immigrants, Israel; N3238
sexual assault victims, causal responsibility beliefs; observer characteristics; questionnaires; undergraduates; N5231
small-scale fishermen, psychocultural characteristics/cooperative formation, New England/western Costa Rica cases; N4668
social involvement/characteristics, beef vs broiler producers, rural Louisiana; S15207
status/performance characteristics, social interaction, status validation theory; experiment, questionnaire; interviews; female undergraduates; N2456
stereotyping, positive/negative characteristics associations/ascriptions, racial stereotypes example; experiments; white university students; N2599
student/instructor contact, associated student characteristics; N1446
work satisfaction; background, personality, job characteristics; interview survey; national sample, Canadians; N4594

Charisma/Charismatic
charisma theory, dialectical reality construction, tripolar thought model; N3971
charisma, mystical master-disciple transmission, Jōdo-Line Buddhism; N4837
charisma, social construction, David Berg case; N1549
charismatic religion as popular protest, ordinary/extraordinary use, social movements, Zambian rebellion case; N3120
Oneida Community breakup explanation, utopian socialist experiment, charismatic authority instability; N0278
Parikh, Harivallabh, Mohandas Gandhi disciple, India, social reform activities, charisma; N1490
priesthood, foundation, personal charisma enjoyment, St. Louis-Marie Grignion de Montfort case; N1535
Weber, Max, "emotional community" concept, charisma functioning, utopia/communal life, French neorural apocalyptic communes case; N1510

Charity/Charities
"Third World action groups," commitment motive, charitable assistance vs development politics; interviews; Austrian volunteers; N4279

Chastity
chastity vow determination, Christian church; N1695
rape, US/Indian attitudes compared, female chastity importance; questionnaire; male/female college students; N3664

Cheat/Cheats/Cheater/Cheaters/Cheating
deterrence theory, utilitarian assumptions, income tax cheating; interviews; residents, Oklahoma City, Oklahoma; N0212

Chemist/Chemists/Chemistry/Chemical
academic status attainment patterns; scientific consensus; probability samples; US graduate physics/chemistry/biology/mathematics/political science faculty; M9622
agricultural chemicals/pharmaceuticals, government regulation, farm operators' opposition; sociodemographic, attitudinal, situational variables; S15390
crime, antisocial behavior; biochemical stress factors; N0203
doctoral training, faculty uses, scholarly effort/research activity differentiation technique; survey; chemistry/psychology doctorates; M9775
education/practice, professional qualification problems, West German university graduates, chemistry example; N1268
everyday life/economy relationship, Marxist concepts' limitations, experience vs theory, "collective memory work," Hoechst Chemical Works incident; West Germany; N3875
health risk labeling, industrial chemical plant, angiosarcoma/vinyl chloride link; psychosocial survey data; normal/ill workers; N0166
personnel turnover, chemical industry; working conditions; survey; Minsk factory workers, USSR; M9616
reliability, variables measured as number of events in time interval application to B. F. Reskin's chemists data; N2128
religious experience, biological/biochemical mechanisms, endorphin; M9848
science citation index/chemistry, sociological tool, automatically generated data feasibility/accuracy; M9951
scientific beliefs, scientists; accountability/justification methods; interviews; biochemists; N3214

Chi-square
chi-square statistic use, explanatory variables selection, multiway contingency table; N0503

Chicago, Ill.
delinquency patterns, Chicago, Illinois; community change, C. R. Shaw's/H. D. McKay's data reexamined/extended; M8617
educational goals; parental characteristics/attitudes; interviews, questionnaires; adolescents/their parents, Chicago, Illinois/Orange County, California; M8414
elderly Asian immigrants, US; Americanization/assimilation; experimental approach; S15685
ethnicity creation process; cultural/structural models; questionnaires, interviews; East European Jewish/Lithuanian immigrants, Chicago, Illinois; M9192
graduated rental scales, "threshold effects" existence, public housing residents, Chicago, Illinois; N0522
interorganizational exchanges stability; environmental uncertainty; Chicago Board of Trade's rulemaking processes, longitudinal study; M7644
juvenile delinquency prevention/treatment, 1930s-1940s Chicago Area Project; archival data sources; N5251
mass transportation, Chicago, Illinois-Frankfurt/Main, West Germany comparison; longitudinal data; M9741
monetary policy theory, Chicago school economics, post-1930s review; N3865
racially mixed neighborhoods maintenance, success/resistance factors; interviews; Chicago, Illinois; S15795
racially mixed neighborhoods maintenance, success/resistance factors; Chicago, Illinois; S15277
social workers; unionization, New York City, New York/Chicago, Illinois strikes examples; M8002
sociology, New Chicago School, US, social theory construction, empirical approach; M7028
symbolic interactionism/Chicago school criticisms, ethnomethodology/sociology of sociology perspective; N0623
urban sociology, Chicago school's conservatism; sociology of knowledge analysis; M7154
vocational commitment; organizational/situational influences; questionnaire survey; Protestant ministers, Chicago, Illinois; M7973
working-class movement origins, 19th-century Chicago, Illinois, eight-hour day fight; N1062

Chicano/Chicanos
agricultural cooperation, Chicano exfarmworkers/sharecroppers, strawberry farms, California; political mediation; M9693
Chicana political mobilization, organizing, issues/strategies; N0371
Chicanas'/Chicanos' social identity; ethnicity, gender; M9230

Chicanas, English-language bibliography through 1980; N0361
Chicano movement, goals, ethnic vs class heritage; M7714
Chicano stereotypes; films' impact, Herbert Biberman's *Salt of the Earth*, Robert Young's *Alambrista!*; M9449
Chicano-Mexican relations, research framework; M9200

cultural collectivism operation, reward distribution, task/maintenance contributions impact; experiment; US/Chinese male undergraduates; N2380
desired residential mobility, low-income ethnic community, Chinatown (San Francisco) case study; interviews; Chinese-American adults; N3275
economic parity attainment, Chinese/Japanese/Filipino, US, 1960/1970/1976 comparison, ethnic membership "cost"; M9228
empires, ecological dynamics, 17th-century crises, Ottoman Turkey/Ming China; S15786
family revolution analysis, China, "new democratic patriarchy" system, formative effect on People's War strategy development; N3466
feminist issues, Chinatown's women; interview survey; Chinese residents, San Francisco, California; N3703
fertility statistical data reliability, People's Republic China; N0011
health/crime trends, Chinese Americans; M9195
health; employment, rural labor force entry case; interviews; married Chinese women, Taiwan; S15263
labor process division/underdevelopment, South China silk industry; N1975
language shift to English, Chinese Americans, causal explanation; N3057
law, People's Republic China, field trip impressions; N4870
Marxism-Leninism conversion/dissemination, Chinese Communism; Moscow's Sun Yat-sen University's role, 1925-1930; N2070
modern sociology emergence, USSR/China; ideology/political leadership development; M8986
Needham, Joseph, sociology of Chinese/modern science, developmental stages; M8331
participative management, worker control, China; N0988
planned fertility, People's Republic China, one-couple/one-child policy, rationales, implementation measures; N1647
problem behavior, Chinese adolescents, classificatory-factorial study; questionnaire; Taipei, Taiwan; N3602
prostitution, China, 1860-1936; N2015
radicalism/nativism/anti-immigration sentiment, US; Chinese example; N4990
religious conversion, Chinese Singaporeans, overtolerance hypothesis examined; S15818
rural development, older women's role, Chinese case study, Taiwan; S15264
science of science, China post-Mao Zedong's death, philosophy, scientific/technological policy formation; M8303
science, China, elitism, economic readjustment, basic vs applied research; M9985
social organization/development, Chinese coastal neolithic cemeteries, archeological evidence; M9277
socialist agricultural development model, Dazhai community, China, 1964-1976; M8025
socioeconomic concepts understanding; interview schedule; Malaysian Chinese schoolchildren; N5038
traditional vs Western medical care, rural commune, People's Republic of China; interviews, observations; Kwangtung Province, 1978; N0147
Weber, Max, Chinese bureaucracy treatise; N3910
work organization, Chinese communes, drastic changes, production units redefinition, anthropological study; N0943

Chinatown/Chinatowns
desired residential mobility, low-income ethnic community, Chinatown (San Francisco) case study; interviews; Chinese-American adults; N3275
feminist issues, Chinatown's women; interview survey; Chinese residents, San Francisco, California; N3703

Chiropractor/Chiropractors/Chiropractic
medicine/chiropractic antagonism, caste theory, cultural differentiation concept; participant observation; N5144

Choice/Choices
alpha-fetoprotein, rational reproductive choice, social policy development, scientific experts panels use; S15495
Armenian immigrant adaptation components, shared meaning/choice, Washington, DC; N4160
attitude change as self-presentation tactic, attitude-consistent behavior, choice/role effects; questionnaire, experiment; college students; N2524
career intentions; occupational choice dimensions, longitudinal study; interviews, questionnaires; college women; N1252
career orientations/intraoccupational choice; questionnaire survey; engineering students; N4632
choice of distribution principle; resources; cross-cultural evidence; Germany, Sweden, US; N4360
choice of spouse; homogamy, propinquity, segregation; Christchurch, New Zealand; M7424
choice shifts, anonymous conditions, pervasive arguments; social comparison hypothesis; undergraduates; M7377
choosing friends of friends, popularity inequality, triad types, transitivity; N2344

comparative validity test, Likert/projective/forced-choice indices, achievement motivation; Australian males; N2114
contamination via cold vs spirits, choice/ambiguity, Moroccan pluralistic medical system; N3496
context-sensitive choice behavior, prominence theory; N0818
elderly's living arrangement choices, in institutions vs with families; interview survey, qualitative data; N5203
environmental ethics/consumer choice, relationship divergence; conceptual case study, solar townhouse community; N5312
family housing choice, hierarchical model; longitudinal study; M8048
group choice process, three or more alternatives; N0820
illness behavior, Western medicine vs therapeutic alternatives, Ivory Coast; N0146
job satisfaction/commitment, Nigerian workers; individual choice, situational factors; survey; N0918
job selection process, labor turnover/occupational choice, conceptual rapprochement; N3007
lifestyle correlates, personality, role concept, attitudes, influences, choices; questionnaires; middle-class college-educated married women, New York metropolitan area; M7429
male alcoholics, partner/marriage choice problems; N3545
medical students' career choices; longitudinal questionnaire study; State University of New York class of 1978; N4607
men's work satisfaction; work/family choices; survey questionnaire; N2996
microcomputer revolution, technical possibilities/social choices; N1615
modernity study relative to psychometric measures of motives/values/childrearing attitudes/vocational choices; questionnaire; students; N4109
occupational choice congruence; traditionality of choice, sex-role identification; undergraduate women; N5369
occupational choice issues, Czechoslovakian society; N4574
occupational choice/sexual orientation relationship, cross-cultural perspective; homosexuals/heterosexuals, US/Brazil; N3008
occupational choice; early family relationships, sexual symbolism/identity, mother/father figures; interviews, questionnaire; university students; N4066
occupational choices, complexity of worker functions, elementary school children; sex, socioeconomic status; experimental test; third-/fifth-grade girls/boys; N4598
organized crime, individual choice, material culture; M9089
peer choices, geographic patterns; questionnaires; experts/journal editors, scientific/nonscientific specialties; M8908
probability matching behavior, association, rational choice; N3812
problem choice, scientific competition sociology, particle physics; M8337
rational choice varieties, voting/party competitions explanations, different meanings; N4445
rational/repetitive choice, discrimination vs Camilleri-Bergel models; N2190
"risky shift," problems/choice dilemmas, expectation states theory application; experiment, questionnaire; undergraduates; M7339
scientists, theory choice accounts' variability; interviews, formal scientific publications data; N3231
Scottish Gaelic language, register range/choice; sociolinguistic factors; N3060
social choice constraints, individual rights, cooperative games theory; M9046
social exchange involving choice between alternatives, bias, matching law approach; experiment; undergraduates; M7349
sociology of space, constrained choice model; M7277
task choice/preference; task difficulty/desire for information about self; experiment; M9125
technological choices, democratization process development; N4970
technology, social choice, cultural values; M8300
work careers, occupational choices significance, empirical/theoretical review; N2998

Christian/Christians/Christianity/Christianization
academic environmental thought change, transition from paradigms to ideology, Marxism/Christianity examples; N4001
Afro-American religion, critical sociology, black radical consciousness/Christian experience; M8232

chastity vow determination, Christian church; N1695
childhood ideas, parenting methods/goals; selected Christian childrearing manuals analyzed, S. Z. Klausner's model applied; N3380
Christian education goals, youth, moral maturity ranking, conventional morality component; response; M8185
Christian missionaries as anticolonial militants; M7846
Christian missionary activities, anthropologists' increasing attention; N4819
Christian Orthodoxy Scale, unidimensional measure; high school/university students/their parents, Australia/Canada; N1493
Christian religion function, present/future, responsiveness to renewed interest; N1534
Christian Right role, 1980 presidential election; interviews; "Middletown" residents; M7858
Christian sociological perspective; theory, methodology, religious values; M7207
"Christianism," Judeo-Spanish calque, Middle Ages vernacular; N1411
homosexuality, Christian intolerance; M9846
Italy's Christian Democrat regime, "leaderless Bonapartism," sociopolitical conditions; Gian Enrico Rusconi's/Sergio Scamuzzi's "Italy Today: An Eccentric Society"; N1117
Jewish-Christian marriages/conversions, US; N0106
Jews during Nazi Era, rescue by Christians typology, Perry London's work expanded; M7405
Marxism/Christianity relationship, social change, Marxism's humanistic perspective preservation; S15241
Marxism/Stalinism distinguished, authoritarian imposition of belief, Christianity parallel, tolerance; N0379
mass media suitability, Christian evangelization, Japanese case; survey; M9880
Open Door Messianic Jewish Congregation, evangelical Christian doctrine, Los Angeles, California; N1483
political/social force, new Christian Right movement, US; M7710
religion, "Christian" movement, US, 1790-1815, liberty/equality ideas impact; M9847
symbolic time, Christian liturgical year; N4850
US sociology, historical development, Christianity link, Protestantism; N4838

Chronic/Chronically
child development; chronic illness/kidney transplant effects; questionnaires; Minnesota patients, mothers, control group; M8521
chronic disease mortality, regional differences, 1970-1976, Rio Grande do Sul, Brazil; N1853
chronic illness as biographical disruption, resources availability, pain/suffering explanation; interviews; rheumatoid arthritis patients, GB; M7372
chronic illness, low status; N0161
chronic pain explanation, inadequacy of language/culture; S15797
chronically ill, fundamental suffering, loss of self; interviews; ill persons, family members, practitioners; N5151
elderly, handicapped, chronically ill as dependency groups; social service provision issues; N1817
health care, high cost debate, chronic illness role; observation, interviews; hospital personnel; N3527
historical review, medical literature/practice, anomaly concept, replacement by chronic patient concept, medical power play; N3479
self-pity, social construction, chronically ill persons; interviews; M7375
severity perception, chronic/life-threatening disease groups, differential manifestations model; survey; persons with arthritis/heart disease; S15593

Chronology/Chronologies/Chronological
worldwide chronology, terrorism, 1981; N3654

Church/Churches
Argentine Church history; M9835
Baptist church study, Erving Goffman's organization underlife concept application; N3127
Catholic Church, Brazil, structural/policy changes, evolving social role, 1945-1970; M9833
Catholic Church, US, American Catholic Bicentennial Movement as social change source; N4843
chastity vow determination, Christian church; N1695
church attendance, women, sex-related differences; children's impact; M8242
church disassociation, United Presbyterian Church; causes, warning signals, intervention strategies; questionnaire; presbytery executives, clerks, administrative commissions chairperson; N4791
church growth factors, US/Canadian division, Seventh-Day Adventist churches; surveys; pastors, members; N3119
church growth/decline; urban environment, Southern Baptist churches case, Memphis, Tennessee; N3124
church membership/activities participation, elderly, ritualistic dimension; interviews; N1881
church membership/piety relationship, theoretical concept of piety, empirical plausibility; N1491

church renewal movement, 1950-1969, sociological interpretations tested; survey questionnaire; literature authors; M8226
Church/state relations, theoretical problems, Brazil, 1964 crisis; M9856
churches, television evangelist preachers, US; M9844
churches/contemporary voluntary action research, intellectual cross-fertilization lack, causes/consequences, response, comments; N3146
conservative church growth/decline, Southern Baptist association growth; S15244
cooperative parish development as voluntary association functionalist perspective, United Methodist Church examination; S15925
death fear/fertility, positive relationship hypothesis questioned; adult church groups, undergraduates, North Carolina; M8357
dissident sectarian movements/Catholic Church/social class, Mexico, spiritualist sect study; participant observation, interviews, questionnaire; N3121
"electronic" church support correlates; questionnaire; white homeowners, Dallas-Fort Worth Metroplex, Texas; N1539
identity dimensions, glossolalia/ethnic languages analogy application; task; neo-Pentacostal members, Church of England congregations; M9829
indigenous healing activity impact; observation, Cornell Medical Index; fundamentalist churches, Newfoundland coastal community; M9869
Italian immigrants, Brazil, lay/church assistance organizations 1880-1940; N0861
Italo-American community assimilation, Catholic Church's Prelate for Italian Emigration, religious assistance, 1920-1949; N0870
Kimbanguist Church, Zaire, internal contradictions; M8203
Latin American Catholic Church, ideological trajectory, Medellin/Puebla episcopate plenary meetings; M9836
leisure ethic, work/consumption ethics, elderly, Church's moral sanction; M7801
mainline Protestant churches, depressed state, liberal heritage renewal need; N1503
members' satisfaction, church growth, social action, local churches participation, control distinction; interviews, questionnaire; lay members/officers, ministers, Protestant churches; N1500
miners' unions, Upper Silesia; Catholic Church, German-Polish nationality conflict, 1865-1914; M7607

new religious movement, Unification Church, family responses typology; interviews; members' relatives, exmembers, anticult movement activists, GB; M9831
new religious movements, family idealization values, Unification Church example; interviews; seminary students; M9832
orthodoxy/secularism, opposing forces, church/society interaction; N1526
Protestant churches growth/decline; community, congregation; questionnaire; N1515
religion, church's importance, popular culture, everyday life, urban/Protestant vs rural/Catholic region; questionnaire; Swiss elderly, Switzerland; N1508
religiosity; socioeconomic deprivation, Rodney Stark's church members/nonmembers distinction; Raleigh, North Carolina, residents sample; S15341
religious involvement nature/sources; Protestant churches data; S15321
ritual drama, Pentecostal Holiness church, semiotic approach; N0913
rural churches, Missouri; changes 1952-1982; S15402
sexual life, married couples, earlier societies, church doctrine/behavior reality; N1694
southern Italy's postunification reconstruction, Church's role, Bishop Domenico Maria Valensise's letters; N1482
urban poverty/marginality, Catholic Church role, Valle Aurelia district, Rome, Italy; N3650
Weil, Simone, life/thought, Catholic Church objections; N1494

Cigarette/Cigarettes
cigarette smoking, young adolescents' external locus of control; questionnaire; rural Vermont seventh graders; N3326

Cincinnati, Ohio
Greek-American assimilation; socioeconomic status; Cincinnati, Ohio; N4164
low income; wife's labor force absence; interviews; Appalachian migrants, Cincinnati, Ohio; N0320

Cinema
creative work; motivation/working conditions relation; questionnaire; Italian cinema actresses; M9296
morality/management, mutual influence, Soviet cinema themes focus; M9128

Cite/Cites/Cited/Citing/Citation
citation norms/functions; questionnaire; psychology journal editors/referees; M8915
citations distribution, cross-national comparison, field by field basis, parameters, computer calculation; M9943
differential citation rates, faculty, PhD-granting departments, southern US; N0570
evaluating scientific productivity, Science Citation Index; M9969
marriage & family literature impact, bibliometric citation analysis, journal articles; N1707
most important sociologists identification, introductory texts citation study replicated, 1973-1977; N0577
professional inequality/recognition, science; publications, cumulative advantage hypothesis; citation samples, true scientific cohorts; M8301
research productivity, university revenue, scholarly impact/citations; British/Canadian/US universities; M9990
science achievement/ascriptive processes, scientific article citations; N4959
science citation index/chemistry, sociological tool, automatically generated data feasibility/accuracy; M9951
scientific reporting, lay press, Germany, shortcomings; citations; N2220
scientific work evaluation via citation, USSR; N4939
scientists ranking via citation analysis, Eugene Garfield's distinctions/conclusions, methodological problems, Hungarian papers example; M9953
Social Indicators movement as social/communicative system, cocitation map; N5296
social science journal hierarchy determination, subjective vs citation ranking; sociologist sample, *Social Science Journal Citation Reports*; M9959

Citizen/Citizens/Citizenship
Brazilian cities classification, heterogeneous development, empirical typology; N1330
bureaucracy, economic theory, citizen-bureaucrat relationship; M7666
citizen evaluation/police systems activity/unreported crime linkage, large US cities data; N0200
citizen initiative groups, interpersonal communication/political influence, West German examples; N1187
city police/police services, attitudes determinants; interviews, questionnaire; citizens, Pittsburgh, Pennsylvania; M9909
civil litigation access, barriers for citizens; surveys; West Germany; N4896
computer technology use, state social control, private citizens surveillance, "freeze-dried stigma" concept; N1144
empirical/systemic/spatial/political marginality, state, citizenship; M9735
environmental movements, Japan, citizen vs state mobilization; S15761
helpfulness level comparison, Turkish cities/towns/urban villages; interviews, experiments; pedestrians; N3028
ideological domination critique, "informed citizen" norm, communication resources; N2908
pension-age citizens, productive work, social policy, Czechoslovakia; N3570
power conflicts/organization, citizens' groups, changing community, home mortgage policies issue case; observation, interviews; members; N2759
Pulido, Angel, Sephardic Jews, efforts to extend Spanish citizenship; N0852

sports activity encouragement, citizens, socialist society; N1104

City planning
city planning/services, Vladimir, USSR; M8669

City/Cities
black representation, city councils; electoral structure; M9528
capital cities, US; federal/state budget expansion impact; SMSA sample, 1970; M9704
capitalism/bureaucratic control/labor market segmentation, industrial hiring practices, southern city; S15791
causal model, early drug involvement; questionnaire; innercity black/Puerto Rican junior high school students; N3328
central city fiscal strains; industrial growth, housing construction; traditional theory criticized; M8055
central city, business, needs assessment/climate determination; survey; firms, major US cities; N3029
central-city housing, black-to-white successions, urban revitalization evidence; national census data; M8082
child abuse, small city, social psychological/ecological correlates; interviews; families; N0058

citizen evaluation/police systems activity/unreported crime linkage, large US cities data; N0200
city development, sociological research, German Democratic Republic, housing, open recreational space; M9736
city landmarks' symbolic significance, typology; residential sample; Zagreb, Yugoslavia; M9706
city planning practice; social theories/communications skills impacts; S15698
city police/police services, attitudes determinants; interviews, questionnaire; citizens, Pittsburgh, Pennsylvania; M9909
city-village migration, USSR, 1970s; N3294
contemporary Italian poverty, profile, housing correlates, South/cities concentration; N5322
crime fear, victimization; city size; General Social Surveys data; 1972-1977; M8067
cultural institutions, worker interest, industrial cities; M9483
demographic organization, ideal-typical principles, preindustrial/industrial/postindustrial cities comparison; S15252
demographic/social structure, administrative cities, Spanish plateau, Segovia example, 1950-1975; N1340
disorder, US cities; drunk & disorderly conduct arrest rates, 1860-1980; M9730
downtown behaviors; cognitive/affective factors; questionnaire; undergraduates, Atlanta, Georgia; M9733
high status males, city-suburb competition, 1955-1969; age, size; N0275
housing conditions variation, Soviet cities; housing policy, favoritism; M8072
industrial city, unemployment impact, demoralization, self-help movement, Wolverhampton, England; N0866
inflation/inner city, federal economic policy; M8053
inner-city gentrification, London, England, social change/housing market organization; M8060
inner-city neighborhoods revitalization, ecological approach; M8063
lifestyle, large cities, sociological research, theoretical/methodological problems; M9718
"lost"/"saved"/"liberated" community, contemporary large US cities, Barry Wellman's perspectives extended; national survey; urban/rural/suburban residents; N0281
medium-sized cities planning, equipment acquisition, Spain; N1227
middle class/Communist Party parallel rise, Martigues, southern France, political compromise/alliance; N2863
migration to RSFSR cities, 1950-1956, USSR; M9698
Model Cities program, Toledo, Ohio, retrospect; S15288
municipal police forces growth, non-Southern cities; minority composition, inequality; 1960-1971 Uniform Crime Reports, census data; M9888
neighborhood redevelopment trend, Australian cities, Inner Adelaide case, 1966-1976; M8047
nonmetropolitan small cities/towns, US, current trends; N1345
occupational mobility; demographic survey; seven Latin American cities; M7951
optimum city appraisal, small is beautiful notion; N4692
paratransit system development, small city case study; S15664
physicians/dentists distribution, rural-urban convergence, census divisions/incorporated cities/towns/villages, Alberta, 1956-1976; N0158
privatizing, city service responsibilities transfer to neighborhood associations; N1332
property tax burden distribution, St. Louis, Missouri, 1974; assessment appeal cases, citizens' "tax revolt"; N2902
public policy adoption, city level, structural context, War on Poverty/National Flood Insurance programs; N1963
racial occupational inequality, city differences; 1971 US Census data; research need documented; M7964
residential age segregation process, US cities; M8065
sexism, Australian cities, women's employment opportunities barrier; resources access constraints, changing needs; N3687
social class structure perpetuation/ideology relationship, anthropology of education, "reproductionist" theory; Washington, DC, inner-city preschool case; N4760
socialist cities, network concept, Yugoslavia; M9742
Soviet Communist Party City Council, sociological service; N4452
street vendors trade, city space reclaiming, Niamey, Niger; M9271
traditional vs modern medicine; questionnaire survey; traditional practitioners, Indian metropolitan city; N1840
Tsukuba Science City, Japan, research laboratories/educational facilities complex, planned innovation; M9936
urban ethology, wildlife in city, anthropological approach; M7319
witchcraft/religious life/city-country environment relationship, 16th-century Rome, Italy; N4781

Civil liberties
human rights issue, US/USSR civil liberties comparison, subsidiary thesis; M7887
Szymanski, Albert, US/USSR civil liberties comparison challenged, reply; N1206

Civil rights
black radicalization, civil rights funding, 1957-1970, radical flank effect; S15534
mother/US civil rights movement activist roles interweaving; interviews; white females, New Jersey; M8715
personal civil rights, V. I. Lenin's views, Soviet Constitution 1977; M7832
women, twentieth-century industrial countries, concomitant civil rights extension/economic marginalization, egg production case, Møn, Denmark, wage labor infiltration; N2679

Civil Service
women, high-level advancement status, UK industry/civil service, British Broadcasting Company; N0335

Civil War
Finnish civil war (1917/18) as abortive revolution; N2861
political orientation/environment correlation; naval machinists, Spanish Civil War; N1197
post-Civil War penal systems, southern states, 1865-1890, political/economic functions, slavery replacement, race control; N3194

Civil/Civilized/Civilizing/Civility
civil disorder/welfare explosion relationship, two-step process/Frances Fox Piven's-Richard A. Cloward's hypothesis supported; N3583
civil litigation access, barriers for citizens; surveys; West Germany; N4896
civil media hegemony, state influence, Austria, inequality reproduction, 1970-1980; M7843
civil religion lack, Netherlands, investigation; N4810
civil religion, US presidential inaugural addresses, content analysis, 1789-1981; N4841
civil/rape cases, federal/state court choice; survey; trial lawyers, Baltimore, Maryland/Houston, Texas/New Orleans,Louisiana; N4867
collective interests protection, civil litigation, procedural forms effectiveness, West Germany/Netherlands/US data; N4863
interbureaucratic civil-military relations, Israel; postpeace military redeployment planning case; N2748
Marxism's revolutionary self-confidence breakdown, theoretical weaknesses, Claus Offe's/Jürgen Habermas's/Alain Touraine's critical theory incompleteness, civil society theory need; M9431
political use of dead as symbols, contemporary civil religions; N1504
"primitive"/"civilized" distinction, intellectual status; N3934
private property, sociopolitical context, late 19th-century Spain, Manuel Alonso Martínez's (Civil Code editor) bourgeois defense; N4480
self, civility, social psychology politics; N0782
senior civil servants, power/constraint parameters, Quebec; N4517
Spanish bullfight, civilizing tendencies, historical development; N4201
spiritual innovation; US civil religion crisis; M9827
white-collar crime, civil vs criminal law, liability determination, torts/crimes similarity; N3166

Civilian/Civilians
volunteering roles, center-periphery continuum location, 1973 war; questionnaire data; Israeli civilians; M9452
women, nontraditional occupations, military/civilian sectors comparisons; national longitudinal survey, youth; S15883

Civilization/Civilizations
bargaining, economic exchange, civilization; exchange theory's limitations; M7249
civilization as supranational sociocultural formation, transformation process; M9855
civilization limitations, global systems structure/dynamics; M9245
cultural creativity's fluctuation over time, intrinsic/extrinsic causes, Greco-Roman/Western civilization; M7539
Elias, Norbert, *On the Process of Civilization: Sociogenetic and Psychogenetic Research*, counterevidence, monks' constraint of knights' violence, 11th-century Flanders; N5328
Elias, Norbert, *On the Process of Civilization: Sociogenetic and Psychogenetic Research*, counterevidence, knightly courage/chivalric honor, aggressiveness transformation, late Middle Ages; N4188

Elias, Norbert, *On the Process of Civilization: Sociogenetic and*

Psychogenetic Research, counterevidence, conflict management, nomadic Inuit society, central Canadian Arctic; N4213
industrial civilization's future economic development; capitalist vs radical proposals; N2792
modern civilization/cultural paradigms dynamics; N4182
modern sociology, "new ethics" search, Francesco Alberoni's *The Reasons for Good & Evil*, Western civilization's final ends/values; N5276
spatialization/temporalization modes, industrial civilization; N4262
urban civilization, settlement patterns, Italy, 1980s, architecture conference papers; N1327
Western civilization, current crisis; capitalist & socialist thinking critiqued; N4431

Class/Classes (see also **Social class**)
attitude change, college classes; M8950
ethnicity transformation, acculturation via language classes, Israel; participant observation; N4155
freshman class, University of Wisconsin, 1964; longitudinal survey; M8155
high school senior class, 1972; national longitudinal survey; race/sex differences; M8161
large introductory sociology classes, lecture alternative, "active course structure"; questionnaire; students; M8949
primary education, school types/class specific learning achievement; N4748
social development, working class, USSR; scientific/technical progress, equitable distribution; M9952
"the commons" game, sociology class exercise, resource allocation factors; M8926
undergraduate sociology class as drama, discussion basis, reviews; M8905

Classic/Classics/Classical
class analysis, classical tradition; N3883
class structure/class formation lack, Classical Rome; institutional impediments; N4542
contemporary sociological research, classical theory functions, Max Weber; M7132
economic-technical idea, classical liberalism; N3626
nationalism, classical social theory; N2258
society possibility, classical sociological thought; N2327

Classicism
aesthetic theory, sociology of art, classicism/romanticism, social foundations; M8136

Classification/Classified/Classificatory
artist/schooling, France, academic classification, artistic vocation; M9655
classification as key to correctional policy development, Illinois Department of Corrections' utilization; N4907
cluster analysis, classification; sociological uses; N3799
convicted male violent offenders, empirical classification; Minnesota Multiphasic Personality Inventory protocols; M9896
folk biological classification, utilitarian factor; N4187
health behavior, rural Ghana; disease classification; interviews; village households; N3492
historical monument as social class classification product, country manor case, Mirande, France; M9484
ordinal-scale data classification, simple optimal rule, K. R. Bryson's & D. P. Phillips's method, occupational prestige data example; N2157
problem behavior, Chinese adolescents, classificatory-factorial study; questionnaire; Taipei, Taiwan; N3602
psychiatric epidemiology, case identification/classification, two-stage procedure; M8546
vertical classification/musical structure aspects association, facet in social control; S15792

Classroom
attitudes toward mental illness; mental hospital vs classroom experience; questionnaire; nursing students; N5182
behavior modification, classroom, intervention techniques purpose, education vs social control; M9786
classroom behavior/deviance/cohesion, French language immersion vs regular kindergarteners; Ottawa, Ontario; observations; N4756
classroom music teacher, role, socialization patterns conflict; N1294
classroom passivity, high school student nonparticipation, self vs community orientations, responsibility; observations, interviews; 1981/82; S15725
classroom social relationships, S. Bowles's-H. Gintis's workers' consciousness reproduction hypothesis; Study of Schooling questionnaires, interviews; secondary school teachers/pupils; M9812
contextual effects/classroom; ability groups impact, student attention; N3094
education as environmental socialization, classroom spatial patterns, sociocultural norms transmission; N4737
interracial friendliness, black/white primary school students; classroom racial composition; S15789
interracial friendships; classroom racial composition; friends ranking; elementary school children, northern California; M7502
pupils' role, social construction of classroom order; videotape; N3092
reading/mathematics achievement gains; classroom composition; longitudinal study; third-grade students; N4740
spatial relations, dominants/marginals, college classroom case; questionnaire, observation; students; N2351
speech events nature, aboriginal classroom, Australia; N3061

Clergy/Clergyman/Clergymen/Clericalism
clergy authority issues, bases/scope/institutionalization degree; M8208
clergy/funeral directors, role conflict, sociohistorical perspective; interviews, questionnaire; directors; M7956
contemporary Iranian Shi'ism, clergy's role, contradictory tendencies; N4828
friendship; US Catholic clergy; 1970/71 National Opinion Research Center survey data; M7966
"new clergy," contemporary society, medical doctors/psychoanalysts/social workers/politicians, sacerdotal functions assumption, colloquium proceedings; N3010
political crisis, Watergate case, ministers' sermons; conservative vs liberal clergy role; longitudinal study, survey questionnaires; clergy, national sample; M8230
Protestant clergymen's careers, wives' role, expectations, lifestyle; M7999
social workers' self-image, neoclerical role; N1906

Clerk/Clerks/Clerking/Clerical
clerical workers typology, structural/ideological-cultural characteristics; survey; Milan, Italy; M9304
unions, organizing clerical workers, 1900-1930, strategies; M7569
work-leisure relationship; job involvement; questionnaire; South African bank clerks/police officers; N4419

Cleveland, Ohio
Cleveland Alternative Education Program, Ohio, serious delinquents, new conventional attachments; S15591
consulting methods, grass-roots organizations, deaf community project case, Cleveland, Ohio; S15245
Taylor Road Jewish community, Cleveland Heights, Ohio, denominational differences/effect on community in racial transition; S15906

Client/Clients/Clientele
caseload management, decision-making discretion, suitable clients selection, community health clinic agency; interviews, observation; staff; N2076
change/development situations, cultural/structural continuities, patron-client relations persistence/transformation; M7682
circumspection, psychotherapy, counselor/client interaction structures/strategies; audiotapes; S15601
client characteristics selection, human service organizations functioning; S15305
client satisfaction, public welfare; perceived agency errors; Wisconsin; S15695
family poverty correlates, US; public welfare agency records, interviews; welfare applicants/clients; N3652
government social service programs delivery systems, client satisfaction; questionnaire; Arkansas. 9 other contiguous southern states; S15392
lawyer-client relationship, consultation process; N4892
lawyers with regular court contact, influence of court status on clients' punishment outcome; N1582
medical practice types, client satisfaction; physician status characteristics; interviews; physicians, families; N3521
modern patron-client relations, historical clientelism origins, ancient Republican Rome analysis; N2904
patron-client relations decline, developed societies; N2914
"patron-client" relations, sociological/anthropological literature, Da Ponte-Mozart operatic works, content analysis; N3083
researchers/clients relations, Barnbyn Skå, Swedish children's village, model for social work research; N5234
revisiting the doctor; client characteristics, practice type, care experiences; interviews; clients/pediatricians; New Haven, Connecticut; M8534
social workers' client stereotype perceptions, UK, manipulation fears; N0222
socioeconomic/ideological characteristics, Amazon urban healer's clientele; interview, questionnaire; Pucallpa, Peru; N0909

state mental health hospital staff; Ohio clients' rights legislation; questionnaire; direct care staff; M8531

Climate/Climates
adolescent functioning; family climate, female adolescent's role; interviews, psycho-/sociometric testing; adolescents, their families; N3323
community social climate measurement; environments ratings; college students; M9722
human soul/laws/customs/adaptation; physical climate; M8695
managerial career success; personal orientation/organizational climate fit; questionnaire; middle/top managers, GB, US; N5416
school climate literature analysis; M9770
students, evaluating/changing social climate, introductory sociology class case, Classroom Environment Scale; N0585

Clinic/Clinics/Clinical/Clinician
abortion, medical-social aspects; outpatient clinic, Free University, Brussels, Belgium; N1816
Adorno, Theodor W./E. Frenkel-Brunswick/D. J. Levinson/R. N. Sanford, *The Authoritarian Personality*, critical theory, historicotheoretical tenets/advanced empirical methods integration, clinical case use; N4072
caseload management, decision-making discretion, suitable clients selection, community health clinic agency; interviews, observation; staff; N2076
clinical sociology, adequate social research need; M8803
clinical sociology, instructing individuals to take advantage of society, responsible ends/pure means conflict; N2074
clinical sociology/social work comparison, educational/licensing/practice implications; N5410
cultural relativity as counseling paradigm, clinical sociology, case studies; M8802
diabetes as stigmatized condition; low-income clinic patients case, US; interviews; N1812
family violence research, clinical practice application; N1728
health care, sociology, clinical applications; comments, rejoinder; N0413
juvenile delinquent clinic population; sex differences; checklist data; parents, juveniles, Toronto, Ontario; M8618
medical compliance, clinician-patient relationship; N3495
medical technology/experience crisis, clinical legitimation costs, end-stage renal disease case; interviews, observation; clinic staff, patients; N1839
mental health/primary care services linkage promotion, community clinics; S15790
midwives' transition, clinical revolution structure, labor/birth timetables; interviews; hospital-trained nurse-midwives; N1844
nonbehavioral therapists, clinical measurement package, scales; N0414
normal adolescence concept, cultural specificity/clinical usage; N5046
physician/patient interaction, medical record, clinical reality construction; S15515
power usage/dilemmas difficulties, mental health clinicians promoted to middle management; M7961
work meaning/dissatisfaction, clinical approach; N0971

Clique/Cliques
class rule as patronage, kinship/local ruling cliques/state, rural Sardinia, Italy; M8011
relations in organizations, clique program algorithm; department store employees; N3828

Closure
deindustrialization, New York metropolitan area, plant closings; S15660
employment problems, Norwegian paper mill closure, local reaction; N4248
international system transformation, plant closings, US, 1945-1983; S15636
new middle class; Marxian analysis, proletarianization concept criticized; social closure concept; N2947
pit closure, British coal miners' opposition; M7551
plant closure impact; sex differences; interviews; workers, Robertshaw Controls case; S15867
social class analysis, social closure, F. Parkin's *Marxism and Class Theory* critiqued; N2932

Clothes/Clothing
clothing practices; questionnaires; Pakistani women, Canada; M7524
communication/meaning distinction, European folk costumes; N0895
individuals' perspectives, incorporation into role/social networks analysis, "local role analysis" methodology, East African clothing factory example; observation; N2774
negative/positive stereotypes; clothing, ethnic appearance; experiment; French/North African children, France; N4047
unionization history, Jewish women immigrant workers, New York City garment industry circa 1900, sexism/feminism; M7558

Club/Clubs
social club participation, Israel; longitudinal data; junior high/elementary school students; M8427
sport clubs/parents as socializing agents in sport; survey; adults, club presidents, Finland; N1108

Cluster/Clustering/Clusters
cluster analysis, classification; sociological uses; N3799
clustered samples, LISREL model, application to "neighborhood effects" assessment; 1976 US Annual Housing Survey; M8870
clustering on main diagonal, mobility matrices; N2169
experimental comparison, clustered/scattered scale items; N2121
organizational groups, structure; context, hospital clusters case; M8516

Co-optation/Co-optive
revolutionary coalitions mobilization; leader's cooptation/threat tactics; experiment, questionnaire; undergraduates; N2358

Coalition/Coalitions
coalition formation, four-person groups; players' incentives; experiment; N2370
coalition formation/payoff distribution model, *N*-person games; experiments; M9099
coalition formation; payoffs, resources, theories compared; game experiment; male college students; M7344
political parties, government coalitions, post-1945 Netherlands; N1130
protocoalition formation, ideological *N*-space, dynamic model; M7103
revolutionary coalitions mobilization; leader's cooptation/threat tactics; experiment, questionnaire; undergraduates; N2358
social sciences, theoretical prediction evaluation; coalition/other models examined; N4034
stable coalition defectors; vulnerability, relative power; N2365
three-person negotiable conflicts, descriptive model, coalition power, payoff disbursement; N0763
VARA-Ombudsman, television ombudsman/his coalition partners/government policy, declining influence; N4225
voting power/coalitions, political proximities, parliamentary groups, European Parliament; questionnaire; delegates; M9553
West European economies, class coalitions, capitalism/democracy incompatibility; GB, Sweden, Italy, West Germany; M7252

Cocoa
cocoa farmers, extension contact correlates, Ondo/Oyo States, Nigeria; N1315

Code/Codes/Coding
analysis levels/sociolinguistic explanation, bilingual code switching, social relations/domain roles; comments, rebuttal; N3042
code theory, knowledge systems, social structure, extranational sphere, individual image; N0823
communicative strategy, dialect code-switching; social/situational factors; interviews; bilingual Chinese-Thai fourth graders; N1350
data quality control, George P. Murdock's & Douglas R. White's *Standard Cross-Cultural Sample*, cross-cultural codes; N2116
Dyadic Interaction Scoring Code, machine-aided marital observation technique, example; N5086
film communication theories, code-shifting; N1434
language code usage-children's social/cognitive development relationship, Basil Bernstein's sociolinguistic theories tested; stimuli response, J. C. Raven's Progressive Matrices; kindergarten children; M8090
multinational corporations control, political economy/UN Code of Conduct; N3183
music, teaching methods/audience behavior, specific codes; N4713
private property, sociopolitical context, late 19th-century Spain, Manuel Alonso Martínez's (Civil Code editor) bourgeois defense; N4480
scientific work/negative press publicity, problem for German sociologists, adoption of American Sociological Association's "Code of Ethics" considered; N2207

Codification/Codifications
science; social organization, knowledge codification, reward system; empirical data, GB vs US; N4582

Coefficient/Coefficients
absolute deviation correlation coefficients, standard error/range, algebraic relationship; M7095
agreement index, dot-product base, requirement of scalability coefficients; N0512
central tendency measurement, quantitative coefficients; population data, US cities; N2147

correlation coefficient, attitude/satisfaction questionnaires; categorization; N0510
regression coefficients comparison across subsamples, statistical procedures/basic assumptions, wrong formulas, mistaken conclusions; N3801
statistical reliability, reliability coefficients' relationship; N2150

Coercion/Coercive/Coerciveness
militarism/war/coercion, sociology's legitimation of unjust socioeconomic/political schemes; N4456

Cognition/Cognitive
body size/skeletal maturation/cognitive status, Guatemala City (Guatemala) schoolchildren; socioeconomic status, sex differences; longitudinal study, grades 1-6; N5011
child's conception; economic relations, cognitive socialization study; N0056
childrearing practices, societal complexity, cognitive development; disequilibrium; N3478
cognition, Melpa-speaking children, Papua New Guinea, pairing vs taxonomic representational modes; M7414
cognitive consensus, recent mainstream US sociology, article citations analysis; M8985
cognitive consistency, environmental action, lead-free gasoline case; questionnaires; gas station dealers/purchasers, Wisconsin; N0309
cognitive deviance, emergent science, social distinctiveness, parapsychology case; N3606
cognitive integration mediating reactions, attack patterns; experiments; male Japanese university students; N2367
cognitive migration, cognitive transfer/scientific knowledge growth conditions; interuniversity mobility backgrounds use, West Germany; questionnaire; scientists; N3242
cognitive performance, anthropological study, evolutionary structuralism theory vs formal-analytical model; N2308
cognitive style, social-class/sex variations; questionnaire; US/Australian adolescents; N4094
cognitive systems as concept applied at organizational/individual level of analysis; N3997
community perceptions, cognitive mapping, sex differences; M7455
"constructive typology," social cognition method, Soviet view; M9028
downtown behaviors; cognitive/affective factors; questionnaire; undergraduates, Atlanta, Georgia; M9733
educational success/failure, different social classes, language-thought relationship, cognitive development, psycholinguistic model vs Skinnerian/Soviet/Chomskyan views; N4726
employment-related attitudinal/cognitive backgrounds, youth program participants, comparative analysis; interviews; black/white youths, upstate New York locales; S15902
health beliefs, cognitive development; focus groups, heart attacks case; S15587
helping, Philip L. Pearce's/Paul Amato's cognitive taxonomy extension; N2535
information exposure; social/cognitive influences; interviews; adults, Urbana, Illinois; M7744
information/social memory, cognition, social determination problem; N4100
language code usage-children's social/cognitive development relationship, Basil Bernstein's sociolinguistic theories tested; stimuli response, J. C. Raven's Progressive Matrices; kindergarten children; M8090
microanalyses, social structure, cognitive/linguistic models, sociology; N0718
news, developing critical awareness, pedagogical experience/cognitive change; experiment; S15888
political tolerance development; social class, personality, education, cognition; questionnaires; Minneapolis/St. Paul, Minnesota; M7886
religion, cross-cultural definition/cognitive theory, anthropomorphism use; comments, reply; N4800
religion, Stewart Guthrie's cognition theory critiqued, reply; N4852
science development; cognitive mobility processes, empirical study; questionnaire; German natural scientists; M8340
science theories, causal metatypes, correspondence with cognitive/cogitative/perceptual types, cross-cultural migrants data, comments, reply; N3825
social values, political cognition; N4475
social/environmental beliefs, cognitive integration; questionnaire; Washington state residents; N5318
sociology of belief, Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*, cognitive claims critiqued; N0251
time-based cognitive continuum, economic inquiry; N0741
urban research, social action's space aspect, cognition theory; N1343

Cohabit/Cohabitation
attitudes toward cohabitation, quasi-longitudinal study; college students; N3338
behavior/temperament/perceived temperament/idealization comparison, married couples who had/had not cohabited; questionnaire, Taylor-Johnson Temperament Analysis; N3434
cohabitation attitudes correlations, new US ethic theory supported; survey; national sample, college students; M8417
cohabitation increase, marital/extramarital unions elements reconciliation; French survey; N1708
long-term relationships, satisfaction/conflict sources; questionnaires; married/cohabitating working people; N5064
marriage rates decline, premarital/nonmarital cohabitation increase, UK; N1715
marriage, prior cohabitation's effects; interviews; newlywed college students; N0114
married/unmarried cohabitation, trends, social/economic characteristics; 1980 Current Population Survey data; N3465
premarital cohabitation vs traditional courtship, effects on subsequent marital adjustment; questionnaire, Graham B. Spanier's Dyadic Adjustment Scale; couples; N3476
unmarried cohabitation as marriage form; interviews; Gävle, Sweden; N1758

Cohesion/Cohesive/Cohesiveness
children's self-esteem; family cohesion perceptions; questionnaires; children/their teachers, Canberra, Australia; N1673
external conflict leading to internal cohesion hypothesis, Georg Simmel's theory evaluated; S15782
group cohesiveness development; members'/leaders' expectations, early/late time periods; expectation scales; growth group participants; N2368
male varsity basketball teams; team cohesion/success relationship; M7784
marital cohesion prediction, path model; interviews, questionnaire; purposive sample, husbands/wives; N5121

Cohort/Cohorts
age-/period-based dependent variables measurement, discrete archival data, cohort analysis model, white male educational attainment example; N2186
age/period/cohort effects, estimable functions, American National Election Studies data examples, comment, reply; M8885
age/period/cohort effects, parameterization approach, application to US delinquency rates, 1964-1973; N2165
basic norm violation, personal neutralization, self-concept; male cohort sample, sixth-/ninth-graders; N1554
beliefs, generation differences, religious beliefs stability/change, cohort study; national longitudinal interviews; Britishers; N4844
cohort analysis utility/logic; M8873
cohort analysis, events capable of "producing" cohorts, related fundamental problems, birth cohort focus; N3783
cohort analysis/survey data, possible influencing factors identification, political behavior/attitudes, West German population; N0472
divorce, marriage cohorts, US, lognormal model; N2181
educated women, life patterns, 1911-1960, cohort variations; questionnaires; Wellesley College graduates; N5346
family life cycle, empty-nest syndrome, cohort analysis approach, white/black/Mexican-American women; N1997
health/stress/achievement, 19th-century professional women, life course/birth cohort analysis; N4601
marital disruption increase; cohort, education; dynamic survey metric models, 1972-1980 General Social Surveys; N5131
tolerance evolution; cohorts; education, radical attitude test, 1958-1978 surveys; S15863
way of life experiences, cohort analysis, historical conditions/values/generations formation relationship; N3448

Coitus/Coital
premarital coitus/contraceptive behavior model, female adolescents; N3361

Coleman, J. S.
Coleman, James S./Thomas Hoffer/Sally Kilgore, "Public and Private Schools" report critiqued; comments, reply; N4780

Collaborate/Collaboration/Collaborative
collaborative relationships management, complex organizations, responsibility charting process; M7639
Dutch scientific/technical research groups, publication output, collaboration; *Science Citations Index* data, 1974/1977; M9996
multiple authorship, subauthorship collaboration, political science/psychology/biological science/chemistry; funded research; M9963
Parsons, Talcott, personal recollections, *The American University*, collaborative work experiences; M7123

public-voluntary collaboration, "parallel bars" theory assessment; interviews; executives, social service organizations, Toronto, Ontario; M7663
research, university-industrial collaboration; M9975

Collect/Collected/Collecting/Collection/Collections
Canadian adoption systems, improved data collection/analysis need, research improvement recommendations; N3415
data collection, film vs videotape choice technology assessed; N0442
Paraguayan history, US document collections; N2333
rationalization process, antique collecting; questionnaire; collectors; N4420
sensitive data collection, survey strategies comparison; experiment; M8854
social data collection problems, information research methods; M8839

Collective behavior/Collective behaviors
battle as collective behavior, theory, research problems; S15298
collective behavior field, methodological/ideological/conceptual-theoretical criticisms, critical evaluation/implications for future study; N4410
collective behavior theorizing/research, past fifty years; M7768
collective wage negotiation, metallurgical industries, France; government policy vs union demands; N4246
game theory approach, collective behavior, Richard A. Berk's application critiqued; M8890
metropolitan to nonmetropolitan migration, US, 1960s/1970s; collective behavioral model; S15360

Collective/Collectives/Collectivism/Collectivist
age/gender disproportionality, USSR labor collectives, related problems; N4314
art, market relations/collective patronage, capitalist state; N3084
Barone, Enrico, "The Ministry of Production in the Collectivist State," misinterpretations reviewed; N2263
collective action logics, organizational form, social class, labor vs capital, interest groups; M7935
collective adoption achievement, natural resource practices, developing countries, sociological barriers; N1979
collective bargaining attitudes; professional socialization; questionnaire; law students; N1297
collective bargaining, metamodels typology; M7105
collective consciousness development, women/blacks/elderly; mass media; S15553
collective farm peasantry, intellectual needs; non-black-earth zone, USSR; M7613
collective identities/social change, collective cultures as action dynamic; M9456
collective interests protection, civil litigation, procedural forms effectiveness, West Germany/Netherlands/US data; N4863
collective movements, political system orientation; M9410
collective violence, moonshiner night riding, Georgia, 1889-1895; N0330
collective violence, social conditions; N0712
collectives, USSR, management, socioeconomic development; M7602
commemoration, collective memory; changes over time; persons/events, US Capitol; M9168
contemporary collective identity, religion role; questionnaire survey; nationwide sample, Netherlands; N0781
cultural collectivism operation, reward distribution, task/maintenance contributions impact; experiment; US/Chinese male undergraduates; N2380
Czechoslovakian working collectives, management of social development; N4259
decentralized democratic socialism strategy, work place collectives development; M9305
economic competition organization, capitalist collective action; N2056
economic theory's rationality, collective action; N3966
"frustrated homemaker hypothesis" reexamination, role fit/personal dissatisfaction/collective discontent; national survey; white women; N1301
idea of person as collective representation; N2313
identity appeal as individual/collective action motivation, "metasocial" act; M7309
industrial democracy demands; collective bargaining, postwar trade unions, GB; N2714
industrial democracy/collective bargaining, evolution, Sweden, major phases; M9287
institutional isomorphism/collective rationality, organizational fields; N2755
intergroup perception; individual/collective encounters, W. Doise's & A. Sinclair's experiment partially replicated; N0766
Jonestown, collective suicide, People's Temple sect, psychological/sociological viewpoints; M8237
labor collectives, current problems; M9336
law, collective use, mass litigation, IG-metal union vs lockout, West Germany, 1978; N4286
local collectives/decentralization, socioeconomic space segmentation, US/France compared; N0274
managerial effectiveness, industrial collective workshops, steelworks, USSR; M7650
mobilization, individual/collective interests, recent contributions; M7280
neighborhood solidarity/class opposition, Portuguese rural collectives; N3020
occupational prestige research, intersubjectivity, collective conscience, James W. Balkwell/Frederick L. Bates/Albeno P. Garbin/Vered Kraus/E. O. Schild/Robert W. Hodge critiqued; rejoinder; M7972
on-the-job conflicts, Soviet labor collectives, positive/negative effects; diesel factory case; N4293
personality, social adaptation, labor collective; M7612
private handgun legalization, crime/civil disorder/collective security need; model tested, Detroit, Michigan data, 1951-1977; N3182
schoolteachers, collective identities construction, composition/experiences changes; interviews; Turin, Italy; M7993
social changes; settlement type, collective farms, Byelorussia, USSR; M8010
social unrest, collective protest, interactionist perspective; M7735
socialist rural life, agricultural work collectives, German Democratic Republic; M9677
sociology, collective behavior, physics approach, industrial plants' strike processes; N1098
theater collective, job satisfaction/creative potential, Moscow/Minsk, USSR; N3078
women office workers, collective action/social consciousness; interviews; insurance companies; S15501
worker education, USSR, multinational labor collectives; survey; upper-level industrial workers; M8345
worker productivity/satisfaction, state vs collective peasant farms, Latvia, USSR; M8038
working class social relations between individual/collective; questionnaires; workers, Czech industrial plants; N3736
working-class social structure; workers' collective; East Germany; M9586

Collectivity/Collectivities/Collectivization
directed political socialization, developmental context, Soviet agricultural collectivization case; questionnaire survey; peasant youth; M7897
workplace decollectivization/recollectivization, informal work groups/work culture; technology; M9307

College Major/College Majors
curriculum choice antecedents, traditional/nontraditional college majors, black/white women comparison; questionnaire, southern US colleges/universities; N1454
educational goals, majors selection criteria, sociology courses perception, sociology majors vs other undergraduates; questionnaire; University of Iowa; M8944
sociology majors, employment consideration; questionnaire; potential employers; M8948

College/Colleges/Collegians
abortion attitudes correlates; sex differences; questionnaires; college students; 1978/79; M7388
academic attainment, black collegians; racial identification; S15864
air disasters, college athletic teams; aviation safety's unequal social distribution; 1960-1980 data; S15677
alienation, Vietnamese refugees, US; questionnaire; high school/college students; N4042
alumni values one decade after college, period/specific age effects, longitudinal study; S15799
anxiety/sex differences, self-descriptions; maternal employment; questionnaire; college students; N4070
attitude change, college classes; M8950
attitudes toward cohabitation, quasi-longitudinal study; college students; N3338
attitudes toward parenthood education; social class, gender; attitude scale; high school/college students; N4518
available teaching resources utilization; questionnaire survey; sociology instructors, two-year colleges; M8934
career intentions; occupational choice dimensions, longitudinal study; interviews, questionnaires; college women; N1252
career salience, its correlates; questionnaires, interview; female college freshmen; N2989
Catholic colleges, Jesuit institutions focus, former students' contributions to US culture/education; N4758

cohabitation attitudes correlations, new US ethic theory supported; survey; national sample, college students; M8417
college dropouts, various educational groups, psychological well-being/attitudes; General Social Surveys; N2534
college faculty salaries, sex difference analysis procedures, affirmative action investigation; personnel records; N4556
college football performance; organizational determinants; US Southeastern Conference's 1978 season; M7769
college grading, evaluation practices, sociology/social sciences vs humanities/applied sciences; normative vs utilitarian organizational types; M8912
college introductory sociology course performance; high school course impact; comprehensive examination, preliminary results; N3835
college professor-student relationship, values acquisition/ordering, information synthesis, renovator role, participative pedagogy; N4729
college student friendship pairs, attitude/activity similarity, Werner-Parmalee study replication; S15896
college students' labor potential utilization, USSR; M7581
college students, contribution to religious/political conflicts; N1469
college-educated blue-collar workers; National Opinion Research Center's General Social Surveys data; M7920
Committee on Sociologists in Small Colleges recommendations, Southern Sociological Society, 1978/79; N0535
crime/deviance, college campus, social class privilege; N1449
death studies course registration; recent bereavement, death-related work experiences; questionnaire; Lutheran college students; M7116
dogmatism/religious affiliation/moral judgment development relationship; questionnaire; college students; N2565
drinking behavior patterns; normative structures; structured-questionnaire survey; college students; N5057
drinking behavior; sex, parental background; questionnaire; black college students; N3348
entering/leaving romantic attachments; sex differences; longitudinal study; college student dating couples; M8454
family size/sex preference of children, biracial comparison; questionnaire, sex-role ideology scale; black/white college students, Jackson, Mississippi; M8488
first black pledge, white fraternity, US college campus, interracial event as transformative event; interviews; pledges, sociology students; N0863
first date, chosen activity/emotions/physical intimacy; questionnaire; college students; M8445
friendship dilemmas, social worlds intersection; older women, college reentry; M8742
gender/race/social class differences, self-evaluations; interviews, semantic differential scale; college students; M9172
German college professors, early 20th century, autobiographical content analysis, group consciousness, subcultural elements; N1923
governance control, colleges/universities vs government, US/UK comparison; M8167
Labor Party nature, current policy issues, Tony Benn's influence; questionnaire; Ruskin College students, Oxford, England; N0980
major college football participation, deep South; race, home town, experience; statistics; N2845
male vs female college students' goals, traditional sex differences; questionnaire; undergraduates; N2417
mature married women returning to college, family environments; Moos Family Environment Scale, Locke-Wallace Marital Adjustment Scale; N3676
meaning-behavior relationship, sexual domain, sociolinguistics; questionnaires; college students; M8118
men's occupational status/income; college prestige/selectivity; national sample, longitudinal survey; M9651
mental/manual labor division, capitalist labor process; Canadian community colleges' legitimation; Nicos Poulantzas's *Classes in Contemporary Capitalism*; N4759
mobility, college football coaches, labor market perspective, H. C. White's vacancy chain model; N4627
nonmajors; social science courses; Gerald Zeitz's/James Lincoln's Individualism-Social Determinism scale; college students; S15279
occupational choice congruence; traditionality of choice, sex-role identification; undergraduate women; N5369
Palmore's Facts on Aging Quiz, elderly's/college students' response comparison; S15286
political interest/awareness acquisition, mid-1970s; college; questionnaire; college students; N2903
premarital sexual behavior/attitudes, college students, 1965-1980; questionnaire; N1699
premarital sexual intercourse, single college students, predictive variables, discriminant analysis; anonymous questionnaire; N3355
professional value orientations; questionnaire; college freshman, Ljubljana, Slovenia, Yugoslavia/Vienna, Austria; N1450
public capital/policy, colleges'/universities' accountability protest; M8179
public sociability, college-aged male homosexuals, gay bar/cruise block; M9186
"Racism & Sexism in a Changing America," mandatory undergraduate course, William Paterson College, Wayne, New Jersey, evaluation; S15722
religiosity/deviance relationship, college students; S15897
religious attitudes; questionnaire; women college students; M8227
research & development expenditures/publication output relationship, US colleges/universities; M9980
scholastic aptitude; number of older/younger siblings, sex differences; Scholastic Aptitude Test scores, socioeconomic/family data; college freshmen; N2495
self-concept stability, late adolescence/adulthood transition; questionnaire; male college graduates; M7425
self-orientation change, institution to impulse transition; twenty statements test; college students; N1466
self-reports, college students' academic performance, response errors, exploratory data analysis; M8875
social status attainment patterns; professional/business-managerial occupations; college origins; longitudinal data; male graduates; N1300
social workers training, vocational colleges, West Germany, career opportunities possibility for sociology graduates; N2252
Soviet college students, personality-determining factors, typology; M8178
spatial relations, dominants/marginals, college classroom case; questionnaire, observation; students; N2351
stress of college application; student, parent, school; experiment, cardiovascular changes; high school students, affluent private school; M7398
student-teacher interactions, sex differences; questionnaires, observation; college classes; M7365
sustained employment; family/work characteristics; questionnaires; national sample, white college-educated wives; M9639
Tinto, V., theoretical model, college withdrawal, commuter institution setting, longitudinal test/reconceptualization; surveys; students; N3100
traditional vs nontraditional college major persistence, women; sex-role self-concept; questionnaires; entering college students; N4120
volunteering, interpersonal relationships research participation; sex differences, couple commitment, longitudinal study; questionnaires; college students; M7404
white colleges, minority faculty, affirmative action, institutionalized values barriers, supply/demand problems; N2598
women students' sex-role attitudes, women's vs coeducational college; Likert-type instrument; 1974, 1976, 1982; S15724
work experience/psychological involvement interrelations, "occupational socialization/selection" hypotheses; questionnaire; male college graduates; N0959

Colloquium/Colloquia
"Sociologies," 1981 Strasbourg colloquium, France; N0891
"Sociologies," 1981 Strasbourg colloquium; N1931
"Sociologies," 1981 Strasbourg colloquium, social mediations/space/sacred/violence topics; N1346
Sociology & Cooperation colloquium, proceedings, Institute of Sociology, Catholic University of Milan, Italy, 1982; N3856

speech community concept, linguistic/nonlinguistic criteria; N1365
sports journalism, Flemish community, Belgium, history; N1110
status attainment process, Jewish males, Israel; community structure, national mobility data; M9592
suburban community differences, residents' perceptions; interview; suburban Long Island, New York; N3631
susto (Latin American shock illness), community morbidity patterns context; N3525
Taylor Road Jewish community, Cleveland Heights, Ohio, denominational differences/effect on community in racial transition; S15906
teacher as community leader, Philippine example; M9647
teaching sociology, "we feeling," community building; S15669
territoriality, home environment examination, Greek urban community; participant observation, architectural survey; N5282
tobacco production, North Carolina farming community; S15397
traditional market relations, California commercial fishing community; N4673
unemployment problems, Steiermark region, Austria; border commuting problem; 1971-1979; N4625
urban community structure, social characteristics explanation model, alienation/integration interaction; N4687
urban community, Japan; social relationship, neighborhood associations; N4686
urban crime rate increases, US, 1948-1978; community power configurations, issue agendas, police policy; purposive sample; M9699
village, community approach reconsidered; N4642
voting participation, community, communality; 1972/1974 national election survey data; N1205
Weber, Max, community concept references, ideal-typical framework; M9047
Weber, Max, "emotional community" concept, charisma functioning, utopia/communal life, French neorural apocalyptic communes case; N1510
welfare state limit reached, local communities responsibility transfer need, France; M9533
welfare state, postindustrial societies' economic/cultural crisis, local communities' role, French/West German planned reforms; M9493

Western communities; energy development impact, local social disruption; comments, rejoinder; N0314
women's position comparison, Spanish/Mexican communities, oral tradition source, androcentrism maintenance via social class/sex division; N2657
women's work, domestic/wage labor, Nova Scotia community; fishing industry changes; interviews; managers, workers; N3681
workers/community territory, close relationship, industrial conflict cases, Saint-Nabord/Belfort, France; N2709

Commuting/Commuter/Commuters
Italian commuter workers, Switzerland, sociostatistical analysis; N1660
labor/commuting time, social impact; N3295
Tinto, V., theoretical model, college withdrawal, commuter institution setting, longitudinal test/reconceptualization; surveys; students; N3100
woman's family role/daily work; husband's long-distance commuting; N5105
work commuting, nonmetropolitan patterns variations; survey; migrants/nonmigrants, Kentucky; M8022

Company/Companies
company doctors' conflicting pressures from labor/management, perceptions/responses; interviews; Ontario companies; M9657
corporate goals/managerial objectives/organizational structures, British vs West German companies; national culture; interviews, questionnaire; directors, executives; M9341
macro-organizational structure, Aston psychometrically based measures utilization problems, UK electrical engineering companies; M9346
organization morale/satisfaction, structural/individual determinants; questionnaire; managers, industrial companies; N4328
party-plan company participation (sex toys/Mary Kay/Tupperware); participant observation; S15673
personal income distribution; companies' core/periphery dual economic structure, advanced industrial societies; N1000
small shoe manufacturing company, economic problems, Budapest, Hungary; M7575

Comparison/Comparisons/Comparative/Comparability
comparative agricultural policy, new discipline, issues, critical Marxist perspective; M9663
comparative education, development as study field/service, internationalization, World Council of Comparative Education Societies' role; M9785
comparative lifeworld phenomenology, Max Weber's methodological strategy/Alfred Schütz's "underlaborer" philosophy; N2286
comparative sociology scarcity, US; M7174
cross-national survey research, measurement comparability assessment, authoritarian conservatism, US/Poland; questionnaire; N2483
immigration/suicide relation, cross-national comparative analysis; N2536
Interfutures project, advanced industrial societies/developing countries evolution study comparison, 1976-1979; methodology evaluation, purpose description, international relations features; N1033
marital communication, group training programs compared; questionnaires; N5140
marital partners, social comparison/competition; mental flexibility test; husbands, wives; N1777
noncomparability of benefits given/received, friendship existence cue; experiments; college students; N2390
nonequivalent-control-group design, improved reliability, random-comparison-group approach; N0466
Protestant fundamentalism/marital success, comparative approach; S15765
race comparisons, locus of control, concept being measured; Rotter Internal-External scale; blacks, whites; N3788
respondent preferences, multiple comparisons method, Soviet study; M7073
self/other performance expectations; performance feedback/social comparison cues withdrawal; experiment; high school students; M7438
Smelser, Neil J., comparative method, social scientific research; N3873
social class/political action relationship, 19th-century England, theoretical/comparative perspectives; N2890
social comparison behavior, two dimensions; experimental data; Dutch secondary school pupils; M9173
sociology of law, comparative research recommendations; N4878
test scores comparability, deviant response patterns; cross-cultural/other applications; statistical procedure; N2591
theory/method, comparative research, Durkheimian vs Weberian strategies; N0643
Weber, Max, culture, empirical comparative sociological analyses, bilateral/mutual-influence perspective; N0889

Compassion/Compassionate
helping behavior motivation, dispositional attributions, compassion vs compliance; experiment; female undergraduates; M7358
self-pity, social construction, chronically ill persons; interviews; M7375

Compensation/Compensative/Compensatory/Compensating
alienation; disability, impact hypothesis contradicted; interviews; unimpaired individuals/Workers' Compensation recipients; N2514
compensation neurosis/family's psychosocial requirements; N5125
juror incentives, loss of earnings compensation, England, self-selection; M8248
leisure patterns, "spillover" vs "compensatory" hypothesis; questionnaire; retired male workers, Israel; N4416
Workers' Compensation, occupational disease subsidies, workers' hesitation to apply; N0982

Competence/Competency
being imitated; imitation levels, imitator competence, D. A. Byrne's reinforcement theory of attraction expanded; perceptual discrimination task; female college students; M7444
children's social competence/academic achievement measures relationship; sociometric instruments, observation; third graders; N5024
"competency" tests controversy, achievement assessment, racial/cultural problems focus, South; N1447
human competence origins/childrearing practices, cultural-ecological perspective; N4091
incompetence development, lack of control, infancy/early childhood, school role; N1682
innovative medical school program, professionalization socialization, competence evaluation, neophyte uncertainty/adaptation/symbolic role enactment; McMaster University, Hamilton, Ontario; N1260
"legal consciousness" concept, legal competence, gender differences investigation; interviews; N4875
lineage transmission, interpersonal competence, intimate relationships; questionnaires; undergraduates/their parents; N1674
patients' symptom disclosure, male/female physicians; perceived physician competence; questionnaire; university students; N4639
peer expectations, outstanding competencies; interviews; men/women medical students; N2978
pidginization, performance/competence/language as social fact perspectives; N3053
science/technology disputes, recent litigation, judicial competence limits; M9967
self-esteem, early adolescence; sex-role orientation; Rosenberg self-esteem measure, Bem Sex-Role Inventory; junior high school students; N4071
self-government debate, competence distribution, sociology of knowledge view; M7578
self-perceived competence, sex differences assumption tested; questionnaire; social service organizations employees; M8758
small groups competence/participation beliefs; task structure; experiment, postmeeting questionnaire; fifth-/sixth-grade males; M9104
spatial competence assessment, mildly retarded populations, experimental design; N0134
vicarious exposure to task as evaluative competence basis; evaluation experiment; undergraduates; N2395
women managers, public human service organizations, perceived competence, comparative view; questionnaires; male/female managers; N5341

Competition/Competitive
affiliation, social organizations' competition for members; ecological model tested, questionnaire data; Omaha, Nebraska, residents; N4333
competition characteristics, Japanese workers; N4268
competitive communication systems, structural factor, advertising example; M7749
cooperative/competitive behavior, children, Papua New Guinea; experiments; N2471
economic competition organization, capitalist collective action; N2056
ethnic mobilization, new/old states, competition model extension; N1060
fishermen characteristics, hard work/competition, Bristol Bay salmon fishery, Alaska; M7986

high status males, city-suburb competition, 1955-1969; age, size; N0275
interest representation competition/monopoly, trade union structure, GB/West German railway industries, comparative analysis; M9332
labor supply/marital instability; wife's relative wages, Talcott Parsons's status competition vs V. K. Oppenheimer's status maintenance model; National Longitudinal Surveys; women aged 30-44; N5083
limiting ideal-case models, behavioral sciences, perfect competition/benevolence/malevolence model examples; N3817
marital partners, social comparison/competition; mental flexibility test; husbands, wives; N1777
married couples group therapy, competition, dominance, gender differences; verbal interaction sequences tape recorded; ministers/their wives; N2362
middle-class childhood, pressure to achieve, building competitive advantage vs early burnout; S15909
occupational differentiation; labor market competition, sex differential case, Canada, 1901-1971; census data; N2997
problem choice, scientific competition sociology, particle physics; M8337
rational choice varieties, voting/party competitions explanations, different meanings; N4445
scientific development; competition, division of labor,, autonomy; N4967
socialist competition, V. I. Lenin's views; M8800
socialist competition, worker participation, quantitative assessment; M9338
socialistic competition publicity, investigation methods; N2836
vote-maximizing vs utility-maximizing candidates, biparty competition, dynamic models comparison; N1179
work competition participation, USSR, evaluative criteria, Irkutsk radio parts factory; N4236

Complaint/Complaints
chronic complainers, obsessive litigants, mental illness, German law, historical review; N4871
chronic complainers, obsessive litigants, Wolfgang Kaupen's sociopolitical rebel hypothesis disputed, psychological motivation; interview; West German woman; N4889
consumer complaining behavior, empirical results; surveys; N4369
marital complaints, demographic characteristics, mental stress symptoms, divorce; N1752
mental health complaints/social inequality relationship; interviews; males aged 25-65, Rotterdam, Netherlands; M8551
supportive vs aversive behavior following spousal complaints; marital adjustment; videotape; couples; N5082

Complementary/Complementarity
Aronoff, Joel/William D. Crano, family role complementarity model, critique, response; N3367
sociological complementarity, Max Weber's/Emile Durkheim's works; N2235

Complex/Complexity
childrearing practices, societal complexity, cognitive development; disequilibrium; N3478
collaborative relationships management, complex organizations, responsibility charting process; M7639
complex society concept, principal symptoms, identity problem, social/systemic integration; M7331
cultural compiexity dynamics, information systems case; N3895
fishermen's cooperative, New York Bight region, mid-Atlantic coast, indigenous resource management, complex society; N4659
mass communications, complex society, further research hypotheses; N4400
migrational process/expected future labor shortage, Kansk-Achinsk energy-fuel complex, USSR; N4998
policy determination, complex setting, subsidized day care provision; S15567
qualified specialists demand, credentialism, organizational background, bureaucratic control, complexity; M9823
settlement hierarchies/political complexity relation, nonmarket societies, Formative period, Valley of Mexico; M7534

Compliance
helping behavior motivation, dispositional attributions, compassion vs compliance; experiment; female undergraduates; M7358
legitimate authority noncompliance; group benefits, distribution rule type; experiment; N4106
medical compliance, clinician-patient relationship; N3495
medication regimen compliance; interviews; chronically ill inner city patients; N5157

Component/Components/Componential
effective size/components number characterization, indices families, applications; M8886
Marradi, A., two-stage factor analysis criticized, component analysis suggested; N0452

Composition/Compositions/Compositional
child/spouse replacement mechanisms, family composition, Peru, life cycle perspective; N3471
cooperation, interaction style; sex-linked situations/sex composition; experiment; undergraduates; N4038
effect-decomposition methods, weaknesses, flowgraph method solution, recursive/nonrecursive models use; N3818
extended living arrangement prevalence, black, Hispanic, non-Hispanic white female-headed, husband/wife households; cultural equivalent vs variant explanation; survey sample, subsample, 1976; N0122
household composition; economic hardship; census data; postbellum Florida, 1870-1885; N3368
interracial friendliness, black/white primary school students; classroom racial composition; S15789
interracial friendships; classroom racial composition; friends ranking; elementary school children, northern California; M7502
occupations, structure/social composition changes, organizational context; social stratification; M7945
reading/mathematics achievement gains; classroom composition; longitudinal study; third-grade students; N4740
residential satisfaction, compositional/contextual correlates; interviews; households, Wooster, Ohio; M9713
restoration science reconstruction, 17th-century Royal Society, leadership styles, social composition; M8327

Comprehension
biomedical research, ethical issues; household interview strategy, comprehension index; interview data; cross-section sample; M7071
democracy comprehension, conflict situations application; interviews, questionnaires; high school students, Pennsylvania; M7879
ecological consciousness/resistance, comprehension/research guidelines; N5307
perception accuracy, colored paintings/photographs, comprehension rates, Mexican-Indian children; N3309

Comprehensive
theory/empirical comprehensiveness interrelation, sociological knowledge; N3755

Compulsion/Compulsive/Compulsivity/Compulsory
medicine, US, obsessive-compulsive behavior, high standards, overtreatment; N3002

Compute/Computing/Computed/Computation
everyday life, time-use computation, time-budget research; N3967

Computer/Computers/Computerization/Computerized
bibliographic information management, research process, microcomputers utilization; M8931
California Disability Survey, computer-assisted telephone study design/execution; M8862
computer models, future world events prediction, properties comparison methods; N2188
computer simulation advantages/feasibility, social systems examination; N0521
computer simulation models use, anthropology, post-1972 literature review; N3819
computer technologies, industrial labor process, West Germany; N0923
computer technology use, state social control, private citizens surveillance, "freeze-dried stigma" concept; N1144
computer's technological development, man/machine relationship; N4913
computer-aided content analysis, measurement models; N0491
computer-generated social problems; S15599
computer/electronics revolution, trends/possible implications; N1610
computer/postindustrial society, future of symbiosis vs information tyranny; N4393
computers as metaphor/projective medium, social roles; M8338
creating computerized comprehensive management tracking system for US President; N4308
ego networks structure comparison method, centered graphs, application to computer conference; M9126
information distribution network, factory-society relationship computerization; M7737
man/time relationship, technology's totalitarianism, computers; N4933
microcomputer database management, bibliographic information, social science literature; N0457
microcomputer revolution, technical possibilities/social choices; N1615

microcomputer, social-psychophysiological research, Apple II/ FIRST laboratory; N0462
microcomputers use diffusion, applied settings, urban planning example; N0470
microcomputers, anthropological research effectiveness/productivity improvement; N0459
multivariate analysis, criminal activity, ridge regression approach, computer package use; Youngstown, Ohio; N5222
qualitative data analysis, LISPQUAL computer program; M7057
social science computer packages, 1974; limitations/advantages discussed; N0553
social science research/microcomputer introduction, calculational power/cost ratio change, access structures; N0445
sociological data analysis, unified computer system application; M8840
sociological information processing, programmed micro-EVM computer, USSR; M8845
sociological statistical information processing, ES computer, FORTRAN IV program; USSR; M7087
software, analysis models, social sciences; M8899
stereotypic images of women, computer magazines; content analysis, five publications; S15743
work organization rationalization/quality, software engineering; M7965

Comte, A./Comtean/Comteist/Comteists
Eliot, George, *Silas Marner*, sociological insights, Auguste Comte advocate; M8122
epilepsy, social perceptions, Auguste Comte's/Max Weber's theories; N3515
sociology, current theoretical strategies critiqued, Auguste Comte's "social physics," George Herbert Mead; M7311

Concentrate/Concentrates/Concentration/Concentrations
black concentration/lynching, South, Blalock's power-threat hypothesis tested; N0841
ethnic concentration/community involvement, Japanese Americans; two-generation sample survey; California; S15439
financing, leading research universities, 1975-1979, financial dependency/concentration/related institutional characteristics; M9981
population deconcentration's pervasiveness, US nonmetropolitan areas growth; S15415

Concentration camps
concentration camp survival, self-esteem maintenance hypothesis contended; interview; N0329
homosexual males persecution, concentration camps, Nazi Germany; N4130

Concept/Concepts/Conception/Conceptual/Conceptualization
Andrei, Petre, sociological conception, culture/politics; N3926
attitudes toward mental illness; mental hospital vs classroom experience; questionnaire; nursing students; N5182
basic norm violation, personal neutralization, self-concept; male cohort sample, sixth-/ninth-graders; N1554
Bunge, Mario A., concepts of society, systems philosophy types, critique, extension; N3929
child's conception; economic relations, cognitive socialization study; N0056
children's self-concepts/evaluations of parents as function of family structure/process relationships; Personal Attribute Inventory for Children; fifth-eighth graders; N2494
cognitive systems as concept applied at organizational/individual level of analysis; N3997
collective behavior field, methodological/ideological/conceptual-theoretical criticisms, critical evaluation/implications for future study; N4410
conception, sprem fertilization capacity, violent premature ovulation frequency; M8376
concepts/variables interrelation, sociological research; N2077
conceptual diversity, social basis, 'race' concept case; questionnaire; physical anthropologists; M8644
conceptual social history, *Begriffsgeschichte*; N2292
conceptual/abstracted/concrete systems, relationships/taxonomy; N3752
conceptualization process, sociology of language; N3040
contributing variables, self-concept, young Nigerian adolescents; N2448
crime, conceptual possibility, commonsense theory, linguistics analogy; M9049
crime, sociological misconceptions, crime as conflict hypothesis, Nils Christie's writings/rape research examples; S15625
daughters' sex-role attitudes/self-concepts; mothers' attitudes, three family types; questionnaire; mothers/daughters; N2513
delinquency, evaluative social experiences, self-concept as mediating factor; interview surveys; high school students; N3601
delinquents/nondelinquents comparison, self-concept, socialization-related domains scores; W. H. Fitts's Tennessee Self-Concept Scale; GB; N3597
developing countries, concept transfer, farm cooperatives, Iran; case study; M9688
drinking problems, popular conceptions measurement; vignettes; college students; N4090
environmental ethics/consumer choice, relationship divergence; conceptual case study, solar townhouse community; N5312
everyday life, sociological/anthropological concept, nature-culture interface; N3976
family size regulation, changing conceptions, Hindu East Indians, rural Trinidad; socioeconomic conditions; fieldwork; N5116
health concepts, lay logic analysis; interviews; residents aged 60+, Aberdeen, Scotland; N5171
human freedom, theoretical/praxis levels, classical conceptions, contemporary implications; N2298
illness behavior paradigm, situational-adaptational perspective, conceptual exploration; S15749
inner/outer self-esteem development, innovative/traditional schools; role structures/self-conceptions interaction; self reports; seventh-/eighth-graders; M9153
judges' instructions, jurors' use, inconsistent results, conceptual/methodological issues; simulated jury studies; N3175
labor markets, recent sociological research, critical analysis, conceptual/methodological issues; N4294
Mexican juvenile delinquency; self-concept, family-other affect, social class/family control vs processing-labeling theory; interviews; male adolescents/parents; Monterrey, Nuevo Leon, Mexico, 1976; M9155
minority status, self-concepts, English multiracial schools; semantic differential technique; adolescents; M7417
occupational experience, self-concept, longitudinal study; M7989
overdevelopment/dependent development, contemporary process, conceptual/analytical approaches; N4345
pregnancy/birth/postpartum period, traditional concepts/customs, rural Korea; interviews, participant observation; families, neighbors, health services personnel; N0911
ranked structure, Tlaxcalan (Mexico) religious office-holding hierarchy, concept/behavior match; N2613
"ripe"/"unripe," health/sickness concepts, Ayurvedic medicine, India; N2656
salient self-conceptions, normal/deviant adolescents; questionnaire; M8619
self-concept stability, late adolescence/adulthood transition; questionnaire; male college graduates; M7425
self-concept, depression; feminist consciousness raising; observation; N3724
self-concept, measurement requirements, interactionist perspective; M7370
self-concept/-esteem, late adolescents, sex differences, historical change; self-ratings; university students; M8432
self-concept/-esteem/-ideal development; Self-Description Inventory; Chilean/Mexican/US school children; N2561
self-identity/conception; social change adaptation; interviews; Cree Indians, French-Canadian town; M7530
sex-role self-concepts, dimensions/correlates; modified Bem Sex Role Inventory; third-/eighth-grade children; N2543
sexual experience reconstruction as conceptual clarification process; student accounts; S15627
social science, basic concepts analysis, presuppositions; N2324
social self-conception development, impressions/misimpressions perceptions; questionnaire; adolescents; M7403
socioeconomic concepts understanding; interview schedule; Malaysian Chinese schoolchildren; N5038
teachers' evaluations; student social class/intelligence quotient/self-concept; Tennessee Personality Inventory, Lorge-Thorndike Intelligence Test; eighth graders, Israel; M7469
urbanization, current concepts'/empirical measures' adequacy; economic growth/urban saturation relationship; N4691
values, preferences, needs, work ethics/orientation, conceptual/empirical integration; Work Aspect Preference Scale; high school students; N4614
welfare acceptance, poor; positive vs negative self-concept; questionnaire survey; S15473
welfare state, main ideological concepts, historical perspective, Norway/elsewhere; N4497
women as "generalized other"/self conceptions relationship, college students, empirical research strategy; N3686
work as concept/activity, major social science theme, societal institutional maintenance defined as work; N4012

Condition/Conditions/Conditioning/Conditional/Conditioned
alcohol problems; stressful events/conditions, Robert Bales's alcoholism theory tested; S15571
arts/artistic activities, social/economic conditions influence, assumptions examination, John Updike case; S15758
changing preadulthood living conditions, Norway, materially-based/other problems; interviews; adults; N5295
children's physical/psychological well-being; medical care, living conditions; interviews, observation; pediatricians, families; N0061
creative work; motivation/working conditions relation; questionnaire; Italian cinema actresses; M9296
criminal behavior, Edwin Sutherland's differential association theory, operant conditioning principles, application/verification; N0213
human adaptation, brain's role, social behaviors' conditioning function; N0051
improved economic conditions, rising expectations, dissatisfaction, past/present relative deprivation hypothesis; interviews; US adults; N2315
living conditions differentiation aspects, sociospatial structure, Czech/Slovak Socialist Republics; N4022
living conditions satisfaction, elderly vs nonelderly rural population; statewide mail survey; S15469
living conditions, aspirations, French population's perceptions; questionnaire; representative sample aged 18+; M7720
mortality, agricultural workers, underdeveloped countries; socioeconomic/working conditions; M8370
personnel turnover, chemical industry; working conditions; survey; Minsk factory workers, USSR; M9616
Portuguese trade union movement, 1920s, union life/Lisbon working class conditions, Emídio Santana interview; N2706
production, physical conditions transformation, I. Steedman's economic metaphysics; N3733
social conditioning myth; concept acceptance, conditioning vs influence; N0803
work-related values, working conditions, scheduling preferences, West Germany; questionnaires; N2677
working conditions, industrial sector, 1978; survey; Spanish wage-earners; N0929
working conditions/work organization changes, West Germany, sociological research overview; M7552

Conduct
illegal business conduct, government agencies' social conduct; autonomy, interdependence; S15881
institutional misconduct correlates, disciplinary infraction rate, state prisoners; prison record data; N1602
multinational corporations control, political economy/UN Code of Conduct; N3183

Conference/Conferences
Conference on Critical Legal Studies, theoretical approach described/critiqued, major publications reviewed; rejoinder; N4873
ego networks structure comparison method, centered graphs, application to computer conference; M9126
mass media reporting, Twenty-First German Sociology Conference, Bamberg, West Germany, 1982, image defense; N2857
Third All-Union Conference on Philosophical Questions of Contemporary Natural Science, closing address, USSR; N4927
Twenty-First German Sociological Conference, sociological theory theme criticized; N2693
Twenty-First German Sociological Conference, "crisis in working society" theme explained, contributions outlined; N2664
US White House Conference on Families; government human services involvement, family definition question, "profamily" delegates' antagonism; N1163

Confess/Confession/Confessor
sociology of religious confession; historical analysis; N1498
St. Augustine, *Confessions,* autobiographical work interpretation challenged, revelation of God; M9863

Confidence
confidence/authority crisis, US public opinion surveys synthesis, USSR audience; M9425
consumer confidence measures, high quality public opinion results; N1053
public confidence/government legitimation crisis, myth/ideology dynamic cause; N0269
science/scientists image, television, confidence in scientific community; N3211
survey research, replications, significance tests, confidence in findings; N3804

Confidential/Confidentiality
child abuse reporting, medical confidentiality, Belgium; N3317
confidentiality, social functions/rules, individual rights erosion, social professionals/researchers; comment; N1579

Confinement
humoral medical tradition, birth, Malay society, confinement focus, cross-cultural perspective; Asian/Latin American fieldwork, questionnaire, interviews; women; N2642

Conflict/Conflicts
age bias, Japan, implications for normative conflict; Facts on Aging quiz; married Japanese/US adults; N3573
armament races, conflict, nation-state rivalries, 1816-1980; S15505
bicommunal conflict model, computer simulation/validation; M7100
bicommunal conflict, dynamic systems models; M7098
buying supplies, marketplace cooperation/conflict; interviews; buyers, suppliers, "trade show" attendees; S15849
clergy/funeral directors, role conflict, sociohistorical perspective; interviews, questionnaire; directors; M7956
college students, contribution to religious/political conflicts; N1469
communication conflict, graph-theoretic demiarc model, hypothetical marriage counseling session case; N2426
conflict institutionalization, schools reform, *Pennsylvania Association for Retarded Children* v. *Pennsylvania* case; N3104
conflict management, familial activities organization, interaction modes; interviews; Swiss couples; N1766
conflict structure/sexual regulation relationship, African utopia, Ilaje, western Nigeria; N3373
conflict theory as pedagogy, leftist critique; N3845
conflicts planning, US Southwest, Palo Verde Nuclear Generating Station case; S15536
consensus vs conflict methodology, research technique problem, social dimension; N2086
Coser, Lewis, conflict theory, differences with functionalist/Marxist approaches; M7273
crime, sociological misconceptions, crime as conflict hypothesis, Nils Christie's writings/rape research examples; S15625
cultural subordination process, contemporary Italian society, territorial conflict; N4523
democracy comprehension, conflict situations application; interviews, questionnaires; high school students, Pennsylvania; M7879
democratic pluralism viability, conflict regulation means, South Africa; N1181
early conflict, social nature; videotapes; children younger than age 2; N5026
Elias, Norbert, *On the Process of Civilization: Sociogenetic and Psychogenetic Research,* counterevidence, conflict management, nomadic Inuit society, central Canadian Arctic; N4213
external conflict leading to internal cohesion hypothesis, Georg Simmel's theory evaluated; S15782
French banking sector conflicts, 1974-1978, organization demands, disputive action; participant observation; N0957
growth machine challenges, emerging capital/rentier conflict; S15582
gun control, Southern cultural conflict; N4865
homicide/suicide, structure, process; conflict resolution fixation; major findings reviewed; M9151
Hopi/Navajo Indians conflict, 1974 land settlement act, historical background; N0849
hypergame analysis, modeling method/conflict analysis, French military judgments application; M7097
identity, value conflicts; questionnaire; French/North African (Maghreb) adolescents, France; N5051
income stratification, US; conventional religiosity, conflict crime attitudes; national survey data; M8239
individual-group interaction, consensus, conflict, Luigi Sturzo's *Society: Its Nature and Laws*; M7301
individual-organizational conflict questionnaire, construction analysis; French-Canadian workers interviewed, Montreal area residents tested; N3776
industrial conflict as technical innovation source, textile process cases, 19th-century GB; N2782
industrial conflict trends, social scientific approaches; Western nations, strikes; time-series data, 1900-1976; M7582
industrial conflict, urban change, tannery closing/reopening, diverse economic interests joining forces, Annonay, France; N2682
industrial relations, conflict vs bargaining; French data; N0931
internal conflict sources, Belgian trade unions, 1970-1973; N2665
interpersonal conflict; seasonal variation, central Canadian Arctic case; N2392
intraurban relations, sociopolitical conflict; rural-to-urban migration, Spain; N1643
job satisfaction-role ambiguity/conflict/stress relationship;

organizational level, task type; questionnaire; managers; Israeli industrial plant; N2673
jurisdictional conflicts, international law/state system, US antitrust/embargo laws examination; N3184
juvenile delinquency; urbanism, culture conflict theory; census data; Israeli communities; N0238
labor vs capital, class conflict, Social Democratic reform, West Germany; M7591
labor/capital conflict, Weimar Republic, Germany, corporatist mechanisms; M7324
long-term relationships, satisfaction/conflict sources; questionnaires; married/cohabitating working people; N5064
marital conflict/satisfaction; control/blame attributions; interviews; wives; Amherst, Massachusetts; M8479
Mendel, Gérard, social psychoanalysis conception elaborated, pedagogical conflict/function model; N1178
Middle East conflict attitudes continuity/change; questionnaire survey; young Israelis; M8442
motherhood/military, conflicting roles, Navy women; N2744
multinational corporations/host governments conflicts; interviews; executives, host-country officials; M7652
multinational enterprises/national state, incurable conflict; N2867
national education interest groups, conflictual vs cooperative strategies; shrinking federal resources; interviews; S15485
Norwegian party politics, 1969-1973, conflict dimensions; European Economic Community membership dispute; N4461
on-the-job conflicts, Soviet labor collectives, positive/negative effects; diesel factory case; N4293
organizational power/conflicts, Michel Crozier's model; N4307
orientation toward parents/family conflicts/home environment influence; questionnaire, interviews; high school seniors, Nordrhein-Westfalen, West Germany; N1689
Parsons, Talcott, action system/Heinz Hartmann, ego psychology, socialization/conflict resolution means; N3916
Parsons, Talcott, social change theory, conflict school; M7135
penal logjam handling, "mediation or conflict resolution" approach; N1608
political conflict, applied scholarship, expert witnesses, school desegregation litigation; interviews; N0618
political conflict, social-structural, sociology of knowledge analysis; N3609
political polarization/conflict variables, Italy; questionnaires; M9537
politics, Belgium, ethnic conflict, consociational elite accommodation vs bargaining processes; M9198
postindustrial transition/workers displacement, social class conflict; N1026
power conflicts/organization, citizens' groups, changing community, home mortgage policies issue case; observation, interviews; members; N2759
problem-solving groups, task-oriented conflict measurement; observational data; N5418
professionalism/conflict, bureaucratic setting, teachers' strike case; questionnaires; teachers, southern school district; M7960
racial conflict nature, South Africa; M9227
role conflict resolution, N. Gross's-W. S. Mason's-A. W. McEachern's theory modified, three-step theory proposed; survey studies data; N2560
role conflict sources; questionnaire; urban planners; N4600
role conflict/ambiguity, literature integration, future research directions; N2559
small groups, cooperative/conflicting interests; group narratives; N2349
social class/local state conflict, working class's historical autonomy, political administration case, post-1835 Gateshead, England; M8777
social ruts, intrapsychic conflict emergence/resolution; N4060
sociology of conflict proposal, colloquium address, University of Ghent, Belgium, 1978; N2262
sociology of science, conflict vs idealist/functionalist models, mathematics, major scandals/controversies; N3206
state/regional conflicts, heterogeneity, political power loss, Hidalgo, Mexico; N1128
status offender treatment, juvenile courts; conflict theory approach; case records; Tulsa County, Oklahoma; M8620
strikes' disruptive power, different sectors, labor groups' structural power (conflict propensity); Italian national statistics; N4278
supervisor/worker conflict/dominance; television-mediated interaction communication; simulation experiment; four-person groups; N4031
technological change, labor-management conflict/cooperation, automotive industry; S15638
terrorism role, civil/political conflict, Northern Ireland; N3665
three-person negotiable conflicts, descriptive model, coalition power, payoff disbursement; N0763
US business executives/journalists relations, elite classes conflict, morality/economics/politics; Thematic Apperception Test; M9426
US politics, electoral-bureaucratic mode shift, class conflicts, financial-industrial class; State Department document data; 1886-1905; M7939
West German work week reduction strategies, industrial conflicts, political implications; N2690
women's role conflicts, urban family changes; survey data; Yugoslavian textile workers; N0339
workers/community territory, close relationship, industrial conflict cases, Saint-Nabord/Belfort, France; N2709
world system structure/Third World development, East/West penetration, conflict, militarization; S15552
youth/conflict/social change; functionalism/neo-Marxism vs other explanations; N1687

Confluence
intelligence; family factors, confluence model, divergent data sets, parameter estimation; M7107

Conform/Conforming/Conformist/Conformists/Conformity
children's conformity/self-direction, parental preference; social class, sex, G. W. Meijen's modification of M. L. Kohn's scale used; interviews; parents; N4069
conformity, identity implications; normative/attributional judgments, sex differences; experiment; undergraduates; N2521
eyewitness testimony, commitment/conformity pressure/source credibility role; experiment, questionnaire; college students; N2383

Confront/Confrontation
ethnic group confrontation, Italian/German speakers, northern Italy, Alto Adige/Südtirol region; N4159
massive strikes/confrontations, Poland, Aug 1980; Party Congress failure, other causal factors; N4024
nuclear confrontation, human rights condition; S15614
Reagan administration's bipolar global confrontation policy, attitude toward Third World, US corporate interests; N2900
social situations, problematic confrontations evaluation; N4104

Confucius/Confucian/Confucianism
French/Chinese cultural contact, Confucianism influence, *mei* concept, universal/particular integration; N4823

Conglomerate/Conglomerates
sociological monographic material, securing publication; conglomerate organization economics; M7689

Congo/Congolese
fetishism, sorcery/magic, peasant boy's educational failure interpretation, Brazzaville, Congo Republic; M9840

Congregation/Congregations/Congregational
congregations, same denomination, structural attributes; Church of the Nazarene congregations tested; N1523
French peasant revolt/Jean Eudes's Congregation of Jesus & Mary relationship; 17th century; M7716
Protestant churches growth/decline; community, congregation; questionnaire; N1515

Congress/Congresses/Congressional
A Voz do Operário foundation, "political abstentionism" to 1889 "Possibilistic Congress" participation; N2906
child abuse/neglect, Third International Congress highlights, 1981; differing child protection systems, Third World problems; N5014
feminism, pacifism, internationalism, 1915 International Congress of Women; N3682
"Individual Liberty & Social Organization" theme, Twenty-Fifth Congress, International Institute of Sociology; N0593
Marxist-Leninist sociology tasks, German Democratic Republic, Socialist Unity Party's Tenth Party Congress; M9015
national congress, Czechoslovak sociologists, Communist Party-defined goals; N2269
Polish Solidarity Congress candidates, 1981, demographic characteristics; M9527
Political Action Committees, corporate geography; 1980 US Congressional elections; Federal Election Committee data; S15741
population miscount, US Census Bureau, implications for revenue sharing/congressional reapportionment issues; N3278
Tenth World Congress of Sociology; N3855
Third Congress of Marxist-Leninist Sociology, German Democratic Republic, 1980, social structure, socialism, social development, progress; M8936
World Congress for Peace, Wrocław, Poland, 1948, intellectuals' world movement, new social force; N1113

Congruence/Congruency
marital quality; sex-role congruency; interviews; military couples; N1710
Conjoint
gasoline conservation, policy preferences, family life cycle as basis for assessment, conjoint analysis; interviews; representative sample; Austin, Texas, adults; N5302
Conjugal
conjugal association, prison, issues/perspectives; N4904
conjugal egalitarianism/physical violence relationship, cross-cultural examination; questionnaires; US/Irish/Indian high school students; N3470
conjugal exchange, normative ambiguities, equity norm problem, longitudinal study; interviews; young married Swiss, Geneva; M8474
conjugal power, resource theory, patriarchal cultures; N3429
conjugal violence, Japan, field theory hypothesis; questionnaires; high school students; N3426
contemporary Americans' lifestyles, occupational roles/conjugal relations vis-à-vis leisure activities; cable television service questionnaire; suburban couples; S15910
married men's migration, Mexico to US; fertility control, male domination (*machismo*); household survey; Michoacan state, Mexico; N5139
wives' employment decision making; conjugal influence determinants; questionnaires; white married couples, Seattle, Washington; N1773
Connecticut
child spacing, Middletown, Connecticut, Jews; birth certificate data, 1852-1934; N0113
international social movements course, film augmentation, University of Connecticut; M8917
Consanguinity/Consanguineous
consanguineous marriages, rates/inbreeding coefficients, Hindu/Muslim/Christian religious communities, Tamil Nadu, India; survey; N4214
Conscience
developing "conscientization," social workers, Paulo Freire's ideas; S15933
occupational prestige research, intersubjectivity, collective conscience, James W. Balkwell/Frederick L. Bates/Albeno P. Garbin/Vered Kraus/E. O. Schild/Robert W. Hodge critiqued; rejoinder; M7972
shame, conscience, individual conduct, authority loci; M9135
Conscious/Consciousness
Afro-American religion, critical sociology, black radical consciousness/Christian experience; M8232
age consciousness/American dream relationship; interviews; middle-aged/elderly people; N4051
class consciousness formation, African urban workers, Marxist analysis validity; M9269
class consciousness, communal activity, 19th-century Andalusia, Spain, housewives' networks; M7925
classroom social relationships, S. Bowles's-H. Gintis's workers' consciousness reproduction hypothesis; Study of Schooling questionnaires, interviews; secondary school teachers/pupils; M9812
collective consciousness development, women/blacks/elderly; mass media; S15553
consciousness determination; gender/family/work experience; S15784
consciousness formation, political/social system integration; interviews; industrial workers, West Germany; N0954
consciousness of future, social science, framework, Max Weber's Calvinist doctrine of predestination discussion; N3634
consciousness of self, exclusivity to Western society questioned; M9178
ecological consciousness/resistance, comprehension/research guidelines; N5307
education, dialectical analysis, capitalist societies, Frances Fox Piven's/Richard A. Cloward's "Social Policy & the Formation of Political Consciousness" critiqued; M8199
feminist theory/reproductive consciousness, dialectical logic; M8747
feminist/sympathetic feminist consciousness, outgroup belief similarity; male/female samples; N0355
ideology as institutionalized consciousness, science; M9944
Kern, Horst/Michael Schumann, "Rationalization and the Behavior of Workers: Thoughts on a Follow-Up Study to 'Industrial Work and Worker Consciousness'," theory/findings overview; N0952
language content/consciousness styles relationship, P. Berger's-B. Berger's-H. Kellner's cognitive styles hypothesis tested; interviews; industrial workers, Louisville, Kentucky; N1408
"legal consciousness" concept, legal competence, gender differences investigation; interviews; N4875
local variations, household forms/family consciousness, post-World War II Japan; N3423
Lukács, Georg, *History and Class Consciousness*, law conception; M7312
military rule failure, Peru, 1968-1980; unrealistic promises, Indians' isolation; N4454
modern world's self-pollution/-destruction crisis, work-based society's consciousness; N4231
Nigerian workers' class consciousness, Islamic nationalism; M7933
occupation concepts, political consciousness; questionnaire survey; university students, Vienna, Austria; N4260
political consciousness formation, social policy, deviant behavior, dialectical interpretation; M8187
scientific consciousness, menaces of our time; N5273
seasonal farm labor, worker consciousness; M8019
self-concept, depression; feminist consciousness raising; observation; N3724
social class consciousness, Marxist theory, relevance to industrial sociology studies; West Germany; N1226
social class/national consciousness interplay, Hawaii, 1850-1950; M7917
social classes/class consciousness study, Vila Nova de Famalicão, Portugal; N2943
social progress/self-consciousness, historical context, bourgeois ideology; N0268
stratum identification/consciousness determinants, effect on collective orientations; national sample data; working-/middle-class people, blacks, women, aged; M7919
worker consciousness, concept formulation; M9306
working-class consciousness, Marxist propositions refuted, Chile 1970-1973, Germany 1918-1920; M7929
Consensus/Consensual
academic status attainment patterns; scientific consensus; probability samples; US graduate physics/chemistry/biology/mathematics/political science faculty; M9622
antinuclear movement, ideological consensus/diversity; questionnaire; demonstrators; N4373
attitude following counterattitudinal behavior; consensus, justification; experiment; undergraduates; M7471
cognitive consensus, recent mainstream US sociology, article citations analysis; M8985
consensus perceptions accuracy, differential tendencies, people with majority/minority positions; questionnaire; undergraduates; N0765
consensus vs conflict methodology, research technique problem, social dimension; N2086
conservatism, Western nations' political consensus challenged, social services critiqued; M9518
cultural consensus/mental illness definition; interviews, Thomas S. Langner's Mental Health Index; psychiatric patients, general public with/without psychiatric symptoms; N0177
elementary knowledge, transcendental pragmatics, consensus theory, ideal communication community; N0688
ideological consensus, regional health planning agency; S15514
individual-group interaction, consensus, conflict, Luigi Sturzo's *Society: Its Nature and Laws*; M7301
mail survey responses; perceived consensus, implied threat; questionnaire; psychologists, Maryland; N2091
new political consensus, pluralism, GB; N1120
orthodox consensus, social theory, functionalism critiqued, "time-space edges" historical concept; M7257
paradigmatic consensus, research organizations; applied/practical research goals, number of auxiliary employees, teaching role, employees' professional involvement; interviews; department heads, technical school; Zurich Switzerland; N4931
research grant peer review, chance/consensus, National Science Foundation proposals experiment; M9948
scientific communities' social disorganization, anomie/dissensus; high vs low paradigmatic concensus disciplines; N3962
scientific community, consensus creation; N1926
social concensus typology outlined, US/Yugoslavia comparison, social system/communication; N4489
social science research process, cumulative progress lack/dissent/trivialization of decisions; cognitive-methodological conditions; N4936
South African politics, racial control, consensus, consociational plans; M7849
suicide, law-making/-enforcing processes; consensus, pluralist, Marxist views assessed; GB/US historical data; M9051
television role, US ideological hopes/fears, consensual model of society idea; N1088

welfare state crisis, France, state intervention increase, democratic consensus reformulation, social solidarity increase; N1183

Consent
Burawoy, Michael, *Manufacturing Consent: Changes in the Labor Process under Monopoly Capitalism*, ideology issue; N2063
Burawoy, Michael, *Manufacturing Consent: Changes in the Labor Process under Monopoly Capitalism*, workplace relations, nondialectical approach limitations; N1973
hegemonic political system, exploited's consent, democracy, capitalism; M7294
interviewing methodology; introduction content, informed consent issues; questionnaire; eastern urban residents; M7080
patients, informed consent barriers; S15569
sampling bias, written parental consent requirement; questionnaires; children; N0458

Consequence/Consequences
disaster assistance, unintended consequences, 1974 Hurricane Fifi case, Honduras; S15327
Equal Rights Amendment opinion; anticipated consequences, background, spouse's opinion; interviews; national sample, married couples; M9429
large-scale social systems modeling, costs/consequences; N3816
selection via consequences, individual behavior/cultures evolution shaping; N0055
wives' employment; family migration, consequences duration, national longitudinal survey; young/mature women; S15871
workplace, technological improvements, social consequences; N4916

Conservation
bowhead whales conflict, Eskimo harvest vs conservation attempts, history, present status; N0907
energy conservation attitudes, sex differences/social implications; Ohio; S15260
energy conservation behavior; social class; interviews; households, North Carolina community; N5316
energy conservation behavior; sociodemographic factors; survey data, 1979; S15350
farmers' conservation practices adoption; programs, educational strategies; national survey data; S15364
gasoline conservation, policy preferences, family life cycle as basis for assessment, conjoint analysis; interviews; representative sample; Austin, Texas, adults; N5302
youth employment program assessment research, multimethod approach, Youth Conservation Corps programs; interviews; N0076

Conservative/Conservatives/Conservatism
aggression; conservatism, birth order, leadership; Conservatism Scale; Canadian ice hockey players; M7448
capitalist production, private sector/socialist strategies, "ungovernability" crisis, conservative theories rebirth, West Germany/GB/US; M9542
Colman, A./P.Gorman, "Conservatism, Dogmatism, and Authoritarianism in British Police Officers" critiqued; N3005
conservatism growth, US, 1972-1980 public opinion trends examination; General Social Surveys; N4446

conservatism, dogmatism, authoritarianism, police officers, GB; questionnaires; N2968
conservatism, Western nations' political consensus challenged, social services critiqued; M9518
conservative church growth/decline, Southern Baptist association growth; S15244
conservative policies, women's power loss, male identity, Reagan administration; N2036
conservative Protestantism, sociologicl analysis; N4792
cross-national survey research, measurement comparability assessment, authoritarian conservatism, US/Poland; questionnaire; N2483
defeminizing social policy, evangelical Right/neoconservative ideology, patriarchal culture restoration; N2049
German intellectuals, conservative/liberal-progressive camps, 1800-1900, Wilhelm von Humboldt's conservatism, Max/Alfred Weber's progressivism, university milieu; N5278
"landscape" (concrete environment) symbol, critical utopia vs conservative residue, contradictory political philosophies; N1135
Left/neoconservatism, Europe, round-table discussion; M9578
liberalism/conservatism, F. N. Kerlinger's orthogonality hypothesis tested; male Australian army conscripts; N2507
neoconservative realism/religious economic thought, representation *This World* publication; N4402
neoconservative thought, US domestic/foreign problems, symposium; M7900
Reagan administration's conservative program, women's issues, social welfare budget cuts, affirmative action/workplace health-safety rules relaxation; N1116
Reagan, Ronald, conservative policies, New Deal strategies discontinuation; M7823
religiosity/conservatism/political apathy, Portuguese peasants; N3141
religious commitment, political conservatism/political & social tolerance relationships, US, longitudinal analysis; national surveys; M9879
stress management programs as political conservatism expression; S15659
working class people, authoritarian vs conservative attitude/personality, international data; questionnaires, scales; M9323

Consideration/Considerations
considerate behavior, children with Middle Eastern/Western backgrounds, Israel, normative expectations differences/their implications; N2447
Rawls, John, *A Theory of Justice*, considered judgments appeal reexamined, potential basis, ethical methodology/epistemology; N2304

Consistency
normative consistency definition, sex stereotyping case; N4067
sociology, measurement reliability/consistency verification, conceptualization/interpretation redirected emphasis; M8968

Constituent/Constituents/Constituency
environmental issues, US House of Representatives, 1973-1978; partisanship, ideology, constituency; M7860
"New Religious Right," mass constituency claims, "moral majority," feminist issues; N4376

Constitution/Constitutions/Constitutional/Constitutionality
constitutional ideology maintenance, West Germany, constitutional court role; N1149
constitutional welfare states; public administration, instrumentalization, parliament's role; N2918
Kirchheimer, Otto, property expropriation limits, Weimar Constitution principles vs actual courts'/legislatures' legal practice; N2887
liberal-inspired constitutions adoption, power concentration in chief of state, Maghreb countries, Algeria/Morocco/Tunisia; N2920
personal civil rights, V. I. Lenin's views, Soviet Constitution 1977; M7832

Constraint/Constraints
revenue constraints, local public service cutbacks, Washington state; S15414

Construct/Constructs/Construction/Constructionist
ages, social construction, ideology of stages; M9064
Baikal-Amur railway construction project (USSR); youth participation, Siberian settlement plans; N5008
composite index construction, binary variables; scaling alternatives; N2156
construction industry management, traditional vs bureaucratic methods; N4557
construction industry, work/management quality, safety; M7566
"constructive typology," social cognition method, Soviet view; M9028
deviance, social constructions, experiential dimension neglect critique; S15600
Hill-Burton Hospital Survey & Construction Act, political legislative history; S15313
Kemper, Theodore D., "Social Constructionist and Positivist Approaches to the Sociology of Emotions," comments, reply; N4016
labor discipline violations, construction workers, low education; USSR; M9325
militarism/war/coercion, sociology's legitimation of unjust socioeconomic/political schemes; N4456
moral development, origins disagreement, social construction theory; M7477
motive presentation/construction, social interaction; alignment metaphor criticized, criterion indexing/counter indexing concept applied; M8810
personal inadequacy feeling, social construction, social control aspect; S15524
pupils' role, social construction of classroom order; videotape; N3092
reality construction/exploration as treatment method, therapeutic communities, UK/Holland; M8508
research project-based text construction; personal biases; interview, documentary evidence; radio station, 1972/73; M7065
social constructivism, cognitive studies theme, psychology/sociology; N2302
social control/sexual liberation relationship, sexual knowledge,

early 20th century, social construction/feminism, Havelock Ellis's social control ideology; N3697
sociologists' scientific paradigms vs social constructs, Eric Voeglin's heuristic model; M9072
sociology of science, relativist/constructivist programs criticized, responses; N3213
symbolic communication/reality's social construction; N3928

Consult/Consults/Consultation/Consultant/Consulting
basic sociology use, consulting; S15311
colleague consultation, prominence; personal characteristics; sociometric data; children's psychiatric hospital staff; M7627
consulting methods, grass-roots organizations, deaf community project case, Cleveland, Ohio; S15245
consulting sociologists, ethical dilemmas, personal account; S15249
consulting sociologists, sociological domain protection; S15306
consulting, public sector, research to legislative action; N0531
contract consulting, hidden agenda, legitimacy in government quest; M9363
lawyer-client relationship, consultation process; N4892
management consultation/quantitative evaluation combining process, issues identification/division priorities aid, manufacturer; S15340
medical consultation, doctor-patient interaction, power aspects; hospital fieldwork, recorded consultations; GB; N3503
negotiation process, discourse structure, medical consultation, observation audiotape recordings; N1806
shop floor consultation, current form of participation, Belgian trade unions/employers' associations attitudes; N2733
sociologist as consultant, advisory/participatory role; S15239
subjective health status/medical consultations, consulters/nonconsulters comparison; Nottingham Health Profile, interviews; patients; N0139

Consumer/Consumers/Consumerism
agricultural products, consumer demand models/cultural components; Nationwide Food Consumption surveys, 1965/1977; S15398
capitalism crisis, consumerism problems, theoretical/methodological aspects; N4367
children, fundamental family structure changes, Spanish consumer society; N1714
consumer behavior indicators; University of Michigan Surveys of Consumers; N1052
consumer behavior, USSR; surveys; agriculture workers, shipbuilders, midlevel technicians; different regions; M7707
consumer complaining behavior, empirical results; surveys; N4369
consumer confidence measures, high quality public opinion results; N1053
consumer expectations/judicial decisions, West Germany, legal reforms need; N4866
consumer/social issues, effects on organizations; marketing managers'/researchers' recognition failure; M9406
debt resistance practices, low income consumers; interviews; default debtors, Montreal, Canada; N0318
environmental ethics/consumer choice, relationship divergence; conceptual case study, solar townhouse community; N5312
higher education system, consumerism, capitalist countries; N4368
indigenous/official norms interaction, norm generation examples, consumer field, Denmark; N4364
labor incentives/consumer expectations, developed socialist society, USSR; M9293
language; technology/consumerism influence, individual expression limitations, social control; M7439
medical care, consumer organization, Rhode Island families survey; M8522
product development, consumers; N4370
profit/consumer society, partial withdrawal, voluntary activities, small self-sustaining communities, self-help groups, work week reduction; N0285
rational needs identification problem, bourgeois consumer society critique/intensified economic development examination; N2808
sociological consumer surveys uses, planned socialist economy, Czechoslovak example; N2806
sociology of consumerism, approaches evaluation, interdisciplinary methodology; M9405

Consumption/Consumptive
alcohol availability/consumption, alcoholism; tourism role; all states/Washington, DC, examination, R. G. Smart's variables used; N4422
alcohol consumption research/state regulation, Finland; N0179
association measures, multiple regression models with ordinal predictor variables, application to natural gas consumption-home construction/climate satisfaction data; N2192
consumption composition, budget allocations, industrial workers, Buenos Aires, Argentina, 1930-1980; M7703
consumption theorists, Simon N. Patten, Thorstein Veblen, George Gunton, 19th-century conservative-moralist social theory; M8969
consumption, comprehensive theory outlined; symbols, social identity; M7702
consumption, time usage, lifestyles, marketplace, trends/concepts; M7706
corporate family system, advanced capitalist state, consummativity, weakened private prerogatives, family members' passivity; N0107
drinking practices, alcohol consumption; stress/boredom, job characteristics; interviews; jobholders, Boston, Massachusetts; N5159
Eastern Europe consumption patterns, Soviet vs Western models; M7699
ethnicity/alcohol consumption/mortality relationship; county-level statistical data; Pennsylvania; N4993
family, housework, production/reproduction/consumption, sexual division of labor, psychological strain; M8466
food consumption; age; S15228
household consumption, France, 1960-1985/future trends; M7700
housing consumption analysis, alternative approaches to family life cycle; N5110
lifestyle changes; consumer behavior, personality, motivation; France; M7704
lifestyle outlook, production/marketplace consumption activities, current crisis; M7705
small-scale farming, lifestyle/consumption dimension; survey data; S15450
sociology of consumption, J. Baudrillard's/M. Douglas's/B. Isherwood's recent contributions; M7701

Contact
black self-esteem; interracial contact; statistical data, stratified cluster sample; black students, grades 3-12, Baltimore, Maryland; N2459
closest social contacts, industrialized society, family/neighbors preference, Oslo/Smaby, Norway; N5080
cross-cultural contacts, meaning, values; N0867
ethnic-national groups contact, Azerbaijan, USSR; surveys; workers, collective farmers; M9206
family life contacts comparison; questionnaire; married/never married professionals; N2963
interracial interaction, adverse conditions; positively structured contact; observation; middle school; M7523
Irish elderly living alone, contact/aid patterns; 1977 European survey; N3564
primary group contact/morale relationship, exchange/power analysis; interviews; elderly, Atlanta, Georgia; M8565
social contacts, Norway; social class, poverty; N4521
South Africa/US contacts, scholars'/blacks' visa restrictions; M9490
urban neighborhoods, differential social contact, environmental vs sociodemographic explanations; M8059

Contemporary/Contemporaries
contemporary society theory, empirical results, Marxist theory's limited yield, Nijas Mesihovic's perception; M8779

Content/Contents
beverage alcohol advertising, magazine data, content analysis; N4408
communication/social structure relationship; content analysis, symbolic-interactionist approach; Martin Luther King's 1963 March on Washington speech, James Michener's novel *Centennial*; M7266
computer-aided content analysis, measurement models; N0491
content analysis development, social reality recording, temporal sequences; N0464
content analysis method, social history; sociology of knowledge perspective; structuralism's impact; M8642
"content" vs "methods" agreements, guaranteed employment, 1969 French national interprofessional agreement; N0958
continued reliance on one respondent, family decision-making studies, content analysis; N3775
criticism in press, USSR publications, content analysis; N4403
cultural indicators generation, content analysis origin, secondary analysis, Pitirim A. Sorokin's systems of truth fluctuations data; N1924
indoctrination/politicization, textbook content approach, Norwegian study; M8169
qualitative content analysis, standardization possibility; M8861
qualitative content analysis, subjectivity, ideology; psychoanalysis vs deep-hermeneutic approach, Klaus Mann's *Mephisto*; N4075

qualitative vs quantitative research techniques, library research as fieldwork; adaptations for content analysis; M7060
work content changes as sociological research topic; German Democratic Republic empirical data; M9331

Context/Contexts/Contextual/Contextualist
contextual effects/classroom; ability groups impact, student attention; N3094
courtship abuse/aggression, contextual aspects; questionnaires; unmarried university students; N1988
crime deterrence, social context, contingent variables determination; National Survey of Youth data, 1972; M9906
criminal responsibility attributions; social contexts; case file, victim interviews; Indianapolis, Indiana; M8274
heresy, current secular context, sociology's neglected interest; N4851
illness, psychiatrists' perception; contextual factors, psychic damages litigation case study; N5196
literature, social context, 18th century-present; N3047
modeling behavior; social context, model/social situation characteristics; M9175
new religions, Netherlands, context/membership/reactions, Eastern/Western thought integration; interviews; members, Divine Light Mission, Ananda Marga; N4842
new religious movements' memberships; British social context, dissident/nonconformist tradition; typical adherent's profile drawn; N4785
occupational disease, social context, asbestos case, South Africa; M8529
organizational action contextuality/indexicality, system-environment distinction; M7643
organizational groups, structure; context, hospital clusters case; M8516
rape victims' experience; social context; interviews; N1903
residential satisfaction, compositional/contextual correlates; interviews; households, Wooster, Ohio; M9713
sign languages/social context/scientific study relations; N4707
Terrenoire, Jean-Paul/F.-A. Isambert, *Atlas of Catholic Religious Practice in France*, social/historical context issues; N3149

Contingency, Mean, Square
multiway contingency analysis, scaled-response dependent/scaled-factor explanatory variables; N2140

Contingent/Contingents/Contingency
causal analysis, contingency tables, predictive power methodology; N0496
chi-square statistic use, explanatory variables selection, multiway contingency table; N0503
contingency table, convergence between common-sense reading method/regression-based models of table structure; N0494
organization effectiveness, County Extension Service; contingency theory tested; S15466
organizational crime causes; contingency theory; M7637
two-way contingency tables, expected values, most possible/maximum likelihood estimates; M8903

Continuity/Continuities/Continuous
Bollen, Kenneth A./Kenney H. Barb, continuous variables, rank order/category measures distinction failure, reply; N2164
drinking/alcohol, Finnish literature, 1911/12, 1972, cultural continuity examined; N5191
education, social continuity/change theory vs Pierre Bourdieu's/Jean Claude Passeron's univocal theory; N4752

Continuum
rural-urban continuum, composite measure; literature review/New Hampshire municipalities; S15405

Contraceptive/Contraceptives/Contraception
contraceptive intentions; sex-role preferences, male birth control pill adoption case; survey; husbands, Columbus, Ohio; S15301
contraceptive use; desired family size; survey, interviews; rural Egyptian women; N3468
fertility/contraceptives, behavior, attitudes, women, provincial Iran; female physiology, popular Islamic beliefs; M9248
premarital coitus/contraceptive behavior model, female adolescents; N3361
sexual behavior, contraceptive use, socioeconomic status; interviews; young women; N3352

Contract/Contracts/Contractual/Contractor
contract consulting, hidden agenda, legitimacy in government quest; M9363
labor, flexible utilization, new patterns, part-time/subcontracted work, West Germany; N0934
social contracts role, international/cross-cultural research; N4924
work-contract, France, legal/social status; N0936

Contradict/Contradicts/Contradiction/Contradictions/Contradictory
'industrialization of building', new job hierarchy, contradictions between site workers; M9310
social change theory, dialectics, Raymond Boudon's perverse effect concept vs Jon Elster's social contradiction notion; M8834
social stratification, modern theories, UK, contradictions role; N4530
state, drug/alcohol abuse, history of contradiction/accommodation, California case study examples; S15834
Weber, Max, work, fundamental contradictions, "bourgeois" version of Marxism; N2217

Contribution/Contributions/Contributor/Contributors
athletic success; alumni contributions; major US universities; M9459
politics, corporate interest, corporate officers' contributions; S15556

Control/Controls/Controlled
adolescent reactions, attempted parental control/influence techniques; interviews; white mother/fathers of sixth-/eighth-/tenth-grade students; N5132
alcoholic's "loss of control" as sociological category; N3544
anarchism, social theory, cooperative order vs coercive control; N3963
autonomy-control variation, childrearing/self-acceptance level, early adult life, relationship; E. Berger's Expressed Acceptance of Self Scale; young adults; N2474
bicommunal conflict, model structuring problems; M7099
bureaucratic control, Protestant denomination, "open system model"; questionnaires; ministers, laity, governing agencies/national staff members; M8224
Canadian industry, foreign control, "merchants against industry" debate, empirical text; M7692
capitalism/bureaucratic control/labor market segmentation, industrial hiring practices, southern city; S15791
cigarette smoking, young adolescents' external locus of control; questionnaire; rural Vermont seventh graders; N3326
class/psychological vulnerability, women, social support/personal control significance; N3721
control conceptualization, domination/hegemony, capitalist labor process; N1971
control over own lives; survey, interviews; African workers, Cape Town, South Africa, 1975/76; M9317
control structures, religious organizations, organizational patterns/individual perceptions explanations; national survey, questionnaires; US Catholic priests/bishops; N1542
corporate control/linkage/ownership; US Senate committee data; N4311
corporate deviance control, organizational nature approach, Australian trade practices prosecutions; N0422
crime control corps, invisible New Deal program; M8600
criminal careers, administrative control, sociopath typology methodology, resultant risks, longitudinal study; Ohio Penitentiary; M9915
crowd control, English football matches; participant observation, interviews; police; M9453
data quality control, George P. Murdock's & Douglas R. White's *Standard Cross-Cultural Sample*, cross-cultural codes; N2116
editorial autonomy/publishing house, control/conflict; M7756
employee ownership forms, workers' control, US; N0994
environmentalism, class bias thesis, local growth control dispute case; questionnaire; electorate, Riverside, California; N0311
ethical considerations, aversive stimuli use, behavior control; N1563
evaluation research methods; quasi-experiments, nonequivalent control groups; N2102
female fertility/sexuality control, sexual politics standpoint; M8771
future orientation; external locus of control; Rotter Internal-External Control Scale; undergraduates; N2457
grassroots organizations, state control, collective consumption, traditional norms dissolution, Denmark; N1005
gun control issue, attitude/action comparison; survey; permit law proponents/opponents; M8278
gun control, public opinion, 1978 national surveys results comparison; M7767
gun control, Southern cultural conflict; N4865
health behavior; personal autonomy, control sense in illness; longitudinal study, interviews; metropolitan sample; N5168
incompetence development, lack of control, infancy/early childhood, school role; N1682
individual freedom vs community control, Erik H. Erikson's ritualization ontogeny, Johann Driedger case study, Old Colony Mennonites; N1488
juvenile delinquency, informal/formal control; household density, building-density design, built environment, marijuana use;

questionnaire survey; Canadian secondary school students; N1912
labor politics development, industrial work, stress/qualification/control relationships, West German projects; N0935
large Canadian nonfinancial private corporations, ownership/control patterns; N1003
leisure, USSR, state control vs individual discretion; M7802
life circumstances control perceptions, French vs English Canadians; national survey data; M9130
locus of control reconceptualization, self/environment relation, young workers focus; N0945
locus of control/anomie relationship, Western/African cultures; J. B. Rotter's Internality-Externality Scale; college students; N2508
managerial careers, mobility limitations at upper levels, executive control strategies; N2769
"managerial revolution," US, ownership/production control separation; N4313
marital conflict/satisfaction; control/blame attributions; interviews; wives; Amherst, Massachusetts; M8479
married men's migration, Mexico to US; fertility control, male domination (*machismo*); household survey; Michoacan state, Mexico; N5139
mass prisoner disturbances, prison/prisoner population structure, popular illusions, control structures; S15604
maternal-child behaviors, dependency producing task; children's locus of control orientation; experiment, Nowicki-Strickland locus of control scale; second-graders, Atlanta, Georgia; M8406
medical control, female health care, contemporary social issue; interviews, observations; health groups members; S15590
multinational corporations control, political economy/UN Code of Conduct; N3183
multiple regression, categorical interval-level control variable, between-group components; N2173
nonequivalent-control-group design, improved reliability, random-comparison-group approach; N0466
occupational control, maintenance, US, UK, five professions; N1244
organizational control mechanisms design, conceptual framework, application; M9357
organizational control/teacher militancy patterns, "loosely coupled" structures; M7633
organizations, informal control limits, interpersonal observability/communication networks; survey; university faculty; N4332
parental acceptance-rejection/control, cross-cultural codes; N3312
participative management, worker control, China; N0988
politics/bureaucracy/industrial democracy, comparative framework, worker control analysis, Latin America; N0962
population growth/fertility control, Third World; critical appraisal; N3286
pure hierarchy model, optimum control span, cost minimization; M9311
qualified specialists demand, credentialism, organizational background, bureaucratic control, complexity; M9823
race comparisons, locus of control, concept being measured; Rotter Internal-External scale; blacks, whites; N3788
recreational sport participation/locus of control relationship, sex differences; undergraduates; M7792
Rotter, J., locus of control scale, measurements verification, "external control" pattern/"belief in luck" convergence; N2506
rural land use control, regional patterns; US surveys, late 1970s; S15446
scientific information control, legal/administrative disputes, policy changes; N1629
seating arrangement/social influence relationship, moderation by reinforcement meaning/internal-external control locus; J. B. Rotter's Internal-External Scale; female undergraduates; M7346
self-esteem; locus of control; questionnaire; black/white youth; N2433
social control/sexual liberation relationship, sexual knowledge, early 20th century, social construction/feminism, Havelock Ellis's social control ideology; N3697
state welfare programs/control politics, capitalist interests; M7883
team nursing coordination, professionalism vs bureaucratic control; questionnaire, interviews; registered/head nurses, nursing directors, hospitals, national sample; M7953
technology transfer to USSR, new controls; N1624
traditional/nontraditional women's role orientation; locus of control, self-esteem; questionnaire; N3696
US intercollegiate athletics; boosterism/scarce resources/institutional control, future problems; N2848
Western crime control models, Third World, benign vs malignant intent; N3171
white hostility, desegregated schools; race composition, control problem; questionnaire; elementary schools; M7512
worker alienation as control problem, industrial brewery bottling industry, ethnographic study; S15833
worker control, Portugal, revolution/socialist transition context; M9522
worker representation, corporate decision making, workers control approach, UK coal industry experience; N0978
workers' control, work organization, French/English maintenance, workers' case, mass production industry; M9301
workers' knowledge appropriation, quality control circle program, General Motors plant; interviews; workers, participants; S15609
workers, employers' control, West Coast longshoremen; N0938
Yugoslav industrial organizations, control distribution; questionnaires; N2763

Controversy/Controversies/Controversial
controversial fields evolution, futures research, likely prospects; M8640
institutional change; controversy, school desegregation case; interviews, questionnaire; students, teachers, adminstrators; biracial high schools, US South; M9199
new religious movements, West Germany, public controversy, government's dilemma, religious freedom vs family protection; N4804
scientific controversies, public opinion; media coverage; M7727
sociology of science, values/controversy disinterest; N4920
technology controversies, science court proposals, separating factual/value disputes; M9979

Convention/Conventions/Conventional/Conventionality/Conventionalist/Conventionalization
income stratification, US; conventional religiosity, conflict crime attitudes; national survey data; M8239
marital adjustment/conventionalization, measurement contamination; questionnaire; married individuals; M8470
nonconventional religious beliefs structure/measurement; H. G. Law's Inventory of Personal Beliefs, C. Morris's Ways to Live; M8207
stress beliefs/conventional knowledge reproductions beliefs relationship; N0171

Convergence
intergenerational class mobility, English/French/Swedish adult males, convergence thesis; national sample surveys; N4526
military governments ascendancy, Third World, convergence hypothesis; N2746

Converse/Conversation/Conversational
children's telephone conversations, proficiency differences factors; N1381
conversation analysis, musical concepts use, modulation, improvisation; M7442
conversation, topic changing, acquainted/unacquainted dyads; N1396
conversation, topic sequence structures analysis; N1414
conversational deviance handling; structural model; experiment; children aged 3:5-11:5; M8116
conversational interaction organization; socialization defined, adolescent therapy session; N1409
conversational/textual communication, hermeneutic/ethnomethodological formulations; N1397
conversations with theorists, innovative approach, social theory teaching; N0575
doctor-patient conversation, linguistic problems analysis; audiotapes; N1854
group talk, latent processes recognition, empirical analysis/validation; M7342
interpretation processes reconstruction problem, conversation fragments case, aboriginal Australians, Wakooka outstation; N3055
Las Mujeres: Conversations from a Hispanic Community, excerpts/research background, oral history; interviews; Albuquerque, New Mexico, women; N0344
Milne, A. A., *The House at Pooh Corner*, children's conversational troubles formulation; N1373
mother-child conversation, pronoun use, racial/sexual subgroups; M8106
natural conversation, formulations' reflexive properties; N1380
natural language accounts theory, ethnomethodology, conversational analysis, phenomenological sociology interpretations; M7288
New York Jewish conversational style; audiotapes; N1420
smooth transitions, implications for conversational turn-taking models; N3073
social exchange, elderly, conversation/negotiation; N3560

speech, prosodic modulations, effect on conversation understanding; N0772
temporal symmetry, microsocial relations, quantitative analysis; tape-recorded dyadic conversations; N0759
visual behavior, conversational interaction; intimacy; N0811
voice tone, conversational interaction uses, US, Japan; N1351

Convert/Converts/Converted/Converting/Conversion
cult membership, mass conversion dynamics, "double-bind" concept; M9842
Jewish-Christian marriages/conversions, US; N0106
Marxism-Leninism conversion/dissemination, Chinese Communism; Moscow's Sun Yat-sen University's role, 1925-1930; N2070
members' change experience, meditative ritual practice, spiritual conversion-commitment, theoretical implications, Zen case; interviews; participant observation; M9872
minority influence; size, conversion, sex; experiment; college students; N2338
religious conversion, Chinese Singaporeans, overtolerance hypothesis examined; S15818
religious conversion, socialization concept, brainwashing/drift models integration, Moonies analysis; N1513
religious revivals' reality explored, revivalists' vs converts' values; N4802

Convict/Convicts
exconvict recidivism reduction, monthly monetary allowance; controlled experiment evaluation; comments, rejoinder; M7085

Conviction/Convictions
convicted male violent offenders, empirical classification; Minnesota Multiphasic Personality Inventory protocols; M9896
nonmotoring convictions, prevalence, England/Wales; M8256
reconviction rates/sentence type correlation, adult male offenders, England; M9928

Cooley, Charles Horton
Cooley, Charles Horton, futuristic vision; N0605
Cooley, Charles Horton, "Genius, Fame and the Comparison of Races," argument, impact, significance; M7169
Cooley, Charles Horton, humanism, John F. Glass's definition; M8993
Cooley, Charles Horton, sociological orientation, introductory textbooks' treatment; M7208
political economy, pecuniary valuation, Charles Horton Cooley's theory; M7270
social groups, formation/dissolution, Gabriel Tarde, Charles Horton Cooley, Emile Durkheim, Kurt Lewin; M7374

Cooperation
agricultural cooperation, Chicano exfarmworkers/sharecroppers, strawberry farms, California; political mediation; M9693
buying supplies, marketplace cooperation/conflict; interviews; buyers, suppliers, "trade show" attendees; S15849
cooperatives, cooperation, associative/communal/systemic aspects; M9005
economic/political crises, capitalistic societies, interclass cooperation strategies; N4467
European Co-Operation in Social Science Information & Documentation, activities/objectives; M7215
family farmers' cooperation, response to mechanization, Massif Central, France; fieldwork, observation; N2634
Fourth Congress of the Soviet-Hungarian Commission on Cooperation in the Social Sciences, 1981, main issues; N3841
informal cooperation, solidarity form, rural Croatian peasants; M8017
interfarm cooperation, agroindustrial integration, social results, USSR; M8041
interviewee cooperation factors, 1976 American National Election Study; N0481
research & development cooperation, responsibility, National Bureau of Standards experience; N1611
scientific cooperation, US/USSR, national/international politics; M8321
small-scale fishermen/farmers, attitudes toward cooperation, Azores (Portugal); N4669
Sociology & Cooperation colloquium, proceedings, Institute of Sociology, Catholic University of Milan, Italy, 1982; N3856
Third World cooperation interest, Latin American economic development conceptions; N4434
USSR sociologists, practical issues orientation, higher education cooperation; N4779
women's self-help movement, international cooperation; S15265

Cooperative/Cooperatives
"alternative" lifestyles, Argyle Street cooperative, Norwich City, England; participant-observer interviews; residents; N1344
battered women's refuges, feminist cooperatives vs social service institutions; M8712
community development, Cooperative Extension Service, learning contract brokerage technique; S15433
cooperation, interaction style; sex-linked situations/sex composition; experiment; undergraduates; N4038
Cooperative Extension Service, organizational effectiveness measurement; S15411
cooperative industrial relations development, trade unions contribution, post-1890 policies, Austria; N0987
cooperative movement, centralization development problem, Israeli kibbutz regional organizations study; N0279
cooperative movement, Jamaica, social control; M9679
cooperative parish development as voluntary association functionalist perspective, United Methodist Church examination; S15925
cooperative tasks, self-awareness, information utilization, social influence; experiment; female undergraduates; N2361
cooperative work, egalitarian character, northern Portuguese village; participant observation; N3019
cooperative/clashing interests, small groups; N2348
cooperative/competitive behavior, children, Papua New Guinea; experiments; N2471
cooperatives, cooperation, associative/communal/systemic aspects; M9005
corruption, Bukusu cooperatives, western Kenya; self-interest; M8588
developing countries, concept transfer, farm cooperatives, Iran; case study; M9688
dyadic exchange/cooperation; social reinforcement, structural variations; experiment; college students; M7422
E Cooperative movement membership, Finland, worker community link, social meaning; N0948
Eskimo cooperative movement, Canadian Arctic, emergence/decline; post-World War II state intervention, corporate structure development; N4352
fishermen's cooperative, New York Bight region, mid-Atlantic coast, indigenous resource management, complex society; N4659
fishery cooperatives, Chesapeake Bay, socioeconomic goal achievement; N4665
fishing cooperative, modern problem, Hokuriku drift-net fishing village dispute case, Japan; N4641
increasing cross-ethnic friendship; cooperative learning teams; sixth graders; M7350
law sociologists/practitioners cooperation, communication barriers, possible approaches, West Germany; N3839
limited resource farmers' needs; Washington State U study, cooperative extension programs; S15382
marginal inshore Pacific fishing cooperatives decline, Mexico, southern Sinaloa state example; N4660
national education interest groups, conflictual vs cooperative strategies; shrinking federal resources; interviews; S15485
noncooperative behavior, decentralized decision making, recent results survey; M9156
Portuguese rural society, domination relations; economic development models, milk producers' cooperative vs milk industry/corporate organization; M9391
production, alternative working conditions possibilities, producer cooperatives, Denmark; N1014
respondent cooperation maintenance, family panel studies, techniques, longitudinal study; interviews; mothers, young adult children; N0485
science, cooperative international projects, global community context; M9970
small groups, cooperative/conflicting interests; group narratives; N2349
small-scale fishermen, psychocultural characteristics/cooperative formation, New England/western Costa Rica cases; N4668
socioeconomic reform/modernization; social organization/relations transformation; sugar workers' experience, cane cooperatives, Jamaica; S15696
technological change, labor-management conflict/cooperation, automotive industry; S15638
worker/women cooperatives, motives/experience, 1970s, GB; N0373

Coordination/Coordinating
coordination as administrative problem, public policy-making organizations; N4324
interagency networks, informal communication/coordination, effectiveness dilemma, Harrisburg, Pennsylvania, case history; N1017
team nursing coordination, professionalism vs bureaucratic control; questionnaire, interviews; registered/head nurses, nursing directors, hospitals, national sample; M7953

Cope/Coping
burden, families coping with mentally ill relatives, invisible crisis; interviews; care-givers; N3554
chronically ill child care, parental coping patterns; Coping Health Inventory for Parents, questionnaires; cystic fibrosis; N3513
coping behavior, aged; personal/social resources correlation; questionnaire; British elderly; N5202
fertility-related health problems coping; social support; survey; southern Indiana women; S15323
gifted delinquents; environmental sensitivity, long-range thinking/coping abilities, court treatment, family-/school-related delinquency causes; GB/US longitudinal studies; N0232
heterosexual/lesbian single mothers, problems/coping/solutions comparison; questionnaire, interviews; N5117
historical-political event coping, generational differences, 1961 frontier closing case, Berlin, Germany; interviews; former border crossers/traders; S15540
homemakers, occupational stress/satisfaction/physical well-being/coping; survey questionnaire; N4591
humor as school coping strategy, teachers, students, literature review; N4778
inflation/recession, families' coping strategies; survey, interviews; household heads, New York City/Detroit, Michigan/Atlanta, Georgia/San Francisco, California; M8461
marital problems, coping efforts effectiveness measurement; panel study, interviews; adults, Chicago, Illinois; N3438
marrieds' lower depression rates; stressful experiences, role strains, coping resources; interview probability sample; Chicago, Illinois, adults; M9141
movidas (coping/interaction strategies), Mexican Americans' uses; ethnographic/dramaturgical vs ethnomethodological approaches; M7441
stigma coping, lifelong adaptation, deaf elderly; interviewing, participant observation; N0770
stigma, effects on social interaction; deviance, coping strategies; M9180
stressors/personal coping resources interactions, various psychiatric symptoms, fatalism/inflexibility characteristics examined, Anglo adult residents, El Paso, Texas; N5199
substance abuse, social support/stress-coping paradigm; interviews; heroin-addicted females; N3720

Corporate
armed forces/military government, Chile, military corporatism/politicization; N1196
Canadian corporate elite, post-World War II era, financiers vs finance capitalists hypothesis; N2933
contemporary neocorporate Italian state, social control, dissent; N1118
corporate control/linkage/ownership; US Senate committee data; N4311
corporate crime control, theory/action; N5216
corporate deviance control, organizational nature approach, Australian trade practices prosecutions; N0422
corporate disaster plans, social scientific assessment; S15592
corporate family system, advanced capitalist state, consummativity, weakened private prerogatives, family members' passivity; N0107
corporate goals/managerial objectives/organizational structures, British vs West German companies; national culture; interviews, questionnaire; directors, executives; M9341
corporate network interlocks extensions, university/hospital boards, Canada, 1946-1977; S15842
corporate philanthropic support, nonprofit organizations, Minneapolis-St. Paul, Minnesota; interviews, surveys; S15519
corporate power, Japan, social conflict, vehicle safety, automobile manufacturers; M7654
corporate violence, issues; N5329
corporate/social elites, Jewish representation recent patterns, US; M9743
corporatist tendencies, Dutch industrial relations system, 1970s; N2730
criminal justice system, individual vs corporate victims' involvement; M7641
criminal sanctions, corporate violence, responsibility affixation problem; N1010
environmental hazards, effective regulation, corporate resistance, case study; S15875
labor/capital conflict, Weimar Republic, Germany, corporatist mechanisms; M7324
legitimation processes, governmental/corporate/occupational crime, paradox; S15518
managerial politics, classwide vs corporate rationality approach; interviews; directors/managers, large US/GB corporations; M7664
neocorporatism rise, Belgian political life, functional-integral power theory; N2917
"new middle strata," France, corporatism, state control of economy; Dominique Monjardet's & Georges Benguigui's study reviewed; N4527
organizational dominance, regional patterns, 1955-1975, corporate linkages case; M7658
Political Action Committees, corporate geography; 1980 US Congressional elections; Federal Election Committee data; S15741
politics, corporate interest, corporate officers' contributions; S15556
professionalization, rationally managed corporate organization; interviews; manufacturing firm's engineering staff; N4555
reform professionalization, political context importance, corporatist model; N2924
situated corporatist legitimacy, 1980 Chrysler loan guarantee; N2770
social class, interorganizational theory, intercorporate relations, resource dependence/social class models synthesis; S15831
social organization, corporate household/ecocentric kinship group, Catalonia, Spain, participant observation; N2616
strategic corporate culture, productivity through people advocacy; S15506
worker representation, corporate decision making, workers control approach, UK coal industry experience; N0978

Corporation/Corporations
Cameroon Development Corporation, agroindustrial complex, impact on/adaptation to regional development; S15926
French business, commercial manager role, 1881-1914; N1270
French corporations, managers' qualifications/education; interviews, newspaper advertisements; N1292
French industrial organizations, managers' technical education as limitation; N1235
French managers' career aspirations/achievement ideology, large organizations' personnel policies; N1239
gender expectations, corporations; N3009
health/safety laws, corporate violations, civil vs criminal penalties adoption; N3172
large Canadian nonfinancial private corporations, ownership/control patterns; N1003
multinational corporations/host governments conflicts; interviews; executives, host-country officials; M7652
new medical order, Canada 1800-1850, doctors/surgeons corporation origins, Quebec; N1237
organizational environments, dying as status passage/corporate career relationship; naturalistic strategy; executives; M7660
organizations' decentralization, intra- vs interorganizational determinants, US corporations sample; M9356
Portuguese rural society, domination relations; economic development models, milk producers' cooperative vs milk industry/corporate organization; M9391
problem employees, managerial ideologies, Employee Assistance Programs, qualitative study; interviews; managers, large national corporation; S15641
regulatory commissions, US, corporate domination thesis analyzed; N2757
US Bureau of Corporations, bureaucratization politics; N1009
work approaches, cultural differences perceptions; interview questionnaire; Anglophone/Francophone managers, large corporation, Quebec/Ontario; M9334
work humanization programs, US corporations, scope/structural change potential, management control threat; N1977

Correction/Corrections/Correctional/Corrective
adolescent suicide, correctional facilities; justice system, interdisciplinary intervention strategies; M9919
classification as key to correctional policy development, Illinois Department of Corrections' utilization; N4907
correctional institution/public school learners, sociological characteristics differences, teachers' preparedness; M9924
correctional policy, determinate sentencing, inmate attitudes; questionnaires; federal/state prisoners, Kentucky; M8294
correctional programs, education value/training, penal institutions; M9916
Federal Youth Corrections Act, legal aim, discretion, social control, rehabilitation; random sample, young offenders; N1567
Indian-ancestry population, justice issues/provincial correctional system, Saskatchewan; M7505
juvenile correctional reform, secure care, politics; interview survey; staff/youths, Massachusetts programs; N5247
large-scale prison operation costs, determinants, correctional standards cost implications, comment, reply; M8299

regressor unreliabilities, incomplete correction, effects on coefficient estimates; M8889
state correction officer role, keeper/counselor functions, task inventory approach; interviews; N1238
treatment-custody dilemma, correctional institutions, resultant role conflict; questionnaire; correctional staff; M9920
victimized white offenders, juvenile correctional system; questionnaire; N5241

Correlates
career progression, individual/organizational correlates; questionnaires, tests; Mexican-American college graduates; N4586
voluntary organizations size, determinants/correlates analysis; interviews; Nebraska adults; N4316

Correlation/Correlations/Correlated/Correlatives/Correlational
absolute deviation correlation coefficients, standard error/range, algebraic relationship; M7095
controlling for population size/ration correlation, inferences consistency; S15258
correlation coefficient, attitude/satisfaction questionnaires; categorization; N0510
correlation matrices, small samples, ill-conditioning detection; S15801

Corruption
corruption, British statute law emergence, England/Wales, historical analysis; N5218
corruption, Bukusu cooperatives, western Kenya; self-interest; M8588
corruption, law's effectiveness; N0206
corruption, London (England) metropolitan police force; N3584
public administration, protection/corruption as class-specific selection mechanisms; M7862

Corsica/Corsican
ethnic identity as community esteem source, elderly, Corsicans, France/Portuguese-Americans, California comparison; N5204
old age adaptation/crisis, sex differences, role continuity; interviews, Life Satisfaction Index; rural Corsica; M8562

Coser, L.
Coser, Lewis A., *The Functions of Social Conflict,* propositions reformulation/actualization attempt; N2319
Coser, Lewis, conflict theory, differences with functionalist/Marxist approaches; M7273

Cosmogeny/Cosmogenies
"sociogony," sociology/cosmogony, physics, legislative use analogy; N0730

Cosmology/Cosmologies
cosmology/cult practice/social organization comparison, Kadara/Kagoro, northern Nigeria; N2654
society/movement, physical/cosmological models, productive/social/historical aspects; N2817

Cosmopolitan/Cosmopolitans/Cosmopolitanism
Sephardic Jews, Washington, DC, cosmopolitan nature, community organizing/identity problems; N4203

Cost/Costs
children's value/cost differentials; interviews, questionnaire; Australian/Greek/Italian parents, Sydney, Australia; N3386
cost-benefit issues, US national health legislation, end-stage renal disease program case; N0145
environmentalism/economic shift, development costs/benefits distribution, rents alterations; S15583
geographic mobility, 1960-1970; living cost; M8350
health care, high cost debate, chronic illness role; observation, interviews; hospital personnel; N3527
helping behavior, social-psychological knowledge accumulation, emergency/cost determinants; N2528
large-scale prison operation costs, determinants, correctional standards cost implications, comment, reply; M8299
large-scale social systems modeling, costs/consequences; N3816
mail questionnaires return rate; cost/importance factors; experiment, questionnaire survey; Ohio residents; M7082
occupational illness/injury differentiation, private costs, economic incentives; M9648
rising household transportation costs, implications; survey; Florida; S15605
teenage childbearing, individual economic costs estimation; N3400

Costa Rica/Costa Rican/Costa Ricans
doctor-patient interaction; medical institutions; interviews, questionnaires; patients/their families, doctors, clinic personnel, Costa Rican clinics; M8524
earnings, low-income country, sex differences, Costa Rican case; census data, 1963; N2934
fertility, Costa Rica; sex-union type; census data; N3473
small-scale fishermen, psychocultural characteristics/cooperative formation, New England/western Costa Rica cases; N4668
standard international occupational prestige scale applicability, validation, Costa Rican/Israeli examples; N3011
urban patient, health-seeking behavior, health care system, San José, Costa Rica; observation, interviews; N0151

Council/Councils/Councilmen
black representation, city councils; electoral structure; M9528
comparative education, development as study field/service, internationalization, World Council of Comparative Education Societies' role; M9785
democratic decision making, Swedish government, lay councils role; observation, interviews; council members; N1152
housing council "points scheme," racial minorities, North Bedfordshire, England; M8081
science council, empirical social research, future conduct recommendations, West German research institutes examination; N2216
Social Science Research Council abolition proposal, Lord Rothschild's rejection; GB; N0548
Social Science Research Council, reorganization, active policy-oriented mode, pros/cons; GB; N0667
Social Science Research Council, UK, future abolishment/curtailment; N0666
society reorganization plans, South Africa, Buthelezi Commission/Constitutional Committee of the President's Council reports; N4026
Soviet Communist Party City Council, sociological service; N4452
speaking behavior, University Teaching & Research council meetings, France; M7655

Counsel/Counseling/Counselor/Counselors
alcoholism therapy, counselor's/ethnographer's cooperative roles; case study; Papago Indians, Arizona; N4116
circumspection, psychotherapy, counselor/client interaction structures/strategies; audiotapes; S15601
communication conflict, graph-theoretic demiarc model, hypothetical marriage counseling session case; N2426
counselor role, interview prior to abortion, France, institutionalizing process, dissuasion/assistance/normalization; interviews; N1803
cultural relativity as counseling paradigm, clinical sociology, case studies; M8802
stepfamily literature review, noncritical annotated bibliography, implications for counseling; N5113
women, dual-career families, needs/effective counseling, quantifying approach, longitudinal study; wives; N5120

Count/Counting
demographic estimates population undercounts, flawed data; N3283
population miscount, US Census Bureau, implications for revenue sharing/congressional reapportionment issues; N3278
primitive mind nature, logic, body counting, Paiela, Papau New Guinea highlands; N4183
strike reporting, press criteria, counting vs selective presentation, Israeli newspaper data/statistics; N2828

Counter
social movement/countermovement, women's access to higher education, late 19th century, University of Chicago, Marion Talbot's role; S15512

Counterculture/Countercultures
artistic experiments, counterculture center, Paradiso, Amsterdam, Netherlands, attempt to bridge modern art/society gap; N4708
Zen role, US counterculture, commercialization via psychedelic ideology; N1545

Country/Countries
children of migrants, adaptation/integration in host society/situation in country of origin; N5018
development/crisis, industrialized European countries; N1039
earnings, low-income country, sex differences, Costa Rican case; census data, 1963; N2934
fecundability decline, developed countries, W. H. James's hypothesis contested; N3285
higher education system, consumerism, capitalist countries; N4368
indigenous anthropology, non-Western countries, 1978 conference proceedings; N4222
mass media, socialist countries, subject/effect/research problems; N2830
mortality, agricultural workers, underdeveloped countries; socioeconomic/working conditions; M8370
quality of life perceptions, industrializing country, Republic of Korea case; interviews; heads of household; N0297
scientific/technological revolution, educational development aspects, socialist countries; N3097

social mobility as social homogenization factor, reproduction process aspects, working class/intelligentsia, industrial branches, European socialist countries; N4519
social mobility development, socialist countries, new documentation/empirical data processing methodology; N4553
sport/social change, state socialist countries, USSR example; M9475
suicide rates, eight countries, 1962-1976; unemployment rates; N2381
witchcraft/religious life/city-country environment relationship, 16th-century Rome, Italy; N4781
women's position, socialist vs capitalist countries; cross-national comparision, labor force indicators; N3710

County/Counties
differentiation unidimensional concept validity, county measures; S15216
empirical socioeconomic typology, counties of western states; M8379
household composition; economic hardship; census data; postbellum Florida, 1870-1885; N3368
net migration/natural increase estimation, place size/color, Mississippi counties, 1970-1980; S15204
southern state household survey, low-income/rural counties, sample design/multilevel objectives; S15234

Couple/Couples
affective self-disclosure/marital adjustment relations, equity theory; questionnaires; couples; N1720
behavior/temperament/perceived temperament/idealization comparison, married couples who had/had not cohabited; questionnaire, Taylor-Johnson Temperament Analysis; N3434
changing pattern, mate selection, Japan; questionnaire; engaged couples; N3344
class identification; own/spouse's occupation; 1972/1976 surveys; working couples; M7907
couple romantic involvement, social network structure; dyadic withdrawal hypothesis; questionnaire; university students; N2354
courting couples, abuse/aggression/violence; conflict theory framework, choice/exchange theory propositions; questionnaire; college students, 1980; N0105
decision making/age differences, homosexual male couples; questionnaire; Chicago, Illinois; N4129
equity/depression relationship; interviews; married couples, midwestern state; M8499
family power structure, couples with children in primary schools; interviews; wives; Santiago, Chile; N3432
family sociology, couple childbearing expectations measurement; questionnaire survey; white married couples, Seattle, Washington; K. G. Jöreskog's maximum-likelihood methods; N1789
household role sharing/marital quality, Wisconsin farm couples; S15416
intentional parents/intentionally childless couples comparison; interviews, questionnaires; M8467
marital adjustment, relationship to career salience, attitudes toward women, demographic/family characteristics; questionnaire; dual-career couples; N3413
marital communication, group training programs compared; questionnaires; N5140
marital disruption predictor, marital alternatives concept, longitudinal study; interviews; married, white, urban couples; M8502
marital happiness/disruption relationship, marital alternatives level; interviews; white urban couples; N1792
marital quality measures as dependent variables; Graham Spanier's Dyadic Adjustment Partner Communication Scale; couples; N1765
marital quality, power processes, black married couples; interviews; urban North Carolina; N1732
marital quality; sex-role congruency; interviews; military couples; N1710
marriage quality, U. G. & E. B. Foa's interpersonal resource exchange theory; questionnaire; husband-wife couples; N5123
marriage stability/change, transition to parenthood period; joint interviews, questionnaires, observation; couples; N5070
marriage, affiliation/independence issues; Locke-Wallace Marital Adjustment Scale, Edwards Personal Preference Schedule; distressed/nondistressed couples; N5085
married couples group therapy, competition, dominance, gender differences; verbal interaction sequences tape recorded; ministers/their wives; N2362
married couples' role-sharing behavior, determinants; interviews; N3411
perceived friendship relations; sex/sex role aspects; questionnaire; white married couples; N4045
predicting marital/career success, dual-worker couples, gender identities; N1739
premarital cohabitation vs traditional courtship, effects on subsequent marital adjustment; questionnaire, Graham B. Spanier's Dyadic Adjustment Scale; couples; N3476
sexual life, married couples, earlier societies, church doctrine/behavior reality; N1694
transition to parenthood, role model; interviews; white married couples; N1784
volunteering, interpersonal relationships research participation; sex differences, couple commitment, longitudinal study; questionnaires; college students; M7404

Courage/Courageous
Elias, Norbert, *On the Process of Civilization: Sociogenetic and Psychogenetic Research*, counterevidence, knightly courage/chivalric honor, aggressiveness transformation, late Middle Ages; N4188

Course/Courses
college introductory sociology course performance; high school course impact; comprehensive examination, preliminary results; N3835
death studies course registration; recent bereavement, death-related work experiences; questionnaire; Lutheran college students; M7116
educational goals, majors selection criteria, sociology courses perception, sociology majors vs other undergraduates; questionnaire; University of Iowa; M8944
"Family & Medicine" premedical sociology course; N5164
field placement assignments use, social gerontology/human services course; S15823
first class exercise, introductory sociology course, Emile Durkheim's suicide work study; N0565
health/stress/achievement, 19th-century professional women, life course/birth cohort analysis; N4601
individual transitions, marriage, divorce, remarriage; life-course analysis, multistate demography methodology; US Census data; N1724
international social movements course, film augmentation, University of Connecticut; M8917
introductory sociology as rigorous/demanding course, methodology; N0542
introductory sociology course, group incentive techniques; N0578
introductory sociology course, newspaper news item analysis, Betty J. Tobins's framework; questionnaire; students; N0582
introductory sociology course, objectives, consequences; N0583
introductory sociology courses, adequacy judgment standards; N0586
introductory sociology, experiential vs traditional teaching methods; evaluation, subsequent enrollment differences; M8941
life course events; Vietnam combat, abusive violence exposure/participation; Legacies of Vietnam sample; S15816
modular introductory sociology course; N0573
nonmajors; social science courses; Gerald Zeitz's/James Lincoln's Individualism-Social Determinism scale; college students; S15279
old age security/family life course, 19th-century Mennonite immigrants, case study; S15850
philosophical questions, relevance to sociology, course presentation suggestions; M8930
"Racism & Sexism in a Changing America," mandatory undergraduate course, William Paterson College, Wayne, New Jersey, evaluation; S15722
regular course offerings, shopping centers, exchange theory application, student audience expansion; M8946
societal transformation, Norway, life course transition into adulthood, age, change; N4344
sociological perspective inculcation, interdisciplinary policy-related courses, sociologists/historians/scientists/engineer team case; N0554
sociology course, 1930s history; N0545
sociology course, integrating theory/methods/statistics; N0547
sociology of education courses, intending teachers, empirical study; interviews; university department heads, GB; N3831
sociology, introductory course rethinking; N0555
stress concept as organizing theme, introductory sociology course; N0587
students, evaluating/changing social climate, introductory sociology class case, Classroom Environment Scale; N0585
teaching introductory sociology courses; N0533
teaching writing, sociology course, curriculum inclusion, case study; M8914

teaching, statistics course, Personalized System of Instruction; N0559
textbook selection techinques, marriage/family courses; S15273
tours, Detroit, Michigan, experential learning, large lecture course framework; M8924
women, military, undergraduate courses; N3717

Court/Courts/Courtly
administrative organization reform, Hamburg, West Germany, courts, improving judicial services/working conditions, model tested; N4854
attitude change; court-ordered therapy; questionnaire; incest offenders; N0211
civil/rape cases, federal/state court choice; survey; trial lawyers, Baltimore, Maryland/Houston, Texas/New Orleans,Louisiana; N4867
constitutional ideology maintenance, West Germany, constitutional court role; N1149
court dispositions consistency, juvenile criminal justice system; statistical data; male juvenile offenders, New South Wales, Australia; M8270
court process, bureaucratic characteristics, plea bargaining, social order; N4880
criminal court dispositions/imprisonment, Brooklyn, New York; prosecutors' promises, prior convictions, other determinants; random sample/cases; 1980-1982; S15692
detention determinants, juvenile courts comparison, Michigan; S15494
differential sentencing, criminal courts functioning, California counties case; M8249
discrimination against aborigines, Australian law courts, 1976-1978; observation; M8272
dispute processing, Philippine agrarian court; clients' resources; M8279
disputes settlement, primitive courts, ethnolegal research; N4895
English criminal courts, sentence deferment power; 1977 survey; M8252
infanticide, courts' indulgence, 19th-century France; N1595
institutional participation, court action; political culture; interviews, surveys; litigants, trial judges; M8263
juvenile court decisions, Israel; influencing factors, multivariate approach, court records; N0228
juvenile court dispositions, status/nonstatus offenders comparison; M9889
juvenile court dispositions; labeling; violent youth cohort; M8630
latent theory role, criminology research, court processes; prior record; felony defendants, Marion County, Indiana; M9897
lawyers with regular court contact, influence of court status on clients' punishment outcome; N1582
methodological issues, court outcomes research, pretrial release decisions, federal defendants; observation, interviews; judges, lawyers; N2123
metropolitan juvenile courts, US, empirical typology; mail/telephone survey; court personnel; M9910
offenders aged 7-9, urban juvenile court, demographic characteristics; S15613
penal process, criminal courts inequality; defendants' awareness/professional heterogeneity; observation, interviews; Liverpool, England; M8250
plea bargaining process, significant actors' roles; Illinois court data, 1971-1981; S15676
professional identity/interaction, juvenile court case; questionnaires; court workers; N1577
public opinion polls as court evidence, change of venue motion case study; N3192
research within juvenile courts; human research regulations; N3167
rising caseloads, courts, West Germany; legal insurance, litigant decisions; N1557
schools, teaching creationism vs evolution, *McLean* v. *Arkansas Board of Education*, US District Court judgment text; N1458
scientific evidence presentation methods, court, panels vs. party witnessing, school desegregation cases; interviews; lawyers, social scientists; N2094
sentence severity, court officials/their traits, individual judges; criminal cases data, Florida; N1566
sentencing decisions, variables' interaction importance, race/court variables case; male inmates, mid-Atlantic state; S15281
sentencing research, misleading conceptions, juvenile court reformulation; M9898
small claims litigation, court arbitration statistics, 1880-1973, Italy; M8247
statistics, 1980 US Census reporting, courts' adjustment order; N3267
status offender treatment, juvenile courts; conflict theory approach; case records; Tulsa County, Oklahoma; M8620
technology controversies, science court proposals, separating factual/value disputes; M9979
Welsh language usage prohibition, courts of law, register range constraint, popular opposition; N3070
white-collar offenders' sentencing severity, predictability factors; sample, federal court cases, selected crimes, US judicial districts; M8286
wifebeating, legal protection, domestic assaults processing, Scottish prosecutors/criminal courts; interviews, participant observation; N1599

Courtship/Courting
courting couples, abuse/aggression/violence; conflict theory framework, choice/exchange theory propositions; questionnaire; college students, 1980; N0105
courtship abuse/aggression, contextual aspects; questionnaires; unmarried university students; N1988
courtship violence; life events stress; questionnaire; college undergraduates; N3668
marital prognostication rituals, rural Italian peasant women; masculine courtship rituals; M8463
premarital cohabitation vs traditional courtship, effects on subsequent marital adjustment; questionnaire, Graham B. Spanier's Dyadic Adjustment Scale; couples; N3476
Relationship Events Scale, courtship progress measure, Guttman scaling, validity test; N5101

Covariance/Covariable
covariance structures analysis, goodness-of-fit indices, small-/large-sample examples; N0501
sports victories/defeats, causal attribution, covariation hypothesis; players'/coaches' quotations; M7434
statistical arguments, employment discrimination cases, covariance analysis, regression approach difficulties; N2152

Coverage
serious crime/news coverage, ideological bias, metropolitan newspaper, content analysis, *New York Post* case; N4401

Covert
alternatives to covert participant observation; N3777
covert law enforcement expansion, diadavantages/costs/risks; N4879
covert politics patterns, postindependence Cyprus; N2905

Craft/Crafts
aesthetic innovation, Ashanti carving community, West Africa; socioeconomic foundations; N3081
petty craft production, underdevelopment process, Zinder, Republic of Niger; M9369
production, household system, printing craft, early US, gender/kin factors; S15752

Creative/Creation/Created
creationism, 20th-century US, scientific rationalization development; N1631
creative problem solving as result of majority vs minority influence; experiment; male undergraduates; N0761
creative societies, crises sequence/tradition respect; M7241
creative work; motivation/working conditions relation; questionnaire; Italian cinema actresses; M9296
Czechoslovak industry, top creative workers; N2689
scientific creationism as exegesis for religious doctrine, Henry M. Morris's seminal works; N4847
sociobiology/creationism, ethnosociologies of US culture; N4204
sociology, creative aspects; N0669
theater collective, job satisfaction/creative potential, Moscow/Minsk, USSR; N3078

Creativity
creativity, work/depression relationship; psychoanalytic perspective; N2973
cultural creativity's fluctuation over time, intrinsic/extrinsic causes, Greco-Roman/Western civilization; M7539
human creativity obstacles/stimulation, industry innovations analysis, East Germany; M7400
play, players' experience, exploring relationships creatively, emotional danger; N0800
work orientations, Italian youth; work-centered vs leisure-oriented creative activity; N0073

Credibility
eyewitness testimony, commitment/conformity pressure/source credibility role; experiment, questionnaire; college students; N2383
mass media sources, scientific credibility, marijuana controversy reporting; M7761

Credit/Credits
agricultural development, Ghana, credit financing integration; S15385
discrediting via emotion ascriptions, picturing emotions, print-news accounts; S15804

Creole/Creoles
creole/English, instruction languages, bilingual education, aboriginal Australians; N3064
Kriol (creole English), decreolization question, aborigines, northern Australia; N3066

Crime/Crimes (see also Criminal)
automobile offenses as crime, social/action research priorities; Australia; M8591
Blau, Judith R./Peter M. Blau, metropolitan structure/violent crime relationship, crime rates measures' reliability; N3580
built environment as crime deterrent, defensible space value; observation, interviews; residents; M9701
bystander's reaction, theft; victim's need/previous accusation of theft; field experiment; N2427
casino gambling legalization threat/organized crime association, political elites' perception; interviews; New Jersey, Florida; S15774
"certification" as stage of exiting criminal careers; life history interviews; male prison inmates; N0209
Chapman, Dennis, *Sociology and the Stereotype of the Criminal;* radical criminology, crime's structural analysis; M8285
citizen evaluation/police systems activity/unreported crime linkage, large US cities data; N0200
Cohen, Lawrence E./James R. Kluegel/Kenneth C. Land, crime victimization, formal theory, main-effect coefficients adequacy critiqued, reply; N1889
corporate crime control, theory/action; N5216
crime as occupation, conventional prestige stratification/stereotyping similarity; questionnaire; university students; N0196
crime as social control, self-help theory; N1888
crime control corps, invisible New Deal program; M8600
crime deterrence; death, common sense method; M8254
crime deterrence; punishment seriousness; magnitude estimates, factor analysis application, individual differences patterns; S15827
crime displacement hypothesis, criminals' circumvention of preventive measures, empirical examination; N4861
crime fear problem, elderly; needs assessment survey; N1886
crime fear, different-sized communities; crime reporting; interviews; residents, Indianapolis, Indiana/Lebanon, New Hampshire/Evanston, Illinois; M7747
crime fear, victimization; city size; General Social Surveys data; 1972-1977; M8067
crime fear/handgun ownership; General Social Surveys; adult males; N0198
crime fear; residential location; questionnaire; elderly, Washington; N0185
crime gender patterning, 1953-1977; identity vs opportunity; female increase prediction refuted; Uniform Crime Reports data; N0202
crime measurement, official reports vs citizen-defined victimization, statistical evaluation; M8583
crime perceptions; mass media, issues reanalysis; interview questionnaire; Alberta adults; N1112
crime potential; legal sanctions knowledge, empirical exploration; interviews; adults, Tucson, Arizona; M9911
crime prevention, rural victimization; survey; Ohio; S15374
crime punishment, causal attribution; respondents' sociodemographic characteristics; questionnaire; university students, North Carolina; M9895
crime rate increase, Norway, factuality vs reporting tendency explanation; surveys; victims; N4864
crime rate, social integration; metropolitan mobility impact; statistical data; N1329
crime rates, Los Angeles, California, 1970; census tracts, different social/physical composition measurements, social rank, ethnicity; N3578
crime rates, poor families' economic assistance; statistical data; N1893
crime reporting, social-psychological processes model; N0205
crime seriousness, public perceptions/consensus, normative structure, methodology; N1898
crime, antisocial behavior; biochemical stress factors; N0203
crime, bystander reporting; incentives; experiment; supermarket shoppers; M9098
crime, conceptual possibility, commonsense theory, linguistics analogy; M9049
crime, decisions to commit; labeling, economic rationality, social control/deterrence theories analyzed; questionnaires; southern US high school students; N0192
crime, elderly, "at-risk" hypothesis, fear-victimization paradox; police report data, San Antonio, Texas; N1879
crime, Herbert Jacob's-Michael J. Rich's police effect hypothesis challenged, rejoinder; M8287
crime, public beliefs accuracy; interview survey, questionnaire; adult residents, students, Tucson, Arizona; N1078
crime, public perceptions, Mark Warr's power function, Bayesian odds relations derivation; M7086
crime, publicly preferred penalties, norms conceptions, punishment theories; surveys; adults; N1607
crime, societal response severity models synthesis; N1569
crime, sociological misconceptions, crime as conflict hypothesis, Nils Christie's writings/rape research examples; S15625

dangerousness/mental illness/treatment need/due process/legal reform illusion, new commitment statutes, revised criteria analysis, all states; S15580
information/harm, misconstrued campaign effects danger; N4511
occupational danger adaptation, underground mine, protective social structure formation; participant observation; N1254

Darwin/Darwinism/Darwinian
Darwinism, creativity/reductionist claims contested, evolutionary theory expansion; N1920
evolution theory, social Darwinism, biological/philosophical interpretations; N0608
sociology, Darwinistic explanation strategies, sociobiology; N0702
Vacher de Lapouge, Georges, social Darwinist, anthroposociology founder; M8955

Data
age-/period-based dependent variables measurement, discrete archival data, cohort analysis model, white male educational attainment example; N2186
applied sociology data, follow-up investigations, USSR; N3780
audiovisual data collection/analysis, prior ethnography importance; N0446
autobiographical data organization, interpretation; retired Swiss workers' cases; N3568
Canadian adoption systems, improved data collection/analysis need, research improvement recommendations; N3415
categorical data modeling, Mark Evers's & N. Krishnan Namboodiri's hypothesis expanded, loglinear parameters fitting/interpreting; N2185
cohort analysis/survey data, possible influencing factors identification, political behavior/attitudes, West German population; N0472
current social science research, methods/data mixture, West German case; N2224
data collection, film vs videotape choice technology assessed; N0442
data collection/analysis/research strategies, fieldnote file organization framework; N0453
data obtained by nurses visiting patients in their homes, physicians' usefulness perception/utilization; S15563
data presentation/audience, responses, ethics, effects; M7084
data quality control, George P. Murdock's & Douglas R. White's *Standard Cross-Cultural Sample*, cross-cultural codes; N2116
discrete data analysis, structural models reviewed; case study, college attendance decisions; high school seniors; N2161
electronic data processing work, Austria; ergonomics-based recommendations; N4587
everyday life studies, autobiographical data; elderly Swiss life-history data; N2104
exploratory data analysis, selected methods/pedagogical applications; N2158
federal statistical system continuities/discontinuities, nativity/ethnic origin census data, case study; S15498
fertility statistical data reliability, People's Republic China; N0011

frequency data, multivariate analysis, generalized linear models; N0516
groups' normative functioning, interactive autobiographical data utilization; N2101
Hardin, C. L., confirmatory data pursuit, scientific problem solving, high adaptiveness hypothesis; N3241
historical archive, data processing, information flow/structuration/validation, 1560-1870 parish registries, Cuenca, Spain; N0475
informant accuracy, social network data, actual communication from recall data predicting, experimental attempt; N2090
integrated social data systems, GB; household censuses/surveys as data sources; M8847
interaction, audiovisual records as primary data source, microethnographic approach; N0779
life-history data, Swiss adolescents cases; N3324
life-history/nondirective interview data evaluation; Swiss elderly cases; N2106
linear stochastic differential equation models, parameter estimations, panel data source; S15751
longitudinal data files impact, women's roles research; S15837
mail survey data falsification, USSR, *America Illustrated* magazine; comments; M7063
microcomputer database management, bibliographic information, social science literature; N0457
multivariate data, structural analysis, past decade's advances; N2155
multivariate ordinal polytomous data analysis, loglinear probability model; N0504
network, graph data analysis; statistical models/methods reviewed; N2146
nominal scale data, crosstabular analysis; M7051
ordinal-scale data classification, simple optimal rule, K. R. Bryson's & D. P. Phillips's method, occupational prestige data example; N2157
organizational/official data, social construction; S15315
panel data analysis, nonstationary Markov chain models; time homogeneity assumption; N2170
political participation data analysis, multiple-indicator multiple-cause model, test; N2195
qualitative data analysis, LISPQUAL computer program; M7057
qualitative data validity, handling techniques, data reduction/display; N3806
sample selection bias, sociological data; N2089
sample selection bias, sociological data; N2131
scale item evaluation, couple data; marital violence case, Murray A. Straus's Conflict Tactics Scale example; N3798
scientific historical methodology, empirical data interpretation, Gaetano Mosca's/Lucien Febvre's views analyzed; N3862
sensitive data collection, survey strategies comparison; experiment; M8854
social data collection problems, information research methods; M8839
social data explanation, psychological approach, epistemological problems; M8825
social mobility development, socialist countries, new documentation/empirical data processing methodology; N4553
social network analysis, multivariate categorical data; linear models; US business organizations; N2144
social security spending, methodological issues, qualitative vs quantitative analysis, data use; N2095
sociological data analysis, unified computer system application; M8840
sociological data, mathematical analysis, determinational method; M7012
sociological information data bank creation, USSR; N3773
sociology, mathematical formalism use, quantitative/qualitative methods relationship, data misuse, positivist stigmatization; M7010
sound-image data records, social interaction research, objectivity; N0454
spatially/geographically distributed data; linear/matrix models; N2139
time-series/other sequential data analysis; nonlinear smoothing techniques; N2179
urban crime data analysis, deterrence hypothesis, arrests per offense ratios limitations; N1892
USSR mail survey data, possible falsification, reply to James P. McGregor's/Leon Rabinovich's comments; M8852
Who's Who in America, biographical data source, coverage comprehensiveness, business elite populations; N0473

Date/Dates/Dating
birth/death date relation, Belgium; statistics; N2496
first date, chosen activity/emotions/physical intimacy; questionnaire; college students; M8445
interethnic dating; subjective pros/cons; questionnaires; black/Mexican-American/Anglo college students; M7510

Daughter/Daughters
adult daughters' relationship with their mothers, rapport factors; open/structured interviews; N5067
daughters' sex-role attitudes/self-concepts; mothers' attitudes, three family types; questionnaire; mothers/daughters; N2513
father's brother's daughter marriage, Lebanon, support for Edward Westermarck's incest taboo hypothesis; N4179
father-daughter incest, family structure evolution/individual personality perspectives; N3399
father-daughter relationship, traditional "femininity" desirability questioned, autonomy; M9139
help to elderly mothers; middle-aged daughters' characteristics; interviews; N1876
mother-daughter relationship; daughter's transition to marriage/motherhood; interviews, questionnaires; western Massachusetts towns; M8468
mother-daughter/mother-in-law/daughter-in-law relationships; kinship networks structure shift; interviews, questionnaires; N0876
mother-teenage daughter relationship; mother's marital history; interviews; black/white mothers/daughters; N1726
mother/daughter relationships, sexual topics communication, own sexual experiences/attitudes; questionnaires; college-educated mothers; M7476
occupational inheritance, mothers/daughters; national questionnaire surveys, interviews; whites/blacks; N0034
perceptions about having children, daughters/their mothers comparison; N5077
sons'/daughters' attitudes toward women in labor force, maternal effects; 1977 General Social Survey interview data; N0813

Day care
child development; day care effects, critical review; N5071
day care use dynamics, implications for mothers/children, longitudinal study, New York City; S15513
person- vs position-centered teacher communication, US day care center; interview/naturalistic observation; M7048
policy determination, complex setting, subsidized day care provision; S15567

Deaf/Deafness
consulting methods, grass-roots organizations, deaf community project case, Cleveland, Ohio; S15245
deaf women, social awareness; invisible isolation; participant observation, interviews; deaf adults; N0337
sign languages/social context/scientific study relations; N4707
stigma coping, lifelong adaptation, deaf elderly; interviewing, participant observation; N0770

Dean/Deans
academic deans, descriptive study; questionnaires; general/social science deans, colleges/universities; M8911

Death penalty
death penalty as deterrent, Isaac Ehrlich's analysis critiqued; reply; M9887

Death/Deaths (see also **Mortality, Dying**)
attitude toward death; intrinsic vs extrinsic religious motivation/orientation; questionnaire; Protestant church group members; N4836
attitudes toward life/death; marital status, family, activity; interviews; older males; N3421
bad news delivery, death telling, strategies; interviews; physicians, nurses, law enforcement officers, clergy; N2342
birth/death date relation, Belgium; statistics; N2496
birth/death rates, US/Canada, seasonal variations; N0142
completed family size; death loss, miscarriage; pregnancy histories; Filipino women; N3250
corpse as curiosity, comment on Philip Ariès's *Man Facing Death*; N2460
crime deterrence; death, common sense method; M8254
death caused by social violence, Northern Ireland, reporting in *The Times* of London, England, 1969-1977; N4404
death denial, terminally ill, social functions; M7361
death fear, fertility attitudes; questionnaire; undergraduates; N2437
death fear/fertility, positive relationship hypothesis questioned; adult church groups, undergraduates, North Carolina; M8357
death penalty as deterrent, economic theory, econometrics, Isaac Ehrlich's evidence refuted; N4881
death rates; Richard Nixon's resignation, individual/systems interaction; Atlanta, Georgia/Wisconsin; M7419
death rituals, Hamar, southern Ethiopia, social relationship stabilization; N0905

death studies course registration; recent bereavement, death-related work experiences; questionnaire; Lutheran college students; M7116
death, personal history, identity preservation strategies, dying/survivors; interviews; elderly; N1884
death, social definition; technology, medicine, social change; N1841
death, Western societies, religious significance, revised interpretive approach; N1477
death/dying, paramedics' coping strategies; participant observation, interviews; N4608
death/profession, tomb culture/Renaissance painters' professionalization; N4709
elderly's view of death, psychological perspective; personal circumstances; interviews; aged residents, Granada, Spain; N5212
emerging "modern" death ideology; individualism; US national questionnaire surveys, 1977/78; M7275
everyday life, death/dying management/attitudes; US studies; N4007
extraordinary/ordinary treatment means, intentional life termination; N1822
homicide deterrence, David P. Phillips's death penalty hypothesis, statistics/controls faulted, reply; M8594
human life value, monetary compensation of death; M7366
Kubler-Ross, Elisabeth, symbolism of death "acceptance" concept, private sphere tradition; M8641
life/death, public attitudes; generic life orientations; General Social Survey; N1074
life/death, Western industrial society, Talcott Parsons's & Victor Lidz's death complex division theory; N2564
organizational environments, dying as status passage/corporate career relationship; naturalistic strategy; executives; M7660
parenting of dying children; gender, social construction; interviews, questionnaires; parents, urban pediatric hospital; S15251
perceived other world, Mormon near-death experiences, social/physical description; M8225
political use of dead as symbols, contemporary civil religions; N1504
potential years of life lost measure, death causes comparison, Southeast Asian countries, epidemiological transition positions; N0031
public execution, Mansfield, Pennsylvania, 1898, impact on watchers; N3180
public opinion polls, death penalty, cognitive dissonance; survey, questionnaire; Ottawa, Ontario; N2825
reincarnation beliefs, naming/guardian ancestors, Serer Ndout, Thies region, Senegal; participant observation, interviews; divinators; N0896
retributivist position, death penalty debate; N3169
social class/violent child death, fatal nonaccidental injury/murder/fatal child neglect analysis, Queensland, Australia, 1968-1979; N5331
structured uncertainty, human impact, families/prisons/men with death sentences; observation, interviews; Florida; S15603
sudden infant death syndrome as medical research problem, post-1945; N0140
suicide/youth, equivocal death, official assessment; case studies review; N4885
time remaining perceptions/distance from death correlations; interviews; nonhospitalized aged, small midwestern towns; M8569
treatment of dead, socialist society, Slovenia, Yugoslavia; N1506
voodoo death/dispatch of dying mechanism, aborigines, East Arnhem, Australia; orthodox medical diagnosis; M9265

Debate/Debates/Debating
progress idea, current ideological debates; N4009
psychosocial modernity nature, intrinsic duality argument, William C. Rau's disagreement, social scientific debates, comment; M7453
social change debate, Romanian sociology, 1860-1940, assessment; N3920
social structure dynamics, scientific debate, organized by Romanian Center of Sociological Research, 27 May 1981; N3854
sociological theories/social change, scientific debate, 22 April, 1981, Romania; N3834
sociology of growth/no-growth debate, environmental policy; M7687
sociology's positivism-humanism debate; rational public policy formation; M9008
Third World dictatorship/fascism/democracy; military origins/foundations impact; N2882

Debt/Debts
debt resistance practices, low income consumers; interviews; default debtors, Montreal, Canada; N0318

Decadence
Hemingway, Ernest, *Across the River and into the Trees*, 1981 Italian re-edition, critical issues, author's "decadence"; N3258

Decentralization
decentralized democratic socialism strategy, work place collectives development; M9305
decision-making systems crisis, decentralization agencies' effective functioning, Italy; M7889
French welfare system problems, François Mitterand's decentralization policy as partial solution; S15884
industrial decentralization, Italy, central/peripheral/marginal sectors restructuration; M7696
industrial restructuring as class restructuring, production decentralization, local area uniqueness, UK; N1219
local collectives/decentralization, socioeconomic space segmentation, US/France compared; N0274
local governments' services policy, Paris, France; central government control vs decentralization; M7871
noncooperative behavior, decentralized decision making, recent results survey; M9156
organizations' decentralization, intra- vs interorganizational determinants, US corporations sample; M9356
social policy definition/organization, local communities role, decentralization; N0304

Decision-making
agricultural research decision making, South Korea; interest-group politics; rice production; in-depth interviews; S15357
caseload management, decision-making discretion, suitable clients selection, community health clinic agency; interviews, observation; staff; N2076
childbearing decision making/family well-being, dynamic-sequential model; Panel Study of Income Dynamics; households, national probability sample; N5095
childbirth, cesarean, medical decision making; interviews; obstetricians; S15634
community power, nondecision concept; decision-making experiments reviewed; N2926
continued reliance on one respondent, family decision-making studies, content analysis; N3775
criminal justice system, decision making; legal/extralegal offender traits; N1555
decision making in industrial self-management groups, multiple legitimate interest problem, power group formation; N4283
decision making, big science, French-German Institute of Millimetric Radio Astronomy case, radio-telescope construction; interviews; researchers, administrators; N1618
decision making, employee outcomes; work, formal participation; observation, questionnaires, interviews; employees, Canadian industrial organizations; N0972
decision making, increased workers' influence preconditions, Swedish case; interviews; political/economic organizations representatives, journalists; N0919
decision making, intergenerational Puerto Rican families, US, Hyman Rodman's resources theory, cultural context; interview; N1718
decision making, property crime victims, multimethod approach; interviews, experiments, simulation studies; N1570
decision making, science, technology-contingency model; M8328
decision making/age differences, homosexual male couples; questionnaire; Chicago, Illinois; N4129
decision-making effectiveness, cyclical nature; field experiment, audiotaped interactions; school teachers; M9360
decision-making power, Romanian husbands-wives; interviews; working women, housewives, Bucharest; N3401
decision-making process, political context, military-authoritarian Chile, case studies; N1126
decision-making sharing, attitudes development, medical/surgical residents' comparison, longitudinal study; questionnaire; N3491
decision-making systems crisis, decentralization agencies' effective functioning, Italy; M7889
democratic decision making, Swedish government, lay councils role; observation, interviews; council members; N1152
educational policy decision making; research findings influence, social scientific knowledge; M8691
effective legal decision making, controversial matters, reliance on law/social science collaboration, US experiment, enforced school integration; N0650
emergency decision-making process; ethnicity; M9218
family decision making/autonomy, adolescents' perceptions; questionnaire; small towns, India/Australia/US; N3451

group decision making, side-payment games, core solution tested; experiment; undergraduates; M7104
judicial decision-making process, theories of the everyday, judges' social background, West German criminal case; N4857
juvenile cases, public prosecutor's decision making, Belgian study; N3165
juvenile court dispositions, status/nonstatus offenders comparison; M9889
legislative power, decsion making; rural-urban influences; N1192
marital adjustment; marital decision-making satisfaction; questionnaire; Pennsylvania couples; N3469
minor health disorders management, patient decision-making processes comparison, hospital accident/emergency department; interview schedule; hospital patients, southeastern England; N5150
new farmers' strategies/decision making, modeling individual variation; farm history data, northern Florida; S15477
noncooperative behavior, decentralized decision making, recent results survey; M9156
organizational behavior, decision making; decision tree methodology; nuclear power plant development case; S15738
organizational decision making; sociologists' role; N5408
organizations, participative decision making, deemed appropriateness; high/low hierarchical levels; questionnaire; middle-level managers; N2691
participative decision making, shop floor, content/process/effects, Netherlands cases; questionnaire surveys, observation; workers; N2694
"particracy," Belgium, political parties' decision-making strength, structural/action analysis; M7837
physicians' work satisfaction, professional performance; organizational decision-making participation; interviews, questionnaires, documents; physicians, administrators; health maintenance organizations; N5146
police investigative decision making; victim/offense characteristics impact; police record data; N1890
political action theory, decision-making aspect, US vs German perspective; M9496
small communities' decision-making structures; size, growth, complexity impacts; case study data; S15388
socialist stagnation problem, Soviet decision-making method; N1167
technological decision making, industrial research; sociologist's role; N5414
US defense decision making; sociologists' contribution; N3852
Weber, Max, *Types of Collegiality and Separation of Power,* organizational decision making, power structure model; N4322
wives' employment decision making; conjugal influence determinants; questionnaires; white married couples, Seattle, Washington; N1773
worker representation, corporate decision making, workers control approach, UK coal industry experience; N0978
workers' decision-making participation, L. Coch's/J. R. P. French, Jr.'s study critiqued/reinterpreted; N2663

Decision/Decisional/Decisions
abortion decision; human life beliefs/religion relationship; interviews; pregnant women; N3155
consumer expectations/judicial decisions, West Germany, legal reforms need; N4866
court dispositions consistency, juvenile criminal justice system; statistical data; male juvenile offenders, New South Wales, Australia; M8270
criminal processing decisions; behavioral/extrabehavioral influences; stratified random sample data; juveniles, Illinois; M8293
decision to sanction; white-collar defendants' accounts; N1900
decision, knowledge, rationalism/dialectic debate, social sciences methodology; Italian seminar proceedings; N3943
decisional power theory; N0709
distributive justice norms, allocation decisions, need consideration; experiment; West German high school students; M7413
group decision rules, deviates rejection; experiment; female university students; M7345
husband-wife communication, wife's employment, male/female sterilization decision; questionnaire; N3376
juvenile court decisions, Israel; influencing factors, multivariate approach, court records; N0228
migration decision, information source usage; questionnaire; migrants, Columbus, Ohio; M8348
mock juror/jury decisions; authoritarian/antiauthoritarian/egalitarian legal attitudes; Legal Attitides Questionnaire; student jurors; N4082
nonuse of physicians, medically pluralist settings, methodological approaches/policy implications/decision models utility, rural Mexican community case; N3529
ordinal assessments aggregation method, majority decision rule; Japanese quality of life opinion survey application; M8887
pregnant teenagers' resolution decisions; parental impact, help vs hindrance; N3455
prosecutors' screening decisions; victim assessment, New York County District Attorney's office case; N1592
research for informed decisions, evolving applied research model, family projects examples; N3591
sentencing decisions; extralegal variables; N4876
sex-role stereotyping, school superintendents' personnel decisions; N2975
social decision models tested; group size, task difficulty, ability level; experiment; Swedish boys/girls; M9100
voluntary childfree lifestyle, decision-making process; questionnaire; couples, New Zealand; M8495
women's career decisions/development; need fulfillment, homemakers vs employees; need importance scores; 1968 college graduates; N4562
youth careers, family decisions; sex-role influences; game simulation; parents, adolescent offspring; N1769

Decline
ancient Rome, decline/fall, manpower/taxation arguments, Karl Marx's reserve industrial army concept; N2798

Deduction/Deductive/Deductivism
social sciences research, induction/deduction uses; women's labor force participation illustration; N3756

Defect/Defection
religious defection dynamics, Hutterites, US/Canada; N1521
stable coalition defectors; vulnerability, relative power; N2365

Defendant/Defendants
decision to sanction; white-collar defendants' accounts; N1900
insanity defense trials, defendant behavior vs psychiatric labeling, influencing jurors; experiment questionnaire; undergraduates; N3531
judicial treatment, adult female vs male defendants/offenders; criminal court record data; N1561
methodological issues, court outcomes research, pretrial release decisions, federal defendants; observation, interviews; judges, lawyers; N2123
penal process, criminal courts inequality; defendants' awareness/professional heterogeneity; observation, interviews; Liverpool, England; M8250
probation officer-defendant negotiations, subjective orientations, presentencing interviews; taperecorded interviews; probation officers; N3188
respectability; law, prior criminal record, nonlegal indicators; female defendants sample, northern California; M8271

Defense/Defenses
built environment as crime deterrent, defensible space value; observation, interviews; residents; M9701
defense mechanisms, behavioral economic approach, Sigmund Freud's motivational conflict theory reanalyzed; N0769
forced busing, community protest, "defended neighborhood" model; observation, interviews; South Boston, Massachusetts, 1974-1977; M8154
insanity defense trials, defendant behavior vs psychiatric labeling, influencing jurors; experiment questionnaire; undergraduates; N3531
insanity defense, John Hinckley, Jr., public opinion, legal changes; telephone survey; Delaware residents; N4380
insulation from labeling, deviant defenses, heroin use case; S15502
Japanese cultural identification, defense mechanisms; M9144
US defense decision making; sociologists' contribution; N3852

Defensive/Defensiveness
defensiveness/social structure relationship, Catholic school trustees' ideology case; questionnaire survey; Canada; N1015
nonphysical personal abuse, defensive strategies, dismissal processes; M7466

Deference
deference, people in subordinate positions, gender differences; N4115
deference/linguistic form association, sentence ranking; native English/Spanish speakers; M8102
requesting behavior/deference variation; setting, conversation topic, participant variables; puppets experiment; Puerto Rican bilingual children; M8127
sociolinguistic variation, deference; pragmatic ability; role-plays; native Spanish speakers learning English; M8117

Deficits
beyond deficit-filling/development stakes, parental heritage, cross-disciplinary perspectives; N1679

Definition/Definitions/Definitional
alcohol dependency, West Germany, definitions/theories/treatment; N3549
child abuse/neglect, better research development, definitional issues as explicit methodological concern; N5015
gender inequalities as social problems, social problems definitions changes; S15584
poverty/unemployment as social problems, public definitions dynamics; S15588
self-definition; marijuana intoxication; questionnaire; users; N4121
self-definition; others' relative performance/similarity; experiment, interviews; female university students; M7459

Degree/Degrees
departmental prestige, faculty degrees origins basis, network analysis, graduate sociology departments case; M7674
education, sociology, developments overview since 1950, academic success/social mobility relationship, degree inflation; N1459
women's status, higher education, enrollments/degrees earned trends; N5363

Delinquency
age/period/cohort effects, parameterization approach, application to US delinquency rates, 1964-1973; N2165
criminological theories, delinquency promotion via justification techniques; N5244
curriculum tracking/delinquency relationship, Michael D. Wiatrowski's-Stephen Hansell's-Charles R. Massey's & David Wilson's hypothesis critiqued; N3598
delinquency factors, adolescents; interviews; teachers, parents, Belorussia, USSR; N0241
delinquency patterns, Chicago, Illinois; community change, C. R. Shaw's/H. D. McKay's data reexamined/extended; M8617
delinquency prevention via youth development, theoretical foundations, George Herbert Mead's social behaviorism; S15628
delinquency quantity/quality, gender differences; S15586
delinquency, evaluative social experiences, self-concept as mediating factor; interview surveys; high school students; N3601
delinquency, problem, youth, contemporary Czechoslovakia, resolution approaches; N3331
delinquency, revised strain theory tested; national sample, adolescent boys; S15745
delinquency, sex differences; sex-role ideology; Villemez-Touhey/new College Sex-Role indexes; university students; N5240
delinquency; "masculinity hypothesis"; questionnaires; university students; N0071
deviance/delinquency; social class status, school context; questionnaires; adolescents; M9182
female delinquency trends; arrest/juvenile court/self-report/field data; N0243
legal reasoning, relationships to social class/closeness to parents/exposure to high level of reasoning; interviews; adolescents varying in delinquency seriousness; N5249
male/female delinquency, sex differences, sex differences in family bonds; interviews; adolescents; N1909
middle-class delinquency, quantitative/qualitative sex differences; questionnaire; junior/senior high school students; N0240
sex as imprecise research variable, masculinity-femininity concept replacement; questionnaires, undergraduates; delinquency prediction case; M9109
socialization, delinquency explanation, political aspects; N1916
socioeconomic status/delinquency relationship; competing hypotheses; Melbourne, Australia; M7912

Delinquency, juvenile
delinquency rates, rural-urban differential; control theory, commitment degree; questionnaires; juvenile detention center population; N0231
delinquency, family context, broken homes; interviews; children; N3599
inmate role socialization, juvenile offenders: sex, race, coping, adjustment functions, adult inmate parallels; questionnaires, interviews, participant observation; southeastern state institutions; M9927
juvenile delinquency etiology; family variables; interviews: parents, Chicago, Illinois; M8624
juvenile delinquency preventive measures, USSR, Moscow suburb, governmental departments; M8631
juvenile delinquency trends comparison, Japan/US; N0233
juvenile delinquency, adolescents' socialization; M8637
juvenile delinquency, career escalation model tested; offense history data; N1915
juvenile delinquency, informal/formal control; household density, building-density design, built environment, marijuana use; questionnaire survey; Canadian secondary school students; N1912
juvenile delinquency, police's formal cautioning; case data; GB; N0227
juvenile delinquency, South Philadelphia, Pennsylvania; Youth Service Center; N0226
juvenile delinquency, USSR, adverse family circumstances; N5248
juvenile delinquency/masculinity relationship; questionnaires, southeastern US junior & senior high school students; M9159
juvenile delinquency; birth order; Israel's Youth Probation Service statistical data; M8632
juvenile delinquency; survey; USSR; M8636
juvenile delinquency; urbanism, culture conflict theory; census data; Israeli communities; N0238
juvenile delinquency; urbanization, Niger/Nigeria comparison; N0237
juvenile delinquent clinic population; sex differences; checklist data; parents, juveniles, Toronto, Ontario; M8618
mentally retarded teenagers, juvenile delinquency, USSR; M8418
metropolitan juvenile courts, US, empirical typology; mail/telephone survey; court personnel; M9910
Mexican juvenile delinquency; self-concept, family-other affect, social class/family control vs processing-labeling theory; interviews; male adolescents/parents; Monterrey, Nuevo Leon, Mexico, 1976; M9155
minimal juvenile delinquency problem, India, subculture development, social integration; questionnaires; high school/institutionalized boys, adults; M8625
registered juvenile delinquency, juvenile's progression through justice system; judicial selection; N3164
self-reported delinquency, sex differences; interviews, national probability sample; adolescents; N1910
self-reported juvenile delinquency, sex differences, empirical research literature analysis; N3594
social class-based bias, registered juvenile delinquency, Belgium; N3595
sport as juvenile delinquency panacea reexamination; N0244
teenagers' problems, delinquency prevention, resources allocation; questionnaire; youths, adults, Cleveland, Ohio; N1913
victimization choice/criminal encounter interaction norms; interviews; delinquents; S15714
violence; poor reading achievement; Wide Range Achievement Test, Violence Scale; juvenile delinquents; N0325

Delinquent/Delinquents
antisocial/delinquent child behavior, stability, review; N5245
athletes/juvenile delinquents similarities, risk taking; M8621
behavioral/program monitoring method, residential center, juvenile delinquents, Wisconsin; M9912
Cleveland Alternative Education Program, Ohio, serious delinquents, new conventional attachments; S15591
delinquent youth treatment; self/work perceptions; questionnaires; juvenile probation officers; N0224
delinquents/nondelinquents comparison, self-concept, socialization-related domains scores; W. H. Fitts's Tennessee Self-Concept Scale; GB; N3597
gifted delinquents; environmental sensitivity, long-range thinking/coping abilities, court treatment, family-/school-related delinquency causes; GB/US longitudinal studies; N0232
juvenile delinquents, stigmatization, status vs other more serious offenders; court records; N5243
personality/antisocial behavior relationship, delinquent vs nondelinquent boys; questionnaires; New Zealand; N3600
recidivism, personality types; psychological tests data; British delinquents; M8629
self-reported delinquent behavior, sibling structure, neglected family variable, contrast/imitation processes; questionnaire; high school students; N1918
self-reported delinquent behavior; social class, new test; questionnaire; high school students; N0229
sexual assault against delinquent youths, incidence/situational factors; interviews; N5242

Delivery
bad news delivery, death telling, strategies; interviews; physicians, nurses, law enforcement officers, clergy; N2342
government social service programs delivery systems, client satisfaction; questionnaire; Arkansas, 9 other contiguous southern states; S15392
health care delivery system, nonrecursive causal model; interviews; pediatricians/families of patients, New Haven, Connecticut; M8533
infant health care, Hillsborough County, Florida, spatial perspectives, delivery distribution, socioeconomic level; N0043
physicians' assistants as health care delivery mechanism, state authorization; M8511

police service delivery, domestic disputes; interviews; patrol officers; N1768

Demand/Demands
beef demand; economic/social influences; US Dept of Agriculture survey data, 1977/78; S15449
demand function, New York City abortion market; N2807
energy supply/demand forecasting inaccuracy, embedded methodological/institutional biases, Canadian gas case; N0312
French banking sector conflicts, 1974-1978, organization demands, disputive action; participant observation; N0957
religious demands, contemporary Italian youth, between "eclipse"/"return" of sacred; N4817
working women, North Carolina; demand factors effects; S15442

Democracy/Democracies/Democratic/Democrats/Democratization
arts, audience social composition, US; cultural democracy expansion/elite vs broad public expansion; unpublished studies; M9763
Bollen, Kenneth A./Burke D. Grandjean, political democracy, unidimensional index hypothesis critiqued, reply; N1140
bureaucratization/democratization, voluntary organizations, embryological metaphor; M7629

secondary/higher education; demographic factors; USSR; M8149
sexual behavior, USSR, demographic policies; N5063
Shaker demographics, 1840-1900, US Census enumeration schedules use; N1474
sociodemographic correlates, adjustment; survey; American migrants, Australia; N3251
solving social/economic/demographic problems, scientific research role, USSR; M8384
student dropout, USSR, social/social-demographic factors; M9802
urban neighborhoods, differential social contact, environmental vs sociodemographic explanations; M8059
Western European demography, large families decline; statistical data; N0021
world system, demographic differentials; N4997
youth/socialist society, demographic reproduction process; N4991
zero population growth, demographics; 1981 UK Census data; N0019

Demon/Demons
transition rituals, transformational moments, symbolic types, Sinhalese demons, Tewa clowns, Sri Lanka; N0899

Denmark/Danish
aging, social dimensions, better quality of life search, problems involved; survey/census data; Italy/France/Denmark/UK/US; N5205
Christiania Free Town, Denmark, legal decisions/status; M8269
daily life, Denmark; welfare state effects, dependency, reliance on authority; M9085
grassroots organizations, state control, collective consumption, traditional norms dissolution, Denmark; N1005
indigenous/official norms interaction, norm generation examples, consumer field, Denmark; N4364
name changes, social psychology, exchange theory approach; questionnaires; US students attending University of Copenhagen, Denmark; M7383
production, alternative working conditions possibilities, producer cooperatives, Denmark; N1014
social housing problems policies, GB/Netherlands/Sweden/Denmark/US comparison; S15542
social/labor market policies, Denmark, women's marginality; N2046
torture/children, Chilean immigrant children, Denmark, investigation, preliminary report; N5323
welfare state/democratic socialism transition, Denmark, Sweden, power redistribution; M7840
women, twentieth-century industrial countries, concomitant civil rights extension/economic marginalization, egg production case, Møn, Denmark, wage labor infiltration; N2679
women/social class/welfare, Denmark, repressive benevolence problem; S15616

Denomination/Denominations/Denominational
bureaucratic control, Protestant denomination, "open system model"; questionnaires; ministers, laity, governing agencies/national staff members; M8224
congregations, same denomination, structural attributes; Church of the Nazarene congregations tested; N1523
denominational demography shifts, Middletown, 1924-1977; surveys, questionnaires, interviews; residents; M8204
moral development, intrinsic-extrinsic religious orientation/denominational teachings; questionnaire; members, Protestant churches; N4796
occupational expectations/attitudes toward careers for married females; discrimination against females in religious denomination; national sample, college freshmen; N4827
religiosity, Jewish ethnicity, Israeli Reform/Conservative denominations; questionnaires, interviews; US immigrants, national/religious leaders; N3148
religious life, US; denominational differentiation; interview survey; Jewish adults; 1970/71; M8215
Taylor Road Jewish community, Cleveland Heights, Ohio, denominational differences/effect on community in racial transition; S15906

Density
density, social status, pathological behavior; census data; prerevolutionary Moscow, Russia; M8344
density/crowding/satisfaction relationship, residential environment; interviews; household heads, Detroit, Michigan; N0300
gross population density concept, unit-level/contextual determinants; N0003
juvenile delinquency, informal/formal control; household density, building-density design, built environment, marijuana use; questionnaire survey; Canadian secondary school students; N1912
population size/density consequences; survey questionnaire, interviews; white household heads, Baltimore, Maryland; M8085
public housing projects, density/diversity/stress, L. Wirth's urban environmental model; interviews; residents, Edmonton/Calgary, Canada; N1333
social structure origins, Cubans, Washington, DC, low-density cultural group; N4143
urban density models review, populace/planner conflict resolution; M8074

Dental
community dental health promotion, strategies; N5162
dental diseases, psychosocial impact, individuals/communities; N5170
sociodental indicators formulation, sick-role theory; N3518

Dentist/Dentists/Dentistry
dental care, culture, inequality, social status impact; World Health Organization data; New Zealand; N3487
dental care, patient satisfaction measurement; Dental Satisfaction Questionnaire; adults; N3486
dentistry, occupational stress identification; psychometric tests; N4570
dentistry, social sciences role, current influence/future opportunity; N1801
dentistry, social/behavioral sciences, US research, historical overview; N5152
dentists, recreational/community activities; questionnaire; N2964
Italian dentistry, European Common Market intercession, dental/medical specialties separation; N2995
physicians/dentists distribution, rural-urban convergence, census divisions/incorporated cities/towns/villages, Alberta, 1956-1976; N0158

Department/Departments/Departmental/Departmentalization
academic stratification, graduate management programs; departmental prestige, faculty hiring patterns; N4716
accident departments, children's treatment, R. Jeffery's categorization analysis, 'good' vs 'bad' patients; observation, interviews; health/social services staff, England; N5153
American Society of Criminology meetings, 1977-1979, criminology/criminal justice graduate departments' participation, institutional prestige; N1247
chairpersons as faculty role commitments negotiators, case study, social sciences departments; interviews, questionnaires; M8906
Department of Sociology, University of Buenos Aires, Argentina, 1957-1962, organization, studies, resources; M7159
departmental prestige, faculty degrees origins basis, network analysis, graduate sociology departments case; M7674
faculty work negotiation for university rewards, departmental context; S15892
finance inspection department, status achievement, civil service, late 19th-century France; M9372
graduate teaching assistants, training program, sociology department experiences; N3833
minor health disorders management, patient decision-making processes comparison, hospital accident/emergency department; interview schedule; hospital patients, southeastern England; N5150
professorial publications output, English departments, West Germany, Thomas Finkenstaedt's & Marlene Fries's research measurement procedures; N3233

sociology department's productivity; hiring senior vs junior faculty; published work citation data; N0568
staff department employees, function/background, industrial enterprises, USSR; M7555

Dependence/Dependency
agricultural dependence, hired farmworkers; demographic/employment characteristics; S15236
alcohol dependency genesis/homeless, living situation consideration, marginal group status; questionnaire; children aged 11-15; Munich, West Germany; N3538
alcohol dependency, West Germany, definitions/theories/treatment; N3549
Burns, T./G. M. Stalker, *The Management of Innovation* reinterpreted, information brokerage/organizational dependence; M7656
causal dependencies/their statistical treatment; N2166
daily life, Denmark; welfare state effects, dependency, reliance on authority; M9085
democracy; world system position, dependency theory, cross-national evidence; N4432
dependency perspective, application to Third World countries; S15291
dependency rates, life-cycle perspectives, theoretical considerations/alternative measures; N5136
economic dependency, sectoral economic performance, physical quality of life, 85 Third World countries; foreign investment recommendations; S15363
economic growth, dependency on multinational corporations; Erich Weede's criticism of Volker Bornschier's analysis rebutted; reply; N1024
economic growth, dependency theory approaches reviewed; cross-national data; N1049
educational development; national economic dependency/global economy; M9818
elderly, handicapped, chronically ill as dependency groups; social service provision issues; N1817
helping behavior; future dependence, liking, repeated help requests; experiment; female university students; N2341
household work, women's dilemma, dependency on men/capitalist system; women's liberation goals; N5350
immigrant transit camps, Israel, dependent relations formation; interviews; former immigrants, state officials; M7489
inequality, economic dependence effect mediation, Peter Evans's-Michael Timberlake's service sector growth in developing countries argument; N2938
international interdependence/dependence, US intervention role, theoretical models overview; M7822
maternal-child behaviors, dependency producing task; children's locus of control orientation; experiment, Nowicki-Strickland locus of control scale; second-graders, Atlanta, Georgia; M8406
metropolis dependency, Third World, exemplification, white female quests/black male prostitutes, Barbados; N2452
power-dependence theory extensions, resistance concept inclusion; N3965
power-dependence theory, Douglas D. Heckathorn's reformulation critiqued; reply; N3950
revolutionary new state, Mexico, 1924-1928, dependency problem, nationalism development; N2912
rural industrial development/domestic dependency relations, integrated perspective; M8034
social class, interorganizational theory, intercorporate relations, resource dependence/social class models synthesis; S15831
social dependence, women's status, religious congregation foundation, Jeanne Jugan; M8741
socioeconomic development, Bugisu District, Uganda; dependency, inequality; N4337
Third World countries, uneven development, national income inequality; external economic dependency; N1045
welfare incidence/dependency, US women; National Longitudinal Surveys of Work Experience of Young Women; S15836
wife abuse; wife's marital dependency; interviews; adults; N1747
women, criminal prosecution; economic dependency, law theory application; female offenders cases, northern California; N2024
women/alcohol dependency origins, family/society situation focus; N3722
world system/dependency theory, political economy/imperialism issues; M7269

Dependent/Dependents
discrete dependent variables, dynamic analysis, German career life histories example; N3800
maternal labor force activity; women's disabled dependents responsibilities; interviews, questionnaire; mothers; Cleveland, Ohio; M8459
overdevelopment/dependent development, contemporary process, conceptual/analytical approaches; N4345

Depopulation
depopulation, mountain villages, Macedonia; emigration, deagrarianization; M8039
excessive depopulation, mountain villages, residents' adaptation process, Japan; N4647

Depression
creativity, work/depression relationship; psychoanalytic perspective; N2973
depression measurement; interview method; Center for Epidemiologic Studies-Depression Scale; Los Angeles, California; M7047
depression, common sense/psychosocial evolution; N5194
depression, married people, sex differences; interviews, adults; N5176
depression, risk factors, sex differences; interview-questionnaire surveys; household members, Kansas City, Missouri/Washington County, Maryland; M8554
depression, women, risk factors, social class differences; hospital patients; M9594
depression; social support systems, epidemiological significance; questionnaire; adults, Albany, New York; M8545
depression; social supports; interview questionnaire; arthritis patients; S15526
despair; sex-role conventionality, race inequality, ideal perceptions change; national survey; US adults; M9161
economic depression, US, 1928/29; effects on men's lives; longitudinal study, Berkeley, California, cohort; M7384
equity/depression relationship; interviews; married couples, midwestern state; M8499
illness, depressive symptoms; life events; questionnaire; adults, Albany-Schenectady-Troy area, New York State; M8557
mainline Protestant churches, depressed state, liberal heritage renewal need; N1503
marrieds' lower depression rates; stressful experiences, role strains, coping resources; interview probability sample; Chicago, Illinois, adults; M9141
parameter estimation, mover-stayer models, depression over time analysis; interviews; adult Californians; N0509
psychological distress; income, education, occupational status; epidemiological surveys, US; M9140
self-concept, depression; feminist consciousness raising; observation; N3724
social structure/female depression, reflexive sociology context, George Brown's writings; N2328
Tausig, Mark, depression, life-event scales as predictor, undesirable events choice criticized, reply; N4084
voting behavior, Depression era, Winnipeg, Manitoba; social-class, ethnic variables vs party support; poll data, 1932/1936 elections, 1940s/1950s comparison; M7895

Depressive/Depressives
life events/drinking patterns/depressive symptomatology, alcohol consumption, stress-buffering role; interviews; residents aged 18-60, rural Tennessee; N5190

Deprive/Deprived/Deprivation
antibusing protest, individual action; efficacy-trust vs relative deprivation attitudes; survey, interviews; South Bostonians, Massachusetts; N2375
improved economic conditions, rising expectations, dissatisfaction, past/present relative deprivation hypothesis; interviews; US adults; N2315
loneliness, Robert S. Weiss's social deprivation theory, application to Roman Catholic priests; questionnaire; M9645
needs deprivation, rural women, El Salvador; survey data, 1977/78; S15345
relative deprivation/Hindu-Moslem intergroup attitudes relationship; Muslim student sample, India; M9105
relative deprivation/resource mobilization theories, potential complementary functions, early Quakerism study, tithes payment protest; M9852
religiosity; socioeconomic deprivation, Rodney Stark's church members/nonmembers distinction; Raleigh, North Carolina, residents sample; S15341

Descartes, René
civil society development, feudal authoritarian principles, intellectual liberation, René Descartes; N0746

Descent
Nuer, southern Sudan, Africa, E. E. Evans-Pritchard's "segmentary lineage system" depiction, Ladislav Holy's descent reinterpretation contested, definition around cattle; N4219
Polynesian kinship/descent, extragenealogical considerations; N2614

US Catholics, European descent, ethnicity, assimilation; 1973-1978 National Opinion Research Center's General Social Surveys data; M7486

Descriptive/Description/Descriptions
descriptive activity theory, idealized representation meaning; M7259
senility, descriptive organization; S15936
sociological description, epistemological/communicative "adequacy," social/technical organization context, news reporting, Marxian method; N2085

Desegregation/Desegregated
assessing school desegregation effects, research directions; M8151
black academic achievement; desegregation, research methodology effects/problems; N2597
black students' desegregation attitudes; school racial composition; questionnaire, official data; elementary schools; M9211
busing, white opposition, desegregation opposition rationale; interviews; white adults; M9213
institutional change; controversy, school desegregation case; interviews, questionnaire; students, teachers, adminstrators; biracial high schools, US South; M9199
"irrelevant" testimony relevance, lawyers' use of social science experts, school desegregation cases; interviews; social scientists, lawyers, judges; N1589
political conflict, applied scholarship, expert witnesses, school desegregation litigation; interviews; N0618
public policy attitude formation, busing for school desegregation; interviews; Akron, Ohio; N0305
racial isolation reduction techniques, large public school districts; case survey method; M9215
school desegregation controversy, symbolic politics, partisanship, Boston, Massachusetts case; M8147
school desegregation, white attitudes, 1954-1980 trends; national surveys; M9427
scientific evidence presentation methods, court, panels vs party witnessing, school desegregation cases; interviews; lawyers, social scientists; N2094
white hostility, desegregated schools; race composition, control problem; questionnaire; elementary schools; M7512

Design/Designs/Designed/Designing
community attachment models, physical design effects inclusion; household survey; residents, federally assisted housing developments; N5281
design matrix strategy, categorical data analysis, self-esteem examples, religion/paternal education issues; N2184
environmental design, social sciences as pragmatic design tool; N5315
evaluation research, experimental design problems; job-training program case study; N5415
modern architecture, design philosophy, clients' actual preferences; M8662

Desirability
desires/expectations regarding work, determinants/consequences; survey; high school girls; N2726
neighborhood desirability perceptions, gender/work-based differences; S15860
poststerilization sexual desire; masculinity/femininity, longitudinal study; questionnaires; vasectomized males; M8457

Destruction
modern world's self-pollution/-destruction crisis, work-based society's consciousness; N4231

Detention
administrative authorities' detention, special power relationships, legality, Austria; M7648
detention determinants, juvenile courts comparison, Michigan; S15494

Determinant/Determinants/Determination/Determinism /Deterministic/Determinancy
agricultural class structure, farm land ownership, income determination relationship; US Department of Agriculture survey data, 1978; class analysis vs status attainment approach; S15389
Bourdieu, Pierre, social theory, determinism reproduction; N2291
bourgeois sociology, normative determinism critiqued; M7185
history, individual's role, Marxist theory, determinism, contingency, political action; M8790
income determination theory construction, test; Survey of Working Conditions; working people aged 16+; N3954
information/social memory, cognition, social determination problem; N4100
inquiry process, public's role in scientific policy determination, Canada; N3236
Latin American/Third World self-determination, US recognition; M7819
liberty, social determinism, social organizations role; N0752
Marxist economic determination, dominance, social product appropriation, societies typology; N0396
new working class militancy; cultural/technological determinism, action approaches; M7932
political freedom meaning, social determinants/determinisms concepts distinction, application to present-day Mexico; N0749
self-determination/its significance, social casework, ambiguity; N5235
voluntary organizations size, determinants/correlates analysis; interviews; Nebraska adults; N4316
working class role, socialist society, social determination of its nature; N2883

Deterrence/Deterrent/Deterrents
built environment as crime deterrent, defensible space value; observation, interviews; residents; M9701
capital punishment, deterrent effect testing, reduced form approach; N1600
crime deterrence, social context, contingent variables determination; National Survey of Youth data, 1972; M9906
crime deterrence; death, common sense method; M8254
crime deterrence; punishment seriousness; magnitude estimates, factor analysis application, individual differences patterns; S15827
death penalty as deterrent, economic theory, econometrics, Isaac Ehrlich's evidence refuted; N4881
death penalty as deterrent, Isaac Ehrlich's analysis critiqued; reply; M9887
deterrence organizing, child support study, Michigan, David Chambers's data reanalyzed; N1575
deterrence theory, punishment certainty; actual vs perceived information; interviews; adults; M9904
deterrence theory, utilitarian assumptions, income tax cheating; interviews; residents, Oklahoma City, Oklahoma; N0212
drinking-&-driving deterrence, France; 12 July 1978 law; N1587
drinking-driving offenses, 1982 California legislation, deterrent effect; S15539
homicide deterrence, David P. Phillips's death penalty hypothesis, statistics/controls faulted, reply; M8594
homicide deterrence, David P. Phillips's capital punishment effect hypothesis contested, reply; M8603
lethal attacks against police; capital punishment, deterrence hypotheses; N1553
nuclear deterrence as ideology; S15577
recidivism, special deterrent penal sanctions; Netherlands criminal offense data; M8284
urban crime data analysis, deterrence hypothesis, arrests per offense ratios limitations; N1892

Detroit, Mich.
density/crowding/satisfaction relationship, residential environment; interviews; household heads, Detroit, Michigan; N0300
economic stress, family responses, metropolitan Detroit (Michigan) study; S15941
families/households, Detroit, Michigan, census analyses provision, nonacademic audiences; S15250
firearms violence rate, sentences certainty/severity, Detroit, Michigan; mandatory sentencing; M8707
homicide, consanguinal vs fictive kinship ties; police records, Detroit, Michigan, 1972, cross-cultural data; N0197
manufacturing loss/subsequent unemployment, advanced services production inability, Detroit, Michigan; S15858
race riot aftermath, emergent norm process; interviews; black/white community leaders, Detroit, Michigan; N1100
tours, Detroit, Michigan, experential learning, large lecture course framework; M8924

Develop/Develops/Developed/Developing/Developmental
beyond deficit-filling/development stakes, parental heritage, cross-disciplinary perspectives; N1679
child abuse, developmental effects, review, research problems; N4113
developmental prognosis, main stages; N5287
directed political socialization, developmental context, Soviet agricultural collectivization case; questionnaire survey; peasant youth; M7897
fecundability decline, developed countries, W. H. James's hypothesis contested; N3285
interpersonal communication/personality development; social determination mechanisms, Soviet society; N4043
job involvement, toward developmental model; questionnaires; high school graduates; N4284
modernization/suicide relationship, developed nations; free inquiry prevalence; S15772
oil/gas boom, Texas community response; S15366

paid housework resurgence, developed capitalist nations; N4271
part-time farming, Galway City, western Ireland; impact on rural economic development; N4644
part-time farming, Sweden, effects on rural development; 1977/1981 surveys; N4667
patron-client relations decline, developed societies; N2914
remarriage after divorce, developmental tasks, six "stations" of remarriage idea; N3409
rural development, US/Europe; agribusiness impact; N3014
rural resource development, university research role; 1981 conference, Sweden; M9682
spatial social structure/developmental processes, Yugoslavia, sociological research, theoretical/methodological trends; N3988
teaching social work/welfare; James A. Garland's, Hubert E. Jones's, Ralph Kilodny's group development stages model applied; S15683
urbanization process, developing rural areas, sociological perspective; N4681
voting behavior, India; economic development/industrialization, political party performance; N4462

Developing countries
agricultural organization/social dynamics, developing countries, explanatory failure of economic dualism theories; N4671
Clark, Norman, research effectiveness critique, developing countries, reply; N3228
collective adoption achievement, natural resource practices, developing countries, sociological barriers; N1979
developing countries, concept transfer, farm cooperatives, Iran; case study; M9688
developing countries, export-oriented horticulture problems, international market competitiveness; M9691
inequality, economic dependence effect mediation, Peter Evans's-Michael Timberlake's service sector growth in developing countries argument; N2938
Interfutures project, advanced industrial societies/developing countries evolution study comparison, 1976-1979; methodology evaluation, purpose description, international relations features; N1033
less-developed countries, commodity agreements, global system, export prices stabilization; N1114
populist regimes dialectic, developing countries, 1960s; N2872
scientific-technological revolution achievements utilization, developing countries, Arabic philosophical/sociological literature's discussion; M9971
shantytowns, developing nations, Seventy-Third Wenner Gren symposium, Burg Wartenstein, Austria, 1977; N4350
technology transfer/firm's work organization, developing countries research, industrial sociology's contribution, Egyptian/German firm comparison; N0961

Development/Developments
accumulation/diversification, Chinese rural development, post-mid-1940s, Wugong "model unit" collective focus; N1043
adjustment/maladjustment, chronically ill/disabled children; illness severity effects, inconclusive results; M8410
agricultural capitalist development, labor/production time, Susan A. Mann's/James M. Dickinson's thesis critiqued; US census data; N1316
agricultural development, capitalist/peasant/socialist paradigms; M9696
agricultural development, Ghana, credit financing integration; S15385
agricultural development, Tunisia; women's role; interviews; women's movement leaders; S15458
agricultural development, United Republic of Cameroon; S15435
backward regions development programs, Yugoslavia, mandatory contribution, bureaucratic inefficiency/waste; M9394
black youth's drug abuse, social competency/developmental needs theory; M8616
Cameroon Development Corporation, agroindustrial complex, impact on/adaptation to regional development; S15926
Canadian economic development, Quebec port's 19th-century decline/economic reconversion; "staple" hypothesis refuted, Keynesian approach suggested; M9724
capital role, Canadian development, current debate; M9389
capitalism, economic development/labor market segmentation relationship, postwar Europe; N1036
capitalist system crisis, development stage perspective, urban/regional implications, Australia/New Zealand; M8083
career development, occupational knowledge role; questionnaire; older adolescents; N3335
change/development situations, cultural/structural continuities, patron-client relations persistence/transformation; M7682
child development, teenage motherhood systems analysis; interviews; mother their firstborn children; N1776
child development, teenage motherhood systems analysis; interviews; mother their firstborn children; N1776
child development; chronic illness/kidney transplant effects; questionnaires; Minnesota patients, mothers, control group; M8521
child development; day care effects, critical review; N5071
children's biological/sexual development perceptions; interviews; Australia/England/Sweden/North America; N3301
choice of friends over life span; developmental/environmental influences; S15777
city development, sociological research, German Democratic Republic, housing, open recreational space; M9736
communication flow, rural development, cultural dimensions; M8014

urban development, Quebec City; geographic/demographic/economic factors, Canadian government decision making; M9712
urbanization/development, Tarascan region, Michoacán, Mexico, post-1940; M9270
village modernization, Romania, regional perspective merits, urban development model; M9680

vocational behavior/career development field, 1979 literature review; N2976
vocational behavior/career development literature, 1981, review; N4415
Weber, Max, non-Marxist sociology influence, "sociology of development"; M8973
welfare expansion, developmental/modernization/political class struggle theories, Aid to Families with Dependent Children, US, 1960-1970; N1154
Western communities; energy development impact, local social disruption; comments, rejoinder; N0314
women's career decisions/development; need fulfillment, homemakers vs employees; need importance scores; 1968 college graduates; N4562
women's sex roles; rural development impact; Turkey; N5354
work-residence dynamics, urban areas development, Romania; N4677
world system structure/Third World development, East/West penetration, conflict, militarization; S15552
youth employment, agriculture, southern Italy; industrial development level; interviews; M9666

Deviant behavior
adolescent drug use/self-derogation; deviant behavior general theory application; panel survey questionnaires; Houston, Texas, junior high school students; N2585
children's social problems/regional structure relationship; deviant behavior focus, Finnish municipalities; N3314
labeling perspective, sociology of deviant behavior, Howard S. Becker's/Edwin M. Lemert's contributions; N2323

Deviant/Deviance/Deviates/Deviation
abortion policy, social change/deviance, normative boundaries, morality; M8374
aging as deviance, negative stereotypes directed toward elderly, purposive relocation to adult communities; S15705
appearance/role-taking/deviance reactions, experimental findings; M7382
childhood gender deviance/homosexual orientation, males, educational attainment association; S15793
cognitive deviance, emergent science, social distinctiveness, parapsychology case; N3606
conversational deviance handling; structural model; experiment; children aged 3:5-11:5; M8116
corporate deviance control, organizational nature approach, Australian trade practices prosecutions; N0422
crime/deviance, college campus, social class privilege; N1449
crime/deviance/criminal justice, radical humanistic perspective; N1894
criminal behavior/social order; social norm incorporation vs individual deviance approaches; N1911
derivative deviance, victim-victimizer relationship, extortion/fag bashing/shakedown of gay men cases; questionnaires; homosexual men; N0830
deviance intolerance, postadolescent children; parental intolerance, social class, religious fundamentalism; questionnaire; mother-father-child triads; N0223
deviance labeling, deviant/mentally ill, societal reactions; sex roles; psychiatric emergency room, New York City hospital; M8556
deviance rules creation; macrolevel model; M7310
deviance studies, social-class bias; sociology of knowledge perspective; N4127
deviance, adolescent smoking, self-report validity, bogus pipeline condition; questionnaire, biochemical measure, randomized response instrument; Ohio seventh-twelfth graders; N3772
deviance, anonymous sanctioning, small groups; S15903
deviance, social constructions, experiential dimension neglect critique; S15600
deviance, social organization; N0225
deviance/crime, nature/forms conjectures, "greying of America"; N4128
deviance/delinquency; social class status, school context; questionnaires; adolescents; M9182
deviance/social control/legitimacy origins, US vs England; S15572
deviant behavior, classical environmental analysis; M9035
deviant behavior, interpersonal reactions; status/excuse effects; experiment; female subway users, Toronto, Ontario; N2557
deviant children, recidivism; treatment; interviews, twenty-five-year follow-up; reform school former inmates; N5246
deviant organizations, scientists as moral entrepreneurs; N0199
deviant populations (female drug users with infants); sampling, generalizing, reasoning problems; facet theory, smallest space analysis, multidimensional scalograms; S15674
deviant sexual behavior modification, comprehensive approach need; N5061
deviant subculture normalization, mildly retarded persons resocialization movement, implications; M7483
deviants, field research, methodological problems, organized crime; M8853
deviate rejection, differentially manned groups, R. G. Barker's vetoing mechanism hypothesis; experiment; university students; M7338
drug use, complementary social deviance theories, cross-cultural examination; questionnaire; rural students, grades 6-12, Rocky Mountain state; M8043
employee deviance, formal/informal social controls; M8590
false accusation phenomenon, deviant labeling case, systematic analysis; M9145
gender ascription, deviants stereotyping; N0831
group decision rules, deviates rejection; experiment; female university students; M7345
indirect social control agencies, organizational deviance, ideology; N0214
industrial social control, deviance, discipline; realist vs idealist/interactionist interpretation; case study material, British factories; N2582
insulation from labeling, deviant defenses, heroin use case; S15502
labeling consequences, closed social system, deviant roles; questionnaires; prison inmates; M7481
meeting deviant person, affective reactions, subjective norms; stereotype test, experiment; M9134
mental patients, primary deviance reactions/network structure; M8553
modeling crime rates, control waves, deviance amplification; N2588
norms, deviance study, proposed research strategy, comments, reply; M9184
opinion deviance reaction, majority evaluation; fence straddler's rationale; experiment; female college students; M7482
organizational deviance, local health planning evidence; M9185
"*passage à l'acte*" (acting-out impulse) term use, problems, reference to pathological psychology/forensic psychiatry/deviance sociology; N4099
political consciousness formation, social policy, deviant behavior, dialectical interpretation; M8187
political machine, electoral base, deviant case, Memphis, Tennessee; M8086
recognized deviance, organizations, estimation uniformity; questionnaires; school principals; N0239
religiosity/deviance relationship, college students; S15897
religiosity/deviance relationship, contingency theory, constraining effects; survey; interviews, population aged 15+; N0832
religious sects/deviance concept; societal reactions; Mormons/Moonies case study; N4803
Rosenfield, Sarah, "deviant deviance" hypothesis, contrary test results, reply; N5200
salient self-conceptions, normal/deviant adolescents; questionnaire; M8619
sample frame problem, deviant defined populations, methadone-maintained women/their infants case; S15532
self-esteem determinants, deviant-labeled adolescents; educable mentally retarded students; N2538
sexual deviance, adult women; sex-role typing, attribution theory, reaction analyzed; interview samples; M9181
sick doctors, professional deviance, social construction; questionnaire, interviews; medical societies, peer review/physician impairment program experts; M9635
social networks paradigm, deviance/social control study integration; N2583
sociology of literature/Herman Melville's "Bartleby," character's deviance, sociologists'/literary critics' armchair psychologizing, labeling theory approach alternative; S15899
spiritual readings as deviant work, linguistic/interactional features; M9849
stigma, effects on social interaction; deviance, coping strategies; M9180
test scores comparability, deviant response patterns; cross-cultural/other applications; statistical procedure; N2591

Devoted/Devotion
Nesti, Arnaldo, *A Culture of Privacy*, Italian religious/devotional press study; N3115

Diabetes/Diabetic/Diabetics
diabetes as stigmatized condition; low-income clinic patients case, US; interviews; N1812
diabetic experience, time/biography; N4076

Diagnosis/Diagnostic
diagnosis/cure, traditional/modern medical practitioners utilization, North Solomons, Papua New Guinea; N3498
diagnosis/forecasting, sociology, 1981 French leftist victory prediction; N0626
mental patient diagnosis, graphic representation methods; N4750
organizational diagnosis, psychoanalytic approach; M7647
Dialect/Dialects
communicative strategy, dialect code-switching; social/situational factors; interviews; bilingual Chinese-Thai fourth graders; N1350
Italian language, dialects, Tuscan standard; M8107
linguistic situation, dialect use, rural community, Occitan region, France; interviews, questionnaires, observation; inhabitants; N1395
sociolinguistics, French/dialect usage, rural communities; questionnaire; children/adults, southern France; N1377
Dialectic/Dialectics/Dialectical
Adorno, Theodor W., rationalist traditions, "negative dialectics" theories; N3938
Burawoy, Michael, *Manufacturing Consent: Changes in the Labor Process under Monopoly Capitalism*, workplace relations, nondialectical approach limitations; N1973
charisma theory, dialectical reality construction, tripolar thought model; N3971
decision, knowledge, rationalism/dialectic debate, social sciences methodology; Italian seminar proceedings; N3943
dialectic infusion, social work theory; S15547
dialectical interaction, social/economic planning relationship, developed socialism; N3633
dialectical thinking; schemata framework; interviews; college students/faculty; M8416
education, dialectical analysis, capitalist societies, Frances Fox Piven's/Richard A. Cloward's "Social Policy & the Formation of Political Consciousness" critiqued; M8199
exchange vs communication dialectics; linguistics; N0739
feminist theory/reproductive consciousness, dialectical logic; M8747
Gentile, Giovanni, writings, dialectical reform/totalitarian thought; N3981
Gouldner, Alvin W., Marxism/sociology dialectic, late 1940s, personal account; N2261
international/national dialectics, interethnic cooperation, socialist way of life, USSR; N5383
Lévi-Strauss, Claude, use of Karl Marx's dialectics; N0395
Marxian dialectic, division of labor role; N3898
Marxism, critique-dialectic transformation; N0384
modern dialectics reappraisal, social psychology, individual vs social theorizing example; N0785
modern sociological knowledge, Karl Marx's contribution, social relations role/dialectics; N5379
myth/enlightenment interaction, Theodor Adorno's/Max Horkheimer's *Dialectic of Enlightenment*, Friedrich Nietzsche's totalizing ideology critique; N3621
place of history, social science system, logical/historical dialectics; M8976
political consciousness formation, social policy, deviant behavior, dialectical interpretation; M8187
psychology, neopositivist vs dialectical approach; M7035
representative (typical) literary character concept, realist writers' use, realist-dialectic criticism; modern literature's pluralistic reality; N3999
research methodology, dialectical perspective; symposium; M7045
social change theory, dialectics, Raymond Boudon's perverse effect concept vs Jon Elster's social contradiction notion; M8834
social conflicts, dialectical approach; M7283
social rationalization, Karl Marx's/Max Weber's concepts, discursive/dialectical reason; N0734
socialization, Freudian vs dialectical interpretations; M7415
sociology, dialectical approach; M7038
women's oppression dialectic, capitalism/patriarchy relation; N3645
worker management, power-dialectic framework; N0983
Dialectical materialism
dialectical materialist science of culture, ideology critique, cultural objects production/dissemination; N0407
social problems, Karl Marx's alienation theory/dialectical materialism methodology, application to US problems; S15943
Dialogue
teaching introductory sociology, "critical dialogue" approach; M8904
Diary/Diaries
World War II experience, Italian farmer's diary analyzed; N3939
Dichotomy/Dichotomies/Dichotomous
Italy, North/South dichotomy, world systems approach; S15504
workers' dichotomous image of society, causes; N1257
Dictator/Dictators/Dictatorship/Dictatorships
Cortés, Donoso, dictatorship theory, ideological foundations, 19th-century Spain; N4508
Third World dictatorship/fascism/democracy; military origins/foundations impact; N2882
Didactic
sociological research/sociopolitical practice, didactic problems/experiences, scientific knowledge transfer; N0670
Diet/Diets/Dieter/Dieters/Dieting/Dietician/Dietary
diet/nutrition/fertility studies, Kalahari bushmen, Botswana; N0917
elderly health/well-being/diet; social support networks; sample, nutrition program participants; S15452
Difference/Differences/Differential/Differentials/Differentiation
agrarian modernization, peasant differentiation, Paraguay, 1970s; M7693
alcoholism/criminality relationship, confounding/differentiating factors; 1975 follow-up data, 1942 youth treatment program; Massachusetts; N5223
Blau, Peter M., occupational differentiation theory, testing problems, comment; N1007
capital differentiation/international labor migration, new structural hypothesis; N4974
crime deterrence; punishment seriousness; magnitude estimates, factor analysis application, individual differences patterns; S15827
criminal behavior, Edwin Sutherland's differential association theory, operant conditioning principles, application/verification; N0213
differential sentencing, criminal courts functioning, California counties case; M8249
differentiation among groups, Margaret T. Lee's-Richard Ofshe's behavior style theory challenged, reply, comments; N2339
differentiation processes, Italian organized religion, modernization/crisis confrontation; M8213
differentiation unidimensional concept validity, county measures; S15216
Durkheim, Emile, social system differentiation/integration/disintegration, abstract principles; M9076
dwelling satisfaction, elderly, underlying individual differences; interviews; midwestern community residents; N3563
early marriage, US; racial differences; 1971 survey data; N0120
environmental feedback, group internal reward structures differentiated; experiment; female undergraduates; N2346
ethnic fertility differentials, assimilation; survey data; women, Edmonton, Alberta; M7488
ethnic relations, Canada; differentiation axes; S15688
geographic mobility; gender differences, work/family constraints; questionnaires; 1946 high school graduating class, mid-sized city; S15257
health, work effects, gender differences; interviews; workers; S15868
health/illness as social differentiation symbols, Egyptian village; fieldwork; N4662
identity, sociological theories, symbolic differentiation approach; N2527
linear stochastic differential equation models, parameter estimations, panel data source; S15751
married couples group therapy, competition, dominance, gender differences; verbal interaction sequences tape recorded; ministers/their wives; N2362
migrant labor/rural differentiation, changing patterns, new land tenure system, Lesotho, South Africa; N0042
migration differentials, influences isolation, 1970 US interstate migration example; M8378
natural differences between men/women beliefs, sex differences; S15794
neighborhood desirability perceptions, gender/work-based differences; S15860
nonverbal behavior; status differentiation effects; experiment; college students; N3056
occupational differentiation, prestige, socioeconomic status, skill requirements/task characteristics; Duncan SEI, Siegel Prestige Scale; N1285
occupational differentiation, white men, first decade after high school; national longitudinal survey; N4585
occupational differentiation; labor market competition, sex differential case, Canada, 1901-1971; census data; N2997
occupational placement, social status/differentiation; French educational institutions; historical analysis; M9806
organization differentiation, George A. Miller/Joseph Conaty critiqued; rejoinder; M7638

peasant class/differentiation—merchant capital relationship, northern Nigeria, British colonial rule; M7694
Protestant piety movements, modern social differentiation process, current piety research problems, sociological considerations; N1487
racial occupational inequality, city differences; 1971 US Census data; research need documented; M7964
religious life, US; denominational differentiation; interview survey; Jewish adults; 1970/71; M8215
satisfying love relationships; age/sex differences; Q-sort statement; married couples; M7443
semantic differential data, factor analysis, application to teenage alcoholism research; N0499
sexual stratification/gender differentiation variance, macrolevel theory; M7909
social differentiation of countryside as theory/history problem, general hypotheses, Morelos, Mexico case; N1313
suburban differentiation changes, 1960s, reexamination; S15331
urban inhabitants, extraproductional activity, social differentiation, USSR; M7106
urban population differentiation/segregation; Quebec, 1951-1971; Canadian census data; M9716
violent crime, race differential hypotheses, social status vs other variables; black/white enlisted-grade male military prisoners, US Marine Corps; N2497

Difficulties
social decision models tested; group size, task difficulty, ability level; experiment; Swedish boys/girls; M9100

Diffuse/Diffuseness/Diffusion
administrative innovation diffusion, large industrial firms; M9362
Freudian thought, cultural diffusion; N3245
information diffusion, stochastic interactive model; N1079
technology diffusion, logistic function, generalized least squares/maximum likelihood estimation; M8883

Diglossia
bilingualism, diglossia, language shift, Brittany, France; M8125
Greek language situation, antiquity to present, diglossia reference; N3044

Dilemma/Dilemmas
identity dilemma, newly established academic medical discipline, general practitioner, "marginal men" perspective; N2590
new religious movements, West Germany, public controversy, government's dilemma, religious freedom vs family protection; N4804
power usage/dilemmas difficulties, mental health clinicians promoted to middle management; M7961
Social Dilemma, teaching game; N0549
struggle dilemma via international order, Namibia's independence struggle/UN involvement; N2911

Dilthey, Wilhelm
historicism, liberalism, Wilhelm Dilthey's philosophy of history; M8822
Verstehen, hermeneutics, language, Wilhelm Dilthey, Jürgen Habermas, Hans-Georg Gadamer, Ludwig Wittgenstein, Peter Winch; N2276

Dimension/Dimensions/Dimensional
adult occupations, multidimensional ratings; questionnaire; undergraduates; N4606
Bollen, Kenneth A./Burke D. Grandjean, political democracy, unidimensional index hypothesis critiqued, reply; N1140
differentiation unidimensional concept validity, county measures; S15216
dimensional analysis, social science research, white flight from urban school application; M7088
multidimensional scales, graphic display; M8894
persons evaluating described face-to-face social interactions, judgments' dimensionality; British social science students; M9103
value systems knowledge, multidimensional scaling vs standardized testing; undergraduate business/fine arts majors; M7089

Dionysian
economic theories/favored ideological climate, Milton & Rose Friedman's *Free to Choose,* Apollonian-Dionysian/East-West dimensions; questionnaire; graduate students; N3973

Diplomacy/Diplomat/Diplomats/Diplomatic
science/technology/US diplomacy interaction, history, 1978 legislation; M9964
Spanish diplomatic corps reform, General Manuel Primo de Rivera's 1928 decree; N1198

Direct/Directed/Direction/Directions/Directive/Directives/Directness
children's conformity/self-direction, parental preference; social class, sex, G. W. Meijen's modification of M. L. Kohn's scale used; interviews; parents; N4069
parental directives to young children, sex differences, speech pattern learning; laboratory playroom observation data; N2376

Director/Directors/Directorate/Directorates/Directorship
clergy/funeral directors, role conflict, sociohistorical perspective; interviews, questionnaire; directors; M7956
directorate links network, largest Canadian firms, board-management integration, firm structure-network position relationship; M7631
generational continuity trends/succession to household directorship; interviews; farm households, Japanese hamlets; N3418
interlocking directorate structure unfolding, US, 1886-1905; N2768
managerial politics, classwide vs corporate rationality approach; interviews; directors/managers, large US/GB corporations; M7664

Disable/Disabled/Disability/Disabilities
adjustment/maladjustment, chronically ill/disabled children; illness severity effects, inconclusive results; M8410
adolescent self-esteem/emotional learning disabilities, significant others; definition problems, literature review; M8439
alienation; disability, impact hypothesis contradicted; interviews; unimpaired individuals/Workers' Compensation recipients; N2514
California Disability Survey, computer-assisted telephone study design/execution; M8862
chronic disability adjustment/psychological distress, hearing-impaired case; social support, disruption; questionnaires; adults; London, Ontario; N5155
disability pensioners, 1970s, Finland; N0159
disabled women, relative disadvantage, sexism, "rolelessness"; N0347
disabled women; disability benefits, fairness; N0359
educational knowledge, learning disability theory, misrecognizing/masking social influences; N3090
educational outcome differences, brain dysfunction explanation's sociological context, 1969 Children with Learning Disabilities Act; N4719
evaluation of physically disabled persons; disability-related variables; videotapes, semantic differential scale; Arab/Jewish youth, Israel; N3522
mail questionnaire return rates/response completion; earnings inquiry, test; disabled students, London, England; N3795
maternal labor force activity; women's disabled dependents responsibilities; interviews, questionnaire; mothers; Cleveland, Ohio; M8459
mothers with physical disabilities, childhood management, prenatal/obstetrical care; interviews; N0369
multiple minority groups, case study, physically disabled women; N0341
physically disabled peers, children's attitudes; M8411
sociology of physical disability, literature review, conceptual perspectives; N0135
telephone sampling bias, disability surveying, California case; N0450

Disadvantage/Disadvantages/Disadvantaged
"disadvantaged" concept, school instruction quality debate; individual's acceptance of modernity; S15726
disadvantaged, India, scheduled castes; N1980
physician services use, disadvantaged; symptoms/beliefs combination; interviews; N5169

Disagreement/Disagreements
medical encounters politics, disagreements/disputes/negotiations, ethnographic notes; audiotapes; S15629

Disarmament
Western peace/nuclear disarmament movement characteristics; M9513

Disaster/Disasters
air disasters, college athletic teams; aviation safety's unequal social distribution; 1960-1980 data; S15677
corporate disaster plans, social scientific assessment; S15592
disaster assistance, unintended consequences, 1974 Hurricane Fifi case, Honduras; S15327
great planning disasters, eclectic analytical approach; M8671
public policy adoption, city level, structural context, War on Poverty/National Flood Insurance programs; N1963

Discharge/Discharges/Discharged/Discharging
discharge-planning policies, nursing homes, New York data; N3565

Disciplinary
factory law, disciplinary technology changes, industrial social control, UK; N1572
role stress, disciplinary actions; custody orientation; questionnaire; prison guards; M9640
US-Mexico borderlands studies, Ellwyn R. Stoddard et al's

Borderlands Sourcebook, multidisciplinary research funding; N0574

Discipline/Disciplines
famology (family studies), new social science discipline; N5076
human population biology, transdisciplinary science practitioners' affiliations, methods; M8385
industrial social control, deviance, discipline; realist vs idealist/interactionist interpretation; case study material, British factories; N2582
institutional misconduct correlates, disciplinary infraction rate, state prisoners; prison record data; N1602
labor discipline violations, construction workers, low education; USSR; M9325
medical unorthodoxy, discipline difficulty, Irving W. Potter case, internal podalic version; M9610
personality types, motivational characteristics, academics vs industrial professionals, same occupational discipline; questionnaires; engineers, managers; N2970
physical punishment, discipline children; social class, stress; interviews; fathers/mothers, Toronto, Ontario; N2937
production-management practices, Frederick Taylor guidelines, discipline/division of labor relations, worker passivity; N0947
professional associations/medical ethics/discipline, Yoruba traditional healers, Nigeria, discussion, reply; interviews, questionnaire; N1282
scientific discipline, professional communication formulas-theoretical/methodological "maturity" relationship, "precautionary idioms" utilization focus, pilot inquiry, Italy; N4914
scientific discipline, sociometric structure; M8305
scientific disciplines integration, field research on work framework; N1621
Scottish/English prisons, labor, discipline; historical data, material, social, ideological forces; N3198
sociology, teaching concerns, other academic disciplines' approach/consequences for sociology; M7119
work discipline, socioprofessional integration prerequisite, young people; N4298

Discontent
"frustrated homemaker hypothesis" reexamination, role fit/personal dissatisfaction/collective discontent; national survey; white women; N1301
political discontent-action relationship; college undergraduate survey; M7835

Discourse
critical social science, political discourse; evaluation research, phenomenological action theory, systems perspective; M9515
negotiation process, discourse structure, medical consultation, observation audiotape recordings; N1806
political discourse, science & interpretation; S15697
political legitimacy, sociopolitical discourse, Latin America; M7834
scientific discourse; language communities, paradigms, cognitive structures; N4918
sociological theorizing as responsible discourse, Chaim Perelman's/L. Olbrechts-Tyteca's argumentation theory; N0722
verbal interaction, discourse footing analysis; N0703
Zionist discourse, geographic space problematic; N0247

Discovery/Discoveries
engineering/scientific discoveries utilization crisis, scientists'/engineers' differing responsibility acceptance; N4583
independent multiple scientific discoveries, scientist's central message; N4947
multiple scientific discoveries, communication theory vs chance/maturation models; statistical analysis; N3204
scientific discovery logic, invention, induction, L. Laudan, H. Simon; N1627

Discrepancy/Discrepancies
unidimensional attitude change; discrepant information, dynamic model; experiment; university students; N3823

Discretion
event-history analysis, discrete-time methods; N2127
Federal Youth Corrections Act, legal aim, discretion, social control, rehabilitation; random sample, young offenders; N1567
homicide cases classification, race/prosecutorial discretion, Florida; S15851
truthfulness problematics, everyday life; discretion/openness designating; M7293

Discriminant/Discriminants
premarital sexual intercourse, single college students, predictive variables, discriminant analysis; anonymous questionnaire; N3355

Discrimination
arbitrariness/discrimination, death penalty sentencing, post-*Furman* capital statutes; N4856
black middle class, job opportunity structure, racial discrimination, fragile market position; N2596
direct/organizational discrimination, drug offenders sentencing; Miami, Florida; N1594
discrimination against aborigines, Australian law courts, 1976-1978; observation; M8272
discrimination against Catholics, Northern Ireland, Christopher Hewitt's/Richard Rose's works criticized; N4825
discrimination persistance against women teachers, Australian primary/secondary schools, comment; M7991
dominant/dominated groups study, evaluative/behavioral discriminations; outgroup presence; Parisian schoolchildren test; M7381
employment discrimination against homosexual men; fieldwork; N2992
equal pay, GB's 1975 Sex Discrimination Act, tribunal procedures hurdles; survey; complainants; N2014
high-status occupations, actual vs perceived racial discrimination; undergraduates; M9652
industrial employment, professionals; race/sex discrimination; resumes sent to personnel directors; N1264
Jat Sikh Indian community, British Columbia; political position/problems, discrimination effects, 1905-1921; N4147
juvenile offenders, social control agency discrimination; GB/US/Israel comparison; M8626
labor market entry, prestige income gaps; sexual racial discrimination; national longitudinal surveys; M7587
legally protected racial discrimination's gradual erosion, judicial/legislative chronological review; N0854
Mexican Americans' achievement levels; discrimination; M7526
occupational expectations/attitudes toward careers for married females; discrimination against females in religious denomination; national sample, college freshmen; N4827
occupational ghettos, racial discrimination/secondary jobs existence, labor market; N2972
organizations, whistleblowing process, sex discrimination, retaliation, perceived effectiveness; questionnaire; women complainants; N0970
police, race discrimination, GB/US comparison; M9907
racial discrimination explanations, intergroup attribution; group discussion; experiment; black/white working-class male adolescents, GB; M9136
rational/repetitive choice, discrimination vs Camilleri-Bergel models; N2190
sex discrimination decrease, employment interviews; job requirements specification, explicit warnings; experiment; N3715
sociobiology, discrimination, human ethnic sentiments' biological base, Vernon Reynolds critiqued; rejoinder; M8393
statistical arguments, employment discrimination cases, covariance analysis, regression approach difficulties; N2152
statistical evidence, employment discrimination cases, conceptual issues; N2736
women's job opportunities, sex discrimination, accounting profession, New Zealand; job application letters, questionnaires; employers; N3688
women, lesser earnings; government-caused disincentives, welfare state, economic discrimination, remedies; N2031

Discussion/Discussions
communication acts distribution, small discussion groups, mathematical models comparison; M7341
group discussion as data collection method, social/organizational settings, social reality reconstruction, bank employees; N0953
racial discrimination explanations, intergroup attribution; group discussion; experiment; black/white working-class male adolescents, GB; M9136

Disease/Diseases
alcoholism as folk disease, prealcoholic personality type, therapy choice; treatment outcome examination; detoxification patients, urban psychiatric hospital; N5165
allergic diseases prevention, global/Poland, social aspects; N1849
black lung disease, social production, definition control controversy; M8537
brown lung disease, occupational safety; Reaganomics; textile workers; S15701
cardiovascular mortality, coastal plain, southeastern US; geochemical environment; N0030
child development; chronic illness/kidney transplant effects; questionnaires; Minnesota patients, mothers, control group; M8521

cholera, distribution characteristics, statistical analysis, Ibadan City, Nigeria, 1971; N1795
chronic disease mortality, regional differences, 1970-1976, Rio Grande do Sul, Brazil; N1853
community malady; medical care system, rural/urban/suburban variations; N0154
cost-benefit issues, US national health legislation, end-stage renal disease program case; N0145
dental diseases, psychosocial impact, individuals/communities; N5170
disease concepts/health-care organization; cultural/social theories influence, tuberculosis; Indian/Inuit groups, Canada; N0136
"disease" meaning, psychiatric literature, misconceptions; N5149
health behavior, rural Ghana; disease classification; interviews; village households; N3492
intestinal parasite infestation; colonization impact; interviews; Bolivian subtropical lowland households; N1858
ischaemic heart disease/lung cancer mortality variation analysis, population groups, South Australia; age; N0023
key risk factors/disease onset-course relationship; modifier effects estimation/interpretation; M8510
male marathon/trail runners, similarities with anorexia nervosa patients; interviews; N1871
migration, traditional Eurasian civilizations, impact of lethal infections incidences, historical patterns, comments, reply; N4994
mortality/disease, racial differential, social/biological mechanisms; M8353
multiple sclerosis/spouse, psychosocial consequences, social interaction/group identity problems; interviews; married couples; N5188
occupational disease, social context, asbestos case, South Africa; M8529
patient/medical staff faith exchange; neutralizing epidemiological uncertainties; interviews; cystic fibrosis patients/their families, medical personnel; M8539
problem definition, rickets prevention, irradiated milk solution; S15483
severity perception, chronic/life-threatening disease groups, differential manifestations model; survey; persons with arthritis/heart disease; S15593
sexually transmitted disease, herpes threat focus, avoidance strategies; interviews; formerly married men/women; S15488
stroke, social effects, longitudinal study; chief carers; N0183
tropical diseases, socioeconomic research/training, UN Development Program/World Bank/World Health Organization; N3519
women, disease/mental health; work-related stress; literature review; M8520
work/disease relationship, occupational medicine, West Germany; M8512
Workers' Compensation, occupational disease subsidies, workers' hesitation to apply; N0982

Disengagement
student disengagement from high school; evaluation processes; survey; S15839

Disequilibrium
childrearing practices, societal complexity, cognitive development; disequilibrium; N3478

Disjunction
field anthropology, ethical issues, epistemological disjunctions; M9017

Dismissal
nonphysical personal abuse, defensive strategies, dismissal processes; M7466

Disobedience
racial-ethnic minorities, civil disobedience; extralegal orientations/Enlightenment-Romanticism relationship; interviews; Native Indian leaders, Canada; M7825

Disorders/Disordered
civil disorder/welfare explosion relationship, two-step process/Frances Fox Piven's-Richard A. Cloward's hypothesis supported; N3583
disorder, US cities; drunk & disorderly conduct arrest rates, 1860-1980; M9730
mental disorders, psychiatric vs sociocultural approaches controversy, integration attempt; N5198
mental disorders/careers interrelationship, women inmates, Japanese public shelter; N5185
mental illness, disordered behavior, therapy suggestions; social class differences, tricultural comparison; interviews; lower-/middle-class females, West Texan towns/Juiz de Fora, Brazil/Durango, Mexico; N5180
minor health disorders management, patient decision-making processes comparison, hospital accident/emergency department; interview schedule; hospital patients, southeastern England; N5150
religious affiliation/psychiatric diagnoses relationship; psychiatric clinic patients; N1867
social problem as mental disorder, authoritarian/coercive treatment; N3555

Disorganization
scientific communities' social disorganization, anomie/dissensus; high vs low paradigmatic concensus disciplines; N3962
social disorganization increase; established social system disintegration, rural-urban continuum ranked counties sample; S15921

Dispersal/Dispersion
marital-nonmarital fertility comparisons, new childbearing dispersion index; multinational data; M8349
relative population dispersion, comparison measures problems, normalization procedure; N0513

Displacement
black population removal/displacement/divestment, South Africa; N4468
crime displacement hypothesis, criminals' circumvention of preventive measures, empirical examination; N4861
displacement process/racial politics/social-class relations relationship; N0855
postindustrial transition/workers displacement, social class conflict; N1026
residential displacement extent/nature/effects, longitudinal data; interviews; US families; N3030

Dispute/Disputes/Disputed
criminal violence, disputes, interactive process, situational factors; case file data; N1986
dispute processing, Philippine agrarian court; clients' resources; M8279
dispute settlement, adversarial vs alternative procedures; law school role; S15684
dispute settlement/social organization, Iranian rural communities, Victor Ayoub's theory challenged; fieldwork; N4664
dispute theorizing, presumptions, origins; N1559
disputes settlement, primitive courts, ethnolegal research; N4895
fishing cooperative, modern problem, Hokuriku drift-net fishing village dispute case, Japan; N4641
medical encounters politics, disagreements/disputes/negotiations, ethnographic notes; audiotapes; S15629
police service delivery, domestic disputes; interviews; patrol officers; N1768
technology controversies, science court proposals, separating factual/value disputes; M9979

Disrupt/Disruption/Disruptive
chronic illness as biographical disruption, resources availability, pain/suffering explanation; interviews; rheumatoid arthritis patients, GB; M7372
marital disruption increase; cohort, education; dynamic survey metric models, 1972-1980 General Social Surveys; N5131
marital disruption predictor, marital alternatives concept, longitudinal study; interviews; married, white, urban couples; M8502
marital disruption, black families; family life cycle/economic well-being; Michigan Panel Study of Income Dynamics data; N0103
marital happiness/disruption relationship, marital alternatives level; interviews; white urban couples; N1792
strikes' disruptive power, different sectors, labor groups' structural power (conflict propensity); Italian national statistics; N4278
Western communities; energy development impact, local social disruption; comments, rejoinder; N0314

Dissent/Dissents/Dissenter/Dissenters
contemporary neocorporate Italian state, social control, dissent; N1118
lawyers' boycott, Malaysia, 1977; political dissent repression; M7995
social science research process, cumulative progress lack/dissent/trivialization of decisions; cognitive-methodological conditions; N4936

Dissociation
association/dissociation, highly differentiated society, Italian case; M7254
church disassociation, United Presbyterian Church; causes, warning signals, intervention strategies; questionnaire; presbytery executives, clerks, administrative commissions chairperson; N4791

Dissonance
women, karate involvement, stereotyping; dissonance-resolving

mechanisms, derision/denial; questionnaire; university/junior high school students; M8757

Distance
distance-based segregation index, settlement patterns, Index of Dissimilarity extension; M7091
Goffman, Erving, role distance concept, significance for individual role performers/role theory; N3957
group leader identification, rank/status, interaction distance, D. B. Roger's doll-placement technique; experiment; police officers, England; M9102
interpersonal closeness/distance; another's performance relevance/quality; question-answering competition; male undergraduates; N2500
interpersonal distancing, dyadic intimacy exchange, four models compared; experiment, interview questionnaire; female undergraduates; N2356
isolation by distance, temporal trends, Sanday, Orkney Islands, Scotland; M8391
projected interpersonal distance, orientation choices; personality, sex, social situation; J. S. Wiggins personality inventory, social situations taxonomy; undergraduates; N2416
psychocultural distance phenomenon, implicit culture explanation; N4190

Distortion/Distortions
Australian Aboriginals personality, Arthur E. Hippler's cultural distortion, response; M7546
interviews, attitudes/distortions importance, methodological investigation; General Population Survey 1980; West German adults; N3786
recent Marxist education analyses, distortion/incoherence problems, empirical rigor absence; M9791

Distribution/Distributions
births, seasonal distribution, geographical/secular changes, Osaka, Japan/Massachusetts/Missouri/Görlitz, East Germany; N1662
choice of distribution principle; resources; cross-cultural evidence; Germany, Sweden, US; N4360
cholera, distribution characteristics, statistical analysis, Ibadan City, Nigeria, 1971; N1795
coalition formation/payoff distribution model, *N*-person games; experiments; M9099
communication acts distribution, small discussion groups, mathematical models comparison; M7341
cross-national analyses, income size distribution correlates; M8382
cultural collectivism operation, reward distribution, task/maintenance contributions impact; experiment; US/Chinese male undergraduates; N2380
distributive justice norms, allocation decisions, need consideration; experiment; West German high school students; M7413
exchange networks, power distribution, theoretical analysis; laboratory experiments, computer simulation; students; N4331
income distribution inequality, basic needs fulfullment, models tested, socialist/capitalist countries; comments, reply; N2059
income distribution inequality/social conflict/present social structural legitimization demands, seventy countries; N1229
income distribution, criminality, Swiss cantons, 1960/1970; tax records, penal statistics; N1904
income, size distribution; democracy/socialist strength; N4030
information distribution network, factory-society relationship computerization; M7737
legitimate authority noncompliance; group benefits, distribution rule type; experiment; N4106
merit/need assessment, salary attainment, academic, distributive justice theory; questionnaire; faculty, higher education institutions; N1259
personal income distribution; companies' core/periphery dual economic structure, advanced industrial societies; N1000
physicians/dentists distribution, rural-urban convergence, census divisions/incorporated cities/towns/villages, Alberta, 1956-1976; N0158
Portuguese family income analysis, application of Camlio Dagum's personal income distribution model; N2784
productional intensification, distributive relationships factor, USSR; N4287
redistributive goals vs distributive politics, social equity limits, environmental/appropriate technology movements; N5314
scientific experts distribution, peer consensus/networks; questionnaire; journal editors' nominations; M9972
Yugoslav industrial organizations, control distribution; questionnaires; N2763

District/Districts/Districting
administrative district reorganization, hamlets' correspondence, Japan, Tsubono-mura case, Niigata prefecture; N5286

Disturbance/Disturbances
anticolonialism, mass reaction, 1938 Jamaican disturbances; M9413
children's mental disturbances; social class vs parental communication problems; N3537
linear models, maximum likelihood methods, spatial effect, spatial disturbance terms; M8892
mass prisoner disturbances, prison/prisoner population structure, popular illusions, control structures; S15604

Diversion/Diversions
deferred prosecution program; referral, selection criteria; pretrial adult felons, Kalamazoo, Michigan; M8257

Diversity/Diversification
accumulation/diversification, Chinese rural development, post-mid-1940s, Wugong "model unit" collective focus; N1043
African ethnic diversity, military organizations' accommodations; sub-Saharan societies; M7620
antinuclear movement, ideological consensus/diversity; questionnaire; demonstrators; N4373
conceptual diversity, social basis, 'race' concept case; questionnaire; physical anthropologists; M8644
dense neighborhood redevelopment ideology, cultural diversity/transcendent community experience; M8046
diversity acceptance/polyethnic society, medical pluralism maintenance, Mauritius; interviews; household members; N3524
public housing projects, density/diversity/stress, L. Wirth's urban environmental model; interviews; residents, Edmonton/Calgary, Canada; N1333
sociology's diversity/progress, Netherlands, critical review; N3897
unity, disunity, Canadian society; linguistic cleavage, regionalism, cultural diversity; S15715

Divine/Divination
poe divination, Taiwan, statistical awareness, religious belief; M8219

Division of labor
African agriculture; sexual division of labor, network autocorrelation analysis; M7535
agriculture origins hypothesized; population/environment relationship, sexual division of labor; N4011
agriculture, sexual division of labor, Peru; 1976 survey; peasant households; M9373
development/women's status/sexual division of labor, conference papers; N0356
division of labor concept, Emile Durkheim's explanation criticized; M9069
division of labor, Belgian psychiatric hospital, nurses' role, new psychological techniques; N1304
division of labor, capital accumulation, commodity exchange, Puerto Rican sugar cane hacienda; Marxist perspective; M9694
division of labor, class antagonism/ideology functions, bourgeois sociology's/Marxist theory's poor distinctions criticized; N3876
division of labor; population size/density, urbanization factors; M9096
everyday social reproduction, division of labor, changing macrosocial patterns; N3949
family division of labor, sex roles; emerging symmetrical family, reality questioned, Michael Young's-Peter Willmott's modal type as framework; N5108
family division of labor/money management/power relations, sociological analysis; field observation; spouses, older neighborhood, Bergen, Norway; N5093
family farms, sexual division of labor; Wisconsin household sample; 1982; S15368
international division of labor changes, newly industrializing countries; UN statistical data; N1037
manufacturing group origins, industrial division of labor form, factory systems' preconditions, S. A. Marglin's thesis; N4025
Marx, Karl, division of labor retention/new guidelines, human nature understanding; N2071
Marxian dialectic, division of labor role; N3898
peasant production/proletarianization/sexual division of labor, Andes; material conditions; N0342
perceived family division of labor; wife's work status; interviews; married residents, Middletown, 1980; N1717
planned development/social stratification/sexual division of labor, Senegal; N0377
production-management practices, Frederick Taylor guidelines, discipline/division of labor relations, worker passivity; N0947
scientific development; competition, division of labor, autonomy; N4967
sexual division of labor, Yoruba, Nigeria; production modes changes; M9255
social development, division of labor concept; N4004

social reality construction, dramaturgical analysis case, S. McNall's-J. Johnson's critique limitations; M7320
university graduates, "informal" sectors diversion, labor market, division of labor, political constraints; N1142
women's rights realization, history/development/sexual division of labor, organizing implications; M9354
"women's work" redefinition, sexual division of labor, auto industry, World War II; N2033
working class consciousness, class structure, sexual division of labor, Spain; interviews; Barcelona textile workers; M7931

Division/Divisions
groups' public goods provision, goods nondivisibility, free riding problem; experiment; university students aged 17-20; M7337
mental/manual labor division, capitalist labor process; Canadian community colleges' legitimation; Nicos Poulantzas's *Classes in Contemporary Capitalism*; N4759
national division cases, post-1900, contributing factors; S15770

Divorce/Divorced
alimony payments practice assessment, efficiency, legal/social norms; observation, survey, interviews; divorced husbands/wives, Belgium; N1597
attachment to space, divorce process, longitudinal study; interviews; N1751
birthrate decline, USSR; 1960s generation's decreasing labor force, high divorce rate, increased proportion of one-child families; N5000
children of divorce/single-parent families, cross-cultural perspectives; N3379
divorce causes, Uzbekistan, USSR; court records, sociological surveys, 1970-1978; ethnically homogeneous families; N0121
divorce encountering, children's family dissolution/reconstitution responses; S15780
divorce increase, "intergenerational coresidence" decline, emotional perspectives; N3569
divorce, child's status, stigmatization, new family models, socialization, France; N3391
divorce, marriage cohorts, US, lognormal model; N2181
divorce, preadult background variables, explained variance overreliance; General Social Surveys, multiple regression data; ever-married US white males/females; N3407
divorce, recent Old West net inmigration; statistical data; Montana, Nebraska, North/South Dakota, Wyoming; N3291
divorce, USSR, motives, adverse social consequences; N5135
divorce/marriage patterns, exchange rules theory; M8475
divorce/remarriage rates, Canadian Jews; N3396
divorce/remarriage, husband-wife dyad dominance, parent-child dyad, Francis L. K. Hsu's model tested; questionnaire; US couples; N3408
husbands' divorce filing; California 1970 no-fault divorce law impact, resource/normative models tested; N1722
individual transitions, marriage, divorce, remarriage; life-course analysis, multistate demography methodology; US Census data; N1724
marital complaints, demographic characteristics, mental stress symptoms, divorce; N1752
marital satisfaction; social variables, increased divorce rate, N. D. Glenn's/C. N. Weaver's study tested, methodology; national sample data; N1723
marital timing/divorce, psychological patterns; M8491
marriage, divorce, Malaysia; statistical data, 1947-1977; N0022
no-fault divorce, San Diego County, California, study replicated, Clarke County, Georgia/Spokane County, Washington; court record data; N3477
remarriage after divorce, developmental tasks, six "stations" of remarriage idea; N3409
remarriage, well-being following divorce; interviews; men/women, Pennsylvania; N1782
situations, divorce experiences, divorced mothers vs fathers; interviews; S15481
symptomatology differences, separated/divorced men vs women; material conditions, social networks; S15520
USSR divorce rate increase, major causes, socioeconomic consequences; N3442
wives' labor supply behavior, white/black couples; divorce risk; N0101

Doctor/Doctors
company doctors' conflicting pressures from labor/management, perceptions/responses; interviews; Ontario companies; M9657
doctor-patient conversation, linguistic problems analysis; audiotapes; N1854
doctor-patient interaction; medical institutions; interviews, questionnaires; patients/their families, doctors, clinic personnel, Costa Rican clinics; M8524
doctor/nurse, sex stereotyped occupations, children's perceptions; videotapes; N5016
doctor/patient interaction asymmetries, laughter/social commentary; videotape; S15653
doctors' social/economic status, US medicine professionalization, contributions of birth/birthing women, historial view; S15652
female doctors, husbands' perceived characteristics/impact on wives' medical practice commitment/satisfaction; questionnaire; Australia; N4610
fetal abnormality, abortion, medical ethics; interviews; French doctors; N0131
medical unorthodoxy, discipline difficulty, Irving W. Potter case, internal podalic version; M9610
neighborhood health centers, US, doctors' power limitation, West German relevance; interviews; US health care experts, West Virginia/Kentucky; M7969
"new clergy," contemporary society, medical doctors/psychoanalysts/social workers/politicians, sacerdotal functions assumption, colloquium proceedings; N3010
new medical order, Canada 1800-1850, doctors/surgeons corporation origins, Quebec; N1237
professionalization, doctor role, dramaturgical analysis; participant observation, interviews; medical students; N2981
revisiting the doctor; client characteristics, practice type, care experiences; interviews; clients/pediatricians; New Haven, Connecticut; M8534
sick doctors, professional deviance, social construction; questionnaire, interviews; medical societies, peer review/physician impairment program experts; M9635
women medical doctors as colleagues, status limitations, "Matthew effect" advantages/Salieri phenomenon experience; S15821

Doctorate/Doctorates/Doctoral
black US science doctorates, social origins, demography; questionnaire; M7992
current research areas, doctoral-level sociology education study, West Germany; questionnaire survey; graduate students, supervising professors; N0588
doctoral job market prospects, US, birth rate, enrollments; M9608
doctoral sociology studies situation, West Germany; questionnaires; professors, doctoral candidates; N2213
doctoral training, faculty uses, scholarly effort/research activity differentiation technique; survey; chemistry/psychology doctorates; M9775
doctorate attainment, gender differences; graduate training experiences; university records; N1307
women/science/career success, female vs male ratio, astronomy doctoral students, mail survey; GB; M8743

Doctrine/Doctrines/Doctrinal
Calvinist religious doctrine, before/after Edict of Nantes revocation, Languedoc, southern France; N3151
Khomeini, Ayatolla, Iranian government doctrine, ideological conditions; N2927
religion, components, structure; J. M. Yinger's nondoctrinal religious scale, fundamentalism scale; university students, Australia; N3112
scientific creationism as exegesis for religious doctrine, Henry M. Morris's seminal works; N4847
sexual life, married couples, earlier societies, church doctrine/behavior reality; N1694

Document/Documents/Documentary/Documentation
documentary/public opinion, communication as cultural science; M7738
European Co-Operation in Social Science Information & Documentation, activities/objectives; M7215
Paraguayan history, US document collections; N2333
personal documentation utilization, sociological research; N3778
social mobility development, socialist countries, new documentation/empirical data processing methodology; N4553
social science research, US, personal/biographical documentation, methodology, historical context, scientific evolution; M7140
witchcraft invention, Gardnerian movement history reconstruction, documentary/oral-historical sources uses; N1505

Dogma/Dogmas/Dogmatic/Dogmatism
authoritarianism/dogmatism attitudes, West German/US adolescents; questionnaire; N2579
Colman, A./P.Gorman, "Conservatism, Dogmatism, and Authoritarianism in British Police Officers" critiqued; N3005
conservatism, dogmatism, authoritarianism, police officers, GB; questionnaires; N2968
dogmatism/religious affiliation/moral judgment development relationship; questionnaire; college students; N2565
evangelicalism, dogma/new cult revival; M9865
Yugoslav social crisis, cultural dogmatism; M9392

Domestic/Domestics/Domestication/Domesticated
black Carib domestic organization, historical perspective, traditional origins/contemporary patterns; N2637
"cult of domesticity," US, 1830-1860, popular writings; N2044
domestic labor origins/role, recent contributions, Anglo-American debate; M8473
domestic role sharing, Sweden; M8469
domestic space, Swiss rented flats, 1860-1960, lodging typology; M8068
domestic violence incidents, criminal justice intervention, local program decline, Santa Barbara County, California; N3377
domestic violence protection, legal system's failure/patriarchal ideologies, English legal system case study; N3662
domestic violence reforms, policing the private; N3671
domestic violence victims, criminal justice system's response; S15238
family farms, sexual division of labor; Wisconsin household sample; 1982; S15368
food preparation/consumption, domestic space function/allocation factors; cross-cultural study; interviews, observations; Australians/English; M7538
neoconservative thought, US domestic/foreign problems, symposium; M7900
perpetuation systems comparison, domestic groups, European peasant societies, succession, inheritance, marital alliance; M9233
police service delivery, domestic disputes; interviews; patrol officers; N1768
political support generation, domestic sports policy role, government's vs opposition's utilization; M9465
rural industrial development/domestic dependency relations, integrated perspective; M8034
wifebeating, legal protection, domestic assaults processing, Scottish prosecutors/criminal courts; interviews, participant observation; N1599
women's work, domestic/wage labor, Nova Scotia community; fishing industry changes; interviews; managers, workers; N3681
women, freedom from housework, domestic labor debate aspects; N2045
women/poverty, resultant domestic organization, Mexico City; interviews; poor households; N5321

Dominance/Domination/Dominant/Dominants
capitalist domination, political economy, terror, individual character/consciousness; Marxist perspective; M8787
control conceptualization, domination/hegemony, capitalist labor process; N1971
decoding visual dominance, power attributions, looking while speaking/listening, relative percentages; experiments; undergraduates; N2396
differential sexual domination emergence, initially unstructured small groups, sociobiological vs sociocultural explanations; M9132
dominance relationships formation/maintenance, ideololgy role, dominated/dominators shared conceptions, comments; N3959
"dominant group" definition, 1931-present, Canada; M7513
dominant/dominated groups study, evaluative/behavioral discriminations; outgroup presence; Parisian schoolchildren test; M7381
domination contradictions/relations, capitalism; N4487
Foucault, Michel, power role, domination forms development, archeology of knowledge/genealogy of power/politics of truth aspects; N4439
heterosexuality, father image importance, male dominance; M7408
ideological domination critique, "informed citizen" norm, communication resources; N2908
Italian art history, symbolic domination, center/periphery notions; M9762
male-female domination forms, scientific/academic fields, Switzerland; statistics; N2013
married couples group therapy, competition, dominance, gender differences; verbal interaction sequences tape recorded; ministers/their wives; N2362
Marxist economic determination, dominance, social product appropriation, societies typology; N0396
men's/women's career plans, gender-dominant professions, sex differences; questionnaire; graduate trainees; N4620
nonverbal behavior, dominance cues; male/female figure drawing observations; undergraduates; N2526
organizational dominance, regional patterns, 1955-1975, corporate linkages case; M7658
physician assistants/medicine, power balance shift, dominance principle; S15317
Portuguese rural society, domination relations; economic development models, milk producers' cooperative vs milk industry/corporate organization; M9391
social structure, peasant societies, genetic phenomenology, foreign domination problem; M7330
social-class identities' genesis, domination consent; M9598
spatial relations, dominants/marginals, college classroom case; questionnaire, observation; students; N2351
superstatus motif, Mediterranean peasant societies, foreign domination changes/their consequences; M8023
supervisor/worker conflict/dominance; television-mediated interaction communication; simulation experiment; four-person groups; N4031
universal male dominance, ethnological illusion, Luapula, Zambia, example; M9241
women, male-dominated vs female-dominated jobs, attitudes/background factors comparison; questionnaire; N2980
work process domination, firm/workers interest conflict, shipbuilding industrialization example; interviews; workers; N0979

Dominican Republic
fertility; female employment; questionnaire; urban married women, Dominican Republic; N0018
soil conservation practices adoption, small farmers, Dominican Republic; interviews, 1983; S15377

Dormitory/Dormitories
leisure time utilization; survey; young workers staying in dormitories, USSR; M7785

Dowry
dower (*mahriyeh*), mate selection tradition, Iran; N3459
dowry system, Indian marriages, attitudes/expectations/practices; N3452
dowry, India, changing value perceptions; N0912

Drama/Dramas/Dramatic/Dramaturgy/Dramaturgical
Beckett, Samuel, *Endgame* drama interpretation; philosophical/cultural/historical "meaning"; N3037
drama production, symbolic communication, English/US police; ethnographic fieldwork; N3181
dramaturgical model, behavior, strengths/weaknesses; N2329
dramaturgical sociology/social psychology as dramatism methods continuation, questions regarding Erving Goffman's works, human relations drama, metaphor use; N2305
emotion staging, dramaturgical analysis, college football game case; M7478
professionalization, doctor role, dramaturgical analysis; participant observation, interviews; medical students; N2981
ritual drama, Pentecostal Holiness church, semiotic approach; N0913
structure/theory/performance dramatization, Hindu Tamil community, northern Sri Lanka; N4211
undergraduate sociology class as drama, discussion basis, reviews; M8905

Dream/Dreams/Dreaming
age consciousness/American dream relationship; interviews; middle-aged/elderly people; N4051
communication/ideology/American Dream/class struggle, Marxian analysis; 1960s protest, Martin Luther King's "I have a dream. . ." speech, Dan White's murder trial, San Francisco, 1970; M7745
dreams, young Gusii women, southwestern Kenya, relation to social/psychological conditions; N2641
political communication/rhetoric, dream as interpretive vehicle; Martin Luther King's "I have a dream. . ." speech; M7743

Dress/Dresses/Dressed/Dressing
cultural pattern/process, application of A. L. Kroeber's idea, women's dress, stylistic change study; N4206

Drinking/Drinkers
alcohol, drinking episodes, Finnish films, men/women relationship portrayal; M9436
alienation/alcohol, drinking behavior; work, mastery, community; interviews; employed males; N1870
drinking behavior patterns; normative structures; structured-questionnaire survey; college students; N5057
drinking behavior; sex, parental background; questionnaire; black college students; N3348
drinking practices, alcohol consumption; stress/boredom, job characteristics; interviews; jobholders, Boston, Massachusetts; N5159
drinking problems, popular conceptions measurement; vignettes; college students; N4090
drinking-&-driving deterrence, France; 12 July 1978 law; N1587
drinking-driving offenses, 1982 California legislation, deterrent effect; S15539

drinking/alcohol, Finnish literature, 1911/12, 1972, cultural continuity examined; N5191
driving-drinking, public bars; friends'/wives'/lovers' intervention; interviews; San Diego County, California; M7397
juveniles/drinking, public perceptions, case study; survey; Tamil Nadu, India; N5055
life events/drinking patterns/depressive symptomatology, alcohol consumption, stress-buffering role; interviews; residents aged 18-60, rural Tennessee; N5190
perceived problem drinking, repeat admissions, social resources perspective; household survey; people receiving/not receiving treatment; N5221
public drinking establishments, Canadian/US samples surveys, comparative analysis; interviews; N5177
public drinking houses, England, social usages, changing aspects of social class/leisure; N4421
scientific ideologies, drinking behavior/alcoholism conceptions; N1820
sexual behavior/sex-role adaptation; alcohol consumption; questionnaire; young unmarried women; N5252
so-called heavy drinking occupations, influences, empirical tests; interviews, questionnaires; military officers, journalists, US adult sample; N4571

Drive/Drives/Driving/Driver/Drivers
attitudes/driving behavior, A. W. Clark's social-role approach, Australian males, replication study, US males; N2487
drinking-&-driving deterrence, France; 12 July 1978 law; N1587
drinking-driving offenses, 1982 California legislation, deterrent effect; S15539
driving-drinking, public bars; friends'/wives'/lovers' intervention; interviews; San Diego County, California; M7397

Dropout/Dropouts
college dropouts, various educational groups, psychological well-being/attitudes; General Social Surveys; N2534
social statistics/community information system, electronic fact books; M8050
student dropout, USSR, social/social-demographic factors; M9802
student dropouts, Austrian University for Educational Sciences, causes, relation to educational system structure; school records, interviews, questionnaires; students, education experts; N4765

Drug Abuse/Drug Abuser/Drug Abusers
adolescent Indian substance abuse, ecological/sociocultural factors; US; M8628
black youth's drug abuse, social competency/developmental needs theory; M8616
deviant populations (female drug users with infants); sampling, generalizing, reasoning problems; facet theory, smallest space analysis, multidimensional scalograms; S15674
direct/organizational discrimination, drug offenders sentencing; Miami, Florida; N1594
drug abuse spread, young adults; family dysfunction; M8501
drug overdose/abuse patterns age-/sex-related differences; hospital data; Toronto, Ontario; N3482
drug/alcohol abuse activities, residents vs inmigrant teenagers, rural Georgia; S15195
inhalant abuse, Mexican-American adolescents, proposed model; M8622
"Killum & Eatem" ethos, framework for identity consolidation, middle-class polydrug abuse subculture; N2586
parent/family perceptions, male inmates with/without drug abuse problems comparison; questionnaire; N0236
substance abuse, social support/stress-coping paradigm; interviews; heroin-addicted females; N3720

Drug/Drugs
adolescent drug behavior predictors, longitudinal study; questionnaires; public/private high schools, Puerto Rico; 1974-1976; M8633
adolescent drug use, qualitative/quantitative aspects; personality/family/peer correlates interplay; questionnaire; black/white high school freshmen/sophomores; N5174
adolescent drug use/self-derogation; deviant behavior general theory application; panel survey questionnaires; Houston, Texas, junior high school students; N2585
adolescent drug use; psychological antecedents; longitudinal questionnaire study; white, middle-class students; 1969-1973; M8444
adolescent drug/alcohol involvement, developmental stages, cross-cultural comparison; interviews; Israel, France, US; N5239
aging women's health care problems; professionals' insensitivity, drug industry exploitation; S15710
benzodiazepine use patterns; interviews; women patients; M8517
causal model, early drug involvement; questionnaire; innercity black/Puerto Rican junior high school students; N3328
drug consumption criminalization as historic process of disqualification; M9489
drug prescribing habits/attitudes; interviews; rural/small town physicians, Texas; S15235
drug use initiation/stabilization/decline, risk periods, adolescence-early adulthood; S15550
drug use intentions; attitudes, current friends; interviews; males aged 20-30; N2462
drug use, complementary social deviance theories, cross-cultural examination; questionnaire; rural students, grades 6-12, Rocky Mountain state; M8043
drug use; acculturation process, traditional attitudes; interviews, observation; Cuban youth, treatment program directors, Miami, Florida; M8438
drug use; mainstream religious social controls; questionnaire; adolescents, rural Texas; M8437
drug use; peer association/identification; interviews; high school students, rural Georgia; S15219
drug users/dealers, London, England; N3589
high school students' drug use reporting, Jerald G. Bachman's-Patrick M. O'Malley's time-frame estimates criticized, response; M8837
legal drug use, sex differences; interviews; adults; N2563
mood-altering drugs use; sports, myth validity; S15612
problem group, agency rejection, counterclaims/unfounding activities, DMSO/Federal Drug Administration case; S13503
psychotropic drug consumption, 1960s/1970s, Finland, Norway, Sweden; sales statistics; N3501
psychotropic drug obtainment, sex differences; family roles/structure, stressors; National Medical Care Expenditure Survey; US households; N5175
psychotropic drugs, long-term use, social/symbolic aspects; interview survey; clinic patients, London, England; N2636
soft drug dealers, criminal commitment; interviews; N0190
state, drug/alcohol abuse, history of contradiction/accommodation, California case study examples; S15834
substance use antecedents, sex differences; questionnaire; adolescents; N3330
substance use; religious involvement; questionnaires; high school seniors; M9868
warrior complex analysis, Masai, Kenya, aggression/bravery/endurance/drugs; N2640
white adolescent's drug odyssey, narrative; M8627
women's drug/alcohol use, new perspectives; N3706
women, drug use, historical/political perspective; N3692

Drunkenness
disorder, US cities; drunk & disorderly conduct arrest rates, 1860-1980; M9730

Dual/Duality/Dualistic/Dualism/Dualist
bisexuality/Eastern concept of nondualism acceptance relationship; interviews; female heterosexuals/homosexuals/bisexuals; N0360
bourgeois juristic dualism, public/private sectors' legalized division, Marxist critique, sociological theory; N5260
dual career families, work-family integration vs polarization; M8472
dual economy/emancipation from employment possibility; M7598
dual perspective awareness, mental health worker in-service training, medical sociologists' assistance; S15310
family/work worlds perception, husbands/wives (in dual career families); questionnaire; couples; N5129
labor market segmentation, economic dualism model; M9385
marital adjustment, relationship to career salience, attitudes toward women, demographic/family characteristics; questionnaire; dual-career couples; N3413
men's/women's career salience, dual-career families, high self-esteem/-confidence, job involvement correlations; educational preparation, premarriage family lifestyle planning; questionnaire; St. Louis, Missouri, couples; N4618
mobility, entry-mid-career, dual economy; sex; S15209
psychosocial modernity nature, intrinsic duality argument, William C. Rau's disagreement, social scientific debates, comment; M7453
quality of life, dual-career families, influencing factors; questionnaire; couples; N5128
role structure, dual career families; interviews; families of primary school teachers, Sapporo, Hokkaido, Japan; N3404
social action attitudes; dualistic vs wholistic God/world views; questionnaires; Canadian Mennonites; N3118
women, dual-career families, needs/effective counseling, quantifying approach, longitudinal study; wives; N5120

Due process
dangerousness/mental illness/treatment need/due process/legal

reform illusion, new commitment statutes, revised criteria analysis, all states; S15580

Durkheim, E.
anomie, Emile Durkheim's concept reviewed; industrialization's effects on social solidarity/cohesiveness; M9078
despair as disease of infinite, Søren Kierkegaard's/Emile Durkheim's thought; S15944
division of labor concept, Emile Durkheim's explanation criticized; M9069
Durkheim, Emile, egoistic suicide theory, comparative cross-national test, religious/family/political integration indicators; M7244
Durkheim, Emile, family background/childhood/education/agnosticism; N3893
Durkheim, Emile, Georg Simmel's influence contested, epistemologies comparison; S15285
Durkheim, Emile, group mind concept, social order; N0729
Durkheim, Emile, intellectual biography "break," concurrence with anomie concept development; N2223
Durkheim, Emile, *Moral Education*, first chapter, contribution to lay morality development; N2285
Durkheim, Emile, sacred language, comparison with Ferdinand de Saussure's conception; N2283
Durkheim, Emile, social change, reason faculty; individuals'-society's changing relationship; M8967
Durkheim, Emile, social system differentiation/integration/disintegration, abstract principles; M9076
Durkheim, Emile, sociology program critique; N2242
Durkheim, Emile, sociology, practical character; N3894
Durkheim, Emile, sociology, present significance discussion; M7231
Durkheim, Emile, suicide/social class association, Philadelphia, Pennsylvania case, 1839-1901; M8066
Durkheim, Emile, "The Unknown and the Unconscious in History," remarks analysis; S15829
Durkheim, Emile, thought, German tradition role, relationships with Albert Schäffle/Ferdinand Tönnies/Georg Simmel; N0610
Durkheim, Emile/colleagues, sociology of scientific knowledge, positivist conception of science; N2231

first class exercise, introductory sociology course, Emile Durkheim's suicide work study; N0565
homicide; Emile Durkheim's societal development model, social equality, cross-national test; M8599
ritual concept, Emile Durkheim's macrosociological analysis/Erving Goffman's microsociological analysis linked; N0719
sexual anomie, Emile Durkheim, Edward A. Tiryakian critiqued; rejoinder; M7142
social groups, formation/dissolution, Gabriel Tarde, Charles Horton Cooley, Emile Durkheim, Kurt Lewin; M7374
socialization, personality development, action theory perspective, Emile Durkheim; M7287
"society" concept, origins, Emile Durkheim, sociology's gross constructs; M9006
sociological complementarity, Max Weber's/Emile Durkheim's works; N2235
sociology of knowledge, early French contributions, Durkheimian school; M8648
sociology of modern individual, Immanuel Kant's/Emile Durkheim's individual-state-society matrix conceptions compared; N3944
sociology of morality/ethics, Emile Durkheim's/Max Weber's/Talcott Parsons's/Georges Gurvitch's contributions; M9053
sociology of private life, market-action considerations, Durkheimian origins; M7242
stress, social integration factor, Durkheimian hypothesis; S15930
stress/social integration relation, Durkheimian perspective; S15828
suicide; religion's effect; Emile Durkheim's theory contested/tested, US SMSAs; N4835

Dutch
chi-square statistic use, explanatory variables selection, multiway contingency table; N0503
corporatist tendencies, Dutch industrial relations system, 1970s; N2730
Dutch national character, sociologists' traits identification attempt, 1930s/1940s; N3921
Dutch scientific/technical research groups, publication output, collaboration; *Science Citations Index* data, 1974/1977; M9996
foreigner talk, interactional origins, Dutch municipal employees, foreign workers; M8120
industrial sociology, Dutch/Belgian universities, position/status; N0986

Duty/Duties
tours of duty/marital adjustment factors; questionnaire; warrant officers; N3395

Dwarf/Dwarfs
dwarfism, social identity/destigmatization process, self-help group participation; observation, interviews; group members; N0767

Dwelling/Dwellings
dwelling satisfaction, elderly, underlying individual differences; interviews; midwestern community residents; N3563
dwelling space distribution inequalities, social problem, Australian housing system; M8073
inhabiting, habitat/dwelling space implications, Gaston Bachelard, Henri Lefebvre, William Morris; M8697
rural dwellers/health care, northern Nigeria, obstetric services case; interviews; patient, family members, village heads; N0156

Dyad/Dyads/Dyadic
adult friendship contact; personal/dyad characteristics; survey; adult males/adults, Detroit, Michigan/Altneustadt, West Germany; N4036
couple romantic involvement, social network structure; dyadic withdrawal hypothesis; questionnaire; university students; N2354
divorce/remarriage, husband-wife dyad dominance, parent-child dyad, Francis L. K. Hsu's model tested; questionnaire; US couples; N3408
dyadic exchange/cooperation; social reinforcement, structural variations; experiment; college students; M7422
Dyadic Interaction Scoring Code, machine-aided marital observation technique, example; N5086
dyadic systems analysis; structural balance theory, formal model conceptualized; marital interaction case example; N4037
early face-to-face interactions comparison, mother-infant dyads; film; GB/US working-/middle-class; N4982
family research, dyad as analysis unit, conceptual/methodological issues; N1787
interactional involvement, same-sex dyads; sex, sex-role; experiment; undergraduates; M7406
interpersonal attraction reciprocity hypothesis tested, dyads, living group; M7427
interpersonal distancing, dyadic intimacy exchange, four models compared; experiment, interview questionnaire; female undergraduates; N2356
marital/dyadic adjustment scale critically evaluated, new test sample; N1781
marital/dyadic adjustment; Graham B. Spanier's scale evaluated; N1778

Dynamic/Dynamics
childbearing decision making/family well-being, dynamic-sequential model; Panel Study of Income Dynamics; households, national probability sample; N5095
discrete dependent variables, dynamic analysis, German career life histories example; N3800
modern civilization/cultural paradigms dynamics; N4182
social stratification/political power dynamics, Kurumba village, West Bengal state, India; participant observation, interviews; N4520
social structure dynamics, scientific debate, organized by Romanian Center of Sociological Research, 27 May 1981; N3854
socialization/family dynamics, sex differences; interviews; female/male heroin users; N2377
unidimensional attitude change; discrepant information, dynamic model; experiment; university students; N3823

Dysfunction/Dysfunctions/Dysfunctional
couples, dysfunctional interaction patterns assessment; descriptive questionnaire validity; pilot study, undergraduate couples; N5134
educational outcome differences, brain dysfunction explanation's sociological context, 1969 Children with Learning Disabilities Act; N4719
prestige allocation, astronomical research, dysfunctional aspects; M9962

Earning/Earnings/Earner/Earners
black-white earnings differences, sources; census data; N2940
chi-square statistic use, explanatory variables selection, multiway contingency table; N0503
cityward migration/urban informal sector/earnings, Philippines; N4989
earnings differences, old vs new US immigrants; economic attainment characteristics; N0036
earnings levels/inequality; education; aggregate occupational data, 1950-1970; M9658

earnings, low-income country, sex differences, Costa Rican case; census data, 1963; N2934
earnings, motivating functions, sociological/psychological discussion; N0928
earnings, working women; education; S15200
earnings/employment, lifetime profiles, survey; N1223
education/earning/wealth, white vs black males; family background; interviews; fathers/sons, national sample; N1225
education/occupation/earnings, theoretical links, social stratification aspects; N1209
elites/earnings gender gap, ethnic penetration increase, Canada, sociological implications; M7204
farm family income, offspring earnings contribution; S15203
French-English earnings inequality, Quebec; ethnic culture, economic structure; survey; residents; M7914
job satisfaction; sex, wage-earner status, occupational level; questionnaires; public employees; N4263
mail questionnaire return rates/response completion; earnings inquiry, test; disabled students, London, England; N3795
male/female occupations; skill demands, earnings; census/statistical data; M7959
professors' salaries, additional income sources; professorial rank, research productivity, departmental prestige, length of academic experience; sample, Carnegie Survey, 1969; M9582
small/very segregated occupations, male-female earnings inequality explanation, differing views; N4593
women, lesser earnings; government-caused disincentives, welfare state, economic discrimination, remedies; N2031
working conditions, industrial sector, 1978; survey; Spanish wage-earners; N0929

Earth
earth as system, living systems subset focus; N4685

Earthquake/Earthquakes
community response, uncertainty conditions; mass media communication, earthquake forecasting case; survey, interviews; residents, scientific personnel, Los Angeles County, California; M7752
earthquake catastrophe, Friuli, Italy, 1976, psychosociological consequences; questionnaire; survivors; M7766
urban renewal, quality of life perceptions, northern Naples, Italy; socioeconomic conditions; questionnaires, interviews; 1980 earthquake victims; N3635

East
ethnicity creation process; cultural/structural models; questionnaires, interviews; East European Jewish/Lithuanian immigrants, Chicago, Illinois; M9192
family/marriage change, East Indians, rural Trinidad, retentionist model contested; N3444
Hispanic-American groups, eastern US, demographic/socioeconomic characteristics; M7495
psychohistory, contemporary romanticism, East-West ideology, J. W. Goethe, C. A. Reich, R. M. Pirsig; transtemporal cognitive matching experiment, questionnaire; graduate students; N3625
suburbs, economic/social importance, east central Europe, late Middle Ages; N1342
world system structure/Third World development, East/West penetration, conflict, militarization; S15552

Easter Island
prehistoric social organization, kinship; environmental change; Easter Island; M9239

Eastern
bureaucracies, Western capitalism/Sino-Soviet state socialism; democratic job reform alternative; N4315
Eastern Europe consumption patterns, Soviet vs Western models; M7699
Eastern European societies, one-party states, power delegation problem, subordinate bodies, peace movements examples; N2812
Eastern European Soviet-type societies, transitional society/state capitalism/Asiatic formation theories, orthodox Marxism; N0393

political sociology, Marxian tradition, elections, state policy, Robert Alford interview; N5373
presidential choice, 1980 US elections; party identification, issues, candidates; interviews; voters; M9505
Socialist Party, US political force failure, 1912 presidential election, *Appeal to Reason* coverage analysis; N4506
South African general election, 1977, concurrent events; M7865
Spanish general election, October, 1982, analysis; postelectoral interview survey; voters; N1161
voting factors, 1976/1980 presidential elections; surveys; "Middletown"; S15283

Elector/Electoral
electoral abstention, Rome, Italy, social class/age relation; N4440
electoral behavior, Galicia, Spain, reflection of movement to political autonomy; N4488
electoral behavior; candidates' friends/neighbors, geographical proximity; Granada, Spain; N1123
electoral participation, system stability, Europe, 1945-1978, myths/realities; M9509
electoral structure, minority representation; community racial segregation; SMSA sample; M9225
political machine, electoral base, deviant case, Memphis, Tennessee; M8086
political-electoral liberalization process, Brazil, post-mid-1970s government strategy; N4455
Spanish electoral law reform, 1977, *El País* newspaper claim, Dieter Nohlen's irrelevance charges challenged; N1137
Spanish electoral law reform, course/articles conclusions critiqued; N1174

Electorate
aggregate analysis methodology, errors in traditional procedures/

improvement suggestions, Australian Federal Electorates data analysis; N3808
political families, European electorate; M9557

Electric/Electrical/Electricity
"electric" church, religious broadcasting, traditional churches' concern; M9866
electricity, nuclear energy, public opinion; interviews; community leaders, employees, France; N1478

Electronic
computer/electronics revolution, trends/possible implications; N1610
electronic journal publication, advantages/attitudes toward; questionnaire; academic administrators; N2255
electronic media, social relations, critical theory; M7751
"electronic" church support correlates; questionnaire; white homeowners, Dallas-Fort Worth Metroplex, Texas; N1539
social statistics/community information system, electronic fact books; M8050

Elementary
achievement stratification, elementary schools; ability grouping systems, differential peers vs differential instruction hypotheses; observation; fourth graders; N4761
inner/outer self-esteem development, innovative/traditional schools; role structures/self-conceptions interaction; self reports; seventh-/eighth-graders; M9153
occupational choices, complexity of worker functions, elementary school children; sex, socioeconomic status; experimental test; third-/fifth-grade girls/boys; N4598
social club participation, Israel; longitudinal data; junior high/elementary school students; M8427
white hostility, desegregated schools; race composition, control problem; questionnaire; elementary schools; M7512

Elite/Elites/Elitism/Elitist/Elitists
banditry/local communities, 19th-century Andalusia, Spain, old nobility/new elite struggle; N3579
Bell, Daniel, ideology demise concept, invalidity, distinction between ideology role for masses/elite; S15861
Canadian corporate elite, post-World War II era, financiers vs finance capitalists hypothesis; N2933
career patterns/goal values/power, elitism indicators; questionnaires; US academic administrators; M7971
casino gambling legalization threat/organized crime association, political elites' perception; interviews; New Jersey, Florida; S15774
corporate/social elites, Jewish representation recent patterns, US; M9743
elite recruitment/tenure, Israel/Egypt/Lebanon, social background influence, comparative patterns; N4525
elites, increased public support, US military expenditures, 1970s; N0998
elites/earnings gender gap, ethnic penetration increase, Canada, sociological implications; M7204
elitism defense, education, knowledge respect decline, US; M9958
folk/popular/elite arts, general sociology formulation; M8138
intellectual elite's nature/social role, India's modernization; N4547
Italian financial elite, operational definition, network analysis; N1016
Lima, Peru, Habsburg elite, social class/status, Baroque Castille, Spain, contrast; N1210
mass vs elite foreign policy opinions, 1974-1978; interviews; random national sample; N1072
perception/structural model test, journal norms conformity/deviance, elite sociological methodology; questionnaires; elite experts; N1614
political attitudes, intellectual elite, Wilson fellowship recipients; 1960s events; questionnaire; S15852
political behavior/values; intellectual achievement; survey; faculty elite; M9631
political culture reformation, India, political elites' participation/egalitarian values; interviews; N4485
political elites, state building, 19th-century Brazil case; N2896
politics, Belgium, ethnic conflict, consociational elite accommodation vs bargaining processes; M9198
Quebec nationalism/linguistic policy, Canadian elite/public opinion; 1977 interview surveys; N4386
revolt, Sri Lanka, 1971; elite politics theory bias; M9495
scholastic testing, social consecration function, preparatory classes at French elite schools case; questionnaires, interviews; students, teachers; M9774
science, China, elitism, economic readjustment, basic vs applied research; M9985
social relations, category/network interplay, application to regional elite; M7673
symbolic interactionist/labeling perspective, sociology of religion, power elite's impact; N3152
trade union leaders, New Zealand, working-class elite, educational/social characteristics; M9813
US antinuclear power movement evolution, elite quarrel-mass movement transition; N2814
Who's Who in America, biographical data source, coverage comprehensiveness, business elite populations; N0473
women's access, elite careers; religion; 1930-1970 US/1961 Canadian census data; N1475

Emancipate/Emancipates/Emancipation
Alliance Israélite Universelle, Jewish communities emancipation, Mediterranean; N1201
Bloch, Ernst, 18th-century philosophy, religion, emancipatory movements, recent Italian studies reviewed; N0613
contemporary relationships; female emancipation, syndicated advice column/"singles" publications, Netherlands; N0774
dual economy/emancipation from employment possibility; M7598
Habermas, Jürgen, recent writings, hermeneutics, emancipation; N0594
Kollontaĭ, Alexandra, sexual emancipation analyses, impact on "new morality" ethos, USSR, 1917-1924; N3685
peasant emancipation, North Brabant Christian Farmers' Union role, Roman Catholic South Netherlands; N1022
sociology of leisure, emancipation/demoralization approaches contrast; M9476
women's movement, East Germany, official organization, socialist emancipation; M8725

Embarrassment
embarrassment displays, restitution behavior, social implications; videotape; N0816

Emerge/Emergent/Emergence/Emerging
Popper, Karl R., historicism, emergence; M8833

Emergency/Emergencies
emergencies, escaping from responsibility vs helping, individual/group differences; N0828
emergency decision-making process; ethnicity; M9218
emergency legislation, social policy implications, Northern Ireland; M9539
helping behavior, social-psychological knowledge accumulation, emergency/cost determinants; N2528
mandatory emergency laws use, Israeli government; interviews; lawyers; N1184
minor health disorders management, patient decision-making processes comparison, hospital accident/emergency department; interview schedule; hospital patients, southeastern England; N5150
social control, 1981 South Carolina psychiatric hospital emergency commitments; recent legislative reforms; S15898

Emigrant/Emigrants
Portuguese migrants/peasants, sociological survey, lacunae assessment, social history/political economy; N2601
Serbian emigrés, Washington, DC, adaptations, community development with US-born Serbs; N4141

Emigration
emigration patterns from Southeast Asia, post-early 1970s; N1655
immigration/emigration/opting-out trends, Canadian physicians, national Medicare system; N1306
labor emigration contradictions, individual level; N0037
Portuguese emigration causes/consequences; N4975
Spanish emigration, Europe, post-1960s; N0007
US emigration, migrants to Australia/Israel, similarities/differences; interviews, probability sample surveys; S15773

Emotion/Emotions/Emotional/Emotionally/Emotionality
adolescent self-esteem/emotional learning disabilities, significant others; definition problems, literature review; M8439
alienation, nursing home residents; family emotional support; interviews; N5210
discrediting via emotion ascriptions, picturing emotions, print-news accounts; S15804
emotion staging, dramaturgical analysis, college football game case; M7478
emotion theories tested, sports context; Thomas J. Scheff, Norbert Elias/Eric Dunning; M7778
emotion, perceptual motor theory; N0798
emotional distress; social sources; questionnaires; adults, Chicago, Illinois, 1972-1976; M8552
emotional expression, husbands/wives, salient interpersonal issue; videotapes; couples; N1767
emotional restraint, sub-Arctic Hare Indians' adaptation processes, drinking events/staged aggression/folklore recitation, vicariousness; Canada; M9167

emotional well-being; friendship patterns; elderly Washington residents; S15272
helping thoughts, attraction, information acquisition; moods; experiment; N2389
Kemper, Theodore D., "Social Constructionist and Positivist Approaches to the Sociology of Emotions," comments, reply; N4016
learning/adults; socioemotional factors; descriptive explicative model; West German data; N4724
nostalgia, popular culture, ideological role framework; M8692
play, players' experience, exploring relationships creatively, emotional danger; N0800
power division, social-emotional issues; N0760
pregnancy complications, emotional disequilibrium; life stress, social support, prospective/multivariate study; questionnaires; pregnant women; N3514
Schachter, Stanley, emotion theory/arousal misattribution paradigm, research review; M9118
social emotionality, self-/public image discrepancy; role-playing experiment; M9169
sociology of emotions, phenomenological view; M7387
sociology of emotions, physiological bias, self-feelings, symbolic-interactionist view; N4048
victim crime reporting, social/emotional determinants; experiment; residents, Pittsburgh, Pennsylvania; M7394
Weber, Max, "emotional community" concept, charisma functioning, utopia/communal life, French neorural apocalyptic communes case; N1510

Empire/Empires/Emperor
empires, ecological dynamics, 17th-century crises, Ottoman Turkey/Ming China; S15786

Empirical
Adorno, Theodor W./E. Frenkel-Brunswick/D. J. Levinson/R. N. Sanford, *The Authoritarian Personality,* critical theory, historicotheoretical tenets/advanced empirical methods integration, clinical case use; N4072
economics, need to develop as empirical service, behavioral approach, theory of the firm; N5257
empirical research, theoretical/epistemological/methodological problems; women's social mobility; M7009
empirical social research, structural equations, path analysis, discrete data; N3814
empirical structures, graph theoretical models, qualitative values; N0471
empirical/theoretical knowledge, unity principle; N2083
family life; law's effects, interdisciplinary empirical sociological research guidelines; N3385
Frankfurt school, critical theory as empirical science, methodological reflections; N0598
job/life satisfaction interrelationship, spillover/compensatory hypotheses, empirical evaluation; survey questionnaire; employees, auto parts manufacturer; N4256
Monjardet, Dominique/Georges Benguigui, *The Managerial Utopia: The Middle Strata between the State and Class Relations,* French professions, empirical verification need; N4528
scientific historical methodology, empirical data interpretation, Gaetano Mosca's/Lucien Febvre's views analyzed; N3862
sociology's major orientations, empirical-analytical vs Marxist theories, origins; M9004
technology-structure relationship, empirical research comparative analysis; N4321
theoretical/empirical sociology; bibliography, discipline's conceptual stability; M9071
theory/empirical comprehensiveness interrelation, sociological knowledge; N3755
values, preferences, needs, work ethics/orientation, conceptual/empirical integration; Work Aspect Preference Scale; high school students; N4614
VARA-Ombudsman, government policy, television ombudsman's influence, empirical research, critical view; N4281
Weber, Max, culture, empirical comparative sociological analyses, bilateral/mutual-influence perspective; N0889
Weber, Max, empirical industrial research contribution; M7606

Empiricism/Empiricist
empiricism/theory relationship, Polish sociology, historical overview; N0620
holism/empiricism integration, interpersonal interaction systems, general systems theory of culture; M7236
industrial relations, empiricism critiqued; alternative economic analysis need; N2705
Marx, Karl, social science conception, empiricism; M8815
sociology, New Chicago School, US, social theory construction, empirical approach; M7028

Employ/Employed
employed/unemployed welfare recipients comparisons; demographic/economic variables; N1004
television viewing, leisure time, "plateau hypothesis"; time diaries; employed households; M7803

Employee/Employees
black self-esteem explanations, empirical tests; interviews, questionnaires; manual/clerical/semiprofessional employees; M7457
decision making, employee outcomes; work, formal participation; observation, questionnaires, interviews; employees, Canadian industrial organizations; N0972
employed women, high blood pressure; multifactor discriminant analysis; questionnaire, blood pressure measurement; N3728
employee deviance, formal/informal social controls; M8590
employee ownership forms, workers' control, US; N0994
employee-union members' powerlessness/alienation; work/union organization; survey; Norwegian union members; N4254
employees' organizational commitment, job characteristics/satisfaction, organizational climate; questionnaire; managers, professionals, nonprofit service organization; N2737
employees' theft, convenience store industry; psychological factors; questionnaire, Personnel Selection Inventory, longitudinal experiment, control comparison; managers, retail clerks, job applicants; N5421
employment, new forms, managerial policies, employee interests; interviews; managers, work council members, workers, West German firms; N1232
group discussion as data collection method, social/organizational settings, social reality reconstruction, bank employees; N0953
job characteristics/alienation/work-related behavior relationships; interviews; professional technical/managerial employees; N4567
job satisfaction; sex, wage-earner status, occupational level; questionnaires; public employees; N4263
job/life satisfaction interrelationship, spillover/compensatory hypotheses, empirical evaluation; survey questionnaire; employees, auto parts manufacturer; N4256
life orientation differences, younger/older generation; survey; Polish industrial employees; M7325
males/females as prospective employees, differential assessment; nonworking women; M8767
objective interests perception; structural position, employee consciousness; questionnaire; Swiss businessmen; M7570
problem employees, managerial ideologies, Employee Assistance Programs, qualitative study; interviews; managers, large national corporation; S15641
racial differences, job satisfaction; questionnaires; white/black mental health employees; N2977
self-perceived competence, sex differences assumption tested; questionnaire; social service organizations employees; M8758
staff department employees, function/background, industrial enterprises, USSR; M7555
work experience perceptions, large enterprises, France; questionnaires/interviews; employees; M7597
"working the circuit," employee turnover explanation, restaurant industry; questionnaire, interviews; waitresses, waiters; N1242

Employer/Employers
French employers' associations, attitudes toward labor laws/their application, legal ideology/juridical policy; interviews; association spokesmen; N4226
prison industry, private enterprise employer, pilot programs, Ontario, Canada; M9922
shop floor consultation, current form of participation, Belgian trade unions/employers' associations attitudes; N2733
sociology majors, employment consideration; questionnaire; potential employers; M8948
workers, employers' control, West Coast longshoremen; N0938

Employment
accuracy of wife's perception of husband's attitudes toward her employment; interviews; couples; N1783
anxiety/sex differences, self-descriptions; maternal employment; questionnaire; college students; N4070
apprenticeship reevaluation, recent youth employment policies/condition, Italy; M9656
attitudes toward affirmative action in women's employment, determinants, cross-national comparison; interviews; adults, US/England; S15527
Australian welfare provision/employment, economic growth relation; conservative government, voting patterns; M8701
Canadian employment opportunity equality, reform effectiveness, male/female division of labor, public/private sectors' "double standard"; N4622

childbearing, employment, lifetime patterns; interviews; second-generation Japanese-American women; N3273
community characteristics/female employment/sex-linked occupational segregation ties, small rural Nebraskan towns; N1321
community/family/life satisfaction; husband-wife employment status; questionnaire survey data, metropolitan households; S15352
conjugal role structure, household chores/child care; wife's employment; interviews; Chicano families; N1793
"content" vs "methods" agreements, guaranteed employment, 1969 French national interprofessional agreement; N0958
current employment situation, graduates, social scientists focus, West Germany; N2211
development, ten-year-old children; maternal employment; Canadian francophone families, Montreal; N0099
dual economy/emancipation from employment possibility; M7598
earnings/employment, lifetime profiles, survey; N1223
economic policy objectives, origins, full employment case, UK; N3644
education, first year's employment income, labor market devaluation, historical perspective; survey data; Quebec, Canada; N1230
education-employment linkages/social class/gender relationships, selected countries studies, comparative analytical framework; S15843
employed wives/housewives, anomia; interviews, 1974 General Social Survey; N3704
employment discrimination against homosexual men; fieldwork; N2992
employment in "grey" zones, labor market, jobs typology, attitudes; interviews; university graduates, Berlin, West Germany; N1293
employment patterns, urban/small town/rural North Carolina women; survey; S15844
employment preferences/child care arrangements, fertility expectations; interviews; mothers; N1771
employment problems, Norwegian paper mill closure, local reaction; N4248
employment status, criminal justice educators, sex-based inequalities; S15280
employment, new forms, managerial policies, employee interests; interviews; managers, work council members, workers, West German firms; N1232
employment-related attitudinal/cognitive backgrounds, youth program participants, comparative analysis; interviews; black/white youths, upstate New York locales; S15902
employment/crime relationship; interviews; Rikers Island misdemeanant releasees, New York City; N5230
exprisoners, finding employment; ten-year follow-up study; M8298
family roles, mental health; employment; questionnaires, interviews; immigrant Vietnamese working wives, US; M9207
family structural, industrial employment, information transfer/migration mechanisms; N1734
farm work, Norway, youth employment; N4656
female suicide, British Columbia; marital status, age, employment, Elaine Cumming's-Charles Lazar's-Lynne Chisholm's study reanalyzed; N0808
fertility/employment relationship; sex role; women, Toronto, Ontario; M8347
fertility; female employment; questionnaire; urban married women, Dominican Republic; N0018
full employment goal, working-class blacks, community organizing group effort, Oakland, California, 1980s; S15507
health; employment, rural labor force entry case; interviews; married Chinese women, Taiwan; S15263
husband-wife communication, wife's employment, male/female sterilization decision; questionnaire; N3376
income provision via off-farm employment, women's role, south Georgia, patterns/consequences; S15196
individual income distribution, US; public sector employment; M9377
industrial employment, professionals; race/sex discrimination; resumes sent to personnel directors; N1264
industrial production, women's employment, Chechen-Ingush, USSR; M9654
Italian youth employment; research bibliography, 1970s; N0075
jobless graduating students, unemployment causes attributions, external/internal locus; questionnaires; N4059
land use policies, local economic development; land banks/trusts; effects on employment; S15372
life satisfaction; former employment; General Social Surveys; married women; N2012
manufacturing employment, rural Pennsylvania communities; vertical/horizontal linkages effects; S15418
marital adjustment; wives' employment, family life cycle, births; N0100
maternal employment perceptions; questionnaire; Canadian children; N1791
men's psychological well-being, two-job families, employment characteristics; interviews; N2453
minority employment, South Carolina/Milwaukee, Wisconsin, firms; supply-side economics; S15626
new firm formation, 1965-1976 employment change; small firm employment, Cleveland County, England, case; M8663
nonmetropolitan women's employment, post-1980 recession; Current Population Survey data; S15436
nonmetropolitan/metropolitan women's labor force experience; women's employment, structural changes; S15221
parent-youth similarity; mother's employment; questionnaire; father-mother-youth triads; N1670
police employment/crime rates, reciprocal relationship, application to suburban data; N0204
political repression, *Berufsverbote*, (employment discrimination), West Germany; M8245
postmigration employment difficulty; cultural determinants, European immigrants, Philadelphia, Pennsylvania, 1900-1935, assimilationist theory test; work histories; M9214
pre-employment work values, new labor force entrants; questionnaire; Canadian high school students; N5054
rural youth, full employment institutional-structural barriers, urban comparison; N0084
rural-to-urban migration, Manitoban high school dropouts; poor employment opportunities, low income/education; questionnaire, 1975; M8375
self-employed manual workers, petit bourgeois vs working-class membership; US Census data; M7963
sex discrimination decrease, employment interviews; job requirements specification, explicit warnings; experiment; N3715
sexism, Australian cities, women's employment opportunities barrier; resources access constraints, changing needs; N3687
sociological employment, social problems, panel discussion; S15594
sociology majors, employment consideration; questionnaire; potential employers; M8948
sociology, sociological professions, nonacademic employment; Italy; census data; 1981; N3842
statistical arguments, employment discrimination cases, covariance analysis, regression approach difficulties; N2152
statistical evidence, employment discrimination cases, conceptual issues; N2736
sustained employment; family/work characteristics; questionnaires; national sample, white college-educated wives; M9639
unemployment problems, Steiermark region, Austria; border commuting problem; 1971-1979; N4625
wage employment, culture retention, Canadian Inuit (Eskimos); M7543
white-collar employment; advanced information technology development impact, social choice; M9998
wives' employment decision making; conjugal influence determinants; questionnaires; white married couples, Seattle, Washington; N1773
wives' employment; family migration, consequences duration, national longitudinal survey; young/mature women; S15871
women workers' employment experience/attitudes; interviews; English women, 1980/81; N3725
women's employment activity, 1890-1977, blacks vs whites; US census data; N1994
women's employment status; achievement orientation, attainment values; mailed questionnaire; university continuing education center's female clients, 1963-1974; N5342
women's employment/status, traditional service occupations, sex/work roles combined, airline hostess case; N4584
women's employment; family's changing demographic structure; 1960/1970 US Census data; N2009
women's postmarriage employment patterns; life-cycle variables; interviews; N3716
women's quality of life/mental health; social class, employment; N5348
women, paid employment return, theoretical considerations, domestic work; N1996
work views, preadolescents; youth unemployment/delayed labor force entry; questionnaires; elementary school students, their parents, Naples, Italy; N0057
youth employment program assessment research, multimethod approach, Youth Conservation Corps programs; interviews; N0076

youth employment, agriculture, southern Italy; industrial development level; interviews; M9666
youth employment, Italy; industrial structure changes, technology, service economy transition, decentralization; M9303
youth employment, Italy; labor federation studies, 1978-1982; N0072
youth employment, Italy; labor market conditions, government intervention, Law 285's dilemmas/failures; M9337
youth employment, Italy; statistical overview, 1981; N0074
youth employment, southern Italy; labor market restructuring, educational preparation; N0079
youth employment/work attitudes, Italy; sociological perspective, Agnes Heller's *Theory, Practice, and Needs*, existential/alienated/radical needs distinction; M9299
youth unemployment, Australia; government educational program failures; N3653
youth unemployment, Italy; government intervention, Law 285; M9288

Encounter/Encounters
aversive greeting behavior; naturalistic study, numerous encounters; N0787
intergroup perception; individual/collective encounters, W. Doise's & A. Sinclair's experiment partially replicated; N0766
marital relations, stress coping/enhancement; marriage encounter programs; questionnaire; couples; N5069
medical encounters politics, disagreements/disputes/negotiations, ethnographic notes; audiotapes; S15629
relationship as connotation, encounters, symbolic meaning; S15334

Endogamy
loglinear multiplicative models, endogamy analysis; N2196
South Asian ethnic exogamy/endogamy, GB, social distancing; 1977 survey; married couples; M7521

Endorse/Endorsed/Endorsing/Endorsement
sex-role endorsement, homosexual men; questionnaire, Bem Sex-Role Inventory; N2511

Ends
modern sociology, "new ethics" search, Francesco Alberoni's *The Reasons for Good & Evil*, Western civilization's final ends/values; N5276
Weber, Max, "Politics of a Vocation," responsibility/ultimate ends ethic conflict; M7139

Energy
association measures, multiple regression models with ordinal predictor variables, application to natural gas consumption-home construction/climate satisfaction data; N2192
bomb threats against US nuclear energy facilities; media coverage/other factors; Nuclear Regulatory Commission data; N3669
coal production control, strongmen-politicians collusion, India; M8078
electricity, nuclear energy, public opinion; interviews; community leaders, employees, France; N1478
energy conservation attitudes, sex differences/social implications; Ohio; S15260
energy conservation behavior; social class; interviews; households, North Carolina community; N5316
energy conservation behavior; sociodemographic factors; survey data, 1979; S15350
energy development attitudes; questionnaire survey; northern Great Plains residents; N1322
energy needs, industry/food production, Paraguay, Itaipú hydroelectric plant; N4978
energy supply/demand forecasting inaccuracy, embedded methodological/institutional biases, Canadian gas case; N0312
energy systems hierarchy, unifying view/dimensional progression formula; N3759
energy, nonsociological work reviewed, sociology's contributions; N3648
everyday life, community collapse, Wyoming; energy extraction; M8071
highly industrialized technology transfer, Third World vulnerability reduction, alternative energy design; S15895
migrational process/expected future labor shortage, Kansk-Achinsk energy-fuel complex, USSR; N4998
nuclear energy policy making, Canada/France/UK/Japan/Sweden/US/Switzerland/West Germany compared; M8684
nuclear energy use, public attitudes influencing social change; public opinion surveys; Western societies; N1099
power-driven machines, mechanical economy, energy model; N4960
Reich, Wilhelm, energetic life functions concept, significance for child/family study; N3302
social impact assessments; energy development proposals, corporations' interests, social scientists' responsibility; M8609
society, "energetic" theory, evaluative review; N3998
solar energy purchasers, future adoption rates implications; M9400
swine waste utilization, energy/fertilizer source, small farms; S15201
Western communities; energy development impact, local social disruption; comments, rejoinder; N0314

Enforcement
covert law enforcement expansion, diadavantages/costs/risks; N4879
law's pure theory, Hans Kelsen's sociological view critiqued, validity, enforceability; M8273
regulatory bureaucracies, inspection/enforcement practices, Office of Surface Mining Reclamation & Enforcement; questionnaire, interviews; inspectors; N2765

Engels, Friedrich
Engels, Friedrich, journalist/political writer, pre-1848 writings, utopian elements; N3729
Engels, Friedrich, pre-1848 writings, antirevolutionary/utopian currents; N2862
German society, Karl Marx's/Friedrich Engels's analysis, Romanticism, bourgeoisie, proletariat; N2067
Marx, Karl, Friedrich Engels, Ireland knowledge accuracy, Marx's agrarian capitalism theory examined; N3737
Marx, Karl, theory scientificity; Friedrich Engels's distortion/myth of science; N0403
Owenites, 19th-century socialist group, GB, Friedrich Engels's impracticable utopia criticism challenged; Marxism, feminism; M8763

Engineer/Engineers/Engineering
career orientations/intraoccupational choice; questionnaire survey; engineering students; N4632
economic crisis/its effects, differentiated theory, example; interviews; engineers, Hamburg, West Germany; N1267
engineering-technical intelligentsia, sociopolitical activity; survey; industrial workers, USSR; M7913
engineering/scientific discoveries utilization crisis, scientists'/engineers' differing responsibility acceptance; N4583
engineers'/technicians' mobility, regional features, manufacturing enterprises; USSR; M7946
Hungarian State Railway System; train engineers' changing social position; M7690
macro-organizational structure, Aston psychometrically based measures utilization problems, UK electrical engineering companies; M9346
Pound, Roscoe, jurisprudence as increased creative force in US society regulation, social engineering means; N2321
social engineering as health planning, less developed countries; medical social science issues; N1797
social planning/policy relationship, social engineering need; N3640
sociological perspective inculcation, interdisciplinary policy-related courses, sociologists/historians/scientists/engineer team case; N0554
technology transfer problems, Quebec multinationals, engineering field; N4320
women scientists/engineers, participation trends; surveys; N0372
work aspects/their correlates, occupational values; questionnaire; engineers, machine industry, Poland; N1277
work organization rationalization/quality, software engineering; M7965

England/English (see also **Britain, Great Britain, UK**)
accident departments, children's treatment, R. Jeffery's categorization analysis, 'good' vs 'bad' patients; observation, interviews; health/social services staff, England; N5153
age differences in marriage; age; census data; England, Wales, 1976; M8460
"alternative" lifestyles, Argyle Street cooperative, Norwich City, England; participant-observer interviews; residents; N1344
attitudes toward affirmative action in women's employment, determinants, cross-national comparison; interviews; adults, US/England; S15527
Black English trial, Ann Arbor, Michigan, 1975, pluralism/assimilationist policy; politics, sociolinguistics as policy science; M8124
children's biological/sexual development perceptions; interviews; Australia/England/Sweden/North America; N3301
common surgical procedures use, regional variations, England/Wales/Canada/US; statistics; N0153
comparative sociology, school knowledge, Graham Vulliamy's British music teaching study replicated; Ontario high schools; N3105

corruption, British statute law emergence, England/Wales, historical analysis; N5218
creole/English, instruction languages, bilingual education, aboriginal Australians; N3064
crowd control, English football matches; participant observation, interviews; police; M9453
cultural values, US/England, congruence/differences; Burton Wright's Value Inventory; students; M9815
deference/linguistic form association, sentence ranking; native English/Spanish speakers; M8102
deviance/social control/legitimacy origins, US vs England; S15572
domestic violence protection, legal system's failure/patriarchal ideologies, English legal system case study; N3662
downward social mobility, England, within-class slippage, educated unemployed, values retention; M7949
English Canadian novel, male hegemony perpetuation; N1376
English criminal courts, sentence deferment power; 1977 survey; M8252
English criminal justice, increased police powers, Royal Commission on Criminal Procedure proposals; N1576
English neopositivism, social-historical knowledge problems; M8830
English working class, school underachievement problem, "community school" approach, Liverpool project example; N4727
English/French Canadian sixth-grade history textbooks, 1850-1968, comparative analysis; M9814
family farms production/reproduction, southwest England, historical development; fieldwork; N1311
female criminality/liberation, Carol Smart's thesis critiqued; England/Wales; N0191
fertility, economy, household formation, England, 1541-1871; N0040
food preparation/consumption, domestic space function/allocation factors; cross-cultural study; interviews, observations; Australians/English; M7538
foreigner talk, Quebec francophones' English proficiency; interviews; high school students; M8091
French-English earnings inequality, Quebec; ethnic culture, economic structure; survey; residents; M7914
homosexuality, 19th-century English public schools; N3089
housing council "points scheme," racial minorities, North Bedfordshire, England; M8081
identity dimensions, glossolalia/ethnic languages analogy application; task; neo-Pentacostal members, Church of England congregations; M9829
industrial accidents, unsafe working practices; piecework contribution; case studies, firms; Birmingham, England; N2738
industrial city, unemployment impact, demoralization, self-help movement, Wolverhampton, England; N0866
inequality experience; interviews; women lawyers, England; N1287
intergenerational class mobility, English/French/Swedish adult males, convergence thesis; national sample surveys; N4526
Jewish community situation, Cheetham Hill/other suburbs, Manchester area, England; N0872
Jewish immigrants, England, 1700-1905, liberalism, laissez-faire, discipline maintenance; M9202

environmental movements, Japan, citizen vs state mobilization; S15761
environmental quality, the state, environmental regulations observations, global economic crisis milieu; S15493
environmental sociologists, built vs natural environment concern, common interests; N5309
environmental/ecological policies, 1980s working-class movement perspective; N5317
environmentalism, class bias thesis, local growth control dispute case; questionnaire; electorate, Riverside, California; N0311
environmentalism/economic shift, development costs/benefits distribution, rents alterations; S15583
extraworkplace quality of life, French trade unions, environmentalism; N2675
family as social reality/environment/future constructor; Colorado boomtown; N3382
family interdependence, its interacting environments, ecological approach; N0088
future activities determination, environmental social science; past major debate; S15589
gifted delinquents; environmental sensitivity, long-range thinking/coping abilities, court treatment, family-/school-related delinquency causes; GB/US longitudinal studies; N0232
housing, neighborhoods, environmental priorities, 1970s, federal policies; M8062
human development, geographical perspectives, environmental experience; R. Hart's/G. D. Rowles's studies, children/elderly; M7299
institutions/changing environments, adaptation structures/processes; M8801
intelligence quotient; social class, Sandra Scarr-Salapatek's environment hypothesis; Swedish twin study test; M7916
interpersonal behavior perception, dimensionality, social environment importance; M9107
juvenile delinquency, informal/formal control; household density, building-density design, built environment, marijuana use; questionnaire survey; Canadian secondary school students; N1912
"landscape" (concrete environment) symbol, critical utopia vs conservative residue, contradictory political philosophies; N1135
life-threatening illness adaptation; social environment, interpersonal relationships, cancer case; S15499
locus of control reconceptualization, self/environment relation, young workers focus; N0945
lung cancer mortality, geographical distribution, environmental factors, Japan; N1832
mature married women returning to college, family environments;

Moos Family Environment Scale, Locke-Wallace Marital Adjustment Scale; N3676
mental health/interpersonal environment, social structure effects on mental health reexamination, Vietnam veterans case; interview sample; N3540
mobility, educational qualification, West German youths; environment stability; N1442
New York State Environmental Quality Review Act, Cornell University's research design evaluated; S15919
"new" environmentalist organizations, equity ideology vs response to displaced US automobile industry workers; S15617
nighttime environment, dangers, problems; M9728
organization population niche width; environmental variability/grain; telephone interview data; owners/managers, California restaurants; N2756
organization/its environment relationship, goal selection case, health-planning agency boards; S15337
organizational structure/administrative expansion, public schools; institutional environment; 1930-1970 California data; M7659
organizations/their environments/goal definition, neighborhood associations study, urban politics context; M7877
organizations/their external environments linking, external communication, project performance; gatekeepers, research & development facility; M9447
plastic artists' professional role, environment quality, Netherlands; government subsidies; N4714
political orientation/environment correlation; naval machinists, Spanish Civil War; N1197
prehistoric social organization, kinship; environmental change; Easter Island; M9239
Quarticciolo, Roman suburb, descriptive/demographic analysis; scholastic outcome, family environment; interviews; middle-school students/parents; N1946
redistributive goals vs distributive politics, social equity limits, environmental/appropriate technology movements; N5314
residential environment quality as social problem, poor housing/neighborhood, mental health consequences, black/Hispanic women study, Waterbury, Connecticut; S15654
residential environment, evaluation, sentiment; interviews; Seattle, Washington, residents; N1978
residential segregation, urban environment; N3024
science/technology, human/environmental impact; pure vs applied science; public opinion poll; European Economic Community nations; N4941
scientific research, environmental applications; nuclear war threat, resource depletion; N4919
sibling variables/family learning environments, ethnic group differences; interviews; Anglo-Australian/Greek/southern Italian families, Australia; N2478
social perceptions, rape victim's culpability, influence of respondents' personal-environmental causal attribution tendencies; Attitudes toward Rape Questionnaire; N3718
social study of leisure, humanistic sociology of personality development, sociocultural environments, trends/perspectives, Italy; N4417
social type assessment, socialist society, multidimensional environment context; N2519
social/environmental beliefs, cognitive integration; questionnaire; Washington state residents; N5318
sociology of growth/no-growth debate, environmental policy; M7687
territoriality, home environment examination, Greek urban community; participant observation, architectural survey; N5282
top-management agreement, organizational performance; environmental complexity mediating effect; questionnaire; executives; N5419
urban neighborhoods, differential social contact, environmental vs sociodemographic explanations; M8059
values analysis, environmental policy; M8694
weakening ideologies/beliefs/environmental concerns, increased material growth, economic expansion, 1970s; M8670
women, hazardous work environments, social problem development, sterilization, Bunker Hill mining company, Kellogg, Idaho; N3712
work environment reform/industrial democracy, Norwegian/Swedish efforts, US development; N0933
worker behavior, USSR; industrial environment/technological objects; N4235

Epidemiology/Epidemiological
adolescent suicide attempts, epidemiological approach, environmental factors; N5042
depression; social support systems, epidemiological significance; questionnaire; adults, Albany, New York; M8545
epidemiology, work organization, Italian industrial sociology research, organizations theory; M7645
industrial relations, epistemological-logical/structural historical/anthropological-ontological analyses; M7042
mental health, US Indian/Alaskan Native children, epidemiological perspectives; N1865
political epidemiology, public health, bureaucratic processes, Australia; N1798
potential years of life lost measure, death causes comparison, Southeast Asian countries, epidemiological transition positions; N0031
psychiatric epidemiology, case identification/classification, two-stage procedure; M8546
work organization theory, epidemiology, Bruno Maggi's proposals, comment, rejoinder; M7619

Epilepsy
"cocktail party syndrome" (precociously adult speech); case study, 14-year old girl; N3547
epilepsy, social perceptions, Auguste Comte's/Max Weber's theories; N3515
medical vs sociological typologies, epilepsy case; interviews; epileptics; N0167

Epistemology/Epistemological
Althusser, Louis, epistemology, relation to French Marxism; N5382
anthropology, ethnographic fieldwork observation, epistemological principles, positivism/subjectivism combined; M8827
Antiseri, Dario, *Unified Theory of Method*, human/natural sciences epistemology; N3757
cultural anthropology epistemology, ethnoscience/-centrism, depicting all folk systems as conventional; N0423
Durkheim, Emile, Georg Simmel's influence contested, epistemologies comparison; S15285
empirical research, theoretical/epistemological/methodological problems; women's social mobility; M7009
epistemological foundations, cultural materialism, Marvin Harris's work; N0398
epistemological relativism, social sciences/sociology of knowledge; "surrender-&-catch" concept; N5269
epistemological status, human action sciences, Ludwig von Mises's contribution; N2264
epistemology, Jürgen Habermas's "pragmatic universal" concept, Talcott Parsons's "human condition paradigms"; N0645
everyday life sociologies, epistemological/ethical interpretations; N0425
field anthropology, ethical issues, epistemological disjunctions; M9017
Foucault, Michel, Western epistemology, historical changes, sociological relevance; M8960
ideology as epistemological category, knowledge theory; N0434
natural vs social science epistemological controversy, USSR; politicians' participation, liberal-conservative flux; M8995
organization theory, cybernetic imagery impact; cybernetics as epistemology vs technique; N3989
prehistory, Australia, theoretical issues, social theory, ecology, epistemology; M8832
quality of work life, epistemology; N3637
Simmel, Georg, epistemology of social science, *Als-Ob* (as-if) role/relativity concept; N3881
social data explanation, psychological approach, epistemological problems; M8825
social science ontologies, nominalism, epistemology; M8831
social science, crisis, epistemology, methodology, knowledge historicity, Max Weber, Edmund Husserl; N2260
sociobiology, epistemological/normative issues; M7260
sociology of everyday life, epistemological propositions, structural/organicist model, sociological "formism"; N3983
sociology of knowledge, epistemological implications; S15824
sociology, qualitative/quantitative methodologies, epistemology; comments, rejoinders; N0693
Weber, Max, disenchanted thesis, Jürgen Habermas's/Ernest Gellner's responses, epistemology, politics; M8965

Equal/Equality/Equalization
Canadian employment opportunity equality, reform effectiveness, male/female division of labor, public/private sectors' "double standard"; N4622
economic equality, public perceptions; education's effects; survey; Canadian adults; M8145
educational opportunities equality, Western Europe, postwar research developments; M9789
equal opportunity awareness, affirmative action programs, new social understandings rise; N2901
Equal Rights Amendment defeat, patriarchal state; N1136

Equal Rights Amendment defeat, right-wing mobilization of women; N2006
Equal Rights Amendment opinion; anticipated consequences, background, spouse's opinion; interviews; national sample, married couples; M9429
equal wages-equal work value concept, men/women, 1977 Steel Plate Examiners strike, Canada; N4264
equality limits, Fred Hirsch's *Social Limits to Growth*, political change, power, inequality; N0745
equality obstacles, government responses, Gay Rights movement, US; N1127
expectations from unequal rewards; M7399
government's racial/ethnic relations mediation, equality promotion, "literal" vs "corporate" pluralism models; US; M7500
health equality, GB; class structure, material/working conditions, social policy implications; M8690
homicide; Emile Durkheim's societal development model, social equality, cross-national test; M8599
"Ideology, Myth, and Reality: Sex Equality in Israel," Selma Koss Brandow's critique reviewed, reply; N4040
justice process, allocation norms, equity/equality; videotaped group discussions; undergraduates; N2355
patrimonial matters equality, husbands/wives; interviews; married women, Belgium; N1736
political ideology, religiosity, attitudes toward women; interviews; pro-/anti-Equal Rights Amendment women; N2003
postmodern values hegemony, economic growth, social equality, political democracy, cultural rationality; M7326
pro-/anti-Equal Rights Amendment activists, comparison; questionnaire; N4377
producing equal-status interracial interaction, Elizabeth G. Cohen's-Susan S. Roper's experiment replicated; black/white junior high school boys; M7520
racial equality, whites' support continuity, 1972-1976; M9421
relationship satisfaction predictors; equity, equality, reward level; questionnaire; university students; N2386
religion, "Christian" movement, US, 1790-1815, liberty/equality ideas impact; M9847
school system; opportunities equalization, elitism; N4733
sexual equality/battered wives relationship; interviews; US adults; N3672
social justice/equality values, organized religion; interviews; greater New Haven, Connecticut/London, England; N3139
women's movements, women's opposition, antisuffrage/anti-Equal Rights Amendment ideology comparison; S15303

Equation/Equations
block variables, multiequation models, subjective social class identification causes study; General Social Survey; men; N2191
empirical social research, structural equations, path analysis, discrete data; N3814
linear stochastic differential equation models, parameter estimations, panel data source; S15751
path analysis structural equation models, indirect effects, asymptotic confidence intervals; N2172
simultaneous logistic response equations systems, utility; N2183
specification errors detection, linear structural equation models, Netherlands survey example progressive/conservative attitudes; N2193
two-stage least squares uses, simultaneous equation models; N2187

Equilibrium/Equilibration
contemporary sociology, thermodynamic theory of equilibrium utility; N2100
plurality, majority voting, equilibrium/recurrence concepts; M9036

Equity
affective self-disclosure/marital adjustment relations, equity theory; questionnaires; couples; N1720
businesses, racial equity goal, South Africa, Leon Sullivan's principles, implementation problems; M9404
calculating equity, ordinal/ratio criteria, reply to J. C. Alessio's critique; N2490
conjugal exchange, normative ambiguities, equity norm problem, longitudinal study; interviews; young married Swiss, Geneva; M8474
equity theory development problems, G. J. Moschetti-R. J. Harris formula faults; M7234
equity, schooling, organizational/processual variables excluded from 1966 Equality of Educational Opportunity Report, recent case studies review; M8150
equity/depression relationship; interviews; married couples, midwestern state; M8499
injustice situations types, preference responses reversal, methodological contribution, equity theory; questionnaire; undergraduates; N4112
insurance companies, sexes, equity; pensions, life insurance policies'/annuities' prices, expected return concept; N0358
justice process, allocation norms, equity/equality; videotaped group discussions; undergraduates; N2355
marital relationship, equity evaluation, alternative approach; N5127
"new" environmentalist organizations, equity ideology vs response to displaced US automobile industry workers; S15617
organizations, recruitment/reward equity, US universities pre-affirmative action; questionnaire; faculty; N4325
perceived fairness, overcoming egocentric bias, self-awareness; experiment, questionnaire; undergraduates; N2420
redistributive goals vs distributive politics, social equity limits, environmental/appropriate technology movements; N5314
relationship satisfaction predictors; equity, equality, reward level; questionnaire; university students; N2386
wealth accumulation, black vs white men, housing equity case, national sample; N1041

Ergonomy/Ergonomic/Ergonomics
electronic data processing work, Austria; ergonomics-based recommendations; N4587
ergonomics/work science/sociological research links, work science development, West Germany; Gesellschaft für Arbeitswissenschaft programs; N4273

Erhard Seminar Training (EST)
new religious movements' public rituals/autistic children's private rituals, symbolism; Scientology, est; M9882

Erikson, Erik H.
Erikson, Erik H., identity concept, formation process; N4068
individual freedom vs community control, Erik H. Erikson's ritualization ontogeny, Johann Driedger case study, Old Colony Mennonites; N1488
psychoanalysis, history, historiography, Erik Erikson, Robert Coles; N3610

Erotic/Eroticism
eroticism/sexual performance problems, chronic alcoholic men, social interactionist perspective; interviews; wives of alcoholics/nonalcoholics; S15658
motivated intermale aggression; erotica, excitation, hedonic valence; experiment; undergraduates; M9177

Error/Errors
adult disciplinary action; child's looks/speech; experiments; female undergraduates; M7362
biology/psychology research, functional localization/various functional analyses errors; N0424
interview survey research methods, model of potential error sources tested; interview data; Detroit, Michigan, females; N2092
medicine, Charles Bosk's technical/moral error distinction hypothesis, application to fieldwork; interviews; surgeons; M7053
scientists' accounting for "correct belief" vs "error," social world construction; N3229
self-reports, college students' academic performance, response errors, exploratory data analysis; M8875
stratification, social/psychological variables, response error inclusion, Wisconsin model accuracy; M9587
survey response error measurement; confirmatory factor analysis method; N2182

Escalate/Escalating/Escalation/Escalations
juvenile delinquency, career escalation model tested; offense history data; N1915
physical aggression, escalation/felt responsibility; experiment; Russian immigrants to Israel, Israeli natives; N2353

Eskimo/Eskimos
bowhead whales conflict, Eskimo harvest vs conservation attempts, history, present status; N0907
Canadian Indians/Eskimos, Ontario newspaper's coverage, content analysis; M9445
Eskimo cooperative movement, Canadian Arctic, emergence/decline; post-World War II state intervention, corporate structure development; N4352
Inuit natality rhythms, seasonal variation, central Canadian Arctic; fieldwork, interviews; N3257
wage employment, culture retention, Canadian Inuit (Eskimos); M7543

Estate/Estates
latifundiary estates, slow technical progress, Portugal, steam threshing diffusion focus, Alentejo, 1860-1930; N2797

Esteem
adolescent self-esteem/emotional learning disabilities, significant others; definition problems, literature review; M8439

authoritarianism, self-esteem; questionnaires; white Rhodesian (Zimbabwean)/South African university students; N2545
autonomy as self-esteem source, male adolescents; S15835
black self-esteem explanations, empirical tests; interviews, questionnaires; manual/clerical/semiprofessional employees; M7457
black self-esteem; interracial contact; statistical data, stratified cluster sample; black students, grades 3-12, Baltimore, Maryland; N2459
children's self-esteem; family cohesion perceptions; questionnaires; children/their teachers, Canberra, Australia; N1673
children's self-esteem; religious/racial group identity, group rejection; questionnaires; Baltimore, Maryland, students, grades 3-12; M7446
design matrix strategy, categorical data analysis, self-esteem examples, religion/paternal education issues; N2184
early adolescent self-esteem; social class, Morris Rosenberg's, Leonard I. Pearlin's study replication/extension; self-esteem instruments, interviews; fifth-/eight-graders; N0776
ethnic identity as community esteem source, elderly, Corsicans, France/Portuguese-Americans, California comparison; N5204
ethnic status/adolescent self-evaluations, minority self-esteem research extension; N0794
ethnocultural identity/self-esteem; self-attitude formation theories; N2609
family relationships perceptions/self-esteem relationship, Filipino university freshmen; family acceptance/intercommunication scales; N3475
female offenders assumptions, self-esteem/sex-role indentity/feminism, nonoffender control group comparison; questionnaires; Boston, Massachusetts; M7472
global self-esteem, racial differences; Tennessee Self-Concept Scale, Bill's Junior High School Index of Adjustment & Values, Racial Semantic Differential Scale, trait evaluation scale data; black/white seventh graders; N2436
inner/outer self-esteem development, innovative/traditional schools; role structures/self-conceptions interaction; self reports; seventh-/eighth-graders; M9153
male/female differences, sexuality/self-esteem relationship; questionnaire; college students; N2544
race/ethnic relations, self-esteem concept; English vs Dutch adolescents; M7355
self-concept formation, efficacy-based self-esteem; social structure; N2414
self-concept/-esteem, late adolescents, sex differences, historical change; self-ratings; university students; M8432
self-concept/-esteem/-ideal development; Self-Description Inventory; Chilean/Mexican/US school children; N2561
self-esteem determinants, deviant-labeled adolescents; educable mentally retarded students; N2538
self-esteem scale, race/sex differences explanation, factorial invariance, M. Rosenberg's & R. G. Simmons's scale tested; black/white, male/female school children; N0792
self-esteem, early adolescence; sex-role orientation; Rosenberg self-esteem measure, Bem Sex-Role Inventory; junior high school students; N4071
self-esteem, female graduate nursing students; sex-role identity; N2413
self-esteem, feminist/nonfeminist/male French Canadians comparison; Rosenberg Self-Esteem/Sex-Role Ideology Scales; N2475
self-esteem, occupational correlates; garbage collectors, bartenders, professors, others compared; M7467
self-esteem, race differences, selective credulity hypothesis; M9137
self-esteem/faith in people; religiosity, family solidarity; questionnaire, Rosenberg's Self-Esteem/Faith in People scales; Middletown high school students; N4784
self-esteem; locus of control; questionnaire; black/white youth; N2433
self-esteem; middleborns vs first-/lastborns; interviews, questionnaires; tenth-grade boys; N1750
self-esteem; social status, conceptual refinements; M9122
sex role/self-esteem relationship, instrumentation study; Bem Sex-Role/Coopersmith Self-Esteem/Texas Social Behavior Inventories; N4050
sex-role attitudes, trust, self-esteem; rape salience; questionnaire; nonraped women; N0815
sport-preference/personality relationship, social alienation/self-esteem cases; questionnaire; university students; M7794
traditional/nontraditional women's role orientation; locus of control, self-esteem; questionnaire; N3696

Estimate/Estimates/Estimating/Estimation/Estimator
crime deterrence; punishment seriousness; magnitude estimates, factor analysis application, individual differences patterns; S15827
effective population size estimates, man, Indian data; N4979

evaluation research, experimental design problems; job-training program case study; N5415
evaluative dimensions, bipolar scales, four societies, *Horizons USA* magazine readership; presentation order; interview questionnaire; elites, GB/Italy/Philippines/Venezuela; N2449
exconvict recidivism reduction, monthly monetary allowance; controlled experiment evaluation; comments, rejoinder; M7085
experimental procedures, subjects' prior knowledge honesty; evaluation apprehension/commitment; N2122
gender/race/social class differences, self-evaluations; interviews, semantic differential scale; college students; M9172
identity salience; role evaluation, commitment; questionnaire; undergraduates; N2438
innovative medical school program, professionalization socialization, competence evaluation, neophyte uncertainty/adaptation/symbolic role enactment; McMaster University, Hamilton, Ontario; N1260
introductory sociology, experiential vs traditional teaching methods; evaluation, subsequent enrollment differences; M8941
judge time measurement, judicial performance evaluation, discrepancies; survey; N3178
marital relationship, equity evaluation, alternative approach; N5127
newspaper image/evaluation factors; interviews; US; N1082
partially standardized scales development, treatment planning/program evaluation; S15802
persons evaluating described face-to-face social interactions, judgments' dimensionality; British social science students; M9103
positive/negative/neutral stimuli evaluation; mood/feeling state effect; experiment; college students; N2446
power/prestige status generalization; differential evaluations; experiment; female undergraduates; M7395
program evaluation, traditions/rules as obstacles; M7056
public enterprises evaluation, directives formulation; M7675
residential environment, evaluation, sentiment; interviews; Seattle, Washington, residents; N1978
reward allocators evaluations; task inputs, situational context, sex; semantic differential scales; undergraduates; N2567
rural community health care program evaluation, unobserved variable structural equation models; S15380
scientific research, economic effectiveness evaluation, USSR; N0001
Sheboygan Wellness Association, program offerings; evaluation questionnaire, interviews; S15682
social science journal hierarchy determination, subjective vs citation ranking; sociologist sample, *Social Science Journal Citation Reports*; M9959
social sciences, theoretical prediction evaluation; coalition/other models examined; N4034
sociology of program evaluation, field development, issues; N5407
structural inequality legitimation, self-evaluation argument reformulation/test; experiment; N2954
student disengagement from high school; evaluation processes; survey; S15839
teachers' evaluations; student social class/intelligence quotient/self-concept; Tennessee Personality Inventory, Lorge-Thorndike Intelligence Test; eighth graders, Israel; M7469
teaching introductory social work/welfare; student evaluation survey; S15675
Urban Development Action Grant program, federal involvement/self-evaluation problem; interviews; city officials, plant managers; N0418
vicarious exposure to task as evaluative competence basis; evaluation experiment; undergraduates; N2395

Evangelism/Evangelical
churches, television evangelist preachers, US; M9844

evangelicalism operationalization; James Davison Hunter's proposal amended; M8202
evangelicalism, dogma/new cult revival; M9865
Hunter, James Davison, left-wing evangelicism existence, New Class concept evidence questioned, reply; N3142
mass media suitability, Christian evangelization, Japanese case; survey; M9880
Open Door Messianic Jewish Congregation, evangelical Christian doctrine, Los Angeles, California; N1483

Evans-Pritchard, E. E.
anthropology methodology, observation concept, A. R. Radcliffe-Brown/Claude Lévi-Strauss vs E. E. Evans-Pritchard/Clifford Geertz; M8823
Evans-Pritchard, E. E., Nuer society/sociology of colonial rule, space/time analysis; Antonio Colajanni's assessment critiqued; M7548

Event/Events
alcohol problems; stressful events/conditions, Robert Bales's alcoholism theory tested; S15571
censoring problem approaches, event-history analysis, A. B. Sørenson's preliminary formulation reviewed; N2176
event history testing, effects in event series collection, residential mobility data test; M8842
event-history analysis, discrete-time methods; N2127
event-history analysis, non-/partially parametric approaches; N2177
goodness/powerfulness/liveliness; discerned social events; semantic differential scales; undergraduates; N2430
historical-political event coping, generational differences, 1961 frontier closing case, Berlin, Germany; interviews; former border crossers/traders; S15540
individual event histories, statistical modeling methods; N2145
life events/drinking patterns/depressive symptomatology, alcohol consumption, stress-buffering role; interviews; residents aged 18-60, rural Tennessee; N5190
Portuguese revolution, 9 September 1836, events logic; N2865
psychological distress antecedents, young adults, self-rejection/social support deprivation/life events; N5183
publicly reported, community-related events, social-structural aspects, community activity theory development; S15904
reactions to hypothetical jealousy producing events; questionnaire; N3412
Relationship Events Scale, courtship progress measure, Guttman scaling, validity test; N5101
reliability, variables measured as number of events in time interval application to B. F. Reskin's chemists data; N2128
repeatable events in life histories analysis, unobserved population heterogeneity, new approach, application to marijuana use timing; S15889
role incompatability resolution, family roles/marijuana use associations, life event history analyses; S15890
"social clock" phenomenon, age-related life events, Kansas pioneers example, biographical correlates prediction; N4079
Tausig, Mark, depression, life-event scales as predictor, undesirable events choice criticized, reply; N4084
traditional food beliefs, critical life events, Peninsular Malaysia; interviews; women; N0906

Everyday life
agriculture problems, science & technology vs everyday life in defining problems; Third World technology transfer implications; S15358
anthropology of everyday work, ethnosociological perspective; technological change; N4234
everyday life as socioscientific/historical category; N2284
everyday life ethnosociology, personal experience narratives; interviews; French workers; N4265
everyday life iconography/symbolic representation, spatialization process, miniaturization vs aggrandizement, Switzerland; N3931
everyday life sociologies, epistemological/ethical interpretations; N0425
everyday life studies, autobiographical data; elderly Swiss life-history data; N2104
everyday life, Alfred Schütz's phenomenology; N2326
everyday life, community collapse, Wyoming; energy extraction; M8071
everyday life, death/dying management/attitudes; US studies; N4007
everyday life, lifestyle typology; N2271
everyday life, sociological macro-/microtheory integration; N2290
everyday life, sociological research problems; N2295
everyday life, sociological/anthropological concept, nature-culture interface; N3976
everyday life, time-use computation, time-budget research; N3967
everyday life/economy relationship, Marxist concepts' limitations, experience vs theory, "collective memory work," Hoechst Chemical Works incident; West Germany; N3875
everyday life/lifestyles; theoretical assumptions/empirical research; N3767
judicial decision-making process, theories of the everyday, judges' social background, West German criminal case; N4857
life-history/nondirective interview data evaluation; Swiss elderly cases; N2106
metaphor/self, symbolic process, everyday life, community mental health construal; N4085
private sphere, women's/children's everyday life activities; effects on historicity; life-history; N2272
religion salience, everyday life, US/Swedish survey research; M9867
religion, church's importance, popular culture, everyday life, urban/Protestant vs rural/Catholic region; questionnaire; Swiss elderly, Switzerland; N1508
religion, everyday life, Sixteenth International Conference of the Sociology of Religions critiqued; N1520
religion, sociology of everyday life approach, values production; N1527
religion/values/everyday life interrelationships, history; N1525
religious sociology, everyday life concept, ethics; N1502
social interactions, interpretations, everyday life; M7407
sociology of everyday life, epistemological propositions, structural/organicist model, sociological "formism"; N3983
sociology of everyday life, spatial/temporal characteristics, dissident aspects; N3930
sociology of everyday life, theoretical issues, risk; N3946
values change, everyday life involvement, politics/religion; N1548

Evidence
public opinion polls as court evidence, change of venue motion case study; N3192
scientific evidence presentation methods, court, panels vs party witnessing, school desegregation cases; interviews; lawyers, social scientists; N2094

Evil
Alberoni, Francesco, *La ragioni del bene e del male* discussed; family context, current economic crisis; N2039
evil eye beliefs, folk models' inconsistency, Sicilian immigrants, Ontario, Canada; N1830
modern sociology, "new ethics" search, Francesco Alberoni's *The Reasons for Good & Evil,* Western civilization's final ends/values; N5276

Evolution/Evolutionist/Evolutionists
anthropology, cultural evolution, mechanical materialism factor, protein myth fiasco; M9244
contemporary Mormonism, Mark Leone's/Janet Dolgin's application of Robert Bellah's religious evolution model critiqued; M8243
depression, common sense/psychosocial evolution; N5194
evolution theory, social Darwinism, biological/philosophical interpretations; N0608
food sharing, evolutionary theory; M7536
Gallino, Luciano, biological/social/cultural evolutionist synthesis, sociological evaluations; N0673
genetic/cultural evolution, Charles J. Lumsden's/Edward O. Wilson's integrated theory; N0053
immigrant ethnic community; demography, evolution, natural selection, gene flow; Hungarian Settlement, Louisiana; N3270
Portuguese Communist Party, post-1929 reorganization, 1931-1933 political evolution aspects; N2897
rural sociology's evolution, US vs North America; N4651
schools, teaching creationism vs evolution, *McLean* v. *Arkansas Board of Education,* US District Court judgment text; N1458
sexual evolution conditions, biological perspective; N1696
sociobiological vs sociocultural evolution, genetics assumptions questioned; N3960
Spencer, Herbert, social theory, continuing importance, kinship evolution/women's status study; N3849
Teilhard de Chardin, Pierre, evolutionary philosophy, critical reflections; M7143
Weber, Max, *The Protestant Ethic and the Spirit of Capitalism;* sociocultural evolution; behavioral theory vs Weber thesis; N2294

Evolutionary/Evolutionism
Darwinism, creativity/reductionist claims contested, evolutionary theory expansion; N1920
development trajectories, ecological-evolutionary theory test, Third World societies; S15819
evolutionary theory utilization, social sciences; M7253

information technology, evolutionary potential/educational system crisis, Italy; N4717
Kropotkin, Piôtr, social evolution/ethics, 19th-century evolutionary theory context; M9003
Parsons, Talcott, US religion, evolutionary significance; N1531

Examination/Examinations
O-level sociology examination, structured questions inclusion; England; N3838
secondary school examination scores; social policy variables impact, regression model, statistical issues; Karachi, Pakistan; N0506
university entrance examinations, Spain, selective character; M9798

Exchange/Exchanges
bargaining, economic exchange, civilization; exchange theory's limitations; M7249
conjugal exchange, normative ambiguities, equity norm problem, longitudinal study; interviews; young married Swiss, Geneva; M8474
division of labor, capital accumulation, commodity exchange, Puerto Rican sugar cane hacienda; Marxist perspective; M9694
divorce/marriage patterns, exchange rules theory; M8475
dyadic exchange/cooperation; social reinforcement, structural variations; experiment; college students; M7422
elderly, subjective well-being; intergenerational aid exchange; questionnaires; Washington residents; N1877
Emerson, exchange theory, extension to account for authority structures' proliferation; S15848
exchange networks, power distribution, theoretical analysis; laboratory experiments, computer simulation; students; N4331
exchange vs communication dialectics; linguistics; N0739
fieldwork information access, exchange theory perspective, Ghanaian labor unions case; M7061
foreign policy rhetoric/behavior correspondence, role/exchange theory insights; M7314
gender/exploitation, rewards, cross-sex social exchange; resources, social-structural conditions; simulation game; dyads; M9101
Homans, George C., exchange theory role, theoretical/empirical sociological debate redefinition, reductionism issue; N0662
international scientific exchange; US national security restrictions; M9945
interorganizational exchanges stability; environmental uncertainty; Chicago Board of Trade's rulemaking processes, longitudinal study; M7644
Lévi-Strauss, Claude, *The Elementary Structures of Kinship*; incest, exchange concepts discussed; N0875
local exchange imbalance explanation, social matching over multiple reinforcement domains; M7258
marital interaction, structural exchange theory; M8480
marriage quality, U. G. & E. B. Foa's interpersonal resource exchange theory; questionnaire; husband-wife couples; N5123
Nietzsche, Friedrich, sociology, comparison with exchange structuralism, will to power theory; N0625
policy implementation analysis, social exchange approach, intergovernmental relations/urban policy failures, GB; N0737
political exchange, growth conditions; M7831
power imbalance/use, nonnegotiated dyadic exchanges; experiment; undergraduates; N2364
primary group contact/morale relationship, exchange/power analysis; interviews; elderly, Atlanta, Georgia; M8565
regular course offerings, shopping centers, exchange theory application, student audience expansion; M8946
social exchange development under incompatible social contingencies; matrix-gaming experiments; undergraduates; M7421
social exchange involving choice between alternatives, bias, matching law approach; experiment; undergraduates; M7349
social exchange, elderly, conversation/negotiation; N3560
social exchange, moral development, self/self-image/identity dimensions; N4080

Excitation
motivated intermale aggression; erotica, excitation, hedonic valence; experiment; undergraduates; M9177

Executive/Executives
US business executives/journalists relations, elite classes conflict, morality/economics/politics; Thematic Apperception Test; M9426

Existence
Dumont, Fernand, *Anthropology in the Absence of Man* discussion, relevance epistemology, existence question, reply; N2332
social existence, meaning, critically reflective Marxist sociology; M7295

Existential
Allport, Gordon W., religious orientation/thought complexity, existential concerns; C. Daniel Batson's religious quest concept; questionnaires, testing; University of Kansas undergraduates; N1476
Chesterton, G. K., life/writings, resistance to existential suffering exemplification; N3986
Heidegger, Martin, *Being and Time*, existential ethic development; N2309
human identity formation, existential self; language/silence role; S15719
Marxism/existential-phenomenological sociology relation, J. Margolis's nonreductive materialism defense, Martin Heidegger's *Being and Time*; N2081
trust enhancement experiment, Israeli Jews/Arabs, Ben-Gurion University, existential writings reading, Buberian learning groups' method; N3095

Exogamous/Exogamy
exogamy/biosocial structure change, modern urban population; interviews, marriage data; Japanese Americans, Seattle-King County, Washington; M9237
South Asian ethnic exogamy/endogamy, GB, social distancing; 1977 survey; married couples; M7521

Expansion
arts, audience social composition, US; cultural democracy expansion/elite vs broad public expansion; unpublished studies; M9763
capital cities, US; federal/state budget expansion impact; SMSA sample, 1970; M9704
general systems theory, spatial aspects, expansion areas, science; N3765
welfare policy expansion, US, 1947-1976; civil turmoil/racial insurgency vs standard developmental variables; Larry Isaac's & William Kelly's data reanalyzed; N2603

Expectations/Expectancy
aged's acceptance of age-appropriate behavioral expectations; family's/friends' expectations perceptions, age-related shortcomings acknowledgement, reference group approach; questionnaire; utility company retirees; N0186
altruism vs self-interest expectations development; behavior predictions; boys/girls; N2379
attitudes toward/expectations of childbearing; interviews; newlyweds; N5109
childrearing expectations, Japanese/US parents; questionnaire; N3305
considerate behavior, children with Middle Eastern/Western backgrounds, Israel, normative expectations differences/their implications; N2447
consumer expectations/judicial decisions, West Germany, legal reforms need; N4866
cultural sex-role expectations, children's sex-role concepts; interviews, questionnaires; children, US; N2573
desires/expectations regarding work, determinants/consequences; survey; high school girls; N2726
dowry system, Indian marriages, attitudes/expectations/practices; N3452
educational aspirations/expectations, social inequality, objective social reality interiorization; survey; middle-grade/university students/their parents, Murcia, Spain; N4086
educational expectations/life goal aspirations change, 1968-1979 study; university students; M9816
expectations from unequal rewards; M7399
funerary roles, ritualized expectations; participant observation; Mississippi funerals; M7547
gender expectations, corporations; N3009
group cohesiveness development; members'/leaders' expectations, early/late time periods; expectation scales; growth group participants; N2368
improved economic conditions, rising expectations, dissatisfaction, past/present relative deprivation hypothesis; interviews; US adults; N2315
interview response quality/cooperation; interviewer characteristics/expectations; N0482
labor market experiences/expectancies; interviews; national sample, men/women, blacks/whites; N2422
Lee, Margaret T./Richard Ofshe, social influence/task groups, expectation-states/two-process theories, "crucial test" inadequacy, scope conditions measurement, reply; N2421
mental health; work stress, work experiences/expectations discrepancies; questionnaire; male industrial workers; M9315
occupational expectations/attitudes toward careers for married females; discrimination against females in religious denomination; national sample, college freshmen; N4827
peer expectations, outstanding competencies; interviews; men/women medical students; N2978

performance expectations formation; personal characteristics; experiment; female undergraduates; N2398
professional identity, traditional/humanistic expectations discrepancies; interviews; seminary students/faculty; N1266
"risky shift," problems/choice dilemmas, expectation states theory application; experiment, questionnaire; undergraduates; M7339
role behavior/expections analysis, household tasks division hypotheses; interviews; Korean immigrant families, US; N3422
self/other assumed similarity; future interaction expectation; experiment; undergraduates; N2484
self/other performance expectations; performance feedback/social comparison cues withdrawal; experiment; high school students; M7438
single women, sex-role expectations, socioeconomic status, parental relationships; N2480
status inconsistency resolution, expectation states theory/test; experiment; female undergraduates; M7402
youths' residential expectations/migration preferences; parental preferences; survey; Utah high school seniors, 1980; S15467

Expenditures
Australian welfare state expenditures, economic/political models, 1945-1979; N1966
elites, increased public support, US military expenditures, 1970s; N0998
public expenditure cuts, UK, political party realignment, occupational class; interviews; Manchester, England, residents; N2873
public expenditure growth, UK, "economics of politics" explanations criticized; N2915
research & development expenditures/publication output relationship, US colleges/universities; M9980
resource leakage, rural areas; household expenditure patterns; Lake Powell area (Utah/Arizona) communities; boom-town vs more stable places; S15409
Scandinavian nation-states, world economy/public expenditure problem relationship; N4471
social security expenditure development causes/consequences, Western Europe, 1949-1977; N2778
social welfare, social policy, government expenditures trends, US; welfare pro/con arguments, capitalist economic policy; Carter Administration; M8687

Experience/Experiences
applied sociology Master of Arts graduates, Kent State University (Ohio) program, training/work experiences/professional identity; questionnaire survey; N5403
attitudes toward mental illness; mental hospital vs classroom experience; questionnaire; nursing students; N5182
Benjamin, Walter, experience, materialist theory, significance for modern Marxism; M7318
child care forms, Sweden, experiences/acceptance; questionnnaire; women aged 20-59; N3304
childhood punishment experiences, adult violence, relationship; national survey, National Commission on the Causes & Prevention of Violence; N0327
consciousness determination; gender/family/work experience; S15784
delinquency, evaluative social experiences, self-concept as mediating factor; interview surveys; high school students; N3601
deviance, social constructions, experiential dimension neglect critique; S15600
diabetic experience, time/biography; N4076
everyday life/economy relationship, Marxist concepts' limitations, experience vs theory, "collective memory work," Hoechst Chemical Works incident; West Germany; N3875
Goffman, Erving, *Frame Analysis, an Essay on the Organization of Experience*, preface function, reflexive sociological discourse; N2110
immigrant experience study, general framework; S15911
job shifts/experience, West German young men, temporal data analysis, life tables use; N1233
later work experience, full-time/part-time/unemployed male youth, comparative study; National Longitudinal Survey; N4285
major college football participation, deep South; race, home town, experience; statistics; N2845
medical technology/experience crisis, clinical legitimation costs, end-stage renal disease case; interviews, observation; clinic staff, patients; N1839
mental health; work stress, work experiences/expectations discrepancies; questionnaire; male industrial workers; M9315
mock juror case judgments; prior experience; male undergraduates; M8275
mothering attitudes/experiences/self-perceptions; interviews; heroin-addicted/nonaddicted women; N3532
mystical experience/spiritual knowledge, contemporary ecstatic religion, Divine Light Mission case; interviews, questionnaire; members; N4793
occupational experience, self-concept, longitudinal study; M7989
occupational socialization; early work experiences; questionnaires; tenth-/eleventh-grade adolescents, Orange County, California; M8446
personal experiences documents, popular literature/mass media market; N0266
religious experience, biological/biochemical mechanisms, endorphin; M9848
religious experiences ordering, Rodney Stark's intimacy/saliency relationship hypothesis; questionnaire; young adults; N3116
sexual experience reconstruction as conceptual clarification process; student accounts; S15627
sexual experience/knowledge, contraception use; questionnaires; French adolescent females; N3349
work experience, subjective/symbolic meanings, women in labor market; N2680
work experience/psychological involvement interrelations, "occupational socialization/selection" hypotheses; questionnaire; male college graduates; N0959

Experiment/Experiments/Experimental/Experimenter/Experimentation/Experimentalism
artistic experiments, counterculture center, Paradiso, Amsterdam, Netherlands, attempt to bridge modern art/society gap; N4708
crime/recidivism, exoffenders, California; unemployment benefits extension, quasi-experimental evidence; N3581
effective legal decision making, controversial matters, reliance on law/social science collaboration, US experiment, enforced school integration; N0650
evaluation research, experimental design problems; job-training program case study; N5415
exconvict recidivism reduction, monthly monetary allowance; controlled experiment evaluation; comments, rejoinder; M7085
experimental comparison, clustered/scattered scale items; N2121
experimental procedures, subjects' prior knowledge honesty; evaluation apprehension/commitment; N2122
experimental research practicality/ethics, psychology of religion studies; N1495
experimental social psychology, dominant research areas, 1970s, journal articles; N0783
health-related experimentation issues, human populations; M8324
Herriott, Robert E., educational change promotion, organization images, experimental schools findings; M8164
laboratory vs social field experimentation, division ambiguity; M8808
psychosociological experimentation approaches, social images, representations, ideologies; N0777
religious attitudes studies; experimenter effects; experiments; Canadian university students; M7062
secondary analysis usage, quasi-experimental research; M7078
social experiments, health, program monitoring, evaluation; M7058
social philosophy influence, emancipatory movements, Polish independent trade union *Solidarność* experiment, 1980/81; N4512
social psychological simulations, experiments substitution, faulty inferences problem; M7055
social structure, informant-defined experiment; interviews; M7049
telephone interviewing, experimental techniques; national sample, US racially/socially varied adults; M8858
trust, breaching experiments, participants' accounts; M7020
value/morality dimensions, animal/human subjects experiments; questionnaire; undergraduates; N0619

Expert/Experts/Expertise
alpha-fetoprotein, rational reproductive choice, social policy development, scientific experts panels use; S15495
expert opinions, sociological research, gathering methods; N2093
expert woman reactions, profeminist/antifeminist men; M8736
experts/their expertise, changing relationship with public; N4946
family experts, television talk shows, facts/values/half-truths; N2837
"irrelevant" testimony relevance, lawyers' use of social science experts, school desegregation cases; interviews; social scientists, lawyers, judges; N1589
peer choices, geographic patterns; questionnaires; experts/journal editors, scientific/nonscientific specialties; M8908
political conflict, applied scholarship, expert witnesses, school desegregation litigation; interviews; N0618
scientific experts distribution, peer consensus/networks; questionnaire; journal editors' nominations; M9972
sociological committees, expertise provision, ethics neutrality, specific values; M7156

Explanation/Explanations/Explanatory
causation as explanation critiqued; M8820
"human-machine interaction," self-explicating artifacts problem; S15632
microeconomic theory, rationality, market behavior explanation; N5275
persons/explanation theories, science unity concept model, materialism; M8824
pupil performance, teacher explanations, self-presentation interpretation; experiment; college students; M7460
social psychology crisis, scientific explanation problem, "complexity paradigm"; N3762
social sciences, explanation/understanding concepts, laws/October Revolution/US youth movement examples; M7030
Exploitation/Exploiter/Exploiters
accommodative/exploitative behavior, males vs females, managers vs nonmanagers; W. Edgar Vinacke's strategy test; business firms employees, New York City; M8716
child welfare, house of refuge movement emergence, 1820s, humanitarianism vs exploitation thesis; M9923
class exploitation, Canada; Carl Cuneo's Marxian analysis criticized; M7950
economic exploitation, peasant communities, San Juan de Uchucuanicu, Peru/Mojsa-Huma, Bolivia; M9674
ethnic exploitation; capital organization, miner solidarity/protest consequences, US Census manuscripts, 1850-1870, Pennsylvania; N1155
ethnicity, socioeconomic exploitation, western Massachusetts tobacco farm; M9289
exploitation, Marxian interpretation.; M8774
exploitation, political economy reassessment, social relations, dominant arenas; N2072
gender/exploitation, rewards, cross-sex social exchange; resources, social-structural conditions; simulation game; dyads; M9101
hegemonic political system, exploited's consent, democracy, capitalism; M7294
Marx, Karl, economic exploitation theory, class phenomenon; M8793
mining, nature exploitation, cultural-sociological analysis; N4245
work force exploitation limits, interests' representation in firm, Italian case; N0921
Export/Exports
developing countries, export-oriented horticulture problems, international market competitiveness; M9691
export production, Cameroun; head tax role/effects, social structures, rural incomes; M7686
Exposure/Exposures
disclosure reciprocity, conceptual/measurement issues; N2352
information exposure; social/cognitive influences; interviews; adults, Urbana, Illinois; M7744
vicarious exposure to task as evaluative competence basis; evaluation experiment; undergraduates; N2395
Expression/Expressions/Expressive/Expressiveness
aboriginal expression, Maurice Merleau-Ponty's/Jacques Derrida's semiotics, central Australia; N0904
emotional expression, husbands/wives, salient interpersonal issue; videotapes; couples; N1767
language; technology/consumerism influence, individual expression limitations, social control; M7439
"masculine" instrumentality/"feminine" expressivity traits, US/West German comparison, psychometric properties; J. T. Spence's-R. L. Helmreich's Extended Personal Attributes Questionnaire; high school/college students; N2517
men's expressivity/sex-role identification, same-/other-sex relationships; questionnaire; N2491
Expropriation/Expropriations
Kirchheimer, Otto, property expropriation limits, Weimar Constitution principles vs actual courts'/legislatures' legal practice; N2887
Extend/Extended/Extension/Extensions
cocoa farmers, extension contact correlates, Ondo/Oyo States, Nigeria; N1315
community development, Cooperative Extension Service, learning contract brokerage technique; S15433
Cooperative Extension Service, organizational effectiveness measurement; S15411
extended family residence persistence, Japan, anachronism vs alternative strategy; survey; wives with preschool-age children; N2617
extended living arrangement prevalence, black, Hispanic, non-Hispanic white female-headed, husband/wife households; cultural equivalent vs variant explanation; survey sample, subsample, 1976; N0122
Extension Service; organizational performance, employee relations, job satisfaction; questionnaire survey; Texas; 1982; S15412
family extension vs nonfamily living, life cycle/economic/ethnic factors; 1970 US Public Use Sample; N4988
limited resource farmers' needs; Washington State U study, cooperative extension programs; S15382
modernization processes, extended family role, South Africa; N4357
organization effectiveness, County Extension Service; contingency theory tested; S15466
recommended agricultural practices, Uganda farmers' cognition/slow adoption; extension service exposure; S15928
External/Externalization/Externals
external conflict leading to internal cohesion hypothesis, Georg Simmel's theory evaluated; S15782
Rotter, J., locus of control scale, measurements verification, "external control" pattern/"belief in luck" convergence; N2506
Extreme/Extremes/Extremism/Extremist/Extremists
extremism as religious norm, Israeli Jewish types; N1512
Eye/Eyes
evil eye beliefs, folk models' inconsistency, Sicilian immigrants, Ontario, Canada; N1830
Sartre, Jean-Paul, "the look" phenomenology, psychological gazing/staring studies, pathological responses theory; M7306
Eysenck, H. J.
personality differences, English vs Yugoslavs; Eysenck Personality Questionnaire; N4074

Face-to-face
early face-to-face interactions comparison, mother-infant dyads; film; GB/US working-/middle-class; N4982
Facility/Facilities
adolescent suicide, correctional facilities; justice system, interdisciplinary intervention strategies; M9919
bomb threats against US nuclear energy facilities; media coverage/other factors; Nuclear Regulatory Commission data; N3669
mental health facilities, public reactions; attitudes toward mentally ill; questionnaire survey; residents, Toronto, Ontario; N0181
Tsukuba Science City, Japan, research laboratories/educational facilities complex, planned innovation; M9936
women's career orientation, enabling/facilitating/precipitating factors, longitudinal study; questionnaire; N3719
Fact/Facts
community as fact vs value, historical relationships/sociologists' interest; S15914
technology controversies, science court proposals, separating factual/value disputes; M9979
Faction/Factions/Factional/Factionalism
factions/social structure, Ralph W. Nicholas's concept, application to Indian studies; N4035
predeliberation thinking; group faction size; mock jury experiment; N2357
Factor analysis/Factor analytic
crime deterrence; punishment seriousness; magnitude estimates, factor analysis application, individual differences patterns; S15827
factor analyses, religious variables, methodological considerations; N3158
Marradi, A., two-stage factor analysis criticized, component analysis suggested; N0452
semantic differential data, factor analysis, application to teenage alcoholism research; N0499
Factor/Factors/Factorial
alcoholism/criminality relationship, confounding/differentiating factors; 1975 follow-up data, 1942 youth treatment program; Massachusetts; N5223
LISREL use, maximum-likelihood estimation technique, higher-order factor problem, adolescent self-images case; surveys; British schoolboys; N0498
migration, Western Europe; socioeconomic factors; statistical estimation; N5007
multiway contingency analysis, scaled-response dependent/scaled-factor explanatory variables; N2140
problem behavior, Chinese adolescents, classificatory-factorial study; questionnaire; Taipei, Taiwan; N3602
self-esteem scale, race/sex differences explanation, factorial invariance, M. Rosenberg's & R. G. Simmons's scale tested; black/white, male/female school children; N0792
Factory/Factories
attitudes toward work, identification problems, test; questionnaire; factory workers, Łódź, Poland; N0967

behavior description/control, B. F. Skinner's psychology/modern factory workplace compared; M7608
employment problems, Norwegian paper mill closure, local reaction; N4248
factory law, disciplinary technology changes, industrial social control, UK; N1572
factory women, family/productive dimensions; questionnaires; Olivetti plant, Scarmagno (Piemonte, Italy); N2118
female factory worker turnover, predictors; questionnaires; N4258
Hawthorne experiments, factory workers' productivity variations, human factors hypothesis, Richard Herbert Franke's & James D. Kaul's first statistical interpretation critiqued/reanalyzed; N0689
individuals' perspectives, incorporation into role/social networks analysis, "local role analysis" methodology, East African clothing factory example; observation; N2774
information distribution network, factory-society relationship computerization; M7737
intraenterprise transfer desirability; survey; factory workers, Kharkov, USSR; N2732
life experience/factory work, industrial activity meaning, psychosocial dimensions; interview; female production line worker, Hannover, West Germany; N0771
manufacturing group origins, industrial division of labor form, factory systems' preconditions, S. A. Marglin's thesis; N4025
similarity among associates; social structuring of activity, age case, large factory workers sample; M9123
"territory effect," labor mobilization complex situation analysis, 1979 Alsthom factory strike, Belfort, France; interviews; witnesses, participants; N2363
women tobacco factory workers, satisfaction, management treatment; Bristol, England; N1288

Faculty/Faculties
academic status attainment patterns; scientific consensus; probability samples; US graduate physics/chemistry/biology/mathematics/political science faculty; M9622
academic stratification, graduate management programs; departmental prestige, faculty hiring patterns; N4716
chairpersons as faculty role commitments negotiators, case study, social sciences departments; interviews, questionnaires; M8906
college faculty salaries, sex difference analysis procedures, affirmative action investigation; personnel records; N4556
departmental prestige, faculty degrees origins basis, network analysis, graduate sociology departments case; M7674
differential citation rates, faculty, PhD-granting departments, southern US; N0570
doctoral training, faculty uses, scholarly effort/research activity differentiation technique; survey; chemistry/psychology doctorates; M9775
faculty work attitudes, physical/social sciences; professional orientation; questionnaire; university professors; N4604
faculty work negotiation for university rewards, departmental context; S15892
faculty, intent to leave organization, potential turnover predictors; questionnaire sample; large university; N4640
influence distribution, universities; power dependencies; questionnaire; faculty; M7626
political behavior/values; intellectual achievement; survey; faculty elite; M9631
professional women, egalitarian marital relationships; questionnaire; faculty women, Northwestern University; M8772
sociology department's productivity; hiring senior vs junior faculty; published work citation data; N0568
university faculty research output, A. Biglan's model, socialization concept explanation; M9950
white colleges, minority faculty, affirmative action, institutionalized values barriers, supply/demand problems; N2598

Failure/Failures
causal attributions for success/failure, sex differences, real/hypothetical sport settings; experiments; men's/women's varsity basketball teams, undergraduates; N2394
educational success/failure, different social classes, language-thought relationship, cognitive development, psycholinguistic model vs Skinnerian/Soviet/Chomskyan views; N4726
failure, causal attribution/behavioral response; M7378
large-scale ocean research projects, success/failure factors; interviews; staff; M8323
market failure interpretation, market process view, institutional context; N2799
personal successes/failures attribution perceptions, previous actor's performance, sex differences; experiment; M9176
sex differences, success-failure attributions, theoretical models assessment; N2411
social failure, modern society; misfitting concept, opportunity blockage, social incompetence; M9111

Faith/Faiths
faith healing, Perfect Liberty Kyoden sect, Japan; N4824
patient/medical staff faith exchange; neutralizing epidemiological uncertainties; interviews; cystic fibrosis patients/their families, medical personnel; M8539
self-esteem/faith in people; religiosity, family solidarity; questionnaire, Rosenberg's Self-Esteem/Faith in People scales; Middletown high school students; N4784
social distance between people of different faiths/nationalities; interviews; Zacisze, Poland; N0838

False/Falsity/Falsehood/Falsehoods/Falsification
deception, human subject research, ethical issues; M7114
false accusation phenomenon, deviant labeling case, systematic analysis; M9145
historical/political false knowledge structure; opinion polls; Hungarian youth; M8647
mail survey data falsification, USSR, *America Illustrated* magazine; comments; M7063
Popper, Karl R., *Logic of Scientific Discovery*, empirical falsifiability approach, logical inconsistency; N0431
USSR mail survey data, possible falsification, reply to James P. McGregor's/Leon Rabinovich's comments; M8852

Familial
black suicide; social relation system, communal/familial ties; M7380
child abuse/neglect, selected types, familial correlates; case records; N1678
elderly Americans, current economic/residential/familial status; S15805
migration patterns/familial structure/inheritance system, Hurds, Spain, anthropological analysis; N1654

Familism/Familistic
Chinese familism, urban-industrial setting, Hong Kong case; interviews; households; M8500
familism, hospital admission, rural Nigeria, case study; interviews; male household heads; N1794
health services utilization; familism, social class; interviews; women, Durango, Mexico; N3499

Family living/Family life
cultural sharing, family life; cross-cultural data; M9283
family life contacts comparison; questionnaire; married/never married professionals; N2963
family life; law's effects, interdisciplinary empirical sociological research guidelines; N3385
old age security/family life course, 19th-century Mennonite immigrants, case study; S15850
retired older people living with their children, social/psychological stresses; empirical data; USSR; N0117

Family planning
family planning, fertility awareness methods, use effectiveness; clinic clients, San Diego, California; N3289
family planning/sexual politics/social policy relationship, urban poor; 1978 Planned Parenthood Service Center clients; N3259
fertility control, voluntary childlessness; family planning requirements; interviews; Scotland; N3253
fertility, family planning, Ireland, 1975; interviews; couples; N3293

Family/Families
abused children/their siblings, family perceptions, comparison with nonabused group; semistructured interviews; N5025
academic achievements/family environments, sex/social group differences; Anglo/Greek/southern Italian children, Australia; N2477
adolescence-adulthood transition, sequence/timing, Asian families; sample surveys, Korea, Malaysia, Taiwan, Thailand; M8471
adolescent drug use, qualitative/quantitative aspects; personality/family/peer correlates interplay; questionnaire; black/white high school freshmen/sophomores; N5174
adolescent functioning; family climate, female adolescent's role; interviews, psycho-/sociometric testing; adolescents, their families; N3323
adolescent parenthood, biological fathers' vs other males' role; interviews; primiparous mothers; N5087
adolescents' gender/status attainment value acquisition relation, family interaction; game simulation; families; N2942
adoption, older children, new family integration problems; S15690
aged's acceptance of age-appropriate behavioral expectations; family's/friends' expectations perceptions, age-related shortcomings acknowledgement, reference group approach; questionnaire; utility company retirees; N0186

aged, family supports, US/Japan compared; questionnaires; married couple samples; N3574
Aid to Families with Dependent Children, clients/families; mandatory work registration policy impact; telephone interviews; welfare clients, Milwaukee/La Crosse, Wisconsin; N1780
Alberoni, Francesco, *La ragioni del bene e del male* discussed; family context, current economic crisis; N2039
alcoholic patients' posttreatment functioning, family/occupational resources, E. Bromet's/R. H. Moos's study critiqued; t-tests, interviews, questionnaire; N3556
alienation, nursing home residents; family emotional support; interviews; N5210
Aronoff, Joel/William D. Crano, family role complementarity model, critique, response; N3367
aspirations, Francophone families, Quebec, Canada, 1959/1977 comparison; surveys; N1753
attitudes toward life/death; marital status, family, activity; interviews; older males; N3421
Austrian family development problems/prospects, divorce/elderly population increase, birth rate decrease; N3463
Barrett, Michèle/Mary McIntosh, *The Antisocial Family*, alternatives to Right's "ideal nuclear family" image; N5066
battered women's shelters, new "families" creation; interviews, participant observation; shelter staff/clients; S15887
biological/step-/adopted children, characteristics, family comparisons, National Survey of Family Growth interviews; ever-married/single mothers; N1706
birthrate decline, USSR; 1960s generation's decreasing labor force, high divorce rate, increased proportion of one-child families; N5000
bourgeois families, young children's schooling, Paris, France, 1945-1975 public kindergarten attendance; N3450

children's behavior toward custodial mothers/fathers; interviews; N1702
contemporary authority crisis, technological societies, father devaluation framework, additional perspective, mythic to patriarchal time transition (Old Testment); N3958
father role/nurturing, black males' attitudes; questionnaire, purposive sample; S15718
father's brother's daughter marriage, Lebanon, support for Edward Westermarck's incest taboo hypothesis; N4179
father-daughter incest, family structure evolution/individual personality perspectives; N3399
father-daughter relationship, traditional "femininity" desirability questioned, autonomy; M9139
father-infant interaction/infant-father attachment, longitudinal study; M8399
father-son farming operations; family factors; Illinois communities; S15448
heterosexuality, father image importance, male dominance; M7408
preschool child care, father's participation; questionnaire, interviews; mothers/fathers/children; N3374
situations, divorce experiences, divorced mothers vs fathers; interviews; S15481

Fear/Fears
crime fear problem, elderly; needs assessment survey; N1886
crime fear, different-sized communities; crime reporting; interviews; residents, Indianapolis, Indiana/Lebanon, New Hampshire/Evanston, Illinois; M7747
crime fear, victimization; city size; General Social Surveys data; 1972-1977; M8067
crime fear/handgun ownership; General Social Surveys; adult males; N0198
crime fear; residential location; questionnaire; elderly, Washington; N0185
crime, elderly, "at-risk" hypothesis, fear-victimization paradox; police report data, San Antonio, Texas; N1879
crime/fear of crime/victimization, schools/community; questionnaire; junior/senior high school students; N4746
criminal victimization fear, proximate causes; mail survey; Seattle (Washington) residents; N5233
death fear, fertility attitudes; questionnaire; undergraduates; N2437
death fear/fertility, positive relationship hypothesis questioned; adult church groups, undergraduates, North Carolina; M8357
fear of crime, elderly; sample survey data; East London, England; N0193
fear of crime, urbanites; neighborhood social integration, perceived street usage volume; interviews, sample survey; M9720

fear-moderating/-neutral health promoting information, latent fear-arousing potential, televised antismoking/cancer screening campaigns; questionnaire interviews; Israeli adults; N1080
television role, US ideological hopes/fears, consensual model of society idea; N1088

Fecundity
fecundability decline, developed countries, W. H. James's hypothesis contested; N3285
human fecundity/fertility; high altitude hypoxia, culture, Himalayas/Andes populations comparison; N4985

Federal/Federalism
Canadian federalism, Marxist theory; N3741
career advancement; sex differences in geographic mobility, federal agency case; interviews, questionnaire; managers, employees, supervisors; N4534
civil/rape cases, federal/state court choice; survey; trial lawyers, Baltimore, Maryland/Houston, Texas/New Orleans,Louisiana; N4867
community-based organizations, federal policy confusion; S15267
federal budget cutback effects, religion/family life focus, Farmville, Virginia; interviews; local leaders; S15908
Federal Bureau of Investigation, domestic intelligence operations, J. Edgar Hoover, post-Watergate reform; N4887
federal government policies, liberalism attribution; respondents' attitude, contrast effect supported; M7724
federal grant funding; local community structure/conduct effects; local participation; S15423
federal higher education policy, campus autonomy threat; M8157
federal judicial system, US; fiscal crisis effects; M8266
federal preschool policy; social science theory utilization, 1960s; N0221
federal science policy, 1983 budget constraints; N1623
federal statistical system continuities/discontinuities, nativity/ethnic origin census data, case study; S15498
federal-local relationships; federal program officers' impact, Experimental Schools Program, US Office Education; M7634
higher education/federal government relationship, recent shift, autonomy; M8183
intra-/intergender relations/interactions, US federal bureaucracy work setting; females' proportional representation; questionnaires; M7661
methodological issues, court outcomes research, pretrial release decisions, federal defendants; observation, interviews; judges, lawyers; N2123
national education interest groups, conflictual vs cooperative strategies; shrinking federal resources; interviews; S15485
problem group, agency rejection, counterclaims/unfounding activities, DMSO/Federal Drug Administration case; S15503
social science federal funding, politics, Roberta Balstad Miller interview, executive director, Consortium of Social Science Associations; N0539
Urban Development Action Grant program, federal involvement/self-evaluation problem; interviews; city officials, plant managers; N0418

Federation/Federations
youth employment, Italy; labor federation studies, 1978-1982; N0072

Feedback
adolescent feedback to mass media, elite-/masses-related circulations hypothesis; N4409
environmental feedback, group internal reward structures differentiated; experiment; female undergraduates; N2346
index arrests prevalence/recidivism, feedback model; N1601
self/other performance expectations; performance feedback/social comparison cues withdrawal; experiment; high school students; M7438

Feeling/Feelings
adolescents' feelings of mattering to parents, inferred significance/mental health; M8441
feelings toward Euro-African mixed marriage; interviews; Senegalese secondary school students; N3474
helping under common threat conditions, increased "we-feeling" vs ensuring reciprocity hypothesis; experiment; male undergraduates; M7359
personal inadequacy feeling, social construction, social control aspect; S15524
positive/negative/neutral stimuli evaluation; mood/feeling state effect; experiment; college students; N2446
scale economy vs scale entropy, economic growth rate, 1950-1977, effects of country size; N2789
sociology of emotions, physiological bias, self-feelings, symbolic-interactionist view; N4048

Fellowship
congenial fellowship, Pitjantjatjara, central Australia, linguistic features; N3058
Jewish fellowships (*havurot*), synagogue-based groups characteristics; questionnaire survey; adult members, Los Angeles, California; M9881

Fellowships & scholarships
political attitudes, intellectual elite, Wilson fellowship recipients; 1960s events; questionnaire; S15852

Female/Females (see also Woman)
accommodative/exploitative behavior, males vs females, managers vs nonmanagers; W. Edgar Vinacke's strategy test; business firms employees, New York City; M8716
achievement/aspiration relationship, meaning/mediation factors, male/female patterns; survey; academic-career aspirants; N1255
adolescent functioning; family climate, female adolescent's role; interviews, psycho-/sociometric testing; adolescents, their families; N3323
adolescent pregnancy, status convergence, well-socialized adolescent female fulfullment; M8447
agricultural patterns/female labor participation-seclusion, rural India; N0363
bisexuality/Eastern concept of nondualism acceptance relationship; interviews; female heterosexuals/homosexuals/bisexuals; N0360
black females' lethal violence; social change, women's rights movement; secondary survey data, interviews; offenders, victims' next of kin/spouses; M8708
career development, young black females; M8443
career salience, its correlates; questionnaires, interview; female college freshmen; N2989
causal explanation, male/female academic performance; sex-role biases; stories, Attitudes toward Women Scale; undergraduates; M8188
chivalry, sex roles, males opening door for females, reactions; experiment; N2562
colleagueship problems, female medical students; southern medical schools; M7980
community characteristics/female employment/sex-linked occupational segregation ties, small rural Nebraskan towns; N1321
contemporary relationships; female emancipation, syndicated advice column/"singles" publications, Netherlands; N0774
family life coping, sociological perspective; interviews; black female single parents; N0118
family structure/stress relationship, two-parent male-/single-parent female-headed families; interviews; N3436
family-life reproduction attitudes; interviews; male/female adolescents; N3405
federal bureaucracy; male vs female supervisors, R. M. Kanter's hypothesis tested; questionnaires; employees/supervisors; N1011
female alcoholism; traditional sex role, social pressure; N5193
female artists, artistic status determinants; interviews; faculty, nonfaculty, mothers; M8137
female career roles, male acceptance; videotape experiment; N2443
female crime; labor force participation, sex-role attitudes; survey; adults; S15787
female crime; modernization, female social roles as intervening variable; cross-national investigation; N0201
female criminality/liberation, Carol Smart's thesis critiqued; England/Wales; N0191
female delinquency trends; arrest/juvenile court/self-report/field data; N0243
female doctors, husbands' perceived characteristics/impact on wives' medical practice commitment/satisfaction; questionnaire; Australia; N4610
female exclusion, religious roles; competing explanations, cross-cultural test; M8768
female factory worker turnover, predictors; questionnaires; N4258
female farmers, Iowa, entry patterns, survival strategies; ethnographic research; S15376
female fertility/sexuality control, sexual politics standpoint; M8771
female homicide victims; sex, V. Verkko's static-dynamic laws refuted; North Carolina data, 1972-1976; M8592
female homophile movement, 1956-1963, monthly publication examination; S15268
female infanticide, prestate societies, Mildred Dickemann's explanation; comments; M8364
female inmates' careers/tendencies/problems, Japanese public shelter, cluster analysis; N4900
female invisibility, androcentric sociological theory; N2029
female labor-force participation surrounding first birth, differential

patterns; longitudinal study, interviews; women aged 14-24; N1761
female leaders, evaluation/description; group performance, attributional effects; quasi-experimental design test, questionnaire; male/female undergraduates; N2580
female offenders assumptions, self-esteem/sex-role indentity/feminism, nonoffender control group comparison; questionnaires; Boston, Massachusetts; M7472
female role, contemporary society, college women's/their mothers'/maternal grandmothers' attitudes; Attitudes toward Women Scale; N5364
female suicide, British Columbia; marital status, age, employment, Elaine Cumming's-Charles Lazar's-Lynne Chisholm's study reanalyzed; N0808
female suicide, Gainj, Papau New Guinea, social phenomenon analysis; N2450
female/black hiring/promotion patterns; organizational characteristics; literature review; M7662
female/small-scale production; modernization impact; Ghana; N0370
females heading households, profile, peninsular Malaysia; N3673
fertility levels, first-/second-generation Mexican-American vs US women; generation, female education; N0006
fertility preference; modernity; interviews; Taiwanese females ages 15-44; N0047
fertility, female population, Socialist Republic of Romania; N4995
fertility-related behavior, immigrant Mexican adolescent females; indigenous US-Mexican culture; M8434
fertility/contraceptives, behavior, attitudes, women, provincial Iran; female physiology, popular Islamic beliefs; M9248

popular mobilization/social change; production mode, Indian agriculture, Orissa class structure, capitalism/feudalism; M9593
social change, European feudalism/capitalism transition, Marxist theories; M8781
sociology of Romanian feudalism, notes; N4027

Fiction
fiction/reality relationship, interpersonal conflict resolution cases; M8844
fictive family, everyday usage/analytic/human service considerations; N5158
newspaper fiction, 1982 Lebanese War; S15478
science fiction/futures research, relation to capitalist society; N0254
woman-authored popular fiction, "independent woman" narrative, autonomous self search; N3059

Field
academia, promotion/salary decisions; achievement activities; questionnaire; tenured faculty, large state university; M8180
citations distribution, cross-national comparison, field by field basis, parameters, computer calculation; M9943
controversial fields evolution, futures research, likely prospects; M8640
development without communities, social fields/networks/action concepts, Mambila grasslands, Nigeria; M8661
ethnicity study, South African anthropology, critique, field experience perspective; M9223
field placement assignments use, social gerontology/human services course; S15823
field research prospects, St. Croix, Virgin Islands; survey data, spring 1983; S15706
field research, male street prostitutes, methodological/ethical aspects, phenomenological study; interviews; S15549
informant-researcher exchanges, ethics, ethnographic field research, police organizations case; M7083
institutional isomorphism/collective rationality, organizational fields; N2755
laboratory vs social field experimentation, division ambiguity; M8808
scientific disciplines integration, field research on work framework; N1621

Field work/Field workers
anthropological fieldwork, ethics; M7131
anthropology, ethnographic fieldwork observation, epistemological principles, positivism/subjectivism combined; M8827
data collection/analysis/research strategies, fieldnote file organization framework; N0453
deviants, field research, methodological problems, organized crime; M8853
doing own fieldwork/personal interviews advantages, autobiographical note; M8849
exploratory fieldwork case, Vietnamese refugees adjustment understanding, Washington, DC; N4151
field anthropology, ethical issues, epistemological disjunctions; M9017
fieldwork ethics, policy-oriented research, Joan Cassell's suggestions critiqued; M7150
fieldwork information access, exchange theory perspective, Ghanaian labor unions case; M7061
fieldwork, Khartoum, Sudan, accompanied by young daughter; M7541
fieldwork, schools, Adelaide, South Australia, researchers/subjects reciprocal bias problems; M8851
fieldwork, training quality improvement; observational bias sensitivity; experimental program; apprentice fieldworkers; N3796
folk health sector nature, network formation techniques/logistical problems, fieldwork situation, Palestinian Americans, metropolitan Washington, DC; N4207
medicine, Charles Bosk's technical/moral error distinction hypothesis, application to fieldwork; interviews; surgeons; M7053
qualitative vs quantitative research techniques, library research as fieldwork; adaptations for content analysis; M7060
teaching sociology, fieldwork assignments, concepts required; S15681

Fight/Fights/Fighter/Fighters/Fighting
Braddock, Jim-Max Schmeling prizefight, Jewish boycott assessment; M9463

Filial
filial violence, peculiar parent-child relationship, contemporary Japanese family; N3427
paternal/filial socioeconomic characteristics, self-/proxy reports' response variability; 1973 Australian survey/Wisconsin sample compared; N3791

Filipino/Filipinos (see also **Philippines**)
completed family size; death loss, miscarriage; pregnancy histories; Filipino women; N3250
economic parity attainment, Chinese/Japanese/Filipino, US, 1960/1970/1976 comparison, ethnic membership "cost"; M9228
family relationships perceptions/self-esteem relationship, Filipino university freshmen; family acceptance/intercommunication scales; N3475
Filipino brides, Australia; family structure/childrearing value conflicts; N0116
Filipino brides, Australian men, women's traditional status/self-esteem; M8503
rights/obligations network, US Filipino families; participant observation, interviews; N3370

Film/Films
Adorno, Theodor W., "Transparencies on Film," context of his other cinema writing/"culture industry"; N3080
alcohol, drinking episodes, Finnish films, men/women relationship portrayal; M9436
anthropology, ethnographic film, reflexivity methodology; N1436
attitudes toward handicapped; film *Handicapped Love*; survey, questionnaire; Austrian student nurses; N4561
Chicano stereotypes; films' impact, Herbert Biberman's *Salt of the Earth*, Robert Young's *Alambrista!*; M9449
data collection, film vs videotape choice technology assessed; N0442

fishing success, Sandgerdi, Iceland, skipper effect myth disproved; M7990
marginal inshore Pacific fishing cooperatives decline, Mexico, southern Sinaloa state example; N4660
North Atlantic inshore fisheries, familial crews recruitment; demographic/fieldwork data; M9623
occupational transition, commercial fishing, traditional vs modern forms, Bristol Bay, Alaska; N1302
public policy, anthropology, Alaska; recent policy, legal systems/native subsistence/commercial fisheries; M8606
ranking/stratification systems variation; social scale, Brazilian fishing communities study, social change; N2951
taboos/rituals as psychocultural adaptation; southern New England fishermen; N4356
traditional market relations, California commercial fishing community; N4673
women's work, domestic/wage labor, Nova Scotia community; fishing industry changes; interviews; managers, workers; N3681

Fitness
aerobics rhetoric, physical fitness as religion; participant observation; N4427
genetic fitness; Tibetan fraternal polyandry; Cynthia M. Beall/Melvyn C. Goldstein critiqued; M8394

Flemish
language maintenance/external support, French Flemings; M8130
qualitative/quantitative content analysis, medical information, Flemish weekly publications; N2842
regionalized Swiss media organization implications, Belgian/Flemish media policies; N2827
sports journalism, Flemish community, Belgium, history; N1110

Flexibility
flexible work hours introduction, Austria, 1970s; effects on productivity, absenteeism, work satisfaction, motivation; N4239
flexible working hours/integrated social policy, Austria, work time policy, sociological considerations; N4280

Flight
dimensional analysis, social science research, white flight from urban school application; M7088
welfare reform, possible effects, Mississippi, Nebraska, New York; white paternalism, black flight; N0324
white flight controversy, policy implications; M8163

Florence, Italy
names, 14th-century Florence; first-name choice, transmittal; N0879

Florida/Floridian/Floridians
homicide cases classification, race/prosecutorial discretion, Florida; S15851
household composition; economic hardship; census data; postbellum Florida, 1870-1885; N3368
infant health care, Hillsborough County, Florida, spatial perspectives, delivery distribution, socioeconomic level; N0043
new farmers' strategies/decision making, modeling individual variation; farm history data, northern Florida; S15477
rehospitalization prediction factors; hospital records, longitudinal interviews; discharged patients, state mental hospitals, Florida; M8530
rising household transportation costs, implications; survey; Florida; S15605
rural crime victimization, Florida; mail questionnaire; S15362
rural labor force analysis, traditional vs labor utilization framework, application example; survey data; residents, Florida counties; M8013
rural-urban mental hospitals, Florida; patient differences, aftercare service implications; hospital records, interviews; N0178
selected agricultural practices adoption, advisory group perceptions validity, beef producers case, Florida; S15230

Folk
alcoholism as folk disease, prealcoholic personality type, therapy choice; treatment outcome examination; detoxification patients, urban psychiatric hospital; N5165
communication/meaning distinction, European folk costumes; N0895
ethnicity/folk healing, multiethnic urban setting; interviews, participant observation; healers/their clients, Honolulu, Hawaii; N1855
folk biological classification, utilitarian factor; N4187
folk health sector nature, network formation techniques/logistical problems, fieldwork situation, Palestinian Americans, metropolitan Washington, DC; N4207
folk theorem considerations, Nash equilibria, super games; M8879
folk/popular/elite arts, general sociology formulation; M8138
Japanese folk religion, strangers as gods/animal spirits, outsiders' place; N3159
ritual continuity/change, cultural values significance, Polish folk piety; N1524
susto ("folk illness"), Latin America, severe hypoglycemia vs hostility/aggressiveness relationship hypothesis; glucose tolerance test, questionnaire; males, Peru; N3481
witchcraft practice, "Franconian Switzerland," central West Germany, folk magic demise; participant observation; N4832

Food (see also **Industry**)
animal feed, antibiotics use, nearly invisible social issue; interviews; policymakers/scientists/producers; S15935
beef demand; economic/social influences; US Dept of Agriculture survey data, 1977/78; S15449
"cooked dinner" meal, sociological analysis, South Wales, GB; N0887
energy needs, industry/food production, Paraguay, Itaipú hydroelectric plant; N4978
food consumption; age; S15228
food preparation/consumption, domestic space function/allocation factors; cross-cultural study; interviews, observations; Australians/English; M7538
food sharing, evolutionary theory; M7536
Indian temple, economy, land endowment/sacred food distribution; fieldwork; N2648
inexpensive restaurants/modern industrial sector development relationship, Dakar industrial area, Senegal; M9263
man's food, neolithic age, hunter-gatherers vs agriculturalists; M9243
margarine definitions as social problem, interest groups symbolic connotations/legislation; M8507
rural social development, Mexican food supply system, government policy, 1980; N3015
severe food shortages/famine, social responses, distinctive patterns; comments, reply; N4174
tabooed food, semiotics, Shokleng Indians, southern Brazil/Cashinahua, western Brazil/Sanumá, northern Brazil; N0915

US food security; agriculture research's role; interviews, questionnaires; scientists; S15410
work organization change evaluation, case studies, UK food manufacturing firms; N2754

Force
female crime; labor force participation, sex-role attitudes; survey; adults; S15787
female labor-force participation surrounding first birth, differential patterns; longitudinal study, interviews; women aged 14-24; N1761
health; employment, rural labor force entry case; interviews; married Chinese women, Taiwan; S15263
inequality research, dual economy/status attainment/labor force integration concepts; N2781
labor force balance, relation with high school/vocational school network, Romania; N4753
labor force participation patterns, nonmetropolitan women; survey; Appalachian/non-Appalachian areas, Kentucky; S15759
labor force participation, aid to women to undergo change; N5360
labor force participation, multivariate analysis; survey; married women, Belgium; N2717
labor force participation, young married women, causes/effects; N0937
labor force participation/unemployment, age/sex/race categories, changing patterns; S15255
labor force professionalizing via agroindustrial school, Romania, sociohuman implications; N4721
liberation perspectives, Frantz Fanon's revolutionary theory, philosophy of force; N1059
maternal labor force activity; women's disabled dependents

responsibilities; interviews, questionnaire; mothers; Cleveland, Ohio; M8459
medical/health studies, Australia; female workforce participation growth/change, child care case; N0375
nonmetropolitan/metropolitan women's labor force experience; women's employment, structural changes; S15221
professionalism, labor system functions, productive force, institution; M9294
regional analysis, married women's labor force participation rates distribution influences, UK; Family Expenditure Survey; N0966
rural labor force analysis, traditional vs labor utilization framework, application example; survey data; residents, Florida counties; M8013
sons'/daughters' attitudes toward women in labor force, maternal effects; 1977 General Social Survey interview data; N0813
suicide, female labor force participation, status integration; 1950-1969 US Census data; M8355
tomorrow's technical/communications labor force, problems/prospects, air traffic controllers' strike, 1981; interviews, surveys; labor leaders/followers; S15862
university/labor force formation, labor activity research; questionnaire; economics/business students, University of Ancona, Italy; N3101
wages, Canada; women's labor-force participation; 1971 Census data on occupations; N5344
women's movement growth/labor force reproduction politics, parallels, 1970s, Italy; N5338
women's work commitment/labor force behavior over time relationship; S15832
work force differentiation/segmentation, production industries; N0930
work force exploitation limits, interests' representation in firm, Italian case; N0921
work force stabilization, Baikal-Amur railway project, USSR; worker satisfaction; poll; M7615
worker attitudes, US labor force; overeducation; national sample survey; N4718
workforce production forms, contemporary capitalism; N4237

Forced
forced responses validity, randomized response model; experiment, interviews, questionnaire; college students; N0447
forced sex, conjugal relations; husbands' motives; interviews, case studies; women clients, New England family planning agency; N5325

Forecast/Forecasts/Forecasting
community response, uncertainty conditions; mass media communication, earthquake forecasting case; survey, interviews; residents, scientific personnel, Los Angeles County, California; M7752
Delphi forecasting, grievance arbitration, future issues; questionnaires; experts; M9285
diagnosis/forecasting, sociology, 1981 French leftist victory prediction; N0626
energy supply/demand forecasting inaccuracy, embedded methodological/institutional biases, Canadian gas case; N0312
family forecast, 1980s; N3378
forecasting sociological phenomena, application of G. E. P. Box's & G. M. Jenkins's methodology, suicide rates; N2197
housing needs assessment/forecasting, household composition indexing method; N1325
population forecasting, accuracy thresholds, 1939-1980; N0024
science-technology forecasting as public policy tool, methodological issues/uses/limitations; M9989
social planning/technological forecasting, positivist methods criticized; N0417

Foreign
Canadian industry, foreign control, "merchants against industry" debate, empirical text; M7692
fascism/organized crime/foreign policy link inquiry, anarchist Carlo Tresca's assassination examined; N2864
foreign direct investment, motor vehicle industry case; political instability, 1948-1965; multinational economic data; M7676
foreign policy rhetoric/behavior correspondence, role/exchange theory insights; M7314
foreign relations, Chilean military government, political isolation; N1172
mass vs elite foreign policy opinions, 1974-1978; interviews; random national sample; N1072
neoconservative thought, US domestic/foreign problems, symposium; M7900
social structure, peasant societies, genetic phenomenology, foreign domination problem; M7330
superstatus motif, Mediterranean peasant societies, foreign domination changes/their consequences; M8023
war likeliness, nations' foreign policies, war-proneness model; M7621

Foreigners
children's second language acquisition, foreigner talk, child-child interaction; M8110
foreigner speech, Tok Masta, simplified English, Papua New Guinea; pidgin English formation/development; M8115
foreigner talk, interactional origins, Dutch municipal employees, foreign workers; M8120
foreigner talk, Quebec francophones' English proficiency; interviews; high school students; M8091
foreigner talk; baby talk comparison; M8103
foreigner talk; simplified register, second language acquisition; M8099
foreigner talk; sociolinguistic aspects; M8126
foreigners integration problems, social integration via internal integration thesis; N0843
foreigners/refugees/outsiders influx, socioeconomic tensions, India; N0857
legislation implementation program objectives, research problems, foreigner property rights case, Switzerland; M8255
reception/housing, itinerant merchants/foreigners, Sudanese traders'/landlords' patronage, Lomé, Togo; M9256
second generation foreigner speech, Australia, family setting; M8094

Forensic
forensic anthropology, military setting; M7227

Forest/Forests/Forestry
appropriate technology implementation, social barriers, community forestry projects case, Niger, West Africa; N5305
forest management innovation adoption, nonindustrial private landowners; interviews; Wisconsin; 1982; S15394
loggers' community/occupational identity, Siskiyou County, California; symbolic-interactionist approach, participant observation, interviews; S15361
sociology, agency setting, forest service experience; S15208
urban recreation area, emergence, development, Fontainebleau Forest, France; M9466

Forger/Forgers/Forgery
check forging techniques; interview; thief; N3587

Form/Forms
architectural/urban forms diversity, spiritual/natural environments sources; S15246
legal mystification, legal form contribution, case law form, 1980 Scottish Criminal Justice Act/English Royal Commission on Criminal Procedure examples, law & order politics; N1168
local variations, household forms/family consciousness, post-World War II Japan; N3423
worker organization, new forms exploration, response to shift away from manufacturing/production globalization; S15779

Formal/Formalized/Formality
Cohen, Lawrence E./James R. Kluegel/Kenneth C. Land, crime victimization, formal theory, main-effect coefficients adequacy critiqued, reply; N1889
formal organizations, societal consequences, growth limits, communal-traditional social structures erosion; M9345
marriage formality, market model, theoretical predictions; Guatemalan Ladino villages; N0102

Formation/Formations
class formation/workplace, income sources role, Boston (Massachusetts) taxi drivers; N4543
coalition formation/payoff distribution model, *N*-person games; experiments; M9099
coalition formation; payoffs, resources, theories compared; game experiment; male college students; M7344
Erikson, Erik H., identity concept, formation process; N4068
group, psychosocial formation means; N4088
human identity formation, existential self; language/silence role; S15719
new firm formation, 1965-1976 employment change; small firm employment, Cleveland County, England, case; M8663
production mentality, heresy of communal formation; N4197
social formations investigation, Marxism reestablishment attempts, phenomenological Marxism/critical theory; M8798
social formations logic, Louis Althusser's/Michel Foucault's/Claus Offe's/Jürgen Habermas's work synthesized; M7261
students' groups as personality formation factor; N3342
world system theory analysis, unit/method critique, world formation/mode of production theories contrasted; S15932

Formulation/Formulations
selected aspects, Canadian family policy, formulations/implementations/effects; N3366

Fort Worth, Tex.
"electronic" church support correlates; questionnaire; white homeowners, Dallas-Fort Worth Metroplex, Texas; N1539

Foster/Fosters/Fosterage/Fosterhome/Fosterhomes
child fosterage, Mende, upper Bambara chiefdom, Sierre Leone, rural-urban/occupational comparisons; N2638
fosterage/adoption, child care mechanisms, etic variations; N5119

social organization, Western institutions, incompatibility with freedom demands; N0743

Frequency/Frequencies
frequency data, multivariate analysis, generalized linear models; N0516
tavern going, self-reported frequency, time-budget methods' validity; interviews; adults, Halifax, Nova Scotia; N4054

Freud, Sigmund/Freudian/Freudianism
defense mechanisms, behavioral economic approach, Sigmund Freud's motivational conflict theory reanalyzed; N0769
Freud, Sigmund, life, thought introduced; N3987
Freudian thought, cultural diffusion; N3245
history of science, literature as cultural preserver/conservative function; M8319
individual, sociological analysis, psychoanalytic concepts utilization, Sigmund Freud's intrapsychic structure development views; M9129
Marcuse, Herbert, Freudian Marxism; N0378
sociology of religion, Sigmund Freud's/Karl Marx's interpretation, Frankfurt school position, critical theory; M7192

Friend/Friends/Friendship
adult friendship contact; personal/dyad characteristics; survey; adult males/adults, Detroit, Michigan/Altneustadt, West Germany; N4036
aged's acceptance of age-appropriate behavioral expectations; family's/friends' expectations perceptions, age-related shortcomings acknowledgement, reference group approach; questionnaire; utility company retirees; N0186
choice of friends over life span; developmental/environmental influences; S15777
choosing friends of friends, popularity inequality, triad types, transitivity; N2344
close friendship maintenance, handling obstacles/trouble; interviews; S15739
college student friendship pairs, attitude/activity similarity, Werner-Parmalee study replication; S15896
driving-drinking, public bars; friends'/wives'/lovers' intervention; interviews; San Diego County, California; M7397
drug use intentions; attitudes, current friends; interviews; males aged 20-30; N2462
electoral behavior; candidates' friends/neighbors, geographical proximity; Granada, Spain; N1123
emotional well-being; friendship patterns; elderly Washington residents; S15272
ethnicity/close friendship relationship; interviews, participant observation; Montreal, Québec; S15531
friendship behavior, gender differences; life cycle stage; interviews; adults; N4057
friendship dilemmas, social worlds intersection; older women, college reentry; M8742
friendship formation structuring, preschool children, social exchanges; day care center; M8412
friendship network changes, couples; developing close relationship, converging/diverging social environments; social interaction records, interviews; university students; N2482
friendship structure/formation, Israeli kibbutz; M8009
friendship, postdoctoral students; organizational/career contexts; M7981
friendship, US attitudes, historical/current perspectives, constraints; M7416
friendship; age-related dimensions; M7368
friendship; military community; M7622
friendship; US Catholic clergy; 1970/71 National Opinion Research Center survey data; M7966
Gouldner, Alvin W., significance, professional conflict, friend's account; N2244
help seeking from friends vs strangers; cost of providing help; experiment; female undergraduate dyads; M7348
increasing cross-ethnic friendship; cooperative learning teams; sixth graders; M7350
interracial friendliness, black/white primary school students; classroom racial composition; S15789
interracial friendships; classroom racial composition; friends ranking; elementary school children, northern California; M7502
low-income US black families, family/friends supportive social network; interviews; women, Alachua County, Florida; N3371
men's/women's friendships comparison, alleged inferiority of women's contested; N2572
middle-aged women's friendships; feminism, changing life-work patterns; interviews; M8711
noncomparability of benefits given/received, friendship existence cue; experiments; college students; N2390
perceived friendship relations; sex/sex role aspects; questionnaire; white married couples; N4045
same-sex intimate friendships, communication/interactional patterns; questionnaires; single males/females; N3048
small towns/friendlier people belief; interviews; residents, northern California communities; M9711
symbolic-interactionist sociologists; theoretical stance/professional friendships relationship; questionnaires; M7210
widows, psychological well-being; friendship support; national sample data; M7356

Frustration/Frustrations/Frustrating
"frustrated homemaker hypothesis" reexamination, role fit/personal dissatisfaction/collective discontent; national survey; white women; N1301

Fulfillment
self-fulfilling prophecy boundary, social prediction dilemma; M8814
women's career decisions/development; need fulfillment,

homemakers vs employees; need importance scores; 1968 college graduates; N4562

Function/Functions/Functional/Functionalism/Functionalist/Functionalists
adult education programs, Third World/developed countries, "functional literacy" concept influence; N4741
attributions functions, importance, cause/reason distinction; M7390
bourgeois public sphere, social structures, political functions; mass communications theory; N4423
Coser, Lewis A., *The Functions of Social Conflict*, propositions reformulation/actualization attempt; N2319

education, functionalist vs Marxist viewpoint; M7130
functionalist society theories, Talcott Parsons/structural Marxism; N2247
generalized occupational qualifications/sociological knowledge theory, functional-morphological approach; M7967
Homans, George C.; psychological reductionism, ties to structural-functionalism; Soviet Marxist critique; M7276
humanities' economic function, modern society's moral progress; N1453
law's structure/function, governmental breakdown, rapid social change, rationality/redefinition need; M8253
Luhmann, Niklas, welfare state, functionalism, political theory, politics; N3972
Marxist social analysis, functional explanations reliance, methodological individualism/game theory principles utility advocated, comments; N3731
neocorporatism rise, Belgian political life, functional-integral power theory; N2917
occupational status, Israeli busdrivers; Kingsley Davis's/Wilbert E. Moore's functionalist stratification theory; M7976
occupational stress reduction, functional niche creation; interviews; elderly lawyers, San Diego, California; M8573
orthodox consensus, social theory, functionalism critiqued, "time-space edges" historical concept; M7257
Parsons, Talcott, Max Weber's analytical-functional rationality model interpretation; M8988
postfunctional social-systems analysis; M9031
Prague functionalism, influence on US linguistic anthropology; M8971
public shelter for women, function, staff's/inmates' problem recognition, Japan; N4911
Reich, Wilhelm, energetic life functions concept, significance for child/family study; N3302
science/scientific functions, multidimensional model; N4972
sport, idealized functions, religious/political socialization; questionnaire; undergraduates; M9470
structural functionalism/historical materialism as social theory opposites, view questioned; N3915
technology diffusion, logistic function, generalized least squares/maximum likelihood estimation; M8883
von Wiese, Leopold, biography, functionalist sociology involvement; M8981
witchcraft tradition, Franconian Switzerland, central Germany, functional framework; M9877

Functioning
adolescent functioning; family climate, female adolescent's role; interviews, psycho-/sociometric testing; adolescents, their families; N3323
alcoholic patients' posttreatment functioning, family/occupational resources, E. Bromet's/R. H. Moos's study critiqued; t-tests, interviews, questionnaire; N3556
industrial functioning, systemic determinants, Poland; N1012
social/psychological functioning; family relationships; longitudinal study; interviews, questionnaires; alcoholics, treatment unit, Winnipeg, Manitoba; M7468

Fund/Funds/Funding
black radicalization, civil rights funding, 1957-1970, radical flank effect; S15534
educational funding; federal block grant advantages/disadvantages; N4326
foundation funding, sociosexual research, current role; S15578
international law, national policy-making conditioning, "stand-by arrangements," International Monetary Fund; N3177
"opportunistic methodology" rise, sociological research, latent consequences, funding cuts; N2208
rural services policy/funding preferences; services satisfaction; questionnaire/interview survey; community leaders/residents, Alabama counties; M8037
social research, government policy, funding, Rothschild/Heyworth Reports, UK; N0581
social science federal funding, politics, Roberta Balstad Miller interview, executive director, Consortium of Social Science Associations; N0539
social science funding, Reagan administration; N2270
teaching sociology, audiovisual materials, innovative funding, "Images of Women in Film" course; audience/faculty/student reactions; N0538
university science research, increased industrial funding, values conflicts; N1609
US-Mexico borderlands studies, Ellwyn R. Stoddard et al's *Borderlands Sourcebook*, multidisciplinary research funding; N0574

Fundamental/Fundamentals/Fundamentalism/Fundamentalist/Fundamentalists
attitudes toward nonmarital sex; questionnaire; fundamentalists/nonfundamentalists; N4813
deviance intolerance, postadolescent children; parental intolerance, social class, religious fundamentalism; questionnaire; mother-father-child triads; N0223
fundamentalism/sex prejudice relationship, Charles W. Peek/Sharon Brown critiqued; rejoinder; M8236
indigenous healing activity impact; observation, Cornell Medical Index; fundamentalist churches, Newfoundland coastal community; M9869
Protestant fundamentalism/marital success, comparative approach; S15765

Funeral/Funerals
alternative funerals attitudes; questionnaire; congregation members, small midwestern Protestant church; M8206
clergy/funeral directors, role conflict, sociohistorical perspective; interviews, questionnaire; directors; M7956
funeral/bereavement rituals similarity, Kota Indians (southern India)/Orthodox Jews; M7542
funerary roles, ritualized expectations; participant observation; Mississippi funerals; M7547
kinship structure changes, Japanese village, relatives invited to funeral ceremonies; N4209

Future/Futurism/Futurist/Futurologist/Futurologists
children's future/education, state's vs family's decision power, contemporary France; N3310
computer models, future world events prediction, properties comparison methods; N2188
consciousness of future, social science, framework, Max Weber's Calvinist doctrine of predestination discussion; N3634
controversial fields evolution, futures research, likely prospects; M8640
Cooley, Charles Horton, futuristic vision; N0605
family as social reality/environment/future constructor; Colorado boomtown; N3382
family of future, North America, composite picture; interviews, questionnaire; Canadian children; N3416
French educational system's technical curricula, future manual workers; N4297
future activities determination, environmental social science; past major debate; S15589
future orientation; external locus of control; Rotter Internal-External Control Scale; undergraduates; N2457
future orientations, South African university students; student-written history essays, questionnaires; N0257
future resource mobilization theory/research; social movements, symbol systems/ideology issues; M7718
futurist projections, humanistic scenario, women/men, equal voice; N2007
Plessner, Helmuth, future of postwar Germany debate, "German hater" accusation; N0621
science fiction/futures research, relation to capitalist society; N0254
self/other assumed similarity; future interaction expectation; experiment; undergraduates; N2484
social planning, theoretical approaches; N1956
technocratic estate, postindustrial society, futuristic interpretations, Marxian political economics prediction; N2958

Gadamer, H.
ontology, G. W. F. Hegel, Hans Georg Gadamer's vs Jürgen Habermas's philosophical positions; M9040
Verstehen, hermeneutics, language, Wilhelm Dilthey, Jürgen Habermas, Hans-Georg Gadamer, Ludwig Wittgenstein, Peter Winch; N2276

Gamble/Gambling/Gambler/Gamblers
casino gambling legalization threat/organized crime association,

political elites' perception; interviews; New Jersey, Florida; S15774

Game theory
Marxist social analysis, functional explanations reliance, methodological individualism/game theory principles utility advocated, comments; N3731

Game/Games/Gaming
2 × 2 ordinal games, "absorbing outcomes," definition/categories classification; N4032
coalition formation/payoff distribution model, *N*-person games; experiments; M9099
folk theorem considerations, Nash equilibria, super games; M8879
game theory approach, collective behavior, Richard A. Berk's application critiqued; M8890
group decision making, side-payment games, core solution tested; experiment; undergraduates; M7104
hypergame analysis, modeling method/conflict analysis, French military judgments application; M7097
"kiss-ass" talk, language game, social situation expression; N1348
primitive games, two persons/two choices each; N2523
professionals' game playing, physician-nurse interaction; S15877
punishment components, game-theoretic analysis; computer game experiment; young males; N2419
social choice constraints, individual rights, cooperative games theory; M9046
Social Dilemma, teaching game; N0549
teaching social stratification, life chances concept difficulty, board game Monopoly utilization; S15270
"the commons" game, sociology class exercise, resource allocation factors; M8926
three-person voting games, deception possibilities/two players; M9033
video games responses, sexual component, sex differences; observation, interviews, questionnaires; arcade personnel, college freshmen; M7814

Gardening
Japanese gardening, history/chronology, symbolism of space; N1430

Garvey, Marcus
symbolic/cultural politics, Marcus Garvey movement; M7713

Gehlen, Arnold
Gehlen, Arnold, philosophical anthropology, "rationalized" culture contradictions; M8975
Gehlen, Arnold, sociological writings, social action theory evolution, 1940s-1970s; N3993
philosophical anthropology, Arnold Gehlen, spiritualist/biological perspectives; N0697

Gender/Genders

accident mortality; gender roles, 1960/1977 US data comparison; S15781
adolescents' gender/status attainment value acquisition relation, family interaction; game simulation; families; N2942
age/gender disproportionality, USSR labor collectives, related problems; N4314
aggression, gender differences, situational analysis; frustration-scenario vignette evaluation; undergraduates; N2555
androgyny levels, sex-gender differences; questionnaire self-descriptions, laboratory interaction; college males/females; 1958-1978; N2428
anthropology, recent gender studies, symbolism/asymmetry, sociology of knowledge; N0368
attitudes toward parenthood education; social class, gender; attitude scale; high school/college students; N4518
burial rituals, gender distinctions, Monteros, southeastern Andalusia, Spain; N2629
career aspiration/gender role development; prenatal hormone administration; young middle-class girls; M8724
Chicanas'/Chicanos' social identity; ethnicity, gender; M9230
childhood gender deviance/homosexual orientation, males, educational attainment association; S15793
children, gender-role messages, home/school setting; questionnaire, interviews; parents; M9800
consciousness determination; gender/family/work experience; S15784
crime gender patterning, 1953-1977; identity vs opportunity; female increase prediction refuted; Uniform Crime Reports data; N0202
criminal justice, sentencing severity; gender differences, probation officers' role; case studies; N4860
cultivated plants identification gender, social basis, Wola, Papau New Guinea highlands; N2652
deference, people in subordinate positions, gender differences; N4115
delinquency quantity/quality, gender differences; S15586
doctorate attainment, gender differences; graduate training experiences; university records; N1307
economics discipline, gender treatment, male-female differentials, human capital theory vs institutionalist approach; N0336
education-employment linkages/social class/gender relationships, selected countries studies, comparative analytical framework; S15843
educational achievement; gender-role/sex differences; grade 12 students; 1973 interview survey, 6-year follow up; Ontario; status attainment model; N4769
elites/earnings gender gap, ethnic penetration increase, Canada, sociological implications; M7204
friendship behavior, gender differences; life cycle stage; interviews; adults; N4057
gender ascription, deviants stereotyping; N0831
gender concept, critical examination; N2409
gender differences, third-party reports of violence; questionnaire; undergraduates; N1735
gender displays validity, portrait photographs; N2502
gender expectations, corporations; N3009
"gender gap" emergence explanation, sex/family income/political attitudes, 1980s; survey; S15783
gender identity acquisition, sociological theory; participant observation; young children, preschool; S15762
gender inequalities as social problems, social problems definitions changes; S15584
"gender polarity" beliefs; sex differences; Bem Sex-Role Inventory; androgynous/sex-stereotyped students; N4083
gender roles/identities construction, time dimension, women's experience/social status; N2522
gender suicide ratio; modernization; 1919-1972 cross-national data; time-series analysis; S15873
gender, social-class structure, Norwegian/US comparison E. O. Wright's class scheme; standard of living surveys; N2949
gender-identity rituals; Siberian Khanty ethnicity, status, belief; USSR; M7540
gender/exploitation, rewards, cross-sex social exchange; resources, social-structural conditions; simulation game; dyads; M9101
gender/generational reproduction/social class concepts, toward historical stratification reformulation; S15753
gender/race/social class differences, self-evaluations; interviews, semantic differential scale; college students; M9172
geographic mobility; gender differences, work/family constraints; questionnaires; 1946 high school graduating class, mid-sized city; S15257
health, work effects, gender differences; interviews; workers; S15868
income, gender inequality sources; 1976 Australian census data; N4532
intra-/intergender relations/interactions, US federal bureaucracy work setting; females' proportional representation; questionnaires; M7661
job satisfaction, individual/occupational determinants, gender differences; interviews, questionnaire; N1280
job satisfaction; gender differences; Canadian national survey data, 1977; M9321
language, gender identity/differences; women's movement, socialization; recent research review; N4703
"legal consciousness" concept, legal competence, gender differences investigation; interviews; N4875
male cross-gender identity, typology revision; questionnaire; N2410
married couples group therapy, competition, dominance, gender differences; verbal interaction sequences tape recorded; ministers/their wives; N2362
men's/women's career plans, gender-dominant professions, sex differences; questionnaire; graduate trainees; N4620
motherhood attitudes, gender/generational/religious comparisions; questionnaire; college-educated young adults/their mothers; N4061
neighborhood desirability perceptions, gender/work-based differences; S15860
parenting of dying children; gender, social construction; interviews, questionnaires; parents, urban pediatric hospital; S15251
playground design/gender behavior relationship; S15316
political socialization; gender roles; experiment; Mexican-American children; N1675
prestige standings, men's/women's occupations; gender; interviews; adults, undergraduates; N2965
prime-time commercial television, gender-role behavior, R. F. Bales's Interaction Process Analysis; N0550

production, household system, printing craft, early US, gender/kin factors; S15752
rape cases, responsibility attribution; norm violation, gender, sex-role attitude; questionnaire; college students; N4039
restricted/gender-typed occupational aspirations, young women; longitudinal study, questionnaire, interviews; low-income youths/their mothers; N2987
school performance, sex differences, sixth-eighth graders; gender identity; S15247
self-disclosure, gender differentiation; S. M. Jourard's Self Disclosure Questionnaire; white South African university students; N0821
sex-role attitude questionnaire responses; experimenter's gender/instruction set interrelated effects; N2097
sex-role attitudes/behavior, gender differences, homosexuality; Attitudes toward Women Scale, Sexual Attitude and Behavior Survey; undergraduates; N2531
sexism/feminism/medicalism, decade review, gender/illness literature; N3484
sexual customs, gender roles, US/Sweden comparison; M8453
sexual stratification/gender differentiation variance, macrolevel theory; M7909
sisterhood concept, US women's movement; race/class/gender; N2004
small group coleaders perceptions; gender, authority; inventories; mental health professional students; M7480
students' visual literacy, magazine advertisements depicting gender roles, sociology teaching context; N0541
survey research response, achievement value; gender wording effects; questionnaire; college students; N2107
television, attention structure/gender stereotype, empirical analysis; N4375
transsexuals, gender identity (mis)acquisition, theoretical explanations; N4101
urban arrest rates; age/gender/race changes, 1960-1980 data, Boston, Massachusetts; S15766

Genealogy/Genealogies/Genealogical
Foucault, Michel, human sciences genealogy; N3619
school, genealogical analysis approach, French sociology of education framework; N4771

General
General Household Survey as secondary analysis source, GB; N3784
general planning, Norwegian municipalities, slow progress; N4683
General Social Survey experiment, generic words; N0477
General Union of Workers, Madrid, Spain, 1930s, social legitimacy/influence, origin; N0949
identity dilemma, newly established academic medical discipline, general practitioner, "marginal men" perspective; N2590
medicine, professional socialization, theoretical knowledge/daily practice compromise; interviews; French general practitioners; N4559
Rousseau, Jean-Jacques, public opinion conception, general will issue; N1932
social recruitment stability/change, general/vocational schools, Norway; male cohorts data analyzed; N4770

General Systems Theory
thermodynamic/general systems theories principles, application to social systems; N0700

Generalization/Generalizations
power/prestige status generalization; differential evaluations; experiment; female undergraduates; M7395

Generation/Generations/Generational
art theater, US, 1910-present, artistic/cultural shifts; generation unit, youth role; M8433
beliefs, generation differences, religious beliefs stability/change, cohort study; national longitudinal interviews; Britishers; N4844
conflicts planning, US Southwest, Palo Verde Nuclear Generating Station case; S15536
criminality, generational variations, Finland; N1902
ethnic identification, semantic differential method; questionnaire; second-generation Latvian university students, Adelaide, Australia; N4165
fertility levels, first-/second-generation Mexican-American vs US women; generation, female education; N0006
gender/generational reproduction/social class concepts, toward historical stratification reformulation; S15753
generation concept, Finnish society descriptions; N0677
generational continuity trends/succession to household directorship; interviews; farm households, Japanese hamlets; N3418
German national socialism definition, 1913-1933, "generational revolt" hypothesis; N1165

US metropolitan areas decline, 1970-1977; metropolitan economy/population change determinants identified; M7677
western industrial society theory, Fred Hirsch's *Social Limits to Growth*; N0751
zero population growth, demographics; 1981 UK Census data; N0019

Guard/Guards/Guarding/Guarded
criminal justice system components, attitudes; interviews, questionnaire; prison guards; M9612
Israeli Jewish/Druze prison guards, prisoners' rehabilitation potential/prison's rehabilitative potential/own supportive role beliefs, comparative analysis; N4909
New Mexico prison riot, 1980, case history; interviews; inmates, guards, officials; M8292
role stress, disciplinary actions; custody orientation; questionnaire; prison guards; M9640

Guatemala/Guatemalan/Guatemalans
body size/skeletal maturation/cognitive status, Guatemala City (Guatemala) schoolchildren; socioeconomic status, sex differences; longitudinal study, grades 1-6; N5011
changing sex roles, Garifuna (black Carib) consanguineal households; social development; field data, 1956 & 1975; Guatemala, Beliz, New York City; N5088
family/household structures, Guatemalan society; interviews; rural & urban females; N5111
Guatemalan plantation workers, nutritional/health status, medical pluralism; N0128
Pokomam (Petapa, Guatemala, ca 1560) family/social-structural changes; Spanish conquest; N5107

Guestworker/Guestworkers
US immigration policy, foreign guestworker option reviewed, 1942-1964 *bracero* program/similar European plans examined; N5291

Guidance
illegitimate children birth/rearing, foster child cases analysis, child guidance clinic, Japan; N5040

Guide/Guiding
parole guidelines, suggested research questions; N4903
responsible modern medicine, social guidelines etablishment, sociology's mission; N5156

Guilt
negative public image creation, guilt feelings, actors of unintentional vs intentional out-of-role performance, experiments; university students; N0817
premarital sexual guilt predictors; questionnaires; female birth control clinic counseling participants; Ontario, 1976/77; N0354

Gujarat, India
"reservation" politics, tribal/*harijan* (outcaste) groups, India, case study, political agitation, Bihar/Gujarat states; N1221

Gun/Guns
crime fear/handgun ownership; General Social Surveys; adult males; N0198
firearms violence rate, sentences certainty/severity, Detroit, Michigan; mandatory sentencing; M8707
gun control issue, attitude/action comparison; survey; permit law proponents/opponents; M8278
gun control, public opinion, 1978 national surveys results comparison; M7767
gun control, Southern cultural conflict; N4865
private handgun legalization, crime/civil disorder/collective security need; model tested, Detroit, Michigan data, 1951-1977; N3182
suicide via firearms, US, increasing rate; N1558

violent crime patterns; gun availability; M8703

Gurvitch, Georges
social science infrastructure development, Georges Gurvitch's role, post-World War II French sociology; S15760
sociology of morality/ethics, Emile Durkheim's/Max Weber's/ Talcott Parsons's/Georges Gurvitch's contributions; M9053

Gusti, Dimitrie
Bucharest monographic/Dimitrie Gusti school, Romania, methodologically useful contributions; M8999

Guttman Scale/Guttman Scales
Relationship Events Scale, courtship progress measure, Guttman scaling, validity test; N5101

Guyana/Guyanan/Guyanans
language attitudes/behaviors, rural vs urban groups; questionnaire; Barbadians, Guyanese; N1378
"street life" observations, James Street, Albouystown section, Georgetown, Guyana, slang/rituals/crime; N1486

Gynecology/Gynecological
gynecological illness, vesicovaginal fistula, social consequences, northern Nigeria; interviews; patients; N3297

Gypsy/Gypsies
gypsies as social problem, police perceptions/authoritarian attitudes, Finland; interviews, participant observation; M8262
responsible research, scientific social science's unacceptability to ethnic/national minorities, Finnish gypsies case; N0845
Spanish gypsies, demographic characteristic/public perceptions; N4221

Habermas, Jürgen
critical theory, Jürgen Habermas, positivism critique; M7213
epistemology, Jürgen Habermas's "pragmatic universal" concept, Talcott Parsons's "human condition paradigms"; N0645
Frankfurt school, major figures review, critical theory, Herbert Marcuse, Jürgen Habermas; M7290
Habermas, Jürgen, communicative action theory critique, "system"/"life-world" distinction; N0685
Habermas, Jürgen, communicative action, sociocultural evolution, worldviews, universal pragmatics, historical materialism; N0680
Habermas, Jürgen, communicative interaction rationalization; M7137
Habermas, Jürgen, critical theory reconstruction; M7304
Habermas, Jürgen, critical theory, hermeneutics factor; M7308
Habermas, Jürgen, enlightenment difficulties; M8658
Habermas, Jürgen, historical materialism reconstruction program, addressing critical theory weaknesses; N2303
Habermas, Jürgen, recent writings, hermeneutics, emancipation; N0594
Habermas, Jürgen, *Theory of Communicative Action*, rationality concept establishment, social rationalization importance; N4008
justice, critical theory, Jürgen Habermas's ideal speech situation; M8288
ontology, G. W. F. Hegel, Hans Georg Gadamer's vs Jürgen Habermas's philosophical positions; M9040
postsocialism/Marxist cultural identity, Alain Touraine's/Jürgen Habermas's perspective; M7209
science/ideology relationship, Jürgen Habermas's/Louis Althusser's analyses; Antonio Gramsci; M8302
social formations logic, Louis Althusser's/Michel Foucault's/Claus Offe's/Jürgen Habermas's work synthesized; M7261
sociological theory, project orientation crisis, Niklas Luhmann's systems theory vs Jürgen Habermas's symbolic mediation theory; N3947
Verstehen, hermeneutics, language, Wilhelm Dilthey, Jürgen Habermas, Hans-Georg Gadamer, Ludwig Wittgenstein, Peter Winch; N2276
Weber, Max, disenchanted thesis, Jürgen Habermas's/Ernest Gellner's responses, epistemology, politics; M8965

Habit/Habits/Habitual
drug prescribing habits/attitudes; interviews; rural/small town physicians, Texas; S15235

Habitat/Habitats/Habitation
households size decrease; habitat relationship, external pressures; N3389
identity/habitat relationship, psychosociological methodology; M7428
inhabiting, habitat/dwelling space implications, Gaston Bachelard, Henri Lefebvre, William Morris; M8697

Hacienda/Haciendas
division of labor, capital accumulation, commodity exchange, Puerto Rican sugar cane hacienda; Marxist perspective; M9694

Hague, The
government policy/law formation, Netherlands; Hague powers; M7892

Haiti/Haitian/Haitians
sexual unions, rural Haiti, current patterns; Haitian Fertility Survey pretest; women; N3369

Handicap/Handicapped
attitudes toward handicapped; film *Handicapped Love*; survey, questionnaire; Austrian student nurses; N4561
body, social symbolism, handicapped persons' dilemma; M9149
elderly, handicapped, chronically ill as dependency groups; social service provision issues; N1817
handicapped people, Austrian labor market, marginal/excluded status; survey; N4232
handicapped, state assistance, recent Italian laws, reform guidelines; M8523
housewives' law effort, Norway, handicapped children provision, national insurance case; N1562

Happiness
communicating in/out of marital relationship, perceived styles, sex, happiness degrees; questionnaire; spouses; N1741
happiness/life satisfaction/anomia, self-perceptions; survey intelligence scores; N2529
happiness/quality of life relationship; interviews; family heads, Aix-en-Provence, France; M8679
marital happiness/disruption relationship, marital alternatives level; interviews; white urban couples; N1792
marital status, happiness, anomie; M8496
parents' marital happiness; children's impact; US national surveys; N1730
reported happiness/psychological well-being relationship, Jessie Bernard's sex differences hypothesis, Australian test; Canberra Mental Health Survey; M8482
spousal interaction determinants, marital structure vs happiness; nationwide interview sample; married men/women; N5138

Harass/Harassment
sexual assault/harassment, campus community case study; questionnaire; university-affiliated persons, University of Rhode Island; N2028
sexual harassment frequency/severity/response/effect; interviews, questionnaire; blue-collar women autoworkers; N2016
sexual harassment, blue-collar workers; mailed questionnaires; males/females; N0964

Harlem
morbidity, spatial variations/community characteristics relationship; household interview survey; residents, Central Harlem Health District; M9715
robbery behavior, heroin abusers; interviews; East Harlem, New York City; S15523

Hartmann, Heinz
Parsons, Talcott, action system/Heinz Hartmann, ego psychology, socialization/conflict resolution means; N3916

Harvard University
industrial sociology, Harvard group's 1930s theory, role in discipline's development; N4242

Hassid/Hassidim/Hassidic/Hassidism
group membership role, place meanings, urban neighborhood, Lubavitch Hasidic sect case, Brooklyn, New York; N3033

Hawaii/Hawaiian/Hawaiians
child abuse/neglect, patterns/determinants, European-/Hawaiian-American families, Hawaii; N5084
fertility differential, Samoan population/migrants; adaptation, selection; questionnaire interviews; Oahu, Hawaii; M8363
social class/national consciousness interplay, Hawaii, 1850-1950; M7917
sugar production rationalization, Hawaii, 1946-1960, class struggle dimension; N2064
vanguard parties' role, US; Hawaii's Revolutionary Communist Party case, Waiahole-Waikane struggle, Oahu; N2877

Hazard/Hazards
environmental hazards, effective regulation, corporate resistance, case study; S15875
women, hazardous work environments, social problem development, sterilization, Bunker Hill mining company, Kellogg, Idaho; N3712

Heal/Healer/Healers/Healing
anthropology of symbolic healing; successful healing via psychosocial mobilization of patient's biochemical response system, comments, reply; N5163
ethnicity/folk healing, multiethnic urban setting; interviews, participant observation; healers/their clients, Honolulu, Hawaii; N1855
faith healing, Perfect Liberty Kyoden sect, Japan; N4824

healers, religious belief, southeastern France; interviews; N3130
healing systems in time, cultural transformation, Tswana case, southern Africa; N3485
indigenous healing activity impact; observation, Cornell Medical Index; fundamentalist churches, Newfoundland coastal community; M9869
professional associations/medical ethics/discipline, Yoruba traditional healers, Nigeria, discussion, reply; interviews, questionnaire; N1282
religious practice/healing relationship, rural Nigerian health project, pluralism; N3111
socioeconomic/ideological characteristics, Amazon urban healer's clientele; interview, questionnaire; Pucallpa, Peru; N0909

Health care
'abnormal' behavior classification/mental health care perceptions; social class, cross-cultural comparison; interviews; western Texas communities/Durango, Mexico; N5181
aging women's health care problems; professionals' insensitivity, drug industry exploitation; S15710
cancer patients' care seeking; sex differences; Great Lakes Area Tumor Service Registry statistical data; N3511
Catalonian health care system failures, sociological perspective need; N1831
disease concepts/health-care organization; cultural/social theories influence, tuberculosis; Indian/Inuit groups, Canada; N0136
essential medications production guidelines, health care universalization strategies; N1845
health advancement, Spanish primary health care programs criticized; N1828
health care delivery system, nonrecursive causal model; interviews; pediatricians/families of patients, New Haven, Connecticut; M8533
health care satisfaction, sociodemographic predictors, new approach; telephone interviews; Baltimore, Maryland, residents; N3493
health care system, Kenya; colonialism's impact; N3512
health care systems, cross-cultural study, US, GB; N0556
health care, high cost debate, chronic illness role; observation, interviews; hospital personnel; N3527
health care, old age, conflicting aspects, failing health/independence desire; interviews; residents, old-age home; N0187
health care, rural vs urban elderly, Idaho; preventive maintenance vs medical model; S15413
health care, sociology, clinical applications; comments, rejoinder; N0413
health care, US, failure, attribution theory, medical profession's ideology, political activities; N2966
health care, USSR; statistical data; N0137
health care/medical sociology, business aspects; S15312
health services organization, utilization, demographic change, Navajo Indian Reservation; socioeconomic underdevelopment vs health focus; N0143
holistic health care, bureaucratic setting, social control function, space medicine case; interviews, observation; flight surgeons, staff, astronauts; N5160
illness, self-care responses, literature review; N3488
immigrant Laotian women's health care/childbearing habits; rites of passage, new cultural context; S15667
infant health care, Hillsborough County, Florida, spatial perspectives, delivery distribution, socioeconomic level; N0043
medical control, female health care, contemporary social issue; interviews, observations; health groups members; S15590
nursing changes, Cuba, health care development, professionalism; M9621
physicians' assistants as health care delivery mechanism, state authorization; M8511
public health care inequalities, Spain; N1819
religious practice/healing relationship, rural Nigerian health project, pluralism; N3111
right to health care, concept evolution, USSR/GB/US, policy trends; N3505
rural community health care program evaluation, unobserved variable structural equation models; S15380
rural dwellers/health care, northern Nigeria, obstetric services case; interviews; patient, family members, village heads; N0156
Sheboygan Wellness Association, program offerings; evaluation questionnaire, interviews; S15682
state health care delivery legislation, Canada; class conflict; M8540
urban patient, health-seeking behavior, health care system, San José, Costa Rica; observation, interviews; N0151

Health/Healthy
anthropology of health as scientific representation, Quebec, Canada, research, 1960-1981; N1860
attitudes toward aging; parental health status perceptions; questionnaire; young adults; N3571
caseload management, decision-making discretion, suitable clients selection, community health clinic agency; interviews, observation; staff; N2076
child abuse/neglect/developmental problems; poverty; interview/agency data; Aid for Families with Dependent Children recipients; N0066
childbirth education role, prenatal health training, model for future theory development; interview schedule; trained/untrained maternity patients, hospital postpartum unit; S15916
community dental health promotion, strategies; N5162
community health planning, volunteer participation motivations; interviews; agency members/consumers, statewide stratified sample, Pennsylvania; S15915
cost-benefit issues, US national health legislation, end-stage renal disease program case; N0145
elderly health/well-being/diet; social support networks; sample, nutrition program participants; S15452
elderly, social/health services utilization; interviews; N3559
fear-moderating/-neutral health promoting information, latent fear-arousing potential, televised antismoking/cancer screening campaigns; questionnaire interviews; Israeli adults; N1080
fertility-related health problems coping; social support; survey; southern Indiana women; S15323
folk health sector nature, network formation techniques/logistical problems, fieldwork situation, Palestinian Americans, metropolitan Washington, DC; N4207
Guatemalan plantation workers, nutritional/health status, medical pluralism; N0128
health advancement, Spanish primary health care programs criticized; N1828
health behavior, rural Ghana; disease classification; interviews; village households; N3492
health behavior; personal autonomy, control sense in illness; longitudinal study, interviews; metropolitan sample; N5168
health beliefs, cognitive development; focus groups, heart attacks case; S15587
health care, old age, conflicting aspects, failing health/independence desire; interviews; residents, old-age home; N0187
health concepts, lay logic analysis; interviews; residents aged 60+, Aberdeen, Scotland; N5171
health conditions, Italian agrarian laborers, Agostino Bertani's 1890 investigation, comment; M7034
health education, ideological content, US vs Nordic countries; N1842
health equality, GB; class structure, material/working conditions, social policy implications; M8690
health indicators, current European research programs/needs; N1800
health needs/services, rural Ghana, comprehensive overview; N1802
health policy, action-research relationship; N1811
health policy, Latin America, current health crisis; N1852
health problems, helping systems; interviews; elderly patients; S15573
health promotion program, South Carolina, voluntary action, perceived social problems response; S15557
health promotion, physician's role; questionnaires; primary care practitioners; N1861
health risk labeling, industrial chemical plant, angiosarcoma/vinyl chloride link; psychosocial survey data; normal/ill workers; N0166
health risk, male vs female increase possibility; marital dissolution; S15608
health services expansion, US, major trends; 1977 National Center on Health Statistics interview survey; M8525
health services utilization; familism, social class; interviews; women, Durango, Mexico; N3499
health services utilization; physical/psychological/social dimensions, David Mechanic's results divergence; interviews; rural North Carolina adults aged 21+; M8541
health services utilization; stress; interviews, daily diaries; female users, neighborhood health center, Boston, Massachusetts; M8518
health services, public satisfaction, objective vs subjective measures; sample survey; Pennsylvania's counties; S15367
health, political economy, medical anthropological literature trends, Middle East, Egyptian village case; participant observation; N1834

health, state; medical anthropologists' policy recommendations, Sudan case study; M8519
health, work effects, gender differences; interviews; workers; S15868
health-related experimentation issues, human populations; M8324
health/crime trends, Chinese Americans; M9195
health/development relationship, mortality structure, socioeconomic determinants; N1642
health/illness as social differentiation symbols, Egyptian village; fieldwork; N4662
health/safety laws, corporate violations, civil vs criminal penalties adoption; N3172
health/social services, welfare state crisis, social control; Italian conference reviewed; N5405
health/stress/achievement, 19th-century professional women, life course/birth cohort analysis; N4601
health; economic instability, economic stress hypothesis tested, longitudinal survey; interviews; N3483
health; employment, rural labor force entry case; interviews; married Chinese women, Taiwan; S15263
ideological consensus, regional health planning agency; S15514
international health problems, political economy, capitalist world-system; M8515
international health; capitalist world system; M8514
lawyers' & judges' health-promoting behaviors; questionnaires; N4638
local health problems, community problem-solving involvement, Ghana; Kintampo project described; N0169
medical pluralism, health services, India; N0155
medical/health studies, Australia; female workforce participation growth/change, child care case; N0375
migrant workers, National Health Service, GB, cheap labor, status, rationale; N0129
national health insurance program establishment, free-market concepts basis; N3506
neighborhood health centers, US, doctors' power limitation, West German relevance; interviews; US health care experts, West Virginia/Kentucky; M7969
Occupation Safety & Health Act, 1970, origins; M9615
Occupational Safety & Health Administration, symbolic gesture, deregulation, Reagan administration attacks, incremental labor gains; N2753
organization/its environment relationship, goal selection case, health-planning agency boards; S15337
organizational deviance, local health planning evidence; M9185
patient visits reasons, physicians' views, prepaid group practice; work conditions; questionnaire; health maintenance organization; N5145
patients, health beliefs, illness interpretation, illnesses/health-related behavior relationship; questionnaire, interviews; N1821
perinatal mortality, current health policy debate, UK, J. Lewis's perspective; N1848
physical health, men/women; multiple roles; survey, interview, daily health record; white adults; N3526
Playful Museum, student union, University of Toledo, Ohio, leisure health training center/research; observation; S15901
poverty theories, national health insurance; 1970 Census data; M8700
protective health behavior, threat communications, response/personal efficacy control factors, existing theoretical approaches integration; N3480
"ripe"/"unripe," health/sickness concepts, Ayurvedic medicine, India; N2656
"self-health" groups emergence, Quebec, Canada, underlying social causes; N1807
Sheboygan Wellness Association, program offerings, evaluation questionnaire, interviews; S15682
sickness prevention/health maintenance, problem types distinction; N0125
social engineering as health planning, less developed countries; medical social science issues; N1797
social experiments, health, program monitoring, evaluation; M7058
social support health-related functions; questionnaire; people aged 45-64; N5167
society/family/psychological health connections, industrialization impact context; N3552
sociologist's role, national health service, reforms implementation, Italy, sociological specialization need, comment; N5413
stigmatized health conditions, life career experiences/adaptive strategies; N0768
subjective health status/medical consultations, consulters/nonconsulters comparison; Nottingham Health Profile, interviews; patients; N0139
tobacco use, Micronesia, life necessity, health impact, change resistance; literature/records review, personal observation, Truk State; N4208
traditional medicine health policy, Singapore; N0164
urban patient, health-seeking behavior, health care system, San José, Costa Rica; observation, interviews; N0151
wellness concept, health promotion, impact on physicians; questionnaires; American Academy of Family Practice members; Illinois; S15666
women's health; economic change; historical influences, 1930s-1970s; M8513
women's occupational health/safety neglect, public hearing, New South Wales, Australia; N2000
worker health/safety, Norway, historical overview; political economy, labor union power; N4291
worldwide health strategy, year 2000 goal; N1864

Hearing
chronic disability adjustment/psychological distress, hearing-impaired case; social support, disruption; questionnaires; adults; London, Ontario; N5155

Heart
health beliefs, cognitive development; focus groups, heart attacks case; S15587
ischaemic heart disease/lung cancer mortality variation analysis, population groups, South Australia; age; N0023
severity perception, chronic/life-threatening disease groups, differential manifestations model; survey; persons with arthritis/heart disease; S15593
social network response, heart attack, buffering effect, social support; S15564

Hebrew/Hebrews/Hebraic
capital punishment, Hebrew law perspective; M9892
Jewish identification; Yiddish/Hebrew language variables; questionnaire; New York City college students; M8108

Hedonism/Hedonistic
motivated intermale aggression; erotica, excitation, hedonic valence; experiment; undergraduates; M9177

Hegel, G. W. F./Hegelian/Hegelianism
Bateson, Gregory, thought, G. W. F. Hegel comparison; N0658
ecology, neo-Hegelian/feminist/psychoanalytic perspective; reply; N0308
modern nihilism, technology as God's replacement, consumption as salvation, politics; G. W. F. Hegel's philosophy; N0382
ontology, G. W. F. Hegel, Hans Georg Gadamer's vs Jürgen Habermas's philosophical positions; M9040
youth's work attitudes, human ideals; G. W. F. Hegel's thoughts reviewed, *Encyclopedia of Philosophical Sciences*; N0069

Hegemony/Hegemonies
civil media hegemony, state influence, Austria, inequality reproduction, 1970-1980; M7843
control conceptualization, domination/hegemony, capitalist labor process; N1971
English Canadian novel, male hegemony perpetuation; N1376
ethnic survival under Anglo-American hegemony, Louisiana Cajuns; N4171
Gramsci, Antonio, law, morality, power, hegemony/state theory; N4853
hegemonic political system, exploited's consent, democracy, capitalism; M7294
hegemony/managed critique, prime-time television, critical Marxist reading, "Mork and Mindy" program; N2832
philanthropic foundations' role, hegemony reproduction/production, Rockefeller Foundations' social sciences policy, 1910-1940; N4928
revolutionary movements, US hegemony era & after; ideological confusions; N2922
structural hegemony, political theory/actual political situation, West Germany; N3964

Heidegger, Martin
calculative thought, silence, meditation, modernity, Martin Heidegger's critique; ecological relevance; S15721
Heidegger, Martin, *Being and Time*, existential ethic development; N2309
Marxism/existential-phenomenological sociology relation, J. Margolis's nonreductive materialism defense, Martin Heidegger's *Being and Time*; N2081

Help/Helping/Helper/Helpers
community-related volunteerism/self-help workshops, topics, case studies; South Carolina counties; questionnaire; participants; S15920
dwarfism, social identity/destigmatization process, self-help group participation; observation, interviews; group members; N0767

emergencies, escaping from responsibility vs helping, individual/group differences; N0828
health problems, helping systems; interviews; elderly patients; S15573
help request responsiveness; rhetorical agreement transformations; experiments; undergraduates; N3050
help seeking from friends vs strangers; cost of providing help; experiment; female undergraduate dyads; M7348
help to elderly mothers; middle-aged daughters' characteristics; interviews; N1876
helpfulness level comparison, Turkish cities/towns/urban villages; interviews, experiments; pedestrians; N3028
helping behavior motivation, dispositional attributions, compassion vs compliance; experiment; female undergraduates; M7358
helping behavior, social-psychological knowledge accumulation, emergency/cost determinants; N2528
helping behavior; future dependence, liking, repeated help requests; experiment; female university students; N2341
helping behavior; prosocial labels; experiment, bogus personality inventory; undergraduate psychology students; N2546
helping politics, language use, political mobilization, low-income groups, sociolinguistic theories; N1424
helping thoughts, attraction, information acquisition; moods; experiment; N2389
helping under common threat conditions, increased "we-feeling" vs ensuring reciprocity hypothesis; experiment; male undergraduates; M7359
helping, Philip L. Pearce's/Paul Amato's cognitive taxonomy extension; N2535
home-helper, social service work, welfare state; interviews; Norwegian employed women; N4302
homosexuals' status, self-help groups, development stages, Sweden/Finland comparison; N3351
membership dilemma, Recovery, Inc, self-help ex-mental patients' organization; N3548
pregnant teenagers' resolution decisions; parental impact, help vs hindrance; N3455
response to help received, influencing factors; experiment; N0827
self-help groups as social movement organizations, social structure, social change; Neil J. Smelser's value-added theory; N2818
self-help movement's importance, modern welfare state; M8608
self-help organizations, public intervention, social politics; M8615
self-perceived altruism; helping under normative pressure; experiment, questionnaire; N2552
social assistance, neighborhood help associations formation, West Germany; N0277
social psychological literature, helping concept; taxonomy, multidimensional scaling analysis; university students, Australia; M7433
strike supporters, union-busting, workers' struggle help vs hindrance; S15546
white protest to affirmative action, helping behavior, blacks/whites; race, status, ability effects; experiment, questionnaire; white, male university students; N2397
women's self-help movement, international cooperation; S15265

Helsinki, Finland
homeless men living in hostels, Helsinki, Finland, close-up study; N3542

Heretic/Heretics/Heresy
heresy, current secular context, sociology's neglected interest; N4851
heresy, politics, suppression of heretics; Roman Catholicism's modernist controversy; N3133

Heritage
attitudes toward cultural heritage, France; 1979 survey, citizens aged 15+; M7732
beyond deficit-filling/development stakes, parental heritage, cross-disciplinary perspectives; N1679

Hermeneutic/Hermeneutics
analytical hermeneutics, interpretative social inquiry post-Ludwig Wittgenstein; N0435
conversational/textual communication, hermeneutic/ethnomethodological formulations; N1397
Giddens, Anthony, sociological methods rules, hermeneutic/linguistic/phenomenological perspectives; N0614
Habermas, Jürgen, critical theory, hermeneutics factor; M7308
Habermas, Jürgen, recent writings, hermeneutics, emancipation; N0594
hermeneutic sociology of reason, science/rationalism criticism, Karl Popper's/Paul K. Feyerabend's/Friedrich von Hayek's/Alfred Sohn-Rethel's approaches evaluated; comment; N3980
hermeneutics, social theory, textual interpretation, classical sociological works; M7305
medical students' professional socialization, surgery lecture, textual interpretation, objective hermeneutical method, West Germany; N1444
natural/human sciences, similar hermeneutic categories application; N3239
Nietzsche, Friedrich, contemporary hermeneutics circle/metascience relevancy, interpretive turn approach; M7025
philosophy of science positions, logical positivism vs hermeneutics, Apel's complementarity thesis, application to psychoanalysis; S15287
qualitative content analysis, subjectivity, ideology; psychoanalysis vs deep-hermeneutic approach, Klaus Mann's *Mephisto*; N4075
Verstehen, hermeneutics, language, Wilhelm Dilthey, Jürgen Habermas, Hans-Georg Gadamer, Ludwig Wittgenstein, Peter Winch; N2276

Hero/Heros/Heroism/Heroic/Heroine/Heroines
Greek mythology, Edmund Leach's/Claude Lévi-Strauss's structural interpretations, feminist perspective reinterpretation, Oedipus complex, woman as hero/victim; N0376
heroes/heroines, type preference assessment; questionnaire; US adolescents; N3321
sport heroes as social myth conveyor; M7775
violent male hero role, unjust social systems legitimization, image/reality, Ronald Reagan administration; N0784
Washington, George, heroic leadership, Whig conception; N0999

Heroin
heroin addiction, GB; Glasgow, Scotland, drug clinics, 1981; N3534
heroin addiction, US; cultural action system concept; M7256
heroin addicts violence rate association; S15807
insulation from labeling, deviant defenses, heroin use case; S15502
mothering attitudes/experiences/self-perceptions; interviews; heroin-addicted/nonaddicted women; N3532
robbery behavior, heroin abusers; interviews; East Harlem, New York City; S15523
socialization/family dynamics, sex differences; interviews; female/male heroin users; N2377
substance abuse, social support/stress-coping paradigm; interviews; heroin-addicted females; N3720

Heterogeneity/Heterogeneous
homicide, sociogenesis; population heterogeneity; nation-states sample; M8589
penal process, criminal courts inequality; defendants' awareness/professional heterogeneity; observation, interviews; Liverpool, England; M8250
repeatable events in life histories analysis, unobserved population heterogeneity, new approach, application to marijuana use timing; S15889
social ecological analyses, Australia; census units' internal heterogeneity assumption; M8351
socially heterogeneous marriage dynamics, urban populations, USSR; N3458

Heteronomy
high schools, heteronomy question, relation to societal stratification, US/Scottish comparison; group intelligence test, follow-up study, 1947-1964; Scottish students/young adults; N4734

Heterosexual/Heterosexuality
bisexuality/Eastern concept of nondualism acceptance relationship; interviews; female heterosexuals/homosexuals/bisexuals; N0360
child's home environment, lesbian vs heterosexual mother household, neglected research area; questionnaire; mothers; N5358
family relationships; homo- vs heterosexual women; questionnaire; N3708
family study, sexual orientation; questionnaire, interviews; heterosexual/homosexual men; N2498
heterosexual/lesbian single mothers, problems/coping/solutions comparison; questionnaire, interviews; N5117
heterosexuality, father image importance, male dominance; M7408
homosexual men, heterosexuals' dislike, A. P. MacDonald, Jr.'s & Richard G. Games's personal style vs Michael D. Storms's sexual preference hypotheses; questionnaires; college students; N2463
introductory psychology textbooks, homosexuality sources, misrepresentation/liberalism/heterosexual bias, content analysis; N4747
lesbian lifestyles, homosexual microculture/heterosexual macroculture; questionnaire; N4124
parental backgrounds comparison, cross-national replication; questionnaires; homosexual/heterosexual British males; M8455
public attitudes toward homosexuality, New Zealand; interviews; heterosexual adults; N2823

romantic involvement, heterosexual relationships taxonomy; questionnaires; undergraduates; M8450
self-described/ideal sex-role behavior, children; Bem Sex Role Inventory questionnaires; hetero-/homosexual mothers; N2461

Hierarchy/Hierarchal/Hierarchies
communities/neighborhoods, social hierarchy perceptions; random sample, adults; Tel-Aviv, Jerusalem, Haifa, Israel; N0280
energy systems hierarchy, unifying view/dimensional progression formula; N3759
ethnic origin as hierarchical dimension of social status, correlates; similarity clustering; urban Israelis; M9210
family housing choice, hierarchical model; longitudinal study; M8048
Hindu hierarchy, "goals of man," semantics/rhetoric; M9862
nonhierarchical/nested log-linear models estimation, dichotomous variables approach, US soldiers data; M8897
organizations, participative decision making, deemed appropriateness; high/low hierarchical levels; questionnaire; middle-level managers; N2691
pure hierarchy model, optimum control span, cost minimization; M9311
ranked structure, Tlaxcalan (Mexico) religious office-holding hierarchy, concept/behavior match; N2613
research idea acceptance probability, technologically oriented social structure; four-tier research hierarchy case; M9344
sciences hierarchy, supposition that higher ones have greater consensus level/faster advancement, reexamination; N4922
settlement hierarchies/political complexity relation, nonmarket societies, Formative period, Valley of Mexico; M7534
social science journal hierarchy determination, subjective vs citation ranking; sociologist sample, *Social Science Journal Citation Reports*; M9959
social-status hierarchy, father-son vs husband-wife comparisons; US Census data; social-class consistency; M7974
women's domain ritualization, significance for women's position, hierarchical society, India; N5345
work organization hierarchical position, job satisfaction; national sample survey replication failure; N2676

High school/High schools
academic achievement process, Canada, ethnic differences, panel study; German-/French-speaking male high school students; N2967
alienation, Vietnamese refugees, US; questionnaire; high school/college students; N4042
athletic participation/educational attainment/race relationship; national longitudinal survey; high school seniors; M8152
attitudes toward parenthood education; social class, gender; attitude scale; high school/college students; N4518
background-education relationship; social-psychological orientation; national sample; tenth-grade boys; S15734
career choices, perceived influences, sex/socioeconomic status/ethnic group comparisons; interviews; New York City eleventh graders; M8395
career motivation; factors affecting sex differences; questionnaire; Iranian high school students; M8422
classroom passivity, high school student nonparticipation, self vs community orientations, responsibility; observations, interviews; 1981/82; S15725
college introductory sociology course performance; high school course impact; comprehensive examination, preliminary results; N3835
democracy comprehension, conflict situations application; interviews, questionnaires; high school students, Pennsylvania; M7879
desires/expectations regarding work, determinants/consequences; survey; high school girls; N2726
drug use; peer association/identification; interviews; high school students, rural Georgia; S15219
educational attainment, high school classes, 1960-1963; Project TALENT data; M8198
educational plans, motivational relevance, high school students; national longitudinal study; M8141
farming plans stability, national longitudinal survey; questionnaires, interviews; high school seniors; M8035
high school curriculum assignments, tracking; achievement orientation, grades vs prior curriculum content; survey samples, highly urbanized US districts; M8140
high school senior class, 1972; national longitudinal survey; race/sex differences; M8161
high school sociology programs, US, current characteristics; questionnaire; principals, national random sample; M8939
high school students' aspirations, sex differences; questionnaire, school records/tests; boys, girls; N5047
high school students' drug use reporting, Jerald G. Bachman's-Patrick M. O'Malley's time-frame estimates criticized, response; M8837
high schools, heteronomy question, relation to societal stratification, US/Scottish comparison; group intelligence test, follow-up study, 1947-1964; Scottish students/young adults; N4734
institutional change; controversy, school desegregation case; interviews, questionnaire; students, teachers, adminstrators; biracial high schools, US South; M9199
job involvement, toward developmental model; questionnaires; high school graduates; N4284
juvenile shoplifting, nonmetropolitan area, deviant vulnerability/labeling hypotheses; self-reported questionnaire; high school youth; N0230
labor force balance, relation with high school/vocational school network, Romania; N4753
middle-class delinquency, quantitative/qualitative sex differences; questionnaire; junior/senior high school students; N0240
orientation toward parents/family conflicts/home environment influence; questionnaire, interviews; high school seniors, Nordrhein-Westfalen, West Germany; N1689
paid work/child care/housework, husbands/wives, responsibilities sharing preferences; questionnaire; high school seniors; N5049
personality, high school students, Marxist sociological analysis; M9158
pre-employment work values, new labor force entrants; questionnaire; Canadian high school students; N5054
school achievement; unidirectional vs nativist acculturation; questionnaire; Chicano high school students; M7527
self-esteem/faith in people; religiosity, family solidarity; questionnaire, Rosenberg's Self-Esteem/Faith in People scales; Middletown high school students; N4784
self-reported delinquent behavior, sibling structure, neglected family variable, contrast/imitation processes; questionnaire; high school students; N1918
self-reported delinquent behavior; social class, new test; questionnaire; high school students; N0229
sex stereotypes, students' beliefs; male vs female school principals; questionnaires; Australian high schools; M9165
sex-role orientation scale, high school student population, construction primer; S15878
stress of college application; student, parent, school; experiment, cardiovascular changes; high school students, affluent private school; M7398
student alienation reduction, high schools, theory implications; N4751
student disengagement from high school; evaluation processes; survey; S15839
student social participation; school size, R. G. Barker's behavior settings theory; questionnaires; high school students, rural Washington schools, 1964/65; M8182
study/school commitment; traditional vs comprehensive Belgian high school system types; questionnaire; seniors; M8153
substance use; religious involvement; questionnaires; high school seniors; M9868
workforce participation; questionnaires; Italian high school students; M8166

Higher education
federal higher education policy, campus autonomy threat; M8157
higher education politicization correlations, GB/France comparison; M8143
higher education regionalization, Spanish state, problems; N4739
higher education system, consumerism, capitalist countries; N4368
higher education, knowledge integration, interdisciplinary approach; M8921
higher education/inflation relationship; M8146
modeling black student academic performance, higher education; S15748
reentry women, higher education, marital/mothering roles; interviews; S15857
research/production, higher education integration, Romania; N4565
social movement/countermovement, women's access to higher education, late 19th century, University of Chicago, Marion Talbot's role; S15512
USSR sociologists, practical issues orientation, higher education cooperation; N4779
women's higher education, governing philosophies; Wells College (New York) case; S15730
women's status, higher education, enrollments/degrees earned trends; N5363

Himalayas/Himalayan/Himalayans
human fecundity/fertility; high altitude hypoxia, culture, Himalayas/Andes populations comparison; N4985

Hindi
nonkin forms of address, Hindi, north India; N1398
Roman Catholic book publication, Hindi language; M9446

Hindu/Hindus/Hinduism
communal festival, *deś jātrā*, Hindu Newar, Panauti, India, structural analysis; N0914
family size regulation, changing conceptions, Hindu East Indians, rural Trinidad; socioeconomic conditions; fieldwork; N5116
festivals, Hindu calendar, pertinence to different castes/social functions, East Goadavari region, India; N0900
festivals/time/space, Hindu calendar, Indo-Nepalese version, structural interpretation; N0898
Hindu hierarchy, "goals of man," semantics/rhetoric; M9862
Hindu worldview, space/time concept, daily life, India; N1471
relative deprivation/Hindu-Moslem intergroup attitudes relationship; Muslim student sample, India; M9105
structure/theory/performance dramatization, Hindu Tamil community, northern Sri Lanka; N4211
Weber, Max, sociological studies, Hinduism, Buddhism, southern Asia; bibliography; M9851

Hire/Hiring/Hired
academic stratification, graduate management programs; departmental prestige, faculty hiring patterns; N4716
agricultural dependence, hired farmworkers; demographic/employment characteristics; S15236
capitalism/bureaucratic control/labor market segmentation, industrial hiring practices, southern city; S15791
female/black hiring/promotion patterns; organizational characteristics; literature review; M7662

Hispanic
auto-/heterostereotypes, uniformity/intensity/direction/quality; questionnaire; US Navy Hispanic/Anglo recruits; N2556
Hispanic-American groups, eastern US, demographic/socioeconomic characteristics; M7495
Hispanics, Pacific Northwest, population dynamics; US Census data; S15365
household/family structure, Hispanic northern New Mexico; fieldwork; N5103
income attainment inequality, nationality, labor supply variables; 1976 Survey of Income & Education; native vs immigrant Hispanic men, US; N5005
Las Mujeres: Conversations from a Hispanic Community, excerpts/research background, oral history; interviews; Albuquerque, New Mexico, women; N0344
literature, Paraguayan narrative, contemporary Hispanoamerican context; N4706
residential environment quality as social problem, poor housing/neighborhood, mental health consequences, black/Hispanic women study, Waterbury, Connecticut; S15654
residential succession, ecological model, Hispanic case, blacks comparison; N0853
unemployment/underemployment, disparities among blacks/Hispanics/women/white males; population surveys; S15942

Historian/Historians
dispositions toward the past, scaling, historical resource planning implications; questionnaires; general population, archaeologists, historians; Toronto, Ontario; M8864
sociological perspective inculcation, interdisciplinary policy-related courses, sociologists/historians/scientists/engineer team case; N0554

Historicism/Historicity
historicism, liberalism, Wilhelm Dilthey's philosophy of history; M8822
historicity, "modernist" view evolution, 16th-18th centuries; N3624
Marxist vs bourgeois historicism; N0397
Popper, Karl R., historicism, emergence; M8833
"presentist" vs "historicist" historiographies, social science history; N0651
private sphere, women's/children's everyday life activities; effects on historicity; life-history; N2272
social science, crisis, epistemology, methodology, knowledge historicity, Max Weber, Edmund Husserl; N2260

Historiography
African resistance, historiography debate, Jakob Marengo/Namibian history example; M9494
history/social theory, social class understanding, British Marxist historiography contribution; N3739
"new historiography" movement, France, medieval culture/mentality interpretation; N3620
"presentist" vs "historicist" historiographies, social science history; N0651
psychoanalysis, history, historiography, Erik Erikson, Robert Coles; N3610
religious awakenings, historiography, Timothy L. Smith's/William McLoughlin's perspectives contrasted; N4848
Senegalese historiography, Marxist/Islamic trends, messianic/nonmessianic themes focus; S15894
Western philosophy of science, "a priori rationality"/"historiographical positivism" dilemma; N5268

History/Historic/Historical
Albania, recent historical outline, integral Stalinism; M9376
Arab speech, Jews, Maghreb, historical/sociolinguistic observations; N1360
Argentine Church history; M9835
art history, methodological currents, provisional balance sheet; N4712
Bandyopadhyay, Pradeep, neo-Ricardian economics research, historical materialism differentiation, reply; N0406
biopolitics, governmental liberalism history, policy; Collège de France course description; N0249
black Carib domestic organization, historical perspective, traditional origins/contemporary patterns; N2637
black lynching, theoretical-historical approach; M9455
Brazilian economic history, 1929-1973, capital accumulation, state intervention, crisis; N4351
capitalist process, urban transformation, middle-income housing; family history/genealogy data; Santana, São Paulo, Brazil, 1900-1973; M9719
censoring problem approaches, event-history analysis, A. B. Sørenson's preliminary formulation reviewed; N2176
Chateaubriand, François, autobiography, personal life/world history events synthesis; N0263
Chinese immigrants, job histories, Canada prairie, Saskatchewan, 1910-1947; N0025
Cohen, G. A., *Karl Marx's Theory of History: A Defence*, historical materialism as functional explanations set, applicability to social science argument challenged; N3735
condottiero (mercenary captain), historical-sociological annotation, mercenary army, 14th-/15th-century Italy; N2745
corruption, British statute law emergence, England/Wales, historical analysis; N5218
criminology, historical paradigm, response to "anachronistic" perspective; N5214
cult phenomenon development/appeal, historical/sociological/familial factors; M9876
death, personal history, identity preservation strategies, dying/survivors; interviews; elderly; N1884
dispositions toward the past, scaling, historical resource planning implications; questionnaires; general population, archaeologists, historians; Toronto, Ontario; M8864
doctors' social/economic status, US medicine professionalization, contributions of birth/birthing women, historial view; S15652
drug consumption criminalization as historic process of disqualification; M9489
Durkheim, Emile, "The Unknown and the Unconscious in History," remarks analysis; S15829
economic self-management models evolution, Yugoslavia, history, firms' organizational principles; N2727
English neopositivism, social-historical knowledge problems; M8830
English/French Canadian sixth-grade history textbooks, 1850-1968, comparative analysis; M9814
ethnic/linguistic minorities, historical phenomenon, Canada; M7514
event history testing, effects in event series collection, residential mobility data test; M8842
event-history analysis, discrete-time methods; N2127
event-history analysis, non-/partially parametric approaches; N2177
everyday life as socioscientific/historical category; N2284
family, historical research, complexity discovery, W. I. Thomas's/F. Znaniecki's adaptational approach; M8465
Fauré, Christine, French feminist history assessment; M8750
Foucault, Michel, *The History of Sexuality* reviewed; N0248
gender/generational reproduction/social class concepts, toward historical stratification reformulation; S15753
Habermas, Jürgen, communicative action, sociocultural evolution, worldviews, universal pragmatics, historical materialism; N0680
Habermas, Jürgen, historical materialism reconstruction program, addressing critical theory weaknesses; N2303
Herzen, Alexander Ivanovitch, autobiography, European history involvement; N0262

Hill-Burton Hospital Survey & Construction Act, political legislative history; S15313
hospital organization, social research guidelines, Italian public health reform case; M8527
hospital reform; practical consequences, structural power; personnel statistical data; North Rhine-Westphalia, West Germany; M8528
hospital utilization/surgery determinants, Navajo Indian reservation, 1972-1978; N1823
inpatient psychiatric unit as system, private general hospital; M7632

involuntary commitments reversal, psychiatric hospital, New York, implications for societal reaction model; S15579
minor health disorders management, patient decision-making processes comparison, hospital accident/emergency department; interview schedule; hospital patients, southeastern England; N5150
nonlocal hospital preference, trend reversal feasibility; survey; Lincoln Trail residents, Kentucky; S15308
organizational commitment antecedents, hospital nurses, job/nurse attributes; questionnaires; N1240
organizational groups, structure; context, hospital clusters case; M8516
organizational size/structure relationship, hospitals, longitudinal analysis; M7636
psychiatric treatment, hospitalized patients' attitudes, quantitative research review; N3557
sentimental work, technologized hospital; observation; N1857
sociotherapy program leadership/participation, personality, determinants; Thematic Apperception Test; hospital leaders/workers/nonworkers; N5412
state mental health hospital staff; Ohio clients' rights legislation; questionnaire; direct care staff; M8531
sterilization procedures/hospital operating rooms, ritual function, scientific context; N2985
stress, hospital nursing staff, causes/effects; questionnaire; N2979
substance- vs nonsubstance abusing patients, emergency room staff's perceptions; encounters rewardingness; questionnaire; N5147
team nursing coordination, professionalism vs bureaucratic control; questionnaire, interviews; registered/head nurses, nursing directors, hospitals, national sample; M7953
wife-battering incidence, male psychiatric hospital patients, special treatment programs consideration; interviews; Veterans Administration Medical Center; N5334
work time planning, management rationalization vs worker autonomy, hospital nursing example, Quebec; N0925

Hospitalization
formerly hospitalized mentally ill, acceptance as tenant; shared ethnicity; experiment; N1868
involuntary hospitalization, race bias, psychiatric vs labeling perspectives; S15853
psychiatric patients, family symptom tolerance, rehospitalization experiences; M8547
rehospitalization prediction factors; hospital records, longitudinal interviews; discharged patients, state mental hospitals, Florida; M8530

Hostel
homeless men living in hostels, Helsinki, Finland, close-up study; N3542

Hostility/Hostilities
Adorno, Theodor W. et al, *The Authoritarian Personality*, authoritarianism/hostility correlation questioned; N2504
spectators' hostility; viewing aggressive sports; response scales; undergraduates; M8702
susto ("folk illness"), Latin America, severe hypoglycemia vs hostility/aggressiveness relationship hypothesis; glucose tolerance test, questionnaire; males, Peru; N3481
verbal aggressiveness, hostility levels; violence tolerance, amount of hockey exposure; interviews; spectators, professional hockey games; N3663
white hostility, desegregated schools; race composition, control problem; questionnaire; elementary schools; M7512

House/Houses
child welfare, house of refuge movement emergence, 1820s, humanitarianism vs exploitation thesis; M9923
environmental issues, US House of Representatives, 1973-1978; partisanship, ideology, constituency; M7860
family, housework, production/reproduction/consumption, sexual division of labor, psychological strain; M8466
house effects/survey measurements reproducibility test, 1980 General Social Survey/American National Election Study comparison; M7079

Household/Households
black women, marital status, household structure, life satisfaction; Cantril Self-Anchoring Striving Scale; Florida sample; N3675
changing role patterns, men/women, parental desires, their children's study choice/household tasks involvement, longitudinal study; interviews; Belgian couples; N3428
child's home environment, lesbian vs heterosexual mother household, neglected research area; questionnaire; mothers; N5358
Chinese-American family, strategies, resultant family forms, split household/small producer/dual wage earner; N1729
elderly, household tasks continuity/change, life satisfaction relationship; structured interview schedule; random sample, northeast city; S15822
extended living arrangement prevalence, black, Hispanic, non-Hispanic white female-headed, husband/wife households; cultural equivalent vs variant explanation; survey sample, subsample, 1976; N0122
families/households, Detroit, Michigan, census analyses provision, nonacademic audiences; S15250
family/household structures, Guatemalan society; interviews; rural & urban females; N5111
females heading households, profile, peninsular Malaysia; N3673
fertility, economy, household formation, England, 1541-1871; N0040
General Household Survey as secondary analysis source, GB; N3784
generational continuity trends/succession to household directorship; interviews; farm households, Japanese hamlets; N3418
high intraurban residential mobility, Finland; housing adjustments/household formations/forced moves; survey; N5004
household composition; economic hardship; census data; postbellum Florida, 1870-1885; N3368
household consumption, France, 1960-1985/future trends; M7700
household headship loss; old age status; national Irish study; M8566
household living levels, plantation society; fertility behavior; interviews; households, rural Jamaica; N3398
household role sharing/marital quality, Wisconsin farm couples; S15416
household work, women's dilemma, dependency on men/capitalist system; women's liberation goals; N5350
household/family structure, Hispanic northern New Mexico; fieldwork; N5103
households organization, Adabraka, Ghana, domestic socialization/production relationship, wider comparative perspective; M8498
households size decrease; habitat relationship, external pressures; N3389
housing needs assessment/forecasting, household composition indexing method; N1325
integrated social data systems, GB; household censuses/surveys as data sources; M8847
job loss effects; household composition; interviews; exworkers, Robertshaw Controls (Indiana [Pennsylvania] Division); S15940
juvenile delinquency, informal/formal control; household density, building-density design, built environment, marijuana use; questionnaire survey; Canadian secondary school students; N1912
kinship patterns, low-income urban households, survival strategies, Brazilian case studies; N0089
local variations, household forms/family consciousness, post-World War II Japan; N3423
married men's migration, Mexico to US; fertility control, male domination (*machismo*); household survey; Michoacan state, Mexico; N5139
part-time farming, GB; effects on household/rural economy; N4653
population statistics, sociological variables examined, household typology suggested; N3751
production, household system, printing craft, early US, gender/kin factors; S15752
resource leakage, rural areas; household expenditure patterns; Lake Powell area (Utah/Arizona) communities; boom-town vs more stable places; S15409
rising household transportation costs, implications; survey; Florida; S15605
role behavior/expections analysis, household tasks division hypotheses; interviews; Korean immigrant families, US; N3422
social organization, corporate household/ecocentric kinship group, Catalonia, Spain, participant observation; N2616
social stratification/household incomes, Nazaré, Portugal; tourism, case histories; N2948
sociology of Middle Eastern agrarian relations, household production persistence; N4649
southern state household survey, low-income/rural counties, sample design/multilevel objectives; S15234
women's household to wage-labor transition, antebellum New England; rural inequality, neo-Marxist analysis; S15369
young migrant households, Oaxaca, Mexico, adaptation/characteristics, poverty continuation; interviews; household heads; N0317

Housewife/Housewives
employed wives/housewives, anomia; interviews, 1974 General Social Survey; N3704

housewives' law effort, Norway, handicapped children provision, national insurance case; N1562
housewives' self-realization concept, role/life-structures theories; N5353
time consciousness; unemployment; unemployed vs employed youth/women, housewives, Trier, West Germany; M7577

Housework
men's unemployment, housework strategies, family domestic role reversal; interviews; long-term unemployed; N0973
paid housework resurgence, developed capitalist nations; N4271
paid work/child care/housework, husbands/wives, responsibilities sharing preferences; questionnaire; high school seniors; N5049
women, freedom from housework, domestic labor debate aspects; N2045

Housing
capitalist process, urban transformation, middle-income housing; family history/genealogy data; Santana, São Paulo, Brazil, 1900-1973; M9719
central-city housing, black-to-white successions, urban revitalization evidence; national census data; M8082
contemporary Italian poverty, profile, housing correlates, South/cities concentration; N5322
Cuba, urban problems progress, housing; M9700
dwelling space distribution inequalities, social problem, Australian housing system; M8073
family housing choice, hierarchical model; longitudinal study; M8048
graduated rental scales, "threshold effects" existence, public housing residents, Chicago, Illinois; N0522
high intraurban residential mobility, Finland; housing adjustments/household formations/forced moves; survey; N5004
housing conditions variation, Soviet cities; housing policy, favoritism; M8072
housing consumption analysis, alternative approaches to family life cycle; N5110

income inequality, Gerhard Lenski's power distribution in society hypothesis, V. Bornschier's & T.-H. Ballmer-Cao's study replicated; N1228
income inequality, Latin America, paradigms/hypotheses tested; S15282
income inequality, macrosociological correlates, Social Entropy Theory explication; S15484
income inequality, political democracy effect, Cutright-Jackman debate reexamined, cross-national analysis; S15767
income inequality, US; sectoral, political explanations; 1960/1970 panel data; M7923
income inequality/stratification, US; family vs individual earnings; conceptualization/measurement issues, postwar demographic/labor force/social welfare developments; M7948
income inequality; world economy impact; M7943
income provision via off-farm employment, women's role, south Georgia, patterns/consequences; S15196
income stratification, US; conventional religiosity, conflict crime attitudes; national survey data; M8239
income, gender inequality sources; 1976 Australian census data; N4532
income, size distribution; democracy/socialist strength; N4030
individual income distribution, US; public sector employment; M9377
intergroup income inequality measurement, conceptual review; N1213
Kalleberg, Arne L./Michael Wallace/Robert P. Althauser, "Economic Segmentation, Worker Power, and Income Inequality," simultaneous use of individual-/structural-level data criticized, reply; N4550
large-scale farming, rural income, Goldschmidt's agrarian thesis; M8028
men's occupational status/income; college prestige/selectivity; national sample, longitudinal survey; M9651
North-South income gap, demographic perspective; N0014
Pareto curve's utility, open-ended income distribution, survey research applications; N0511
per capita income differentiation; demographic factors; N2194
personal income distribution; companies' core/periphery dual economic structure, advanced industrial societies; N1000
Portuguese family income analysis, application of Camlio Dagum's personal income distribution model; N2784
racial segregation, socioeconomic model; monthly contract rent, family income, housing patterns; 1970 census tract data, Karl E. Taeuber's dissimilarity index; M9216
relative income position trends, Mexican-origin workers, US, early 1970s; census data, Survey of Income and Education; M9585
risk acceptance/income relationship; interviews, questionnaire; Georgia farmers; S15220
rural elderly out-of-house activity; sex/income differences; interviews; S15729
social background/intelligence/education/occupation/income relationship, Netherlands; M8160
social stratification/household incomes, Nazaré, Portugal; tourism, case histories; N2948
status, world system, income inequality, economic growth; N4353
Third World countries, uneven development, national income inequality; external economic dependency; N1045
universal family allowance system, Canada, income security programs redesign potential; S15529
women's income; egalitarian sex-role attitudes; interviews, John Scanzoni's female status attainment model revised; N1991

Inconsistency/Inconsistencies
behaviors rescission, inconsistent responses, adolescent sexuality data, longitudinal study; questionnaires; N2167
spouse abuse; partners' status inconsistency/incompatibility as risk factors; telephone survey; Kentucky women; M8705
status inconsistency models, Kenneth L. Wilson's/L. A. Zurcher's recommendations, K. Hope's method; M7094
status inconsistency models, multiple regression assumptions violation, statistical artifact; N4554
status inconsistency resolution, expectation states theory/test; experiment; female undergraduates; M7402

Indecision
nuclear waste management indecision, political economy; S15764

Independent/Independence/Independency
child's independence development, working/nonworking mothers' influences; survey; sixth graders/their mothers, Tokyo, Japan; N5030
health care, old age, conflicting aspects, failing health/independence desire; interviews; residents, old-age home; N0187
marriage, affiliation/independence issues; Locke-Wallace Marital Adjustment Scale, Edwards Personal Preference Schedule; distressed/nondistressed couples; N5085

Marxism, society transformation, individuals' independence destruction unaddressed; N1170
metaphorical language role, political discourse, family metaphor case, Chilean independence revolution; N2874
"On Intellectual Craftsmanship," independent research theory/method, personal experiences; M7195
prostitution growth, Israel; cost of independence; N0093
research systems, countries' independence degree measurement; French bibliographic database data; M9965
woman-authored popular fiction, "independent woman" narrative, autonomous self search; N3059

Index/Indexes/Indexing (see also **Scale, Test**)
agreement index, dot-product base, requirement of scalability coefficients; N0512
comparative validity test, Likert/projective/forced-choice indices, achievement motivation; Australian males; N2114
composite index construction, binary variables; scaling alternatives; N2156
criminal behavior, USSR; indices development; N5228
distance-based segregation index, settlement patterns, Index of Dissimilarity extension; M7091
evaluating scientific productivity, Science Citation Index; M9969
housing needs assessment/forecasting, household composition indexing method; N1325
index arrests prevalence/recidivism, feedback model; N1601
motive presentation/construction, social interaction; alignment metaphor criticized, criterion indexing/counter indexing concept applied; M8810
organizational action contextuality/indexicality, system-environment distinction; M7643
racial segregation, distance-based index, algebraic index of dissimilarity; Philadelphia, Pennsylvania, census data, 1950/1960/1970; N2606
science citation index/chemistry, sociological tool, automatically generated data feasibility/accuracy; M9951
social mobility indices structure, inheritance; N1211
socioeconomic development planning, USSR; temporal indices; N5292

India/Indian/Indians
action groups, constant redefinition, Jalari (fishing caste), coastal Andhra Pradesh, India; N4180
aggressor/his victim perception; age, retaliation; fictional incident; undergraduates, India; N2451
agrarian relations changes, southeastern India vs northern Vietnam; fieldwork; N4650

technology transfer/firm's work organization, developing countries research, industrial sociology's contribution, Egyptian/German firm comparison; N0961
university science research, increased industrial funding, values conflicts; N1609
urban-industrial spatial concentrations, Soviet views; N4688
urban/regional sociology, advanced industrial societies, Marxist/critical perspectives; N1337
US labor insurgency/organization, National Industrial Recovery Act to Taft Hartley Act; N4288
US politics, electoral-bureaucratic mode shift, class conflicts, financial-industrial class; State Department document data; 1886-1905; M7939
von Stein, Lorenz, 19th-century industrial society theory, free society/social state goals; N2240
Weber, Max, empirical industrial research contribution; M7606
West German work week reduction strategies, industrial conflicts, political implications; N2690
western industrial society theory, Fred Hirsch's *Social Limits to Growth*; N0751
women's prospects, nontraditional blue-collar jobs, pre-/postpioneer periods, organizational changes effects; interviews, questionnaires; employees, union officials, large industrial firm; N2017
women, twentieth-century industrial countries, concomitant civil rights extension/economic marginalization, egg production case, Møn, Denmark, wage labor infiltration; N2679
work environment reform/industrial democracy, Norwegian/Swedish efforts, US development; N0933
workers/community territory, close relationship, industrial conflict cases, Saint-Nabord/Belfort, France; N2709
working conditions, industrial sector, 1978; survey; Spanish wage-earners; N0929
youth employment, agriculture, southern Italy; industrial development level; interviews; M9666
youth employment, Italy; industrial structure changes, technology, service economy transition, decentralization; M9303
Yugoslav industrial organizations, control distribution; questionnaires; N2763

Industrialism
Alabama business enterprise/society, historical study; industrialism, race; M7501
industrialization/status attainment process, industrialism thesis reconsidered; N4529

Industrialization/Industrializing (see also **Industrial, Industrialized**)
anomie, Emile Durkheim's concept reviewed; industrialization's effects on social solidarity/cohesiveness; M9078
deindustrialization, New York metropolitan area, plant closings; S15660
glassworkers, Marinha Grande, Portugal, industrialization reactions, 1870-1934; interviews; N2711
'industrialization of building', new job hierarchy, contradictions between site workers; M9310
industrialization of leisure, control/standardization; M7772
industrialization/status attainment process, industrialism thesis reconsidered; N4529
international division of labor changes, newly industrializing countries; UN statistical data; N1037

modern industrialized agriculture, desertification, new techniques need; France; M9668
quality of life perceptions, industrializing country, Republic of Korea case; interviews; heads of household; N0297
reindustrialization, class politics logic, 20th-century US; S15562
reindustrialization, complex economic plans, social implications, social service workers; N1962
traditional kinship structures; urbanization/industrialization; Shiratsuchi village, Yamoto, Japan; N5089
work process domination, firm/workers interest conflict, shipbuilding industrialization example; interviews; workers; N0979

Industrialized (see also **Industrial, Industrialization**)
closest social contacts, industrialized society, family/neighbors preference, Oslo/Smaby, Norway; N5080
development/crisis, industrialized European countries; N1039

Industry/Industries
accumulation prospects, small-scale industries, Third World towns, metalwork shops case, Maradi, Niger; M9268
Adorno, Theodor W., aesthetics/culture industry theory; N3945
anthropology of industry, major writings, critical reappraisal; N4250
author/publisher relationship, Italy, intellectual as labor proponent/publisher as industrialist; publishers' perspectives summarized; interview commentary; N4579
automobile industry, global transition; S15798
basic science, industry's future growth, funding; M9949
Canadian industry, foreign control, "merchants against industry" debate, empirical text; M7692
Clawson, Dan *Bureaucracy and the Labor Process*, US manufacturing industry reorganization/workers' experience, 1880-1920, critique, reply; N1968
collective wage negotiation, metallurgical industries, France; government policy vs union demands; N4246
construction industry, work/management quality, safety; M7566
Czechoslovak industry, top creative workers; N2689
decision making in industrial self-management groups, multiple legitimate interest problem, power group formation; N4283
dispute theorizing, presumptions, origins; N1559
employees' theft, convenience store industry; psychological factors; questionnaire, Personnel Selection Inventory, longitudinal experiment, control comparison; managers, retail clerks, job applicants; N5421
energy needs, industry/food production, Paraguay, Itaipú hydroelectric plant; N4978
entrepreneurship/social environment change, Japanese auto industry, high productivity/innovation as key elements; N0981
forest management innovation adoption, nonindustrial private landowners; interviews; Wisconsin; 1982; S15394
French-speaking industrialists' careers, furniture manufacturing industry transformation, Victoriaville, Quebec, circa 1900; N4338
human creativity obstacles/stimulation, industry innovations analysis, East Germany; M7400
industrial automation, technological innovation, work conditions, productivity, workers' complaints; USSR; M7609
industrial occupations/labor stratification, sexual segregation; market power, unionization, "classically" capitalist organization; census-related data; M7957
industrial social control, deviance, discipline; realist vs idealist/interactionist interpretation; case study material, British factories; N2582
industrial sociology, USSR, management, innovation, organizational structure; sociological services improvement; N5420
industry, agglomeration contrasts, New York City/Pittsburgh, Pennsylvania, B. Chinitz's hypothesis tested; M8049
interfarm cooperation, agroindustrial integration, social results, USSR; M8041
Japanese industrial management style, Japanese-written studies reviewed; M9349
labor process division/underdevelopment, South China silk industry; N1975
liquor industry growth, postprohibition Illinois, crime, interaction theory context; interviews; distillers/distributors/retailers; M8585
lives/values inquiry; questionnaire survey, interviews; French upper-level managers, industry; N1289
longshoremen, Joint Docklands Action Group, community resource organization, industrial decline, furthering local interests, London, UK; M8791
managerial techniques, machine construction/design industry, USSR; N4296
manufacturing industry development, South Africa, 1939-1969; N4336
modern capitalist industrialists/political liberalization, Netherlands, 1845-1848, bourgeois thesis, partial test; N4342
personnel turnover, chemical industry; working conditions; survey; Minsk factory workers, USSR; M9616
Portuguese rural society, domination relations; economic development models, milk producers' cooperative vs milk industry/corporate organization; M9391
prison industry, private enterprise employer, pilot programs, Ontario, Canada; M9922
production structure, tanning/leather-goods manufacturing industries, Lower Valdarno region, Italy, peripheral "submerged economy" perspective; M7684
publishing industry, copycat writing; originality vs firms' profit motive; S15716
schooling/industry, viable labor market skills provision failure, GB, recent contributions; N4720
science policy rethinking, industry research & development investing, basic research support, responsibility; N1632
shift workers' problems, particleboard industry; questionnaire, interviews; N4240
suburban job change determinants, retailing/wholesaling/service/manufacturing industries, 1960-1972; M9329
Taylorism/other work rationalization strategies advent, Portuguese heavy metalworking industries, impact on work life; survey; metalworkers; N2715
technological change, labor-management conflict/cooperation, automotive industry; S15638
unionization history, Jewish women immigrant workers, New York City garment industry circa 1900, sexism/feminism; M7558
village social development, agricultural-industrial cooperation; Moldavia, USSR; M8042
"women's work" redefinition, sexual division of labor, auto industry, World War II; N2033
women, high-level advancement status, UK industry/civil service, British Broadcasting Company; N0335
work force differentiation/segmentation, production industries; N0930
work organization; technological change, auto industry case; interviews; S15570
work systems evolution/workers' actions, Portuguese shipbuilding/shiprepairing industries; survey questionnaires, interviews; retired workers, experts; N2703
worker alienation as control problem, industrial brewery bottling industry, ethnographic study; S15833
worker behavior, USSR; industrial environment/technological objects; N4235
workers' control, work organization, French/English maintenance, workers' case, mass production industry; M9301
"working the circuit," employee turnover explanation, restaurant industry; questionnaire, interviews; waitresses, waiters; N1242

Inequality/Inequalities
Burke, Kenneth, knowledge/meaning distinction, social inequality, interpretative frames; M7147
civil media hegemony, state influence, Austria, inequality reproduction, 1970-1980; M7843
dental care, culture, inequality, social status impact; World Health Organization data; New Zealand; N3487
despair; sex-role conventionality, race inequality, ideal perceptions change; national survey; US adults; M9161
earnings levels/inequality; education; aggregate occupational data, 1950-1970; M9658
economic underdevelopment, Paraguay, structural inequality symptoms; N4540
educational aspirations/expectations, social inequality, objective social reality interiorization; survey; middle-grade/university students/their parents, Murcia, Spain; N4086
educational attainment inequalities, Hungary, 1923-1973; M9597
employment status, criminal justice educators, sex-based inequalities; S15280
equality limits, Fred Hirsch's *Social Limits to Growth*, political change, power, inequality; N0745
ethnic inequality theories/models; M7268
family income inequality equalization, trickle down vs transfers approach, postwar determinants; N4551
family income inequality, 1967-1976; wife's income, black/white families differences; M8876
gender inequalities as social problems, social problems definitions changes; S15584
housing provision, social inequality, politics, Austria; M8061
income attainment inequality, nationality, labor supply variables;

1976 Survey of Income & Education; native vs immigrant Hispanic men, US; N5005
income distribution inequality, basic needs fulfullment, models tested, socialist/capitalist countries; comments, reply; N2059
income distribution inequality/social conflict/present social structural legitimization demands, seventy countries; N1229
income inequality, Gerhard Lenski's power distribution in society hypothesis, V. Bornschier's & T.-H. Ballmer-Cao's study replicated; N1228
income inequality, Latin America, paradigms/hypotheses tested; S15282
income inequality, macrosociological correlates, Social Entropy Theory explication; S15484
income inequality, political democracy effect, Cutright-Jackman debate reexamined, cross-national analysis; S15767
income inequality, US; sectoral, political explanations; 1960/1970 panel data; M7923
income inequality/stratification, US; family vs individual earnings; conceptualization/measurement issues, postwar demographic/labor force/social welfare developments; M7948
income inequality; world economy impact; M7943
income, gender inequality sources; 1976 Australian census data; N4532
inequality experience; interviews; women lawyers, England; N1287
inequality measurement, geometric/arithmetic mean ratio; M8878
inequality measurement, low-cost housing availability, New Jersey law; S15521
inequality measures, application to interval scales, regression analysis; N0495
inequality research, dual economy/status attainment/labor force integration concepts; N2781
inequality, economic dependence effect mediation, Peter Evans's-Michael Timberlake's service sector growth in developing countries argument; N2938
informal organization, status inequality, Norwegian North Sea oil production; N1008
intergroup income inequality measurement, conceptual review; N1213
judiciary action, extant social inequalities reinforcement, Netherlands; N3191
mental health complaints/social inequality relationship; interviews; males aged 25-65, Rotterdam, Netherlands; M8551
municipal police forces growth, non-Southern cities; minority composition, inequality; 1960-1971 Uniform Crime Reports, census data; M9888
Owenite communities, US, women's roles, inegalitarian practices, egalitarian promises; N5356
penal process, criminal courts inequality; defendants' awareness/professional heterogeneity; observation, interviews; Liverpool, England; M8250
poverty, inequality, homicide rate; FBI's *Uniform Crime Reports*, 1970; N1983
professional inequality/recognition, science; publications, cumulative advantage hypothesis; citation samples, true scientific cohorts; M8301
professors' salaries, additional income sources; professorial rank, research productivity, departmental prestige, length of academic experience; sample, Carnegie Survey, 1969; M9582
racial inequality theories critique, internal colonial perspective; S15289
racial occupational inequality, city differences; 1971 US Census data; research need documented; M7964
rural women, oppression, inequality, poverty, politics; interviews; N0340
social class/racial inequality perceptions explanation, US/England; interviews; adults; N4538
social class/sex inequalities, urban/rural Latin America; multinational corporations, agricultural development; N4317
social inequality concept, political sociology; social class/status/power; N1216
social inequality, Marxist-Leninist vs bourgeois sociology; M9599
social inequality, orientation toward legitimation vs critique; surveys, interviews, questionnaire; West German university students/public/physicians/teachers/engineers; N4762
social welfare, inequality; measures assessed; N2168
socioeconomic development, Bugisu District, Uganda; dependency, inequality; N4337
South African racial inequality, apartheid, economic structures' modernization, 18th-/19th-century English religious tolerance comparison; M7335
status, world system, income inequality, economic growth; N4353
structural inequality legitimation, self-evaluation argument reformulation/test; experiment; N2954
structural inequality, theoretical account; S15322
Third World countries, uneven development, national income inequality; external economic dependency; N1045
women's household to wage-labor transition, antebellum New England; rural inequality, neo-Marxist analysis; S15369
women's leisure time inequality, socioeconomic/political constraints; questionnaires, interviews; women, Milton Keynes, UK; comment; M8722
women's subordination/inequality, socialist movement's solution, classical Marxist theoretical obstacles, traditional sex-role division perpetuation; N3714

Inequity/Inequities
educational achievement; gender-role/sex differences; grade 12 students; 1973 interview survey, 6-year follow up; Ontario; status attainment model; N4769

Infant/Infants/Infancy (see also **Baby**)
abortion, infant mortality, before/after US Supreme Court abortion decision, 1971/72, 1974/75; National Center for Health Statistics data; N3280
behavior, middle-/working-class mothers, their infants; observer's presence effect, inhibitions; laboratory playroom observations, questionnaire, interviews; N2113
Custody of Infants Act, GB, 1925, parental rights, child welfare, feminists' strategy; N1998
early face-to-face interactions comparison, mother-infant dyads; film; GB/US working-/middle-class; N4982
father-infant interaction/infant-father attachment, longitudinal study; M8399
incompetence development, lack of control, infancy/early childhood, school role; N1682
infant health care, Hillsborough County, Florida, spatial perspectives, delivery distribution, socioeconomic level; N0043
infant mortality, Australia, sociodemographic correlates; N0013
infant mortality, race/ethnic differentials; socioeconomic status; Texas, 1970-1980; S15441
infant mortality, rural agricultural state; socioeconomic status, 1950/1960/1970 births/deaths statistics, Kansas; N0004
infant mortality, socioeconomic status, whites vs nonwhites; census tract data; Columbus, Ohio, 1969-1971; N1648
infant mortality/socioeconomic status relationship, recent trends; 1970 US census data; San Antonio, Texas; M8373
maternal behavior, infant development; breast feeding/culture reciprocal impact, Japan/US comparison; N3298
sample frame problem, deviant defined populations, methadone-maintained women/their infants case; S15532
sudden infant death syndrome as medical research problem, post-1945; N0140

Infanticide
female infanticide, prestate societies, Mildred Dickemann's explanation; comments; M8364
infanticide, courts' indulgence, 19th-century France; N1595
members' satisfaction, church growth, social action, local churches participation, control distinction; interviews, questionnaire; lay members/officers, ministers, Protestant churches; N1500

Inference/Inferences/Inferential
actors' verbalization of their motives/intentions, sociologists' inferences, validity view critiqued, C. Wright Mills's/ethnomethodological/conversational analysis alternatives; N2340
causal inference, loglinear models use, example; N3829
chain data, inference problems; N2143
confirmatory inference/geometric models, alternative approach; N0517
social interaction, sociological study, taken-for-granted inferences issue; N4697
statistical inference appropriateness, structuralism analysis; N0437

Infertility
having children, moral pressures, infertility, stereotyping, stigmatization; N1754

Inflation
anti-inflation program, government reasoning; social scientists' mass psychology knowledge; M7841
higher education/inflation relationship; M8146
inflation causes, postwar GB; M7695
inflation, elderly, housing perspective; M8570
inflation/inner city, federal economic policy; M8053
inflation/recession, families' coping strategies; survey, interviews; household heads, New York City/Detroit, Michigan/Atlanta, Georgia/San Francisco, California; M8461
wage-price guidelines, President Carter; inflation accelerated, effects; N0944

Influence/Influences/Influencer/Influencers
adolescent reactions, attempted parental control/influence

techniques; interviews; white mother/fathers of sixth-/eighth-/tenth-grade students; N5132
civil media hegemony, state influence, Austria, inequality reproduction, 1970-1980; M7843
elderly's political influence, future prospects, US; N1885
influence distribution, universities; power dependencies; questionnaire; faculty; M7626
lifestyle correlates, personality, role concept, attitudes, influences, choices; questionnaires; middle-class college-educated married women, New York metropolitan area; M7429
minority influence, psychosociological theory; N0810
minority influence; size, conversion, sex; experiment; college students; N2338
social influence associations, organization sponsorship/influence reputation, Indianapolis organizations case; questionnaire; N4312
Stouffer, Samuel/Paul F. Lazarsfeld, sociology/surveys emphasis, influence comparison; S15845
television, social influence, influence levels; N1090
VARA-Ombudsman, government policy, television ombudsman's influence, empirical research, critical view; N4281
VARA-Ombudsman, television ombudsman/his coalition partners/government policy, declining influence; N4225
wives' employment decision making; conjugal influence determinants; questionnaires; white married couples, Seattle, Washington; N1773

Informal/Informality
cityward migration/urban informal sector/earnings, Philippines; N4989
crisis, working community, advanced industrial societies, informal sector expansion; N4249
family/social networks, informal economic sector growth, Italy; N5079
informal cooperation, solidarity form, rural Croatian peasants; M8017
informal mediators, responsibilities/brief careers, Ireland; fieldwork; N4181
informal organization, status inequality, Norwegian North Sea oil production; N1008
interagency networks, informal communication/coordination, effectiveness dilemma, Harrisburg, Pennsylvania, case history; N1017
nonformal education improvement, rural women; S15218
symbolic-interactionist sociologists; theoretical stance/professional friendships relationship; questionnaires; M7210
welfare state crisis resolution, unemployment, West Germany, informal sector expansion; N1030

Informant/Informants
informant accuracy, social network data, actual communication from recall data predicting, experimental attempt; N2090
informant-researcher exchanges, ethics, ethnographic field research, police organizations case; M7083
social structure, informant-defined experiment; interviews; M7049

Information/Informational
bibliographic information management, research process, microcomputers utilization; M8931
Burns, T./G. M. Stalker, *The Management of Innovation* reinterpreted, information brokerage/organizational dependence; M7656
communicating with elderly, public information dissemination strategies; television/magazine reach, national survey data; N3561
computer/postindustrial society, future of symbiosis vs information tyranny; N4393
contemporary "politics of interpretation" issues, information/knowledge production, audience conception, humanist intellectuals' special political role; N2839
cooperative tasks, self-awareness, information utilization, social influence; experiment; female undergraduates; N2361
cultural complexity dynamics, information systems case; N3895
economic problems; information technology expansion, Austria; effects on administrative processes; N4617
European Co-Operation in Social Science Information & Documentation, activities/objectives; M7215
family structural, industrial employment, information transfer/migration mechanisms; N1734
fear-moderating/-neutral health promoting information, latent fear-arousing potential, televised antismoking/cancer screening campaigns; questionnaire interviews; Israeli adults; N1080
helping thoughts, attraction, information acquisition; moods; experiment; N2389
ideological domination critique, "informed citizen" norm, communication resources; N2908
information bank INION, Soviet Academy of Sciences, sociologists' utilization; M8947
information chain theory, chain length/entropy concepts; S15243
information diffusion, stochastic interactive model; N1079
information distribution network, factory-society relationship computerization; M7737
information exposure; social/cognitive influences; interviews; adults, Urbana, Illinois; M7744
"information man" concept, user studies/bibliometrics, implicit use; M9068
information needs investigation, structured observation research strategy; M8869
information obtainment, USSR, mass media, public communication; M7759
information science-social science link; *Social Science Information Services* establishment; M8868
information technology, evolutionary potential/educational system crisis, Italy; N4717
information/harm, misconstrued campaign effects danger; N4511
information/power relationship, problems/perspectives for Mediterranean region, 1981 Italian conference proceedings; N4406
information/social memory, cognition, social determination problem; N4100
interviewer as expert information source; N2112
interviewing methodology; introduction content, informed consent issues; questionnaire; eastern urban residents; M7080
laboratory life, information replacement of knowledge, sociology of science, recent approaches; N1630
mass communication diffusion, societal information system, Yugoslavia; M7733
migration decision, information source usage; questionnaire; migrants, Columbus, Ohio; M8348
personal information, social life; M7321
personality as complex information-processing system; N4096
policy research centers proliferation, post-World War II US, role expansion, information quality; M8685
public information study, Belgium, post-1960s, traditional stance, new directions; N2841
public/private self-information disclosure, reactions; experiment, questionnaire; female undergraduates; N2518
qualitative vs quantitative research, case study; action research, Project INISS, GB; information services emphasis; M8867
qualitative/quantitative content analysis, medical information, Flemish weekly publications; N2842
research for informed decisions, evolving applied research model, family projects examples; N3591
scientific communication, most communicative authors/journals identification, information theory; experiment; M9443
scientific information acquisition/retention, students/adults; M8325
scientific information control, legal/administrative disputes, policy changes; N1629
scientific information publication, communication efficacy, animal science field; M9977
scientific/technical information transfer processes, management implications, major US corporations; M9956
self-disclosure/attribution/social interaction relationships; videotaped social encounter observation; undergraduates; N2554
social data collection problems, information research methods; M8839
social information utilization, industrial management; N2674
social science information, Marxist-Leninist ideological propaganda use, USSR; M7313
social statistics/community information system, electronic fact books; M8050
sociological information data bank creation, USSR; N3773
sociological information processing, programmed micro-EVM computer, USSR; M8845
sociological statistical information processing, ES computer, FORTRAN IV program; USSR; M7087
sociologists' social science information access, USSR; M7066
Soviet Communist Party work, sociological information utilization; M7076
strong ties, university job information, M. S. Granovetter's hypothesis tested; questionnaires; social/physical scientists, Canadian/US universities; N0969
task choice/preference; task difficulty/desire for information about self; experiment; M9125
unidimensional attitude change; discrepant information, dynamic model; experiment; university students; N3823
white-collar employment; advanced information technology development impact, social choice; M9998

white-collar work tasks; advanced information technology impact; N5423
work performance variability; task-related information; experiment; N2707
workers' economic education, sociological information quality assurance, USSR; M8196
working conditions, Austria; microelectronics industry/information technology effects; trade union experiences/concerns; N4261

Inheritance
illegitimacy/land inheritance mode, Austrian peasants; N3017
migration patterns/familial structure/inheritance system, Hurds, Spain, anthropological analysis; N1654
occupational inheritance, mothers/daughters; national questionnaire surveys, interviews; whites/blacks; N0034
social mobility indices structure, inheritance; N1211
social tension/inheritance via lot, Greek villages; N4654

Initiation/Initiations
drug use initiation/stabilization/decline, risk periods, adolescence-early adulthood; S15550
small group activity rates, individual participation/initiation tendency, self-reinforcement, nomads/noninteractive dyads; experiment; N2401

Initiative
citizen initiative groups, interpersonal communication/political influence, West German examples; N1187
initiative politics, qualifying stage relevance, petition signing case; survey; southern California city; N1173
precedent-setting case, shaping legislation via private initiative in legal proceedings; N4868

Injury/Injuries
occupational illness/injury differentiation, private costs, economic incentives; M9648
social class/violent child death, fatal nonaccidental injury/murder/fatal child neglect analysis, Queensland, Australia, 1968-1979; N5331
sound-image recordings, individuals, privacy vs injury issue; N0789

Inmate/Inmates
correctional policy, determinate sentencing, inmate attitudes; questionnaires; federal/state prisoners, Kentucky; M8294
criminal justice system perceptions disparities, implications; Semantic Differential; inmates, parole officers/supervisors; M9899
criminal offense, neutralization attempt hypotheses; survey, questionnaire; inmates, Florida prisons; N0234
female inmates' careers/tendencies/problems, Japanese public shelter, cluster analysis; N4900
inmate role socialization, juvenile offenders; sex, race, coping, adjustment functions, adult inmate parallels; questionnaires, interviews, participant observation; southeastern state institutions; M9927
inmates selection, work release, community/institution risk assessment, southern Illinois; M9921
inmates, Japanese public shelter for troubled women, background analysis; interviews; N4905
mental disorders/careers interrelationship, women inmates, Japanese public shelter; N5185
New Mexico prison riot, 1980, case history; interviews; inmates, guards, officials; M8292
parent/family perceptions, male inmates with/without drug abuse problems comparison; questionnaire; N0236
prison inmates' attitudes/concerns, Iowa State Penitentiary, Fort Madison; essays; M9913
public shelter for women, function, staff's/inmates' problem recognition, Japan; N4911
sentencing decisions, variables' interaction importance, race/court variables case; male inmates, mid-Atlantic state; S15281
teaching sociology, prison inmate populations; S15744
violence; commitment to custodial organization, inverse relationship; questionnaires, violence scale; inmates, staff, prisons, halfway house; M9926
women inmates who have engaged in prostitution, careers, Japanese public shelter; N5359

Innovation/Innovations/Innovative/Innovativeness/Innovator/Innovators
administrative innovation diffusion, large industrial firms; M9362
aesthetic innovation, Ashanti carving community, West Africa; socioeconomic foundations; N3081
agricultural innovation adoption, Amish society; S15428
agricultural innovation adoption, Sierra Leone farmers; significant others' role; S15348
agriculture innovation adoption, rural Indian village; energetics; census, observation, interview data; S15462
biomedical innovation, critical decision-making period, press coverage; M7753
broadly based social roles, innovation, women's work roles change examination; S15879
bureaucratic vs nonbureaucratic structures, innovation/stability need dilemma; M7635
Burns, T./G. M. Stalker, *The Management of Innovation* reinterpreted, information brokerage/organizational dependence; M7656
entrepreneurship/social environment change, Japanese auto industry, high productivity/innovation as key elements; N0981
forest management innovation adoption, nonindustrial private landowners; interviews; Wisconsin; 1982; S15394
human creativity obstacles/stimulation, industry innovations analysis, East Germany; M7400
industrial conflict as technical innovation source, textile process cases, 19th-century GB; N2782
industrial democracy innovations, international comparisons limitations, recent developments case, Western Europe; N1038
inner/outer self-esteem development, innovative/traditional schools; role structures/self-conceptions interaction; self reports; seventh-/eighth-graders; M9153
innovation adoption behavior, social class concept's utility; Cancian thesis reconceptualization; S15472
innovation adoption/decision process, electrical load management case, east Tennessee communities; sociodemographic characteristics; S15470
innovation adoption/rejection, knowledge-attitude-practice studies; S15457
innovation resistance, professional science; authority structure/organized skepticism/peer review; S15736
local French government, political innovation, middle-sized towns' central position; M9562
Marple, David, "Technological Innovation and Organizational Survival: A Population Ecology Study of Nineteenth-Century American Railroads" critiqued; reply; N1006
organizational structure-innovations adoption link, French replication failure/medical research results, dissemination-knowledge structure relationship; M9350
radical technological innovation success, organizations; entrepreneurial, managerial roles; M9355
science innovations, "marginal man" concept, X-ray astronomy case; N3212
shift work, worker needs, innovation prospects, Italy; M7604
spiritual innovation; US civil religion crisis; M9827
technological innovations diffusion, science, bibliographic/citation rates analysis approaches, chromatography application; M8314
television viewing/cultural innovation orientation/motivation to succeed relationship; questionnaire, rural male youth, southern Italy; N0067
Tsukuba Science City, Japan, research laboratories/educational facilities complex, planned innovation; M9936
undergraduate sociology curriculum, teaching innovations; questionnaire survey data; sociology department chairpersons; N0534
US Catholic diocesan organizations' structural innovation; executive/professional membership values; questionnaire; N1299
Webster, Noah, linguistic innovations diffusion, political purposes; N3074

Inquiry/Inquiries
commitment role, scientific inquiry, Karl R. Popper's/Michael Polanyi's theories compared; N3216
inquiry process, public's role in scientific policy determination, Canada; N3236
mail questionnaire return rates/response completion; earnings inquiry, test; disabled students, London, England; N3795

Insane/Insanity
insanity defense trials, defendant behavior vs psychiatric labeling, influencing jurors; experiment questionnaire; undergraduates; N3531
insanity defense, John Hinckley, Jr., public opinion, legal changes; telephone survey; Delaware residents; N4380
insanity/senescence, Viennese literature, scientific approaches comparison, Arthur Schnitzler's *Flight into Darkness* case; N1416

Insecurity
modern society/schizoid consciousness, social origin of "ontological insecurity"; N5274
victimization/physical insecurity feelings, total rate/individual experience relations; questionnaire surveys; Spain; N1887

Instability
absenteeism as instability behavior, multicausal problem; N2688

foreign direct investment, motor vehicle industry case; political instability, 1948-1965; multinational economic data; M7676
labor supply/marital instability; wife's relative wages, Talcott Parsons's status competition vs V. K. Oppenheimer's status maintenance model; National Longitudinal Surveys; women aged 30-44; N5083
marital instability, intergenerational transmission reconsidered; questionnaire; college students; N1733
measuring marital instability; Marital Instability Index, interviews; national sample; N3381
political instability/social violence, GB, macroeconometric model, sociopolitical/institutional variables; M9086
Yugoslavian economic/sociopolitical instability, causes; M9398

Institute/Institutes
"Individual Liberty & Social Organization" theme, Twenty-Fifth Congress, International Institute of Sociology; N0593
McGill University/Pulp & Paper Research Institute of Canada scientific research relationship, graduate students' thesis research/career patterns; M9632
social science research institutes, uncertain future; S15886

Institution/Institutions
asrama, Islamic psychiatric institution, West Java, Indonesia, illness treatment, physiological/religious order restoration; N0175
Catholic colleges, Jesuit institutions focus, former students' contributions to US culture/education; N4758
child abuse, institutions; problem analysis, multicausal models; role-playing techniques; M8900
correctional programs, education value/training, penal institutions; M9916
cultural institutions/rural environment relationship, Yugoslav village data; M8044
doctor-patient interaction; medical institutions; interviews, questionnaires; patients/their families, doctors, clinic personnel, Costa Rican clinics; M8524
educational institution reform; radical/functional perspectives criticized, four-mode interaction-oriented scheme advanced; M9777
elderly's living arrangement choices, in institutions vs with families; interview survey, qualitative data; N5203
inmates selection, work release, community/institution risk assessment, southern Illinois; M9921
institution rites, Dagari, northern Ghana; M9280
institutions/changing environments, adaptation structures/processes; M8801
labor regimentation, work organization; military institutions; S15533
manager assessment, scientific institutions, USSR; productivity issue; M9625
maximum security psychiatric institution release; demographic/clinical variables; hospital data; male patients/expatients, Ontario; M8297
professionalism, labor system functions, productive force, institution; M9294
rites of passage as institutional acts, connotational differences; M9260
science & technology institutions, content; political state; N4955
scientific institutions, development, 17th-19th centuries; autonomous vs external factors; N4965
self-orientation change, institution to impulse transition; twenty statements test; college students; N1466
social organization, Western institutions, incompatibility with freedom demands; N0743
social research, children/child-care institutions, welfare theory implications; N5238
sociology of social work, Switzerland, social work organization/legal institutions relationship; M8614
Tinto, V., theoretical model, college withdrawal, commuter institution setting, longitudinal test/reconceptualization; surveys; students; N3100
treatment-custody dilemma, correctional institutions, resultant role conflict; questionnaire; correctional staff; M9920

Institutional/Institutionalism
attitudes toward institutional violence, sex-role orientation hypothesis tested/reconceptualized; questionnaire survey; university students; N5332
Catholic press, journalistic norms, institutional stress; questionnaire survey; editors, bishop-publishers; N4840
education, socializing role, institutional vs organizational structures; M8172
energy supply/demand forecasting inaccuracy, embedded methodological/institutional biases, Canadian gas case; N0312
financing, leading research universities, 1975-1979, financial dependency/concentration/related institutional characteristics; M9981
illegal immigrant workers, France, institutional/political approach; M9197
institutional change; controversy, school desegregation case; interviews, questionnaire; students, teachers, adminstrators; biracial high schools, US South; M9199
institutional elaboration, quasi-ethnic community, "homosexual community" instance, urban US/Canada; N3357
institutional isomorphism/collective rationality, organizational fields; N2755
institutional participation, court action; political culture; interviews, surveys; litigants, trial judges; M8263
institutional pluralism as interest-articulating system, public agencies; N4453
Institutional Review Boards system, potential abuses fear; M7212
market failure interpretation, market process view, institutional context; N2799
Mulligan, Lotte & Glenn, restoration science study, Royal Society membership, institutional history problems/pitfalls; N3219
organizational structure/administrative expansion, public schools; institutional environment; 1930-1970 California data; M7659
political instability/social violence, GB, macroeconometric model, sociopolitical/institutional variables; M9086
present status/future prospects institutional youth research, Czechoslovakia; N3325
prisoners, response to institutional assessment for release, approach derived from Erving Goffman's *The Presentation of Self in Everyday Life*; N3201
rural sociology programs, Brazil, 1965-1977, institutional growth; survey; N3016
science, institutional aspects as development factors; N3220
social insurance financing problems, Netherlands, reflection of system's institutional structure; N5299
sociology, institutional change, minorities/women comparison, administrative concern; N0846
US intercollegiate athletics; boosterism/scarce resources/institutional control, future problems; N2848

Institutionalize/Institutionalized/Institutionalization
conflict institutionalization, schools reform, *Pennsylvania Association for Retarded Children* v. *Pennsylvania* case; N3104
counselor role, interview prior to abortion, France, institutionalizing process, dissuasion/assistance/normalization; interviews; N1803
institutionalization defense, rape crisis center case, organizational stability, resource management; N1064
institutionalized elderly, education as meaningful leisure alternative; sample; older university students; N1878
institutionalized male transvestism, implications for male/female roles, Oman, Arabian peninsula; fieldwork; N4118
mental patients deinstitutionalization; housing markets, New Jersey case, 1970; M8536
normalcy as social problem, mentally retarded, deinstitutionalization consequences; S15560
sexual interest/attitudes/knowledge/history, relation to sexual behavior; interviews; institutionalized aged; N3364
social sciences, France, institutionalization, 1945-1960s; M7152
Soviet sociology's institutionalization, 1956-1968; Communist Party influence, individualist vs collective viewpoint; M8956

Instruct/Instruction/Instructions/Instructor/Instructors
available teaching resources utilization; questionnaire survey; sociology instructors, two-year colleges; M8934
creole/English, instruction languages, bilingual education, aboriginal Australians; N3064
"disadvantaged" concept, school instruction quality debate; individual's acceptance of modernity; S15726
judges' instructions, jurors' use, inconsistent results, conceptual/methodological issues; simulated jury studies; N3175
Life Attitude Profile, multidimensional instrument, attitudes toward life assessment; undergraduates; M8860
sociology instruction, personalized system, Graduate Record Examination preparation; N0551
student/instructor contact, associated student characteristics; N1446

Instrument/Instruments/Instrumental/Instrumentality
"masculine" instrumentality/"feminine" expressivity traits, US/West German comparison, psychometric properties; J. T. Spence's-R. L. Helmreich's Extended Personal Attributes Questionnaire; high school/college students; N2517
"Parental Bonding Instrument," parental care/overprotection scales inclusion, Sydney (Australia) population norms; N5118

Insurance
housewives' law effort, Norway, handicapped children provision, national insurance case; N1562

insurance companies, sexes, equity; pensions, life insurance policies'/annuities' prices, expected return concept; N0358
insurance fraud investigation units, social control private network, strategies/effectiveness; N3173
Kafka, Franz/Benjamin Lee Whorf/Wallace Stevens, how language circumscribes behavior, insurance philosophy influences; N5258
National Flood Insurance program, community adoption; structural determinants; probability sample; US communities; S15386
national health insurance program establishment, free-market concepts basis; N3506
poverty theories, national health insurance; 1970 Census data; M8700
public policy adoption, city level, structural context, War on Poverty/National Flood Insurance programs; N1963
rising caseloads, courts, West Germany; legal insurance, litigant decisions; N1557
social insurance financing problems, Netherlands, reflection of system's institutional structure; N5299

Insurgence/Insurgency
Basque insurgent organization, Euzkadi ta Askatasuna, members' life patterns, Spain; N3657
US labor insurgency/organization, National Industrial Recovery Act to Taft Hartley Act; N4288
welfare policy expansion, US, 1947-1976; civil turmoil/racial insurgency vs standard developmental variables; Larry Isaac's & William Kelly's data reanalyzed; N2603

Integral/Integrals/Integralism
"Lusitanian integralism," Portugal, ideological/political history, legacy to Salazarism; N2870
neocorporatism rise, Belgian political life, functional-integral power theory; N2917
syndicalism/integralism, *A Revolução* journal, 1922/23; N2826

Integrate/Integrated/Integrates/Integration/Integrative
children of migrants, adaptation/integration in host society/situation in country of origin; N5018
cognitive integration mediating reactions, attack patterns; experiments; male Japanese university students; N2367
consciousness formation, political/social system integration; interviews; industrial workers, West Germany; N0954
culture/man/philosophy, integration/development problem; N4192
dual career families, work-family integration vs polarization; M8472
Durkheim, Emile, social system differentiation/integration/disintegration, abstract principles; M9076
economic development, women's economic integration, cross-national study; statistical data; N2038
effective legal decision making, controversial matters, reliance on law/social science collaboration, US experiment, enforced school integration; N0650
foreigners integration problems, social integration via internal integration thesis; N0843
human integration, complex social structures; division of labor; N4003
Indian peasantry, highlands, Chiapas, Mexico, integration/separate development transition; M9670
inequality research, dual economy/status attainment/labor force integration concepts; N2781
integrated social data systems, GB; household censuses/surveys as data sources; M8847
integrated-development concept, education, Spain; N4749
interfarm cooperation, agroindustrial integration, social results, USSR; M8041
job retention, exoffenders, differential integration concept; survey; M9055
marginal communities, economic integration debate continuation, Scottish Highlands (UK) case; N5284
national integration, Spain, regionalism obstacle; M9531
Slovenian enterprises productivity; Yugoslav economy, integration problems; M9388
social system integration, multiple nations comparison, 1860/1960; N4029
social/environmental beliefs, cognitive integration; questionnaire; Washington state residents; N5318
sociopolitical integration analysis, operational schema; N4768
southern US textile unionism, labor force integration; M7611
values, preferences, needs, work ethics/orientation, conceptual/empirical integration; Work Aspect Preference Scale; high school students; N4614
work discipline, socioprofessional integration prerequisite, young people; N4298
young working women, integration/participation, Romania; N4631

Integrity
scientific research/scientist's role, ethics/social responsibility, integrity, privacy; M8335

Intellectual/Intellectuals/Intellectualism (see also **Intelligentsia**)
Afrikaner intellectuals' predicament, legitimation crisis, Afrikaner nationalism/apartheid state, personal reflections; N4504
author/publisher relationship, Italy, intellectual as labor proponent/publisher as industrialist; publishers' perspectives summarized; interview commentary; N4579
authors/publishers relationship, intellectual as works lender/editor as industrialist; N2971
collective farm peasantry, intellectual needs; non-black-earth zone, USSR; M7613
contemporary "politics of interpretation" issues, information/knowledge production, audience conception, humanist intellectuals' special political role; N2839
developed socialist society, intellectual richness, contemporary ideological struggle questions; N4481
Durkheim, Emile, intellectual biography "break," concurrence with anomie concept development; N2223
French feminism, intellectual crisis, 1980s pessimism; M8727
German intellectuals, conservative/liberal-progressive camps, 1800-1900, Wilhelm von Humboldt's conservatism, Max/Alfred Weber's progressivism, university milieu; N5278
Gosse, P. H., *Omphalos: An Attempt to Untie the Geological Knot* rejection, earth's age determination, intellectual hierarchy shifts, mid-19th-century GB; N1532
Gouldner, Alvin W., "new class" theory contribution, intellectuals as flawed universal class; N2314
intellectual elite's nature/social role, India's modernization; N4547
intellectual orientations/nationalism; internal colonialism, test case; interviews; Canadian Native Indian leaders; M9500
intellectual performance; birth order; questionnaires; male secondary school students, East Africa; N3276
intellectual progressivism, Western history, historians' division into periods critized; N5271
intellectual role, Italian fascist period, cultural histories review; N2869
intellectual rubbish functions/value, scholars' vs public's needs; M8638
intellectual work organization, research proposal; N2740
intellectual, disparate/unclear social roles; N4609
intellectuals, changing individual/collective roles, 20th century; N1284
intellectuals, society, public life examination, Latin American autobiographical literature review; N1262
Italian Marxism's instrumentalization/decomposition, generals'/politicians'/intellectuals' roles; N3956
leftist intellectual's role/self-definition/tasks, 1980s, symposium; M9604
leftist-intellectual discourse, university's role, social reproduction, alternative political movements; M9499
Marxism, intellectuals' role; M9773
medical paradigm, intellectual/social dimensions; S15637
"new philosophy," 1977/78, France, politics retreat, ethics emphasis, associated intellectuals; N0256
"On Intellectual Craftsmanship," independent research theory/method, personal experiences; M7195
personality traits variation, age/sex/intellectual level; personality/other tests; French men/women; N4046
political attitudes, intellectual elite, Wilson fellowship recipients; 1960s events; questionnaire; S15852
popular/"intellectual" literature, vicarious experience/knowledge desire; N3051
privatization crisis, social/intellectual context, 1960s/1970s, Italy; N4531
South American parish registries, social/intellectual history sources; N0463
universal scientific methodology impossibility; culture/intellectual style relationship, Saxonic/Teutonic/Gallic/Nipponic approaches comparison; N0701
university professors/scientists, process of becoming intellectuals, Quebec, Canada, case; N0663
World Congress for Peace, Wrocław, Poland, 1948, intellectuals' world movement, new social force; N1113

Intelligence test/Intelligence tests/Intelligence testing
race of examiner effects studies, intelligence tests validity; M9131

Intelligence/IQ
cacogenic family studies, women's criminology; N0351
Federal Bureau of Investigation, domestic intelligence operations, J. Edgar Hoover, post-Watergate reform; N4887
gifted delinquents; environmental sensitivity, long-range thinking/

coping abilities, court treatment, family-/school-related delinquency causes; GB/US longitudinal studies; N0232
happiness/life satisfaction/anomia, self-perceptions; survey intelligence scores; N2529
intelligence modification, children with subnormal intelligence growth risk; early intervention; comments, reply; M7440
intelligence quotient performance, black/white children; family size, birth order; National Health Examination Survey; N2540
intelligence quotient performance; number of older/younger siblings, sex differences; national survey; children; N2541
intelligence quotient; social class, Sandra Scarr-Salapatek's environment hypothesis; Swedish twin study test; M7916
intelligence theories evolution, three-stage model; M7307
intelligence, sex differences, biological model, variability hypothesis development; N2047
intelligence; family factors, confluence model, divergent data sets, parameter estimation; M7107
intelligence; nutrition; Cali, Colombia, experiment reanalyzed; M8386
male social mobility; psychometric variation, fathers'/sons' intelligence quotients differences; interviews, tests; Otmoor, Oxfordshire, England; N2415
north-south black intelligence quotient differential, Joseph L. Wolff's selective migration hypothesis, E. S. Lee's data reinterpretation, comment; M7409
social background/intelligence/education/occupation/income relationship, Netherlands; M8160
teachers' evaluations; student social class/intelligence quotient/self-concept; Tennessee Personality Inventory, Lorge-Thorndike Intelligence Test; eighth graders, Israel; M7469

Intelligentsia (see also **Intellectual**)
Austrian intelligentsia, quantitative development, social consciousness, socioeconomic situation, 1970s; M7930
Chinese intelligentsia, influence on 1898-1927 Revolution; N1273
engineering-technical intelligentsia, sociopolitical activity; survey; industrial workers, USSR; M7913
intelligentsia workers, sociocultural characteristics, USSR; M7583
intelligentsia's role, Hungary; M7926
intelligentsia, professional mobility; USSR; M7903
intelligentsia, socialist culture development, mental occupations; M7928
rural intelligentsia, USSR; M7944
social mobility as social homogenization factor, reproduction process aspects, working class/intelligentsia, industrial branches, European socialist countries; N4519
socialist intelligentsia, career plans, employment, mobility; M7915
Soviet intelligentsia, bourgeois sociology's distortions; M8797
Soviet intelligentsia, current structure/developmental tendencies; M7940
Soviet intelligentsia; Ts. A. Stepanyan's definition criticized; M7902

Intelligible/Intelligibility/Intelligibleness
Parsons, Talcott, writings, unintelligibility/illiteracy hypotheses test; Gunning fox index of readability; N3924

Intensity/Intensification
administrative intensity; systems size, studies findings reconciliation; N1001

Intent/Intention/Intentions/Intentional
actors' verbalization of their motives/intentions, sociologists' inferences, validity view critiqued, C. Wright Mills's/ethnomethodological/conversational analysis alternatives; N2340
commitment measurement via community surveys, behavior intentions technique; questionnaire; Florida adults; M7064
cultural values subversion, missionary intentions, Brazilian Protestantism case; M8212
intentional parents/intentionally childless couples comparison; interviews, questionnaires; M8467
Popper, Karl R., psychologism, social-scientific doctrine/agent intentionality, Terence Ball's view critiqued; M8828
retirement intentions/attitudes prediction, professional workers; S15555

Interaction/Interactions/Interactional/Interactionalist/Interactionalism/Interactive
adolescents' gender/status attainment value acquisition relation, family interaction; game simulation; families; N2942
alcoholism problem, symbolic-interaction theory perspective, application to alcoholic; N3539
behavior segmentation examination; verbal reports, videotaped interaction; N1364
circumspection, psychotherapy, counselor/client interaction structures/strategies; audiotapes; S15601
communication/interactional processes, nurses, obstetrics unit, hospital, Haifa, Israel, sociological intervention; M9636
communication/social structure relationship; content analysis, symbolic-interactionist approach; Martin Luther King's 1963 March on Washington speech, James Michener's novel *Centennial*; M7266
conflict management, familial activities organization, interaction modes; interviews; Swiss couples; N1766
conversational interaction organization; socialization defined, adolescent therapy session; N1409
cooperation, interaction style; sex-linked situations/sex composition; experiment; undergraduates; N4038
couples, dysfunctional interaction patterns assessment; descriptive questionnaire validity; pilot study, undergraduate couples; N5134
death rates; Richard Nixon's resignation, individual/systems interaction; Atlanta, Georgia/Wisconsin; M7419
doctor-patient interaction; medical institutions; interviews, questionnaires; patients/their families, doctors, clinic personnel, Costa Rican clinics; M8524
doctor/patient interaction asymmetries, laughter/social commentary; videotape; S15653
Dyadic Interaction Scoring Code, machine-aided marital observation technique, example; N5086
early face-to-face interactions comparison, mother-infant dyads; film; GB/US working-/middle-class; N4982
educational institution reform; radical/functional perspectives criticized, four-mode interaction-oriented scheme advanced; M9777
elderly, life satisfaction; social network interaction; interviews; southeastern US city; M8571
ethnomethodology, symbolic interactionism, temporal orientations comparison; M7262
face-to-face social interaction, "the interaction order"; research issues, political factors; N0611
family behavior/intergenerational interaction patterns, public places; observation; Saint Paul/Minneapolis, Minnesota; M8494
family interaction, abusive/neglectful/normal families; observation, questionnaire; N5075
family interaction/individuation; assessment methodology challenges; Plan Something Together task; N1719
family interaction; television; questionnaire; households; N4405
family interactions, negotiated order; N3435
family life span, kinship interaction; interviews, questionnaires; North Carolina/Indiana households; N1756
father-infant interaction/infant-father attachment, longitudinal study; M8399
group leader identification, rank/status, interaction distance, D. B. Roger's doll-placement technique; experiment; police officers, England; M9102
groups' normative functioning, interactive autobiographical data utilization; N2101
Habermas, Jürgen, communicative interaction rationalization; M7137
holism/empiricism integration, interpersonal interaction systems, general systems theory of culture; M7236
"human-machine interaction," self-explicating artifacts problem; S15632
individuals/objects, symbolic interaction, contemporary society, Karl Marx's objectification of goods model; N3979
interaction analysis schemes validation, observation modes; M7037
interaction analysis, interactions' structural character, designing category systems; M7430
interaction effects estimation problem, unmeasured block variables, application; N0507
interaction patterns, small mixed-sex groups; status vs sex roles; Hill Interaction Matrix; teachers, ministers/their wives; N2372
interaction structure/strategy, quantitative studies; N0778
interaction terms, ordinal variables, property-space perspective; N0508
interaction, audiovisual records as primary data source, microethnographic approach; N0779
interaction, behavioral signals, methods of recognizing significance; N1386
interaction, reactions; first impressions, norms, threats; Prisoner's Dilemma game; male psychology students; M7458
interactional involvement, same-sex dyads; sex, sex-role; experiment; undergraduates; M7406
interactional psychology, implications for psychological anthropology; M9052
interactionist psychology models failure, mathematical analysis lack; N4056
interactive telediffusion, television, citizen-broadcast source dialogue; M8329
intra-/intergender relations/interactions, US federal bureaucracy

work setting; females' proportional representation; questionnaires; M7661
management style as strategic interaction, Governor Ronald Reagan; interviews; Reagan's staff/appointees; M9290
marital interaction measurement, applied approach; S15332
marital interaction, structural exchange theory; M8480
meaning context/signs nature, symbolic interactionists' "situation" process vs structuralists' "structure" level; M8991
meditation movement, US, interpersonal relationships, symbolic interactionism perspective, Carl G. Jung's archetypal response/ synchronicity theories; M7364
mother-child interaction; social class; videotaped play sessions; N3303
movidas (coping/interaction strategies), Mexican Americans' uses; ethnographic/dramaturgical vs ethnomethodological approaches; M7441
nested multiple identities, symbolic-interactionist conceptualization; participant observation, music conservatory students; M7385
nurse practitioners, patient care interactions, professional behavior determinants; S15574
police-civilian interaction regulation, authority maintenance, general systems theory; observation; M9649
prime-time commercial television, gender-role behavior, R. F. Bales's Interaction Process Analysis; N0550
producing equal-status interracial interaction, Elizabeth G. Cohen's-Susan S. Roper's experiment replicated; black/white junior high school boys; M7520
professional identity/interaction, juvenile court case; questionnaires; court workers; N1577
professionals' game playing, physician-nurse interaction; S15877
"ritual power" concept, interactions; participant observations; N2373
same-sex intimate friendships, communication/interactional patterns; questionnaires; single males/females; N3048
science-technology relationship, satisfactory interactive model; suitability for other relationships; N3203
self-concept, measurement requirements, interactionist perspective; M7370
self/other assumed similarity; future interaction expectation; experiment; undergraduates; N2484
sexual arousal, social psychology, symbolic-interactionist interpretation; M7465
signitive behavior constitution/interpretation, Ferdinand de Saussure's/Alfred Schütz's theories, symbolic interactionism contrast; N0436
social behaviorism vs symbolic interactionism controversy, objective-subjective sociology dichotomy, criticisms of Herbert Blumer's interpretation of George Herbert Mead; S15339
social science qualitative research methods, symbolic interactionism, ethnomethodology; M8998
social services, symbolic-interactionist analysis; M7272
social world perspective, interaction theory; M7456
sociology of emotions, physiological bias, self-feelings, symbolic-interactionist view; N4048
spousal interaction determinants, marital structure vs happiness; nationwide interview sample; married men/women; N5138
Stryker, Sheldon, *Symbolic Interactionism: A Social Structural Version*, review symposium, rejoinder; M7230
student-teacher interactions, sex differences; questionnaires, observation; college classes; M7365
supervisor/worker conflict/dominance; television-mediated interaction communication; simulation experiment; four-person groups; N4031
symbolic interaction, symbolic dimension; M7250
symbolic interactionism/Chicago school criticisms, ethnomethodology/sociology of sociology perspective; N0623
symbolic interactionist/labeling perspective, sociology of religion, power elite's impact; N3152
symbolic-interaction/reinforcement theory, key features, contrasting implications for educational practice; N3995
symbolic-interactionist learning theory, behaviorism rapprochement; M7396
symbolic-interactionist sociologists; theoretical stance/professional friendships relationship; questionnaires; M7210
telephone interaction breakdown, stutterers'/their listeners' management, sociological perspective; N3065
theoretical distinctions, causal/interaction effects, social support, Peggy A. Thoits's study reviewed, reply; N2464
transnational corporations/intergovernmental organization, Trilateral Commission case; N2764
US migrants to Australia; self-definition/situation changes, symbolic-interactionist perspective; interviews; M8346
verbal interaction, discourse footing analysis; N0703
visual behavior, conversational interaction; intimacy; N0811
voice tone, conversational interaction uses, US, Japan; N1351

Intercourse
human copulation, diurnal/weekly/lunar rhythms; questionnaires; young married couples; M8452
marital intercourse frequency; male/female age, US/Thailand/ Belgium/Japan comparison; interviews, questionnaire; N3299
premarital sexual intercourse, single college students, predictive variables, discriminant analysis; anonymous questionnaire; N3355

Interdependence
dynamically interdependent qualitative variables measures; continuous-time discrete-state Markov model; N2178
family interdependence, its interacting environments, ecological approach; N0088
illegal business conduct, government agencies' social conduct; autonomy, interdependence; S15881
international interdependence/dependence, US intervention role, theoretical models overview; M7822

Interdisciplinary
academic interdisciplinary research performance, theoretical model, contingency/path analysis; questionnaire, interview data; M8907
complex public health problems, interdisciplinary research development, Vermont Lung Center example; N1866
higher education, knowledge integration, interdisciplinary approach; M8921
rape/sexual violence, interdisciplinary model, etiological hierarchy; somatic, personality, sociocultural factors; rapist-victim relationship; N0333
sociological perspective inculcation, interdisciplinary policy-related courses, sociologists/historians/scientists/engineer team case; N0554

Interest/Interests
affirmative action attitudes, whites' views; self-interest, racial effect, stratification beliefs; survey; national sample; N0848
agenda setting/public interest group leaders, policymakers, public policy; media; experiment, survey; N1083
altruism vs self-interest expectations development; behavior predictions; boys/girls; N2379
autonomous work group projects, worker motivation, productivity; workers' basic interests; N4247
collective interests protection, civil litigation, procedural forms effectiveness, West Germany/Netherlands/US data; N4863
community politics, organized interests; interviews, questionnaire; elected local officials, parliamentary representatives, Mainz-Bingen, West Germany; M9517
cooperative/clashing interests, small groups; N2348
corruption, Bukusu cooperatives, western Kenya; self-interest; M8588
decision making in industrial self-management groups, multiple legitimate interest problem, power group formation; N4283
employment, new forms, managerial policies, employee interests; interviews; managers, work council members, workers, West German firms; N1232
human interest change/stability, 1961/1975; surveys, open-ended questionnaire; Israelis; N4381
institutional pluralism as interest-articulating system, public agencies; N4453
interest measurement, sex differences; Brook Reaction Test of Interests; Israeli adolescents/adults; N5045
interest representation competition/monopoly, trade union structure, GB/West German railway industries, comparative analysis; M9332
interest/qualification/work situation relationship, firm, German research project; N0939
interests, enrollment/networking theory, transforming imputed interest; N2078
marital instability, intergenerational transmission reconsidered; questionnaire; college students; N1733
media effects, power balance, entrenched interests reinforcement; M7748
mobilization, individual/collective interests, recent contributions; M7280
national education interest groups, conflictual vs cooperative strategies; shrinking federal resources; interviews; S15485
national vs international learning, political knowledge/interest; school; national sample aged 13-17; M7859
objective interests perception; structural position, employee consciousness; questionnaire; Swiss businessmen; M7570
political interest/awareness acquisition, mid-1970s; college; questionnaire; college students; N2903
politics, corporate interest, corporate officers' contributions; S15556
public interest sociology creation, comments, rejoinder; N0416

public policy attitude formation, busing for school desegregation; interviews; Akron, Ohio; N0305
science, ethnomethodology, Steve Woolgar's views critiqued, interests/explanation; reply; M7046
science, social study, "interests explanation"; M8341
sexual interest/attitudes/knowledge/history, relation to sexual behavior; interviews; institutionalized aged; N3364
social relations/struggles analysis; power, interests concepts' use criticized; N2881
special-interest associations, French local political system, integration modalities; M9543
US crude oil resources estimates, historical change, organizational interests influence; industry's political economy; N1955
work autonomy, sex differences, resources vs vested interests explanation; survey; men, women; N1286
work force exploitation limits, interests' representation in firm, Italian case; N0921
work process domination, firm/workers interest conflict, shipbuilding industrialization example; interviews; workers; N0979

Intergeneration/Intergenerational
decision making, intergenerational Puerto Rican families, US, Hyman Rodman's resources theory, cultural context; interview; N1718
divorce increase, "intergenerational coresidence" decline, emotional perspectives; N3569
educational aspirations, race-gender subgroups, intergenerational transfer; southern youth four-wave panel study, 1966/1968/1972/1979; S15425
elderly, subjective well-being; intergenerational aid exchange; questionnaires; Washington residents; N1877
family behavior/intergenerational interaction patterns, public places; observation; Saint Paul/Minneapolis, Minnesota; M8494
industrial segmentation/men's intergenerational occupational mobility relation; Occupational Changes in a Generation survey; men aged 25-64; N4549
intergenerational class mobility, English/French/Swedish adult males, convergence thesis; national sample surveys; N4526
intergenerational occupational mobility structure, resources, channels, barriers, generality/specificity; Occupational Changes in a Generation survey; nonblack men aged 25-64; N1668
intergenerational occupational mobility; other family members' role; National Longitudinal Survey of Mature Men; N4516
intergenerational vertical occupational mobility; M9603
marital instability, intergenerational transmission reconsidered; questionnaire; college students; N1733
occupations/role characteristics, intergenerational transmission; samples, US workers/high school students; comment; N1296
"social fluidity" (intergenerational mobility), male/female differences, France/Sweden; national survey data; N4095

Intergroup
ascription/intergroup relations, untouchables, India/US blacks; legal/political changes; M7880
decentering process, intergroup context, neo-Piagetian model; M7343
intergroup behavior imagery; fieldwork; Chipewyan/Cree Indian hunters, Patuanak, Saskatchewan; N2639
intergroup income inequality measurement, conceptual review; N1213
intergroup perception; individual/collective encounters, W. Doise's & A. Sinclair's experiment partially replicated; N0766
interracial interaction, adverse conditions; positively structured contact; observation; middle school; M7523
polarizing effects, intergroup comparison; questionnaire; social work students; N0764
racial discrimination explanations, intergroup attribution; group discussion; experiment; black/white working-class male adolescents, GB; M9136
relative deprivation/Hindu-Moslem intergroup attitudes relationship; Muslim student sample, India; M9105
sound intergroup relations development prevention, South Africa, D. S. Palmer's crucial social variables typology; N0864

Intermarriage (see also **Marriage**)
intermarriage, language shift, Canada, 1971/1976; M8092
intermarriage, Sephardic-Oriental/Ashkenazi Jews, Israel; interviews; intermarried families; M8493
Jewish intermarriage trends, religious identity; N0095

Intern/Interns/Internship
career orientations/working life quality relationship; questionnaire; medical interns/residents; M9630

Internal/Internalize/Internalized/Internalist
external conflict leading to internal cohesion hypothesis, Georg Simmel's theory evaluated; S15782
foreigners integration problems, social integration via internal integration thesis; N0843
intellectual orientations/nationalism; internal colonialism, test case; interviews; Canadian Native Indian leaders; M9500
internal agrarian colonization, Nazi Germany; N4672
internal labor markets, large corporate employers, "core"/"peripheral" dichotomization; N2794
mobility, professional occupational-internal labor markets, stratification/segmentation, job vacancy chains analysis; questionnaires; collegiate football/basketball coaches; N3003
racial inequality theories critique, internal colonial perspective; S15289
Stalinism, internal colonialism, state-peasantry relations, terror, USSR; M7853

Internalization
socialization, Freudian vs dialectical interpretations; M7415

International
cancer mortality, international trends comparison, 1954-1975; N1809
capital differentiation/international labor migration, new structural hypothesis; N4974
causal modeling, international migration research, Herman Wold's methodology; N0525
child abuse/neglect, cross-cultural/historical perspectives, international-level consideration; N5019
child abuse/neglect, Third International Congress highlights, 1981; differing child protection systems, Third World problems; N5014
comparative education, development as study field/service, internationalization, World Council of Comparative Education Societies' role; M9785
developed capitalist societies, current crisis, Northwest-to-Southeast international control center shift, possible future political movements; N4458
feminism, pacifism, internationalism, 1915 International Congress of Women; N3682
"Individual Liberty & Social Organization" theme, Twenty-Fifth Congress, International Institute of Sociology; N0593
industrial democracy innovations, international comparisons limitations, recent developments case, Western Europe; N1038
industrial specialization/international trade, Portugal's adhesion to European Economic Community; N3234
International Air Transport Association cartel decline; network process analysis; M9491
international capitalist order crisis, welfare state implications; M9541
international communications politics, Third World infrastructures development need, McBride Commission's Report; M9444
international division of labor changes, newly industrializing countries; UN statistical data; N1037
international health problems, political economy, capitalist world-system; M8515
international health; capitalist world system; M8514
international interdependence/dependence, US intervention role, theoretical models overview; M7822
international law, national policy-making conditioning, "stand-by arrangements," International Monetary Fund; N3177
international relations, models use, "fuzzy logic"; M8891
international science journals, editorial gatekeeping patterns; N0002
international scientific exchange; US national security restrictions; M9945
international social movements course, film augmentation, University of Connecticut; M8917
international state conceptions, applicability to nation states; N2866
international system transformation, plant closings, US, 1945-1983; S15636
international terrorism; socioeconomic ills, US foreign policy as causes; N5333
international/national dialectics, interethnic cooperation, socialist way of life, USSR; N5383
jurisdictional conflicts, international law/state system, US antitrust/embargo laws examination; N3184
Marx, Karl/Mikhail Bakunin, First International Workingmen's Association control, 1864-1872 struggle, Marx's climactic political event; N3734
national liberation movement integration, international liberation field; N2923
national vs international learning, political knowledge/interest; school; national sample aged 13-17; M7859
science, cooperative international projects, global community context; M9970

science/technology, international indicators, US comparison; comments; M9982
science; international law, marine science case, UN Convention of Law of the Sea; N3243
scientific cooperation, US/USSR, national/international politics; M8321
social contracts role, international/cross-cultural research; N4924
standard international occupational prestige scale applicability, validation, Costa Rican/Israeli examples; N3011
struggle dilemma via international order, Namibia's independence struggle/UN involvement; N2911
Trilateral Commission/international monetary system influences; S15500
US population's international travel destination variation; economic/tourism variables; statistical data; selected foreign nations; N5002
US science, international perspective; *Science Indicators–1976* data; comments; M9933
women's self-help movement, international cooperation; S15265

Interpersonal/Interpersonalism
citizen initiative groups, interpersonal communication/political influence, West German examples; N1187
deviant behavior, interpersonal reactions; status/excuse effects; experiment; female subway users, Toronto, Ontario; N2557
family violence, situational analysis, interpersonal aggression; N5335
interpersonal attraction reciprocity hypothesis tested, dyads, living group; M7427
interpersonal attraction reciprocity over time, individual-/dyadic-level correlations, physical proximity; N2455
interpersonal attraction varieties/interrelationships, natural groups; questionnaires; state police force/college football teams; M7347
interpersonal attraction; unit relation tendencies; experiment; undergraduates; M7352
interpersonal behavior perception, dimensionality, social environment importance; M9107
interpersonal closeness/distance; another's performance relevance/quality; question-answering competition; male undergraduates; N2500
interpersonal communication/personality development; social determination mechanisms, Soviet society; N4043
interpersonal conflict; seasonal variation, central Canadian Arctic case; N2392
interpersonal distancing, dyadic intimacy exchange, four models compared; experiment, interview questionnaire; female undergraduates; N2356
interpersonal perception; roles/actions/situations effects; questionnaires; college students; M7373
interpersonal relationships; residential mobility; survey; adolescents, Wellington, New Zealand; N0078
life-threatening illness adaptation; social environment, interpersonal relationships, cancer case; S15499
lineage transmission, interpersonal competence, intimate relationships; questionnaires; undergraduates/their parents; N1674
marriage quality, U. G. & E. B. Foa's interpersonal resource exchange theory; questionnaire; husband-wife couples; N5123
mental health/interpersonal environment, social structure effects on mental health reexamination, Vietnam veterans case; interview sample; N3540
nonverbal behavior, verbal aspects, interpersonal situation ratings; elimination of visible behavior from social interactions; experiment; male undergraduates; N1406
organizations, informal control limits, interpersonal observability/communication networks; survey; university faculty; N4332
projected interpersonal distance, orientation choices; personality, sex, social situation; J. S. Wiggins personality inventory, social situations taxonomy; undergraduates; N2416
role stress, job-related/interpersonal/organizational climate; questionnaires; hospital nurses; N2962
US prisons, interpersonal violence causes/characteristics; N5217
volunteering, interpersonal relationships research participation; sex differences, couple commitment, longitudinal study; questionnaires; college students; M7404

Interpretation/Interpretations/Interpretative
Bible, first chapters; political theory interpretation; N1417
contemporary "politics of interpretation" issues, information/knowledge production, audience conception, humanist intellectuals' special political role; N2839
ethnographic interpretation, anthropology; fallacious inferences criticized; N0655
interpretation processes reconstruction problem, conversation fragments case, aboriginal Australians, Wakooka outstation; N3055
interpretive sociology's failure, intersubjectivity, action analysis; N3984
interpretive understanding/praxis; Hans-Georg Gadamer vs Jürgen Habermas, Paulo Freire's middle-ground solutions; S15713
medical knowledge creation, interpretation problems; N3528
Nietzsche, Friedrich, contemporary hermeneutics circle/metascience relevancy, interpretive turn approach; M7025
research interpretation; social change, crime causes study; M8866
Ricoeur, Paul, interpretive philosophy, social science, summary/critique; N2300
scientific historical methodology, empirical data interpretation, Gaetano Mosca's/Lucien Febvre's views analyzed; N3862
social interactions, interpretations, everyday life; M7407
sociology, positivist/interpretive/historical approaches interrelationships; N0616

Interprofessional
"content" vs "methods" agreements, guaranteed employment, 1969 French national interprofessional agreement; N0958

Interracial
black self-esteem; interracial contact; statistical data, stratified cluster sample; black students, grades 3-12, Baltimore, Maryland; N2459
first black pledge, white fraternity, US college campus, interracial event as transformative event; interviews; pledges, sociology students; N0863
interracial friendliness, black/white primary school students; classroom racial composition; S15789
interracial friendships; classroom racial composition; friends ranking; elementary school children, northern California; M7502
producing equal-status interracial interaction, Elizabeth G. Cohen's-Susan S. Roper's experiment replicated; black/white junior high school boys; M7520

Interrelation/Interrelations/Interrelationship
interethnic relations, Northeastern Luzon, Philippines, Palanan/Agta populations, farming/hunting; M7517
religious interrelationships, neighboring patterns, Israeli community; questionnaires; religious/nonreligious Jews; S15635

Interreligious
interreligious marriage, US, patterns, recent trends; interviews, 1973-1978 national surveys; N1731

Interstate
interstate migration; socioeconomic bonds/satisfaction; panel study interview data; Rhode Island, 1969/1979; N0041
migration differentials, influences isolation, 1970 US interstate migration example; M8378

Interval/Intervals
inequality measures, application to interval scales, regression analysis; N0495
multiple regression, categorical interval-level control variable, between-group components; N2173
reliability, variables measured as number of events in time interval application to B. F. Reskin's chemists data; N2128

Intervention
abused children's troubles formulation, organizational intervention justification; M8405
behavior modification, classroom, intervention techniques purpose, education vs social control; M9786
Brazilian economic history, 1929-1973, capital accumulation, state intervention, crisis; N4351
communication/interactional processes, nurses, obstetrics unit, hospital, Haifa, Israel, sociological intervention; M9636
de Sismondi, Simonde, liberal/utopian socialist/interventionist/scientific socialist/romantic economist; N2265
domestic violence incidents, criminal justice intervention, local program decline, Santa Barbara County, California; N3377
intelligence modification, children with subnormal intelligence growth risk; early intervention; comments, reply; M7440
intervention effects measurement, single-subject methodologies; N0419
intervention with minors, contemporary education evolution, Quebec, "scholastic bureaucracy" era; N0984
Keynesian economics limits, state intervention, advanced capitalist societies; N3985
state cultural intervention objects/forms, typology development; N1134
union action clarification, Polish Solidarity movement militants, sociological intervention; M9082
youth employment, Italy; labor market conditions, government intervention, Law 285's dilemmas/failures; M9337
youth unemployment, Italy; government intervention, Law 285; M9288

Interview/Interviews/Interviewing
biomedical research, ethical issues; household interview strategy, comprehension index; interview data; cross-section sample; M7071
counselor role, interview prior to abortion, France, institutionalizing process, dissuasion/assistance/normalization; interviews; N1803
depression measurement; interview method; Center for Epidemiologic Studies-Depression Scale; Los Angeles, California; M7047
doing own fieldwork/personal interviews advantages, autobiographical note; M8849
group interviews, methodology, presentation, planning, execution; N0483
intensive interview data utilization, teaching ethnicity/ethnic group relations concepts; M8913
interview response quality/cooperation; interviewer characteristics/expectations; N0482
interview survey research methods, model of potential error sources tested; interview data; Detroit, Michigan, females; N2092
interviewing methodology; introduction content, informed consent issues; questionnaire; eastern urban residents; M7080
interviewing via comment, adjunct to direct question; N3797
interviews, attitudes/distortions importance, methodological investigation; General Population Survey 1980; West German adults; N3786
left-/right-wing attitude measurement; question design/interview schedules/response sets effects; Canadian national election surveys; N3790
multiplicity sampling, relatively rare population, Vietnam-era veterans interviews; N0476
open-ended/group interviews, sociology, attempt to eliminate interpersonal processes of communication criticized; N3771
probation officer-defendant negotiations, subjective orientations, presentencing interviews; taperecorded interviews; probation officers; N3188
sex discrimination decrease, employment interviews; job requirements specification, explicit warnings; experiment; N3715
survey interviews, response distributions; questions wording, nonexperimental research; Netherlands data; N0467
telephone interviewing, experimental techniques; national sample, US racially/socially varied adults; M8858
telephone interviews, race-of-interviewer effects; M8841

Interviewee
interviewee cooperation factors, 1976 American National Election Study; N0481

Interviewer/Interviewer
interview response quality/cooperation; interviewer characteristics/expectations; N0482
interviewer as expert information source; N2112
survey research results; interviewer variance effects, bias; interviews; N3758
survey responses; interviewer, situation, log-linear model; experiment; West Germany; M8850
telephone surveys; interviewer behavioral variance; national polls data; N0486

Inter-
interagency networks, informal communication/coordination, effectiveness dilemma, Harrisburg, Pennsylvania, case history; N1017
interbureaucratic civil-military relations, Israel; postpeace military redeployment planning case; N2748
interethnic dating; subjective pros/cons; questionnaires; black/Mexican-American/Anglo college students; M7510
interethnic marriage, Canada, 1970s, encouragement factors/cultural consequences; census data; N5097
interethnic relations, Northeastern Luzon, Philippines, Palanan/Agta populations, farming/hunting; M7517
interorganizational exchanges stability; environmental uncertainty; Chicago Board of Trade's rulemaking processes, longitudinal study; M7644
interorganizational networks, industrial location case study; M9365
interorganizational strategies, composite model; N2075
intertribal hunting analysis, Rukuba, Jos Plateau, Nigeria; N2645
intra-/interorganizational structures, network analysis; M7672
occupational prestige research, intersubjectivity, collective conscience, James W. Balkwell/Frederick L. Bates/Albeno P. Garbin/Vered Kraus/E. O. Schild/Robert W. Hodge critiqued; rejoinder; M7972
organizations' decentralization, intra- vs interorganizational determinants, US corporations sample; M9356
social class, interorganizational theory, intercorporate relations, resource dependence/social class models synthesis; S15831

Intimacy/Intimacies
interpersonal distancing, dyadic intimacy exchange, four models compared; experiment, interview questionnaire; female undergraduates; N2356
intimacy, socially constitutive model; M7470
intimacy/social support relationships; interviews; never-married women aged 30-40; S15492
oral sex, intimacy/troubled sexuality issues; N0087
physically intimate/sexual behavior, 1978/79 prime-time television comparison; social implications; M7763
religious experiences ordering, Rodney Stark's intimacy/saliency relationship hypothesis; questionnaire; young adults; N3116
violent intimacy, family as love relationships model; questionnaires; university students; N3656
visual behavior, conversational interaction; intimacy; N0811

Intolerance
deviance intolerance, postadolescent children; parental intolerance, social class, religious fundamentalism; questionnaire; mother-father-child triads; N0223
homosexuality, Christian intolerance; M9846
Spanish political culture, insolidarity/intolerance, authoritarianism, passivity; N1162

Invention/Inventions/Inventive
invention rate; warfare, US patent activity data; time series analysis; M9941
scientific discovery logic, invention, induction, L. Laudan, H. Simon; N1627

Inventory/Inventories/Inventorying
California Psychological Inventory, femininity scale, validation, Romanian high school/university students; N2499

Invest/Invested/Investment/Investor/Investors
foreign direct investment, motor vehicle industry case; political instability, 1948-1965; multinational economic data; M7676
Italian Center for the Study of Social Investments, research strategy assumptions; N2088

Investigation/Investigations/Investigators
Federal Bureau of Investigation, domestic intelligence operations, J. Edgar Hoover, post-Watergate reform; N4887
insurance fraud investigation units, social control private network, strategies/effectiveness; N3173
police investigative decision making; victim/offense characteristics impact; police record data; N1890
rape/sexual assault cases processing; investigator perceptions of victim legitimacy; fieldwork; M7445
shoplifter prosecution correlates, Canadian retail investigators, hypothetical case method; N1565

Involvement
adolescent drug/alcohol involvement, developmental stages, cross-cultural comparison; interviews; Israel, France, US; N5239
couple romantic involvement, social network structure; dyadic withdrawal hypothesis; questionnaire; university students; N2354
ethnic concentration/community involvement, Japanese Americans; two-generation sample survey; California; S15439
interactional involvement, same-sex dyads; sex, sex-role; experiment; undergraduates; M7406
job involvement, intrinsically/extrinsically motivated managers; questionnaire; India; N2710
job involvement, structural view, differentiation from satisfaction/motivation; N4290
job involvement, toward developmental model; questionnaires; high school graduates; N4284
local health problems, community problem-solving involvement, Ghana; Kintampo project described; N0169
political involvement; social class/race/Milton M. Gordon's ethclass concept; University of Michigan election year surveys, 1952-1976; M9507
religious involvement nature/sources; Protestant churches data; S15321
romantic involvement, social network; questionnaires; undergraduates; N2775
social involvement/characteristics, beef vs broiler producers, rural Louisiana; S15207
sociologists' social policy involvement; case studies; N5288
work alienation/involvement components definition, break between psychological/sociological approaches; N4253
work involvement, sociological perspective; N4238
work-leisure relationship; job involvement; questionnaire; South African bank clerks/police officers; N4419

Iowa
Amish, selective acculturation, social change; visits, mailed questionnaire sample; Indiana, Iowa, Ohio communities; S15735

community land use issues, farm vs urban perspectives; questionnaires; Iowa; 1979/80; S15417
community, place vs sentiment definitions; mail questionnaire; Iowa small communities; S15393
double bind/social change, communal Amana, Iowa County, Iowa; N3110
female farmers, Iowa, entry patterns, survival strategies; ethnographic research; S15376
land use, comparative attitudes, elites/farmers/urbanites; Iowa; S15401
nonchemical pest control adoption, Iowa farmers; sociodemographic factors; increasing pesticide use tendency; S15356
petty commodity production decomposition, Iowa agriculture; 1958-1978 census data; S15459
prison inmates' attitudes/concerns, Iowa State Penitentiary, Fort Madison; essays; M9913
reduced tillage practices adoption, Iowa; ten explanatory variables; S15355
rural Iowa communities, socioeconomic changes; 1930-1970 US Census data; S15408

Iran/Iranian/Iranians
career motivation; factors affecting sex differences; questionnaire; Iranian high school students; M8422
contemporary Iranian Shi'ism, clergy's role, contradictory tendencies; N4828
developing countries, concept transfer, farm cooperatives, Iran; case study; M9688
dispute settlement/social organization, Iranian rural communities, Victor Ayoub's theory challenged; fieldwork; N4664
dower (*mahriyeh*), mate selection tradition, Iran; N3459
family, parents' differential roles; questionnaire; Iranian adolescents; N1785
fertility/contraceptives, behavior, attitudes, women, provincial Iran; female physiology, popular Islamic beliefs; M9248
Iranian Revolution, "rentier" state base, Shi'a Islam as vehicle; N2910
Khomeini, Ayatolla, Iranian government doctrine, ideological conditions; N2927
play structure measurement, cross-cultural considerations; "A Play Box" experimental design; Iranian, Turkish children; N2382
public opinion/social attitudes survey; questionnaire interviews; Iranians; N2821
self/society conceptions; questionnaires; students, India, Iran, Trinidad-Tobago, US; M9121
Shi'ite Islam ideology/praxis, 1979 Iranian revolution; N2860
Skocpol, Theda, Iranian revolution discussion, responses; N2929
social revolution, Theda Skocpol's theory modified vis-à-vis 1979 Iranian revolution data; M8240
social stereotypes, post-revolutionary Iran; educational levels, target group contact; questionnaire; different occupational groups; M9606
traditional Iranian society, Shah's transformation/disruption, autocratic rule, conservative principles; N1143
women's roles, Iran's economic system; sex segregation's effects; M8764

Iraq/Iraqi/Iraqis
Kurdistan Jews, Iraq, oral literary tradition changes, Israel migration; M9252

Ireland/Irish
ancient Irish/Welsh social system, parallel to other Indo-European societies; N0754
collusion practices, Irish livestock mart; N2803
conjugal egalitarianism/physical violence relationship, cross-cultural examination; questionnaires; US/Irish/Indian high school students; N3470
economic development/social welfare policy, Republic of Ireland case; S15854
everyday social attitudes; religious commitment; survey; males, Northern Ireland, Irish Republic; N4814
fertility, family planning, Ireland, 1975; interviews; couples; N3293
household headship loss; old age status; national Irish study; M8566
hunger strikes significance, Irish culture/traditions; N2878
informal mediators, responsibilities/brief careers, Ireland; fieldwork; N4181
Ireland, new political/economic difficulties; social class, religious, moral beliefs; N2336
Irish elderly living alone, contact/aid patterns; 1977 European survey; N3564
Marx, Karl, Friedrich Engels, Ireland knowledge accuracy, Marx's agrarian capitalism theory examined; N3737
organizational mortality, ecological approach, Argentinian/Irish newspaper industries case; M7630
part-time farming, Galway City, western Ireland; impact on rural economic development; N4644
political parties/secondary school students relationship; interviews, questionnaire; Ireland; M7827
pre-World War I Irish farming families, "stem family" model applicability debate, responses; N3403
social behavior understanding attempt, Ireland; surveys; N4490
sport, active participation factors; interviews; working class, Republic of Ireland; N1109
suffrage movement, Ireland, history, home rule struggle context; N2051
uncertainty/magic use, modern industrialized societies; questionnaires; US/Irish college students; N4186

Irrational/Irrationalism/Irrationality
sociological relevance, irrational processes, A. C. Zijderveld's rationality-irrationality balance defense; N2318

Irrigation
Texas high plains, irrigation techniques adoption; S15343

Islam/Islamic
asrama, Islamic psychiatric institution, West Java, Indonesia, illness treatment, physiological/religious order restoration; N0175
fertility/contraceptives, behavior, attitudes, women, provincial Iran; female physiology, popular Islamic beliefs; M9248
Iranian Revolution, "rentier" state base, Shi'a Islam as vehicle; N2910
Islam observance, North African immigrant women, France, *jmâ*-religious organization; N4782
Islam, petite bourgeoisie revolt, puritanizing/scripturalizing fundamentalism; M9843
Islamic brotherhood, Sheik Hamallah, French West African colonies; N4801
Islamic law reinstitution advocacy; Kuwait students; M8244
Islamic networks/urban capitalism, peripatetic Koranic schools instance, Kano, northern Nigeria; M9274
Islamic religion, Samarkand, USSR; N4786
Islamist movements, social-scientific analysis suggestions; N4794
leisure, Islam; the *Qur'an*, Mohammed's guidelines; M7789
Nigerian workers' class consciousness, Islamic nationalism; M7933
Senegalese historiography, Marxist/Islamic trends, messianic/nonmessianic themes focus; S15894
Shi'ite Islam ideology/praxis, 1979 Iranian revolution; N2860
social revolution, Theda Skocpol's theory modified vis-à-vis 1979 Iranian revolution data; M8240

Island/Islands/Islanders
Anticosti island, myth, Quebec, Ontario; N1937
isolation by distance, temporal trends, Sanday, Orkney Islands, Scotland; M8391

Isolation/Isolationism/Isolationist/Isolationists
deaf women, social awareness; invisible isolation; participant observation, interviews; deaf adults; N0337
isolation by distance, temporal trends, Sanday, Orkney Islands, Scotland; M8391
militancy, Kerr's/Siegel's isolated mass hypothesis, textile workers/coal miners cases; S15338
modern suburbia, isolation/contact rejection; N4064
racial isolation reduction techniques, large public school districts; case survey method; M9215

Isomorph/Isomorphic/Isomorphism
educational system's slow adjustment/responses to modern problems, stratified society's/universities'/bureaucratic schools' synchronic isomorphism; N4742
institutional isomorphism/collective rationality, organizational fields; N2755

Israel/Israeli/Israelis
adolescent drug/alcohol involvement, developmental stages, cross-cultural comparison; interviews; Israel, France, US; N5239
aggression regulation, daily life, aggressive relationships, Moroccan immigrants, Israel; participant observation; N2611
alcoholism, Israeli Jews, research rationale/ethnic factor, pilot study; N5197
Alliance Israélite Universelle, Jewish communities emancipation, Mediterranean; N1201
begging/beggars, Israel, personal characteristics/career development/attitudes; interviews; N0242
communication flow, groups, Two-Step Model, marginals' "bridging function," Israeli kibbutz case; interviews; M9448
communication/interactional processes, nurses, obstetrics unit, hospital, Haifa, Israel, sociological intervention; M9636
communities/neighborhoods, social hierarchy perceptions; random sample, adults; Tel-Aviv, Jerusalem, Haifa, Israel; N0280
considerate behavior, children with Middle Eastern/Western

backgrounds, Israel, normative expectations differences/their implications; N2447
cooperative movement, centralization development problem, Israeli kibbutz regional organizations study; N0279
economic activity; cultural change; 1961/1970/71 survey data; married women, differing ethnicity, Israel; N0104
elite recruitment/tenure, Israel/Egypt/Lebanon, social background influence, comparative patterns; N4525
ethnic origin as hierarchical dimension of social status, correlates; similarity clustering; urban Israelis; M9210
ethnicity transformation, acculturation via language classes, Israel; participant observation; N4155
ethnicity/status attainment process, Israel; survey; Jewish immigrants of Euro-American/Afro-Asian origin; N2930
evaluation of physically disabled persons; disability-related variables; videotapes, semantic differential scale; Arab/Jewish youth, Israel; N3522
exemplary entrepreneurship/altruism motivation, US immigrants to Israel case; N4363
extremism as religious norm, Israeli Jewish types; N1512
fear-moderating/-neutral health promoting information, latent fear-arousing potential, televised antismoking/cancer screening campaigns; questionnaire interviews; Israeli adults; N1080
friendship structure/formation, Israeli kibbutz; M8009
general adjustment; work satisfaction; survey, interview questionnaire; Canadian/US migrants, Israel; N0924
"Holocaust" television drama, influences on viewers; interviews; young people/adults, Israel; M8706
human interest change/stability, 1961/1975; surveys, open-ended questionnaire; Israelis; N4381
"Ideology, Myth, and Reality: Sex Equality in Israel," Selma Koss Brandow's critique reviewed, reply; N4040
immigrant transit camps, Israel, dependent relations formation; interviews; former immigrants, state officials; M7489
interbureaucratic civil-military relations, Israel; postpeace military redeployment planning case; N2748
interest measurement, sex differences; Brook Reaction Test of Interests; Israeli adolescents/adults; N5045
intermarriage, Sephardic-Oriental/Ashkenazi Jews, Israel; interviews; intermarried families; M8493
Israeli adolescents' future family aspirations, comparison with parents' views; questionnaire; Tel-Aviv high school students; N3417
Israeli family patterns, recent demographic trends; N3397
Israeli Jewish/Druze prison guards, prisoners' rehabilitation potential/prison's rehabilitative potential/own supportive role beliefs, comparative analysis; N4909
Israeli military occupation; migration, change, family impact; interviews; West Bank, Palestine, villagers; M8361
Israeli settlements, occupied Arab lands; M7818
job satisfaction-role ambiguity/conflict/stress relationship; organizational level, task type; questionnaire; managers; Israeli industrial plant; N2673

juvenile court dispositions, status/nonstatus offenders comparison; M9889
juvenile court dispositions; labeling; violent youth cohort; M8630
juvenile delinquency prevention/treatment, 1930s-1940s Chicago Area Project; archival data sources; N5251
juvenile delinquency; urbanism, culture conflict theory; census data; Israeli communities; N0238
juvenile delinquents, stigmatization, status vs other more serious offenders; court records; N5243
juvenile justice policy/research, future policy directions; N4883
juvenile justice system reform, status offender diversion, Pima County project, Arizona; interviews; N1586
juvenile justice, current policy, policy development status assessment criteria; N4862
juvenile offenders, social control agency discrimination; GB/US/Israel comparison; M8626
juvenile reformatory, differential treatment, race/sex/rehabilitation, 1825-1900; N5250
juvenile shoplifting, nonmetropolitan area, deviant vulnerability/labeling hypotheses; self-reported questionnaire; high school youth; N0230
juveniles' labeling reaction; interviews; arrested white male youths; N0235
juveniles/drinking, public perceptions, case study; survey; Tamil Nadu, India; N5055
metropolitan juvenile courts, US, empirical typology; mail/telephone survey; court personnel; M9910
offenders aged 7-9, urban juvenile court, demographic characteristics; S15613
police cautioning, juveniles, London, England; M8623
prison abolishment attempt, juvenile reform schools abolition, Massachusetts, January 1972/subsequent developments, relevancy for West German legislation; N4908
professional identity/interaction, juvenile court case; questionnaires; court workers; N1577
research within juvenile courts; human research regulations; N3167
sentencing research, misleading conceptions, juvenile court reformulation; M9898
state juvenile codes development, 19th-century US, children's legal status, social structure, reformatories; N3316
status offender treatment, juvenile courts; conflict theory approach; case records; Tulsa County, Oklahoma; M8620
theoretical perspectives, historical analyses, application to juvenile justice literature; M9905
victimized white offenders, juvenile correctional system; questionnaire; N5241
White Paper on young adults/juvenile offenders critiqued; Prison system pressure; GB; M8634

Kansas
anomia level, longitudinal comparison; interviews; Kansas rural women; N2501
infant mortality, rural agricultural state; socioeconomic status, 1950/1960/1970 births/deaths statistics, Kansas; N0004
resource mobilization, penal reform, England, 1773-1890/Kansas, 1970s-1980s; S15482
"social clock" phenomenon, age-related life events, Kansas pioneers example, biographical correlates prediction; N4079

Kansas City/Kan. Mo.
territorial personalization, group identity/social interaction indicator; interviews; Slavic-American neighborhood residents, Kansas City, Kansas; M9205

Kant, Immanuel
Parsons, Talcott, action theory, Kantian critical subjectivity perspective; N0632
Parsons, Talcott, thought, Kantian structure detection, European philosophical tradition understanding/voluntaristic theory of order; S15838
sociology of modern individual, Immanuel Kant's/Emile

Durkheim's individual-state-society matrix conceptions compared; N3944

Kennedy, J. F.
women's issues, Kennedy administration's public policy; N0353

Kentucky
correctional policy, determinate sentencing, inmate attitudes; questionnaires; federal/state prisoners, Kentucky; M8294
farm structure/business performance; farm families' work statuses/men's-women's occupation; survey; Kentucky adults; N1312
labor force participation patterns, nonmetropolitan women; survey; Appalachian/non-Appalachian areas, Kentucky; S15759
migration trends post-1900, Kentucky; S15224
neighborhood health centers, US, doctors' power limitation, West German relevance; interviews; US health care experts, West Virginia/Kentucky; M7969
nonlocal hospital preference, trend reversal feasibility; survey; Lincoln Trail residents, Kentucky; S15308
occupational mobility/wage changes, nonmetropolitan Kentucky, 1974-1979; S15198
quality of life-economic activity relationship, eastern Kentucky; distributional model; S15465
rural communities, migrants' residential satisfaction; social factors; survey data, Kentucky; S15461
social change, eastern Kentucky; local newspaper business effects; interviews; S15421
spouse abuse; partners' status inconsistency/incompatibility as risk factors; telephone survey; Kentucky women; M8705
work commuting, nonmetropolitan patterns variations; survey; migrants/nonmigrants, Kentucky; M8022

Kenya/Kenyan/Kenyans
corruption, Bukusu cooperatives, western Kenya; self-interest; M8588
dreams, young Gusii women, southwestern Kenya, relation to social/psychological conditions; N2641
health care system, Kenya; colonialism's impact; N3512
language acquisition/use patterns, Kenya, rural/urban differences; N1347
language usage domains, mother-tongue shift; questionnaire; parents of secondary school children, Nairobi, Kenya; N1392
language use, Kenya; rural-urban comparison; N1410
Okiek, dispersed Kenyan hunter-gatherer society, self-identification process, cultural borrowings/community membership; M7544
protest movements, colonial Kenya, causation explanation; N1068
rule/misrule of law concept realization, petit-bourgeois state, Kenya, "public" meaning; N1148
warrior complex analysis, Masai, Kenya, aggression/bravery/endurance/drugs; N2640

Keynes, John M./Keynesian
Keynesian economics limits, state intervention, advanced capitalist societies; N3985
Keynesian economics rise, GB, 1940-1964; N3627
"Keynesian revolution" concept, economic policy, GB; N3615
Tomlinson, Jim, economic policy, UK, Keynesianism nonoccurrence hypothesis challenged, response; N3611

Khaldoûn, Ibn
Khaldoûn, Ibn, Muslim jurist, ethics/politics, political system typology, current relevance; M9503

Kibbutz/Kibbutzim
communication flow, groups, Two-Step Model, marginals' "bridging function," Israeli kibbutz case; interviews; M9448
cooperative movement, centralization development problem, Israeli kibbutz regional organizations study; N0279
ego development, adult kibbutzniks, Jane Loevinger's theory cross-culturally applied; N4111
friendship structure/formation, Israeli kibbutz; M8009
Judaism, modernization potential, religious kibbutzim, Israel; N4797

Kierkegaard, Søren
despair as disease of infinite, Søren Kierkegaard's/Emile Durkheim's thought; S15944

Kin/Kinship
adult kindship networks, intimate/confident selection; midwestern sample; N4177
affines, Hokkien kin terms ambiguity/meaning; interviews; Taiwanese villagers; N2621
class rule as patronage, kinship/local ruling cliques/state, rural Sardinia, Italy; M8011
family construction, social reality, kin network ties, causal direction; experiment, questionnaire; father-mother-adolescent triads; N1774
family life span, kinship interaction; interviews, questionnaires; North Carolina/Indiana households; N1756
family, kinship organization changes, traditional Japanese village undergoing modernization; N5130
family/kinship changes, Japanese village, situational factors; N5112
homicide, consanguinal vs fictive kinship ties; police records, Detroit, Michigan, 1972, cross-cultural data; N0197
kin terms/attitudes relationship, Vute kinship system, Cameroon; N0882
kinship patterns, low-income urban households, survival strategies, Brazilian case studies; N0089
kinship relations, contacts quality/quantity, preretirement years, family size/sentiment effects; interviews; parents; S15746
kinship structure changes, Japanese village, relatives invited to funeral ceremonies; N4209
kinship system interaction/knowledge; socioeconomic factors; interviews, participant observation; black adults, northwest Atlanta, Georgia; M9234
kinship, classical moral paradigms/meaning, philosophical examination; M9057
kinship, sibling solidarity, Italian-American families; interviews; husbands/wives; N1746
kinship/marriage forms diversity, Huron (Ontario) tribes; N2631
kinship/marriage patterns, farming community, Umbria, Italy; parish registries, 1794-1908; N5065
kinship/migration strategies, outward-moving vs static families; interviews; Londoners, England; N5009
kinship/residence strategies, urban context, Senegalese family case; M9276
Lévi-Strauss, Claude, *The Elementary Structures of Kinship*; incest, exchange concepts discussed; N0875
methodology, Vincent Lemieux's *Kinship and Politics. Social Organization on the Ile d'Orleans* analyzed; Quebec; M7023
mother-daughter/mother-in-law/daughter-in-law relationships; kinship networks structure shift; interviews, questionnaires; N0876
orderly replacement-permanent availability kinship orientations scale, need/method/reliability/validity, family orientation scale; undergraduates; M7077
Polynesian kinship/descent, extragenealogical considerations; N2614
prehistoric social organization, kinship; environmental change; Easter Island; M9239
production, household system, printing craft, early US, gender/kin factors; S15752
segmentary kinship retention, urban society, Laotian Hmong refugees, St. Paul-Minneapolis area, Minnesota; participant observation, interviews; N4175
Sioux Indian kinship formations; dependent domestic/capitalist production impact, colonial context; M9231
social organization, corporate household/ecocentric kinship group, Catalonia, Spain, participant observation; N2616
southeast Asian refugees, US, kinship/public policy interaction; N4150
Spencer, Herbert, social theory, continuing importance, kinship evolution/women's status study; N3849
traditional kinship structures; urbanization/industrialization; Shiratsuchi village, Yamoto, Japan; N5089

Kindergarten
bourgeois families, young children's schooling, Paris, France, 1945-1975 public kindergarten attendance; N3450
classroom behavior/deviance/cohesion, French language immersion vs regular kindergarteners; Ottawa, Ontario; observations; N4756
kindergarten children, same-color peers preference; observation; black & white kindergarteners; N5021
language code usage-children's social/cognitive development relationship, Basil Bernstein's sociolinguistic theories tested; stimuli response, J. C. Raven's Progressive Matrices; kindergarten children; M8090

Knowledge
anthropology of knowledge, research review since mid-1970s; N5256
Burke, Kenneth, knowledge/meaning distinction, social inequality, interpretative frames; M7147
career development, occupational knowledge role; questionnaire; older adolescents; N3335
code theory, knowledge systems, social structure, extranational sphere, individual image; N0823
cognitive migration, cognitive transfer/scientific knowledge growth conditions; interuniversity mobility backgrounds use, West Germany; questionnaire; scientists; N3242
communicative acts, shared knowledge, speech; tape recordings, British working-class family; N1388

community-related volunteerism/self-help workshops, topics, case studies; South Carolina counties; questionnaire; participants; S15920
comparative sociology, school knowledge, Graham Vulliamy's British music teaching study replicated; Ontario high schools; N3105
contemporary "politics of interpretation" issues, information/knowledge production, audience conception, humanist intellectuals' special political role; N2839
crime potential; legal sanctions knowledge, empirical exploration; interviews; adults, Tucson, Arizona; M9911
dangerous women, witch-finding rituals, Kono, eastern Sierra Leone, interpretation, ideological/knowledge system; M9279
decision, knowledge, rationalism/dialectic debate, social sciences methodology; Italian seminar proceedings; N3943
Durkheim, Emile/colleagues, sociology of scientific knowledge, positivist conception of science; N2231
educational knowledge, learning disability theory, misrecognizing/masking social influences; N3090
educational policy decision making; research findings influence, social scientific knowledge; M8691
elementary knowledge, transcendental pragmatics, consensus theory, ideal communication community; N0688
empirical/theoretical knowledge, unity principle; N2083
empirical/theoretical Marxist research, capitalism theory, research object, knowledge interest; N0405
English neopositivism, social-historical knowledge problems; M8830
epistemological relativism, social sciences/sociology of knowledge; "surrender-&-catch" concept; N5269
experimental procedures, subjects' prior knowledge honesty; evaluation apprehension/commitment; N2122
Foucault, Michel, power role, domination forms development, archeology of knowledge/genealogy of power/politics of truth aspects; N4439
generalized occupational qualifications/sociological knowledge theory, functional-morphological approach; M7967
helping behavior, social-psychological knowledge accumulation, emergency/cost determinants; N2528
higher education, knowledge integration, interdisciplinary approach; M8921
historical/political false knowledge structure; opinion polls; Hungarian youth; M8647
ideology as epistemological category, knowledge theory; N0434
Janik, Allan/Stephen Toulmin, *Wittgenstein's Vienna*, evaluation, sociology of knowledge approach; N3616
Knowledge & Opinion about Law research group, implicit theories, political insubordination, Gerlinda Smaus/Rolf Kniffka/Erich M. Kessler critiqued, reply; N4378
knowledge & opinion about law research, annotated bibliography; N4382
knowledge & opinion about law studies, theory inadequacy, political subservience; West German research; N4389
knowledge development, Jean Piaget's account criticized, social/epistemic objections; N0259
knowledge transfer, social sciences; organizational factors, R. G. Havelock's communication model; N4964
knowledge-power relationships, typology; N0705
knowledge/autonomy via education, contrast with Jean-Claude Passeron's-Pierre Bourdieu's sociological pessimism (*Reproduction*); N4755
knowledge/culture theories, US anthropology; N0707
laboratory life, information replacement of knowledge, sociology of science, recent approaches; N1630
medical knowledge creation, interpretation problems; N3528
modern sociological knowledge, Karl Marx's contribution, social relations role/dialectics; N5379
mystical experience/spiritual knowledge, contemporary ecstatic religion, Divine Light Mission case; interviews, questionnaire; members; N4793
national vs international learning, political knowledge/interest; school; national sample aged 13-17; M7859
organizational structure-innovations adoption link, French replication failure/medical research results, dissemination-knowledge structure relationship; M9350
philosophical textual interpretation, knowledge, historicism, Leo Strauss's ideas; comment, rejoinder; N1928
physical power/biological knowledge, 1930s, Rockefeller Foundation's molecular biology policy reappraisal; N3202
pluralist medical culture, illnesses understanding, patients'/doctors' interest lack, implications for "alternative systems" notion, Malumfashi area example, Nigeria; N3508
political conflict, social-structural, sociology of knowledge analysis; N3609
psychiatry, societal criticism impact; professionalism, knowledge control; N0246
science progress, trivialization process, knowledge's relevance; N5267
science role, Transcendental Meditation movement, knowledge legitimation, subjective origins vs objective reality; N3143
science, sociology of knowledge; reply to David Bloor's comments; M8977
science; social organization, knowledge codification, reward system; empirical data, GB vs US; N4582
scientific knowledge, qualitative/quantitative models; M7102
scientific/technical knowledge, inclusion in liberal education, technological age; N1464
secondary education, France; social relations, knowledge categories distribution; N4767
self-government debate, competence distribution, sociology of knowledge view; M7578
sex trait stereotypes knowledge; age/sex/social class effects; Sex Stereotype Measure II; Brazilian children; N2548
sexual experience/knowledge, contraception use; questionnaires; French adolescent females; N3349
sexual interest/attitudes/knowledge/history, relation to sexual behavior; interviews; institutionalized aged; N3364
sexuality, aged, attitudes/knowledge assessment scale; N3363
social class/race/sex as scientific objects of knowledge, nature as productive systems, political consequences, Marxist-feminist perspective; N3961
social control/sexual liberation relationship, sexual knowledge, early 20th century, social construction/feminism, Havelock Ellis's social control ideology; N3697
social knowledge/ideology integration, bourgeois vs Marxist social science handling; N0260
social science research processes/assumptions, sociologists' self-identification as "concrete operators," knowledge production; N0428
social science, crisis, epistemology, methodology, knowledge historicity, Max Weber, Edmund Husserl; N2260
social science, socially relevant knowledge lack; N5264
social work, theory, practice, public knowledge; Mao Zedong's thought; N1908
sociological knowledge, scientific hypotheses/objectivity problem; N3764
sociological language as knowledge-producing discourse, status; N1929
sociologies of knowledge/science; integrated research framework; N5261
sociology of knowledge domain, true/false theories reception, D. Bloor's systemic analysis need hypothesis, genetics/schizophrenia relationship case; N3551
sociology of knowledge, early French contributions, Durkheimian school; M8648
sociology of knowledge, epistemological implications; S15824
sociology of knowledge, paradigms, discourses, Karl Mannheim, Thomas S. Kuhn, Michel Foucault; N1921
sociology of knowledge, Thomas S. Kuhn's paradigmatic development concept, use/abuse; N3607
sociology of knowledge, US social theory; M8639
sociology of mathematics, sociology of knowledge limits; N1927
sociology of nonknowledge, paradigm; M8649
sociology of uncertain knowledge; M8645
stress beliefs/conventional knowledge reproductions beliefs relationship; N0171
technical knowledge transmission/appropriation, social relationships, Nahuas Indians, Huauchinango region, Puebla, Mexico; N0443
theory/empirical comprehensiveness interrelation, sociological knowledge; N3755
woman-oriented knowledge production, sciences, typology test, general evaluation; N2050
workers' knowledge appropriation, quality control circle program, General Motors plant; interviews; workers, participants; S15609

Koran
Islamic networks/urban capitalism, peripatetic Koranic schools instance, Kano, northern Nigeria; M9274

Korea/Korean/Koreans
adhesive sociocultural adaptation as alternative strategy of minority adaptation; interviews; Korean immigrants, Los Angeles, California; S15810
agricultural research decision making, South Korea; interest-group politics; rice production; in-depth interviews; S15357
Japan, Korean minority's status, identity, marginality; N4158

Korean immigrants, US, Korean-American ethnicity, theoretical models; M7504
pregnancy/birth/postpartum period, traditional concepts/customs, rural Korea; interviews, participant observation; families, neighbors, health services personnel; N0911
psychocultural analysis, Korean sociopolitical reference frame; Associative Group Analysis tests; US/South Korean samples; N0824
quality of life perceptions, industrializing country, Republic of Korea case; interviews; heads of household; N0297
role behavior/expections analysis, household tasks division hypotheses; interviews; Korean immigrant families, US; N3422
rural-urban migration process/assimilation, Seoul, Korea; census data; N3274
sex-role attitudes correlates, Korean students; S15336
success image validity, Asian Americans, Korean immigrants case study; interviews; Los Angeles, California; S15811

Kroeber, A. L.
cultural pattern/process, application of A. L. Kroeber's idea, women's dress, stylistic change study; N4206

Kuhn, Thomas S.
contemporary Western science theory, neopositivist paradigm evolution, Thomas S. Kuhn's role, *The Structure of Scientific Revolutions*; N4961
Kuhn, Thomas S., *The Structure of Scientific Revolutions*, science, social conditions; N3240
Kuhn, Thomas S., theoretical change model/social science applications, Jeffrey C. Alexander's critique criticized, Parsonian context, rejoinder; M7219
Kuhn, Thomas, *The Structure of Scientific Revolutions*, critique/sociologists' unreflective endorsement; N5253
science, historical development, Thomas S. Kuhn's theory critiqued; M9987
sociology of knowledge, paradigms, discourses, Karl Mannheim, Thomas S. Kuhn, Michel Foucault; N1921
sociology of knowledge, Thomas S. Kuhn's paradigmatic development concept, use/abuse; N3607
sociology of law, Kuhnian analysis; sociological science of jurisprudence proposed; N4872
status attainment paradigm, historical development, Kuhnian perspective; N1616

Label/Labels/Labeling
adolescent identity; labeling, divergent findings reconciliation; M9138
deviance labeling, deviant/mentally ill, societal reactions; sex roles; psychiatric emergency room, New York City hospital; M8556
false accusation phenomenon, deviant labeling case, systematic analysis; M9145
health risk labeling, industrial chemical plant, angiosarcoma/vinyl chloride link; psychosocial survey data; normal/ill workers; N0166
helping behavior; prosocial labels; experiment, bogus personality inventory; undergraduate psychology students; N2546
insanity defense trials, defendant behavior vs psychiatric labeling, influencing jurors; experiment questionnaire; undergraduates; N3531
insulation from labeling, deviant defenses, heroin use case; S15502
involuntary hospitalization, race bias, psychiatric vs labeling perspectives; S15853
juvenile court dispositions; labeling; violent youth cohort; M8630
juveniles' labeling reaction; interviews; arrested white male youths; N0235
labeling consequences, closed social system, deviant roles; questionnaires; prison inmates; M7481
labeling perspective, sociology of deviant behavior, Howard S. Becker's/Edwin M. Lemert's contributions; N2323
labeling theory, mental patients' attitudes studies, review; N2593
mad genius controversy, labeling, social roots, 19th/20th centuries, Romanticism vs classicism; M7360
mental disorders, schizophrenia; labeling theory criticized; M8544
mental illness labeling; socioeconomic factors; hospital data; N3535
sociology of literature/Herman Melville's "Bartleby," character's deviance, sociologists'/literary critics' armchair psychologizing, labeling theory approach alternative; S15899
symbolic interactionist/labeling perspective, sociology of religion, power elite's impact; N3152
teaching labeling theory, illness attribution; N0557

Labor relations
management-labor relations trends, local government, late 1970s/early 1980s; British Columbia; N4244

Labor/Labors
age/gender disproportionality, USSR labor collectives, related problems; N4314
aged males' labor force participation; economic development, pension policies; cross-national/longitudinal approach; N4275
agricultural capitalist development, labor/production time, Susan A. Mann's/James M. Dickinson's thesis critiqued; US census data; N1316
agricultural patterns/female labor participation-seclusion, rural India; N0363
agriculture dynamics, Mexican farm workers, US southwest; Edna Bonacich's split-labor-market theory; M9208
ascendant militant group, GB's Labour Party, political programs/strategies; M7847
attitudes toward labor; survey; Bulgarian industrial workers; N2728
author/publisher relationship, Italy, intellectual as labor proponent/publisher as industrialist; publishers' perspectives summarized; interview commentary; N4579
black-white relations, US, 1865-1920, Edna Bonacich's split labor market thesis; M9212
Burawoy, Michael, *Manufacturing Consent: Changes in the Labor Process under Monopoly Capitalism*, ideology issue; N2063
Burawoy, Michael, *Manufacturing Consent: Changes in the Labor Process under Monopoly Capitalism*, workplace relations, nondialectical approach limitations; N1973
capital differentiation/international labor migration, new structural hypothesis; N4974
capital mobility/labor markets, job opportunities, minorities/nonmetropolitan workers; S15938
capitalism, economic development/labor market segmentation relationship, postwar Europe; N1036
capitalism, race relations, South Africa; split labor market analysis; M7490
capitalism, racism, South Africa; Edna Bonacich's split labor market theory critiqued; rejoinder; M7491
capitalism/bureaucratic control/labor market segmentation, industrial hiring practices, southern city; S15791
career/intragenerational occupational status mobility; structural-functional, economic theories criticized; dual labor market theory introduced; M9634
careers, organizational labor markets, demographic models, organizational behavior; N1298
changing state/labor/industrial relations, southern Europe, corporatism, neosyndicalism; M9339
Clawson, Dan *Bureaucracy and the Labor Process*, US manufacturing industry reorganization/workers' experience, 1880-1920, critique, reply; N1968
college students' labor potential utilization, USSR; M7581
company doctors' conflicting pressures from labor/management, perceptions/responses; interviews; Ontario companies; M9657
computer technologies, industrial labor process, West Germany; N0923
control conceptualization, domination/hegemony, capitalist labor process; N1971
domestic labor origins/role, recent contributions, Anglo-American debate; M8473
educational attainment; National Longitudinal Surveys of Labor Market Behavior, US; M8184
employment in "grey" zones, labor market, jobs typology, attitudes; interviews; university graduates, Berlin, West Germany; N1293
family farms, sexual division of labor; Wisconsin household sample; 1982; S15368
farm labor trends, US, rationalization; 1956-1979 data; M9684
farm labor, US farmwomen's participation, farm structure/variations; S15226
female crime; labor force participation, sex-role attitudes; survey; adults; S15787
female labor-force participation surrounding first birth, differential patterns; longitudinal study, interviews; women aged 14-24; N1761
fieldwork information access, exchange theory perspective, Ghanaian labor unions case; M7061
global capitalism conception, labor peripheralization, New York City case, apparel industry; N1341
handicapped people, Austrian labor market, marginal/excluded status; survey; N4232
health; employment, rural labor force entry case; interviews; married Chinese women, Taiwan; S15263

income attainment inequality, nationality, labor supply variables; 1976 Survey of Income & Education; native vs immigrant Hispanic men, US; N5005
industrial automation, technological innovation, work conditions, productivity, workers' complaints; USSR; M7609
industrial labor, past/present economic crises; S15566
industrial occupations/labor stratification, sexual segregation; market power, unionization, "classically" capitalist organization; census-related data; M7957
inequality research, dual economy/status attainment/labor force integration concepts; N2781
internal labor markets, large corporate employers, "core"/"peripheral" dichotomization; N2794
Italian labor unions, internal contradictions, legal issues, extrainstitutional stance; questionnaires; unionized workers; M9300
job selection process, labor turnover/occupational choice, conceptual rapprochement; N3007
Kahn-Freund, Otto, English labor law contributions; M7189
labor activity, women's participation/attitudes toward, Daghestan, USSR; N2659
labor collectives, current problems; M9336
labor discipline violations, construction workers, low education; USSR; M9325
labor education experience, teenagers, USSR; Kirov region; M8430
labor effectiveness/attitudes toward work correlation, Soviet workers, new indices; N4292
labor emigration contradictions, individual level; N0037
labor force balance, relation with high school/vocational school network, Romania; N4753
labor force participation patterns, nonmetropolitan women; survey; Appalachian/non-Appalachian areas, Kentucky; S15759
labor force participation, aid to women to undergo change; N5360
labor force participation, multivariate analysis; survey; married women, Belgium; N2717
labor force participation, young married women, causes/effects; N0937
labor force participation/unemployment, age/sex/race categories, changing patterns; S15255
labor force professionalizing via agroindustrial school, Romania, sociohuman implications; N4721
labor humanization strategies, quality of working life improvement, industrial sociological analysis; N2687
labor incentives/consumer expectations, developed socialist society, USSR; M9293

housing patterns, family life cycle course, Japan; interviews; households; N3440
life cycle, Japanese family, major findings; S15814
life satisfaction/life-cycle, well-being; values, roles; questionnaire survey; women aged 22-64, continuing education center; N0346
marital adjustment; wives' employment, family life cycle, births; N0100
marital disruption, black families; family life cycle/economic well-being; Michigan Panel Study of Income Dynamics data; N0103
organizational growth/change, life cycle model, application to community mental health center; M7649
perceived marital quality, family life-cycle categories, further analysis; N1703
premodern peasant family, life-cycle pattern, modern Japanese family understanding; N3424
residential preferences, moving behavior, family life-cycle analysis; survey; Pennsylvania residents; N1760
residential/size-of-place preferences, life cycle interpretation, longitudinal study; N4987
subjective life evaluation; family life-cycle transitions, longitudinal effects; longitudinal study, interviews; persons aged 16+; 1973-1977; M8484
women, work participation; education/socioeconomic/family life cycle constaints; interviews, questionnaire; couples, Calgary, Alberta/Mérida, Mexico; N3383
working women's socioeconomic attainment, family life-cycle approach; longitudinal data set, interviews; N3695

Life history
anthropology, life history writing, methodological review; M8863
discrete dependent variables, dynamic analysis, German career life histories example; N3800
everyday life studies, autobiographical data; elderly Swiss life-history data; N2104
Ferrarotti, Franco, life-history as sociological method; N0451
life-history data, Swiss adolescents cases; N3324
life-history/nondirective interview data evaluation; Swiss elderly cases; N2106
private sphere, women's/children's everyday life activities; effects on historicity; life-history; N2272
qualitative data analysis, typologies, life types/histories; N0728
radio station life history, labor strike, 1968; ethnographic approach; M7584
repeatable events in life histories analysis, unobserved population heterogeneity, new approach, application to marijuana use timing; S15889

Life table
job shifts/experience, West German young men, temporal data analysis, life tables use; N1233

Lifestyle/Lifestyles
"alternative" lifestyles, Argyle Street cooperative, Norwich City, England; participant-observer interviews; residents; N1344
"back-to-the-land" move, ecologically responsible lifestyle; questionnaires; N0270
consumption, time usage, lifestyles, marketplace, trends/concepts; M7706
contemporary Americans' lifestyles, occupational roles/conjugal relations vis-à-vis leisure activities; cable television service questionnaire; suburban couples; S15910
everyday life, lifestyle typology; N2271
everyday life/lifestyles; theoretical assumptions/empirical research; N3767
Finnish/Yugoslavian immigrants' lifestyle, Sweden, comparison with natives; 1974 "Swedish Level of Living Investigation" data analysis; N4986
home environment differences; family lifestyles, values; interviews; single mothers, communards, California; N0123
leisure/lifestyles; homosexual men; N2847
lesbian lifestyles, homosexual microculture/heterosexual macroculture; questionnaire; N4124
lifestyle changes, families, Lenkoran region, USSR; N2851
lifestyle changes; consumer behavior, personality, motivation; France; M7704
lifestyle correlates, personality, role concept, attitudes, influences, choices; questionnaires; middle-class college-educated married women, New York metropolitan area; M7429
lifestyle outlook, production/marketplace consumption activities, current crisis; M7705
lifestyle pages, daily newspapers, gatekeeping function; social/organizational context; survey; N1085
lifestyle studies, socialist societies; East Germany; N0747
lifestyle, France; concepts, methods, social prospectus; population survey data; since 1970; M7813
lifestyle, interdisciplinary study, Marxist approach; N0298
lifestyle, large cities, sociological research, theoretical/methodological problems; M9718
lifestyle, peasant children, Petrinje region, Croatia, Yugoslavia, 1940; M8015
lifestyle/social structure relationship, bourgeois vs socialist society, Polish patterns; N0890
lifestyles, well-being, stress; sleep patterns, urinary catecholamine excretion rate; M8389
living conditions/lifestyle, school-age children, German Democratic Republic, educational success; M9805
marital relationships, stress/lifestyle relation, missile launch officers; questionnaire; junior US Air Force officers' wives; N3393
marriage patterns, family composition, extramarital fertility; lifestyle change impact; 1970-1979 US Current Population Survey data; M8368
men's/women's career salience, dual-career families, high self-esteem/-confidence, job involvement correlations; educational preparation, premarriage family lifestyle planning; questionnaire; St. Louis, Missouri, couples; N4618
merchant seaman as social type, marginal lifestyle; interviews; N4581
qualitative data analysis, typologies, life types/histories; N0728
small-scale farming, lifestyle/consumption dimension; survey data; S15450
social activity indicators, urban vs rural youth lifestyles, USSR; M8448
undergraduates' career/lifestyle aspirations; questionnaire; S15796
voluntary childfree lifestyle, decision-making process; questionnaire; couples, New Zealand; M8495
work/lifestyle relationship, workers' daily life structure/consciousness formation; N0706
young Italian workers aspirations/cultural preferences/lifestyle; interviews; Turin factory workers; M9298
youth cultures/lifestyles; social-psychological/ethnological approaches integration; Birmingham Centre for Contemporary Cultural Studies; N5059

Likert, R.
comparative validity test, Likert/projective/forced-choice indices, achievement motivation; Australian males; N2114

Lima, Peru
Lima, Peru, Habsburg elite, social class/status, Baroque Castille, Spain, contrast; N1210

Lineage
lineage organizations theory, mathematical application to ethnographic analysis data, population measures derivation; N4173
lineage transmission, interpersonal competence, intimate relationships; questionnaires; undergraduates/their parents; N1674
Nuer, southern Sudan, Africa, E. E. Evans-Pritchard's "segmentary lineage system" depiction, Ladislav Holy's descent reinterpretation contested, definition around cattle; N4219
transition to adulthood, work/family lineages, highly educated men, panel study; N4603

Linear/Linearity/Linearal
frequency data, multivariate analysis, generalized linear models; N0516
linear models, maximum likelihood methods, spatial effect, spatial disturbance terms; M8892
linear panel models, equilibrium/identification; M8896
linear stochastic differential equation models, parameter estimations, panel data source; S15751
social network analysis, multivariate categorical data; linear models; US business organizations; N2144
spatially/geographically distributed data; linear/matrix models; N2139
specification errors detection, linear structural equation models, Netherlands survey example progressive/conservative attitudes; N2193
time-series/other sequential data analysis; nonlinear smoothing techniques; N2179

Lingualism
multilingualism extent/directions, influencing social factors, Maningrida case; interviews; Australian aborigines; N3049
multilingualism role, personal identity determination, Australian aborigines; N3041

multilingualism situation, Mauritius; census data; N1400
rural vs urban multilingualism, Tanzania, typology; survey; N1403
rural/urban multilingualism trends, Zambia; N1385
rural/urban multilingualism, south Indian case; interview questionnaire; residents; N1422

Linguistic/Linguistics
action theory, linguistics; transformational-generative models use; M7265
congenial fellowship, Pitjantjatjara, central Australia, linguistic features; N3058
cultural/linguistic pluralism attitudes, humanistic sociological approach; survey, parents of secondary school students, South Australia; M9822
deference/linguistic form association, sentence ranking; native English/Spanish speakers; M8102
doctor-patient conversation, linguistic problems analysis; audiotapes; N1854
educational success/failure, different social classes, language-thought relationship, cognitive development, psycholinguistic model vs Skinnerian/Soviet/Chomskyan views; N4726
ethnic/linguistic minorities, historical phenomenon, Canada; M7514
ethnomethodology/Chomskian linguistics relationship, common "deep structure"/generative grammar hypotheses; M7281
historical linguistics evolution, relation to sociolinguistics development; N1390
Jewish intralinguistics, field of study; N1374
Judezmo/Yiddish, major Jewish languages, comparative linguistic analysis; N1357
linguistic change, social dynamics, French/Alsatian dialect; interview questionnaire; rural Alsace, France; N1419
linguistic discourse, language translation, Emile Benveniste, semiotics, semantics; N1375
linguistic interpenetration/interaction, Spanish/Portuguese/*fronteiriço* languages; northern Uruguay; N1379
linguistic planning, Madagascar, relations reformulation, French/Malagasy languages; N1421
linguistic situation, dialect use, rural community, Occitan region, France; interviews, questionnaires, observation; inhabitants; N1395
linguistic topicalization, Jewish New Yorkers' speech; questionnaires; M8098
microanalyses, social structure, cognitive/linguistic models, sociology; N0718
Quebec nationalism/linguistic policy, Canadian elite/public opinion; 1977 interview surveys; N4386
socially realistic linguistics, Firthian tradition; N1383
sociolinguistics, US linguistic theory; N1362
speech community concept, linguistic/nonlinguistic criteria; N1365
Webster, Noah, linguistic innovations diffusion, political purposes; N3074
Whorfian hypothesis' validity, derivative disciplines; human communications; M8100
work processes, machines' functions, linguistic analysis; N4282

Linkage
corporate control/linkage/ownership; US Senate committee data; N4311
organizational linkages, inner group, capitalist class; M9366

Liquor
liquor industry growth, postprohibition Illinois, crime, interaction theory context; interviews; distillers/distributors/retailers; M8585

Listener
decoding visual dominance, power attributions, looking while speaking/listening, relative percentages; experiments; undergraduates; N2396

Literacy/Literate/Literates
adult education programs, Third World/developed countries, "functional literacy" concept influence; N4741
attitudes toward literacy programs; interviews; Kunibidji speakers, Northern Territory, Australia; N3063
literacy growth, India, 1961-1971; N1457

Literary
literary production/consumption modes, advanced industrial society; post-1930s analysis; N4705
literary utopias as ideology/late 19th-century increase, Edward Bellamy's *Looking Backward* case; S15812

interorganizational networks, industrial location case study; M9365
locational preference attainment; resources for social environment control, longitudinal study; low-income rural youth; S15290
public protest, location, central/local government targets; public opinion polls; Israel; N1158
residential location patterns, Kingston, Jamaica, metropolitan area, educational-occupational status; census/Land Valuation Office data; M9721
semiurban-to-urban evolution, Romanian locales, trends; N4679
volunteering roles, center-periphery continuum location, 1973 war; questionnaire data; Israeli civilians; M9452

Locke, John
Locke, John, property, political theory, questioning of image as modern liberal democratic ideas founder; N4477

Log-linear
categorical data modeling, Mark Evers's & N. Krishnan Namboodiri's hypothesis expanded, loglinear parameters fitting/interpreting; N2185
causal inference, loglinear models use, example; N3829
cross-classification with ordered categories analysis; loglinear models; N2148
loglinear analysis, Leo A. Goodman's goodness-of-fit measure; variation explanation; N3820
loglinear analysis, skeptical note, application to racial prejudice data, 1946-1963; S15847
loglinear models comparison, social mobility research, mobility matrix cells; N0527
loglinear multiplicative models, endogamy analysis; N2196

multivariate ordinal polytomous data analysis, loglinear probability model; N0504
nonhierarchical/nested log-linear models estimation, dichotomous variables approach, US soldiers data; M8897
personal space invasion, tabular experimental data, Bruce Harris's/James E. R. Luginbuhl's/Jill E. Fishbein's methods inadequacy, loglinear/logit models shown; M7090
religious participation factors, Otis Dudley Duncan's results reanalyzed, incomplete table, loglinear analysis; M8888
variables relations strength, loglinear analysis, interpretation; N2129

Logic/Logical/Logicians
Elster, Jon, *Logic and Society: Contradictions and Possible Worlds*, social theory, modern logic, implicit major issues; N0740
health concepts, lay logic analysis; interviews; residents aged 60+, Aberdeen, Scotland; N5171
Parsons, Talcott, early writings' logical structure; N3889
place of history, social science system, logical/historical dialectics; M8976
Popper, Karl R., situational logic, explicative model, logical reconstruction/critique; M8813
scientific discovery logic, invention, induction, L. Laudan, H. Simon; N1627
social formations logic, Louis Althusser's/Michel Foucault's/Claus Offe's/Jürgen Habermas's work synthesized; M7261

London, England
armed robbery, London, England; professional bank robbers; N3585
child sexual abuse, adult sequels, controlled study, lower-class girls, disorganized families, London, England; S15931
corruption, London (England) metropolitan police force; N3584
Cypriot immigrants' residential patterns, Greater London, England; questionnaire; N1335
death caused by social violence, Northern Ireland, reporting in *The Times* of London, England, 1969-1977; N4404
drug users/dealers, London, England; N3589

inner-city gentrification, London, England, social change/housing market organization; M8060
Jack the Ripper murders, London, England, male violence myth evolution; N0826
kinship/migration strategies, outward-moving vs static families; interviews; Londoners, England; N5009
longshoremen, Joint Docklands Action Group, community resource organization, industrial decline, furthering local interests, London, UK; M8791
mail questionnaire return rates/response completion; earnings inquiry, test; disabled students, London, England; N3795
personal space preferences, blind, sighted persons comparison; interviews, experiment; institutionalized/noninstitutionalized blind; Ontario, Canada; M7401
police cautioning, juveniles, London, England; M8623
professional criminal culture, London, England; gambling club context; N3004
professional fraud, London, England; artistic element vs profit; N3588
radical political attitudes, *New Society* readers; questionnaire survey; N2822
rural-urban migration patterns, regional variations factors, 19th-century London, England/Paris, France; N0029
shoplifting, London, England; professionals vs amateurs; N3586
social alienation, specificity; interviews; residents, New Haven, Connecticut/London, England; M9160
social justice/equality values, organized religion; interviews; greater New Haven, Connecticut/London, England; N3139

Loneliness
loneliness, Robert S. Weiss's social deprivation theory, application to Roman Catholic priests; questionnaire; M9645
newspaper lonelyhearts language, despair discourse, critical-semiotic; S15253

Longevity
child mortality/longevity, Third World countries; World Bank data; S15691

Longitudinal study/Longitudinal studies
aspirations, achievements, US; Wisconsin Longitudinal Study of Social & Psychological Factors, complex procedures described; M7450
educational attainment, US, 1950-1978; US Census data, longitudinal studies outcomes described; M8195
educational attainment; ascription/achievement socializing, school organization; "Explorations in Equality of Opportunity" survey; US high school sophomores, 1955-1970; M7904
longitudinal data files impact, women's roles research; S15837

Longshoremen
longshoremen, Joint Docklands Action Group, community resource organization, industrial decline, furthering local interests, London, UK; M8791
workers, employers' control, West Coast longshoremen; N0938

Lorence-curves
structuralism, systems definition; holism, self-organization; N4000
students' visual literacy, magazine advertisements depicting gender roles, sociology teaching context; N0541

Los Angeles, Calif.
adhesive sociocultural adaptation as alternative strategy of minority adaptation; interviews; Korean immigrants, Los Angeles, California; S15810
community response, uncertainty conditions; mass media communication, earthquake forecasting case; survey, interviews; residents, scientific personnel, Los Angeles County, California; M7752
community social class struggle, downtown Los Angeles, California; M8058
crime rates, Los Angeles, California, 1970; census tracts, different social/physical composition measurements, social rank, ethnicity; N3578
Jewish fellowships (*havurot*), synagogue-based groups characteristics; questionnaire survey; adult members, Los Angeles, California; M9881
Open Door Messianic Jewish Congregation, evangelical Christian doctrine, Los Angeles, California; N1483
rioting, sociological/social-psychological perspectives, 1981 Brixton/Toxteth, England/1965 Watts, Los Angeles, California, riots comparison; M9450
street vernacular, survival with dignity/ingenuity function; interviews, tape recordings; black teenagers, Los Angeles, California; M8101
success image validity, Asian Americans, Korean immigrants case study; interviews; Los Angeles, California; S15811

Louisiana
colonial Louisiana, Latin heritage, social/family patterns; church/civil records; N0112
ethnic survival under Anglo-American hegemony, Louisiana Cajuns; N4171
festivals/change/unity, ethnic identity celebration, Louisiana Cajuns; N4185
growth potential evaluation, small farms, performance criteria; interviews, questionnaire; farmers, Louisiana; S15212
immigrant ethnic community; demography, evolution, natural selection, gene flow; Hungarian Settlement, Louisiana; N3270
rural black leadership potentials, Louisiana communities; interview/questionnaire data; 1979-1981; community development training programs; S15403
social involvement/characteristics, beef vs broiler producers, rural Louisiana; S15207
technology adoption; Extension Service media; interviews; Louisiana residents; S15211

Louisville, Ky.
language content/consciousness styles relationship, P. Berger's-B. Berger's-H. Kellner's cognitive styles hypothesis tested; interviews; industrial workers, Louisville, Kentucky; N1408

Love
extramarital/marital love, earlier vs contemporary societies; N1704
satisfying love relationships; age/sex differences; Q-sort statement; married couples; M7443
violent intimacy, family as love relationships model; questionnaires; university students; N3656
women's love rituals, Australian aborigines; M9258
women, affective-material dependency/work relationship, love relations; M8721

Low income
agriculture, low-income nonmetropolitan southern US counties; purposive sample; S15463
attitudes toward working wives, longitudinal study; questionnaire; low-income youth; N5050
career plans; unpredicted/consequential life events, longitudinal study; interviews; low-income youth, their mothers; N0077
debt resistance practices, low income consumers; interviews; default debtors, Montreal, Canada; N0318
desired residential mobility, low-income ethnic community, Chinatown (San Francisco) case study; interviews; Chinese-American adults; N3275
diabetes as stigmatized condition; low-income clinic patients case, US; interviews; N1812
earnings, low-income country, sex differences, Costa Rican case; census data, 1963; N2934

elderly's economic status; low income problem; US Bureau Census data, 1940-1977; N0189
government services utilization, rural low-income residents, Alabama; S15222
helping politics, language use, political mobilization, low-income groups, sociolinguistic theories; N1424
kinship patterns, low-income urban households, survival strategies, Brazilian case studies; N0089
locational preference attainment; resources for social environment control, longitudinal study; low-income rural youth; S15290
low income; wife's labor force absence; interviews; Appalachian migrants, Cincinnati, Ohio; N0320
low-income US black families, family/friends supportive social network; interviews; women, Alachua County, Florida; N3371
southern state household survey, low-income/rural counties, sample design/multilevel objectives; S15234

Luck
Rotter, J., locus of control scale, measurements verification, "external control" pattern/"belief in luck" convergence; N2506

Luhmann, Niklas
Luhmann, Niklas, "meaning"/"system" concepts; German systematic sociology's theoretical matrixes; N3901
Luhmann, Niklas, *Power and Social Complexity,* social control/governability issues; M7302
Luhmann, Niklas, *Social Structure and Semantics* reviewed, functional/stratificational differentiation; N1922
Luhmann, Niklas, welfare state, functionalism, political theory, politics; N3972
sociological theory, project orientation crisis, Niklas Luhmann's systems theory vs Jürgen Habermas's symbolic mediation theory; N3947

Lukács, Georg
Lukács, Georg, *History and Class Consciousness,* law conception; M7312
Lukács, Georg, *Lived Thought,* autobiography, relation to whole opus; N3732
Marxism, Max Weber's aesthetic interpretation, relationship with Georg Lukács context, 1912-1914; N2254
politics, rationalization, capitalist state power structure critiqued, Max Weber/Georg Lukács; N2275

Lutheran/Lutherans
Norwegian immigrants, US public school merits vs Lutheran tradition; M9790

Lynching
black concentration/lynching, South, Blalock's power-threat hypothesis tested; N0841
black lynching, theoretical-historical approach; M9455

Machine/Machinery
"human-machine interaction," self-explicating artifacts problem; S15632
labor/capital/machinery relationship, modern information technology, Marxist perspectives; N4929
machinery/technological development nature; N4950
monopolization, automation, postmodern industrial capitalist production machinery; N5377
"new middle strata," France; Dominique Monjardet's & Georges Benguigui's study reviewed; machinery concept, industrial society; N4515
political machine, electoral base, deviant case, Memphis, Tennessee; M8086
power-driven machines, mechanical economy, energy model; N4960
work processes, machines' functions, linguistic analysis; N4282

Macrosociology/Macrosociological
income inequality, macrosociological correlates, Social Entropy Theory explication; S15484
ritual concept, Emile Durkheim's macrosociological analysis/Erving Goffman's microsociological analysis linked; N0719

Madagascar/Madagascan/Madagascans
linguistic planning, Madagascar, relations reformulation, French/Malagasy languages; N1421

Madrid, Spain
General Union of Workers, Madrid, Spain, 1930s, social legitimacy/influence, origin; N0949
Madrid, Spain, bureaucratic/capitalist-industrial capital emergence, 1887-1936, "populational modernism" schema; N1656
student movement, Madrid, Spain, Franco, characteristics/adversaries/objectives; N1055

Mafia
Ianni, F., *On Family Business: The Mafia of New York,* basic sociality, societal social model contrast; N0208
mafia concept, power/its use, influencing political conditions; M8597
Mafia, new entrepreneurial class, Pino Arlacchi's "The Mafia and Types of Society" critiqued; M8582

Magazine/Magazines
beverage alcohol advertising, magazine data, content analysis; N4408
communicating with elderly, public information dissemination strategies; television/magazine reach, national survey data; N3561
Hustler magazine, rhetorical/ideological/motives vocabulary changes, semiotic analysis; N1426
Italian Christian Democratic weekly magazine *La Discussione,* key words frequency analysis; M7757
magazine advertising, male sex roles, 1959-1979; Consciousness Scale for Media Sexism; M7452
magazine reading habits, English girls, interwar period; N2005
students' visual literacy, magazine advertisements depicting gender roles, sociology teaching context; N0541
The Gramophone, recorded music magazine, GB between World Wars, cultivated mind, survival; M9766

Maghreb
Arab speech, Jews, Maghreb, historical/sociolinguistic observations; N1360
liberal-inspired constitutions adoption, power concentration in chief of state, Maghreb countries, Algeria/Morocco/Tunisia; N2920
social integration/language policy, Maghreb; N1405

Magic/Magical/Magician
magic/space & time notions relationship, Romanian village; M9257
uncertainty/magic use, modern industrialized societies; questionnaires; US/Irish college students; N4186
witchcraft practice, "Franconian Switzerland," central West Germany, folk magic demise; participant observation; N4832

Magnitude/Magnitudes
category-rating/magnitude estimation scaling techniques, empirical comparison; geometric evaluation experiment, occupational prestige interviews; social science students; N3813
crime deterrence; punishment seriousness; magnitude estimates, factor analysis application, individual differences patterns; S15827

Mail/Mailed
item nonresponse, mail survey; branching; M8857
mail questionnaire return rates/response completion; earnings inquiry, test; disabled students, London, England; N3795
mail questionnaires return rate; cost/importance factors; experiment, questionnaire survey; Ohio residents; M7082
mail survey data falsification, USSR, *America Illustrated* magazine; comments; M7063
mail survey follow-up response rate increase, including second questionnaire copy; experiment; N2125
mail survey response rates; questionnaire topic/length, recipients' community; attitudinal questionnaires; large city/small town households; N2119
mail survey responses; perceived consensus, implied threat; questionnaire; psychologists, Maryland; N2091
mail survey, response characteristics, test, job attitudes/behavior survey; workers placed by employment services/their employers; N2124
mail surveys follow-ups, response estimation method, examples; N0484
mail surveys response, improvement methods; interviews; Soviet adults; N2111
mail surveys' external validity; multiwave mailings' effects; survey; Pennsylvania; S15371
mail surveys, response improvement techniques; N2096
mail surveys; material incentives effects, Netherlands; N0468
response rate, mail surveys/representativeness relationship, empirical investigation, Austria/West Germany/Norway; N0448
response rate, mail surveys; personalization treatments repetition/consistency; experiment; residents, Leyden, Netherlands; N2109
survey research, mail questionnaires, response inducement techniques; literature review; N3779

Maine
rural sociology research-government policy linkage, Maine; S15351

Maintenance
close friendship maintenance, handling obstacles/trouble; interviews; S15739
cultural collectivism operation, reward distribution, task/maintenance contributions impact; experiment; US/Chinese male undergraduates; N2380
labor supply/marital instability; wife's relative wages, Talcott Parsons's status competition vs V. K. Oppenheimer's status

maintenance model; National Longitudinal Surveys; women aged 30-44; N5083
language maintenance/shift; interviews, questionnaire; Spanyol-speaking male Sephardim, Jerusalem, Israel; N3046
minority group maintenance (Canadian Acadians); internal colonialism model, peripherality concept; operationalization problems; S15723
New England French Canadians' ethnic maintenance; historiographical essay; M7525
patient visits reasons, physicians' views, prepaid group practice; work conditions; questionnaire; health maintenance organization; N5145
workers' control, work organization, French/English maintenance, workers' case, mass production industry; M9301

Majority/Majorities
consensus perceptions accuracy, differential tendencies, people with majority/minority positions; questionnaire; undergraduates; N0765
creative problem solving as result of majority vs minority influence; experiment; male undergraduates; N0761
moral majority support correlations; interviews; Middletown residents; N4839
moral majority support; age; interviews; aged residents, Muncie, Indiana; S15284
"moral majority," sociological view; 1973-1980 General Social Surveys; M9575
opinion deviance reaction, majority evaluation; fence straddler's rationale; experiment; female college students; M7482
ordinal assessments aggregation method, majority decision rule; Japanese quality of life opinion survey application; M8887
plurality, majority voting, equilibrium/recurrence concepts; M9036

Maladjustment/Maladjusted
"unacceptable" families, Netherlands ca 1900; social maladjustment origins; N5122

Malayalam
"gay ghetto," male homosexual community, sociological construct validity; interviews, observation; N4131

Malaysia/Malaysian/Malaysians
age at first marriage, socioeconomic determinants; analytic causal model; 1974 World Fertility Survey data; Peninsular Malaysian females; N1755
Chinese immigration, plural society growth, peninsular Malaysia; M8352
completed family size; age at first birth, ethnic group, education work experience, number of marriages; interviews; married women, West Malaysia; N3248
females heading households, profile, peninsular Malaysia; N3673
lawyers' boycott, Malaysia, 1977; political dissent repression; M7995
marriage, divorce, Malaysia; statistical data, 1947-1977; N0022
social transformation consciousness, Bajau Laut, East Malaysia; M9284
socioeconomic concepts understanding; interview schedule; Malaysian Chinese schoolchildren; N5038
traditional food beliefs, critical life events, Peninsular Malaysia; interviews; women; N0906
traditional vs modern medicine, Malaysia; N0127

Male/Males
accommodative/exploitative behavior, males vs females, managers vs nonmanagers; W. Edgar Vinacke's strategy test; business firms employees, New York City; M8716
achievement/aspiration relationship, meaning/mediation factors, male/female patterns; survey; academic-career aspirants; N1255
age-/period-based dependent variables measurement, discrete archival data, cohort analysis model, white male educational attainment example; N2186
aged males' labor force participation; economic development, pension policies; cross-national/longitudinal approach; N4275
alienation/alcohol, drinking behavior; work, mastery, community; interviews; employed males; N1870
attitudes/driving behavior, A. W. Clark's social-role approach, Australian males, replication study, US males; N2487
autonomy as self-esteem source, male adolescents; S15835
basic norm violation, personal neutralization, self-concept; male cohort sample, sixth-/ninth-graders; N1554
black mobility, actual achievement, "new orthodoxy" analysis; census data; black males; M7937
causal explanation, male/female academic performance; sex-role biases; stories, Attitudes toward Women Scale; undergraduates; M8188
childhood gender deviance/homosexual orientation, males, educational attainment association; S15793
chivalry, sex roles, males opening door for females, reactions; experiment; N2562
cognitive integration mediating reactions, attack patterns; experiments; male Japanese university students; N2367
comparative validity test, Likert/projective/forced-choice indices, achievement motivation; Australian males; N2114
contraceptive intentions; sex-role preferences, male birth control pill adoption case; survey; husbands, Columbus, Ohio; S15301
court dispositions consistency, juvenile criminal justice system; statistical data; male juvenile offenders, New South Wales, Australia; M8270
crime fear/handgun ownership; General Social Surveys; adult males; N0198
decision making/age differences, homosexual male couples; questionnaire; Chicago, Illinois; N4129
education/earning/wealth, white vs black males; family background; interviews; fathers/sons, national sample; N1225
English Canadian novel, male hegemony perpetuation; N1376
family-life reproduction attitudes; interviews; male/female adolescents; N3405
federal bureaucracy; male vs female supervisors, R. M. Kanter's hypothesis tested; questionnaires; employees/supervisors; N1011
female career roles, male acceptance; videotape experiment; N2443
female invisibility, androcentric sociological theory; N2029
field research, male street prostitutes, methodological/ethical aspects, phenomenological study; interviews; S15549
futurist projections, humanistic scenario, women/men, equal voice; N2007
groups' racial composition, members' preferences; test, black/white male undergraduates; N2343
health risk, male vs female increase possibility; marital dissolution; S15608
heterosexuality, father image importance, male dominance; M7408
high status males, city-suburb competition, 1955-1969; age, size; N0275
homosexual males persecution, concentration camps, Nazi Germany; N4130
identity management, adolescent male prostitution, West Germany; N2589
institutionalized male transvestism, implications for male/female roles, Oman, Arabian peninsula; fieldwork; N4118
intellectual performance; birth order; questionnaires; male secondary school students, East Africa; N3276
intergenerational class mobility, English/French/Swedish adult males, convergence thesis; national sample surveys; N4526
Jack the Ripper murders, London, England, male violence myth evolution; N0826
Japanese women, male-dominant careers, cultural barriers/sex-role transcendence accommodations; interviews; N2465
Jewish/general white male population differences, US; National Jewish Population Study/census data; N0032
juveniles' labeling reaction; interviews; arrested white male youths; N0235
labor mobility patterns, dual economy, semiskilled/unskilled male workers case; National Longitudinal Survey; N2936
later work experience, full-time/part-time/unemployed male youth, comparative study; National Longitudinal Survey; N4285
liberalism/conservatism, F. N. Kerlinger's orthogonality hypothesis tested; male Australian army conscripts; N2507
magazine advertising, male sex roles, 1959-1979; Consciousness Scale for Media Sexism; M7452
male alcoholics, partner/marriage choice problems; N3545
male cross-gender identity, typology revision; questionnaire; N2410
male genital mutilation, psychocultural theory; N0085
male homosexuality theory/research, cross-cultural perspective; N4138
male homosexuals, F. Whitam's defeminization hypothesis tested/supported, adult psychological well-being; mailed questionnaire; N2584
male marathon/trail runners, similarities with anorexia nervosa patients; interviews; N1871
male prostitution/homosexuality regulation relationship, 19th-century/early 20th-century England; N4137
male social mobility; psychometric variation, fathers'/sons' intelligence quotients differences; interviews, tests; Otmoor, Oxfordshire, England; N2415
male strippers, recruitment/socialization/ideological development; interviews; N1249
male vs female college students' goals, traditional sex differences; questionnaire; undergraduates; N2417
male vs female physicians, 19th-century obstetrical therapeutics, professionalism, feminism, gender roles; N0364

male-female domination forms, scientific/academic fields, Switzerland; statistics; N2013
male-female sexuality, sex-role orientation/stereotypes; erotic materials arousal evaluations; undergraduates; N2412
male/female delinquency, sex differences, sex differences in family bonds; interviews; adolescents; N1909
male/female differences, sexuality/self-esteem relationship; questionnaire; college students; N2544
male/female interpersonal attraction; psychological androgyny/sex typing/sex-role ideology as predictors; Bem Sex Role Inventory; college students; N2493
male/female occupations; skill demands, earnings; census/statistical data; M7959
males/females as prospective employees, differential assessment; nonworking women; M8767
managerial values/success relationship, G. W. England's Personal Values Questionnaire; female/male managers; N3000
marital intercourse frequency; male/female age, US/Thailand/Belgium/Japan comparison; interviews, questionnaire; N3299
married men's migration, Mexico to US; fertility control, male domination (*machismo*); household survey; Michoacan state, Mexico; N5139
maximum security psychiatric institution release; demographic/clinical variables; hospital data; male patients/expatients, Ontario; M8297
"military mind," personality type encouraged, William H. Whyte's *The Organization Man*; M7624
military service, homosexual men/lesbians, comparison to heterosexuals; interviews; S15537
mobility aspirations, males vs females; national longitudinal study; black adolescents; M8421
motivated intermale aggression; erotica, excitation, hedonic valence; experiment; undergraduates; M9177
occupational mobility, Norwegian male cohorts, "movers" vs "stayers," stragtegy vs coincidence; interviews; N4624
parent/family perceptions, male inmates with/without drug abuse problems comparison; questionnaire; N0236
parental backgrounds comparison, cross-national replication; questionnaires; homosexual/heterosexual British males; M8455
patients' symptom disclosure, male/female physicians; perceived physician competence; questionnaire; university students; N4639
personality factors, random population sample; Eysenck Personality Questionnaire; English males/females; N2403
politeness usage, second language; control group comparison; role plays; Arab-/native English-speaking males, University Southern California; M8119
poststerilization sexual desire; masculinity/femininity, longitudinal study; questionnaires; vasectomized males; M8457
psychological adaptation; questionnaire; older homosexual males, southern Florida; N4125
public sociability, college-aged male homosexuals, gay bar/cruise block; M9186
racial discrimination explanations, intergroup attribution; group discussion; experiment; black/white working-class male adolescents, GB; M9136
reconviction rates/sentence type correlation, adult male offenders, England; M9928
riots, US cities, 1960s, personal uncertainty role; survey; black males; N0837
self-/body-image satisfaction; physical development, longitudinal study; interviews; early adolescent males; M8419
self-concept stability, late adolescence/adulthood transition; questionnaire; male college graduates; M7425
self-esteem, feminist/nonfeminist/male French Canadians comparison; Rosenberg Self-Esteem/Sex-Role Ideology Scales; N2475
sentencing decisions, variables' interaction importance, race/court variables case; male inmates, mid-Atlantic state; S15281
sexual functioning factors, longitudinal study; interviews; married males aged 60-79; M8572
small/very segregated occupations, male-female earnings inequality explanation, differing views; N4593
social recruitment stability/change, general/vocational schools, Norway; male cohorts data analyzed; N4770
social stratification analysis, replication studies problems, English/Welsh males surveys examination; N1214
socialization/family dynamics, sex differences; interviews; female/male heroin users; N2377
socioeconomic status/suicide rate relationship, males, Washington, 1950-1971; N2946
sociology of male homosexuality/lesbianism, introductory bibliography; N4132
status attainment process, Jewish males, Israel; community structure, national mobility data; M9592
suburban selection, black vs white upper-middle-class males; M9727
suicidal behavior, male/female rates differences, W. Breed's suicide syndrome components explanation; M7475
symptomatology differences, separated/divorced men vs women; material conditions, social networks; S15520
television viewing/cultural innovation orientation/motivation to succeed relationship; questionnaire, rural male youth, southern Italy; N0067
unemployment/underemployment, disparities among blacks/Hispanics/women/white males; population surveys; S15942
universal male dominance, ethnological illusion, Luapula, Zambia, example; M9241
violent crime, race differential hypotheses, social status vs other variables; black/white enlisted-grade male military prisoners, US Marine Corps; N2497
violent male hero role, unjust social systems legitimization, image/reality, Ronald Reagan administration; N0784
wage differences, Indian/white/black males; personal resources, minority group status; census data; N2610
wife-battering incidence, male psychiatric hospital patients, special treatment programs consideration; interviews; Veterans Administration Medical Center; N5334
women, male-dominated science hierarchy, scientific recognition extent; Finnish data; N1613
women, male-dominated vs female-dominated jobs, attitudes/background factors comparison; questionnaire; N2980
women, traditionally male sports/athletic participation responses; S15912
work experience/psychological involvement interrelations, "occupational socialization/selection" hypotheses; questionnaire; male college graduates; N0959
youthful alcoholism genesis, family sociology aspects; interviews; male alcoholics/nonalcoholics; N3467

Malevolence/Malevolent
limiting ideal-case models, behavioral sciences, perfect competition/benevolence/malevolence model examples; N3817

Malpractice/Malpractices
medical care rationalization, cultural lag evidence, malpractice crisis; interviews, questionnaire surveys; Texas physicians; M8532

Malta/Maltese
humoral medical tradition, birth, Malay society, confinement focus, cross-cultural perspective; Asian/Latin American fieldwork, questionnaire, interviews; women; N2642

Malthus, T. R./Malthusian
Malthus, Thomas R., population theories, 19th-/20th-century demographic controversies; N1664

Man/Men
abortion, men's role since US Supreme Court 1973 decriminalization decision, neglected ethical aspects; survey; male abortion experiences; N4894
aging men/women, changing behavior/outlook, individual/marital harmony; middle/later years; N3577
alcohol use, homosexual men; S15647
alcohol, drinking episodes, Finnish films, men/women relationship portrayal; M9436
block variables, multiequation models, subjective social class identification causes study; General Social Survey; men; N2191
career mobility, industrial sector factor reconsidered; National Longitudinal Survey of Older Men, Current Population Survey; N2984
change/stability, young men; Youth in Transition longitudinal study; policy implications; M7354
changing role patterns, men/women, parental desires, their children's study choice/household tasks involvement, longitudinal study; interviews; Belgian couples; N3428
culture, bridge between man & nature; M9034
culture/man/philosophy, integration/development problem; N4192
derivative deviance, victim-victimizer relationship, extortion/fag bashing/shakedown of gay men cases; questionnaires; homosexual men; N0830
drug use intentions; attitudes, current friends; interviews; males aged 20-30; N2462
economic depression, US, 1928/29; effects on men's lives; longitudinal study, Berkeley, California, cohort; M7384
economic segmentation/occupational career course; national longitudinal survey; older US men; N4636
effective population size estimates, man, Indian data; N4979

marital adjustment; marital decision-making satisfaction; questionnaire; Pennsylvania couples; N3469
marital adjustment; wives' employment, family life cycle, births; N0100
marital attitudes/behavior; social-class indices; national survey, interviews; adults; N1759
marital attitudes; family structure; questionnaire; adolescents, intact/reconstituted/single-parent families, Kansas; M8423
marital cohesion prediction, path model; interviews, questionnaire; purposive sample, husbands/wives; N5121
marital communication, group training programs compared; questionnaires; N5140
marital complaints, demographic characteristics, mental stress symptoms, divorce; N1752
marital conflict/satisfaction; control/blame attributions; interviews; wives; Amherst, Massachusetts; M8479
marital disruption increase; cohort, education; dynamic survey metric models, 1972-1980 General Social Surveys; N5131
marital disruption predictor, marital alternatives concept, longitudinal study; interviews; married, white, urban couples; M8502
marital disruption, black families; family life cycle/economic well-being; Michigan Panel Study of Income Dynamics data; N0103
marital dissolution magnitude, India; rural-urban, regional, age differences; 1961 census data; N4999
marital gift-giving patterns, pastoral Nilotes, southern Sudan; fieldwork; N2630
marital happiness/disruption relationship, marital alternatives level; interviews; white urban couples; N1792
marital interaction measurement, applied approach; S15332
marital interaction, structural exchange theory; M8480
marital intercourse frequency; male/female age, US/Thailand/Belgium/Japan comparison; interviews, questionnaire; N3299
marital partners, social comparison/competition; mental flexibility test; husbands, wives; N1777
marital power/task allocation, wives-husbands reports

discrepancies; random measurement error; interviews; married couples; M8486
marital problems, coping efforts effectiveness measurement; panel study, interviews; adults, Chicago, Illinois; N3438
marital prognostication rituals, rural Italian peasant women; masculine courtship rituals; M8463
marital quality measures as dependent variables; Graham Spanier's Dyadic Adjustment Partner Communication Scale; couples; N1765
marital quality, power processes, black married couples; interviews; urban North Carolina; N1732
marital quality; sex-role congruency; interviews; military couples; N1710
marital rape immunity attitudes, demographic variations; mailed questionnaires; Texas residents; N1744
marital relations, stress coping/enhancement; marriage encounter programs; questionnaire; couples; N5069
marital relationship, equity evaluation, alternative approach; N5127
marital relationships, stress/lifestyle relation, missile launch officers; questionnaire; junior US Air Force officers' wives; N3393
marital satisfaction bases, men/women; sex differences; interviews; married Canadian adults; M8490
marital satisfaction, change desires; Locke-Wallace Marital Adjustment Test, Areas of Change Questionnaire; married/cohabiting couples; N1790
marital satisfaction; social variables, increased divorce rate, N. D. Glenn's/C. N. Weaver's study tested, methodology; national sample data; N1723
marital stability; effects on children, early vs late marriage; US Census data, 1960, 1970; M8462
marital status, happiness, anomie; M8496
marital stress/family transition relationship; interviews; Chicago, Illinois, adults; N3437
marital timing/divorce, psychological patterns; M8491
marital-nonmarital fertility comparisons, new childbearing dispersion index; multinational data; M8349
marital/dyadic adjustment scale critically evaluated, new test sample; N1781
marital/dyadic adjustment; Graham B. Spanier's scale evaluated; N1778
marriage & family literature impact, bibliometric citation analysis, journal articles; N1707
marriage evolution, Spain, determinants, European model nonutilization, consequences; N0092
marriage formality, market model, theoretical predictions; Guatemalan Ladino villages; N0102
marriage intimacies/social life civilities, Richard Steele's ethic, 18th century; N1391
marriage patterns, family composition, extramarital fertility; lifestyle change impact; 1970-1979 US Current Population Survey data; M8368
marriage practices, Ahoms, rural/urban villages, Assam, India; N4196
marriage prestations, Zambezi Goba, Gwembe Valley, Sub-Saharan Africa, Elizabeth Colson's/Thayer Scudder's criticism of Chet S. Lancaster's account, comment; M7545
marriage quality, U. G. & E. B. Foa's interpersonal resource exchange theory; questionnaire; husband-wife couples; N5123
marriage rates decline, premarital/nonmarital cohabitation increase, UK; N1715
marriage stability, USSR, quantitative characteristics; N5102
marriage stability/change, transition to parenthood period; joint interviews, questionnaires, observation; couples; N5070
marriage system, Pende tribes, Zaire, basic kinship structure, mathematical model, reply, rejoinder; N0877
marriage termination, its acceptance, social exchange theory; interviews; separated persons; N1788
marriage transaction, bridewealth/bride's role, Tombema-Enga, New Guinea highlands; N2632
marriage, 19th-century Canada; census data; N0098
marriage, affiliation/independence issues; Locke-Wallace Marital Adjustment Scale, Edwards Personal Preference Schedule; distressed/nondistressed couples; N5085
marriage, divorce, Malaysia; statistical data, 1947-1977; N0022
marriage, early years, sexuality salience; interviews; N3410
marriage, prior cohabitation's effects; interviews; newlywed college students; N0114
marriage, Roman Catholic/French Protestant religions models, present-day relevance, community vs societal values; longitudinal interviews; Geneva, Switzerland; N1712
marriage/career plans, related factors; Personality Research Form; unmarried female undergraduates; N3693
marriage/family relations law, Serbia, Yugoslavia, ideological/political/sociological principles; M8481
marriage/family textbooks; sex content preferences; questionnaire; university teachers; M8489
marriage/family, wealth levels, Austria/West Germany, cross-national comparison; interviews, survey; random population samples; N1737
marriage/wife's work experience, later changes; spouses' relative occupational attainments; National Longitudinal Surveys; women aged 30-44; N1770
married men's migration, Mexico to US; fertility control, male domination (*machismo*); household survey; Michoacan state, Mexico; N5139
marrieds' lower depression rates; stressful experiences, role strains, coping resources; interview probability sample; Chicago, Illinois, adults; M9141
measuring marital instability; Marital Instability Index, interviews; national sample; N3381
models with multicollinearity analysis, family studies research, ridge regression technique, application to marital satisfaction example; N0505
monogamous/indissoluble marriage model, Western society, origins dispute; N1705
mother-teenage daughter relationship; mother's marital history; interviews; black/white mothers/daughters; N1726
parents' marital happiness; children's impact; US national surveys; N1730
perceived marital quality, family life-cycle categories, further analysis; N1703
postgraduate career/marriage/fertility synchronization; N5337
power sources/usage, Swahili marital relationships; M7549
predicting marital/career success, dual-worker couples, gender identities; N1739
preferred traditional/egalitarian marriage predictors; interviews; university students; N5099
premarital cohabitation vs traditional courtship, effects on subsequent marital adjustment; questionnaire, Graham B. Spanier's Dyadic Adjustment Scale; couples; N3476
professional women's marital adjustment/career relationship; spouse/family support; G. B. Spanier's Dyadic Adjustment Scale, questionnaires; M8731
professional women, egalitarian marital relationships; questionnaire; faculty women, Northwestern University; M8772
Protestant fundamentalism/marital success, comparative approach; S15765
reentry women, higher education, marital/mothering roles; interviews; S15857
scale item evaluation, couple data; marital violence case, Murray A. Straus's Conflict Tactics Scale example; N3798
scientific careers structures/female scientists, marriage/family/research productivity compatibility; interviews; S15769
self-assignment to social class; sex, marital status, 1975 General Social Survey; N3394
self; marriage, marital partner's impact; symbolic-interactionist analysis; S15732
singleness models, atypical marital status management; N2454
socially heterogeneous marriage dynamics, urban populations, USSR; N3458
spousal interaction determinants, marital structure vs happiness; nationwide interview sample; married men/women; N5138
studying marriages/families, major methods reviewed; N1763
textbook selection techinques, marriage/family courses; S15273
tours of duty/marital adjustment factors; questionnaire; warrant officers; N3395
transition to marriage; family stability/nest-leaving patterns; National Longitudinal Study; young women; S15813
trial marriage trials/tribulations; N3372
unmarried cohabitation as marriage form; interviews; Gävle, Sweden; N1758
voluntary childless marriages, marriage types/implications for relationships; interviews; childless husbands/wives; N5068
wife abuse; wife's marital dependency; interviews; adults; N1747
women who experienced marital stress, career characteristics, Japanese public shelter; N5098
work/marriage, changing attitudes; questionnaire; Turkish university students; N2001

Married

behavior/temperament/perceived temperament/idealization comparison, married couples who had/had not cohabited; questionnaire, Taylor-Johnson Temperament Analysis; N3434
conjugal exchange, normative ambiguities, equity norm problem,

longitudinal study; interviews; young married Swiss, Geneva; M8474
depression, married people, sex differences; interviews, adults; N5176
economic activity; cultural change; 1961/1970/71 survey data; married women, differing ethnicity, Israel; N0104

state, capitalist society, Marxist theory, scientific-theoretical analysis, recent Norwegian work; N5381
structuralism, France, positivism, Marxism, Louis Althusser, Roland Barthes, Michel Foucault, Claude Lévi-Strauss; N2278
subjectivity, social theory/research, structural-functionalist/Marxist approaches critiqued, phenomenology; M7182
technocratic estate, postindustrial society, futuristic interpretations, Marxian political economics prediction; N2958
Third Congress of Marxist-Leninist Sociology, German Democratic Republic, 1980, social structure, socialism, social development, progress; M8936
university's function, bourgeois society, ideological weapon production, Marxist perspective; M9804
urban fiscal crisis, Marxist state theories context; M7291
urban/regional sociology, advanced industrial societies, Marxist/critical perspectives; N1337
urbanization, Marxist analyses; N0385
Weber, Max, non-Marxist sociology influence, "sociology of development"; M8973
Weber, Max, work, fundamental contradictions, "bourgeois" version of Marxism; N2217
welfare state expansion, capitalism, economic crisis, free market ideology, Marxist political economy; M7852
women's subordination/inequality, socialist movement's solution, classical Marxist theoretical obstacles, traditional sex-role division perpetuation; N3714
women, socialist-feminist theory, Marxism; M8765
work alienation/labor expropriation under capitalism, Karl Marx's concept reviewed, criticized; N0679
working class, definition, Karl Marx's "functional" concept; M9600
working-class consciousness, Marxist propositions refuted, Chile 1970-1973, Germany 1918-1920; M7929

Maryland
recreational resource substitutability, activity restrictions; Maryland boaters; S15373

Masculine/Masculinity
delinquency; "masculinity hypothesis"; questionnaires; university students; N0071
feminine/masculine stereotyping, French-language comic strips, child/adolescent audience; N0780
juvenile delinquency/masculinity relationship; questionnaires, southeastern US junior & senior high school students; M9159
masculine homosexuality, social attitude changes, US/German studies, sexual identity/ghettoization aspects; N1698
"masculine" instrumentality/"feminine" expressivity traits, US/West German comparison, psychometric properties; J. T. Spence's-R. L. Helmreich's Extended Personal Attributes Questionnaire; high school/college students; N2517
men/women, changing conceptions, psychological perspective, masculine-feminine attributes/behaviors; M9171
poststerilization sexual desire; masculinity/femininity, longitudinal study; questionnaires; vasectomized males; M8457
sex as imprecise research variable, masculinity-femininity concept replacement; questionnaires, undergraduates; delinquency prediction case; M9109

Mass media
adolescent feedback to mass media, elite-/masses-related circulations hypothesis; N4409
collective consciousness development, women/blacks/elderly; mass media; S15553
community response, uncertainty conditions; mass media communication, earthquake forecasting case; survey, interviews; residents, scientific personnel, Los Angeles County, California; M7752
crime perceptions; mass media, issues reanalysis; interview questionnaire; Alberta adults; N1112
feminism/mass media, case study, Marilyn French's *The Women's Room*, novel vs television film presentation; N3679
information obtainment, USSR, mass media, public communication; M7759
Latin American mass media, ideological content, US/capitalist interests; M7741
mass media communication, social role; N4394
mass media communication, third-person effect; N1084
mass media coverage, Yugoslav agricultural/rural life problems; M8033
mass media reporting, Twenty-First German Sociology Conference, Bamberg, West Germany, 1982, image defense; N2857
mass media sources, scientific credibility, marijuana controversy reporting; M7761
mass media suitability, Christian evangelization, Japanese case; survey; M9880
mass media, GB, 1970s, Catholic viewpoint; M9434
mass media, socialist countries, subject/effect/research problems; N2830
personal experiences documents, popular literature/mass media market; N0266
self-managed mass media model, Yugoslavia; M7755
sociology education; mass media products/processes use; N0572
teaching sociology, student mass media projects, content/context analysis combination; N0563
US homicides; mass media violence, heavyweight championship prizefights case; N5225
violence, mass media, behavioral impact, laboratory/nonlaboratory investigations evidence review; M9441

Mass/Masses
Adorno, Theodor W., Leo Lowenthal, US mass culture critique; N4424
anti-inflation program, government reasoning; social scientists' mass psychology knowledge; M7841
anticolonialism, mass reaction, 1938 Jamaican disturbances; M9413
Bell, Daniel, ideology demise concept, invalidity, distinction between ideology role for masses/elite; S15861
cultural mass processes/needs, German Democratic Republic, sociological analysis; M9486
ethos/pathos/logos, original Aristotelian formulation, interpretive distortion, operation in mass persuasive communication; N4398
law, collective use, mass litigation, IG-metal union vs lockout, West Germany, 1978; N4286
leisure pedagogy, mass culture access, society's increasing stratification; N4418
mass communication diffusion, societal information system, Yugoslavia; M7733
mass communication, technological challenge, preface, Italian version, MacBride report (*Communication and Society Today and Tomorrow*); N4407
mass communications, complex society, further research hypotheses; N4400
mass communications, Harold Lasswell's concepts; M7764
mass murder mystique, single-victim homicides comparison; interviews; S15565
mass organization/national unity relationship, Sweden/Finland; N4412
mass prisoner disturbances, prison/prisoner population structure, popular illusions, control structures; S15604
mass psychogenic illness, organizations, overview; N4306
mass suicide, Jonestown, Guyana, 1978, apocalypse-related explanation; M8214
mass transportation, Chicago, Illinois-Frankfurt/Main, West Germany comparison; longitudinal data; M9741
mass transportation, human experience; participant observation, interviews; alternative design leaders; S15530
mass vs elite foreign policy opinions, 1974-1978; interviews; random national sample; N1072
militancy, Kerr's/Siegel's isolated mass hypothesis, textile workers/coal miners cases; S15338
partisanship/mass attitudes structure, Spain/Italy comparison; survey, interviews; electorates; M9558
stratification/mass society, values question; M9583
US antinuclear power movement evolution, elite quarrel-mass movement transition; N2814

Massachusetts
alcoholism/criminality relationship, confounding/differentiating factors; 1975 follow-up data, 1942 youth treatment program; Massachusetts; N5223
community-based treatment/youth, community-group care relations strain, case study, Massachusetts; S15937
ethnicity, socioeconomic exploitation, western Massachusetts tobacco farm; M9289

prison abolishment attempt, juvenile reform schools abolition, Massachusetts, January 1972/subsequent developments, relevancy for West German legislation; N4908

Massacre/Massacres
massacre, outcaste laborers, Deoli, western Uttar Pradesh, India, 1981, account/analysis; N0865

Masturbation/Masturbating
attitudes toward masturbation/virginity; photograph selection experiment; college students; N4053

Match/Matching/Matched/Matchmaking
local exchange imbalance explanation, social matching over multiple reinforcement domains; M7258
newspaper advertisements as matchmaking services, impact on local marriage brokers, Sri Lanka; N2829
probability matching behavior, association, rational choice; N3812
social exchange involving choice between alternatives, bias, matching law approach; experiment; undergraduates; M7349

Mate/Mates/Mating/Matings
changing pattern, mate selection, Japan; questionnaire; engaged couples; N3344
dower (*mahriyeh*), mate selection tradition, Iran; N3459
mating systems ecology, hypergynous dowry societies; M7532
psychoanalytic theory, mate selection; N3420

Material/Materials
mail surveys; material incentives effects, Netherlands; N0468
symptomatology differences, separated/divorced men vs women; material conditions, social networks; S15520

Materialism/Materialistic
anthropology, cultural evolution, mechanical materialism factor, protein myth fiasco; M9244
Bandyopadhyay, Pradeep, neo-Ricardian economics research, historical materialism differentiation, reply; N0406
Benjamin, Walter, experience, materialist theory, significance for modern Marxism; M7318
Cohen, G. A., *Karl Marx's Theory of History: A Defence*, historical materialism as functional explanations set, applicability to social science argument challenged; N3735
epistemological foundations, cultural materialism, Marvin Harris's work; N0398
Habermas, Jürgen, communicative action, sociocultural evolution, worldviews, universal pragmatics, historical materialism; N0680
Habermas, Jürgen, historical materialism reconstruction program, addressing critical theory weaknesses; N2303
historical materialism categories defined, "object," "subject," "objective conditions," "subjective factor"; N0383
historical materialism, 1980s, topical problems/development prospects, Soviet philosophers discussion; N5384
historical materialism, Czechoslovakia, topical tasks, collegium session report; N5400
Marxism/existential-phenomenological sociology relation, J. Margolis's nonreductive materialism defense, Martin Heidegger's *Being and Time*; N2081
mind, materialist theories, sociobiology; M8829
persons/explanation theories, science unity concept model, materialism; M8824
structural functionalism/historical materialism as social theory opposites, view questioned; N3915

Materialists
postmaterialist values/subjective satisfaction, Ronald Inglehart's hypotheses tested; interviews; eight European countries; N4077

Maternal/Maternity
abortion/maternal morality, 1968/1978 study comparison; interviews; French women; N1814
anxiety/sex differences, self-descriptions; maternal employment; questionnaire; college students; N4070
childrearing, one- vs two-parent families; marital status, maternal satisfaction; interviews; employed mothers; N3390
development, ten-year-old children; maternal employment; Canadian francophone families, Montreal; N0099
maternal behavior, infant development; breast feeding/culture reciprocal impact, Japan/US comparison; N3298
maternal employment perceptions; questionnaire; Canadian children; N1791
maternal-child behaviors, dependency producing task; children's locus of control orientation; experiment, Nowicki-Strickland locus of control scale; second-graders, Atlanta, Georgia; M8406
sons'/daughters' attitudes toward women in labor force, maternal effects; 1977 General Social Survey interview data; N0813

Mathematician/Mathematicians
sociology of mathematics, Ludwig Wittgenstein's language games framework; N5266

Mathematics/Mathematical
academic status attainment patterns; scientific consensus; probability samples; US graduate physics/chemistry/biology/mathematics/political science faculty; M9622
advertising campaigns as arms races, mathematical model test; N4365
mathematics, historical development sociologically understood, number systems; N3612
reading/mathematics achievement gains; classroom composition; longitudinal study; third-grade students; N4740
society/mathematics relationship, social structure, mathematical description; M7041
sociological data, mathematical analysis, determinational method; M7012
sociological theorizing, mathematical modeling; resource distribution, self-interest motivation; S15702
sociology of mathematics, sociology of knowledge limits; N1927
sociology of science, conflict vs idealist/functionalist models, mathematics, major scandals/controversies; N3206
structural theory, mathematics, Zapotec, Mexico, rituals/myths/lore; interviews, participant observation; comments, reply; N4202
undergraduate sociology curriculum, mathematics/statistics additions, career consequences for majors; survey; sociology graduates, U of Iowa; N3843

Matriarch/Matriarchy/Matriarchial
Fluehr-Lobban, Carolyn, "A Marxist Reappraisal of the Matriarchate," comments; N5399
Fluehr-Lobban, Carolyn, "A Marxist Reappraisal of the Matriarchate," comments, reply; N5401
matriarchate, Marxist reappraisal; comments, reply; N4176

Matrilineal/Matrilineality
matrilineal spirit cults, northern Thailand; M9236

Matrilocal
matrilocal social organization, Makiritare tribe, Venezuela, women's enculturation; N2635

Matrimony/Matrimonial
matrimonial property law development, Australia; women's changing status, historical perspective; M8260

Matrix/Matrices
clustering on main diagonal; mobility matrices; N2169
correlation matrices, small samples, ill-conditioning detection; S15801
design matrix strategy, categorical data analysis, self-esteem examples, religion/paternal education issues; N2184
loglinear models comparison, social mobility research, mobility matrix cells; N0527
sociology of modern individual, Immanuel Kant's/Emile Durkheim's individual-state-society matrix conceptions compared; N3944
spatially/geographically distributed data; linear/matrix models; N2139
square matrices analysis, scientometric transactions; M8884
transitions, population analysis; multidimensional tables, matrix notation; N2154

Mature/Maturation/Maturity
Christian education goals, youth, moral maturity ranking, conventional morality component; response; M8185
mature US women's career patterns; familial investments-resources, human capital investments; national probability sample; N1243
scientific discipline, professional communication formulas-theoretical/methodological "maturity" relationship, "precautionary idioms" utilization focus, pilot inquiry, Italy; N4914

Mauritius
diversity acceptance/polyethnic society, medical pluralism maintenance, Mauritius; interviews; household members; N3524
multilingualism situation, Mauritius; census data; N1400

Maya/Mayan/Mayans
ancient Mayan civilization, population growth, social structural consequences; archaeological data; Mexico; N3247
family lives, northern/southern Lacandon Mayas, Chiapas, Mexico, comparative study; fieldwork; N5074

Mead, George Herbert
delinquency prevention via youth development, theoretical foundations, George Herbert Mead's social behaviorism; S15628
Mead, George Herbert, social behaviorism, modern behaviorism similarities; M8954
Mead, George Herbert, social reality theory, convergence with praxis-focused Marxism, "contradictory praxis" concept; N2246
Mead, George Herbert, theory of past, sociological import, community power relations analysis; N2243
Mead, George Herbert, time/action connection, sociality; M9032

Mead, George Herbert/Talcott Parsons/Erving Goffman, work overview; biographical data; M8951
self genesis, George Herbert Mead's 'I-me' distinction; M7473
social behaviorism vs symbolic interactionism controversy, objective-subjective sociology dichotomy, criticisms of Herbert Blumer's interpretation of George Herbert Mead; S15339
sociology, current theoretical strategies critiqued, Auguste Comte's "social physics," George Herbert Mead; M7311

Mean/Means
"regression to the mean," methodology; N3803

Meaning/Meanings/Meaningful
action theory, autopoietic systems, communicative system, meaning; N0716
Armenian immigrant adaptation components, shared meaning/choice, Washington, DC; N4160
Burke, Kenneth, knowledge/meaning distinction, social inequality, interpretative frames; M7147
communication/meaning distinction, European folk costumes; N0895
development as meaning restoration, First World countries, rationalization process consequences; N4354
empirical science, measurement, ratio scalability theory, meaningfulness; M8882
group membership role, place meanings, urban neighborhood, Lubavitch Hasidic sect case, Brooklyn, New York; N3033
invisible religion belief, meaning systems, contemporary Canada; national survey, questionnaire; N4790
Luhmann, Niklas, "meaning"/"system" concepts; German systematic sociology's theoretical matrixes; N3901
meaning context/signs nature, symbolic interactionists' "situation" process vs structuralists' "structure" level; M8991
meaning of theory/theory of meaning, sociology; N2280
meaning, self-management; rationality, success manuals formulas, 1950-1980; N0773
meaning-behavior relationship, sexual domain, sociolinguistics; questionnaires; college students; M8118
meaning/belonging, new social movement organization, Northeast Georgia Campaign for a Nuclear Weapons Freeze; survey, questionnaire; members; S15545
mental illness in family, psychological meaning to husbands/wives; S15885
nonverbal behavior meaning, analysis level as determinant; experiment; undergraduates; M7353
personal names meaning/use, Bimanese, Indonesia; N3043
rational choice varieties, voting/party competitions explanations, different meanings; N4445
science progress, trivialization process, knowledge's relevance; N5267
seating arrangement/social influence relationship, moderation by reinforcement meaning/internal-external control locus; J. B. Rotter's Internal-External Scale; female undergraduates; M7346
social class, subjective meanings; interviews; Torontonians; M7918
sociological research, social historical explanations; meaningful selection vs randomness; N3753
unemployment, social meaning; interviews; unemployed workers; S15276
victimization research, meaning structures importance, unintended consequences; N1087
work experience, subjective/symbolic meanings, women in labor market; N2680
work meaning/dissatisfaction, clinical approach; N0971

Measure/Measures/Measuring/Measurement
association measures, multiple regression models with ordinal predictor variables, application to natural gas consumption-home construction/climate satisfaction data; N2192
behavioral/social sciences, basic research output measures; N0299
Blau, Judith R./Peter M. Blau, metropolitan structure/violent crime relationship, crime rates measures' reliability; N3580
Bollen, Kenneth A./Kenney H. Barb, continuous variables, rank order/category measures distinction failure, reply; N2164
causal impact calculation, nonlinear/nonadditive models; N2175
central tendency measurement, quantitative coefficients; population data, US cities; N2147
children's social competence/academic achievement measures relationship; sociometric instruments, observation; third graders; N5024
commitment measurement via community surveys, behavior intentions technique; questionnaire; Florida adults; M7064
communications systems' health, measurement scheme; N5411
community social climate measurement; environments ratings; college students; M9722
computer-aided content analysis, measurement models; N0491
consumer confidence measures, high quality public opinion results; N1053
crime measurement, official reports vs citizen-defined victimization, statistical evaluation; M8583
crime rates, Los Angeles, California, 1970; census tracts, different social/physical composition measurements, social rank, ethnicity; N3578
cross-national survey research, measurement comparability assessment, authoritarian conservatism, US/Poland; questionnaire; N2483
dependency rates, life-cycle perspectives, theoretical considerations/alternative measures; N5136
depression measurement; interview method; Center for Epidemiologic Studies-Depression Scale; Los Angeles, California; M7047
development measurement/analysis, social indicators method, socialist/communist societies; N0295
deviance, adolescent smoking, self-report validity, bogus pipeline condition; questionnaire, biochemical measure, randomized response instrument; Ohio seventh-twelfth graders; N3772
duration measurement solution, Mursi, lower Omo valley, southwestern Ethiopia, relevance to other time-reckoning systems, comments, reply; N4218
dynamically interdependent qualitative variables measures; continuous-time discrete-state Markov model; N2178
empirical science, measurement, ratio scalability theory, meaningfulness; M8882
environmental concern, measurement differences; questionnaires; Washington state residents; N0313
family sociology, couple childbearing expectations measurement; questionnaire survey; white married couples, Seattle, Washington; K. G. Jöreskog's maximum-likelihood methods; N1789
house effects/survey measurements reproducibility test, 1980 General Social Survey/American National Election Study comparison; M7079
inequality measurement, geometric/arithmetic mean ratio; M8878
inequality measures, application to interval scales, regression analysis; N0495
interest measurement, sex differences; Brook Reaction Test of Interests; Israeli adolescents/adults; N5045
intervention effects measurement, single-subject methodologies; N0419
left-/right-wing attitude measurement; question design/interview schedules/response sets effects; Canadian national election surveys; N3790
littering as unobtrusive attitude measure; experiments; N2388
macro-organizational structure, Aston psychometrically based measures utilization problems, UK electrical engineering companies; M9346
marginal utility measurement, introspective cardinality method, psychophysics; M8806
marital adjustment/conventionalization, measurement contamination; questionnaire; married individuals; M8470
marital power/task allocation, wives-husbands reports discrepancies; random measurement error; interviews; married couples; M8486
marital quality measures as dependent variables; Graham Spanier's Dyadic Adjustment Partner Communication Scale; couples; N1765
"measurement" term/scales, social scientific abuses; M7068
measuring marital instability; Marital Instability Index, interviews; national sample; N3381
modernity study relative to psychometric measures of motives/values/childrearing attitudes/vocational choices; questionnaire; students; N4109
multiple authorship, scientific productivity measure adjustments, comment, reply; M9973
nonbehavioral therapists, clinical measurement package, scales; N0414
nonconventional religious beliefs structure/measurement; H. G. Law's Inventory of Personal Beliefs, C. Morris's Ways to Live; M8207
ordinal measures, multiple indicator models, categorization error problems, simulation study; N2153
play structure measurement, cross-cultural considerations; "A Play Box" experimental design; Iranian, Turkish children; N2382
poverty measurement politics, elderly; M8699
problem-solving groups, task-oriented conflict measurement; observational data; N5418
professorial publications output, English departments, West Germany, Thomas Finkenstaedt's & Marlene Fries's research measurement procedures; N3233

proximity measurement, human organization, computer program usefulness; questionnaire, interviews; naval training center, California; M7423
race comparisons, locus of control, concept being measured; Rotter Internal-External scale; blacks, whites; N3788
racial segregation, distance-based index, algebraic index of dissimilarity; Philadelphia, Pennsylvania, census data, 1950/1960/1970; N2606
relative population dispersion, comparison measures problems, normalization procedure; N0513
research systems, countries' independence degree measurement; French bibliographic database data; M9963
self-concept, measurement requirements, interactionist perspective; M7370
self-stability measurement, methodology; M9114
social development, basic measurement methods; M8881
social groups segregation, existing measures critiqued, spatial relationships incorporation statistic; N3035
social homogamy measurement, normed index, Kayan marriages data application, central Borneo; M7533
social interaction measurement, urban elderly, methodological synthesis; M8580
social role-taking, constructs/measures/measurement properties review; M9042
social welfare measurement/indicators; N0294
social welfare, inequality; measures assessed; N2168
social well-being measurement, objective/subjective indicators, European Economic Community nations application; M8678
socioeconomic status measures, psychological research, alternatives/recommendations; N3810
sociology, measurement reliability/consistency verification, conceptualization/interpretation redirected emphasis; M8968
survey measurement, political participation, selective effects of recall, petition signing; questionnaire; signatories, residents, Idaho; M9548
survey response error measurement; confirmatory factor analysis method; N2182
systematic observation as measurement strategy, unique/self-imposed limitations problems; N3792
urbanization, current concepts'/empirical measures' adequacy; economic growth/urban saturation relationship; N4691
validity measurement, random error independence formula, Soviet sociological literature; N3815

Mechanic/Mechanics/Mechanical/Mechanize/Mechanization
anthropology, cultural evolution, mechanical materialism factor, protein myth fiasco; M9244
mapping police organizational change, mechanistic/organic model transition, team policing example; N0714
power-driven machines, mechanical economy, energy model; N4960

Mechanism/Mechanisms
defense mechanisms, behavioral economic approach, Sigmund Freud's motivational conflict theory reanalyzed; N0769
Japanese cultural identification, defense mechanisms; M9144
"rurbanization," social mechanisms, South Luxembourg, Belgium; N1317
social control mechanisms mutation, abortion question history, post-19th-century France; N1813

Media/Medium
agenda setting/public interest group leaders, policymakers, public policy; media; experiment, survey; N1083
candidate/party saliency; campaign media expenditures; M9569
civil media hegemony, state influence, Austria, inequality reproduction, 1970-1980; M7843
communication process, media's role; general analytic schema; N1093
electronic media, social relations, critical theory; M7751
graphics as newspapers' social role, US/Japanese media; M7734
media education development/situation, West/East Germany, Switzerland, Austria; M9433
media effects, power balance, entrenched interests reinforcement; M7748
media effects, research results integration, productive dialogue, anthropological framework, television viewer case; M9438
media politics, radio cooperatives' antiestablishment programming, Canada; M7760
media studies, methodology, technical problems evasion, reply to Graham Murdock/N. McKeganey/B. Smith; N2840
opinion poll response, individuation methods, merit/medium figure adoption; N2117
politicization; news media, 1969/1975 comparison; national surveys; US youth; M8408
regionalized Swiss media organization implications, Belgian/Flemish media policies; N2827
scientific controversies, public opinion; media coverage; M7727
social sciences, media reporting, journalistic/scientific activity relationship, questionable theses; N2838
teaching sociology, communictions media, literature/personal experiences/media reports data triangulation; N0562
technology adoption; Extension Service media; interviews; Louisiana residents; S15211
television violence, cross-cultural differences, Japanese/US media comparison; M7746
women abuse, media images; slide presentation; S15672
women, print media coverage/type change, *Sports Illustrated*, 1960-1980; S15269

Mediator/Mediators/Mediating
agricultural cooperation, Chicano exfarmworkers/sharecroppers, strawberry farms, California; political mediation; M9693
children's mental disturbances; social class vs parental communication problems; N3537
informal mediators, responsibilities/brief careers, Ireland; fieldwork; N4181
voluntary organizations' role; mediation hypothesis; M7657

Medical
abortion, medical-social aspects; outpatient clinic, Free University, Brussels, Belgium; N1816
abortion, medicalization/social control, 1975 Veil law, France; N1808
aged, stereotyping factors; questionnaire; medical students; N1872
allopathic medical ideology, India; capitalist-individualist domination; N0132
alternative medical education/treatment, clients' motives; participant observation; Bologna, Italy; N5161
biomedical innovation, critical decision-making period, press coverage; M7753
biomedical research, ethical issues; household interview strategy, comprehension index; interview data; cross-section sample; M7071
career orientations/working life quality relationship; questionnaire; medical interns/residents; M9630
child abuse reporting, medical confidentiality, Belgium; N3317
child abuse, medical profession's unthinking violence, mother/newborn separation, unnecessary medication/institutionalization; N5023
childbirth, cesarean, medical decision making; interviews; obstetricians; S15634
children's physical/psychological well-being; medical care, living conditions; interviews, observation; pediatricians, families; N0061
colleagueship problems, female medical students; southern medical schools; M7980
community malady; medical care system, rural/urban/suburban variations; N0154
contamination via cold vs spirits, choice/ambiguity, Moroccan pluralistic medical system; N3496
continuing medical education, attitudes; interviews; physicians, Boston, Massachusetts, community hospitals; N3001
decision-making sharing, attitudes development, medical/surgical residents' comparison, longitudinal study; questionnaire; N3491
diagnosis/cure, traditional/modern medical practitioners utilization, North Solomons, Papua New Guinea; N3498
diversity acceptance/polyethnic society, medical pluralism maintenance, Mauritius; interviews; household members; N3524
doctor-patient interaction; medical institutions; interviews, questionnaires; patients/their families, doctors, clinic personnel, Costa Rican clinics; M8524
dual perspective awareness, mental health worker in-service training, medical sociologists' assistance; S15310
fetal abnormality, abortion, medical ethics; interviews; French doctors; N0131
geriatrics status, combined gerontology/clinical medicine knowledge base, theories incompatability, pathology view, medical spatialization; N0182
health care, US, failure, attribution theory, medical profession's ideology, political activities; N2966
health care/medical sociology, business aspects; S15312
health, political economy, medical anthropological literature trends, Middle East, Egyptian village case; participant observation; N1834
health, state; medical anthropologists' policy recommendations, Sudan case study; M8519
historical review, medical literature/practice, anomaly concept, replacement by chronic patient concept, medical power play; N3479
homicide rates, southern dominance; medical resources; N1805

human problems medicalization, community mental health center movement; N5179
human sexuality, ethical issues, medical profession; N3353
human subjects protection, biomedical/behavioral research, unethical questionnaires; M7180
humoral medical tradition, birth, Malay society, confinement focus, cross-cultural perspective; Asian/Latin American fieldwork, questionnaire, interviews; women; N2642
indigenous healers as first-line medical care deliverers, World Health Organization-UNICEF training suggestion; political-economic system health care obstacles; N0152
innovative medical school program, professionalization socialization, competence evaluation, neophyte uncertainty/adaptation/symbolic role enactment; McMaster University, Hamilton, Ontario; N1260
job performance problems, medicalization, social control mechanism; S15624
licensed lay midwifery, childbirth, medical model compliance, Arizona case; S15650
medical anthropology, development, theoretical perspective; N0133
medical anthropology, illness/sickness, paradigms; N5173
medical care planning, geographical allocation model, facilities/population density, South Tama district, Tokyo, Japan; N1859
medical care rationalization, cultural lag evidence, malpractice crisis; interviews, questionnaire surveys; Texas physicians; M8532
medical care utilization; sex differences; interviews, questionnaires; central Wisconsin residents; M8509
medical care, consumer organization, Rhode Island families survey; M8522
medical care/technologies impact evaluation, quality of life, review/critique; N1835
medical compliance, clinician-patient relationship; N3495
medical consultation, doctor-patient interaction, power aspects; hospital fieldwork, recorded consultations; GB; N3503
medical control, female health care, contemporary social issue; interviews, observations; health groups members; S15590
medical encounters politics, disagreements/disputes/negotiations, ethnographic notes; audiotapes; S15629
medical ethics, cross-/multicultural perspectives; N0144
medical geography, development/current status, Canada; N1796
medical knowledge creation, interpretation problems; N3528
medical paradigm, intellectual/social dimensions; S15637
medical paternalism, psychosocial roots; N1827
medical pluralism, health services, India; N0155
medical pluralism, world perspective; N0148
medical practice types, client satisfaction; physician status characteristics; interviews; physicians, families; N3521
medical profession entry; social background; questionnaire survey; medical students, Tokyo, Japan; M9784
medical school entry, reasons; value priorities, sex differences; questionnaire, Rokeach Value Survey; medical students, Australian university; N4577
medical sociology, recent books/issues review; N0170
medical students' career choices; longitudinal questionnaire study; State University of New York class of 1978; N4607
medical students' professional socialization, surgery lecture, textual interpretation, objective hermeneutical method, West Germany; N1444
medical students' specialty choice; medical school's influence, family medicine; interviews; students; M9633
medical technology development, analytic models, policy formulation; S15487
medical technology/experience crisis, clinical legitimation costs, end-stage renal disease case; interviews, observation; clinic staff, patients; N1839
medical vs sociological typologies, epilepsy case; interviews; epileptics; N0167
medical/health studies, Australia; female workforce participation growth/change, child care case; N0375
medicalization refusal/social control, abortion issue-French medical profession case; N0138
multiple identities, articulation process, medical students' private lives; interviews; M7367
negotiation process, discourse structure, medical consultation, observation audiotape recordings; N1806
neophyte idealism waning, symbolic-ideological separation; participant observation, interviews; medical students; S15788
"new clergy," contemporary society, medical doctors/psychoanalysts/social workers/politicians, sacerdotal functions assumption, colloquium proceedings; N3010
new medical order, Canada 1800-1850, doctors/surgeons corporation origins, Quebec; N1237
organizational structure-innovations adoption link, French replication failure/medical research results, dissemination-knowledge structure relationship; M9350
patient/medical staff faith exchange; neutralizing epidemiological uncertainties; interviews; cystic fibrosis patients/their families, medical personnel; M8539
peer expectations, outstanding competencies; interviews; men/women medical students; N2978
physician/patient interaction, medical record, clinical reality construction; S15515
physicians policing, practitioner fraud/abuse, government medical program; interviews; California Medi-Cal program officials; N0163
pluralist medical culture, illnesses understanding, patients'/doctors' interest lack, implications for "alternative systems" notion, Malumfashi area example, Nigeria; N3508
professional associations/medical ethics/discipline, Yoruba traditional healers, Nigeria, discussion, reply; interviews, questionnaire; N1282
professional ethics; organizational constraints, medical associations, sociological organization theory corrective; N1234
professionalization, doctor role, dramaturgical analysis; participant observation, interviews; medical students; N2981
publication rate, biomedical research institutions; laboratory size; M9947
qualitative/quantitative content analysis, medical information, Flemish weekly publications; N2842
sex differences, human sexuality/behavior, John Money's & coworkers' psychomedical research, social/political implications; N2307
sexism/feminism/medicalism, decade review, gender/illness literature; N3484
social engineering as health planning, less developed countries; medical social science issues; N1797
social science/medical research, 1980 round-table proceedings; N1833
Spanish medical profession, history, sociological analysis; N1279
subjective health status/medical consultations, consulters/nonconsulters comparison; Nottingham Health Profile, interviews; patients; N0139
sudden infant death syndrome as medical research problem, post-1945; N0140
traditional vs Western medical care, rural commune, People's Republic of China; interviews, observations; Kwangtung Province, 1978; N0147
US students' differing backgrounds/characteristics, US vs Mexican medical schools; questionnaire; 1978 class members; N4568
women medical doctors as colleagues, status limitations, "Matthew effect" advantages/Salieri phenomenon experience; S15821
workplace medicalization, Paul M. Roman critiqued, rejoinder; M9327

Medicare
immigration/emigration/opting-out trends, Canadian physicians, national Medicare system; N1306

Medicine/Medicinal
animal feed, antibiotics use, nearly invisible social issue; interviews; policymakers/scientists/producers; S15935
basic medicines selection/acquisition/distribution, Brazilian experiment; N1846
death, social definition; technology, medicine, social change; N1841
doctors' social/economic status, US medicine professionalization, contributions of birth/birthing women, historial view; S15652
essential medications production guidelines, health care universalization strategies; N1845
"Family & Medicine" premedical sociology course; N5164
family medicine training program, sociology's incorporation; questionnaires; medical schools; M9795
folk medicine, religion, Rio de Janeiro, Brazil, suburbs; M9861
general medical practice workloads, quantification, geographic approach, rural Tasmania, Australia; N1829
Guatemalan plantation workers, nutritional/health status, medical pluralism; N0128
high price, specialized medical intervention, newborn intensive care case; N3497
holistic health care, bureaucratic setting, social control function, space medicine case; interviews, observation; flight surgeons, staff, astronauts; N5160
illness behavior, Western medicine vs therapeutic alternatives, Ivory Coast; N0146
illness, traditional African medicine, social functions, retribution/stigmatization; N3530

male vs female physicians, 19th-century obstetrical therapeutics, professionalism, feminism, gender roles; N0364
medical practices, Guajiro Indians, social change/Western medicine, Venezuela; N0162
medical public health systems, political economic contexts; traditional vs modern medicines' efficacy; N0130
medical students' specialty choice; medical school's influence, family medicine; interviews; students; M9633
medication regimen compliance; interviews; chronically ill inner city patients; N5157
medicine, Charles Bosk's technical/moral error distinction hypothesis, application to fieldwork; interviews; surgeons; M7053
medicine, general practitioner service provision/use, locational analysis, spatial behavior theory, Adelaide, Australia; N1856
medicine, professional socialization, theoretical knowledge/daily practice compromise; interviews; French general practitioners; N4559
medicine, US, obsessive-compulsive behavior, high standards, overtreatment; N3002
medicine, West German universities, sociology contribution; N3509
medicine/chiropractic antagonism, caste theory, cultural differentiation concept; participant observation; N5144
medicines production/distribution, new perspectives; N1847
medicines, basic table, development by Mexican Institute of Social Security; N1825
modern Japan, East Indian medicine organization/practice; interviews; traditional clinic patients; N0150
multiple therapy systems; layperson's medicine perceptions, South Kanara, India; N0157
osteopathic/allopathic medicine relationship, organizational rejuvenation, professional dominance decline; N2961
pediatricians, children's psychosocial/behavioral needs ministering, mortality rate decline, specialty status threat; N3516
physician assistants/medicine, power balance shift, dominance principle; S15317
popular/folk medicine, contemporary rural France, thematic bibliography; N3504
popular/scientific medicine, contemporary France; N3507
prescientific medicines, extent/value; traditional-scientific medicine cooperation; N1850
preventive medicine, new focuses, application to alcoholism case; N1869
responsible modern medicine, social guidelines establishment, sociology's mission; N5156
"ripe"/"unripe," health/sickness concepts, Ayurvedic medicine, India; N2656
social sciences/medicine, Spain; N0126
traditional medicine health policy, Singapore; N0164
traditional vs modern medicine, Malaysia; N0127
traditional vs modern medicine; questionnaire survey; traditional practitioners, Indian metropolitan city; N1840
traditional/Western medicine integration, People's Republic China, political process; N3520
well-being, quality of life; autonomous vs heteronomous use values; French medical system illustration; M8307
work/disease relationship, occupational medicine, West Germany; M8512
work/ideology/science nature, Western capitalist societies, medicine case; N0255

Medieval (see also **Middle Ages**)
literary creation, medieval courtly romance, imaginary universe, Lucien Goldmann's theories, sociosemiotics; N1355
medieval philosopher Ramón Llull, 18th-century Benedictine Benito Jerónimo Feijóo's critique; N3955
"new historiography" movement, France, medieval culture/mentality interpretation; N3620

Meditate/Meditation/Meditating/Meditated
meditation movement, US, interpersonal relationships, symbolic interactionism perspective, Carl G. Jung's archetypal response/synchronicity theories; M7364
penal logjam handling, "mediation or conflict resolution" approach; N1608
religious organizational change, Transcendental Meditation movement analysis; participant observation, interviews; N3156
science role, Transcendental Meditation movement, knowledge legitimation, subjective origins vs objective reality; N3143
world orientation, asceticism/mysticism combination, Transcendental Meditation; interviews; meditators; M9870

Mediterranean
Alliance Israèlite Universelle, Jewish communities emancipation, Mediterranean; N1201
Davis, John, *People of the Mediterranean: An Essay in Comparative Social Anthropology*, anthropologists' failures, comments, reply; N4019
information/power relationship, problems/perspectives for Mediterranean region, 1981 Italian conference proceedings; N4406

return migrants, Mediterranean Basin, economic/social reintegration policies, international seminar, Catania, Italy, 1979; N0049
superstatus motif, Mediterranean peasant societies, foreign domination changes/their consequences; M8023

Meeting/Meetings
professionalism measurement, papers presentation approach, professional sociology meetings; N1290
speaking behavior, University Teaching & Research council meetings, France; M7655

Megalithic
men's/women's career salience, dual-career families, high self-esteem/-confidence, job involvement correlations; educational preparation, premarriage family lifestyle planning; questionnaire; St. Louis, Missouri, couples; N4618

Melanesia/Melanesian/Melanesians
Melanesian cargo cults reexamination, adaptation/resistance interpretations; M9259

Member/Members/Membership
alienation/work-related organizations membership/status perceptions relationship, teachers' organizations test; S15307
Basque insurgent organization, Euzkadi ta Askatasuna, members' life patterns, Spain; N3657
Boolean algebra use, overlapping membership analysis; N2134
church membership/activities participation, elderly, ritualistic dimension; interviews; N1881
church membership/piety relationship, theoretical concept of piety, empirical plausibility; N1491
E Cooperative movement membership, Finland, worker community link, social meaning; N0948
group membership role, place meanings, urban neighborhood, Lubavitch Hasidic sect case, Brooklyn, New York; N3033
group membership, late adolescents; sex differences; diagram-constructing exercises, interviews; S15708
identity dimensions, glossolalia/ethnic languages analogy application; task; neo-Pentacostal members, Church of England congregations; M9829
individual self-identity, multiple group membership; questionnaire; Anglophone/Francophone adults; Montreal, Quebec; N2571
membership dilemma, Recovery, Inc, self-help ex-mental patients' organization; N3548
new religions, Netherlands, context/membership/reactions, Eastern/Western thought integration; interviews; members, Divine Light Mission, Ananda Marga; N4842
new religious movement, Unification Church, family responses typology; interviews; members' relatives, exmembers, anticult movement activists, GB; M9831
new religious movements' memberships; British social context, dissident/nonconformist tradition; typical adherent's profile drawn; N4785
nickname use, northern Italy; group membership; N0881
recruitment, policy orientations; sex, race; questionnaire survey; black/white school board members, national sample; M8193
religiosity; socioeconomic deprivation, Rodney Stark's church members/nonmembers distinction; Raleigh, North Carolina, residents sample; S15341
science, social membership bias, Emile Durkheim's religion-suicide relationship case; sociophenomenology's solution; S15731
social-class membership perceptions, occupational attainment, working wives; education, age, race, union membership; General Social Survey data, 1973, 1975, 1976; N3684
socialist party membership, 1889-1976, Western European countries; M9497
subjective life evaluation; family life-cycle transitions, longitudinal effects; longitudinal study, interviews; persons aged 16+; 1973-1977; M8484
tracing panel members, seventeen-year follow-up; N2136
US Catholic diocesan organizations' structural innovation; executive/professional membership values; questionnaire; N1299
weakened family ties; cult membership cause questioned; M9853

Memory/Memories/Memorization
commemoration, collective memory; changes over time; persons/events, US Capitol; M9168
information/social memory, cognition, social determination problem; N4100

Marcuse, Herbert, remembrance theory as revolutionary stimulus; M7271
memory, dispositional shift; experiments; undergraduates; M7435

Menarche/Menarcheal
menarcheal age; skeletal growth/fatness hypotheses; longitudinal growth data; middle-class white girls; M8387

Mennonite/Mennonites
French Anabaptist Mennonite Assemblies, history, present status; N1536
old age security/family life course, 19th-century Mennonite immigrants, case study; S15850
Pennsylvanian German language; maintenance/shift; interviews; Old Order Amish/Mennonites; M8109
social action attitudes; dualistic vs wholistic God/world views; questionnaires; Canadian Mennonites; N3118

Menopause/Menopausal
menopause myth interpretation, medical profession vs women's health movement; M7410
menopause, psychological consequences; life stage timing importance; national representative sample interviews; women; N3701
menopause, symptom reporting, theoretical/methodological problems; questionnaire; women, Winnipeg, Manitoba; N3699

Menstrual/Menstruation
lactation, menstruation; cultural perspective; interview data; Taiwanese women; M8729
menstrual taboo reconsideration, Portuguese case, women's self-interest; N5357
sexual politics, premenstrual tension concept; N3700

Mental health
'abnormal' behavior classification/mental health care perceptions; social class, cross-cultural comparison; interviews; western Texas communities/Durango, Mexico; N5181
adolescents' feelings of mattering to parents, inferred significance/mental health; M8441
adult mental health, US; Midtown Manhattan Longitudinal Study's sociopsychiatric/epidemiological implications, 1954 vs 1974; M7389
children's behavior/mental health over time factors, Columbia University Family Research Project overview; longitudinal study; questionnaires; mothers, welfare recipients, New York City; M8559
Chinese immigrants, US, mental health; M8543
community mental health agencies, New Haven, Connecticut; referrals, client demographics, service provision patterns; M8549
community mental health, psychiatry role, biopsychosocial model; M8542
dual perspective awareness, mental health worker in-service training, medical sociologists' assistance; S15310
family roles, mental health; employment; questionnaires, interviews; immigrant Vietnamese working wives, US; M9207
human problems medicalization, community mental health center movement; N5179
hyperactive school children processing, historical construction, mental health laws; S15554
Indians, US; mental health approaches, stereotyping; case record data; urban Minnesota community hospital; M8555
mental health complaints/social inequality relationship; interviews; males aged 25-65, Rotterdam, Netherlands; M8551
mental health facilities, public reactions; attitudes toward mentally ill; questionnaire survey; residents, Toronto, Ontario; N0181
mental health problem; social problem, conceptual considerations; S15491
mental health services delivery inequities; psychotherapists' reward system; vignette, questionnaire; psychotherapists; N3546
mental health services policy/practice, sociologists' impact on formulation/evaluation; New York State Office of Mental Health; N5409
mental health theory, antipsychiatry, leftist political thought; M8776
mental health workers' personal needs, staff responsiveness; M7997
mental health, US Indian/Alaskan Native children, epidemiological perspectives; N1865
mental health/interpersonal environment, social structure effects on mental health reexamination, Vietnam veterans case; interview sample; N3540
mental health/primary care services linkage promotion, community clinics; S15790
mental health; James M. LaRocco's-James S. House's-John R. P. French, Jr.'s social support as buffer hypothesis contested, reply; M8535
mental health; role loss, manic depressive women cases; M7392
mental health; work stress, work experiences/expectations discrepancies; questionnaire; male industrial workers; M9315
metaphor/self, symbolic process, everyday life, community mental health construal; N4085
organizational growth/change, life cycle model, application to community mental health center; M7649
power usage/dilemmas difficulties, mental health clinicians promoted to middle management; M7961
professional degree differences, performance remuneration strategy, mental health center case; M7958
professional prerogatives, mental health, public encroachment; S15619
racial differences, job satisfaction; questionnaires; white/black mental health employees; N2977
residential environment quality as social problem, poor housing/neighborhood, mental health consequences, black/Hispanic women study, Waterbury, Connecticut; S15654
rights protection, advocacy services, mental health developments/future directions; S15516
social activism endorsement, policy perspective; questionnaire; community mental health workers; M8006
sociology of mental health law, interdisciplinary endeavor, applied emphasis; N0174
state mental health hospital staff; Ohio clients' rights legislation; questionnaire; direct care staff; M8531
women's quality of life/mental health; social class, employment; N5348
women, disease/mental health; work-related stress; literature review; M8520

Mental hospital/Mental hospitals
attitudes toward mental illness; mental hospital vs classroom experience; questionnaire; nursing students; N5182
mental hospital admission status correlates; interviews; patients; N0176
mental hospital management; patients' legal status changes; N0172
rehospitalization prediction factors; hospital records, longitudinal interviews; discharged patients, state mental hospitals, Florida; M8530
rural-urban mental hospitals, Florida; patient differences, aftercare service implications; hospital records, interviews; N0178
state mental hospitalization, selection processes, policy issues, research directions; M8550

Mental illness/Mentally ill
attitude toward mental illness; educational background; survey; adult Yoruba, Nigeria; N2402
attitudes toward mental illness; mental hospital vs classroom experience; questionnaire; nursing students; N5182
burden, families coping with mentally ill relatives, invisible crisis; interviews; care-givers; N3554
chronic complainers, obsessive litigants, mental illness, German law, historical review; N4871
cultural consensus/mental illness definition; interviews, Thomas S. Langner's Mental Health Index; psychiatric patients, general public with/without psychiatric symptoms; N0177
dangerousness/mental illness/treatment need/due process/legal reform illusion, new commitment statutes, revised criteria analysis, all states; S15580
deviance labeling, deviant/mentally ill, societal reactions; sex roles; psychiatric emergency room, New York City hospital; M8556
formerly hospitalized mentally ill, acceptance as tenant; shared ethnicity; experiment; N1868
mental disorders, schizophrenia; labeling theory criticized; M8544
mental health facilities, public reactions; attitudes toward mentally ill; questionnaire survey; residents, Toronto, Ontario; N0181
mental illness in family, psychological meaning to husbands/wives; S15885
mental illness labeling; socioeconomic factors; hospital data; N3535
mental illness, children's perceptions; Thomas J. Scheff's hypothesis tested; N2374
mentally ill persons, involuntary commitment/treatment, moral issues; N3536
mentally ill, criminal justice system, western Australia, definition/disposition; M8548
parents' mental illness, effects on children; longitudinal interview study; families of psychotic patients, 1950s-1970s; M8400
psychiatry/power, mental illness theory, freedom contradiction; N3553
social class/mental illness, psychoanalysis diffusion, sociological perspectives; S15607

Mental patient/Mental patients
aggression/violence escalation, impression management theory; interviews; general population, ex-mental patients, ex-criminal offenders; N2407
Goffman, Erving, *Asylums,* mental patients, social situation portrayal critiqued; attitude surveys, experiments; patients; S15649
labeling theory, mental patients' attitudes studies, review; N2593
membership dilemma, Recovery, Inc, self-help ex-mental patients' organization; N3548
mental hospital management; patients' legal status changes; N0172
mental patient diagnosis, graphic representation methods; N4750
mental patients deinstitutionalization; housing markets, New Jersey case, 1970; M8536
mental patients, primary deviance reactions/network structure; M8553
Mental Retardation/Mentally retarded
mentally retarded citizen's treatment, rural India; modernization's impact; S15454
normalcy as social problem, mentally retarded, deinstitutionalization consequences; S15560
self-esteem determinants, deviant-labeled adolescents; educable mentally retarded students; N2538
stigma burden; questionnaires; mothers of mentally retarded children; M9183
Mental/Mentally
children's mental disturbances; social class vs parental communication problems; N3537
ex-mental patient/ex-criminal offender recidivism rate differential; official statistics, New York State, 1968-1975; M9925
marital complaints, demographic characteristics, mental stress symptoms, divorce; N1752
mental disorders, psychiatric vs sociocultural approaches controversy, integration attempt; N5198
mental disorders/careers interrelationship, women inmates, Japanese public shelter; N5185
mental symptoms as social problems, paranoia case; S15528
mental/manual labor division, capitalist labor process; Canadian community colleges' legitimation; Nicos Poulantzas's *Classes in Contemporary Capitalism*; N4759
mentally retarded teenagers, juvenile delinquency, USSR; M8418
social problem as mental disorder, authoritarian/coercive treatment; N3555
Mentality/Mentalities
"new historiography" movement, France, medieval culture/mentality interpretation; N3620
production mentality, heresy of communal formation; N4197
Merchant/Merchants
autobiographies, merchants/industrialists/financiers, 19th-century France, social history reflection; M9757
Canadian industry, foreign control, "merchants against industry" debate, empirical text; M7692
merchant seaman as social type, marginal lifestyle; interviews; N4581
reception/housing, itinerant merchants/foreigners, Sudanese traders'/landlords' patronage, Lomé, Togo; M9256
Merit/Merits
merit/need assessment, salary attainment, academic, distributive justice theory; questionnaire; faculty, higher education institutions; N1259
opinion poll response, individuation methods, merit/medium figure adoption; N2117
Meritocracy
educational reforms, postwar Austria, meritocratization extent, socioeconomic status inequities; M7941
Merton, Robert K./Mertonian
Merton, Robert K., science, Protestant ascetic ethic path; M8308

Merton, Robert K., theoretical program, individual action, structural selection; N0713
Mesoamerican/Mesoamericans
peasantry integration, state expansionism, Mesoamerica/Andes; M9378
Message/Messages
adolescent perceptions, parental persuasive message strategies, attribution theory; questionnaires; students; N5137
Messiah/Messiahs/Messianism/Messianic/Messianist
Open Door Messianic Jewish Congregation, evangelical Christian doctrine, Los Angeles, California; N1483
Scholem, Gershom, mysticism contribution, Messianism significance; N1543
Senegalese historiography, Marxist/Islamic trends, messianic/nonmessianic themes focus; S15894
Metallurgy/Metallurgical
collective wage negotiation, metallurgical industries, France; government policy vs union demands; N4246
Metaphor/Metaphors/Metaphorical
dramaturgical sociology/social psychology as dramatism methods continuation, questions regarding Erving Goffman's works, human relations drama, metaphor use; N2305
metaphor/self, symbolic process, everyday life, community mental health construal; N4085
metaphorical language role, political discourse, family metaphor case, Chilean independence revolution; N2874
Metaphysics/Metaphysical
production, physical conditions transformation, I. Steedman's economic metaphysics; N3733
Methadone
sample frame problem, deviant defined populations, methadone-maintained women/their infants case; S15532
Method/Methods (see also **Methodology**)
Adorno, Theodor W./E. Frenkel-Brunswick/D. J. Levinson/R. N. Sanford, *The Authoritarian Personality,* critical theory, historicotheoretical tenets/advanced empirical methods integration, clinical case use; N4072
alternative survey methods validity, "truthful" (socially undesirable) responses, children; questionnaires, health education procedure, interviews; parents; N3793
comparative mobility research, spectral decomposition method; N2163
construction industry management, traditional vs bureaucratic methods; N4557
consulting methods, grass-roots organizations, deaf community project case, Cleveland, Ohio; S15245
content analysis method, social history; sociology of knowledge perspective; structuralism's impact; M8642
"content" vs "methods" agreements, guaranteed employment, 1969 French national interprofessional agreement; N0958
current social science research, methods/data mixture, West German case; N2224
depression measurement; interview method; Center for Epidemiologic Studies-Depression Scale; Los Angeles, California; M7047
ethnography; techniques, uses outlined; qualitative method; M8848
evaluation research development/methods, West Germany; N5290
evaluation research methods; quasi-experiments, nonequivalent control groups; N2102
event-history analysis, discrete-time methods; N2127
exploratory data analysis, selected methods/pedagogical applications; N2158
family sociology, couple childbearing expectations measurement; questionnaire survey; white married couples, Seattle, Washington; K. G. Jöreskog's maximum-likelihood methods; N1789
feminism/Marxism synthesis, methods, state relationship; M9060
Ferrarotti, Franco, life-history as sociological method; N0451
Giddens, Anthony, sociological methods rules, hermeneutic/linguistic/phenomenological perspectives; N0614
Gouldner, Alvin W., theoretical method, reflexive sociology idea; N2241
interview survey research methods, model of potential error sources tested; interview data; Detroit, Michigan, females; N2092
mobility tables/other cross-classified data; modeling methods explored; N2151
music, teaching methods/audience behavior, specific codes; N4713
panel studies with missing data, maximum likelihood estimation methods; N2162
qualitative research methods, identity analysis, top-class women athletes, West Germany; N2103
qualitative vs quantitative methods, social research, empirical approach; N0438
quality of work life, methodological issues; N2668
religious research methods triangulation, monasteries study, sociological approach; interviews, questionnaires, participant observation; M8216
Schütz, Alfred, sociology, phenomenological method, Alberto Izzo/Franco Crespi interviewed; N0439
science chapter, introductory sociology textbook, method/history/interdisciplinary approach emphasis; M7110
Smelser, Neil J., comparative method, social scientific research; N3873
social interaction/human awareness, quantitative methods inadequacy recognition; N0429

sociological data, mathematical analysis, determinational method; M7012
sociology course, integrating theory/methods/statistics; N0547
sociology, mathematical formalism use, quantitative/qualitative methods relationship, data misuse, positivist stigmatization; M7010
studying marriages/families, major methods reviewed; N1763
telephone survey respondents selection procedures, next-birthday method; interview survey; households; N3794
theory/method, comparative research, Durkheimian vs Weberian strategies; N0643
undergraduate social sciences methods teaching, implementation guidelines; M8937
world system theory analysis, unit/method critique, world formation/mode of production theories contrasted; S15932
youth employment program assessment research, multimethod approach, Youth Conservation Corps programs; interviews; N0076
Znaniecki, Florian, social action/analytical method work; M7193

Methodist/Methodists
cooperative parish development as voluntary association functionalist perspective, United Methodist Church examination; S15925
Husserl, Edmund, eidetic phenomenological sociology, "free-phantasy" method critiqued, Richard M. Zaner's methodist theory of essence; N2288
social gospel radicalism emergence, Methodist case, 1919-1929; M9854
Wesleyan Methodist missionaries, origins, Bernard Semmel's thesis, English society antiradicalization mechanism; N4826

Methodology/Methodologies/Methodological (see also **Method**)
action research, theoretical/methodological foundation contribution, research worker's position; N5402
aggregate analysis methodology, errors in traditional procedures/improvement suggestions, Australian Federal Electorates data analysis; N3808
anthropology methodology, observation concept, A. R. Radcliffe-Brown/Claude Lévi-Strauss vs E. E. Evans-Pritchard/Clifford Geertz; M8823
anthropology, life history writing, methodological review; M8863
art history, methodological currents, provisional balance sheet; N4712
articulated stress understanding, industrial sociology research, theoretical/methodological deficiencies; interviews; German industrial workers; N0963
Australian school administrators, observational studies, methodological issues; M9650
black academic achievement; desegregation, research methodology effects/problems; N2597
body, bodily practices, society; sociological approach, methodological problems; N3933
Bucharest monographic/Dimitrie Gusti school, Romania, methodologically useful contributions; M8999
capitalism crisis, consumerism problems, theoretical/methodological aspects; N4367
causal modeling, international migration research, Herman Wold's methodology; N0525
child abuse/neglect studies, causative factors investigation, research methodology criticized; N5032
child abuse/neglect, better research development, definitional issues as explicit methodological concern; N5015
collective behavior field, methodological/ideological/conceptual-theoretical criticisms, critical evaluation/implications for future study; N4410
consensus vs conflict methodology, research technique problem, social dimension; N2086
crime seriousness, public perceptions/consensus, normative structure, methodology; N1898
decision, knowledge, rationalism/dialectic debate, social sciences methodology; Italian seminar proceedings; N3943
deviants, field research, methodological problems, organized crime; M8853
Dumézil, Georges, comparative mythology studies/Talcott Parsons's social methodology, similarities; N0661
Durkheim, Emile/Herbert Spencer comparison, societal evolution theories, social science methodology approaches; M7151
economic anthropology, methodological polemics, synthesis possibilities; N2306
effects of marital separation on children, recent studies, theoretical/methodological problems; N5124
empirical research, theoretical/epistemological/methodological problems; women's social mobility; M7009
energy supply/demand forecasting inaccuracy, embedded methodological/institutional biases, Canadian gas case; N0312
factor analyses, religious variables, methodological considerations; N3158
family formation/dissolution analysis, methodological issues, life table, proportional hazards models; 1973 national survey; white ever-married women; N1786
family interaction/individuation; assessment methodology challenges; Plan Something Together task; N1719
family research, dyad as analysis unit, conceptual/methodological issues; N1787
field research, male street prostitutes, methodological/ethical aspects, phenomenological study; interviews; S15549
forecasting sociological phenomena, application of G. E. P. Box's & G. M. Jenkins's methodology, suicide rates; N2197
Frankfurt school, critical theory as empirical science, methodological reflections; N0598
general sociological theory, USSR, methodological aspects; N3763
identity/habitat relationship, psychosociological methodology; M7428
injustice situations types, preference responses reversal, methodological contribution, equity theory; questionnaire; undergraduates; N4112
intervention effects measurement, single-subject methodologies; N0419
interviewing methodology; introduction content, informed consent issues; questionnaire; eastern urban residents; M7080
interviews, attitudes/distortions importance, methodological investigation; General Population Survey 1980; West German adults; N3786
judges' instructions, jurors' use, inconsistent results, conceptual/methodological issues; simulated jury studies; N3175

feminism/feminist movements, Middle East, women's rights conception, Turkey/Egypt/Algeria/People's Democratic Republic of Yemen; N3674
health, political economy, medical anthropological literature trends, Middle East, Egyptian village case; participant observation; N1834
Middle East conflict attitudes continuity/change; questionnaire survey; young Israelis; M8442
sociology of Middle Eastern agrarian relations, household production persistence; N4649

Middleman/Middlemen
anti-Semitism, middleman minority theory, US Jews' occupational structure; M9229
"middleman minority" vs petite bourgeoisie concepts, Japanese-American agriculturists; M9061

Middletown
Christian Right role, 1980 presidential election; interviews; "Middletown" residents; M7858
denominational demography shifts, Middletown, 1924-1977; surveys, questionnaires, interviews; residents; M8204
Easter Bunny symbol, Middletown, US iconography study; N1358
Middletown, 1850-1880, Robert/Helen Lynd's generalizations reassessed, population persistence/migration/stratification; N1308
moral majority support correlations; interviews; Middletown residents; N4839
perceived family division of labor; wife's work status; interviews; married residents, Middletown, 1980; N1717
piety surveys results, Middletown, 1977-1979; N3114
religion, current status, Middletown (Muncie, Indiana); M9834
self-esteem/faith in people; religiosity, family solidarity; questionnaire, Rosenberg's Self-Esteem/Faith in People scales; Middletown high school students; N4784
voting factors, 1976/1980 presidential elections; surveys; "Middletown"; S15283

Midwest/Midwestern
agrarian radicalism, midwestern US, 1978-1983; corporate bourgeoisie, world economic market trends; S15407

Midwife/Midwifery
home childbirth, technology's last-resort role; demedicalization definitions; interviews; lay midwives; N1838
licensed lay midwifery, childbirth, medical model compliance, Arizona case; S15650
midwives' transition, clinical revolution structure, labor/birth timetables; interviews; hospital-trained nurse-midwives; N1844

Migrant/Migrants/Migratory
children of migrants, adaptation/integration in host society/situation in country of origin; N5018
drug/alcohol abuse activities, residents vs inmigrant teenagers, rural Georgia; S15195
ethnicity emergence, ethnic group formation; questionnaire; Maritime migrants, Toronto, Ontario; S15300
fertility differential, Samoan population/migrants; adaptation, selection; questionnaire interviews; Oahu, Hawaii; M8363
general adjustment; work satisfaction; survey, interview questionnaire; Canadian/US migrants, Israel; N0924
Greek return migrants/nonmigrants, background/job skill acquisition/attitudes toward Greece comparison; questionnaire; N4976
gross vs net migration rates; formal analysis, probabilistic concepts; N2159
low income; wife's labor force absence; interviews; Appalachian migrants, Cincinnati, Ohio; N0320
migrant characteristics, current US migration direction framework, microdata analysis; N1649
migrant groups solidarity, continued village control, Moba case, Lomé, Togo; M9278
migrant labor/rural differentiation, changing patterns, new land tenure system, Lesotho, South Africa; N0042
migrant urban workers, rural property ownership retention, Calabar, Nigeria, case; questionnaire; migrants; N3246
migrant women workers, Western European situation; survey; N4981
migrant workers, National Health Service, GB, cheap labor, status, rationale; N0129
migrant workers, Ukraine, USSR; M8381
migration decision, information source usage; questionnaire; migrants, Columbus, Ohio; M8348
nonmetropolitan growth/development, metropolitan origin migrants' attitudes; S15391
occupational mobility/attainment; interviews; migrants entering Upper Great Lakes region, Minnesota/Wisconsin/Michigan; M8377
occupational structure, petroleum region, Tabasco, Mexico, migrant insertion, standard Latin American model contradicted; N1640
psychopathology, European migrant workers/their children, homeland return difficulties, psychotherapeutic treatment needs; social/ideological factors; N4339
return migrants, Mediterranean Basin, economic/social reintegration policies, international seminar, Catania, Italy, 1979; N0049
science theories, causal metatypes, correspondence with cognitive/cogitative/perceptual types, cross-cultural migrants data, comments, reply; N3825
sociodemographic correlates, adjustment; survey; American migrants, Australia; N3251
socioecological conditions, language acquisition; interviews; Turkish/Italian migrant workers, Köln, West Germany; N1368
South African gold mine, black migrant labor; organizational structure, social control; M7651
transplanted institutions, adaption, indigenous banking system; interviews, questionnaires; black Caribbean migrants, Brooklyn, New York; M9194
US emigration, migrants to Australia/Israel, similarities/differences; interviews, probability sample surveys; S15773
US migrants to Australia; self-definition/situation changes, symbolic-interactionist perspective; interviews; M8346
young migrant households, Oaxaca, Mexico, adaptation/characteristics, poverty continuation; interviews; household heads; N0317

Migration
Barbados outmigration, 1951-1970; statistical/survey data; N0015
Canadian economists' US migration; career/personal/environmental motives; N4602
capital differentiation/international labor migration, new structural hypothesis; N4974
causal modeling, international migration research, Herman Wold's methodology; N0525
city-village migration, USSR, 1970s; N3294
cityward migration/urban informal sector/earnings, Philippines; N4989
cognitive migration, cognitive transfer/scientific knowledge growth conditions; interuniversity mobility backgrounds use, West Germany; questionnaire; scientists; N3242
divorce, recent Old West net inmigration; statistical data; Montana, Nebraska, North/South Dakota, Wyoming; N3291
ethnic communality/insularity/return migration, Milton M. Gordon's assimilation paradigm reformulated; M7503
family migration; wife's work-related experiences; National Longitudinal Survey of Mature Women data; N0026
family structural, industrial employment, information transfer/migration mechanisms; N1734
farm land value; migration, production intensification; US Census data; S15354
fertility, economically active Ecuadorian women; migration, societal milieu; S15242
human migration/minorities acculturation, socioanalytic model; N4170
inbreeding/migration/age at marriage, rural Toledo, Spain, 1900-1979; N3252
interregional population migration, GB, 1971-1979; statistical data; comment; N1658
interstate migration; socioeconomic bonds/satisfaction; panel study interview data; Rhode Island, 1969/1979; N0041
intraurban relations, sociopolitical conflict; rural-to-urban migration, Spain; N1643
